CONSTRUCTION UPDATE

By-Pass Pumping & Sewer Repair

Linbrook Rd., N. Main St., & Wyndwood Rd., West Hartford

The MDC and their contractor, VMS Construction, are continuing work setting up sewer by-pass pumps along Linbrook Rd. and Wyndwood Rd., **in preparation for the sewer pipe installation that is scheduled to begin August 15th**. This work will require open cut construction on Linbrook Rd. near North Main Street.

During this time, traffic will be impacted on portions of Wyndwood Rd., North Main St., and Linbrook Rd., (**see reverse for details**). Local access will be maintained. Driveway access will be coordinated as needed during construction activities.

Excavation and by-pass removal are anticipated to be complete by early September with roadway restoration work immediately to follow.

Work hours will be Monday through Friday, 7:00 AM – 5:00 PM, weekend work only if necessary. *Additional notifications will be provided as work progresses.*

TRAFFIC PLAN

N. Main St., Linbrook Rd., and Wyndwood Rd.

- **North Main Street:** The traffic pattern will be one travel lane in each direction. During work hours, the contractor will need to intermittently use an alternating one-way pattern for a short duration. Police and or Flaggers will be on site to assist.
- **Linbrook Road:** The block between North Main Street and Montclair Road will be local access only from the Montclair side.
- **Wyndwood Road:** To accommodate the pumping equipment, Wyndwood Road will be reduced to one lane just west of North Main Street. Eastbound traffic will need to yield to oncoming westbound traffic during both work and non-work hours.
