

Students in the Deltona Middle School **STEM Academy:**

- engage in real world, hands-on activities
- work daily in our own STEM Lab on a variety of engineering inspired projects
- compete in a variety of STEM fields with different schools and at county competitions
- attend field trips to experience STEM careers in action
- participate in advanced curriculum classes

STEM
ACADEMY

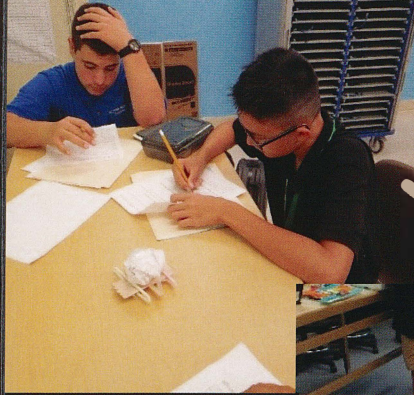

Where Science and technology integrate
math, language arts, and history

**We will either find a way,
or Make One!**

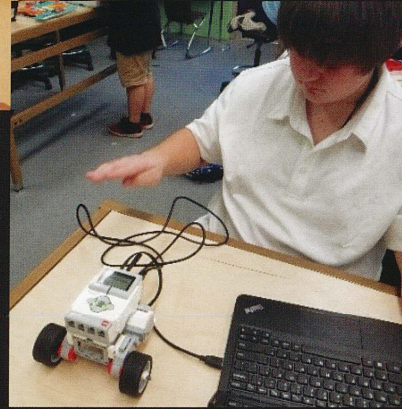

www.dmsstem.com

The DMS STEM Academy takes field trips

We experience
Science and
Technology hands-on

We apply
ourselves

We question

We Persevere

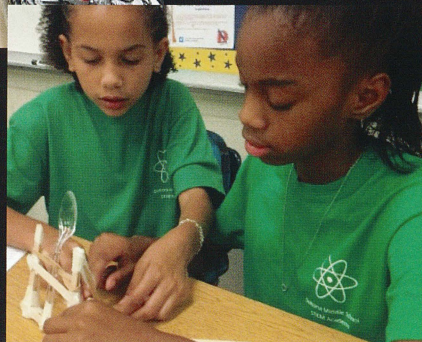

The DMS STEM Academy works hard in class and in STEM Lab

We have fun and create memorable learning

We work
together

The DMS STEM Academy
investigates the world
around them
