

Cal Q. Leight

The coach and his wife were discussing two of his former players, "Yes," said the coach, "one was a handsome fellow, but sort of a wise guy; the other a steady, hard worker. The wise guy was left behind in the race of life, but the hard worker - well, he just died and left a million dollars to the widow."

"That's a good moral: work hard and steady." "Yes it is," his wife smiled, "I heard today Mr. Wise guy is going to marry the widow."
