

# PALO ALTO UNIFIED SCHOOL DISTRICT

## LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Palo Alto Unified School District

CDS Code: 43 69641 4335782

School Year: 2022-23

LEA contact information:

Donald Austin, Ed.D

Superintendent

daustin@pausd.org

(650) 329-3700

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2022-23 School Year

### Projected Revenue by Fund Source

This chart shows the total general purpose revenue Palo Alto Unified School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Palo Alto Unified School District is \$294,386,822, of which \$239,235,240 is Local Control Funding Formula (LCFF), \$18,155,430 is other state funds, \$3,015,827.5 is local funds, and \$6,837,877 is federal funds. Of the \$239,235,240 in LCFF Funds, \$3,080,609 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Palo Alto Unified School District plans to spend for 2022-23. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Palo Alto Unified School District plans to spend \$290,313,866 for the 2022-23 school year. Of that amount, \$6,920,692 is tied to actions/services in the LCAP and \$283,392,904 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The General Fund Budget Expenditures for this school year that are not included in the LCAP include administrative costs, human resources, facility maintenance, and other administrative costs.

## Increased or Improved Services for High Needs Students in the LCAP for the 2022-23 School Year

In 2022-23, Palo Alto Unified School District is projecting it will receive \$308,060.9 based on the enrollment of foster youth, English learner, and low-income students. Palo Alto Unified School District must describe how it intends to increase or improve services for high needs students in the LCAP. Palo Alto Unified School District plans to spend \$4,474,620 towards meeting this requirement, as described in the LCAP.

# LCFF Budget Overview for Parents

## Update on Increased or Improved Services for High Needs Students in 2021-22

This chart compares what Palo Alto Unified School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Palo Alto Unified School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2021-22, Palo Alto Unified School District's LCAP budgeted \$3,612,950 for planned actions to increase or improve services for high needs students. Palo Alto Unified School District actually spent \$2,505,249 for actions to increase or improve services for high needs students in 2021-22.

The difference between the budgeted and actual expenditures of \$-1,107,701 had the following impact on Palo Alto Unified School District's ability to increase or improve services for high needs students:

Given other COVID-related funding resources (federal and state), the District was able to support the needs of high-needs students without expending the \$1,107,701 of LCFF funds originally budgeted.

## Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Palo Alto Unified School District	Donald Austin, Ed. D Superintendent of Schools	daustin@pausd.org 650-329-3700

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).

Engaging educational partners remains a top priority for Palo Alto Unified. The input received from students, families, staff, and the community has informed the District’s Local Control Accountability Plan (LCAP). In addition to the engagement of all partners and colleagues as noted in the 2021-2022 LCAP from August-June 2020-2021. We started engaging all educational partners in 2021-22 through Zoom meetings beginning in October.

The input received from students, families, staff, and the community has informed the District’s Local Control Accountability Plan (LCAP). Additional funds received through the Budget Act of 2021 including, the Extended Learning Opportunities Grant (ELO) and Educator Effectiveness Block Grant are directly aligned with the District’s LCAP. The District is currently developing the A-G completion grant and has additional engagement opportunities on this plan including, surveying High School Principals, Counselors, Central Office Secondary leads, and students. Previous engagement opportunities referenced above include virtual feedback sessions for students, parents, educators, staff, administrators, and community partners for the 2021-22 Local Control and Accountability Plan.

The process included presenting staff plans, state templates and helping parents understand the alignment among the PAUSD promise, Learning Continuity and Attendance Plan, and LCAP. Our educational partners were given a survey to prioritize areas of need and possible plans.

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

The PAUSD has a UPP below 55% and does not qualify for concentration grant funding due to our population being below the required percentage.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

To build upon feedback received in previous engagement sessions, the District launched a process to do further engagement with educational partners in the development of the ESSER III plan. In July 2021, meetings were held with Advisory Groups to solicit additional input on priorities and ways to specifically utilize ESSER III funds. The advisory groups consisted of, District Advisory Committee (DAC), District English Learner Advisory Committee (DELAC), Site Administrators, and Central Office Administrators. Following each feedback session, responses were analyzed and aligned back to the District's LCAP.

COVID Emergency Relief Funds (CARES, ESSER I & ESSER II) and Expanded Learning Opportunities (ELO-G) were used to support professional development and staff planning and preparation in light of the pandemic. We also dedicated these funds to expanded summer school programming, credit recovery, instructional materials, and one-time technology purchases. In addition to the engagement of all partners and colleagues as noted in the 2021-2022 LCAP from August-May 2020-2021. Since the pandemic began, PAUSD focused on physical and emotional safety for our students. Throughout this emergency response, we surveyed families (March 2021), conducted virtual meetings with DELAC/DAC (March 2021), staff (May and June 2021),

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

Continue to maintain facilities and make upgrades to the HVAC and provide air filtration systems to each classroom to ensure all schools provide a safe environment to decrease the spread of COVID 19. Part of the funding for this action is from ESSER III funds. Purchase of MERV 13 filters to adhere to a 90-day filter change-out schedule for the HVAC system. Purchase portable air filtration units for safe and enhanced ventilation in classrooms, staff offices, and other learning spaces.

The District has a continued commitment to providing a safe in-person learning environment for staff and students with concentrated efforts on COVID testing, contact tracing, personal protective equipment (PPE), and services that support both student and staff health as well as overall school safety. The District's Elementary and Secondary School Emergency Relief (ESSER) III Plan focused on the health and safety of staff and students as well as support for students to address learning loss and provide mental health and support services.

Successes in implementing this plan include:

#### 2021–22 LCAP Supplement Template

Covid-19 testing/Contact Tracing - The District has continued to provide weekly testing at every school site. Testing sites have also been available at Central Office locations for staff and students. The District purchased a contact tracing software system for contract providers as well as site

staff to use for contact tracing of students and staff. Personal Protective Equipment (PPE) - In accordance with local health guidance to develop best practices for maintaining clean, safe, and healthy learning environments. This guidance required the purchase of additional equipment, products, and supplies needed to protect the health of staff and students of the Palo Alto Unified School District. The District acquired and distributed PPE masks, hand sanitizer, portable hand wash stations, and plexiglass shields to all schools and central office locations.

A PPE ordering system that has been in place to fast-track distribution when sites are in need. Services that Support School Safety - The District has maintained an Increased daily rate for visiting teachers to ensure class coverage, as well as the additional site, support based on individual site needs. Challenges experienced in the implementation of this plan include: Experienced staffing shortages when staff is exposed to Covid-19. This posed a challenge in the ability to provide visiting teachers to allow for staff to engage in professional development aligned with district initiatives.

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update.

Palo Alto Unified utilizes the Local Control Accountability Plan (LCAP) as part of the district's strategic plan. Any additional funds received are aligned to the strategic plan to ensure the use of funds is congruent with the voices of the Educational Partners who developed the LCAP in an effort to improve outcomes for students.

Aligning the voices from the community ensures the plans created in the District are not separate and apart, but aligned - with the voices of the community guiding and informing decisions.

A few examples of alignment include:

The largest allocation of ESSER III funds focused on addressing the impact of lost instructional time which includes, Mental Health support services and tiered interventions (LCAP 3), K12 Learning Programs (LCAP Goal 1), Early Literacy Initiative (LCAP Goal 1), MTSS, and NWEA supports (LCAP Goal 2).

The Extended Learning Opportunities grant is included within LCAP Goal 3.

## **Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year**

*For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).*

## **Introduction**

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);

- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA’s educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA’s 2022–23 LCAP.

## Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA’s educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

**Prompt 1:** *“A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).”*

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

**Prompt 2:** *“A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.”*

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California *Education Code* Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

**Prompt 3:** *“A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.”*

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (<https://www.cde.ca.gov/fg/cr/relieffunds.asp>) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (<https://www.cde.ca.gov/fg/cr/>) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

**Prompt 4:** *“A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.”*

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA’s implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

**Prompt 5:** *“A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.”*

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA’s 2021–22 LCAP. For purposes of responding to this prompt, “applicable plans” include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

# PALO ALTO UNIFIED SCHOOL DISTRICT

## Local Control Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Palo Alto Unified School District	Donald Austin, Ed.D Superintendent	daustin@pausd.org (650) 329-3700

## Plan Summary [2022-23]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Palo Alto Unified School District serves a diverse group of students with the goal of supporting all PAUSD students as they prepare themselves to thrive as global citizens in a rapidly changing world. We develop our students' knowledge, critical thinking, and problem-solving skills, and nurture their curiosity, creativity, and resilience, empowering every child to reach his or her fullest intellectual, social, and creative potential." Our student population is 10,486, English Learner student population is 1024. There are 1127 students classified as Low Income, our LCFF Unduplicated count is 1127 and the majority of our English Learners speak Mandarin and Spanish, additional languages include Korean, Hebrew, Russian, Japanese, and French. Our student population is made up of many ethnicities with the majority of our students 41% identifying as white, 35% as Asian, 11% as Hispanic/Latino, 2% as African American. We serve approximately 10,754 students Pre-k through 12th grade at 18 sites: 2 comprehensive high schools, 3 middle schools, 12 elementary schools, 1 preschool, and 1 adult education center. Palo Alto Unified is also part of a state desegregation program, Tinsley. The Tinsley program encompasses eight districts in San Mateo and Santa Clara County that bus minority students from the Ravenswood School District in East Palo Alto and East Menlo Park to attend one of the eight districts. PAUSD has approximately 610 students from the Ravenswood School District. Services provided as part of the order include transportation and full residents' rights. The Tinsley students attend all PAUSD schools, the demographics include 66% on the free and reduced lunch program, 35% English Language Learners, and less than 1% Foster Youth of McKinney Vento. We are a community of leaders who value the mental health and well-being of all members. We routinely engage individually and collectively in acts of service while prioritizing access and equity for everyone both through continuous structural alignment and systems of support.

## Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Palo Alto Unified, similar to all other districts, did not have 2019-20 or 2020-21 Dashboard data to review. The 2019 Dashboard reflected success with student groups. The All Student group was blue in ELA, Math, Suspensions, Graduation Rate, and College Readiness. English learners scored green and blue in all areas.

PAUSD did launch several literacy initiatives based on 2018 CAASP data.

Elementary Reading Initiative Success:

\*\*Implemented Dyslexia screener for 1-3 and follow-up screener when warranted. The Barron Park Elementary Pilot focused on HUR students at one school, resulting in a significant increase in student achievement for identified groups, according to the 2019 California Dashboard. Special education developed clear processes for preschool to kindergarten transition IEPs and introduced processes and procedures around LRE and MRE and ESY eligibility.

\*\*Rolled out the Every Student Reads Initiative to improve reading and ELA outcomes for the following student groups: socio-economically disadvantaged (SED), historically underrepresented (HUR), and English Learners (EL). All PK-3 teachers were trained in and implemented the Orton Gillingham approach to phonics.

ELA and Math Smarter Balanced ELA and math data from spring 2021 indicate improvements compared to 2019.

The results display the percent standard met/exceeded in 2021 with percent change from 2019 in parentheses.

Black/African American: ELA 49% (+15%) / Math 43% (+5%)

English learners: ELA 38% (+4%)

SED: ELA 44% (+1%)

Grade 3: ELA 76% (+2%)

Grade 8: ELA 83% (+1%)

Grade 11: ELA 90% (+4%); Math 87% (+7%)

In addition, when comparing the chronic absenteeism to 2019, in 2021-22, chronic absentee rates decreased as follows:

- Pacific Islander- 16.2%
- African American- 6.2%
- Hispanic- 5.5%,
- Homeless- 27.5%

It is important to note that in 2021, Districts were provided the option to administer the Smarter Balanced assessments in-person or remotely. The administration mode adopted by districts may mean the results are not comparable to prior years. PAUSD had a mixed administration, wherein some students tested in person while others tested remotely. Therefore, caution must be exercised in interpreting and comparing results across groups for which standardization was not possible.

Secondary Reading Initiative Success:

\*\*High schools assessed all students for reading accommodation needs using uPar - used as a screener for further assessment for dyslexia. NGSS implementation is underway at middle schools and high schools. Collaborated with the EL department to develop ongoing training for identifying and supporting the needs of English Learners with disabilities.

Through CCEIS plan, a partnership with the equity department to provide staff training in the area of restorative practices is formalized. This partnership also supported all secondary staff receiving ongoing training in Universal Design for Learning. Secondary staff supported diverse pathways by introducing six industry certification opportunities to students and introducing dual enrollment pathway courses.

The PAUSD plans to maintain and build upon its success by enacting the following strategies outlined in this LCAP:

**Curriculum:** Teachers will continue to implement high-quality instruction and district-adopted curriculum in all content areas.

PAUSD will continue to implement the districtwide attendance system (A2A) to properly code students' absences for consistency and compliance, systematically leveraging PAUSD Attendance Flowchart. This will continue to help increase attendance through weekly attendance reports and follow-through with students and parents regarding absenteeism patterns.

**ELA Adoption:** The ELA Adoption will move forward with the implementation, including professional learning, for the 2022-23 school year.

PAUSD will continue to provide staff development training to psychologists, EL specialists, and Reading Specialists, focusing on support for English Learners and students with special needs for appropriate assessments for identification.

**Equity professional learning:** The Facing History workshop will continue to be provided to support teachers with implementing Stamped, and 100% agreed that they received useful ideas for changing practice and that the workshop was a successful learning experience.

The MTSS tracking system, using Google Docs to track Tier 2 interventions, will continue to be implemented, and goals are updated every 6-8 weeks.

**Early Literacy:** All PK-3 teachers, Reading Specialists, EL Specialists, Education Specialists, TOSAs, and elementary administrators who were trained in the Orton Gillingham approach, will continue to engage in PLC work to be able to provide feedback and support to teachers. Throughout the 2022-23 school year, teachers will be offered workshops to continue to build capacity, skills, and knowledge on topics such as approaches to teaching reading, including research in reading instruction, brain research, components of reading instruction, and supporting English Learners, etc.

## Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Attendance: All students except English learners did not meet dashboard metrics in chronic absenteeism, and the Pacific Islander student group was in the red. Therefore the department of Student Services focused on attendance for all groups. Aligned attendance procedures, paperwork, and data, and established a PAUSD attendance team. Social worker visits and support have increased and added a SAFE to support SW efforts with Spanish-speaking families.

Attendance Improvement Initiative has been identified for the 2022-23 school year.

The goal of the PAUSD Attendance Improvement Initiative (AII) is to ensure that all identifiable student groups are below a 5% chronic absenteeism rate. Beginning this year, PAUSD will focus on providing targeted child welfare and attendance services and support Districtwide. With the support of various departments at the District Office, all school sites will:

- Monitor and analyze attendance data trends and outcomes to guide prevention and early intervention efforts for targeted grade levels
- Increase awareness of attendance expectations
- Strengthen student support in addressing the root cause of absenteeism and truancy

ELA: Groups identified as red, orange, or two levels below: SED, Students with Disabilities, African-American, Hispanic/Latino, Pacific Islander 2021-22 Local Control Accountability Plan for Palo Alto Unified School District Page 3 of 35 \*\*Training for staff in working with struggling readers and students with Dyslexia. Scale-up focus and efforts to improve the achievement of HUR students in elementary district-wide. Continue OG training for education specialists Expand transition processes and procedures to all transition meetings (Elem to MS, MS to HS, etc). In 2021-22, PK-3 teachers completed Orton Gillingham training and will be implementing a new reading curriculum, Benchmark Advance/Adelante, for 2022-23.

ELA: Groups identified as red, orange, or two levels below on the 2019 Dashboard: SED, Students with Disabilities, African-American, Hispanic/Latino, Pacific Islander. Smarter Balanced ELA results from spring 2021 indicate areas of need. The results display the percent standard met/exceeded in 2021 with percent change from 2019 in parentheses.

All students: 81% (-1%)

Grade 4: 78% (-2%)

Grade 5: 80% (-3%)

Grade 6: 78% (-3%)

Grade 7: 84% (-2%)

Filipino: 71% (-8%)

Hispanic: 51% (0%)

Native Hawaiian/Pacific Islander 32% (-3%)

Two more More Races: 86% (-1%)

White: 83% (-1%)

Students with Disabilities: 40% (-1%)

Mathematics: Groups identified as red, orange, or two levels below: SED, Students with Disabilities, African-American, Hispanic/Latino, Pacific Islander \*\*Develop a complete system for identifying students with reading issues and provide Tier II and III supports. Full implementation of SBG and SBL at the secondary level with accompanying redesigned report card. To further improve collaboration with EL, a defined referral process through bilingual assessment and the implementation plan needs to be developed and executed. Leveraging the partnership with the equity department, professional development will focus and implement on identified gaps/needs in 1) implicit bias; 2) culturally responsive teaching, and 3) restorative practices to the leadership team and school staff. Improve outreach with a specific focus on SED, EL, Foster Youth and increase the number of students getting industry certification & increase civic engagement. Systemize dual enrollment offerings.

Graduation Rate: Groups identified as red, orange, or two levels below on the 2019 Dashboard: Students with Disabilities, Hispanic/Latino.

In 2021, DataQuest reported the four-year adjusted cohort grad rate for the following student groups:

PAUSD 94.7%

African American 93.3%

Asian 97.8%

Filipino 100%

Hispanic or Latino 89.3%

White 93.6%

Two or More Races 95.5%

English learners 94.7%

Homeless 50%

Students with Disabilities 72.5%

SED 87.2%

College Readiness: Groups identified as red, orange, or two levels below: Students with Disabilities College readiness strategies are being addressed by summer school for 2021 and for 2022 through the Expanded Learning Opportunity Grant.

Graduation Rate: Groups identified as red, orange, or two levels below: Students with Disabilities, Hispanic/Latino Graduation rates strategies are being addressed by summer school for 2021 and for 2022 through the Expanded Learning Opportunity Grant.

Suspensions: Groups identified as red, orange, or two levels below: Homeless, SED, and African-American Profession learning will focus on equity and culturally responsive strategies.

The PAUSD plans to continue to build upon the successes to address the identified needs by enacting the following strategies outlined in this

## LCAP:

Curriculum: Teachers will continue to implement high-quality instruction and district-adopted curriculum in all content areas.

PAUSD will continue to implement the districtwide Healthy Attendance initiative to help increase attendance through weekly attendance reports and follow-through with students and parents regarding absenteeism patterns and provide additional support.

ELA Adoption: The ELA Adoption will move forward with the implementation, including professional learning, for the 2022-23 school year.

PAUSD will continue to provide staff development training to psychologists, EL specialists, and Reading Specialists, focusing on support for English Learners and students with special needs for appropriate assessments for identification.

Equity professional learning: The Facing History workshop will continue to be provided to support teachers with implementing Stamped, and 100% agreed that they received useful ideas for changing practice and that the workshop was a successful learning experience.

The MTSS tracking system, using Google Docs to track Tier 2 interventions, will continue to be implemented, and goals are updated every 6-8 weeks.

Early Literacy: Throughout the 2022-23 school year, teachers will be offered workshops to continue to build capacity, skills, and knowledge on topics such as approaches to teaching reading, including research in reading instruction, brain research, components of reading instruction, and supporting English Learners.

## LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

### Standards Implementation & High Quality Teaching

- Continue with implementing NGSS at the elementary, middle and high school levels. Elementary will implement newly adopted science curriculum in 2022-23. Middle school implemented new instructional materials in 2020-2021, and will continue with implementation in upcoming years. High school teachers will continue to redesign and implement units in alignment with NGSS, and textbook adoption is in process for various high school science courses.
- Every Student Reads Initiative: With the goal of every student reading on grade level by the end of third grade, in the summer and fall of 2021 TK-3 teachers will be trained in the Orton Gillingham approach. All teachers will implement this approach to teaching phonics in the fall of 2021. Progress will be monitored through the existing BAS assessment, SBAC reading outcomes and principal observation. In particular, outcomes for Hispanic students will be monitored. A new reading curriculum, Benchmark Advance/Adelante will be implemented in fall 2022.

- Expanded equity agenda: Continued focus on expanding and increasing equity related work in the areas of professional learning, policies and practices including professional learning for teachers and administrators, and ongoing work at the site level. While this work was in progress before the pandemic, events of the past year have served to further prioritize the district's commitment to equity, including implicit bias, anti-racism, and culturally responsive teaching.
- Ongoing commitment to coaching support, especially for new teachers in the Induction program. Teachers in credential programs had varied opportunities to do their student teaching in person. While they will enter the profession with increased student engagement skills and educational technology skills, many will need additional support in classroom management and campus life.

#### Equity and Access

- Additional supports for SED, EL, McKinney-Vento youth including tutoring, summer school, and primary language tutors. Tutoring was well utilized during the pandemic, and will continue to be available to struggling students in these groups. Summer school will be enhanced during summer 2021 and 2022 with ELO funds and targeting SED students for intervention and enrichment at the elementary and middle school levels and credit recovery for high school students. Summer school will continue beyond the ELO funding period at previous spending levels.
- Continued use of the MDTP and NWEA mathematics assessments for grades 2-8. Assessment will increasingly be utilized for monitoring mathematics and data-informed instruction at the site level. Outcomes for all students and disaggregated by student group will be analyzed at the district level to understand potential approaches to intervention, professional learning and other areas of focus.
- The SaFE Specialist staffing increase will allow for greater outreach to families to connect students and families with appropriate resources. Technology, including devices and hotspots will continue to be provided to families. Additional supports include continued access to Language Line for translation services and ongoing parent workshops.

#### Wellness and Safety

Wellness centers continued to provide key services to support student mental health and well being during the pandemic at the high schools. Staff will be provided professional learning opportunities in the areas of SEL and trauma-informed practices to support the transition back to in-person schooling.

PAUSD is also expanding Summer School to address students at risk of not graduating, and not reaching benchmarks in ELA and math. However, these funds are not included in the LCAP because they are funded by the Expanded Learning Opportunity Grant.

# Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

## ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Not Applicable

## ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Not Applicable

## ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Not Applicable

# Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

Palo Alto will be engaging all Educational Partners in 2021-22 through Zoom meetings beginning in December. The following is a list of the scheduled Educational Partner meetings: The DELAC is comprised of parents and guardians of English language learners. The District Advisory Committee (DAC) is comprised of parents, students, teachers, and community members.

These meetings are open to the public and many more educational partners attend. At all of these meetings, early drafts of goals and actions were presented and surveys at the end of each meeting were given to Educational Partners.

December 15, 2021-DELAC and DAC

January 5, 2022, High School Student Class Presentation

February 2, 2022- PAUSD administration, DELAC, and DAC

February 22, 2022- LCAP Supplement Update Board meeting, Classified and Certificated staff members or bargaining units to provide feedback/input

March 15, 2022, Division Manager/Administration meeting

March 23, 2022-DELAC and DAC

April 27, 2022- DELAC and DAC

June 1, 2022- SELPA Consultation

June 7, 2022- PAUSD Board Meeting - Public Hearing

June 21, 2022- PAUSD Board Meeting - Final Adoption

The process included presenting staff plans, and state templates and helping parents understand the alignment among the PAUSD promise, Learning Continuity and Attendance Plan, and LCAP. Educational Partners were given a survey to prioritize areas of need and possible plans. Each zoom meeting also had a time for questions, answers, and comments. After each meeting, the team reviewed feedback from the notes, and surveys, then discussed which goal it fell under and checked if it was being addressed or needed to be added. This feedback generated revisions to the early draft goals and helped the team shape the LCAP.

A summary of the feedback provided by specific educational partners.

The feedback from the parent and student meetings includes an emphasis on addressing the learning loss due to the pandemic, attendance/participation as students are transitioning back to in-person learning, and student wellness. Similarly, themes from staff centered on: staff safety, supplemental student support for students in literacy, and diversifying the curriculum. Our educational partners provided feedback to continue to focus on equity and unconscious bias training for staff. Feedback through DELAC/DAC meetings and surveys also emphasized ensuring that special education work along with English language specialists on reducing the disproportionate numbers of referrals from

Latino and African American students into special education and identifying early intervention systems. The SELPA meeting verified that supports are included for SWD related to content areas, LRE, access to curriculum, and graduation rates.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

The following actions are a result of this feedback from the educational partners, mentioned above:

Action 1.1

The budgeted allocations for the Universal Design for Learning training were expanded by aligning this implementation to continue to explore standards-based grading.

Action 1.9

Equity professional learning will be strengthened and expanded. Elements will include 1) defining required workshops focused on the bias, anti-racism, and culturally responsive teaching for staff overtime; 2) establishing expectations for administrators; 3) gathering ongoing information from sites to understand successes and define professional learning needs, and 4) aligning new hire workshops to systemic equity work in the district each year.

Action 2.1

PK-12 INTERVENTION AND PROGRESS MONITORING (PK-5): Use data to identify and provide targeted Tier 2 interventions to struggling elementary students in reading, phonics, and math, and set goals and monitor student progress within the interventions. Reading specialists at every elementary site provide Tier 2 interventions, set goals, and monitor student progress.

Action 2.4

Funding will be allocated for PAUSD counselors to attend training for ongoing calibration purposes on SEL best practices.

Action 2.6

Funding will be allocated to provide coaching PD to Specialists; Implementation of MTSS forms specifically for EL students to determine appropriate tiers of intervention.

Note: new ELA curriculum will have embedded EL instructional strategies for PK-5.

Action 2.7

SPECIAL EDUCATION: 1) Continue to restructure the special education department to transition from distinct elementary/secondary divisions of the department to integrating preschool-adult transition into existing roles. 2) Participate in the ongoing development of a cohesive district-wide system of support for responses to struggling students. 3) Collaborate with the EL department to develop ongoing training for identifying and supporting the needs of English Learners. 4) Continue to partner with the equity department to provide staff training in the area of restorative practices.

Action 3.2

Continue to provide Wellness Center services to support student mental health and well-being at the high schools. Provide professional learning to support SEL implementation in elementary and middle schools.

# Goals and Actions

## Goal

Goal #	Description
1	High Quality Teaching and Learning: Ensure that all education stakeholders are responsible for every learner having full access to quality education, challenging curriculum, full opportunity to learn, and appropriate, sufficient support for learning so they can achieve at excellent levels in academic and other student outcomes. All students are challenged to reach high standards and are provided an experience capable of accelerating learning through pedagogical academic supports, unobstructed access to rigorous courses, and an unwavering belief that a quality education can positively impact the trajectory of each child.

An explanation of why the LEA has developed this goal.

Palo Alto Unified School District has set annual goals, measurable outcomes, and actions/services to support the achievement of goals and desired outcomes. From recent data and Educational Partners feedback on learning loss in literacy and mathematics, the district created a high-quality teaching and learning goal. As staff reviewed students at the elementary level who scored below grade level in literacy to be eligible for summer intervention, data showed that 979 students were eligible. This data indicated a need to strengthen teacher professional learning. Educational Partner feedback centered on literacy assessments at all levels. All stakeholders and needs assessments demonstrated a need for updating science frameworks and curriculum across the district. Staff updates the board monthly. There is an equity update at each board meeting and a need arose for professional learning.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
1.P1.A) Teachers: Fully Credentialed & Appropriately Assigned	1.P1.A) In 2020-2021, 98% of teachers are highly qualified and appropriately assigned.	1.P1.A) The state has assumed responsibility for this metric and data is not yet available. The metric will be updated when the data is released.			1.P1.A) 100% of teachers to be highly qualified and appropriately assigned.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
1.P1.B) Instructional Materials: Every student has standards-aligned materials	1.P1.B) 100% of students have access to standards-aligned materials.	1.P1.B) In 2021-22 ,100% of students continue to have access to standards-aligned materials.			1.P1.B) 100% of students have access to standards-aligned materials.
1.P2.A) Implementation of academic content and performance standards for all students	1.P2.A) In 2020-2021 PAUSD is currently at a level 3 on the instructional material and professional learning rubrics on the local indicators for NGSS.	1.P2.A) In 2021-22, PAUSD is at a level 3 on the Instructional Material and professional learning rubrics for NGSS.			1.P2.A1) By 2024 PAUSD will be at full implementation for NGSS for the professional learning and instructional materials rubrics on the local indicators.
1.P2.B) ELs will access the CCSS and ELD standards	1.P2.B) 90% of EL1 & 2 are enrolled in the A-G path.	1.P2.B) In 2021-22 90% of EL1 & 2 are enrolled in the A-G path.			1.P2.B) Maintain 90% or greater of EL1 & 2 are enrolled in the A-G path.
1.P4.A) Statewide CAASPP assessments (ELA & Math **SBAC /CAA, Science-CST/CMA/CAPA), for the following student groups: African American, Native Hawaiian/Pacific Islander, Hispanic, SED and SWD.	1.P4.A) Standard Met or Exceeded (2018-19 SBAC Assessment) *All Students 81.2% ELA, 83.1% Math *African American 34.4% ELA, 41% Math *Pacific Islander 35% ELA, 34% *Socioeconomically Disadvantaged, 40% ELA, 41% Math *Hispanic 41% ELA, 28% Math	1.P4.A) 2020-21 SBAC data outcomes: *All Students 80.83% ELA, 79.05% Math *African American 49.41% ELA, 43.21% Math *Pacific Islander 31.92% ELA, 27.27% Math *Socioeconomically Disadvantaged, 43.61% ELA,37.02% Math			1.P3.A) SBAC scores will increase by 3% for each year for all identified groups in ELA and Mathematics.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	*Student with Disabilities 16.7% ELA, 12.6% Math.	*Hispanic 51.42% ELA, 43.63% Math *Student with Disabilities 39.86% ELA, 37.75% Math			
1.P4.A) Local Metric: 11th grade CAASPP participation rate	1.P4.A) ELA CAASPP grade 11 participation rate was 51% for Paly in 2019 and 74% at Gunn. Math CAASPP grade 11 participation rate was 49% for Paly in 2019 and 69% at Gunn.	2.P4.G) In 2020-21, ELA CAASPP participation for grade 11 was 28.5% and 65.5% for Gunn. Math grade 11 participation was 25% for Paly and 58.3% for Gunn.			1.P4.A) CAASPP participation rate for 11th graders will increase by 5% per year until 95% is reached.
1.P4.B) Local Indicators Standard and Frameworks: PAUSD will show improvement in individual support for improvement in delivering instruction (rubric 4) and/or identifying and professional learning needs/providing support to individual teachers (rubric 5)	1.P4.B) Local Indicators Standard and Frameworks: PAUSD is currently at a level 3 (initial implementation) on the local indicator self-reflection in the areas of 1) identifying areas where teachers can improve in delivering instruction aligned to the recently adopted academic standards, and 2) providing support for teachers on standards they	1.P4.B) Local Indicators Standard and Frameworks: In 2021-22 PAUSD is at a level 3 (initial implementation) on the local indicator self-reflection in the areas of 1) identifying areas where teachers can improve in delivering instruction aligned to the recently adopted academic standards, and 2) providing support for teachers on standards they			1.P4.B) Local Indicators Standard and Frameworks: Reach level 5 on two rubrics in the local indicator self-reflection tool for the following initiatives: Every Student Reads Initiative, Reimagining Middle School Mathematics, and NGSS High School Implementation. The two rubrics are 1) identifying areas where teachers can

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	have not yet mastered.	have not yet mastered.			improve in delivering instruction aligned to the recently adopted academic standards, and 2) providing support for teachers on standards they have not yet mastered.

## Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Action 1.01 Secondary Standards Implementation	SECONDARY (Grades 6-12): Implement CCSS and NGSS through continued focus on building coherence and alignment in the areas of common learning targets derived from standards, common assessments, and grading practices (including grading scales). Provide targeted professional learning in support of standards-based learning and grading. Secondary report card redesign in 2022-2023 with implementation in 2023-2024 Continue monitoring of district homework policy, focusing on homework loads.	\$150,140.00	No
1.2	Action 1.02 Elementary Standards Implementation	(Grades PK-5): Teachers will continue to provide high quality instruction across the curriculum and implement new curricula. The major area of focus will be on implementing the newly adopted ELA curriculum, with a secondary focus on implementing the newly adopted science curriculum. Teachers will continue to provide mathematics instruction based on the 8 mathematical practices in the CCSS and Bridges curriculum; and Social Studies Alive! history/social studies curriculum.	\$556,807.00	No

Action #	Title	Description	Total Funds	Contributing
1.3	Action 1.03 Science Instructional Materials	<p>Science: Middle School: Science: Continue to work towards full implementation of science curricula adopted in 2020-2021. Mathematics: Continue to roll out the Reimagining Middle School Mathematics initiative in 6-8 grade. Instructional shifts will be implemented in 7th grade in 2021-2022 and 8th grade in 2022-2023</p> <p>High School: Continue to support high school science teachers with the shift to NGSS. Continue to provide professional learning, release time, and methods and metrics to support ongoing implementation and accountability.</p>	\$0.00	No
1.4	Action 1.04 Induction and Coaching	Provide options for coaching and professional learning across the teacher career trajectory, including the Induction Program for teachers new to the profession, TOSA support for curriculum implementation, and coaching options for interns and teachers in need of support.	\$204,272.00	No
1.5	Action 1.05 Diverse Pathway Options For Student Success	<p>Elementary: Introduce career pathway exploration through the Creativity Cart program</p> <p>Middle School: Introduce and increase student participation industry certification and civic engagement to diversify pathway options</p> <p>High School: Introduce and increase student participation industry certification and civic engagement to diversify pathway options.</p>	\$211,141.00	No
1.6	Action 1.06 Expanded Equity Professional Learning	Expanded Equity professional learning will be strengthened and expanded. New Elements that will complement the current professional learning options will include: establishing expectations for	\$403,447.00	Yes

Action #	Title	Description	Total Funds	Contributing
		administrators; gathering ongoing information from sites to understand successes and define professional learning needs.		
1.7	Action 1.07 Elementary Targeted Literacy	In 2022-23 all newly hired PK-3 teachers will be offered the opportunity to attend Orton Gillingham training. The focus, however, will be on implementation of the newly adopted ELA curriculum. Continue elementary principal PLC with a focus on fostering student engagement, providing teacher feedback, and building knowledge and skills related to aspects of literacy instruction. Throughout the 2022-23 school year, elementary teachers will be offered workshops to continue to build capacity, skills and knowledge on topics such as: approaches to teaching reading, including research in reading instruction, brain research, components of reading instruction, supporting English Learners, etc.	\$60,000.00	No
1.8	1.08 Equity New Hire Workshops	Align new hire workshops to systemic equity work in the district each year.	\$100,000.00	No
1.9	1.09 Culturally Responsive Teaching	Define required workshops focused on bias, anti-racism and culturally responsive teaching for staff over time	\$85,000.00	Yes

## Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

In the 2021-22 school year, most Goal 1 Actions were implemented as planned, including Elementary Standards Implementation (1.02), Science Instructional Materials (1.03), Induction Coaching (1.04), Diverse Pathways (1.05), Equity professional Learning (1.06, 1.08 & 1.09) and Elementary Targeted Literacy (1.07).

For Action 1.01, secondary staff focused on alignment through shared professional learning around Universal Design for Learning (UDL). The essential goal of supporting all students through clarity and alignment in learning goals and assessments remained the same. The

range of needs of students this year informed the decision to focus on UDL and equip teachers with designing instruction with the range of student needs in mind. Secondary school sites continue to explore standards-based grading. All secondary teachers attended three half-days of professional learning focused on Universal Design for Learning, including a focus on clarity in goals and providing flexible assessment options. All secondary administrators completed 9 hours of additional workshops focused on UDL.

For Action 1.07, In addition to providing training for Orton-Gillingham, a Lead Principal of Literacy Instruction was hired to support the Every Student Reads Initiative. A year-long principal PLC focused on calibrating around implementing Orton-Gillingham and growing understanding of phonics instruction to better provide support and feedback to teachers.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action 1.01: Secondary staff focused on alignment through Universal Design for Learning. This work was supported through our CCEIS funds.

Action 1.02: Funds were spent as planned.

Action 1.06: Equity workshops were limited due to a shortage of substitutes, and poor attendance at after school workshops. Expanding this work will be a focus in the 2022-23 school year.

Action 1.07: All TK-3 teachers were trained as planned, and the costs were covered from ELOP.

Action 1.08: New hire equity workshops were paused due to demands on new teachers during the pandemic. Other equity workshops were provided to teachers on professional learning days, and as opt-in sessions instead. This series will resume in 2022-23.

Action 1.09: Workshops were impacted by sub shortage. Some sites integrated a focus on Culturally Responsive Teaching during staff meetings and professional learning days instead. This work remains a central focus with our SWIFT plan and will resume in 2022-23.

An explanation of how effective the specific actions were in making progress toward the goal.

UDL: On the final survey, after three half-days of professional learning across the year, 87% of teachers report at least some use of UDL in their classroom practice, an increase from 53% of teachers in the fall survey.

Homework: Student survey revealed current homework practices have shown improvement with respect to the Board Policy. Survey results from students in middle and high school show the median of the data for each grade is in alignment with the expected number of minutes of homework per grade level, with the exception of junior year. When considering a reasonable range of time to accommodate for learner variability, the window aligns to the middle 50% of students (with 11th graders exceeding the range by 15 minutes).

ELA Adoption: The ELA Adoption Committee is on track to make a recommendation to the Board of Education in spring 2022, and initial plans are established for implementation, including professional learning, for the 2022-23 school year.

Curriculum: Teachers continue to implement high quality instruction and district-adopted curriculum in all content areas.

Science: The Science Adoption Committee is on track to make a recommendation to the Board of Education in spring 2022, and initial plans are established for implementation in the 2022-23 school year. Middle school science teachers attended a workshop to support ongoing implementation of the new curriculum. 7th grade mathematics teachers implemented shifts in standards taught and instructional practices. Algebra teachers attended a workshop to support instructional shifts in 8th grade math and high school algebra classes in the 2022-23 school year. High school science teachers continued to work on aligning units and teaching practices with NGSS, supported by professional learning and collaboration time.

Induction: The Induction program completed a site visit and remains fully accredited by the CTC. According to the mid-year survey, 98% of participating teachers believe the program helps them strengthen their teaching practice. TOSAs continue to provide opt-in coaching support for teachers. Interns are provided support in alignment with their preparation program guidelines.

CTE: The Elementary Creativity Cart program continues to nurture students' creativity and resiliency while connecting them to today's real-world complexities. Every year, participating schools receive a supply cart, organized around monthly themes, and stocked with recycled materials to fuel imagination and critical thinking skills. In 2020-21, over 5,000 Creativity Cart kits were provided at 13 elementary campuses. The program was recently awarded the Glenn Hoffman Award for Services to Others. In the Fall of 2021 alone, we distributed 5,964 kits. We expect to continue to support Elementary classrooms in 2022-23 at about 6,000 kits a semester.

In middle school, students earn babysitting certifications and CPR certifications through the Family Consumer Science pathway courses.

At the High School level, juniors and seniors can earn 21st Century Skills certification through the Work Experience program and CTE pathways. In addition to the 21st Century Skills certification, PAUSD continues to provide support to Education, Child Development, and Family Services students by offering opportunities to gain emergency handling certifications, such as, CPR-First Aid, and state permits in early childhood education through the Commission on Teacher Credentialing. Finally, students in the Engineering and Architecture, and Business and Finance pathways, will be eligible to earn NAFTrack certifications. In 2022-23, we will add NAF certifications in Robotics at Gunn and Early Childhood Education at Paly as NAFTrack-certified pathways. Service learning opportunities were increased, and more than 80% of graduating seniors will earn the Seal of Civic Engagement.

Equity professional learning: The Facing History workshop supported teachers with implementing Stamped, and 100% agreed that they received useful ideas for changing practice and that the workshop was a successful learning experience. A similar workshop entitled "Navigating Critical Conversations" for PK-12 teachers is in progress and at full capacity. The Leadership Team engaged in a year-long professional learning series focused on Becoming an Anti-Racist Educator; ongoing professional learning grounded in anti-bias education was conducted at two middle schools. New Hire Orientation included a session focused on the PAUSD commitment to equity. 100% of attendees agreed that the learning would impact their professional knowledge and ability to support students. Additional work is underway and supported by the development of the SWIFT plan, which outlines the district's commitment and plans for equity.

Early Literacy: All PK-3 teachers, Reading Specialists, EL Specialists, Education Specialists, TOSAs, and elementary administrators were trained in the Orton Gillingham approach. Principals have engaged in PLC work to be able to provide feedback and support to teachers. Teachers have opportunities to attend follow-up workshops and have access to resources on a website. In the 2022-23 LCAP this Action will be expanded to include a broader focus on professional learning for teaching reading. Throughout the 2022-23 school year, teachers will be offered workshops to continue to build capacity, skills and knowledge on topics such as: approaches to teaching reading, including research in reading instruction, brain research, components of reading instruction, supporting English Learners, etc.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Curriculum implementation: In 2022-23, elementary teachers will continue to implement high quality curriculum. The major area of focus will be on implementing the newly adopted ELA curriculum, with a secondary focus on implementing the newly adopted science curriculum.

Science adoption committee action: The science adoption committee has completed its task and this action will be removed from the 2022-23 school year. Implementation of the science curriculum is covered in other actions.

Early Literacy: In 2022-23 all newly hired PK-3 teachers will be offered the opportunity to attend Orton Gillingham training. The focus, however, will be on implementation of the newly adopted ELA curriculum. Offerings will include a balance of required and optional training focused on the curriculum and on teaching reading. 4th and 5th grade teachers will be offered the training as well.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Goals and Actions

## Goal

Goal #	Description
2	Equity and Excellence: All students shall experience an environment characterized by high expectations, acceptance, respect, and support to become invested in the pursuit of learning and excellence without fear of threat, humiliation, danger or disregard. Excellence shall become the norm for all regardless of background or demographics. Our schools shall embrace uniqueness, strengths, and challenges with support, understanding, expectations, and encouragement to succeed.

An explanation of why the LEA has developed this goal.

When district staff reviewed the PAUSD need assessments data, staff found these data points. Historically Under-Represented (HUR), English learners and low-income students did not have the same outcomes as other student groups. Educational Partner feedback from families also reflected a need to bridge the gap in outcomes for HUR students and families. As a result, the district worked on actions that created intervention models and monitoring systems to track student performance and have strategies to disrupt patterns of inequity. A need to strengthen parent outreach resulting in the action to expand parent engagement. All these actions create a system that will enable students to be college-ready.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
2.P3.A) Efforts to seek parent input in decision-making.	2.P3.A) 60% of all PAUSD schools participate in ELAC and DELAC meetings.	2.P3.A) 100% of all PAUSD schools participate in ELAC meetings and 60% participate in DELAC meetings.			2.P3.A) Participation in ELAC and DELAC meetings will increase by 10% in 21-22, and by another 10% in 22-23.
2.P3.B1) Promote parental participation in programs for: <ul style="list-style-type: none"> <li>unduplicated pupils</li> </ul>	2.P3.B1) In a question on whether a SaFE Specialist had connected the family to academic or	2.P3.B1) In a question on "Do you believe that when you call the Student and Family Engagement			2.P3.B1) Maintain high levels of connection with SaFE Specialists, including encouragement to

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
					higher at 95% or better.
2.P4.D) High school graduation rates	2.P4.D) In 2019-2020, the high school graduation rate was 94.3% SWD had a rate of 81.8%. The hispanic student group had a rate of 83%.	2.P4.D) In 2020-21 the high school graduation rate was 94.8%. SWD had a rate of 73%. The Hispanic student group had a rate of 89.4%			2.P4.D) Increase graduation rate for all students to 95% or better. Increase rates for the SWD and hispanic student groups by 3%.
2.P4.E) Percentage of English learners who progress in English proficiency (as measured by ELPAC and reported on the Dashboard for the English Language Proficiency Indicator–ELPI)	2.P4.E) 63.7% making progress towards English language proficiency.	2.P4.E) Due to impacts from the COVID-19 pandemic, there is no overall percentage of progress toward English language proficiency report available for the 2020-21 school year.			2.P4.E) Increase percentage of students making progress toward English language proficiency by 5% per year.
2.P4.F) English learner reclassification rate	2.P4.F) In 2019-2020, the reclassification rate was 23.2%.	2.P4.F) In 2020-21, the reclassification rate was 11.5%.			2.P4.F) Maintain reclassification rate of 23%.
2.P4.H) Pupils prepared for college by the EAP (as measured by SBAC results--at least a Level 3 "Standard Met" on the Smarter Balanced Summative Assessments for both	2.P4.H) 2018-19 SBAC results show 37.7% prepared (280 students).	2.P4.H) On the 2020-21 SBAC, 59.2% of 11th graders scored a level 3 or 4 on the ELA portion. On the math portion, 34.4% scored a level 3 or 4.			2.P4.H) Pupils prepared for college by EAP (as measured by CAASPP) will increase by 5% per year.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
ELA and Mathematics).					
2.P7.A) Access to/enrollment in: A broad course of study and programs/ services developed in provided to 1) unduplicated pupils; and 2) Individual with exceptional needs	<p>2.P7.A1) All students, including unduplicated pupils, currently have access to a broad course of study, including courses that meet A-G eligibility and graduation requirements for high school students.</p> <p>2.P7.A2) SWD: SIRAS data show that .3% of students do not have completed ITPs.</p>	The data for the school year 2020-2021 indicated that .3% of students do not have completed ITPs. In the 2021-2022 school year, the district has not received any notifications of non-compliance (DINC) as of March 2022.			<p>2.P7.A1) Maintain current status of all unduplicated pupils having access to a broad course of study, as indicated by the local indicators reflection tool.</p> <p>2.P7.A2) SWD: ITP completion rate will be 100%.</p>
2.P8.A) Other pupil outcomes available in the subject areas described in 51210 and 51220(a)(i) as applicable.	<p>2.P8.A) 2020-2021 MDTP data shows the following percentages of students demonstrating readiness for sixth grade mathematics classes at the beginning of the year (first year of implementation):</p> <ul style="list-style-type: none"> <li>All students: 74.5%</li> </ul>	<p>2.P8.A) 2021-22 MDTP data for entering 7th graders shows student outcomes at the following percentages (percent of problems answered correctly):</p> <ul style="list-style-type: none"> <li>All students (n=617): 76.3%</li> <li>African American (n=11): 53%</li> </ul>			2.P8.A) The cohort of students in sixth grade in 2020-2021 will show increases in readiness across all student groups, as measured by the MDTP. The African American, Hispanic, Pacific Islander, SED, SWD and EL student groups will make 3% gains each year in percentage of items answered correctly.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	<ul style="list-style-type: none"> <li>• African American: 50.4%</li> <li>• Asian: 85.7%</li> <li>• Hispanic: 56.9%</li> <li>• Pacific Islander: 54%</li> <li>• White: 76.2%</li> <li>• SED: 55.5%</li> <li>• SWD: 55.3%</li> <li>• EL: 49.3%</li> </ul>	<ul style="list-style-type: none"> <li>• Asian (n=192): 88.7%</li> <li>• Hispanic (n=93): 55.7%</li> <li>• Pacific Islander: N/A</li> <li>• White (n=232): 75.4%</li> <li>• SED (n=77): 54.2%</li> <li>• SWD (n=69): 52.4%</li> <li>• EL (n=31): 51.1%</li> </ul>			
P4.NEW: Percent of pupils that completed A-G and at least one CTE Pathway	N/A, report not available prior to 2021	In 2021, 14.7% of pupils completed A-G and at least one CTE Pathway.			Maintain percentage of pupils meeting both A-G and CTE preparedness.

## Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Action 2.01 PK-12 Intervention and Progress Monitoring	Use data and monitoring system to identify struggling students in general education elementary. Determine best strategy in reading, phonics and math, and set goals for student goals.	\$348,752.00	No

Action #	Title	Description	Total Funds	Contributing
2.2	Action 2.02 Mathematics	Administer local assessments in mathematics. (The Northwest Education Association (NWEA) Measures of Academic Progress (MAP) (grades 2-5), and MDTP (grades 5-Algebra II) as formative assessments to use as one of multiple measures to identify students for Tier 2 intervention, inform instruction, and monitor student progress.	\$0.00	No
2.3	Action 2.03 College and Career Readiness:	School staff will collect and review data on A-G completion and students on-track for completing A-G. High school guidance and outreach counselors will meet with all students to advise on high school graduation requirements and create a four-year academic plan, including A-G completion, AP course-taking, and CTE and dual enrollment program options. Increase equity through targeted outreach support for: 1) career counseling including opportunities to connect with CTE industry professionals; and high school administration teams will work to increase 11th grade CAASPP participation rates, including communicating about the Early Assessment Program (EAP) benefit of meeting or exceeding standards on CAASPP for exempting students from remedial coursework in college.	\$2,500.00	No
2.4	Action 2.04 Targeted Academic Support and College and Career Preparation:	Provide a) middle school summer school to SED and struggling students; b) Extended School Day to prepare low-performing students for the CAASPP; c) Tutors for low-performing socioeconomically disadvantaged students; d) Dreamcatchers community organization partnership; e) AVID program at all secondary schools; f) targeted support to students to prepare for postsecondary success through AVID teachers and college outreach counselors; and g) high school summer enrichment programs for HUR, SED, VTP, McKinney Vento and foster youth students, and students whose parents are not college graduates: RISE UP Programs; h) Improve outreach for under-represented students to participate in industry certifications, civic engagements, and dual enrollment pathway offerings.	\$650,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
2.5	Action 2.05 Parent Engagement:	PARENT ENGAGEMENT: a) Maintain an online compendium of language accessible educational resources to support families by continuing to implement and expand use of Language Line to support language accessibility for non-english speaking families.	\$1,299,145.00	Yes
2.6	Action 2.06 English Learners:	ENGLISH LEARNERS: Coaching teachers to build capacity and provide direct supports to EL students; (d) professional learning opportunities focused on EL students; and (e) providing primary language tutors to PK-12 EL students to ensure access to curriculum.	\$1,415,178.00	Yes
2.7	Action 2.07 Special Education:	SPECIAL EDUCATION: 1) Continue to restructure the special education department to transition from distinct elementary/secondary divisions of the department to integrating preschool-adult transition into existing roles. 2) Participate in the ongoing development of a cohesive district-wide system of support for responses to struggling students. 3) Collaborate with the EL department to develop ongoing training for identifying and supporting the needs of English Learners. 4) Continue to partner with the equity department to provide staff training in the area of restorative practices.	\$0.00	No
2.8	Action 2.08 Equity and Access	2.08 Equity and Access STUDENT ENGAGEMENT: Revisit phased approach to identify, recruit, and support low-income students of color in advanced placement courses.	\$45,000.00	Yes
2.9	2.09 Elementary Literacy	Monitor student progress and provide interventions through reading specialists at every elementary site at the Tier 2 level.	\$179,898.00	No

Action #	Title	Description	Total Funds	Contributing
2.10	2.10 College and Career Readiness	College and career advancement for under-represented students through college level courses including dual enrollment and AP courses. Counselors will work on outreach and recruitment of low income students to utilize district resources.	\$150,000.00	Yes
2.11	2.11 Parent Engagement	Host parent workshops in partnership with district departments and community organizations, and increase engagement of Black, Brown and low income families.	\$56,850.00	Yes
2.12	2.12 Equity and Access	STUDENT ENGAGEMENT: Increase Student Success Coaches (+2 FTE) to support limited English speakers, Pacific Island/Native Hawaiian and African-American Students	\$100,000.00	No Yes
2.13	2.13 Equity and Access	STUDENT ASSISTANCE PROGRAMMING: Increase access to resources for socioeconomically disadvantaged students, including school supplies, targeted programs to increase engagement, individualized academic, behavioral and socio-emotional supports, child safety and care.	\$70,000.00	Yes

## Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

The PAUSD Counseling Department has been in working on site-specific goals aligned to the pillars of the American School Counselor Association (ASCA) framework for school counseling programs that effectively collect, analyze, monitor, and evaluate student growth in the areas of academics, college, and career readiness, and Social-Emotional Learning (SEL) implementing the following: a. Identifying goals and metrics for growth at the beginning of each school year. Utilizing log entries to document student interactions and growth in each of the three pillars. Preparing an end-of-year report on progress towards accomplishing goals and presenting data to the site administrators to assist in revising and/or setting new goals for the subsequent school year. Regularly communicating progress towards goals with students and families.

The Counseling and Guidance Departments will support all site counselors to effectively collect, analyze, monitor, and evaluate Comprehensive School Counseling Programs in the areas of attendance, behavior, Social-Emotional Learning (SEL) and academic achievement. High school counseling teams implemented semester meetings with students who were not on A-G track.

The Special Education department will have co-directors from PreK to post-secondary focusing on program improvements and family outreach.

#### An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

2.1 PK-12 Intervention and Progress Monitoring, additional support services for students' actual costs for actions and services in this goal increased during the 2021/2022 school year as the need for intervention and progress monitoring services became a crucial service as students returned to classes in person. Another expense that increased was the additional substitute teacher costs needed to allow for teachers to participate in the BAS and OG training.

2.3 College and Career Readiness, the data was collected and reviewed on A-G completion and students on track for completing A-G, and no LCFF funds were utilized as the work was completed during the work day and no additional costs were needed. The allocated amount of 2,500.00 is still in place.

2.4 Targeted Academic Support and College and Career Preparation, this targeted academic support and college and career preparation services were implemented and were funded by using ELO funds, and only a small amount of the allocated LCFF funds were used.

2.8 For Equity and Access, the total amount of budget allocated to student engagement programs was not exhausted due to the inability of staff to attend training and deliver the MTSS program at our schools.

2.9 Elementary Literacy, the total amount of the allocated funds to monitor student progress and provide interventions through reading specialists at every elementary site at the Tier 2 level was not fully utilized due to the lack of substitutes available and other personnel.

2.10 College and Career Readiness, the impact of returning to in-person classes and offering independent study for families, posed additional challenges at our high schools with providing outreach for under-represented students through college-level courses, including dual enrollment and AP courses. Therefore a minimum amount of the allocated funds was utilized.

2.11 Parent Engagement, the allocation of funds was not exhausted as these workshop meetings took place virtually, and the expected expenditures were not needed.

2.12 Equity and Access, the actual costs for actions and services in this goal increased during the 2021/2022 school year as the need for Safe specialist services increased.

2.13 Equity and Access, the allocated funds for student assistance programs were not exhausted and were minimum, and the impact of returning to in-person classes and offering independent study for families posed additional challenges at our schools.

An explanation of how effective the specific actions were in making progress toward the goal.

The PAUSD high school counselors initiated meetings with students to review the graduation requirements along with the A-G requirements to help increase college attendance. In addition, parents were provided with the same information to ensure the parents understood the requirements and process.

An MTSS tracking system, using Google Docs to track Tier 2 interventions, is in place, and goals are updated every 6-8 weeks. In addition, this system is currently being piloted. PAUSD will continue to focus on Tier 1, 2, and 3 tracking systems and supports in elementary schools. Pilot outcomes will determine the next steps for a data and monitoring system for academics, intervention, behavior, and attendance.

NWEA outcomes are used to identify students in need of support in elementary math. The secondary mathematics teachers participate in data dialogues with MDTP outcomes to identify areas of instructional focus, needed interventions, etc. The MDTP data is used to identify middle school students and rising 9th graders who would benefit from additional support during the summer.

CTE staff created a Secondary Pathway Handbook to improve outreach and support for career counseling and to increase connections with CTE professionals. Feedback from diverse stakeholders was collected to create the handbook, including our CTE Advisory which is composed of industry professionals. In addition, CTE and Work Experience offered job fairs and career month events at multiple points in the year. To date, over 250 handbooks have been distributed to counselors and students.

To improve outreach to underrepresented students to participate in industry certifications, civic engagements, and dual enrollment pathway offerings we have conducted data analysis to establish a baseline and identify special populations. Our K-12 Pathway Coordinator and CTE Staff have facilitated enrollment in dual enrollment college courses as well as assisted teachers and students with questions.

PAUSD experienced several gains in the following areas: CAASPP = ELA/Math success: AA ~ 15% ELA / 2%, Math increase PI 2% ELA, increase SED 3.6 % increase, Hispanic 10% & 15% Increase, SWD 23% increase, 3rd grade SED 9.3 % increase, and 3rd grade EL 9.0 increase.

PAUSD maintains a resource page that is supported by live parent sessions to support families from diverse backgrounds. In addition, Language Line was implemented at 100% of school sites across the district.

Teachers participated in professional learning focused on utilizing the English Learner toolkit and implemented teaching strategies in their co-teaching and small groups.

10 Parent Education nights hosted in Spanish were offered throughout the year, with participation averaging 50+ parents at each. Additionally, school-based events were marketed to families and information adjusted to benefit low-income families. Events and information are posted to a custom Family Engagement website dedicated to providing easy access to education and resources for low-income families.

Approval was granted for the hire of two additional FTE staff, and the positions were filled with team members who supported our Pacific Island and Black student populations. In addition, a .75 FTE was added to support Asian-American students needing support.

Created a Director of Special Education Support Services to assist in building community with parents, site, and students.

Provided staff development training to psychologists, EL specialists, and Reading Specialists focusing on support for English Learners and appropriate assessments for identification

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Update desired outcome to align with the final Board-approved Every Student Reads Initiative metric.

Due to the low reclassification rate in 2020-21 of 11% as the pandemic impacted the ability to properly reclassify students, adjustments will be made to ensure the proper services are being provided to EL students.

Pilot new MTSS documenting software to monitor not only academic needs and progress, but also attendance and social-emotional progress. Replicate successful intervention strategies across district.

The PAUSD counseling team is looking into a new platform to provide students with in-depth, grade-appropriate information and data-driven tools to support college, career, and financial aid planning and applications.

Required metrics added to include percentage of pupils meeting both A-G and a CTE pathway, and the EAP metric with percentages of students meeting aa level 3 or 4 on ELA and/or Mathematics.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Goals and Actions

## Goal

Goal #	Description
3	Wellness and Safety: Provide for the social, emotional and physical health needs of students and cultivate positive, identity safe school environments that promote high levels of connection, engagement and overall well-being throughout the school community. Create a physical environment that promotes student and staff safety through established protocols and procedures, appropriate internal and external security systems, and routine emergency preparations.

An explanation of why the LEA has developed this goal.

When district staff reviewed the PAUSD data, staff found these data points. In 2018-19, chronic absentee rates for Pacific Islanders, African American, Hispanic and Homeless students were 25% (maintained), 10.6% (increase 2%), 10.2% (maintained), and 28.2% (declined 7.5%), respectively. This data indicated a need for wellness and safety to have attendance and school climate in upcoming years. Furthermore, stakeholder feedback indicated that due to the pandemic students were feeling isolated and lacked peer interaction. Therefore, we developed this goal to address student social-emotional learning, attendance patterns and protocols that address physical and emotional safety.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	The item was slightly different in the secondary CHKS, with 69% of 7th, 62% of 9th, and 64% of 11th grade students reporting “pretty much true” or “very true” to the item: “At my school, there is a teacher or some other adult who really cares about me.”	The item was slightly different in the secondary CHKS, with 89% of 7th, 87% of 9th, and 78% of 11th grade students reporting “pretty much true” or “very true” to the item: “At my school, there is a teacher or some other adult who really cares about me.”			

## Actions

Action #	Title	Description	Total Funds	Contributing
3.1	Action 3.01 Monitoring chronic absenteeism	Send out district chronic absenteeism letters at each progress report period throughout the year in addition to truancy notifications for 3, 6, and 10 absences.	\$146,700.00	No
3.2	Action 3.02 Wellness Centers	Continue to provide Wellness Center services to support student mental health and well being at the high schools.	\$276,132.00	No
3.3	3.03 Social Emotional Learning	Provide professional learning to support SEL implementation in elementary and middle schools.	\$60,000.00	No

Action #	Title	Description	Total Funds	Contributing
3.4	Action 3.04 Restorative Practices	Establish Restorative Practices Design Team to develop a strategy for RP implementation at each level. Create district guidance for all sites on alternatives to suspension.	\$200,000.00	Yes
3.5	3.05 Attendance	Implement attendance interventions and monitor and track student progress, coordinating available resources (including counselors, Family Engagement Specialists, district social workers, district nurses, and site staff). Provide monthly reports to the Board of Education to monitor chronic absenteeism rates.	\$150,000.00	No

## Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

PAUSD has consistently been mailing attendance notifications to the parents/guardians of students with ongoing absences. The purpose is for the messages to help build a habit and a culture of attendance by helping everyone understand why going to school regularly matters and what they can do to ensure students are in school. No attendance initiative is complete without attention to parents, who are crucial in turning around chronic absence.

All actions were successfully implemented despite some setbacks due to the ongoing adjustments to COVID testing and other related health checks.

Wellness Center programming at the high schools has remained steady over the the last 5 years. Wellness Centers have expanded tier 1 offerings during PRIME time to enhance enrichment, reduce stigma, and psychoeducation students on mental health topics. Wellness Center staff have conducted staff trainings on mental health topics to help create a common language and framework for how all staff approach mental health in student cases. We have targeted support for our AAPI community through AACI, providing therapeutic services in Mandarin as well as parenting class series (one each semester in Mandarin and in English).

RP Design Team not established. However, a discipline matrix was developed to guide schools on a common response to discipline via best restorative practices.

PAUSD has supported schools in developing specific goals to address student chronic absenteeism via the relationship-based tiered system. The District has provided the Attention 2 Attendance system and dashboard for school staff to monitor absences in order to identify students

experiencing chronic absenteeism who may need to participate in a restorative Student Attendance Team (SART) and/or Student Attendance Review Board (SARB) process.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

3.1 Monitoring Chronic Absenteeism, the total amount of budget allocated to help monitor chronic absenteeism was not exhausted as the contract with Attention 2 Attendance was for one year only. However, the district is considering utilizing the additional funds for an extended multi-year contract.

3.2 Wellness Centers, the impact of returning to in-person classes created additional mental health needs for all of our students at all of our schools. And additional mental health services were needed, and outside service providers were contracted to meet our student needs which led to increasing the costs well above the allocated funds.

3.3 Social Emotional Learning, due to the lack of substitute teachers and other staff available, the allocated funds were not exhausted to provide professional learning to support SEL implementation in elementary and middle schools.

3.4 Restorative Practices, as students returned to in-person classes and they adjusted to being in school, the district experienced minimum instances of disciplinary issues and focused more on mental health awareness. Therefore the funds allocated were not exhausted, and the costs were minimal.

3.5 Attendance, with the implementation of attendance interventions, tracking student progress, and coordinating available resources, the allocated funds were not exhausted as initially, some meetings took place virtually.

An explanation of how effective the specific actions were in making progress toward the goal.

Elementary sites received training on a piloted curriculum, Second Step. The training provided a background of the importance of SEL and, the use of the curriculum, alignment with special justice standards.

The discipline matrix-assisted with establishing a common approach to discipline that led to more equitable outcomes and guided schools on a common response to discipline, and the district had zero expulsions are reported.

The district's overall suspension rate is low (0.1%). The African American student group was also at 0%. Data is not available or was at 0% as students were on distance learning for the student groups Homeless and SED for 2020-21.

Implemented a new Districtwide Attendance System (A2A) by properly coding students' absences for consistency and compliance, systematically leveraging PAUSD Attendance Flowchart. The chronic absentee rates improved as follows: Pacific Islander- 16.2%, African American- 6.2%, Hispanic- 5.5%, Homeless- 27.5%.

Reviewed data routinely to calibrate the tiered system and share best practices for improving attendance helped with improving the chronic absentee rates in several of our subgroups.

Increased attendance through weekly attendance reports and follow-through with students and parents regarding absenteeism patterns.

Students identified as benefiting from Tier 3 strategies received support from Student Success Coaches and Student and Family Engagement Specialist (SaFE) Specialists by examining chronic absenteeism or habitual truancy needs.

On the fall 2021 CalSCHLS, 63% of 5th-grade students reported "yes" of most of the time" or "yes, all of the time" to the item: "Teachers and other grown-ups at the school care about you. On the other hand, due to the decline in 5th-grade students' responses in the CalSCHLS when compared to 2019 of 90%, this action will continue as students will have better adjusted to in-person learning moving forward.

Recognized students for improved attendance through positive incentives and reward systems (e.g., Punctual Panther Certificate, phone calls to parents of improved students, and goodie bags).

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

PAUSD has participated in School Attendance Awareness Month, weekly attendance to administrators, and follow-up message from the Superintendent to parents. SART Attendance Contracts were shared with each school site throughout the school year. Elementary and Secondary Directors engaged in teacher/student support and phone calls home when necessary. Information was sent home regarding attendance through the report card process as well.

The PAUSD will continue to provide information to families in order to increase student access to mental health services either at school or through community organizations. The District will expand formalized community partnerships in order to enhance mental health interventions for students, expediting mental health services offered directly at school sites.

Expand Second Step training and pilot to all schools TK-8, Implement youth education related to wellness and SEL. Monitor disciplinary removals to identify disparate outcomes and provide support to identified schools.

Students identified as benefiting from Tier 3 strategies received support from Student Success Coaches and Student and Family Engagement Specialist (SaFE) Specialists by examining chronic absenteeism or habitual truancy needs. Recognized students for improved attendance through positive incentives and reward systems (e.g., Punctual Panther Certificate, phone calls to parents of improved students, and goodie bags).

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2022-23]

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
3,080,609	0.00

## Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
3.27%	0.76%	\$771,076.22	4.03%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

## Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

After reviewing the needs, conditions, and circumstances for low-income students' attendance is an area of concern. In order to address this concern, we will provide supplement and monitoring from Student and Family Engagement Specialists (also known as Student Success Coaches) with PAUSD expanding that program to ensure low-income students receive personalized support (Goal 2, Action 12). We believe that the SAFE specialists will support families in getting students to schools, help to provide families with resources that such as mental health supports that may be inhibiting students from attending sites, as well as providing district staff with insight on the barriers low-income students face in regards to attendance. PAUSD was able to raise EL student attendance by having EL teachers call home, make home visits and provide access to resources. We hope to replicate this effort with the SAFE specialists, action2.05 Parent Engagement. We believe this approach is effective because it provides a connection to the home and involves the parents.

After reviewing the needs, conditions, and circumstances for low-income students' suspensions is an area of concern. In order to address this concern, we will expand equity professional learning for staff will center on equitable practices with a focus on addressing restorative practices. As suspensions are initiated by staff, we aim to provide alternative practices when addressing behavior in students, and also recognizing how to support low-income students. We believe that targeted professional learning will change practice and result in fewer

suspensions. Professional learning is reflected in Action 3.04 Restorative Practices, Action 1.06 Expanded Equity Professional Learning and Action 1.09 Culturally Responsive Teaching. We believe that with additional training staff will be able to identify alternative strategies in addressing behaviors, and implement practices that will create safe and welcoming environments, resulting in fewer behavior referrals and suspensions.

After reviewing the needs, conditions, and circumstances for low-income students' academics in ELA, mathematics, and Career Technical Education and College Career Readiness are areas of concern. In order to address this concern, we will provide targeted academic support through after-school tutoring, targeted student outreach, and community organization partnerships, Action 2.04 Targeted Academic Support and College and Career Preparation. This extra academic support will address academic concerns in ELA and math, which we believe will result in reaching benchmarks in ELA and math assessments. Actions 2.08 and 2.10 address outreach efforts to increase participation by students in targeted groups in AP courses, dual enrollment, and career technical education pathway programs.

After reviewing the needs, conditions, and circumstances for English learner students, EL students were at the benchmark in all areas. To continue this pattern PAUSD will continue to hire specialized staff to work with EL students to ensure that they are given full access to all actions described in the LCAP. English learner instruction is given within the classroom, with English Learner specialists providing supplemental support and monitoring. English learners at this time are at a level in all areas, therefore, maintaining current progress is a top priority, Action 2.06 English Learner. Although EL student population did decrease the level of staffing will remain the same.

After reviewing the needs, conditions and circumstances it was clear that there is a gap between low income families resources and opportunities in comparison to other student groups. In order to bridge the gap, PAUSD will continue to and increase outreach to parents and expanding parent engagement to build on the positive feedback from past years (Action 2.11). In addition to parent outreach PAUSD will increase access to resources (school supplies, program to target engagement, individualized academic and behavior supports and childcare), Action 2.13. Access to additional resources will provide students with academic, social and material resources to support their success.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

All programs and staff that support and monitor English learners and low-income students are being expanded by adding more support staff such as primary language tutors, family engagement specialists, and English learner staff. Many of these programs are being funded by the

Expanded Learning Opportunity Grant. PAUSD is required to increase or improve services for EL, Foster Youth, and Low-Income students by \$3,228,665 as shown above. This increased percentage is met by actions and services included in the Local Control Accountability Plan. The following actions described below are increased or improved and meet and/or exceed the totality of the required percentage increase as compared to services for all students.

**Actions In the Local Control Accountability Plan**

In the plan you will see the following actions marked as contributing which are included as part of the increased percentage:

- Action 1.06 Expanded Equity Professional Learning
- Action 1.09 Culturally Responsive Teaching
- Action 2.04 Targeted Academic Support and College and Career Preparation
- Action 2.05 Parent Engagement
- Action 2.06 English Learner
- Action 2.08 AP Course Access
- Action 2.10 College and Career Readiness
- Action 2.11 Parent Engagement
- Action 2.12 Student Success Coaches
- Action 2.13 Student Assistance Programming
- Action 3.04 Restorative Practices

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

N/A

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students		

## 2022-23 Total Expenditures Table

Totals	LCFF Funds	Other State Funds	Local Funds	Federal Funds	Total Funds	Total Personnel	Total Non-personnel

# Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).*

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
  - Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

## **Plan Summary**

### **Purpose**

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

## Requirements and Instructions

**General Information** – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

**Reflections: Successes** – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

**Reflections: Identified Need** – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

**LCAP Highlights** – Identify and briefly summarize the key features of this year's LCAP.

**Comprehensive Support and Improvement** – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## Engaging Educational Partners

## Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC Section 52064[e][1]*). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

## Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

### **Local Control and Accountability Plan:**

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

**Prompt 1:** “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

**Prompt 2:** “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

**Prompt 3:** “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

## **Focus Goal(s)**

**Goal Description:** The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

## **Broad Goal**

**Goal Description:** Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

## **Maintenance of Progress Goal**

**Goal Description:** Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

**Explanation of why the LEA has developed this goal:** Explain how the actions will sustain the progress exemplified by the related metrics.

## **Required Goals**

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

**Consistently low-performing student group(s) criteria:** An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated

Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

**Low-performing school(s) criteria:** The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the "All Students" student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

### **Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2022–23</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2023–24</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2021–22</b> or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

**Actions:** Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

**Actions for English Learners:** School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

### Requirements and Instructions

***Projected LCFF Supplemental and/or Concentration Grants:*** Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

**Projected Additional LCFF Concentration Grant (15 percent):** Specify the amount of additional LCFF concentration grant add-on funding, as described in EC Section 42238.02, that the LEA estimates it will receive in the coming year.

**Projected Percentage to Increase or Improve Services for the Coming School Year:** Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

**LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

**LCFF Carryover — Dollar:** Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

**Total Percentage to Increase or Improve Services for the Coming School Year:** Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

**Required Descriptions:**

**For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.**

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

**Principally Directed and Effective:** An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

**COEs and Charter Schools:** Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

## **For School Districts Only:**

### **Actions Provided on an LEA-Wide Basis:**

***Unduplicated Percentage > 55 percent:*** For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

***Unduplicated Percentage < 55 percent:*** For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

### **Actions Provided on a Schoolwide Basis:**

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

**For schools with 40 percent or more enrollment of unduplicated pupils:** Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

**For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils:** Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

**A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.**

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

**A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.**

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

## Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
  - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
  - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
  - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
  - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)
  - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)

- 7. Total Estimated Actual Expenditures for Contributing Actions
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)
- 5. Total Planned Percentage of Improved Services (%)
  - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
  - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

**LCFF Carryover Table**

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
