Stacy Gavin	Can I please get a copy of the actual literature and lessons that are being taught/implemented please? The information I have only tells the ideas of the 2 budget lines, not the actual lessons. Could this money be better spent on upgrading the school's gardens, providing more shade for students, healthier lunches, or another SRO? I see these items as benefitting the students way more, especially with the vague proposals of both of these line items. Thank you!
