- meet your teachers

1:1 iPad Program: Information, Expectations, and Insurance

Roseville Area Schools has implemented a 1:1 program to take advantage of the many benefits that come with providing equitable access to educational technology. "1:1" refers to one device for each student. Students in grade 6-12 are issued an iPad for academic use as a part of the 1:1 iPad Program. By receiving an iPad you and your student are agreeing to follow the district's expectations for student iPad use as found in the 1:1 iPad Program Family & Student Guide.

Please complete the following steps by the first day of school:

Step 1: Review the 1:1 Family & Student Guide with your student(s) at:

Step 2: Sign up for iPad insurance at isd623.org/payonline each year for each student.

Program goals and other information can be found at www.ISD623.org/digitallearn. You can also get there by going to the main school webpage and clicking on 1:1 iPad Program under the *Families* tab.

If you have additional questions there will be staff available to help at RAMS Open House on Wednesday, September 1st. You can also email questions to ramstechsupport@isd623.org and someone from the technology team will respond to your question as soon as possible.

Thank you, and we look forward to partnering with you in the upcoming school year!

~Roseville Area Schools Technology Team
