Notes from Superintendent Melissa M. Stilley

This Student & Parent Handbook contains general information regarding Tangipahoa Parish School System's policies and procedures. Although the information included herein is current, please keep in mind that changes and/or updates may occur at any time throughout the year. For the most up-to-date information, you may access the complete Tangipahoa Parish School Board Policy Manual on our website (www.tangischools.org)

Thank you for entrusting your children into our care. We commit to keep them safe and support them throughout their educational journey with our school system. We aspire for every child to love their school experience and to create fond memories that will last a lifetime. Our ultimate goal is to prepare them for life after high school. We want them to be able to secure high wage jobs and/or be prepared for college, if they choose that pathway. We want them to be productive citizens who contribute to our community and increase our quality of life in our great parish.

The Tangipahoa Parish School System has identified the following Core Values we would like every citizen of our parish to exhibit every day:

Be respectful. Be compassionate. Be great.

To make this shift across our parish, we must start with our almost 20,000 students who attend our public schools. For the School System to have a positive, lasting impact on students knowing, understanding, and living our Core Values, it must start with our 2,800 employees first. When every single employee exhibits these Core Values every day, even under difficult situations, our Core Values become our "DNA." When all our employees model these Core values daily, our students will then follow our lead as our expectations of them rise in terms of both academics and behavior, resulting in a more positive school culture and climate.

Eventually, our Core Values will become the DNA of our students and, as a result, will have a positive impact on our families and community across this great parish. When our students go home and exhibit our values, their families will notice the change in their children. What a tremendous impact we can have on our quality of life here in Tangipahoa Parish! The following information clearly defines our Core Values, describes what they will look like in our schools for both employees and students, and determines the non-negotiables regarding our expectations for modeling these values every day.

BE RESPECTFUL!

WHAT DOES IT MEAN TO BE RESPECTFUL? At its heart, being respectful means showing that you value other people's perspectives, time, and space. Respect is how you feel about someone and how you treat them. It's thinking and acting in a positive way about yourself or others. You are being respectful when you think and act in a way that shows others you care about their feelings and well-being. When you want to be respectful, try putting yourself in another person's shoes and then, behave in a way that shows you care. Showing respect for others both face-to-face and through electronic communication will include such things as not calling people mean names, treating people with courtesy, caring enough about yourself that you don't do things you know can hurt yourself or someone else.

WHAT DOES IT LOOK LIKE TO BE RESPECTFUL?

1. Showing kindness and courtesy. Being respectful starts with a basic consideration of the feelings of others. Ask yourself how you would want to be treated in a given situation and make an effort to treat other people that way. Treat everyone you encounter—strangers on the street, coworkers, classmates, and family members with respect and courtesy.
2. Being polite. The concept of etiquette and good manners seems pointless when you're a kid, but when you grow up you realize that these customs function as a way to keep society running smoothly. Practicing good manners is a way to be respectful of other people's space and time. If no one bothered being

polite, everyday situations like eating in a restaurant, waiting in line at the post office, or dealing with bad traffic would be completely intolerable.

3. Refusing to discriminate. Be respectful to everyone—not just people you know or those you perceive as having a higher status than you. Some people discriminate by showing respect for people upon whom they want to make a good impression and being rude to everyone else. There is truth in the saying, "You can judge the character of others by how they treat those who can do nothing for them or to them." Be kind to everyone, regardless of who they are, what they look like, or what their relationship is to you.
4. Respecting differences in belief and opinion. Be respectful to people who are different from you, even if you don't understand them very well. The differences among us are what make life interesting. Besides, you probably have more in common with people than you know. Even when you really don't see where someone else is coming from, be courteous and civil. You don't have to love everyone you meet, and you certainly don't have to agree with them, but you can still show them respect. Be respectful of others, no matter their cultural, religious, and/or political beliefs.

EXAMPLES OF BEING RESPECTFUL: You comply with established rules, procedures, and policies at school and at home. You are quiet in a classroom, showing that you care about or respect others' needs to think or read without interruption. You don't call people names or make threats because you care about their feelings. You keep your hands to yourself, showing respect for the personal space of others. You dress, speak and act in a way that shows you care about what you know is right and safe for yourself and others. You accept other people's rights to look, think, or act differently than you because you care about their feelings and well-being.

NON-NEGOTIABLES FOR BEING RESPECTFUL: Students who have this trait work cooperatively with their peers; respect the opinions, thoughts, and feelings of everyone around them; are sensitive to everyone and work to treat everyone as they want to be treated; use appropriate comments/language, focus on de-escalating situations; and try to uplift others. Employees who have this trait understand that building positive relationships with students, other employees, and parents is the basis on which everything else is built; have positive supportive interactions with every student; maintain the dignity of their students at all times and create an atmosphere of trust, respect, and kindness; use appropriate comments and language, focus on de-escalating situations; and try to uplift others.

BE COMPASSIONATE!

WHAT DOES IT MEAN TO BE COMPASSIONATE? Being compassionate and kind is closely related to empathy. While empathy refers more generally to the ability to take the perspective of and to feel the emotions of another person. Compassion includes the desire to take actions that will alleviate another person's distress. Kindness and compassion are positive qualities that shape relationships between people and help create caring communities. Kindness is a tendency to feel concern for others, empathy refers more generally to our ability to take the perspective of another person and feel their emotions, and compassion goes one step further. Compassion includes the desire to take actions that will alleviate a person's suffering and care for the physical environment as well. Compassion literally means "to suffer together." As we enhance our ability to really see and feel what is around us, our ability to experience compassion grows.

WHAT DOES COMPASSION LOOK LIKE? A child demonstrates compassion and kindness when acting on the feelings of concern. This might include spontaneously helping others (e.g. picking up objects that another child has dropped), trying to stop quarrels, saying kind things, helping a person who is sick or hurt, and inviting others to join in a game or activity. Students with compassion will report when they observe other students being teased or bullied at school. Researchers have demonstrated that empathy and compassion can provide a buffer against aggressive and hurtful behaviors. When children do not feel concern for others, they may engage in harmful behaviors such as name-calling, taking things from others, hitting, pushing, or teasing. They will not spontaneously offer to help another person who is sick or hurt.

NON-NEGOTIABLES FOR BEING COMPASSIONATE: Students who have this trait can relate to others even though they may not share the same life experiences or problems; can relate to their classmates; are not judgmental or condescending, but supportive and understanding; will reach out to help others when they see them struggling; will many times try to put themselves in the other person's shoes to try and understand their struggle; and will act to help others who are struggling. Employees who have this trait can look beyond the walls of their classroom to assess and

meet their students' needs; recognize that some students live a difficult life outside of school and try to figure out solutions for helping those students and families; and try to put themselves in the other person's shoes in order to understand their struggle and take action to assist them.

BE GREAT!

WHAT DOES IT MEAN TO BE GREAT? Being great means you always give your very best. It doesn't mean you are perfect, but you strive to reach your full potential. Being great means even when you face adversity, you press on and you don't give up. Being great is not average. Being great is not just doing your job. Being great is giving it your very best effort despite the challenges you may face! Educating students directly or indirectly is not an easy job. In fact, it is very difficult; however, the rewards are great! Knowing you had some part in helping a child be his/her BEST is the most rewarding thing we can contribute to the world we live in today!

WHAT DOES GREATNESS LOOK LIKE? Showing up every day and doing your best! Being accountable for your actions and carrying out tasks that have been assigned in a timely manner. Having the ability to fight through adversity without giving up to accomplish a goal. Having the ability to move beyond a situation in which you were wronged without feeling resentment or holding a grudge. Having the ability to be strong in spirit, to be courageous and brave. Being a team player and working well with others. Having the ability to make the most of what you have available to solve a problem or make it through a situation. Having a "GROWTH MINDSET" – always trying to get better at what you do and taking advantage of opportunities to make you a better person.

NON-NEGOTIABLES FOR BEING GREAT: Students who have this trait can complete and turn in every assignment on time; follow a prescribed schedule, refuse to give in to distractions, and stay on task; take the tools they have been given and make the most out of their abilities; are goal oriented, and do not let anything get in the way of them accomplishing their goals; let things go and not hold grudges when they have been wronged; and can battle through adversity, stand up for others, and are strong-minded individuals who don't follow the crowd. Employees who have this trait will do anything to be the best they can be at their jobs; will not let anything get in the way of educating their students; will make difficult decisions; will be advocates for students; are highly reliable, dependable and trustworthy, adding value to the mission of educating all students; reflect on their work every day making changes and improvements; are continuously growing, learning, and improving; and can work closely with colleagues, parents, students, and administrators with whom they may have had a conflict and move beyond the situation, letting go of feelings of resentment. No matter what role you play in our school system, be **GREAT** at it!

VISITING OUR SCHOOLS

Parents/guardians and other school patrons are welcome and encouraged to visit our schools at appropriate times. Programs and special visiting days may be planned by school principals throughout the school year. With this in mind, principals are responsible for establishing procedures to ensure the protection of instructional time and the welfare of our students and employees. In accordance with state law, no person is allowed on school grounds or in school buildings or facilities without authorization from the appropriate school official. All visitors must report to the principal's office immediately upon coming onto school grounds for their visit and

must inform office personnel, principal, counselor, etc., of the purpose of the visit. If at all possible, visits should be pre-arranged. Principals are authorized to take the necessary steps in dealing with unauthorized visitors. A "visitor" is defined as any person except the following: (1) an employee of the school or school system, (2) a member of the school or school system's governing authority, (3) a student enrolled in the school, and (4) a parent, guardian, or other person authorized by a parent or guardian who is delivering the pupil to school at the beginning of the school day or picking up the pupil at the end of the school day.

In accordance with state law, TPSS principals, school administrators, or School Resource Officers are authorized to search the person, and any item in the possession of a person who is not 1) a student enrolled in school, or 2) any school employee, while in or on any school property. The search may be conducted at random with a metal detector, or physically when there is reasonable suspicion that such person has any weapon, illegal drugs, alcohol, stolen goods, or other materials which violate School Board policy.

THIRD PARTY AGENCIES: Due to the concerns with liability and student privacy/confidentiality, the School Board will not permit any third party, outside agency, or service provider to provide services to any student on any school campus during the school day unless the agency has submitted the proper application and received approval from the Assistant Superintendent of Student Services. Instructional time is valuable, and it is the responsibility of the School Board to ensure confidentiality and a quality education for all students. The Board has the right to deny or grant permission to any third party, outside agency, or service provider it deems necessary at any given time. Permission only grants the third party access to the school. School principals are obligated to maintain the safety and integrity of the instructional program; therefore, third parties are required to comply with directives from principals or their designees. The School Board will allow State and Federal agencies to access schools, school staff, and students pursuant to its obligations under Federal and State law and regulations.

PUBLIC CONDUCT ON SCHOOL PROPERTY: Anyone attending any school event or school-related function on or off campus must conduct themselves with politeness, decorum, and proper sportsmanship. Any person entering any school campus or School Board property is required to conduct himself/herself in accordance with acceptable standards of conduct and show respect for the law and rights of others. Any person who disrupts the orderly educational process while on a school campus or School Board property may be restricted or banned from the property by the Board. In addition, any person, including an adult, who behaves in an unsportsmanlike manner during an athletic or co-curricular event, may be ejected from the event and/or denied admission to other school events for up to a year. While on School Board property, if a person's conduct becomes so disruptive that it threatens the safety of any employee or student, school personnel shall be authorized to notify law enforcement personnel for assistance. The Superintendent has the authority to review the circumstances and make the final decision regarding attendance of the individual at any school or school function. Examples of unacceptable conduct include, but are not limited to the following: 1) using vulgar or obscene language or gestures; 2) possessing or being under the influence of any alcoholic beverage or illegal substance; 3) possessing a weapon; 4) fighting or otherwise striking or threatening another person; 5) failing to obey the instructions of a security officer or school district employee; 6) interfering in any way with an athletic or co-curricular event; and 7) engaging in any activity which is disruptive or illegal. Students who demonstrate any of the aforementioned conduct will be subject to disciplinary action in accordance with Board policy. Employees exhibiting any of the above conduct may be subject to suspension or termination.

This policy or any portion thereof shall automatically terminate upon the entry of any order in that case that supersedes the specific provisions and shall be automatically replaced by such superseding order or portion thereof. This policy shall automatically terminate upon the dismissal of the relevant orders in that case, at which time the School Board shall enforce the attendance zones as in existence at the time and otherwise comply with and enforce the such federal and/or state laws that may be applicable at that time until such time as a nondiscriminatory legally compliant can be adopted by the School Board. For more information about Student Transfers click [here](#).

TRANSFER REQUEST DEADLINE: All student transfer requests, except those for Magnet Transfers, shall be submitted by June 1 for the following school year. The Transfer Committee may approve transfer requests submitted after June 1 of each year only if such requests are based upon one of the reasons listed below under *Reasons for Transfers*, which did not arise or was not known to the applicant prior to June 1 as evidenced by supporting documentation, and if the request otherwise complies with the other terms of this policy. All applications for Magnet Transfers must be made in accordance with the Magnet Program application process (see below).

DURATION OF TRANSFERS: All student transfers, except Diversity Transfers, shall be for one (1) school year only and students must reapply every year to continue granted transfers. Diversity Transfers shall continue to the school to which the transfer was granted and the schools within the said feeder pattern until the student graduates from high school.

REASONS FOR TRANSFERS: Pursuant to this policy, no transfer shall be approved unless the student seeking the transfer establishes one of the following reasons. All transfers must be granted or denied in compliance with the related provisions in the applicable desegregation orders.

TYPES OF STUDENT TRANSFERS:

- **DIVERSITY TRANSFERS:** Allows students in grades K-12 to apply for a transfer from sending school to receiving school where the resulting impact on the receiving school is to increase socio-economic and cultural diversity. Transportation is provided to paired schools. Once a Diversity Transfer is granted, there is no need to reapply; the Diversity Transfer shall continue to the school in which the Diversity Transfer was granted and to schools within the said school's feeder pattern until high school graduation.
- **ACADEMIC & JROTC TRANSFERS:** Any high school student may seek a transfer for the purpose of enrolling in a JROTC program and/or an Advanced Placement or other advanced course but only if such course is not offered at his/her zoned home school. The parent/legal guardian shall be responsible for transportation.
- **MAGNET TRANSFERS:** A student may apply for a transfer from his/her home school to another school for the purpose of participating in a Magnet Program. All such applications shall be considered in accordance with the enrollment priorities and the enrollment, withdrawal, and/or retention in the program shall be dependent on compliance with the Magnet Program policy as approved in the desegregation order. The Tangipahoa Parish School District shall provide transportation or, if unavailable, travel compensation to all students who are granted Magnet Transfers. The Tangipahoa Parish School District shall ensure that the magnet application, selection, and related policies are on the School Board's website, at all schools, at the administrative offices, and upon request to parents/legal guardians.
- **JOINT CUSTODY TRANSFERS:** Where a court order granted joint custody and a domiciliary parent is designated, the student shall be assigned to the school zoned for the residence of the domiciliary parent. Where the court order does not designate a domiciliary parent, the parents may elect to have the student attend school in the zone in which either parent resides, provided that, if a transfer is necessary, a timely application is made and a certified copy of the court order of joint custody is presented. Such a transfer shall be for the full school year; no withdrawal or return to the other parent's zoned school shall be permitted.
- **CHILD OF EMPLOYEE TRANSFERS:** Regardless of residence within or outside the Tangipahoa Parish School District, children of full-time school administrators, teachers and other faculty members, non-instructional support personnel, and other personnel assigned to a particular school shall be permitted to attend the school to which the parent/legal guardian is assigned and schools within the related feeder pattern. Transportation for such transferred students shall be provided by the parent at no cost to the School Board. Employees without a feeder school may send their child to their school of choice within the District, if it improves the diversity of the receiving school. The employee will provide transportation. Employees who currently have children in TPSS who were granted employee transfers prior to 2020 will be "grandfathered" so that their children are not penalized.

- **EXTRAORDINARY CIRCUMSTANCE TRANSFERS:** Where “extraordinary circumstances” exist, Extraordinary Circumstance (Hardship) Transfers shall be available when a school’s principal and the Superintendent deem that a transfer is in the student’s best interest and is “extraordinary” in nature. Transportation shall be provided by the School System for such transfers, and the transfer school shall be designated by the School System, not the parent. A parent, however, may request an Extraordinary Circumstance Transfer through the school principal. An Extraordinary Circumstance Transfer may be exempted from the restriction that would deny such a transfer if it resulted in the receiving school becoming racially identifiable based on a case-by-case consideration. The extraordinary circumstance must relate to the student and not solely the parent. Examples include health and safety situations. The need or desire for certain after school care shall not constitute a hardship upon which an Extraordinary Circumstance transfer may be granted. Transportation shall be provided for this type of transfer.

ATHLETIC ELIGIBILITY FOR TRANSFER STUDENTS: Parents and students should be aware that under the 2020 Mutual Consent Agreement Plan, athletic eligibility for students attending a school outside the attendance zone in which they reside shall be subject to the rules of the Louisiana High School Athletic Association. Student athletic eligibility for students returning to their attendance zone school from a transfer school shall be subject to the rules of the Louisiana High School Athletic Association.

ASSIGNMENT OF STUDENTS WITH EXCEPTIONALITIES: Unless the Individualized Education Program (IEP) of a student with an exceptionality, except a gifted and talented student, requires some other arrangement, the School Board shall require the student with such an exceptionality to be educated in the school that the student would attend if he/she did not have an exceptionality. However, if the educational needs of the student cannot be achieved satisfactorily in a regular class setting, the student may be placed in an educational environment designed to meet the appropriate needs of the student, as determined by the IEP Committee. However, a student with an exceptionality (except a gifted and talented student) shall be assigned to a school as requested by the parent, in accordance with La. Rev. Stat. Ann. §17:1944, if all the following conditions are met:

1. The parent submits a written request to the School Board responsible for the student and the respective School Board having jurisdiction over the school being requested, by no later than April 1 of the school year preceding the school year for which the parent is requesting the school assignment. The request shall include a recommendation from at least 2 licensed physicians who have treated the student during the year prior to the submission of the request.
2. The School Board responsible for the student and the respective School Board having jurisdiction over the school being requested by the parent enter into an agreement for the assignment of the student to the requested school.
3. The requested school is located at least 10 miles from the school to which the student is assigned, in accordance with applicable school attendance zone requirements.
4. The requested school is located at least 15 miles from the student’s home.
5. The requested school is not located in a public school district in which 50% or more of the public schools in the district are charter schools and 50% or more of the public schools in the district participate in a single application and enrollment process for public school enrollment.

STUDENT CODE OF CONDUCT

Every student is entitled to an education which shall be offered in an orderly, healthy atmosphere, both physical and emotional, and to firm, fair treatment in all matters pertaining to school life. Education is too important to be the sole responsibility of the schools. The success of school discipline depends upon a collaborative effort among home, school and community. By working together, the school system can achieve the goals it desires - safe, yet orderly schools and a quality education for all children.

The Tangipahoa Parish School System Code of Conduct outlines specific expectations of administrators, teachers, students, and parents. The School Board is dedicated to making sure that all students are in school and engaged in learning. The discipline code as described in this regulation is not intended to be an exclusive list of acts of misconduct and consequences. Students may be disciplined, including suspension and alternative placement following due process, for misconduct that is not specifically identified in this regulation. In addition, the disciplinary consequences listed for each offense may be increased or decreased by the administration or the Tangipahoa Parish School Board due to mitigating or aggravating circumstances. The decision to increase or decrease the consequences for a particular offense rests within the professional judgment and discretion of School Board administrators and/or the School Board.

This Code includes, but is not necessarily limited to, acts of students on School Board property, including buildings, playgrounds, parking lots, sidewalks and School Board transportation, or at a school activity, whether on or off School Board property. This includes acts of students while the student is in route to or from School Board property. The Tangipahoa Parish School System may also discipline students for off-campus conduct that negatively impacts the educational environment or members of the school community, to the extent allowed by law. The content of this code shall be presented to each student at the beginning of each school year. Copies of these documents will also be available for public inspection during normal business hours in the office of Student Services, at each school site and as well as on the Tangipahoa Parish School System's website

STUDENT REMOVAL FROM CLASSROOM: A student may be immediately removed from a classroom by the teacher and placed in the custody of the principal or designee if the student's behavior prevents the orderly instruction of other pupils, poses an immediate threat to the safety of students or the teacher, when a student exhibits disrespectful or threatening behavior toward a teacher such as using foul or abusive language or gestures directed at or threatening a student or teacher, when a pupil violates the school's code of conduct, or when a student exhibits other disruptive, dangerous, or unruly behavior, including inappropriate physical contact, inappropriate verbal conduct, sexual or other harassment, throwing objects, inciting other students to misbehave, or destroying property. The student should not be kept out of school past the suspension period imposed by the principal.

A student removed from the classroom shall be assigned school work missed and shall receive either partial or full credit for such work if it is completed satisfactorily and timely as determined by the principal or his/her designee, upon the recommendation of the student's teacher. Any student removed from class in grades K-6 shall not be permitted to return to class for at least 30 minutes unless agreed to by the teacher. A student removed from class in grades 7-12 shall not be permitted to return to class during the same class period, unless agreed to by the teacher initiating the disciplinary action.

Whenever a teacher is struck by a student, the student, in addition to any other discipline given, shall be permanently removed from the teacher's classroom, unless the teacher objects, or unless the principal, with the concurrence of the building level committee, finds the striking incident to be entirely inadvertent.

Upon the student being removed from class and sent to the principal's office, the principal or designee shall conduct a counseling session with the student to discuss the particular misconduct. Once removed, the student shall not be readmitted to the classroom until the principal has implemented one of the following disciplinary measures:

- In-school suspension
- Detention
- Suspension
- Initiation of expulsion hearings
- Assignment to an alternative school
- Requiring the completion of all assigned school and homework which would have been assigned and completed by the student during the period of suspension.

PARENTAL NOTIFICATION: The principal or his/her designee shall provide oral or written notification to the parent or legal guardian of any student removed from the classroom. Such notification shall include a description of any disciplinary action taken.

When a student has been removed from a classroom, the teacher may require the parent, tutor, or legal guardian of the student to have a conference with the teacher in the presence of the principal or his or her designee before the student is readmitted. Upon the student's third removal from the same classroom, the teacher and principal shall discuss the pupil's disruptive behavior and the contemplated disciplinary measures to be taken before the principal implements such measures. If appropriate, a referral may be made to the building level committee. In addition, a conference between the teacher or other appropriate school employee and the student's parent, tutor, or legal guardian shall be required prior to the student being readmitted. If the disruptive behavior persists, the teacher may request that the principal transfer the student into another setting.

PARENT CONFERENCES: In any case where a teacher, principal, or other school employee is authorized to require the parent, tutor, or legal guardian of a student to attend a conference or meeting regarding the student's behavior, and after notice, the parent, tutor, or legal guardian willfully refuses to attend, the principal, or his/her designee, shall file a complaint, in accordance with statutory

provisions, with a court exercising juvenile jurisdiction. Notice of the conference, specifying the time and date of the conference, shall be given by contacting the parent, tutor, or legal guardian by telephone at the telephone number shown on the student's registration card or by sending a certified letter to the address shown on the student's registration card.

REPORTS TO PRINCIPAL: Any teacher or other school employee may report to the principal any student who acts in a disorderly manner or is in violation of school rules, or any misconduct or violation of school rules by a student who may or may not be known to the teacher or employee. Incidents of alleged discipline violations shall be reported on the School Behavior Report/School Bus Behavior Report form provided by the Louisiana Department of Education. The forms shall be submitted in accordance with procedures outlined by the School District, the Superintendent, and school system personnel. The principal shall review and act upon such information submitted, to determine if suspension or other disciplinary action is necessary. Should the principal fail to act on any report of misconduct or school violation, he/she shall explain the reasons for doing so to the Superintendent or his/her designee and to the teacher or school employee, student, parent, or legal guardian reporting the violation.

DELINQUENT STUDENTS: Students who regularly disrupt the normal school environment shall be considered as delinquent, and may be reported by appropriate school personnel to the juvenile court. Any student that exhibits disruptive behavior, an incorrigible attitude, or any other discipline problems in general may be recommended by the principal for expulsion, assignment to an appropriate alternative educational placement, or transfer to adult education if the student is:

- 17 years of age or older with less than 5 units of credit toward graduation;
- 18 years of age or older with less than 10 units of credit toward graduation; or
- 19 years of age or older with less than 15 units of credit toward graduation.

DISCIPLINE OF STUDENTS WITH DISABILITIES: Discipline of students with disabilities shall be in accordance with applicable state or federal law and regulations.

- *Suspension* shall mean that a student is temporarily prohibited from participating in his/her usual placement within school. This usually involves temporary removal from school.
- *In-school suspension* shall mean (1) student is removed from his/her usual classroom placement to an alternative educational placement for a minimum of one complete school day, and (2) no interruption of services occurs. (An alternative educational placement may be located on or off the school site, provided that the student continues to receive instructional services and remains under the supervision of school personnel or their designees.)
- *Detention* shall mean activities, assignments, or work held before the normal school day, after the normal school day, or on weekends. Failure or refusal by a student to participate in assigned detention shall subject the student to immediate suspension. Assignments, activities, or work which may be assigned during detention include, but are not limited to, counseling, homework assignments, behavior modification program, or other activities aimed at improving the self-esteem of the student.
- *Expulsion* shall mean the removal of a student from school for at least one school semester.
- *In-school expulsion* shall mean (1) Student is temporarily removed from his/her usual classroom placement to an alternative educational placement for a period of time specified by the Office of Child Welfare and Attendance, and (2) no interruption of instructional services occurs. (An alternative educational placement may be located on or off the school site, provided that the student continues to receive instructional services and remains under the supervision of school personnel of their designees.)

POSITIVE BEHAVIOR INTERVENTION SUPPORT: Positive Behavior Intervention Support (PBIS) gives people a new way to think about behavior. PBIS is based on understanding why problem behaviors occur - the behavior's function. This approach to behavior can occur on a school-wide level, in a specific setting, classroom, or with an individual student. PBIS is the application of evidence-based strategies and systems to assist schools to increase academic performance, increase safety, decrease problem behavior, and establish positive school cultures.

The PBIS process results in the creation of effective intervention plans that shall impede problem behaviors, teach new skills, and create support systems for the student. On a school-wide level, PBIS

relies on accurate and reliable discipline referral data to understand the behaviors occurring across campus. An analysis of the data allows a school team to identify the problem areas, brainstorm interventions such as where and what to teach, reward the students exhibiting the expected behavior, and communicate findings to the staff, students, and families.

PBIS provides a positive and effective alternative to the traditional methods of discipline. PBIS methods are research-based and proven to significantly reduce the occurrence of problem behaviors in the school, resulting in a more positive school climate and increased academic performance.

PBIS is consistent with the Individuals with Disabilities Education Act, which advocates the use of positive behavior interventions and school-based disciplinary strategies that reduce or eliminate the need to use suspension and alternative placement as disciplinary options.

CORRECTIVE STRATEGIES: Academic success is directly correlated with instructional time received by the student. In the effort to fully implement Positive Behavior Intervention Support and reduce the loss of instructional time due to out-of-school suspensions, the Tangipahoa Parish Public School System expects that each school shall utilize a wide variety of restorative practices that do not remove children from valuable instructional time.

RESTORATIVE PRACTICES, also known as alternatives to suspension alternative placement, may include but are not limited to:

BEHAVIOR INTERVENTION	TPSS DEFINITION AND EXAMPLES
Administrative Conference	A formal conference is held between the student and the appropriate school administrator in an effort to reach an agreement regarding how the student should behave.
Alternate Area Assignment (hallways, cafeteria, etc.)	A student may be assigned to a different area in order to prevent problem behavior. For example, if the student is having difficulty following the school-wide expectations for morning assembly, he or she may be assigned to sit in an area near a duty teacher instead of with his or her class.
Assigned Seating Change	A student shall be reassigned to a different seat in the classroom and/or on the school bus to prevent the recurrence of problem behavior.
Before or After-School Detention	A student shall come before school or stay after school for a set period of time and shall be supervised by a school staff member during his or her detention. Transportation shall be provided by the family. During detention, the student may be assigned re-teaching of expectations, remedial work, reflection sheets pertaining to the misbehavior, community service, counseling, or other restorative options.
Community Service Project	A student may be assigned to conduct community service at the school site while being supervised by a school staff member.
Confiscation	Items not allowed in school or items that are being used inappropriately shall be taken. Such items may be returned to the students or the parent/guardian in accordance with TPSS timelines/guidelines.
Conference with Student Services Staff	A meeting with the student, the parent/guardian, school administrator, and a Central Office Student Services staff member to discuss problem behavior and attempt to prevent further behavior concerns.

Consider SAT Referral	Consider referring the student to the Student Assistance Team (SAT) to assess behavior concerns, make suggestions for interventions, or consider formal evaluation.
Cool Down/Time-Out	Positive time-out is designed to encourage children and to teach them self-control and self-discipline. Positive time-out teaches children to understand their brains do not function well when the individual is upset. Students learn the value of taking time out to calm down until their brains are functioning in a way that is advantageous rather than detrimental to them. Positive time-out teaches students the valuable life skill of learning to take the time to feel what he or she feels and to calm down until he or she is able to behave in a more constructive manner.
Counseling	TPSS provides school counseling in every school at various intervals. School counseling is designed to be short-term and solution-focused. Behavioral concerns requiring more extensive intervention are assessed by the school counselor and referred to more appropriate agencies and/or individuals.
Establish Check In/Check Out	Check In/Check Out is an evidence-based behavior strategy used to address ongoing student behavior concerns. The program relies on key concepts such as building relationships, mentoring, and teaching replacement skills. In this program, students check in daily at the beginning of the school day with an adult to receive a goal sheet and words of encouragement. Teachers provide feedback on the sheet throughout the day, and students check out at the end of the day with an adult to discuss whether or not daily goals were met. The student takes the sheet home for the parent/guardian's signature, and returns it the next morning upon checking-in at school.
FINS Referral	A referral to the Families in Need of Services Office (FINS) of Hammond City Court or the 21 st Judicial District. This agency is designed to intervene with families early to prevent juvenile court involvement.
In-School Detention	Detention held during the school day (lunch, intervention time, recess) and supervised by a school staff member. During the detention, the student may be assigned re-teaching of expectations, remedial work, reflection sheets pertaining to the misbehavior, community service, counseling, or other restorative options.
Learning Activity in Reference to the Offense	Student may be assigned an activity that shall assist them in understanding the desired behavior and how to prevent future misbehavior.
Loss of Privilege (recess, PE, pull outs)	Student may be removed from a favorable activity as a consequence.
Mediation/Conflict Resolution	Conflict resolution attempts to install problem solving skills among students in a dispute by allowing both parties to express their points of view and interests, and provide ways to find acceptable solutions. Conflict resolution teaches students how to resolve conflict in non-violent ways.
Outside Agency Referral	The student is referred to a community agency with the goal of receiving additional assistance for the behavior of concern.
PAC/ISS	Positive Action Class or In School Suspension is when a student spends all or part of a day in a supervised alternative learning environment. Students shall be required to work on their assigned classwork and are responsible for all regular class assignments while assigned to ISS. Restroom and lunch shall be monitored. Bathroom breaks shall be scheduled.

Parent Contact	To communicate a concern, the school administrator or staff member calls, emails, and/or sends a letter to the parent/guardian at the phone number(s), email address, and mailing address included in the student's file. Notes that include the date of contact, manner of contact, and the name of the person contacted should be kept in the student's discipline file by the school administrator.
Parent Shadow (Reverse Suspension)	A student remains at school instead of being sent home. A parent/guardian shall come to school and spend the day (or time designated by the school) with the child. The goal is to reduce out of school suspensions, increase parental involvement, and foster a home/school partnership.
Referral to RKM, Southeast	TPSS has two on-site partnerships with local community health centers-RKM Primary Care and Southeast Community Health Systems. Licensed mental health professionals are available on every campus. Parent/guardian permission must be obtained.
Reflection Activity Sheet	A Reflection Sheet is a very effective tool to use when a student is displaying unacceptable behavior. The student would be required to complete and submit a prepared form pertaining to the problem behavior. The process of reading and writing about one's behavior allows time for cool down, re-teaching, and reflection.
Restitution	Student is responsible for payment and/or restoration of TPSS and/or the personal property of others which has been vandalized, damaged, lost, or stolen.
Restorative Practices	Provide an opportunity to improve and repair relationships between students, teachers, and school communities. The purpose is to build healthy schools, increase positive behavior, decrease inappropriate and/or anti-social behavior, repair harm and restore relationships.
Reteaching Schoolwide/Classroom Expectations	Providing repeated teaching of the schoolwide expectations and rules by setting.
Social Skills Instruction	Assigning behavior-specific social skills instruction using an evidence-based program (Character Counts, Skill Streaming, Life Skills, Second Step, Safe Schools for Students etc.)
Role Play Appropriate Behavior and/or Responses	Role playing is a learning structure that allows students to immediately apply content as they are put in the role of a decision maker who shall make a decision regarding a behavior or some other outcome. This technique is an excellent tool for engaging students and allowing them to interact with their peers as they try to complete the task assigned to them in their specific role.
Schedule Modification	Modify a student's schedule in order to prevent future problem behavior (separate students who are in conflict, avoid student-teacher mismatch, etc.)
Small Group Intervention/Counseling	Group counseling, involving a number of students working on shared tasks and developing supportive relationships in a group setting, is an efficient, effective and positive way of providing direct service to students with social/emotional, relationship issues and situational concerns. By allowing individuals to develop insights into themselves and others, group counseling makes it possible for more students to achieve healthier personal adjustment, cope with the stress of a rapidly changing and complex environment, and learn to communicate and cooperate with others.

DEFINITION OF MINOR INFRACTIONS (handled by the classroom teacher)

Each school shall establish a School-Wide Positive Behavior Support Team with representatives across all disciplines on campus. This team meets to establish school-wide expectations, routines and procedures and determines a plan to teach those to all students. In addition, this team shall establish which behaviors are considered minor on each campus and which ones are considered major (referred to the office). All minor behavior infractions shall be documented and tracked by staff utilizing their Classroom Management Plan. Repetitive minor behaviors can result in a major office referral. Some behaviors that are typically treated as minor are: dress code/ID violations, tardy to class, classroom disturbance, willful disobedience, blatant refusal to comply with directives. Parents should be notified when minor behaviors become repetitive.

DISCIPLINARY CONSEQUENCES: Tangipahoa Parish School System schools shall provide environments for students that are conducive to student success. Such environments are safe, preventive, predictable, and provide a continuum of positive behavior intervention support for all students. The school's primary goal is to educate, not to discipline; however, when the behavior of the individual student comes in conflict with the rights of others, corrective actions may be necessary both for the benefit of that individual and the school as a whole.

The Tangipahoa Parish School System recognizes the social and emotional development of children varies significantly from Pre-K-12 and has thus created a dual consequence chart that accounts for such. Some infractions committed by a 9th grader may be more significantly disciplined than a similar action committed by a 1st grader. The School Board understands that many of the formative years (Pre-K-3) focus on teaching young children the expectations, procedures, and norms of school life. As a student progresses, the expectation is that they have been afforded the opportunity to learn and adjust and more significant consequences may occur for rule violations.

DISCIPLINARY INFRACTIONS have been categorized into 3 levels:

Level 1: Inappropriate activities that interfere with the learning environment

Level 2: Activities that disrupt the learning environment or that may lead to Level 3 infractions

Level 3: Illegal activities or activities that endanger individuals or the school community

DISCIPLINARY CONSEQUENCES have been designed to become progressively more involved as a student repeats the problem behavior. Repeated Level 1 behaviors can result in a student moving to Level 2 consequences after the third occurrence. Administrators may select to issue one or more consequences based upon the investigation of the incident and its severity. The following charts are divided by grade level, level of offense, and disciplinary considerations per occurrence.

The first time a student (grades 6-12) is caught with a vaping device and tests negative on the mandatory drug screen, he or she must complete the "Safe School" video program on vaping while they are out of school. If a completion certificate is not presented when the student returns to school, the student will be placed in the In-School Suspension Program until the video program is completed. The school will give the parent/guardian details on the program, such as how to access it, etc. The second time a student (ages 10-17) is caught with a vaping device and tests negative on the mandatory drug screen, he or she must complete the "Catch My Breath" program on vaping when they return to school.

DISCIPLINE

DUE PROCESS: The Tangipahoa Parish School Board mandates that all students shall be treated fairly and honestly in resolving grievances, complaints, or in the consideration of any suspension or expulsion. Due process shall be defined as fair and reasonable approaches to all areas of student grievance and discipline on the part of all school officials in order not to arbitrarily deny a student the benefits of the instruction process. Due process requires, at a minimum, the school administration to impose fundamentally fair procedures to determine whether misconduct or other improper action has occurred before any disciplinary action may be taken by the school administration, except in the case of imminent danger or disruption of the academic process. In these instances, proper procedures shall be put into effect as soon as removal of the student has occurred. Under due process, each student shall be guaranteed a fair hearing, a fair judgment, a written record of the decision, and notice of the right to appeal the decision.

The degree of procedural due process afforded in any disciplinary situation shall be dependent upon 2 factors: (1) the gravity of the offense a student is alleged to have committed; and (2) the severity of the contemplated penalty. Due process procedures for disabled/exceptional students shall be those found in applicable state or federal laws and regulations.

It is the purpose of the Tangipahoa Parish School Board to operate the schools in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students who attend these schools. The school's primary goal is to educate, not discipline; however, when the behavior of the individual student comes in conflict with the rights of others, corrective actions may be necessary both for the benefit of that individual and the school as a whole. Discipline is defined as actions that teachers, administrators, support staff, and parents employ to teach students the essential skills necessary for academic and social success.

Every teacher and other school employees in the public school system shall endeavor to hold each student to a strict accountability for any disorderly conduct in school, or on the playgrounds of the school, on any school bus, on the street or while going to or returning from school, during intermission or recess, or at any school sponsored activity or function. To assist the teacher, the Board shall establish regulations for the use of disciplinary measures within the schools and continually monitor and appraise their usefulness. Discipline shall be administered uniformly, consistently, and in a nondiscriminatory manner.

Principals shall have both the authority and the duty to take disciplinary action whenever the behavior of any student (s) materially interferes with or substantially disrupts the maintenance of a proper atmosphere for learning within the classroom or other parts of the school. However, no student shall be disciplined in any manner by the School Board or school administrator, teacher, or other school employee for the use of force upon another person when it can be reasonably concluded that the use of such force more probably than not was committed solely for the purpose of preventing a forcible offense against the student or a forcible offense provided that the force used must be reasonable and apparently necessary to prevent such offense. A student who is the aggressor or who brings on a difficulty cannot claim the right stated above to defend himself/herself.

Each teacher may take disciplinary action to correct a student who engages in bullying, who disrupts normal classroom activities, who is disrespectful to a teacher, who willfully disobeys a teacher, who uses abusive or foul language directed at a teacher or another pupil, who violates school rules, or who interferes with an orderly education process. The disciplinary action taken by the teacher shall be in accordance with such regulations and procedures established by the Board.

DUE PROCESS PROCEDURES: Any time an administrator or disciplinarian receives a student behavior report completed by a school staff member, the student in question is to be afforded due process. Due process, for purposes of this code, is defined as follows:

When a student has been written up and presents to the office, the following shall occur:

1. The student shall be told what he or she is accused of and by whom (school staff member).

2. The student shall be given an opportunity to tell his/her version of the facts.
3. The student shall be allowed to provide any witnesses to the event.
4. The student shall be informed of the administrator's action on the infraction (consequence).
5. The student should sign the discipline form to indicate receipt.
6. The student's parents or guardian(s) shall be notified by personal phone call at the numbers provided to the Registration Office or otherwise. Also, a copy of the discipline form may be sent home with the student.

OUT OF SCHOOL SUSPENSION PROCEDURES: A student may be suspended out of school for a maximum of 10 consecutive school days. Anytime a student is suspended out of school, the following shall occur:

1. The principal/designee shall contact the parent, tutor, or legal guardian of the pupil to notify them of the reason for and length of the suspension.
2. The principal/designee shall establish a date and time for a conference with the principal or designee as a requirement for readmitting the pupil.
3. Notice shall be given by contacting the parent, tutor, or legal guardian by telephone at the telephone number shown on the pupil's registration card, or by sending a letter to the address shown on the pupil's registration card.
4. The principal/designee shall notify the student and parent that the student may not be on any property of the Tangipahoa Parish School or participate in any school activity or any school sponsored event during the time of the suspension.
5. A student who is suspended for 10 days or fewer shall be assigned school work missed while he/she is suspended and shall receive full credit for such work if it is completed satisfactorily and timely as determined by the principal or his/her designee, upon the recommendation of the student's teacher.

RECOMMENDATION FOR ALTERNATIVE PLACEMENT HEARING FOR SEVERE / MAJOR INFRACTIONS:

An individual principal/designee may not alternately place any student or place any student directly into the TPSS Alternative Program. Principals/designees may recommend an alternative placement hearing for major infractions (i.e., drugs, weapons, group fighting, etc.) or after the student has received FOUR out of school suspensions and been brought to the Student Assistance Team for intervention. A Due Process Hearing shall then be set with a representative from the Tangipahoa Parish School Board Student Services Office. The following procedures shall occur:

1. The principal/designee shall contact the parent, tutor, or legal guardian of the pupil to notify them of the reason for the recommendation for alternative placement.
2. The principal/designee shall contact the TPSS Student Services Office and establish a date and time for a Due Process Hearing with the principal or designee as a requirement for readmitting the pupil. The student shall be suspended out of school pending such hearing.
3. Notice of the date and time of the hearing shall be given by contacting the parent, tutor, or legal guardian by telephone at the telephone number shown on the pupil's registration card and/or by sending a letter to the address shown on the pupil's registration card.
4. The principal/designee shall notify the student and parent that the student may not be on any property of the Tangipahoa Parish School System or participate in any school activity or any school sponsored event during the time of the suspension
5. The Student Services Office shall conduct a hearing to determine the facts of the case and make a finding of whether or not the student is guilty of conduct warranting a recommendation for alternative placement. Following the hearing, the Student Services Office shall notify the parents via letter or email of the decision.
6. A student who is alternatively placed and receives educational services at an alternative site shall be assigned work by a certified teacher and shall receive credit for school work if it is completed satisfactorily and timely as determined by the teacher. Such work shall be aligned with the curriculum used at the school from which the student was alternatively placed.

OTHER DISCIPLINARY NOTES:

- Any student who has been recommended for alternative placement but withdraws from the school system prior to the due process hearing shall be considered alternatively placed.
- A student shall be subject to disciplinary action for conduct or offenses that occur at extracurricular activities, sporting events (even where said student is merely a spectator), conventions, in the parking lot or other areas of school property, and at any other school's activities. This even includes school campuses other than where the student attends school.
- Any graduating senior committing a serious offense warranting suspension or alternative placement may be prohibited from participation in graduation exercises upon recommendation of the principal and after a hearing by the Superintendent or his/her designee/hearing officer. If prohibited from participation the senior shall receive his/her diploma by mail.

DISCIPLINE PROCEDURES FOR STUDENTS ENROLLING FROM OUT OF PARISH: The discipline record (including suspensions) of any student entering the TPSS from another school during the school year shall follow the student from the school last attended to the TPSS. For instance, a student who transfers to a TPSS school and has 3 suspensions in the former school shall start in the TPSS with 3 suspensions. Any student who transfers to the TPSS during the school year who has 4 or more out of school suspensions at the time of transfer, shall start at the TPSS Alternative Program.

DISCIPLINE PROCEDURES FOR STUDENTS WITH DISABILITIES: The Discipline Procedures for Children With Exceptionalities in Tangipahoa Parish Schools are developed and implemented in accordance with the Individuals with Disabilities Education Improvement Act of 2004, the federal law governing the provision of a Free Appropriate Public Education (FAPE) for the discipline of students with disabilities; Louisiana Bulletin 1706, Subchapter B: Discipline Procedures for Students with Disabilities, §530, and the policy of the School Board of Tangipahoa Parish.

School personnel may remove a student with a disability or suspected disability, who violates a code of student conduct, from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension for not more than 10 consecutive school days, to the extent that those alternatives are applied to students without disabilities. Additional removals of not more than 10 consecutive school days in the same school year for separate incidents of misconduct are allowed, as long as the removal does not constitute a change of placement.

A change of placement occurs if a student with a disability is removed from his or her current educational placement for more than 10 consecutive school days; or a student with a disability is subjected to a series of removals, cumulating to ten or more days, that constitute a pattern because of factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another.

After a student with a disability has been removed from his or her current placement for 10 school days in the same school year, during any subsequent days of removal the Tangipahoa Parish School System shall provide services which enable the student to participate in the general education curriculum and progress toward meeting his or her IEP goals. In addition, the student should receive a functional behavioral assessment and behavioral intervention plan designed to address the behavior violation so that it does not recur. Whenever an action involving a removal that constitutes a change of placement for a student is contemplated, a Manifestation Determination Review is required.

Within 10 school days of any decision to change the placement of a student with a disability because of a violation of a code of student conduct, the IEP team shall review evaluation and diagnostic results and other relevant information supplied by the parent or the student, consider observations of the student, and consider the student's IEP and placement to determine if the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or if the conduct in question was the direct result of the Tangipahoa Parish School System failure to implement the IEP. On the date which the decision is made, school personnel shall notify the parents of that decision and

provide the parents the procedural safeguards (Louisiana's Educational Rights of Children with Exceptionalities in Public Schools).

For disciplinary changes in placement due to behavior that violates a code of student conduct that exceeds 10 consecutive days: If school personnel, the parent, and members of the student's IEP team make the determination that the conduct was not a manifestation of the student's disability, school personnel may apply disciplinary procedures to students with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities, except the student should continue to receive educational services. School personnel and at least one of the student's teachers should determine the extent of services needed for the student to participate in the general education curriculum and progress toward meeting his or her IEP goals. In addition, the student should receive a functional behavioral assessment and behavioral intervention plan designed to address the behavior violation so that it does not recur. If a behavioral intervention plan has already been developed, the current plan shall be reviewed and modified to address the current behavior. Services may be provided in an interim alternative educational setting, as determined by the student's IEP Team.

If school personnel, the parent, and members of the student's IEP team make the determination that the conduct was a manifestation of the student's disability, the IEP Team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for the student. If a behavioral intervention plan has already been developed, the current plan shall be reviewed and modified to address the current behavior. If Tangipahoa Parish School System failed to implement the IEP, immediate steps should be taken to remedy the deficiencies. The student is to return to the placement from which he or she was removed, except under Special Circumstances; or unless the parent and school personnel agree to a change of placement as part of the modification of the behavioral intervention plan. School personnel may remove a student to an interim alternative educational setting, under Special Circumstances, for not more than 45 school days, without regard to whether the behavior is determined to be a manifestation of the student's disability if:

1. The student carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of the State or any School Board (under paragraph (2) of the first subsection (g) of 18 USC 930).
2. The student knowingly possesses or uses illegal drugs, sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of the State or any School Board (Identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substance Act (21 USC 812(c)).
3. The student has inflicted serious bodily injury on another person while at school, on school premises, or at a school function under the jurisdiction of the State or any School Board (under paragraph (3) of subsection (h) 18 USC 1365).

In-school suspensions in which a student's IEP is being implemented are not considered removals from a student's current educational setting. All other removals, whether to an alternative school or homebound, are considered changes in placement, regardless of whether the student's IEP is being implemented in the alternative setting.

Any parent of a student with a disability who disagrees with any decision regarding placement or the manifestation determination; or Tangipahoa Parish School System believes that maintaining the current placement of the student is substantially likely to result in injury to the student or others, may appeal the decision by requesting a due process hearing under Bulletin 1706, §507 (Filing a Request for Impartial Due Process Hearing) and §508 A and B (Due Process Hearing Request).

Whenever an Expedited Due Process Hearing is requested, the parents or the school administrator or their designee involved in the dispute should have the opportunity for an impartial due process hearing which should occur within twenty (20) days of the date the request is filed. A resolution meeting shall occur within seven (7) days of receiving notice of the Request for Due Process Hearing unless the parent and school administrator or their designee agree, in writing, to waive the meeting.

The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within fifteen (15) days of receipt of the Request for Due Process Hearing.

SUSPENSION: The Tangipahoa Parish School Board recognizes its authority to maintain good order and discipline within the schools of the school district. Therefore, the School Board recognizes the principal's authority to suspend a pupil for a specified period of time in accordance with statutory provisions.

In each case of suspension, the school principal, or his or her designee, prior to any suspension, shall advise the student of the particular misconduct of which he/she is accused as well as the basis for such accusation, and the pupil shall be given an opportunity at that time to explain his/her version of the facts. The principal/designee shall contact the parent, tutor, or legal guardian of the pupil to notify them of the suspension, and establish a date and time for a conference with the principal or designee as a requirement for readmitting the pupil. Notice shall be given by contacting the parent, tutor, or legal guardian by telephone at the telephone number shown on the pupil's registration card, or by sending a certified letter to the address shown on the pupil's registration card. The principal shall promptly advise the Superintendent or designee of all such suspensions, stating the reasons for the suspensions.

Students suspended for more than ten (10) days shall remain under the supervision of the school system using an alternative education program designed to continue the educational process in an alternative educational placement. The student shall be placed in an alternative school or an alternative education program and shall be required to attend and participate in such school, program, or educational services. No suspended pupil shall be allowed to leave the school premises during the school day until the parent, guardian, or other proper authorities assume responsibility for him/her, unless immediate removal from school due to danger or threat of disruption to academic process is warranted.

If the parent, tutor, or legal guardian fails to attend the required conference within five (5) school days of notification, the truancy laws shall be effective. On not more than one occasion each school year when the parent, tutor, or legal guardian refuses to respond to the notice, the principal may determine whether readmitting the pupil is in the best interest of the pupil. On any subsequent occasions in the same school year, the pupil shall not be readmitted unless the parent, tutor, or legal guardian, court, or other appointed representative responds.

In any case where a teacher, principal, or other school employee is authorized to require the parent, tutor, or legal guardian of a pupil to attend a conference or meeting regarding the pupil's behavior and after notice, the parent, tutor, or legal guardian willfully refuses to attend, the principal or his/her designee shall file a complaint, in accordance with statutory provisions, with a court exercising juvenile jurisdiction.

When a pupil is suspended for a second time within one school year, the principal may require a counseling session be held with the parent and pupil by the school counselor. If no counselor is available, the conference may be held with all the pupil's teachers and the principal or other administrator. Any student, after being suspended on three (3) occasions for committing suspendable offenses during the same school year, shall, upon committing the fourth offense, be expelled from all the public schools of the system until the beginning of the next regular school year, and the pupil's reinstatement shall be subject to the review and approval of the School Board.

The principal and other appropriate personnel shall be required to file written documentation of all suspensions. Said documentation shall include the circumstances surrounding any suspension, the reason for suspension, and any other pertinent facts concerning the disciplinary action. The principal shall file copies of his/her report with the Superintendent, other appropriate personnel and the parent or guardian and retain a copy for his/her records.

Additionally, the principal shall immediately recommend the pupil's expulsion to the Superintendent for the above offenses, except in the case of a student less than eleven (11) years of age in pre-kindergarten through grade 5 who is found carrying or possessing a knife with a blade two (2) inches or longer, the principal may, but shall not be required to recommend the student's expulsion. A student found carrying or possessing a knife with a blade less than two (2) inches in length may be suspended by the school principal, but, in appropriate cases, at a minimum, shall be placed in in-school suspension.
- **Assault or Battery of School Employees:** Whenever a pupil is formally accused of violating state law or school disciplinary regulations, or both, by committing assault or battery on any school employee, the principal shall suspend the pupil from school immediately and the pupil shall be removed immediately from the school premises without the benefit of required procedures, provided, however, that such procedures shall follow as soon as practicable. The student shall not be readmitted to the school to which the employee is assigned until all hearings and appeals associated with the alleged violation have been exhausted.

However, such student shall carry evidence of that prescription or physician's order on his/her person at all times when in possession of any controlled dangerous substance which shall be subject to verification. In addition, school officials, in accordance with statutory provisions, shall have total discretion and shall exercise such discretion in imposing on a pupil any disciplinary actions authorized by state law for possession by a pupil of a firearm or knife on school property when such firearm or knife is stored in a motor vehicle and there is no evidence of the pupil's intent to use the firearm or knife in a criminal manner.

DRESS CODE VIOLATIONS: A student enrolled in grades Pre-K-5 shall not be suspended from school or suspended from riding on any school bus for a uniform violation that is not tied to willful disregard of school policies.

USE OF ELECTRONIC DEVICES

Consequences of Misuse: According to the Tangipahoa Parish School Board Policy Manual, school principals shall discipline any user who accesses, sends, receives, or configures electronically any profane, threatening, bullying, intimidating, harassing, pornographic and/or obscene language or pictures. The use of off campus resources including web pages, social networking sites, or Web tools that subsequently cause "material disruption" at school is prohibited and the responsible student will be disciplined in accordance with the parish's Student Code of Conduct. Any individual failing to follow the enumerated terms and conditions for technology use shall be subject to appropriate disciplinary measures as determined by school administrators, the Superintendent and/or the TPSS Technology Department. Students may receive consequences through the Student Code of Conduct policy. Employees who choose to violate the Technology Acceptable Use policy may be subject to adverse personnel action.

Monitoring - Teachers shall instruct students on responsible technology use and monitor all student technology use to ensure student compliance with this policy. Teachers and administrators have the right to monitor ALL student activity using the network and other technology resources.

CODE OF CONDUCT: The Code of Conduct applies to all users of these technology resources. Honesty, integrity, and respect for the rights of others should be evident at all times. The technology user shall be held responsible for his/her actions and activities. Unacceptable uses of the network will result in disciplinary action including possible revocation of these privileges.

STUDENT USE OF ELECTRONIC DEVICES (including cell phones): No student, unless authorized by the school principal or his/her designee, shall use or operate any personal electronic device, including any facsimile system, radio paging service, mobile cellular service device (cell phones, camera watches, camera phones, or any similar devices), intercom, electro-mechanical paging system, or other electronic devices, including but not limited to cameras, video tape recorder, audio recorder, digital recorder of any kind, iPod, tape players, CD players, video games, MP3 players, Palm Pilots, and their contents, in any elementary or secondary school building, or on the grounds thereof or in any school bus used to transport public school students. A violation of these provisions may be grounds for disciplinary action, including but not limited to, suspension from school. Nothing shall prohibit the use and operation by any person, including students, of any electronic telecommunication device in the event of an emergency. "*Emergency*" shall mean an actual or imminent threat to public health or safety, which may result in loss of life, injury, or property damage. For purposes of this policy, the terms "*use*" and "*operation*" shall mean whenever the electronic device is turned on.

ACCEPTABLE USE: The protection of instructional time and campus safety are priorities in establishing guidelines for acceptable use of electronic devices. Every campus that includes 5th through 12th grade students may develop and submit to the Superintendent's office an *Acceptable Use Plan for Electronic Devices* outlining when and how students may be allowed to possess, access, and use their electronic communication devices on campus or on a school bus. Schools whose grade levels range from Kindergarten to grade 4 are not allowed to use technology devices on campus unless during a lesson that is outlined in a teacher's lesson plan. All plans may allow teachers to appropriately integrate and include technology in the classroom under their guidance and instruction. Each plan must be communicated in writing and verbally to all students and parents at the beginning of the school year and throughout the year as new students enroll. The TPSS shall not be responsible for lost or stolen personal electronic devices. Should cell phones or other personal electronic devices be seen, used, or heard for any purpose during the regular school day, outside of the *Acceptable Use Plan for Electronic Devices* at the given school, except during an emergency situation as defined by state statutes, the student shall receive consequences as listed below.

Student use of the Internet, cameras, smart watches, cell phones, IPODS, video or audio recorders, and/or any other electronic systems, on or off campus, that subsequently causes *substantial disruption* to the educational environment, interferes with the rights of others, or can be considered a threat, shall result in the student receiving discipline in accordance with the parish's Student Code of Conduct.

Should students choose to use an electronic device to video fights, text message test items, text message for unauthorized persons to check them out, post incidents that happened on school campus on the internet or similar practices that create a "*substantial disruption*" to the learning environment on a campus, they shall be suspended out of school for a minimum of three (3) days and possibly recommended for a due process hearing depending on the circumstances. Law enforcement shall be asked to assist with any investigation involving a cell phone or other electronic device that "substantially disrupts" the learning environment on a campus.

ATTENDANCE

Beginning with the 2022-2023 school year, the parent or legal guardian of a child who resides in Louisiana and who is age 5 by September 30 of the calendar year in which the school year begins through age 18 shall send the child to a public or nonpublic school, as defined by La. Rev. Stat. Ann. 17:236, unless the child's parent or legal guardian opted to defer enrollment of his/her child in kindergarten pursuant to La. Rev. Stat. Ann. 17:151.3 (D) or the child graduates from high school prior to his/her 18th birthday. A child below the age of 5 who legally enrolls in school shall also be subject to these provisions. If a child in these age brackets was a resident of this parish when school opened and enters school late without having attended another public or nonpublic school or approved home study program during the current school session within or without the parish, a statement should be secured from the parents or guardian giving the reasons why the child has not been in school. If these reasons are not satisfactory, the

matter should be referred to the Supervisor of Child Welfare and Attendance, who may find it necessary to refer it to the proper court.

EXCEPTIONS TO COMPULSORY ATTENDANCE: Certain exceptions to the compulsory attendance laws are allowed as provided by state law and included in policy JBD, Absences and Excuses. In addition, statutes provide for the following:

- The parent, tutor, or other person responsible for the school attendance of a child between the ages of sixteen (16) and eighteen (18) who is enrolled in school may request that the student be allowed to attend an effective adult education program or a career and technical education program.
- A child who is at least seventeen (17) years of age and who, after successfully completing a program established by the Louisiana Board of Elementary and Secondary Education, has been issued a Louisiana high school equivalency diploma in accordance with criteria established by the Louisiana Board of Supervisors of Community and Technical Colleges shall be considered exited from high school and shall not be subject to compulsory attendance laws.
- Compulsory attendance does not apply to any child who is under the age of seventeen (17) and is attending or seeking admission to a National Guard Youth Challenge Program in Louisiana.
- Any minor employed to perform or render artistic or creative services shall be exempt from the compulsory school attendance statutes for those days during which the minor is engaged in rendering such services.

FAILURE TO COMPLY: Failure to abide by the compulsory school attendance laws of the state may result in a referral to Families in Need of Services (FINS) which is a state mandated program or to the District Court with jurisdiction.

STUDENT ABSENCES AND EXCUSES: The Tangipahoa Parish School Board recognizes that the fundamental right to attend the public schools places upon students the accompanying responsibility to be faithful in attendance. Regular attendance can be assumed to be essential for a student's successful progress in the instructional program. The parent or legal guardian shall enforce the attendance of the student at the school to which the student is assigned. The principal of a school, or his/her designee, shall notify the parent or legal guardian in writing on or before a student's third unexcused absence or unexcused occurrence of being tardy, and shall hold a conference with such student's parent or legal guardian. This notification shall include information relative to the parent or legal guardian's legal responsibility to enforce the student's attendance at school and the civil penalties that may be incurred if the student is determined to be habitually absent or habitually tardy. The student's parent or legal guardian shall sign a receipt for such notification.

Each school shall attempt to provide verbal notification to a child's parent, tutor, or legal guardian, and, if such verbal notification cannot be provided, then the school shall provide written notification to a child's parent, tutor, or legal guardian when that child has been absent from school for 5 school days in schools operating on a semester basis, and for 10 days in schools not operating on a semester basis. The accumulation of days absent need not be consecutive. No public elementary or secondary school pupil shall be permitted for any reason to absent himself/herself from school attendance during the school day upon his/her own authority, unless legally emancipated. The principal or designee shall make all reasonable efforts to verbally notify the parent or other person responsible for the pupil's school attendance of any such prohibited absence by a pupil.

TYPES OF ABSENCES: The days absent for elementary and secondary school students shall include non-exempted excused absences, exempted excused absences, unexcused absences, and suspensions.

1. **Non-exempt excused absences:** absences incurred due to personal illness or serious illness in the family (documented by acceptable excuses, including a parental note) which are not considered for purposes of truancy, but which are considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed.
2. **Exempted excused absences:** absences which are not considered for purposes of truancy and which are not considered when determining whether or not a student is eligible to make up work

and tests, receive credit for work completed, and receive credit for a course and/or school year completed.

3. **Unexcused absences:** any absences not meeting the requirements set forth in the excused absences and extenuating circumstances definitions, including but not limited to absences due to any job (including agriculture and domestic services, even in the student's own home or for their own parents or tutors) unless it is a part of an approved instructional program. Students shall be given failing grades for those days missed and shall not be given an opportunity to make up work.
4. **Suspensions:** non-exempt absences for which a student is allowed to make up his/her work and is eligible for consideration for credit provided it is completed satisfactorily and in a timely manner. The absence shall be considered when determining whether or not a student may or may not be promoted, but shall not be considered for purposes of truancy. Students absent from school as a result of any suspension shall be counted as absent.

EXTENUATING CIRCUMSTANCES: Exceptions to the attendance regulation shall be the enumerated extenuating circumstances below that are verified by the Director of Student Services or the school principal/designee where indicated. These exempted absences do not apply in determining whether a student meets the minimum minutes of instruction required to receive credit.

- Extended personal physical or emotional illness as verified by a physician or nurse practitioner licensed in the state.
- Extended hospital stay in which a student is absent as verified by a physician or dentist.
- Extended recuperation from an accident in which a student is absent as verified by a physician, dentist, or nurse practitioner licensed in the state.
- Extended contagious disease within a family in which a student is absent as verified by a physician or dentist licensed in the state.
- Quarantine due to prolonged exposure to or direct contact with a person diagnosed with a contagious, deadly disease, as ordered by state or local health officials.
- Observance of special and recognized holidays of the student's own faith.
- Visitation with a parent who is a member of the United States Armed Forces or the National Guard of a state and such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting. Excused absences in this situation shall not exceed five (5) school days per school year.
- Absences as verified by the principal or his/her designee as stated below:
 - Prior school system-approved travel for education;
 - Death in the immediate family (not to exceed one week); or,
 - Natural catastrophe and/or disaster.

For any other extenuating circumstances, the student's parents or legal guardian must make a formal appeal in accordance with the due process procedures established by the school system. Students who are verified as meeting extenuating circumstances, and therefore eligible to receive grades shall not receive those grades if they are unable to complete makeup work or pass the course.

SCHOOL-APPROVED ACTIVITIES: Students participating in school-approved field trips or other instructional activities that necessitate their being away from school shall be considered present and shall be given the opportunity to make up work.

CHILD PERFORMERS: Minors employed to perform or render artistic or creative services under a contract or employment arrangement for two (2) or more days within a 30-day period must receive instruction pursuant to statutory provisions.

WRITTEN EXCUSES: For a student to be eligible to receive credit and make up work following an absence, the student shall be required in each instance to submit parental confirmation of the reasons for the absence. If a student is tardy or absent, the parent or guardian must submit a written excuse, signed and dated, to school authorities upon the student's return to classes, stating the reason for the student's absence from school. A doctor's, dentist's, or nurse practitioner's written statement of a student's incapacity to attend school shall be required for those absences for three (3) or more

consecutive days due to illness, contagious illness in a family, hospitalization, or accidents. All excuses for a student's absence, including medical verification of extended personal illness, must be presented within 7 school days of the student's return to school, or the student's absence shall be considered unexcused and the student not allowed to make up work missed.

REPORTING ABSENCES: The attendance of all school pupils shall be checked each school day and at the beginning of each class period and shall be verified by the teacher keeping such record, which shall be open to inspection by the Director of Student Services or duly authorized representative at all reasonable times. All schools shall immediately report to the Director of Student Services any unexplained, unexcused, or illegal absence, or habitual tardiness. The Director of Student Services shall, after written notice to the parent or legal guardian of a child, or a personal visit of notification, report any such child who is habitually absent or who is habitually tardy to the family or juvenile court of the parish as a truant child, to be dealt with in such manner as the court may determine.

APPEAL OF ABSENCES: When a student exceeds the maximum number of absences allowed, the parents or student may make a formal appeal to the principal if they feel any of the absences are because of extenuating circumstances. If they feel that the decision is unfavorable, they shall appeal to the Superintendent or his/her designee. After a review by the Superintendent or his/her designee, a decision shall be made and communicated to the parents or legal guardian by letter. High school students in danger of failing due to excessive absences may be allowed to make up missed time in class sessions held outside the regular class time. The make-up sessions must be completed before the end of the current semester and all other applicable policies must also be met.

TARDINESS: A student shall be considered tardy to class if the student is not in the classroom when the bell to begin class ceases. A student shall be considered tardy to school if the student is not in his/her homeroom/first period class when the bell to begin homeroom/class ceases. Tardy shall also mean leaving or checking out of school unexcused prior to the regularly scheduled dismissal. Habitual tardiness on the part of students shall not be tolerated. Students who exhibit habitual tardiness shall be subject to disciplinary action, appropriate under the circumstances. Parents of students who continue to be tardy shall be notified for a conference with the principal, and the student may be subject to suspension from school and the parent/legal guardian subject to court fines or community service.

EARLY DISMISSAL:

1. There should be an emergency or doctor's appointment in order to check a student out early.
2. Perfect attendance should not be granted to persons who leave early except in extenuating circumstances as determined by the principal.
3. Teachers should be sure to document in his/her roll book for students leaving early.
4. Early dismissal shall be treated the same as tardiness on a per semester basis.

ABSENCES AND EXCUSES REGULATIONS (November 7, 2019): Any time a student is absent from school, he/she must have a written excuse for that absence from a parent or legal guardian or attending physician. This also includes parts of days missed (example: checking in or out). Doctors' excuses are to be sent in within 7 days following a visit to the doctor. All excuses must include the first date of treatment and the discharging date. Doctors' excuses will not be accepted after this period of time.

1. First Day: The student is notified when he/she returns to school to bring a note from the parent or guardian.
2. Second Day: The school may contact the parent or guardian.
3. Third Day: The absence becomes unexcused.

EXCUSES:

1. Absenteeism will be excused on the basis of the following state and parish-approved reasons for being absent:
 - A. Personal illness.
 - B. Extreme illness in the immediate family.

- C. Death in the immediate family.
 - D. Recognized religious holidays.
 - E. School-sponsored activities.
 - F. Extenuating circumstances (see TPSS POLICY JBD: Absences and Excuses)
2. Excuses will be given by the principal or his/her designee for any of the above reasons based on a note from the parent, guardian, or attending physician. Parents and guardians are allowed only 3 written excuses per semester.
 3. For excused absences (as marked on excuse form from the office), students will have an opportunity within 3 days of return to make up missed work, including tests. It is the student's responsibility to ask the teacher for make-up work.
 4. Students with "excessive absences," and/or 3 unexcused absences accumulated will be reported to the TPSS Student Services Office.
 5. A student must be in school for either 4 periods or the equivalent of 2/3 of his/her student day to be counted present and to be allowed participation in extracurricular activities.
 6. A student has up to 7 school days (up to 12 days if the doctor or hospital is out of the local area) from time of re-entry to school to bring a doctor's excuse. The doctor's excuse should contain the date of the first day of treatment and the date of the last day of treatment or discharge.
 7. The school will notify parents after a child has missed 3 days of unexcused absence.
 8. The school will notify parents after a child has missed 5 school days in schools operating on a semester basis and 10 school days in schools not operating on a semester basis. If verbal notification cannot be made, the school shall provide written notification to a child's parent, tutor, or legal guardian of such absences.

TRUANCY: The Tangipahoa Parish School Board recognizes truancy as absence from class or school for any portion of a period or day without permission from home or school. Students shall not be allowed to leave the campus without proper permission at any time during the school day, including before school begins, after school while waiting for their bus, or any disciplinary session which the student has been directed to attend. Students shall remain on the campus at all times unless granted permission to be off-campus, or be subject to disciplinary action. Violations of attendance laws and regulations may lead to suspension and/or expulsion from school.

School personnel shall be expected to make every reasonable effort to assist a child who is habitually absent or tardy. A student shall be considered habitually absent or habitually tardy when either condition continues to exist after all reasonable efforts by any school personnel, truant officer, or other law enforcement personnel have failed to correct the condition after the fifth (5th) unexcused absence or fifth (5th) unexcused occurrence of being tardy within any school semester. Any student who is a juvenile and who is considered habitually absent from school or habitually tardy shall be reported by visiting teachers and Supervisors of Child Welfare and Attendance to the family or juvenile court of the parish or city as a truant child.

TARDY: For the purpose of notification, tardy shall include, but not be limited to being late to school or leaving or checking out of school unexcused prior to the regularly scheduled dismissal time at the end of the school day. However, it shall not include reporting late to class when transferring from one class to another during the school day.

GUARDIAN RESPONSIBILITY: With regard to any student in grades K-8 who is considered habitually absent or tardy in any case where the student is the subject of a court-ordered custody or visitation plan, the parent or legal guardian who is lawfully exercising actual physical custody or visitation of the student shall be responsible for the student's attendance at school on those days and shall be solely responsible for any absence or tardiness of the child on such days.

ATTENDANCE REPORTS FOR STUDENT DRIVERS: In accordance with state law, students are obligated to attend school regularly and be in attendance a minimum number of days during the school year. In order for a minor to obtain or renew a driver's license or learner's permit for the operation of a motor vehicle, the minor shall present evidence to the Office of Motor Vehicles that he or she is enrolled and attending school or a recognized program or has completed the required minimum units

of credit for graduation. Upon Request of any minor who is enrolled and attending a school and who is eligible to apply for a driver's license, the Superintendent, principal, or appropriate designee shall provide to him/her documentation of his/her meeting the required attendance requirements.

A student who does not meet the required minimum school attendance provisions may be subject to denial or suspension of his/her driver's license or learner's permit. It is the policy of the Tangipahoa Parish School Board to provide written notification of a minor student who has been determined by the principal to be a dropout or habitually absent or tardy to the Louisiana Office of Motor Vehicles for denial or suspension of driving privileges.

In addition, a minor student's driver's license or permit may also be suspended when written notification is received by the Office of Motor Vehicles from the principal that the minor student has been expelled or suspended from school or assigned to an alternative educational setting for 10 or more consecutive school days. Such disciplinary action shall be limited to expulsions, suspensions, or alternative educational assignments for infractions involving the sale or possession of drugs, alcohol, or any other illegal substance, the possession of a firearm, or an infraction involving assault or battery of a member of the school faculty or staff.

The School Board, through the principal, shall provide written notification to any minor whom the principal has determined to be a dropout or habitually absent or tardy and his/her parent or guardian that the principal intends to subject the minor to driver's license denial or suspension. The written notification shall advise the minor of his/her right to seek a hearing of the School Board of such determination or to make a request of the School Board to obtain a hardship waiver within 15 days of the mailing of the notification. The principal shall send a copy of the notification to the School Board.

If the School Board is notified of a request for a hearing or a request for a hardship license within 15 days after the date of mailing the written notification, the School Board shall hold a hearing to make a determination upon such request. If no such request is received by the School Board, or if the School Board determines after a hearing that such student is a dropout or is habitually absent or tardy and is not entitled to a hardship waiver, then the School Board shall provide written notification to the Office of Motor Vehicles that the minor's license should be suspended or denied.

HARDSHIP WAIVER: The School Board may waive the attendance requirements for any minor for whom a personal, family, or economic hardship requires the minor to have a driver's license for his/her own, or his/her family's employment or medical care as provided in [La. Rev. Stat. Ann. §17:226](#). The minor or his/her parent or legal guardian may present other evidence that indicates compliance with attendance requirements outlined in state law at the waiver hearing. The School Board shall notify the *Office of Motor Vehicles* of the outcome of the minor's hardship waiver hearing within 24 hours after conducting the hearing.

DEFINITIONS (for purposes of this Policy): 1) **Dropout:** a person 15 years of age or older but less than 18 years old, who was enrolled in a school and withdrew, or who was enrolled at the end of the previous school year and is not enrolled on October 1 of the following school year, or who has more than 10 consecutive days of unexcused absences from school or 15 days total unexcused absences during a single semester. *Dropout* does not mean a person who is 1) temporarily absent due to illness, suspension, or expulsion; 2) attending or has graduated or completed another educational program approved by the Louisiana Board of Elementary and Secondary Education; or 3) transferred to a nonpublic school, a correctional institution or an approved home school program, or moved out of state. 2) **Habitually absent or tardy:** when either condition continues to exist after all reasonable efforts by a principal or other appropriate authority have failed to correct the condition after the 5th unexcused absence or 5th unexcused occurrence of being tardy within any month, or if a pattern of 5 absences a month is established or as otherwise provided in [La. Rev. Stat. Ann. §17:233](#). 3) **Minor:** unemancipated child who is at least 15 but less than 18 years of age.

MEDICAL INFORMATION

COVID-19: The Tangipahoa Parish School System will take the necessary precautions established by the Louisiana Department of Health and Hospitals (LDHH) and the Louisiana Department of Education (LDOE) in maintaining the health and safety of our students. Students with COVID-like symptoms will be sent home, and the school nurse at your child's school will inform you of the current protocol and guidelines. It is imperative for you to provide your child's school with up to date contact information in case the child becomes ill at school.

PICKING UP A SICK CHILD FROM SCHOOL: If you are notified by the school that your child is ill, you must make arrangements to have your child picked up from school within one (1) hour.

CHRONIC MEDICAL CONDITION(S) AND/OR HEALTH PROBLEM(S): In order for proper care to be provided for students at school, it is the responsibility of the parent/guardian to notify the school nurse when a student has a chronic medical condition or health problem. This **MUST** be done at the beginning of every school year, or as soon as the parent/guardian becomes aware of the student's condition throughout the school year if the child's medical condition changes. This will enable the parent/guardian to discuss with the school nurse the care the child may need at school. Some examples of chronic medical conditions are seizures/epilepsy, diabetes, asthma, celiac disease, and/or severe allergic reactions to insects or food that require the use of an Epi-pen or Benadryl during the school day.

DETERMINING WHEN A CHILD SHOULD NOT ATTEND SCHOOL: Parents/guardians should carefully consider their child's statement of feeling ill. The following guidelines will help determine when a child should **NOT** attend school:

- ***Diarrhea/Vomiting: Students who are vomiting or having diarrhea (2 or more watery stools) will be sent home from school and will not be allowed to return until they are symptom free for 24 hours. Children should be kept home if they were vomiting or experiencing diarrhea during the night.***
- ***Fever: Students who have a fever of 100.4° F or higher will be sent home. Students will be readmitted after they have been fever free for 24 hours without the use of fever reducing medications, i.e., Tylenol, Motrin, and Advil. (Please refer to the protocol concerning student absences.)***
- ***Pink Eye: Symptoms of pink eye such as eye drainage, crusty eyelids, redness on the white part of the eyes, swelling, and itching may indicate pink eye, which is a contagious disease. Children with these symptoms will be sent home and should be seen by a doctor for a diagnosis. A doctor's excuse that states **WHEN** the student will be allowed to return to school will be required. No eye drop medication is allowed at school.***
- ***Rash/Lesions: A student with an undiagnosed rash or lesions will not be allowed to stay at school. Skin rashes or lesions will be considered possibly contagious. A doctor's excuse is required in order for the student to return to school.***
- ***Boils: Students with boils must be seen by a doctor and must remain home for 24 hours after starting antibiotics. A doctor's note will be required in order for the student to return to school, and when he or she returns to school, the boil must be covered.***
- ***Head Lice: To help prevent the spread of head lice infestations, school employees shall report all suspected cases of head lice to the school nurse or trained school personnel. The student shall be examined to determine an infestation by looking closely through the hair and scalp for nits or live lice. If an active infestation is present, based on the presence of live lice or many nits less than ¼ inch from the scalp as per the American Academy of Pediatrics (AAP), the parent/guardian shall be notified to arrange pickup of their child from school. The parent/guardian shall be provided information on the biology of head lice, methods to eliminate infestation, and directions***

to examine household contacts for infestation. (See back the exclusion form.) According to the AAP, nits more than ¼-inch from the scalp indicate the infestation is probably old and no longer active and does not need to be treated. If the recommended lice product has been used, students may return to school with minimal nits present. The parent/guardian must bring the student to school and remain until the school nurse or trained personnel determines if the student may return to class. If live lice are found, one additional excused day may be given. Before re-admittance to the classroom, the school nurse or trained school personnel shall re-examine the student's head for an active infestation. Students should not miss more than one (1) day of school for the treatment of head lice. Additional days will be considered unexcused.

IMMUNIZATIONS: Students entering school for the first time shall present a completed or up to date immunization record (Louisiana State Law Statute LA R.S. 17; 170). All students entering 6th grade **AND 11 years old** or any student who is 11 years old (regardless of grade) shall present evidence of age- appropriate vaccinations including a Tdap booster, meningitis vaccine and a second varicella (chickenpox) vaccine. All students entering 11th grade **AND 16 years old**, or any student who is 16 years old (regardless of grade) shall present evidence of age-appropriate vaccinations including a second Meningitis vaccine.

Students who have not received proper immunizations may not be allowed to come to school if there is an outbreak of communicable disease at school (chickenpox, measles, pertussis, etc.). If an outbreak of a vaccine-preventable disease occurs, upon the recommendation of the state office of public health, school administrators may exclude from attendance unimmunized students until the appropriate disease incubation period has expired, or the unimmunized person presents evidence of immunization. Students may participate in school without the required immunizations if either of the following are present: 1) A written statement from a provider stating the procedure is contraindicated for medical reasons; or 2) a written letter of dissent from the parent or guardian. Letters of dissent must be completed by the legal parent or guardian and submitted to the school nurse. You may obtain the form from the school nurse or from the TPSS website under "School Nursing Services." If this dissent is due to a medical reason, a written statement from the doctor must be received.

VISION AND HEARING SCREENING: Students' vision and hearing are screened by the school in Pre-K, Kindergarten, grades 1, 3, 5, 7, 9 and 11, and from parent or teacher referrals. If a problem is detected, a note will be sent home to the parent referring them to their physician for a more complete evaluation.

POST-SURGERY, HOSPITALIZATION OR DENTAL PROCEDURES: If a student is hospitalized, has surgery, or a dental procedure requiring sedation, he or she must bring a note from the physician or dentist allowing the student to return to school and including any restrictions, etc.

MEDICATIONS: Parents/guardians should contact the school nurse if his or her child needs to take medications (prescription and/or over-the-counter) for chronic conditions at school. State law requires a Medication Administration Form to be completed by the physician and parent/guardian. If a student is prescribed a new medication, he or she must remain at home for one (1) day after the first dose of the new medication in order to be observed for adverse reactions.

MEDICATION ADMINISTRATION GUIDELINES: Medications given at school should be limited to those which cannot be administered before or after school. Emergency medications may be administered at school. A written Medication Order from a physician or dentist licensed to practice medicine in Louisiana or an adjacent state (TX, AR, or MS), or any other prescriber authorized in the state of Louisiana to prescribe medication or devices is required. A Medication Order is also necessary for medications that might ordinarily be available over the counter. The Medication Order must be written on the "Medication Order Form" approved by the Tangipahoa Parish School System. This form may be obtained at the school office or on the TPSS website (www.tangischools.org). Orders for multiple medications on the same form, incomplete forms, or a form with a prescriber's stamp will not be

accepted. The Parent/Guardian Request and Authorization for Medication Administration Form must be completed.

Students are not allowed to transport medications to school. Medication must be delivered to school by a parent/guardian in a properly labeled container as dispensed by the pharmacist. The parent/guardian should get two (2) containers from the pharmacist for each medication to be given at school so there is proper labeling for the medication to be given at home and at school. If the medication is not properly labeled and does not match the physician's order exactly, it cannot be given. Only a thirty-five (35) school day supply of medication may be brought to school. The initial dose of a medication must be administered outside of the school jurisdiction with sufficient time for observation for adverse reactions. At the beginning of each school year and any time there is a change in medication (e.g. dosage or time), a new Medication Order Form and a new Parent/Guardian Request and Authorization for Medication Administration Form must be completed. Under no circumstances will a parent be allowed to make changes to a medication (e.g. dosage or time) without a written Medication Order. An appointment must be made with the school nurse if new medication will be brought to school and if a change in a medication order occurs.

ATHLETICS

The Tangipahoa Parish School Board is committed to the belief that for the learning process to be complete, additional student activities, such as athletics, must be an integral part of the educational program. Interscholastic athletics may be made available for students in the schools of the school district. The Superintendent or his/her designee shall develop and maintain an athletic program in the school district that emphasizes participation of all students. The conduction of all athletic programs within the school district shall comply fully with regulations of the Louisiana High School Athletic Association (LHSAA) and policies of the Board. The Board shall allow students to participate in as many sports activities and academic activities as he/she is capable of participating in without fear of reprisal.

Students participating in a home study program approved by the Louisiana Board of Elementary and Secondary Education (BESE) may be eligible to participate in interscholastic athletic activities at a high school that is a member of the Louisiana High School Athletic Association (LHSAA). To be eligible to participate, the home study student shall meet each of the following requirements:

1. The student shall be subject to the same residency or attendance zone requirements as other students participating in the athletic activity.
2. The student's parent or legal guardian shall make a written request for the student to participate in interscholastic athletic activities to the principal of the school providing the activity. Such request shall be made not later than the first eleven (11) days of the school year.
3. The principal of the school providing the athletic activity shall approve or disapprove such written request within thirty (30) days after receipt by the principal of all information and documentation requested by the principal from the student or the student's parent or legal guardian, or both. Such information and documentation shall be as noted in item 5 below, as well as information and documentation that is required of other students relative to participation in the athletic activity. The decision by the principal to approve or disapprove the written request for the student to participate shall be final.
4. If participation is approved, then at the time of participation in the athletic activity, the student and the student's home study program shall be in full compliance with all guidelines, standards, and requirements established by state law for home study programs.
5. The student shall submit documentation from BESE that the student is in a home study program approved by BESE. The student shall submit a copy of his/her transcript showing units of study completed or in progress, the grades earned for such study, and his/her cumulative grade point average.
6. The student shall be required to meet academic standards required of other students to participate in the athletic activity.

7. The student shall be required to meet all other standards and requirements applicable to a student participating in the athletic activity, including but not limited to tryouts, practice time, codes of conduct and student discipline, physical exams, proof of age, permission forms, waivers, required paperwork, fees, and transportation arrangements but excluding any requirements that the student be enrolled in or attend the school, or both.
8. The student shall be required to meet conditions applicable to students at the school relative to having any required insurance coverage either by participating, if otherwise eligible, in insurance programs offered through the school or school system or by providing for such insurance coverage in another manner.

After a decision is made by the principal to approve a request for the student to participate, then the student shall participate in any tryouts for such activity at the same time and in the same manner as other students who want to participate in the same activity.

Any home study student who provides, or on whose behalf others provide, any false representation, documentation, or verification of the student's qualifications for the purpose of meeting eligibility requirements to participate in interscholastic athletics shall be ruled ineligible to participate in accordance with policies of the LHSAA and shall be subject to the same penalties as other students. Likewise, a school determined to be knowledgeable of any false representation, documentation, or verification of a home study student's qualifications for the purpose of meeting eligibility requirements to participate in interscholastic athletics shall be subject to penalties as established by the LHSAA for use of an ineligible student athlete.

A student who has been enrolled in a public or nonpublic school during the school year in which the student begins home study or during the previous school year and who was determined ineligible to participate in one or more interscholastic extracurricular activities at such school for reasons related to student conduct or academic performance, or both, shall be ineligible to participate in interscholastic athletic activities for one (1) calendar year from the date the student was determined ineligible.

A student who has been enrolled in a public or nonpublic school during the school year in which the student begins home study shall not be eligible to participate in interscholastic athletic activities during the remainder of that school year nor during the following school year.

PARTICIPATION REQUIREMENTS: No student shall be permitted to practice or participate in any interscholastic athletic program in any public school of the Tangipahoa Parish School Board until such student shall have furnished to the principal of the school documentation that he/she has met the following requirements:

1. Evidence of having had a physical examination by a licensed physician who shall have completed documentation as required by the Louisiana High School Athletic Association (LHSAA).
2. Properly complete a School Entrance and General Health Exam Form/LHSAA Medical History and pass a medical examination by a licensed physician prior to the first time he/she participates in a sport in a LHSAA school. Physicians may continue to use the original LHSAA Sports Physical Form in performing sports physicals. In addition, parents shall be required to complete the Authorization for Release of Confidential Information.
3. Once a student passes the initial medical examination and completes an LHSAA Medical History Form prior to the sports season in which he/she participates, he/she shall annually pass any medical screening or medical examination required by a licensed physician and shall update his/her LHSAA Medical History Form as required.
4. A copy of all completed and signed medical examination and participation/release of information forms (and any others required by the School Board) shall be on file at the school for every student before he/she practices or participates in interscholastic athletics during that school year.
5. An agreement signed by the student's parent(s) or legal guardian(s) to hold the School Board and its members, employees, agents, assigns and insurers harmless from and against any liability for any accidents involving the student while participating in such athletic activities and any injuries suffered by the student during, or as a result of, such participation. The agreement shall also authorize team physicians to treat the student in the event of an injury requiring emergency treatment.
6. Students shall sign a form consenting to random drug screening and must obtain the written consent of their parent(s) or guardian(s) for said tests in order to be eligible to participate in any athletic activity. (See policy IDFAA, Drug Testing of Athletes)

Adherence to the rules of athletic representation and participation shall be strictly enforced by the Board. Any violations of athletic rules shall be immediately reported to the Superintendent by the principal. In the event that a member school, member school principal, or member school coach is penalized or cited by the LHSAA due to a violation, the athletic director, principal, and coach involved shall provide a full report to the Superintendent. If found warranted, the Superintendent in turn shall make a report to the School Board with pertinent recommendations for disciplinary action.

TPSS endorses the scholastic eligibility requirements as a condition for participation in high school extracurricular activities as stipulated by the LHSAA. Scholastic requirements shall be as follow:

1. To be eligible for the first semester of the school year, a student shall have earned at least six (6) units from the previous school year, which shall be listed on the student's transcript, and shall have at least a "C" average as determined by the School Board when considering all "graded" subjects.
2. To be eligible for the second semester of the school year, a student shall pass at least six (6) subjects from the first semester. A senior attempting four (4) units in the first semester must pass all four (4) units to be eligible in the second semester. Likewise, a senior attempting five (5) units in the first semester must pass all five (5) units, and a senior taking six (6) or more units in the first semester must pass six (6) units for second semester eligibility.
3. The LHSAA includes specific eligibility rules for special education students which must be met for their participation.

Individual schools or the School Board may set higher, but not lower scholastic requirements for interscholastic athletic participation. Athletes shall have either school student insurance or a signed statement from the parent showing that the student is otherwise covered for any accident or injuries that may occur during any athletic participation. No students shall be allowed to practice or participate in interscholastic athletics until this requirement has been met.

STUDENT PROGRESS CENTER FAMILY PORTAL

The TPSS is committed to including parents/guardians in the educational process, and one way to accomplish this is through a web application called “Student Progress Center.” This online system allows parents/guardians a safe and secure means of reviewing their child’s class assignments, grades, attendance records, discipline, transcripts, fees, and other information. Current grades are posted for every subject a student takes. When teachers enter test and assignment grades, the student’s average is shown, thereby allowing parents/guardians the ability to monitor the child’s progress in each subject. For more information regarding OnCourse Connect, parents/guardians should contact the child’s school. Forms and user guides may be found on the TPSS website (www.tangischools.org) under “Families.” Families will receive information for setting up an account through email.

STUDENT EVALUATION REPORTS AND PROGRESS REPORTS

➤ ELEMENTARY STUDENTS:

Student Evaluation Reports (report cards) will be issued to elementary students at the end of each 9-week period.

➤ HIGH SCHOOL STUDENTS:

- *A Progress Report will be issued to high school students every 9 weeks.*
- *Formal Student Evaluation Reports will be issued at the end of the first and second semester.*

TEXTBOOKS

Textbooks are issued to students at the beginning of each year or semester, as applicable. Students are responsible for the proper use and care of textbooks and other materials of instruction that are on loan during the school year. If textbooks that are issued are lost, the student must pay the full cost of the textbook in order for a replacement to be provided. If textbooks that are issued become damaged, the student will be assessed a fee for damages. Extreme damages will result in full payment of the cost of the textbook. Some classes use classroom sets of textbooks that are not issued to students; however, a textbook may be checked out for home use when needed.

The selection of students for Honor Roll recognition or Principal's Achievement Roll recognition will be determined by the grades earned in academic subjects only. Students who receive a "D" or "F" for a nine-week grade will **NOT** be eligible for the Honor Roll. A student is **NOT** eligible to receive Honor Roll recognition if his or her promotion is in danger. Conduct is not an academic subject area; therefore, it is **NOT** a factor to be used in selection of students for Honor Roll recognition.

HONOR STUDENTS: Beginning with the freshman class of 2008-2009, to be eligible to compete for scholastic honors in a particular TPSS school, a student must have been registered in that school for the final semester of his/her senior year (90 days). Should the student fail to register during the first 10 days of the spring semester because of personal illness or illness in the family, this fact must be substantiated by a doctor's certificate. The high school average of all semester grades is used in determining the honor students. To determine who shall be the honor students in the graduating class, the following procedure will be followed: All subjects in which credit was received shall be listed in the transcript sent to the Louisiana Department of Education. The cumulative grade point average (GPA) on the official transcript will be used as a basis for determining who will be honor students. Public recognition of honor students should be given at commencement exercises. Students will be recognized as honor students by using the following system: Summa Cum Laude-4.0 GPA, Magna Cum Laude-3.999-3.50 GPA, and Cum Laude-3.499-3.00 GPA.

ACCELERATION (Grades K-8 and 9-12 Criteria): Policies and procedures that address the placement of students who show evidence that they will benefit more from the instructional program at an advanced grade level may be found on the TPSS website (www.tangischools.org).

TITLE I FAMILY ENGAGEMENT CENTER

Parent and family engagement is a priority of the School Board for children to learn and achieve academic success. Parents and families provide the primary educational environment for children; consequently, parents are vital and necessary partners with the School Board throughout their children's elementary and secondary school careers.

The concept of parent and family engagement shall include programs, services, and/or activities on the school site, as well as contributions of parents outside the normal school setting. Federally funded Title I Family Engagement Center offers free services to all parents whose children attend Title I schools or who meet the guidelines of schoolwide programs. Children do not have to be school age. Family Engagement Center encourages and supports efforts by families to take a more active role in their child's learning by 1) offering family training sessions (computer, computer lab, etc.) to guide families in helping their children with school work; 2) guiding families in preparing their young children for future entry into the School System; 3) loaning educational materials (student workbooks for summer review, readiness materials for young children, etc.) to families; and 4) providing individual consultations to families seeking guidance in improving their child's academic skills.

Family Engagement Center follows the Tangipahoa Parish School System school calendar. The Elementary Secondary Education Act (ESSA) requires Title I schools to give timely information regarding the professional qualifications of their child's classroom teachers and paraprofessionals, if requested by parents or guardians. If the Tangipahoa Parish School System Title I Program is not providing services in accordance with state and federal regulations, a parent may file a complaint in accordance with the following: *Louisiana Handbook for School Administrators, (Bulletin 741, Section 349)*.

TRANSFER OF EXCEPTIONAL STUDENTS:

Exceptional students with a current Individual Education Plan (IEP) who transfer for any reason from one approved public school to another [within the parish or from another Louisiana school system](#) will be placed in the appropriate special education program as specified on the Services/Placement Section of the Individual Education Plan (IEP) within 5 days of enrollment. Exceptional students who transfer from out of state, migrant and/or private school must present documentation of a current IEP and/or individual evaluation that meets Bulletin 1508 eligibility requirements from the transferring school. Students with this documentation will be placed in the appropriate special education program as specified on the IEP within 10 days of enrollment. If the exceptional student has a current IEP, but has no individual evaluation from the transferring school, the student will be interim placed in the appropriate special education program as specified on the IEP within 10 days of enrollment.

Upon receipt of the individual evaluation, the evaluation will be reviewed by Pupil Appraisal personnel to determine if the evaluation meets Bulletin 1508 eligibility criteria. If the evaluation meets Bulletin 1508 criteria, the IEP committee will conduct an initial IEP for the student. If the evaluation does not meet Bulletin 1508 criteria, an initial evaluation will be conducted concurrently with the Interim IEP.

[An out of state transfer](#) student whose evaluation does not meet Bulletin 1508 but who exhibits a low-incidence disability condition will be placed on an interim IEP in order for the initial evaluation to be completed. Upon completion of the evaluation, an initial IEP will be completed if Bulletin 1508 criteria are met.

When a previously identified exceptional student enters school from a home study plan, his or her evaluation will be reviewed by Pupil Appraisal Personnel. If the evaluation is current (within the last 3 years), an IEP meeting will be held within 30 calendar days to determine placement. Students whose multidisciplinary evaluation has expired (3-year timeline) shall be placed in the regular education program in accordance with local policy. The student will be referred to the Student Assistance Team (SAT) to initiate an evaluation to determine the need for special education and/or related services. If the evaluation is not current (within the last three years), Pupil Appraisal personnel will review to assist the school in determining the appropriate placement (i.e., Interim placement or SAT).

No student who has been expelled in accordance with state law from any school in the state will be admitted to any school in the TPSS except upon the review and approval of the Board. No student who has been expelled from any school outside the state of Louisiana or any nonpublic school within Louisiana for committing any of the offenses enumerated in state law shall be admitted to any school in the TPSS except upon the review and approval of the governing body of the admitting school.

[DISCIPLINE PROCEDURES FOR STUDENTS WITH DISABILITIES:](#) Discipline procedures for children with exceptionalities in the TPSS are developed and implemented in accordance with the Individuals with Disabilities Education Improvement Act of 2004, the federal law governing the provision of a Free Appropriate Public Education (FAPE) for the discipline of students with disabilities; Louisiana Bulletin 1706 Subchapter B: Discipline Procedures for Students with Disabilities and §530; and Tangipahoa Parish School Board policy. School personnel may remove a student with a disability or suspected disability who violates a code of student conduct from his or her current placement to an appropriate interim alternate educational setting, another setting, or suspension for not more than 10 consecutive school days, to the extent that those alternatives are applied to students without disabilities. Additional removals of not more than 10 consecutive school days in the same school year for separate incidents of misconduct are allowed, as long as the removal does not constitute a change of placement. A change of placement occurs if a student with a disability is removed from his or her current educational placement for more than 10 consecutive school days, or a student with a disability is subjected to a series of removals, cumulating to 10 or more days, that constitute a pattern because of factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another.

After a student with a disability has been removed from his or her current placement for 10 school days in the same school year, during any subsequent days of removal the school district must provide services that enable the student to participate in the general education curriculum and progress toward meeting his or her IEP goals. In addition, the student should receive a functional behavioral assessment and behavioral intervention plan designed to address the behavior violation so that it does not recur.

Whenever an action involving a removal that constitutes a change of placement for a student is contemplated, a Manifestation Determination Review is required. Within 10 school days of any decision to change the placement of a student with a disability because of a violation of a code of student conduct, the IEP team shall review the evaluation and diagnostic results and other relevant information supplied by the parent or the student, consider observations of the student, and consider the student's IEP and placement to determine if the conduct in question was caused by, or had a direct and substantial relationship to the student's disability; or if the conduct in question was the direct result of the district's failure to implement the IEP. On the date that the decision is made, school personnel shall notify the parents of that decision and provide the parents the procedural safeguards (Louisiana's Educational Rights of Children with Exceptionalities in Public Schools).

For disciplinary changes in placement due to behavior that violates a code of student conduct that exceed 10 consecutive days: If school personnel, the parent, and members of the student's IEP team make the determination that the conduct was not a manifestation of the student's disability, school personnel may apply disciplinary procedures to students with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities, except the student should continue to receive educational services. School personnel and at least one of the student's teachers should determine the extent of services needed for the student to participate in the general education curriculum and progress toward meeting his or her IEP goals. In addition, the student should receive a functional behavioral assessment and behavioral intervention plan designed to address the behavior violation so that it does not recur. If a behavioral intervention plan has already been developed, the current plan will be reviewed and modified to address the current behavior. Services may be provided in an interim alternative educational setting, as determined by the student's IEP Team. If school personnel, the parent, and members of the student's IEP team make the determination that the conduct was a manifestation of the student's disability, the IEP Team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for the student.

If a behavioral intervention plan has already been developed, the current plan will be reviewed and modified to address the current behavior. If the school district failed to implement the IEP, immediate steps should be taken to remedy the deficiencies. The student is to return to the placement from which he or she was removed, except under Special Circumstances; or unless the parent and school personnel agree to a change of placement as part of the modification of the behavioral intervention plan.

School personnel may remove a student to an interim alternative educational setting under Special Circumstances for not more than 45 school days, without regard to whether the behavior is determined to be a manifestation of the student's disability if:

- The student carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of the state or any school board (under paragraph (2) of the first subsection (g) of section 930 of title 18, United States Code;
- The student knowingly possesses or uses illegal drugs, sells, or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of the state or any school board (Identified under Schedules I, II, III, IV, or V in Section 202(c) of the Controlled Substance Act (21 U.S.C. 812(c); or
- The student has inflicted serious bodily injury on another person while at school, on school premises, or at a school function under the jurisdiction of the state or any school board (under paragraph (3) of subsection (h) of section 1365 of Title 18, United States Code.

In-school suspensions, in which a student's IEP is being implemented, are not considered removals from a student's current educational setting. All other removals, whether to an alternative school or homebound, are considered changes in placement regardless of whether the student's IEP is being implemented in the alternative setting, unless a reevaluation is conducted and the student's IEP team determines these are the Least Restrictive Environment (LRE).

Any parent of a student with a disability who disagrees with any decision regarding placement or the manifestation determination, or the school district believes that maintaining the current placement of the student is substantially likely to result in injury to the student or others, may appeal the decision by requesting a due process hearing under Bulletin 1706, §507 (Filing a Request for Impartial Due Process Hearing) and § 508 A and B (Due Process Hearing

Request). Ref. LA. Regulations for Implementation of the Children with Exceptionalities Act, Bulletin 1706 Subchapter B: §530. Seclusion/restraint procedures provide guidance for the use, reporting, documentation and oversight of seclusion and restraint in the TPSS following issuance of regulations by the Board of Elementary and Secondary Education (BESE), Louisiana Department of Education (LDE). These procedures specifically address the statutory requirements of La. R.S. 17:416.21 (Louisiana Act 328 of 2011) and revised Louisiana Bulletin 1706 regarding the use of seclusion and restraint being used as emergency safety measures to control the actions of students with exceptionalities in Louisiana's public schools.

It is understood that this procedural/guidance document is a work in progress and in no way constitutes the totality of interventions and strategies that may be used by the Tangipahoa Parish School Board and its personnel in addressing the educational needs of students with exceptionalities. For the purposes of this document, the TPSS may encompass adopted policies, administrative procedures implemented by school administrators and school employees (as defined herein) and guided forms developed to assist school employees in carrying out their responsibilities under La.R.S.17:416.21 (Act 328 of 2011) and applicable sections of Louisiana Bulletin 1706. You may ask your school administrator for a full copy of these procedures.

Child Nutrition

The Tangipahoa Parish School Board recognizes that schools should play a vital role in promoting student health, preventing childhood obesity, and combating problems associated with poor nutrition and physical inactivity. Thus, a “Wellness Policy” for our school district was created and implemented. This policy is a comprehensive plan to promote physical activity for all grade levels, and encourage consumption of healthier foods throughout the school day.

CEP / FREE MEAL BENEFITS: For the 2022-2023 school year, Tangipahoa Parish School System will continue to participate district-wide in the USDA's Community Eligibility Provision (CEP). CEP is a program that allows all eligible schools to offer one (1) breakfast and one (1) lunch daily at no charge to all students. Meal applications will no longer be used to determine meal eligibility within our Child Nutrition Programs. CEP is a key provision of the Healthy, Hunger-Free Kids Act of 2010.

BREAKFAST: Breakfast is served in all Tangipahoa Parish School System schools. Breakfast service begins with the arrival of buses and continues until the school day officially begins. Each breakfast menu consists of nutritionally balanced menu choices that include fruit, fruit juice, low-fat milk, whole grains/breads, and meat or meat alternates.

LUNCH: Lunch service may consist of at least two menu choices daily. Each lunch menu consists of nutritionally balanced menu choices that include fruit, fruit juice(high school only), low-fat milk, whole grains/breads, and meat or meat alternates. Lunch for students in grade levels Pre-K-4 will only consist of the selected main menu for the day. Lunch for students in grade levels 5-12 shall be given a similar option for lunch, with a choice of a sandwich or the hot entrée choice of the day (Mama's Kitchen). Lunch for high school students shall consist of an option of two menu choices daily: a sandwich, and the hot entrée choice of the day (Mama's Kitchen). Per USDA, all meal components must be met to constitute a reimbursable meal. Breakfast and lunch menus are posted on our district website each month. **NOTE: On half-days of school, breakfast and lunch are scheduled to be served.**

PANDEMIC/SPECIAL EXTENUATING CIRCUMSTANCES MEALS PROTOCOL: In the event of a pandemic, any special extenuating circumstance, or any main school closures, refer to the TPSS district website for more meal service guidance and updates.

SPECIAL DIETARY NEEDS: In order for a child to receive a special diet/menu substitution, federal and state regulations require a current “Special Diet Prescription Form” to be completed annually and signed by your child's physician or recognized medical authority. The completed form must be submitted to the TPSS Child Nutrition Department before any type of changes and/or substitutions are

made to a student's diet. Menu substitutions will be provided at the discretion of the Child Nutrition Services office according to the current food availability. If your child has special dietary needs, please go to the TPSS website, select "Child Nutrition Program" then "Special Diets". Print out the current school year's Special Diet form and submit the completed form to our office. The completed form can then be faxed to the Child Nutrition Department at 985-748-2487 (quickest method) or sent by mail to: Tangipahoa Parish School System, Attn: Child Nutrition Department, 59656 Puleston Road, Amite, LA 70422. Please allow at least 5 business days for processing in the Central Office. Confirmation of process completion will be sent to parent/guardian via contact number/email provided.

EXTRA SALES ITEMS ("SMART SNACKS"): We encourage ALL students to make healthier snack choices that give them the nutrition they need to grow and learn. At the discretion of the school administrator, extra sale items are offered to students after the consumption of a reimbursable meal served from the cafeteria. Students who also bring their lunch to school may not purchase any extra sales items without the purchase of a reimbursable meal served in our cafeterias. Students may only purchase items which consist of 100% juice and "Smart Snacks" approved items. "Smart Snacks" (required by the Louisiana Department of Education and the United States Department of Agriculture) allows schools to offer foods and beverages to students with higher nutritional values, while limiting junk food. This USDA regulation applies to all foods and beverages sold on campus to students during the "school day". All extra sales items must meet the nutritional guidelines of "Smart Snacks." Therefore, soft drinks, candy, etc. can not be sold in the cafeterias. Schools will accept cash payments or the exact amount of money for all extra sales items purchased from the cashier. If funds are available in a student's meal account, the cost of any extra sales items purchased from the student's meal account will be deducted. If parents or guardians do not want extra sales deducted from their child/childrens' meal account, they should notify the school cafeteria immediately, but must communicate to the child he/she must pay the cashier on the point of service line for any extra sales items purchased. Also, to encourage consumption of healthier foods throughout the school day, adults and students are prohibited from taking carbonated beverages and any other outside fast foods into the cafeteria during meal service.

ONLINE PAYMENTS FOR MISCELLANEOUS FOOD ITEMS: Online payments are available through our computer programs and MySchoolBucks online payments systems. Go to our Tangipahoa Parish School System website (www.tangischools.org), choose the tab "MySchoolBucks" from the webpage, or go directly to the site (www.myschoolbucks.com.) A program fee of \$2.75 will be accessed for each transaction made. To set up an account, have student identification information for each child, school name, and payment method (Master Card, Visa, Discover, or e-check) for account information. If you have any questions, please contact the Child Nutrition Department at 985-748-2480 or MySchoolBucks customer service at 1-855-832-5226.

STUDENT ACCOUNTS: If a student ended the year with money in his or her account, the money will be forwarded to the next school year. If the student transfers to another school within the TPSS district the money will also be forwarded to the next school year. If the students transfer out of the district, refunds are available upon request. Please contact your child's school cafeteria or TPSS Child Nutrition Department.

POINT OF SERVICE IDENTIFICATION: Barcode Scanners or Dual key PIN pads are used by the cashiers at each Point of Service (POS) to identify the student. Students should wear ID Badges when present on all school campuses. Students must have an ID badge or barcode card available for cashiers each day.

NON-DISCRIMINATION STATEMENT: In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs).

Remedies and complaint filing deadlines vary by program or incident. Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotope, American Sign Language, etc.), should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at: http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue,

TRANSPORTATION

The goal of the TPSS Transportation Department is to transport student bus riders safely to and from school each day. Parents and guardians are responsible for working with the bus driver and other TPSS personnel to ensure the safety and welfare of their child/children. This can be accomplished by having a cooperative relationship with the school bus

driver through courteous communication and by reminding student bus riders to follow the established rules and procedures included herein.

SPECIAL ACCOMMODATIONS: Parents or guardians should notify the school principal regarding any special medical conditions or accommodations that will affect a student's transportation on the school bus. The "*Special Needs Bus Application & Confidential Medical Information Bus Form*" must be completed for any student who is determined by the IEP Team to require special accommodations to ride the bus.

SCHOOL BUS DISCIPLINE: The school bus is an extension of the school building; therefore, all school bus behavior incidents shall be reported to the principal within one (1) school day. All incidents will be addressed according to the Tangipahoa Parish Student Code of Conduct Handbook.

- Behavior incidents are categorized as either major or minor infractions, and the infractions are documented by the bus driver and submitted to the students' school level administrator. Consequences for documented behaviors are issued by the school principal or the principal's designee.
- Major bus infractions such as fighting, drugs, weapons, inappropriate, bodily contact, may warrant more severe consequences that could include, but not limited to suspension from the bus or out of school suspension or recommendation for alternative placement from school. The school level principal will make the determination of consequences after appropriate assessment protocols and thorough investigation of events have been completed.
- In the case that a bus incident involves students from multiple schools, each school building level principal or designee shall consult with each other to discuss the facts of the case. Each school is responsible for determining the appropriate punishment for the student that attends their school.
- At no time shall the bus operator assume authority for suspending bus privileges or taking disciplinary action.
- A pupil damaging a school bus shall be subject to restitution in addition to a discipline consequence. Any pupil suspended off of the bus for damages to that school bus shall not be readmitted until payment in full has been made for such damage or until his/her re-admittance is directed by the Superintendent.

General Behavior Guidelines

The School District's Code of Conduct is in effect for all students at all times when being transported on school buses to and from school or school activities. Thus, while students may lose the privilege to ride the bus due to their misconduct, the student may also be disciplined according to the District's Code of Conduct, up to and including suspension, recommendation for expulsion, and notification to law enforcement.

The prompt return of the "Verification and Emergency Data Form" to the school bus driver will be appreciated. Students who do not ride a bus on a regular basis should return the form to the school principal.

SCHOOL BUS ISSUES, CHANGES, AND DELAYS: In the event of bus changes, late arrivals, late departures, schools will make every effort to inform parents when prior notice is provided by the Transportation Department. In the event of emergencies and prior notice cannot be made by the school, parents should be assured that students will be brought home on a bus even if it is not the regularly assigned bus.

GUIDELINES FOR PARENTS/GUARDIANS TO ENSURE THE SAFETY OF THEIR STUDENT BUS RIDERS

1. Provide the bus driver with the appropriate phone number(s) and emergency number(s) and notify the school and the second bus driver immediately if any telephone numbers change or are disconnected.
2. Provide the bus driver with pertinent written information regarding any special care the student may need while on the bus.
3. Ensure that the student rider meets acceptable hygiene standards before boarding the bus.
4. Have the child at the designated bus stop at least 5 minutes before designated scheduled time and provide the necessary supervision until the bus arrives.
5. Contact the bus driver to obtain their child's bus stop time and location.
6. Contact the TPSS Transportation Department (985-748-2423) to request a review of the bus stop location if your child is walking more than three-tenths of a mile from the end of their driveway to the bus stop location, if there is a safe alternative. The School System has established that no student will walk more than three-tenths (1600 feet) of a mile from the end of their driveway to the bus stop location, if there is a safe alternative. In the event of inclement weather or other extenuating circumstances, the driver will make the appropriate adjustments to drop the children off at their address, if at all possible.
7. Ensure that any specialized carrying equipment is in safe working order and secure the child into the carrying equipment before he or she boards the bus.
8. Meet the bus upon its return to the designated bus stop at the scheduled time.
9. Make a reasonable and timely effort to notify the bus driver prior to the beginning of the morning run if the child is unable to attend school.
10. Help keep the area to and from the loading area clear of obstacles and unnecessary debris.
11. Help keep bus turnarounds and lanes clear of parked vehicles and garbage cans to provide easy access to bus stops.
12. Call the school in case of an emergency that might prevent the parent from meeting the child at the bus and give the name of the person who will meet the child in place of the parent so the school may give this information to the bus driver. Make sure that this person's name is on the child's emergency information form.
13. Provide transportation to and from school if suspension from the bus is authorized.

14. Cooperate with school and the school bus driver in teaching children safety precautions, and good habits for school bus passengers.
15. Assist when there are disciplinary problems.
16. Try not to distract the driver during loading or unloading and keep conversations with the driver to a minimum, since this may cause traffic delays or an accident. Parents may schedule a conference with the bus driver by contacting the child's school.
17. Refrain from boarding the school bus. It is against the law and School Board policy to verbally abuse the driver or detain the driver from his or her bus route. Individuals who violate this Louisiana Law (Statute 14:122) may be prosecuted.
18. Familiarize yourself and follow local School Board and school-level policies regarding school bus transportation.

SAFETY RULES FOR STUDENT SCHOOL BUS RIDERS

A school bus with undisciplined passengers is a hazardous bus! Student misbehavior can lead to accidents. The driver must concentrate on driving and cannot be expected to constantly supervise the students while the bus is in motion. Therefore, for the safe operation of the school bus, student riders should be aware of and obey the following safety rules:

1. Be on time! The bus cannot wait for you. Cooperate with the driver. Your safety depends on it!
2. Follow the bus driver's instructions when waiting for and leaving the bus. Cross the road cautiously!
3. Have written permission authorized by the principal to get off at a stop other than your own. Parents may request a "Special Transportation Request Form" from the principal of the school the student attends. NOTE: Special transportation requests will be considered on a "space available basis." Students may only reserve space on one bus each morning and one bus each afternoon.
4. Be courteous, safety conscious, quiet, well-behaved and remain in your seat when the bus is in motion.
5. Do not extend your arms, head, or other objects out of the windows and/or doors and do not throw objects in the bus or out of windows and/or doors.
6. The "EMERGENCY DOOR" is to be used only in the case of an emergency. Do not use it at any other time!
7. Help keep the bus clean by not eating and/or drinking on it. Do not use or bring on board the bus alcohol, illegal drugs, tobacco, e-cigarettes, vaping, matches, cigarette lighters, obscene materials, pets, glass objects (except eyeglasses), weapons (including knives), and objects too large to be held in your lap or placed under your seat (including band instruments).
8. Vandalism (damaging the bus by marking on, cutting, tearing, taking apart, etc. the interior or seats) by student bus riders will not be tolerated. Students who damage the bus in any way will be held accountable for paying for damages and their bus riding privileges will be suspended until all monetary obligations have been made to the school district.
9. Keep the center aisle open! Do not put your feet, books, or any other object(s) that may obstruct the walkway in the aisle. Do not fight on the bus! Fighting on the bus can carry the same consequences for students as fighting on the school campus.

PROCEDURES FOR WAITING FOR AND BOARDING THE SCHOOL BUS: Be at the designated bus stop at least 5 minutes before the normal arrival time of your bus dressed appropriately for the weather (jacket, raincoat, etc.). Wait quietly on the sidewalk. If a sidewalk is not present, wait at least 6 feet (3 giant steps) off the roadway. Avoid pushing, shoving, fighting or rough play. Be careful not to damage private property such as flowerbeds, shrubs, etc. and beware of moving vehicles and pedestrians exhibiting unusual behavior.

If you have to cross the roadway to board the bus, be sure to wait for the driver to give you the universal crossing signal before you begin to cross, then cross at least 10 feet (5 giant steps) in front of the bus. Always look in both directions for oncoming vehicles before crossing. Never cross the roadway behind the bus. Make sure the bus driver can see you at all times. When the bus arrives, wait until the bus stops and the door opens. Then, board the bus in single file when the driver tells you to do so and don't push or shove others who are boarding. Use the bus handrails at all times when boarding the bus. Be careful when stepping up on slick steps in rainy weather. Once you are on the bus, proceed to the seat that the bus driver has designated for you, sit down, and be quiet. (NOTE: Factors such as safety, physical disabilities, age, and conduct are determining considerations for seat assignments.)

PROCEDURES FOR EXITING THE SCHOOL BUS: Remain in your seat until the bus arrives at your designated bus stop. Once the bus has stopped, proceed promptly and orderly to the front of the bus. The bus driver will control traffic with the school bus flashing lights and stop arm signal to ensure a safe crossing. Follow your driver's directions and/or signals while crossing. Use the bus handrails at all times when exiting the bus. Be careful when stepping down on slick steps in rainy weather! Be careful that clothing with drawstrings and book bags with straps are not caught in the handrails or doors. If you have to cross the roadway, cross in front of the bus. **NEVER CROSS THE ROADWAY BEHIND THE BUS!** Walk at least 6 feet (3 giant steps) away from the side of the bus and then at least 10 feet (5 giant steps) in front of the bus. Wait for the driver to give you the universal crossing signal before you begin to cross. Always look in both directions for oncoming vehicles before crossing. Be sure that the bus driver can see you at all times. If you drop something near the bus, tell the bus driver. Never try to pick it up because the driver may not be able to see you. Walk directly home by the safest route. Do not go to your mailbox or to a friend's house. Avoid trespassing on private property and beware of moving vehicles and pedestrians.

PROCEDURES IN CASE OF AN ACCIDENT OR EMERGENCY: All students who ride the bus on a regular basis should be aware of the procedures to follow for emergency evacuation of the school bus. Students who do not ride a bus to and from school on a regular basis must also be instructed on these procedures for extra-curricular activity trips. Report any emergency (fire, smoke, injured or sick student, etc.) to the school bus driver. Remain calm and encourage others to do the same. Stay in your seat until the driver tells you what to do or until you are sure of what is the safest move to make. Do not panic or move without thinking. Do not move injured persons unless absolutely necessary. Do not touch emergency equipment or door control handles unless told to do so by the bus driver, except in the case of an extreme emergency and you are the closest person to the door.

PROCEDURES FOR EMERGENCY EVACUATION OF A SCHOOL BUS: Emergency exits of the bus are as follows: rear emergency door, front entry door, windows, windshield, large rear glass, and roof-mounted escape hatches. In an emergency situation, leave everything on the bus. Your life is more important than your coat, purse, book sack, or lunch box. Passengers closest to the exit should leave first and clear the exit quickly so others can follow. Older students should offer to assist younger students when exiting. If a young child cannot open the door, an older child or two small children could open it. Kick out windows if doors are blocked or stuck. If there is a need to jump from the bus, bend your knees to cushion your landing. Move away from the bus to a safe area off the roadway or street. If the driver is injured, seek help from passing automobiles or from the nearest house.

TPSS POLICY

TITLE IX SEXUAL HARASSMENT: The Tangipahoa Parish School Board desires to provide a safe school environment that allows all students equal access and opportunities in the School District's academic, extracurricular, and other educational support programs, services, and activities. The School Board does not discriminate on the basis of sex in the education program or activity that it operates. The School Board is required by Title IX of the Education Amendments of 1972 (Title IX) and Part 106 of Title 34 of the United States Code of Federal Regulations not to discriminate on the basis of sex in the education program or activity that it operates, including admission and employment. The School Board recognizes that sexual harassment is a form of discrimination on the basis of sex and the School Board prohibits sexual harassment as defined by Title IX and Part 106 of Title 34 of the United States Code of Federal Regulations. Any person may report discrimination based on sex, including sexual harassment, in person, by mail, by telephone, or by electronic mail to the School Board's Title IX Coordinator at any time, including during non-business hours. The Tangipahoa Parish School Board's Title IX Coordinator's name and contact information is provided to applicants for admission and employment, students, parents or legal guardians, school students, employees, and published in the Student Code of Conduct, and on the School Board's website. Reports of and inquiries regarding unlawful sex discrimination may also be made to the Assistant Secretary for Civil Rights of the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20202-1100, Email: ocr@ed.gov, 1-800-421-3481. The School Board's Title IX Coordinator shall be authorized to coordinate the School Board's Title IX obligations.

DEFINITIONS (as used in this policy):

Actual knowledge: notice of sexual harassment or allegations of sexual harassment to the any employee of the School Board. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the School Board with actual knowledge is the respondent.

Complainant: an individual alleged to be the victim of conduct that could constitute sexual harassment.

Formal complaint: a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the School Board investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the Tangipahoa Parish School Board with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator under and by any additional method designated by the School Board. As used in this paragraph, the phrase document filed by a complainant means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the School Board) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator shall not be a complainant or otherwise a party to any grievance procedure, and shall at all times comply with Title IX and Part 106 of Title 34 of the United States Code of Federal Regulations.

Notice: whenever any employee witnesses sexual harassment, hears about sexual harassment or sexual harassment allegations from a complainant (i.e., a person alleged to be the victim) or a third party (e.g., the complainant's parent, friend, or peer), receives a written or verbal complaint about sexual harassment or sexual harassment allegations, or by any other means.

Respondent: an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Sexual harassment: conduct on the basis of sex that satisfies one or more of the following:

- An employee of the Tangipahoa Parish School Board conditioning the provision of an aid, benefit, or service of the Tangipahoa Parish School Board on an individual's participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the Tangipahoa Parish School Board's education program or activity; or
- Sexual assault as defined in 20 USC 1092, dating violence as defined in 34 USC 12291, domestic violence as defined in 34 USC 12291, or "stalking" as defined in 34 USC 12291.

Supportive measures means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the School Board's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the School Board's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The School Board shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the School Board to provide the supportive measures. The Title IX Coordinator shall be responsible for coordinating the effective implementation of supportive measures.

COVERAGE: This policy applies to all students, employees and non-employee volunteers, to the elected members of the School Board, and to all students of the Tangipahoa Parish School District. It applies at school, and locations, events, or circumstances over which the School Board has exercised substantial control over both the respondent and the context in which sexual harassment occurs.

TITLE IX COORDINATOR: The Superintendent shall designate and authorize a "Title IX Coordinator" to coordinate the Tangipahoa Parish School Board's efforts to comply with Title IX and Part 106 of Title 34 of the United States Code of Federal Regulations. The Title IX Coordinator for the 2022-23 school year is Dr. Elizabeth Moulds (telephone: 985-517-8519; Email: Elizabeth.Moulds@tangischools.org; and mailing address: 59656 Puleston Road, Amite, LA 70422). The Title IX Coordinator shall undergo and receive all training required by Part 106 of Title 34 of the United States Code of Federal Regulations. The name, office address, electronic mail address, and telephone number of the Title IX Coordinator shall be published as required by Part 106 of Title 34 of the United States Code of Federal Regulations.

RESPONSE TO SEXUAL HARASSMENT: If the Tangipahoa Parish School Board has actual knowledge of sexual harassment in an education program or activity, then the Title IX Coordinator shall be informed and the Title IX Coordinator shall offer supportive measures and follow the grievance procedures adopted pursuant to this policy. The Superintendent and/or the Title IX Coordinator shall develop and maintain a Title IX Grievance Procedure that complies with 34 CFR §106.45, including investigation of any incident of which it has actual knowledge. The Title IX Grievance Procedure shall include the procedures to appeal any determination regarding sexual harassment under Title IX. Nothing shall preclude the School Board from removing a respondent from the School Board's education program or activity on an emergency basis, provided that an individualized safety and risk analysis determines an immediate threat to the physical health or safety of a complainant, student, or other individual arising from the allegations of sexual harassment justifies immediate removal. Neither shall the School Board be precluded from placing a non-student employee respondent on administrative leave during the pendency of the grievance process developed according to this policy. In both such instances the respondent shall be provided with notice and an opportunity to challenge the decision contemporaneously with or immediately following the removal. This provision shall not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act or regulations promulgated thereunder.

TITLE IX RECORDKEEPING: The Tangipahoa Parish School Board shall retain, for a period of 7 years, records of each sexual harassment investigation including any determination regarding responsibility, any appeal and the result therefrom, any informal resolution and the result therefrom, and all materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. For any response to actual knowledge of sexual harassment, the Title IX Coordinator shall create and maintain for a period of seven (7) years, records of any actions, including supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance the Title IX Coordinator shall document the basis for a conclusion that its response was not deliberately indifferent and document the measures designed to restore or preserve equal access to the School Board's education program or activity. If no supportive measures were provided to a complainant, then the Title IX Coordinator shall document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

NON-RETALIATION: Neither the Tangipahoa Parish School Board nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or Part 106 of Title 34 of the United States Code of Federal Regulations, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this part. Intimidation, threats, coercion, or discrimination, including charges against an individual for other policy violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or Part 106 of Title 34 of the United States Code of Federal Regulations, constitutes retaliation. The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited by this policy. Charging an individual with a policy violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

CONFIDENTIALITY: The Tangipahoa Parish School Board shall keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 USC 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to the grievance procedures for sex discrimination as set forth in this policy.

SUSPECTED CHILD ABUSE: If the victim of the alleged sexual harassment is a minor student and if the alleged harassment falls within the definition of abuse as found in School Board policy JGCE, Child Abuse, then all school employees with knowledge shall be considered mandatory reporters and the allegations must be reported to child protection or law enforcement as provided by state law and School Board policy. Such reporting shall be made in addition to any procedures for handling sexual harassment complaint.

TPSS POLICY

PUBLIC CONCERNS AND COMPLAINTS: Written allegations concerning local school policy or concerns about school matters should be submitted to the principal of the school. If the matter cannot be settled at this level, the matter should then be presented to the Superintendent in writing with all allegations documented and signed. It shall further be the responsibility of the principal of the school and Superintendent to document any and all meetings of this nature. These documents shall be made available to the School Board members in the event these matters reach the School Board.

Constructive criticism of the schools is welcomed by the School Board whenever it is motivated by a sincere desire to improve the quality of the educational program or to equip the schools to do their tasks more effectively. The School Board has, however, confidence in its professional staff and desires to support their actions in order that they be free from unnecessary, spiteful, or negative criticism and complaints. Therefore, whenever a complaint is made directly to the School Board as a whole or to a School Board member as an individual, it will be referred to the principal or designee of the school for study and possible solution. The School Board shall require the Superintendent and staff to maintain and disseminate information to parents, legal guardians, and the general public on the proper process and contact information to be used when making complaints. The School Board may consider hearing citizen complaints when they cannot be resolved by the Superintendent and/or his/her designee. Matters referred to the School Board shall be submitted through the Superintendent in writing and be specific in terms of the action desired. The School Board shall not consider or act on complaints that have not been explored at the appropriate administrative level.

ASBESTOS NOTIFICATION: In compliance with the Environmental Protection Agency's Asbestos Hazard Emergency Response Act (AHERA) and Louisiana Administrative Code Volume II, Air Quality Division Title 33, Chapter 27, Asbestos Containing Materials in Schools and Public Building Regulation, this represents the annual notification from the TPSS regarding asbestos-containing materials in schools. Several asbestos abatement projects have taken place in various schools throughout the system, each in strict compliance with the above-mentioned regulations. Periodic surveillance and other preventative measures are also ongoing. These actions have been documented and placed in the Asbestos Management Plan. A copy of the plan may be viewed by contacting the school principal or the TPSS Director of Maintenance and Construction at 985-748-2490.
