Physician's Statement for Children with Disabilities

USDA regulations 7 CFR Part 15b require substitutions or modifications in school meals for children whose disabilities restrict their diets. A child with a disability must be provided substitutions in foods when that need is supported by a statement signed by a licensed physician. The physician's statement must identify:

- the child's disability
- an explanation of why the disability restricts the child's diet
- the major life activity affected by the disability
- the food or foods to be omitted from the child's diet
- the food or choice of foods that must be substituted

If you have any questions, please call Pam Pearson, Food Service Director, at (937) 832-5055.
