Students Driving Between Buildings Parental/Guardian Consent Form

At times, it is necessary for students to travel to another district high school for a particular class. When this travel is required, Rochester Community Schools generally provides the transportation necessary by offering a shuttle bus. **Our expectation is that students use the transportation provided.**

In extenuating circumstances, parents may request that their child be given permission to drive their own vehicle to another school. The parent/guardian should discuss the reason for the student-provided transportation with an administrator at the student's home school. If the administrator agrees that the student should be allowed to drive, the form below must be completed, and all rules must be obeyed or the student will forfeit the privilege of driving himself or herself.

Student Drives must adhere to the following:

- You must qualify for and obtain a parking pass from your home school
- You must park in the designated area at each school
- You may NOT transport other students between schools.
- Do not stop for food or anything else that will cause you to forfeit class time.
- Obey all driving laws and exhibit careful driving when entering and exiting school property.
- Obey all school rules while in transit.
