We'd like to introduce ourselves to you – Epicurean Group, the team behind the meals your students will enjoy at Mid-Peninsula High School. Epicurean Group is dedicated to serving your student, school and the community. We are a local company whose employees possess unparalleled experience in food service. We live our passion for providing fresh, honest, and local food prepared from scratch, every day and at every meal, featuring only the finest ingredients. We simply love what we do! We don't cut corners or do it the "easy way". Bread is fresh baked, soups, dressings and sauces are home-made, and every effort is made to use as much organic produce as possible. With seasonal menus reflecting the most nutritious and delicious choices based on local growing patterns, we take great pains to do the best by our customers and the environment.

We are working closely with our Campus Communities to determine your favorites! Please give us your feedback via email at Robin@epicurean-group.com. Our primary concern is the health and well-being of the students, campus community, and employees.

Epicurean Group is a Food Service Management Company headquartered on the West Coast.

Our different sectors include:

- Private Universities
- Private Preparatory Schools
- Business & Industries
- Private Active Living
- Museums, Conferences, Performing Arts Centers, & The US Department of Energy

Epicurean Group is one of the first food service companies to be certified as a Green Business, recognized for community environmental responsibility, resource conservation, and pollution prevention. We have ranked as one of the Food Management Top 50 Companies for 10 consecutive years.

What Sets Epicurean Group Apart?

Epicurean Group follows environmentally and socially responsible management practices. Everything is made from scratch, not from cans that are delivered from a warehouse. Epicurean Group's artisan approach supports local organic farms and ranches and follows the sustainable seafood model of the Monterey Bay Aquarium.

Through our company wide solid-waste reduction and Garden-to-Table initiatives, Epicurean Group is educating clients, students, families, and business communities about how food choices affect health, the environment, and the community. As a matter of fact, we were recently awarded the California Governor's Environmental and Economic Leadership Award (GEELA) for conserving resources and protecting the environment with our Waste Not Program. We are very proud of our achievements. Some companies just talk about helping the environment, but we actually do it!
