2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Renaissance is a middle school of choice serving approximately 400 sixth, seventh and eighth-grade students. All Renaissance students, parents, and educators have chosen to come to Renaissance to participate, work hard, and focus on preparing students to be successful in high school, college, and beyond. At Renaissance, there is a strong emphasis on building the student, parent, teacher relationship. The community believes that when all stakeholders know one another's hearts and minds well, the students will be best supported and able to achieve their full potential. The parents' active support and cooperation, combined with the staff's best professional efforts, will continue to make Renaissance a place for students to learn and grow. Renaissance provides a safe, equitable, rigorous, and relationship-centered learning environment for all students.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2020-21 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

School Facility Conditions and Planned Improvements

The District makes every effort to ensure all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office and at the district office.

The building in which Renaissance resides was built in 1962. School facilities are being renovated according to the Field Act requirements of the State Building Code with a focus on earthquake safety. In the event that asbestos and lead containing building materials are found, they are removed according to Environmental Protection Agency (EPA), State, and Local requirements. Deferred maintenance funds have been used to properly maintain and renovate district buildings. Needed repairs and maintenance projects are completed in a timely manner.

Whenever possible, school facilities are upgraded to support and maintain a safe, clean and secure campus. Sufficient classroom, office, library, playground, staff space, and restroom facilities are allocated to support stakeholders' needs and the instructional program. The Alum Rock Union Elementary School District Maintenance and Grounds staff, in conjunction with day and night custodians, ensure the school buildings and grounds are safe, clean, and in good repair. Rigorous daily custodial schedules ensure that classrooms, lavatories, serving kitchens, eating areas, offices, and playgrounds are clean for both student and staff use. Regular oversight by district maintenance and grounds crews ensure that grass and landscaped areas are well maintained, and that the school's buildings, grounds and play areas are safe for use.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Renaissance values and includes all stakeholders in all facets of the educational process. To facilitate parent involvement in the students' academic success, each student is assigned to an advisory teacher. Advisory teachers closely monitor and support student performance and learning plans and maintain close communication with parents. One example includes Learner-led Conferences. Each student facilitates three Learner-led Conferences a school year with his/her parent(s) and advisory teacher. At these conferences the student presents what he/she has learned, a portfolio of their work, their goals, and challenges. Not only is the School Accountability Report Card available on the district's website, but pertinent school information, including results of the school evaluation process, school data, and school programs are also sent to parents in weekly community announcement emails, which are written in English and Spanish.

Parent and community participation are essential to student achievement. When enrolling their child at Renaissance the parents sign a Compact for Education. This compact indicates each parent's commitment to remain actively involved in their child's education and to participate in a minimum of 30 hours of school events over the course of the school year. Renaissance provides a number of parent and community involvement opportunities which include but are not limited to parent-child lunches, monthly community meetings, attending student exhibition events, and community service events. Renaissance has an active Parent Teacher Organization (PTO) which coordinates many fundraisers and community and social events. Please contact the Renaissance principal at (408) 928-1950 if you have any questions regarding parent involvement at Renaissance.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The Renaissance community works hard to ensure all students are safe. Renaissance has a very detailed, comprehensive safety plan that outlines protocols, systems, and procedures in the event of any/all emergencies. The plan also contains the yearly safety goals as determined by the students, staff, and parents. The Safety Plan is developed by the Renaissance Safety Committee, presented to the School Site Council, and then sent to the Alum Rock School District Board of Trustees for approval. The revised plan was last approved in January 2022. The Safety Plan and drill procedures are reviewed during the year with all staff. Safety alerts are shared with all staff as needed throughout the school year. In addition, all required drills are calendared and completed, and the results are shared with the staff. When guests are visiting Renaissance they first check-in at the office and are required to wear a visitor pass while spending time on campus. The Renaissance staff follows a campus supervision schedule to ensure that students are well supervised before school, during brunch, during lunch, and at dismissal. The Renaissance Safety Plan has a comprehensive, enforceable, continuous behavior policy, rules and regulations, dress code policy, protocols for safety/emergency drills, tardy policy, attendance policy, referral policy, and nondiscriminatory policy on student rights and responsibilities. The Safety Plan is revised bi-annually.

2020-21 Types of Services Funded

Services provided by the regular program to enable under performing students to meet standards:

- Staff development is provided in differentiated instructional practices in the areas of language arts and math.
- Teachers identify at-risk or low-performing students and provide in-class intervention.
- The after school intervention program provides additional instruction to students falling below standards-based benchmark proficiency in the areas of reading, writing and math.

Additional services to enable under performing students to meet standards:

- Teachers and principal meet to analyze and assess student data to determine if English language learners are meeting standards.
- English learners receive designated English Language Development (ELD) instruction and support.
- English learners receive integrated ELD support in content area classes.
- Staff development is provided to improve instruction in language arts and writing.
- Intervention programs for at-risk students are in place.
- Students below grade-level proficiency are provided with homework assistance and small group tutoring during our after school program.
- Teachers use resources, materials, and supplies to prepare and facilitate lessons that challenge students to meet and exceed proficiency.
- Intentional and ongoing collaboration and articulation between the resource specialist teacher and general education teachers to provide targeted support and individualized instruction to students receiving special education services.

Professional Development

Renaissance values and prioritizes professional development. Over the course of the school year, teachers participate in a variety of professional development initiatives. This includes professional development related to social-emotional learning, grading for equity, supporting English learners, and integrating technology into the classroom. Teachers have opportunities to participate in this learning before and throughout the school year. In addition, Renaissance teachers collaborate regularly over the course of the school year. This includes weekly grade-level and monthly content area collaboration. The Renaissance administrators are intentional about spending time in classrooms and providing teachers with feedback and support.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
