Westfield High School is excited to focus on [monthly themes](#) that are aligned with our Life Ready skills. In addition, these themes match CORE content as well as national/global awareness months.

Our first WHS themes for the 2022-23 school year are CONNECTIONS & PURPOSE. These individuals welcome and express concern for others well-being, put others first and encourage them. They use influence to make others feel valued, develop strong team relationships, win trust and cooperation, are Involved, and exhibit school spirit. They have a growth mindset and take on challenges that stretch them. They are hard workers and assess ideas and viewpoints. They show presence. They inspire or spark other's interest and enthusiasm. If you know a student or staff member who is a role model in showing this characteristic, nominate them today! Please complete [this brief nomination form](#) so we can recognize students and staff going above and beyond in regards to this attribute. Thank you!
