(4) **PEER REVIEW AND SECRETARIAL APPROVAL.—**

(A) **IN GENERAL.—**The Secretary shall—

- (II) that include, to the extent practicable, majority representation of individuals who, in the most recent 2 years, have had practical experience in the classroom, school administration, or State or local government (such as direct employees of a school, local educational agency, or State educational agency); and
- (III) who represent a regionally diverse cross-section of States;
- (iii) make available to the public, including by such means as posting to the Department's website, the list of peer reviewers who have reviewed State plans under this section;
- (iv) ensure that the peer-review teams consist of varied individuals so that the same peer reviewers are not reviewing all of the State plans;
- (v) approve a State plan not later than 120 days after its submission, unless the Secretary meets the requirements of clause (vi);
- (vi) have the authority to disapprove a State plan only if—

 - (bb) immediately provides to the State, in writing, notice of such determination, and the supporting information and rationale to substantiate such determination;
 - (cc) offers the State an opportunity to revise and resubmit its State plan, and provides the State—
 - (AA) technical assistance to assist the State in meeting the requirements of this section;
 - (BB) in writing, all peer-review comments, suggestions, recommendations, or concerns relating to its State plan; and
 - (CC) a hearing, unless the State declines the opportunity for such hearing; and
 - (II) the State—
 - (aa) does not revise and resubmit its State plan; or
 - (bb) in a case in which a State revises and resubmits its State plan after a hearing

is conducted under subclause (I)(cc)(CC), or after the State has declined the opportunity for such a hearing, the Secretary determines that such revised State plan does not meet the requirements of this section.

(B) PURPOSE OF PEER REVIEW.—The peer-review process shall be designed to—

- (i) maximize collaboration with each State;
- (ii) promote effective implementation of the challenging State academic standards through State and local innovation; and
- (iii) provide transparent, timely, and objective feedback to States designed to strengthen the technical and overall quality of the State plans.

(C) STANDARD AND NATURE OF REVIEW.—Peer reviewers shall conduct an objective review of State plans in their totality and out of respect for State and local judgments, with the goal of supporting State- and local-led innovation and providing objective feedback on the technical and overall quality of a State plan.

(D) PROHIBITION.—Neither the Secretary nor the political appointees of the Department, may attempt to participate in, or influence, the peer-review process.

(5) PUBLIC REVIEW.—All written communications, feedback, and notifications under this subsection shall be conducted in a manner that is transparent and immediately made available to the public on the Department's website, including—

- (A) plans submitted or resubmitted by a State;
- (B) peer-review guidance, notes, and comments and the names of the peer reviewers (once the peer reviewers have completed their work);

- (D) notices and transcripts of hearings under this section.

(6) DURATION OF THE PLAN.—

(A) IN GENERAL.—Each State plan shall—

- (i) remain in effect for the duration of the State's participation under this part; and
- (ii) be periodically reviewed and revised as necessary by the State educational agency to reflect changes in the State's strategies and programs under this part.

(B) ADDITIONAL INFORMATION.—

(i) IN GENERAL.—If a State makes significant changes to its plan at any time, such as the adoption of new challenging State academic standards or new academic assessments under subsection (b), or changes to its accountability system under subsection (c), such information shall be submitted to the Secretary in the form of revisions or amendments to the State plan.

(ii) REVIEW OF REVISED PLANS.—The Secretary shall review the information submitted under clause

(i) and approve changes to the State plan, or disapprove such changes in accordance with paragraph (4)(A)(vi), within 90 days, without undertaking the peer-review process under such paragraph.

(iii) SPECIAL RULE FOR STANDARDS.—If a State makes changes to its challenging State academic standards, the requirements of subsection (b)(1), including the requirement that such standards need not be submitted to the Secretary pursuant to subsection (b)(1)(A), shall still apply.

(7) FAILURE TO MEET REQUIREMENTS.—If a State fails to meet any of the requirements of this section, the Secretary may withhold funds for State administration under this part until the Secretary determines that the State has fulfilled those requirements.

(8) PUBLIC COMMENT.—Each State shall make the State plan publicly available for public comment for a period of not less than 30 days, by electronic means and in an easily accessible format, prior to submission to the Secretary for approval under this subsection. The State, in the plan it files under this subsection, shall provide an assurance that public comments were taken into account in the development of the State plan.

(b) CHALLENGING ACADEMIC STANDARDS AND ACADEMIC ASSESSMENTS.—

(1) CHALLENGING STATE ACADEMIC STANDARDS.—

(A) IN GENERAL.—Each State, in the plan it files under subsection (a), shall provide an assurance that the State has adopted challenging academic content standards and aligned academic achievement standards (referred to in this Act as “challenging State academic standards”), which achievement standards shall include not less than 3 levels of achievement, that will be used by the State, its local educational agencies, and its schools to carry out this part. A State shall not be required to submit such challenging State academic standards to the Secretary.

(B) SAME STANDARDS.—Except as provided in subparagraph (E), the standards required by subparagraph (A) shall—

(i) apply to all public schools and public school students in the State; and

(ii) with respect to academic achievement standards, include the same knowledge, skills, and levels of achievement expected of all public school students in the State.

(C) SUBJECTS.—The State shall have such academic standards for mathematics, reading or language arts, and science, and may have such standards for any other subject determined by the State.

(D) ALIGNMENT.—

(i) IN GENERAL.—Each State shall demonstrate that the challenging State academic standards are aligned with entrance requirements for credit-bearing coursework in the system of public higher education in

the State and relevant State career and technical education standards.

(ii) RULE OF CONSTRUCTION.—Nothing in this Act shall be construed to authorize public institutions of higher education to determine the specific challenging State academic standards required under this paragraph.

(E) ALTERNATE ACADEMIC ACHIEVEMENT STANDARDS FOR STUDENTS WITH THE MOST SIGNIFICANT COGNITIVE DISABILITIES.—

(i) IN GENERAL.—The State may, through a documented and validated standards-setting process, adopt alternate academic achievement standards for students with the most significant cognitive disabilities, provided those standards—

(I) are aligned with the challenging State academic content standards under subparagraph (A);

(II) promote access to the general education curriculum, consistent with the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.);

(III) reflect professional judgment as to the highest possible standards achievable by such students;

(IV) are designated in the individualized education program developed under section 614(d)(3) of the Individuals with Disabilities Education Act (20 U.S.C. 1414(d)(3)) for each such student as the academic achievement standards that will be used for the student; and

(V) are aligned to ensure that a student who meets the alternate academic achievement standards is on track to pursue postsecondary education or employment, consistent with the purposes of Public Law 93–112, as in effect on July 22, 2014.

(ii) PROHIBITION ON ANY OTHER ALTERNATE OR MODIFIED ACADEMIC ACHIEVEMENT STANDARDS.—A State shall not develop, or implement for use under this part, any alternate academic achievement standards for children with disabilities that are not alternate academic achievement standards that meet the requirements of clause (i).

(F) ENGLISH LANGUAGE PROFICIENCY STANDARDS.—Each State plan shall demonstrate that the State has adopted English language proficiency standards that—

(i) are derived from the 4 recognized domains of speaking, listening, reading, and writing;

(ii) address the different proficiency levels of English learners; and

(iii) are aligned with the challenging State academic standards.

(G) PROHIBITIONS.—

(i) STANDARDS REVIEW OR APPROVAL.—A State shall not be required to submit any standards developed under this subsection to the Secretary for review or approval.

(ii) FEDERAL CONTROL.—The Secretary shall not have the authority to mandate, direct, control, coerce, or exercise any direction or supervision over any of the challenging State academic standards adopted or implemented by a State.

(H) EXISTING STANDARDS.—Nothing in this part shall prohibit a State from revising, consistent with this section, any standards adopted under this part before or after the date of enactment of the Every Student Succeeds Act.

(2) ACADEMIC ASSESSMENTS.—

(A) IN GENERAL.—Each State plan shall demonstrate that the State educational agency, in consultation with local educational agencies, has implemented a set of high-quality student academic assessments in mathematics, reading or language arts, and science. The State retains the right to implement such assessments in any other subject chosen by the State.

(B) REQUIREMENTS.—The assessments under subparagraph (A) shall—

(i) except as provided in subparagraph (D), be—

(I) the same academic assessments used to measure the achievement of all public elementary school and secondary school students in the State; and

(II) administered to all public elementary school and secondary school students in the State;

(ii) be aligned with the challenging State academic standards, and provide coherent and timely information about student attainment of such standards and whether the student is performing at the student's grade level;

(iii) be used for purposes for which such assessments are valid and reliable, consistent with relevant, nationally recognized professional and technical testing standards, objectively measure academic achievement, knowledge, and skills, and be tests that do not evaluate or assess personal or family beliefs and attitudes, or publicly disclose personally identifiable information;

(iv) be of adequate technical quality for each purpose required under this Act and consistent with the requirements of this section, the evidence of which shall be made public, including on the website of the State educational agency;

(v)(I) in the case of mathematics and reading or language arts, be administered—

(aa) in each of grades 3 through 8; and

(bb) at least once in grades 9 through 12;

(II) in the case of science, be administered not less than one time during—

- (aa) grades 3 through 5;
- (bb) grades 6 through 9; and
- (cc) grades 10 through 12; and
- (III) in the case of any other subject chosen by the State, be administered at the discretion of the State;
- (vi) involve multiple up-to-date measures of student academic achievement, including measures that assess higher-order thinking skills and understanding, which may include measures of student academic growth and may be partially delivered in the form of portfolios, projects, or extended performance tasks;
- (vii) provide for—
 - (I) the participation in such assessments of all students;
 - (II) the appropriate accommodations, such as interoperability with, and ability to use, assistive technology, for children with disabilities (as defined in section 602(3) of the Individuals with Disabilities Education Act (20 U.S.C. 1401(3))), including students with the most significant cognitive disabilities, and students with a disability who are provided accommodations under an Act other than the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), necessary to measure the academic achievement of such children relative to the challenging State academic standards or alternate academic achievement standards described in paragraph (1)(E); and
 - (III) the inclusion of English learners, who shall be assessed in a valid and reliable manner and provided appropriate accommodations on assessments administered to such students under this paragraph, including, to the extent practicable, assessments in the language and form most likely to yield accurate data on what such students know and can do in academic content areas, until such students have achieved English language proficiency, as determined under subparagraph (G);
- (viii) at the State's discretion—
 - (I) be administered through a single summative assessment; or
 - (II) be administered through multiple state-wide interim assessments during the course of the academic year that result in a single summative score that provides valid, reliable, and transparent information on student achievement or growth;
- (ix) notwithstanding clause (vii)(III), provide for assessments (using tests in English) of reading or language arts of any student who has attended school in the United States (not including the Commonwealth of Puerto Rico) for 3 or more consecutive school years, except that if the local educational agency determines,

on a case-by-case individual basis, that academic assessments in another language or form would likely yield more accurate and reliable information on what such student knows and can do, the local educational agency may make a determination to assess such student in the appropriate language other than English for a period that does not exceed 2 additional consecutive years, provided that such student has not yet reached a level of English language proficiency sufficient to yield valid and reliable information on what such student knows and can do on tests (written in English) of reading or language arts;

(x) produce individual student interpretive, descriptive, and diagnostic reports, consistent with clause (iii), regarding achievement on such assessments that allow parents, teachers, principals, and other school leaders to understand and address the specific academic needs of students, and that are provided to parents, teachers, and school leaders, as soon as is practicable after the assessment is given, in an understandable and uniform format, and to the extent practicable, in a language that parents can understand;

(xi) enable results to be disaggregated within each State, local educational agency, and school by—

(I) each major racial and ethnic group;

(II) economically disadvantaged students as compared to students who are not economically disadvantaged;

(III) children with disabilities as compared to children without disabilities;

(IV) English proficiency status;

(V) gender; and

(VI) migrant status,

except that such disaggregation shall not be required in the case of a State, local educational agency, or a school in which the number of students in a subgroup is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student;

(xii) enable itemized score analyses to be produced and reported, consistent with clause (iii), to local educational agencies and schools, so that parents, teachers, principals, other school leaders, and administrators can interpret and address the specific academic needs of students as indicated by the students' achievement on assessment items; and

(xiii) be developed, to the extent practicable, using the principles of universal design for learning.

(C) EXCEPTION FOR ADVANCED MATHEMATICS IN MIDDLE SCHOOL.—A State may exempt any 8th grade student from the assessment in mathematics described in subparagraph (B)(v)(I)(aa) if—

(i) such student takes the end-of-course assessment the State typically administers to meet the requirements of subparagraph (B)(v)(I)(bb) in mathematics;

(ii) such student's achievement on such end-of-course assessment is used for purposes of subsection (c)(4)(B)(i), in lieu of such student's achievement on the mathematics assessment required under subparagraph (B)(v)(I)(aa), and such student is counted as participating in the assessment for purposes of subsection (c)(4)(B)(vi); and

(iii) in high school, such student takes a mathematics assessment pursuant to subparagraph (B)(v)(I)(bb) that—

(I) is any end-of-course assessment or other assessment that is more advanced than the assessment taken by such student under clause (i) of this subparagraph; and

(II) shall be used to measure such student's academic achievement for purposes of subsection (c)(4)(B)(i).

(D) ALTERNATE ASSESSMENTS FOR STUDENTS WITH THE MOST SIGNIFICANT COGNITIVE DISABILITIES.—

(i) ALTERNATE ASSESSMENTS ALIGNED WITH ALTERNATE ACADEMIC ACHIEVEMENT STANDARDS.—A State may provide for alternate assessments aligned with the challenging State academic standards and alternate academic achievement standards described in paragraph (1)(E) for students with the most significant cognitive disabilities, if the State—

(I) consistent with clause (ii), ensures that, for each subject, the total number of students assessed in such subject using the alternate assessments does not exceed 1 percent of the total number of all students in the State who are assessed in such subject;

(II) ensures that the parents of such students are clearly informed, as part of the process for developing the individualized education program (as defined in section 614(d)(1)(A) of the Individuals with Disabilities Education Act (20 U.S.C. 1414(d)(1)(A)))—

(aa) that their child's academic achievement will be measured based on such alternate standards; and

(bb) how participation in such assessments may delay or otherwise affect the student from completing the requirements for a regular high school diploma;

(III) promotes, consistent with the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), the involvement and progress of students with the most significant cognitive disabilities in the general education curriculum;

(IV) describes in the State plan the steps the State has taken to incorporate universal design for learning, to the extent feasible, in alternate assessments;

(V) describes in the State plan that general and special education teachers, and other appropriate staff—

(aa) know how to administer the alternate assessments; and

(bb) make appropriate use of accommodations for students with disabilities on all assessments required under this paragraph;

(VI) develops, disseminates information on, and promotes the use of appropriate accommodations to increase the number of students with significant cognitive disabilities—

(aa) participating in academic instruction and assessments for the grade level in which the student is enrolled; and

(bb) who are tested based on challenging State academic standards for the grade level in which the student is enrolled; and

(VII) does not preclude a student with the most significant cognitive disabilities who takes an alternate assessment based on alternate academic achievement standards from attempting to complete the requirements for a regular high school diploma.

(ii) SPECIAL RULES.—

(I) RESPONSIBILITY UNDER IDEA.—Subject to the authority and requirements for the individualized education program team for a child with a disability under section 614(d)(1)(A)(i)(VI)(bb) of the Individuals with Disabilities Education Act (20 U.S.C. 1414(d)(1)(A)(i)(VI)(bb)), such team, consistent with the guidelines established by the State and required under section 612(a)(16)(C) of such Act (20 U.S.C. 1412(c)(16)(C)) and clause (i)(II) of this subparagraph, shall determine when a child with a significant cognitive disability shall participate in an alternate assessment aligned with the alternate academic achievement standards.

(II) PROHIBITION ON LOCAL CAP.—Nothing in this subparagraph shall be construed to permit the Secretary or a State educational agency to impose on any local educational agency a cap on the percentage of students administered an alternate assessment under this subparagraph, except that a local educational agency exceeding the cap applied to the State under clause (i)(I) shall submit information to the State educational agency justifying the need to exceed such cap.

(III) STATE SUPPORT.—A State shall provide appropriate oversight, as determined by the State, of any local educational agency that is required to submit information to the State under subclause (II).

(IV) WAIVER AUTHORITY.—This subparagraph shall be subject to the waiver authority under section 8401.

(E) STATE AUTHORITY.—If a State educational agency provides evidence, which is satisfactory to the Secretary, that neither the State educational agency nor any other State government official, agency, or entity has sufficient authority, under State law, to adopt challenging State academic standards, and academic assessments aligned with such standards, which will be applicable to all students enrolled in the State's public elementary schools and secondary schools, then the State educational agency may meet the requirements of this subsection by—

(i) adopting academic standards and academic assessments that meet the requirements of this subsection, on a statewide basis, and limiting their applicability to students served under this part; or

(ii) adopting and implementing policies that ensure that each local educational agency in the State that receives grants under this part will adopt academic content and student academic achievement standards, and academic assessments aligned with such standards, which—

(I) meet all of the criteria in this subsection and any regulations regarding such standards and assessments that the Secretary may publish; and

(II) are applicable to all students served by each such local educational agency.

(F) LANGUAGE ASSESSMENTS.—

(i) IN GENERAL.—Each State plan shall identify the languages other than English that are present to a significant extent in the participating student population of the State and indicate the languages for which annual student academic assessments are not available and are needed.

(ii) SECRETARIAL ASSISTANCE.—The State shall make every effort to develop such assessments and may request assistance from the Secretary if linguistically accessible academic assessment measures are needed. Upon request, the Secretary shall assist with the identification of appropriate academic assessment measures in the needed languages, but shall not mandate a specific academic assessment or mode of instruction.

(G) ASSESSMENTS OF ENGLISH LANGUAGE PROFICIENCY.—

(i) IN GENERAL.—Each State plan shall demonstrate that local educational agencies in the State will provide for an annual assessment of English pro-

iciency of all English learners in the schools served by the State educational agency.

(ii) ALIGNMENT.—The assessments described in clause (i) shall be aligned with the State’s English language proficiency standards described in paragraph (1)(F).

(H) LOCALLY-SELECTED ASSESSMENT.—

(i) IN GENERAL.—Nothing in this paragraph shall be construed to prohibit a local educational agency from administering a locally-selected assessment in lieu of the State-designed academic assessment under subclause (I)(bb) and subclause (II)(cc) of subparagraph (B)(v), if the local educational agency selects a nationally-recognized high school academic assessment that has been approved for use by the State as described in clause (iii) or (iv) of this subparagraph.

(ii) STATE TECHNICAL CRITERIA.—To allow for State approval of nationally-recognized high school academic assessments that are available for local selection under clause (i), a State educational agency shall establish technical criteria to determine if any such assessment meets the requirements of clause (v).

(iii) STATE APPROVAL.—If a State educational agency chooses to make a nationally-recognized high school assessment available for selection by a local educational agency under clause (i), which has not already been approved under this clause, such State educational agency shall—

(I) conduct a review of the assessment to determine if such assessment meets or exceeds the technical criteria established by the State educational agency under clause (ii);

(II) submit evidence in accordance with subsection (a)(4) that demonstrates such assessment meets the requirements of clause (v); and

(III) after fulfilling the requirements of subclauses (I) and (II), approve such assessment for selection and use by any local educational agency that requests to use such assessment under clause (i).

(iv) LOCAL EDUCATIONAL AGENCY OPTION.—

(I) LOCAL EDUCATIONAL AGENCY.—If a local educational agency chooses to submit a nationally-recognized high school academic assessment to the State educational agency, subject to the approval process described in subclause (I) and subclause (II) of clause (iii) to determine if such assessment fulfills the requirements of clause (v), the State educational agency may approve the use of such assessment consistent with clause (i).

(II) STATE EDUCATIONAL AGENCY.—Upon such approval, the State educational agency shall approve the use of such assessment in any other local educational agency in the State that subse-

quently requests to use such assessment without repeating the process described in subclauses (I) and (II) of clause (iii).

(v) REQUIREMENTS.—To receive approval from the State educational agency under clause (iii), a locally-selected assessment shall—

(I) be aligned to the State's academic content standards under paragraph (1), address the depth and breadth of such standards, and be equivalent in its content coverage, difficulty, and quality to the State-designed assessments under this paragraph (and may be more rigorous in its content coverage and difficulty than such State-designed assessments);

(II) provide comparable, valid, and reliable data on academic achievement, as compared to the State-designed assessments, for all students and for each subgroup of students defined in subsection (c)(2), with results expressed in terms consistent with the State's academic achievement standards under paragraph (1), among all local educational agencies within the State;

(III) meet the requirements for the assessments under subparagraph (B) of this paragraph, including technical criteria, except the requirement under clause (i) of such subparagraph; and

(IV) provide unbiased, rational, and consistent differentiation between schools within the State to meet the requirements of subsection (c).

(vi) PARENTAL NOTIFICATION.—A local educational agency shall notify the parents of high school students served by the local educational agency—

(I) of its request to the State educational agency for approval to administer a locally-selected assessment; and

(II) upon approval, and at the beginning of each subsequent school year during which the locally selected assessment will be administered, that the local educational agency will be administering a different assessment than the State-designed assessments under subclause (I)(bb) and subclause (II)(cc) of subparagraph (B)(v).

(I) DEFERRAL.—A State may defer the commencement, or suspend the administration, but not cease the development, of the assessments described in this paragraph, for 1 year for each year for which the amount appropriated for grants under part B is less than \$369,100,000.

(J) ADAPTIVE ASSESSMENTS.—

(i) IN GENERAL.—Subject to clause (ii), a State retains the right to develop and administer computer adaptive assessments as the assessments described in this paragraph, provided the computer adaptive assessments meet the requirements of this paragraph, except that—

(I) subparagraph (B)(i) shall not be interpreted to require that all students taking the computer adaptive assessment be administered the same assessment items; and

(II) such assessment—

(aa) shall measure, at a minimum, each student's academic proficiency based on the challenging State academic standards for the student's grade level and growth toward such standards; and

(bb) may measure the student's level of academic proficiency and growth using items above or below the student's grade level, including for use as part of a State's accountability system under subsection (c).

(ii) STUDENTS WITH THE MOST SIGNIFICANT COGNITIVE DISABILITIES AND ENGLISH LEARNERS.—In developing and administering computer adaptive assessments—

(I) as the assessments allowed under subparagraph (D), a State shall ensure that such computer adaptive assessments—

(aa) meet the requirements of this paragraph, including subparagraph (D), except such assessments shall not be required to meet the requirements of clause (i)(II); and

(bb) assess the student's academic achievement to measure, in the subject being assessed, whether the student is performing at the student's grade level; and

(II) as the assessments required under subparagraph (G), a State shall ensure that such computer adaptive assessments—

(aa) meet the requirements of this paragraph, including subparagraph (G), except such assessment shall not be required to meet the requirements of clause (i)(II); and

(bb) assess the student's language proficiency, which may include growth towards such proficiency, in order to measure the student's acquisition of English.

(K) RULE OF CONSTRUCTION ON PARENT RIGHTS.—Nothing in this paragraph shall be construed as preempting a State or local law regarding the decision of a parent to not have the parent's child participate in the academic assessments under this paragraph.

(L) LIMITATION ON ASSESSMENT TIME.—Subject to Federal or State requirements related to assessments, evaluations, and accommodations, each State may, at the sole discretion of such State, set a target limit on the aggregate amount of time devoted to the administration of assessments for each grade, expressed as a percentage of annual instructional hours.

(3) EXCEPTION FOR RECENTLY ARRIVED ENGLISH LEARNERS.—

(A) ASSESSMENTS.—With respect to recently arrived English learners who have been enrolled in a school in one of the 50 States in the United States or the District of Columbia for less than 12 months, a State may choose to—

(i) exclude—

(I) such an English learner from one administration of the reading or language arts assessment required under paragraph (2); and

(II) such an English learner's results on any of the assessments required under paragraph (2)(B)(v)(I) or (2)(G) for the first year of the English learner's enrollment in such a school for the purposes of the State-determined accountability system under subsection (c); or

(ii)(I) assess, and report the performance of, such an English learner on the reading or language arts and mathematics assessments required under paragraph (2)(B)(v)(I) in each year of the student's enrollment in such a school; and

(II) for the purposes of the State-determined accountability system—

(aa) for the first year of the student's enrollment in such a school, exclude the results on the assessments described in subclause (I);

(bb) include a measure of student growth on the assessments described in subclause (I) in the second year of the student's enrollment in such a school; and

(cc) include proficiency on the assessments described in subclause (I) in the third year of the student's enrollment in such a school, and each succeeding year of such enrollment.

(B) ENGLISH LEARNER SUBGROUP.—With respect to a student previously identified as an English learner and for not more than 4 years after the student ceases to be identified as an English learner, a State may include the results of the student's assessments under paragraph (2)(B)(v)(I) within the English learner subgroup of the subgroups of students (as defined in subsection (c)(2)(D)) for the purposes of the State-determined accountability system.

(c) STATEWIDE ACCOUNTABILITY SYSTEM.—

(1) IN GENERAL.—Each State plan shall describe a statewide accountability system that complies with the requirements of this subsection and subsection (d).

(2) SUBGROUP OF STUDENTS.—In this subsection and subsection (d), the term “subgroup of students” means—

(A) economically disadvantaged students;

(B) students from major racial and ethnic groups;

(C) children with disabilities; and

(D) English learners.

(3) MINIMUM NUMBER OF STUDENTS.—Each State shall describe—

(A) with respect to any provisions under this part that require disaggregation of information by each subgroup of students—

(i) the minimum number of students that the State determines are necessary to be included to carry out such requirements and how that number is statistically sound, which shall be the same State-determined number for all students and for each subgroup of students in the State;

(ii) how such minimum number of students was determined by the State, including how the State collaborated with teachers, principals, other school leaders, parents, and other stakeholders when determining such minimum number; and

(iii) how the State ensures that such minimum number is sufficient to not reveal any personally identifiable information.

(4) DESCRIPTION OF SYSTEM.—The statewide accountability system described in paragraph (1) shall be based on the challenging State academic standards for reading or language arts and mathematics described in subsection (b)(1) to improve student academic achievement and school success. In designing such system to meet the requirements of this part, the State shall carry out the following:

(A) ESTABLISHMENT OF LONG-TERM GOALS.—Establish ambitious State-designed long-term goals, which shall include measurements of interim progress toward meeting such goals—

(i) for all students and separately for each subgroup of students in the State—

(I) for, at a minimum, improved—

(aa) academic achievement, as measured by proficiency on the annual assessments required under subsection (b)(2)(B)(v)(I); and

(bb) high school graduation rates, including—

(AA) the four-year adjusted cohort graduation rate; and

(BB) at the State's discretion, the extended-year adjusted cohort graduation rate, except that the State shall set a more rigorous long-term goal for such graduation rate, as compared to the long-term goal set for the four-year adjusted cohort graduation rate;

(II) for which the term set by the State for such goals is the same multi-year length of time for all students and for each subgroup of students in the State; and

(III) that, for subgroups of students who are behind on the measures described in items (aa) and (bb) of subclause (I), take into account the im-

provement necessary on such measures to make significant progress in closing statewide proficiency and graduation rate gaps; and

(ii) for English learners, for increases in the percentage of such students making progress in achieving English language proficiency, as defined by the State and measured by the assessments described in subsection (b)(2)(G), within a State-determined timeline.

(B) INDICATORS.—Except for the indicator described in clause (iv), annually measure, for all students and separately for each subgroup of students, the following indicators:

(i) For all public schools in the State, based on the long-term goals established under subparagraph (A), academic achievement—

(I) as measured by proficiency on the annual assessments required under subsection (b)(2)(B)(v)(I); and

(II) at the State's discretion, for each public high school in the State, student growth, as measured by such annual assessments.

(ii) For public elementary schools and secondary schools that are not high schools in the State—

(I) a measure of student growth, if determined appropriate by the State; or

(II) another valid and reliable statewide academic indicator that allows for meaningful differentiation in school performance.

(iii) For public high schools in the State, and based on State-designed long term goals established under subparagraph (A)—

(I) the four-year adjusted cohort graduation rate; and

(II) at the State's discretion, the extended-year adjusted cohort graduation rate.

(iv) For public schools in the State, progress in achieving English language proficiency, as defined by the State and measured by the assessments described in subsection (b)(2)(G), within a State-determined timeline for all English learners—

(I) in each of the grades 3 through 8; and

(II) in the grade for which such English learners are otherwise assessed under subsection (b)(2)(B)(v)(I) during the grade 9 through grade 12 period, with such progress being measured against the results of the assessments described in subsection (b)(2)(G) taken in the previous grade.

(v)(I) For all public schools in the State, not less than one indicator of school quality or student success that—

(aa) allows for meaningful differentiation in school performance;

(bb) is valid, reliable, comparable, and statewide (with the same indicator or indicators used

for each grade span, as such term is determined by the State); and

(cc) may include one or more of the measures described in subclause (II).

(II) For purposes of subclause (I), the State may include measures of—

(III) student engagement;

(IV) educator engagement;

(V) student access to and completion of advanced coursework;

(VI) postsecondary readiness;

(VII) school climate and safety; and

(VIII) any other indicator the State chooses that meets the requirements of this clause.

(C) ANNUAL MEANINGFUL DIFFERENTIATION.—Establish a system of meaningfully differentiating, on an annual basis, all public schools in the State, which shall—

(i) be based on all indicators in the State's accountability system under subparagraph (B), for all students and for each of subgroup of students, consistent with the requirements of such subparagraph;

(ii) with respect to the indicators described in clauses (i) through (iv) of subparagraph (B) afford—

(I) substantial weight to each such indicator;

and

(II) in the aggregate, much greater weight than is afforded to the indicator or indicators utilized by the State and described in subparagraph (B)(v), in the aggregate; and

(iii) include differentiation of any such school in which any subgroup of students is consistently underperforming, as determined by the State, based on all indicators under subparagraph (B) and the system established under this subparagraph.

(D) IDENTIFICATION OF SCHOOLS.—Based on the system of meaningful differentiation described in subparagraph (C), establish a State-determined methodology to identify—

(i) beginning with school year 2017–2018, and at least once every three school years thereafter, one statewide category of schools for comprehensive support and improvement, as described in subsection (d)(1), which shall include—

(I) not less than the lowest-performing 5 percent of all schools receiving funds under this part in the State;

(II) all public high schools in the State failing to graduate one third or more of their students; and

(III) public schools in the State described under subsection (d)(3)(A)(i)(II); and

(ii) at the discretion of the State, additional statewide categories of schools.

(E) ANNUAL MEASUREMENT OF ACHIEVEMENT.—(i) Annually measure the achievement of not less than 95 percent of all students, and 95 percent of all students in each subgroup of students, who are enrolled in public schools on the assessments described under subsection (b)(2)(v)(I).

(ii) For the purpose of measuring, calculating, and reporting on the indicator described in subparagraph (B)(i), include in the denominator the greater of—

(I) 95 percent of all such students, or 95 percent of all such students in the subgroup, as the case may be; or

(II) the number of students participating in the assessments.

(iii) Provide a clear and understandable explanation of how the State will factor the requirement of clause (i) of this subparagraph into the statewide accountability system.

(F) PARTIAL ATTENDANCE.—(i) In the case of a student who has not attended the same school within a local educational agency for at least half of a school year, the performance of such student on the indicators described in clauses (i), (ii), (iv), and (v) of subparagraph (B)—

(I) may not be used in the system of meaningful differentiation of all public schools as described in subparagraph (C) for such school year; and

(II) shall be used for the purpose of reporting on the State and local educational agency report cards under subsection (h) for such school year.

(ii) In the case of a high school student who has not attended the same school within a local educational agency for at least half of a school year and has exited high school without a regular high school diploma and without transferring to another high school that grants a regular high school diploma during such school year, the local educational agency shall, in order to calculate the graduation rate pursuant to subparagraph (B)(iii), assign such student to the high school—

(I) at which such student was enrolled for the greatest proportion of school days while enrolled in grades 9 through 12; or

(II) in which the student was most recently enrolled.

(5) ACCOUNTABILITY FOR CHARTER SCHOOLS.—The accountability provisions under this Act shall be overseen for charter schools in accordance with State charter school law.

(d) SCHOOL SUPPORT AND IMPROVEMENT ACTIVITIES.—

(1) COMPREHENSIVE SUPPORT AND IMPROVEMENT.—

(A) IN GENERAL.—Each State educational agency receiving funds under this part shall notify each local educational agency in the State of any school served by the local educational agency that is identified for comprehensive support and improvement under subsection (c)(4)(D)(i).

(B) LOCAL EDUCATIONAL AGENCY ACTION.—Upon receiving such information from the State, the local educational agency shall, for each school identified by the State and in partnership with stakeholders (including principals and other school leaders, teachers, and parents), locally develop and implement a comprehensive support and improvement plan for the school to improve student outcomes, that—

(i) is informed by all indicators described in subsection (c)(4)(B), including student performance against State-determined long-term goals;

(ii) includes evidence-based interventions;

(iii) is based on a school-level needs assessment;

(iv) identifies resource inequities, which may include a review of local educational agency and school-level budgeting, to be addressed through implementation of such comprehensive support and improvement plan;

(v) is approved by the school, local educational agency, and State educational agency; and

(vi) upon approval and implementation, is monitored and periodically reviewed by the State educational agency.

(C) STATE EDUCATIONAL AGENCY DISCRETION.—With respect to any high school in the State identified under subsection (c)(4)(D)(i)(II), the State educational agency may—

(i) permit differentiated improvement activities that utilize evidence-based interventions in the case of such a school that predominantly serves students—

(I) returning to education after having exited secondary school without a regular high school diploma; or

(II) who, based on their grade or age, are significantly off track to accumulate sufficient academic credits to meet high school graduation requirements, as established by the State; and

(ii) in the case of such a school that has a total enrollment of less than 100 students, permit the local educational agency to forego implementation of improvement activities required under this paragraph.

(D) PUBLIC SCHOOL CHOICE.—

(i) IN GENERAL.—A local educational agency may provide all students enrolled in a school identified by the State for comprehensive support and improvement under subsection (c)(4)(D)(i) with the option to transfer to another public school served by the local educational agency, unless such an option is prohibited by State law.

(ii) PRIORITY.—In providing students the option to transfer to another public school, the local educational agency shall give priority to the lowest-achieving children from low-income families, as determined by the

local educational agency for the purposes of allocating funds to schools under section 1113(a)(3).

(iii) TREATMENT.—A student who uses the option to transfer to another public school shall be enrolled in classes and other activities in the public school to which the student transfers in the same manner as all other students at the public school.

(iv) SPECIAL RULE.—A local educational agency shall permit a student who transfers to another public school under this paragraph to remain in that school until the student has completed the highest grade in that school.

(v) FUNDING FOR TRANSPORTATION.—A local educational agency may spend an amount equal to not more than 5 percent of its allocation under subpart 2 of this part to pay for the provision of transportation for students who transfer under this paragraph to the public schools to which the students transfer.

(2) TARGETED SUPPORT AND IMPROVEMENT.—

(A) IN GENERAL.—Each State educational agency receiving funds under this part shall, using the meaningful differentiation of schools described in subsection (c)(4)(C)—

(i) notify each local educational agency in the State of any school served by the local educational agency in which any subgroup of students is consistently underperforming, as described in subsection (c)(4)(C)(iii); and

(ii) ensure such local educational agency provides notification to such school with respect to which subgroup or subgroups of students in such school are consistently underperforming as described in subsection (c)(4)(C)(iii).

(B) TARGETED SUPPORT AND IMPROVEMENT PLAN.—Each school receiving a notification described in this paragraph, in partnership with stakeholders (including principals and other school leaders, teachers and parents), shall develop and implement a school-level targeted support and improvement plan to improve student outcomes based on the indicators in the statewide accountability system established under subsection (c)(4), for each subgroup of students that was the subject of notification that—

(i) is informed by all indicators described in subsection (c)(4)(B), including student performance against long-term goals;

(ii) includes evidence-based interventions;

(iii) is approved by the local educational agency prior to implementation of such plan;

(iv) is monitored, upon submission and implementation, by the local educational agency; and

(v) results in additional action following unsuccessful implementation of such plan after a number of years determined by the local educational agency.

(C) ADDITIONAL TARGETED SUPPORT.—A plan described in subparagraph (B) that is developed and implemented in

any school receiving a notification under this paragraph from the local educational agency in which any subgroup of students, on its own, would lead to identification under subsection (c)(4)(D)(i)(I) using the State's methodology under subsection (c)(4)(D) shall also identify resource inequities (which may include a review of local educational agency and school level budgeting), to be addressed through implementation of such plan.

(D) SPECIAL RULE.—The State educational agency, based on the State's differentiation of schools under subsection (c)(4)(C) for school year 2017–2018, shall notify local educational agencies of any schools served by the local educational agency in which any subgroup of students, on its own, would lead to identification under subsection (c)(4)(D)(i)(I) using the State's methodology under subsection (c)(4)(D), after which notification of such schools under this paragraph shall result from differentiation of schools pursuant to subsection (c)(4)(C)(iii).

(3) CONTINUED SUPPORT FOR SCHOOL AND LOCAL EDUCATIONAL AGENCY IMPROVEMENT.—To ensure continued progress to improve student academic achievement and school success in the State, the State educational agency—

(A) shall—

(i) establish statewide exit criteria for—

(I) schools identified by the State for comprehensive support and improvement under subsection (c)(4)(D)(i), which, if not satisfied within a State-determined number of years (not to exceed four years), shall result in more rigorous State-determined action, such as the implementation of interventions (which may include addressing school-level operations); and

(II) schools described in paragraph (2)(C), which, if not satisfied within a State-determined number of years, shall, in the case of such schools receiving assistance under this part, result in identification of the school by the State for comprehensive support and improvement under subsection (c)(4)(D)(i)(III);

(ii) periodically review resource allocation to support school improvement in each local educational agency in the State serving—

(I) a significant number of schools identified for comprehensive support and improvement under subsection (c)(4)(D)(i); and

(II) a significant number of schools implementing targeted support and improvement plans under paragraph (2); and

(iii) provide technical assistance to each local educational agency in the State serving a significant number of—

(II) schools implementing targeted support and improvement plans under paragraph (2); and
 (B) may—

(i) take action to initiate additional improvement in any local educational agency with—

(I) a significant number of schools that are consistently identified by the State for comprehensive support and improvement under subsection (c)(4)(D)(i) and not meeting exit criteria established by the State under subparagraph (A)(i)(I); or

(II) a significant number of schools implementing targeted support and improvement plans under paragraph (2); and

(ii) consistent with State law, establish alternative evidence-based State determined strategies that can be used by local educational agencies to assist a school identified for comprehensive support and improvement under subsection (c)(4)(D)(i).

(4) RULE OF CONSTRUCTION FOR COLLECTIVE BARGAINING.—Nothing in this subsection shall be construed to alter or otherwise affect the rights, remedies, and procedures afforded to school or local educational agency employees under Federal, State, or local laws (including applicable regulations or court orders) or under the terms of collective bargaining agreements, memoranda of understanding, or other agreements between such employers and their employees.

(L) whether to consolidate and use funds provided under subsection (a)(4) in coordination with eligible funds available for services to private school children under applicable programs, as defined in section 8501(b)(1) to provide services to eligible private school children participating in programs.

(2) DISAGREEMENT.—If a local educational agency disagrees with the views of private school officials with respect to an issue described in paragraph (1), the local educational agency shall provide in writing to such private school officials the reasons why the local educational agency disagrees.

(3) TIMING.—Such consultation shall include meetings of agency and private school officials and shall occur before the local educational agency makes any decision that affects the opportunities of eligible private school children to participate in programs under this part. Such meetings shall continue throughout implementation and assessment of services provided under this section.

(4) DISCUSSION.—Such consultation shall include a discussion of service delivery mechanisms a local educational agency can use to provide equitable services to eligible private school children.

(5) DOCUMENTATION.—Each local educational agency shall maintain in the agency's records and provide to the State educational agency involved a written affirmation signed by officials of each participating private school that the meaningful consultation required by this section has occurred. The written affirmation shall provide the option for private school officials to indicate such officials' belief that timely and meaningful consultation has not occurred or that the program design is not equitable with respect to eligible private school children. If such officials do not provide such affirmation within a reasonable period of time, the local educational agency shall forward the documentation that such consultation has, or attempts at such consultation have, taken place to the State educational agency.

(6) COMPLIANCE.—

(A) IN GENERAL.—A private school official shall have the right to file a complaint with to the State educational agency asserting that the local educational agency did not engage in consultation that was meaningful and timely, did not give due consideration to the views of the private

(c) ALLOCATION FOR EQUITABLE SERVICE TO PRIVATE SCHOOL STUDENTS.—

(1) CALCULATION.—A local educational agency shall have the final authority, consistent with this section, to calculate the number of children, ages 5 through 17, who are from low-income families and attend private schools by—

(A) using the same measure of low income used to count public school children;

(B) using the results of a survey that, to the extent possible, protects the identity of families of private school students, and allowing such survey results to be extrapolated if complete actual data are unavailable;

(C) applying the low-income percentage of each participating public school attendance area, determined pursuant to this section, to the number of private school children who reside in that school attendance area; or

(D) using an equated measure of low income correlated with the measure of low income used to count public school children.

(2) COMPLAINT PROCESS.—Any dispute regarding low-income data for private school students shall be subject to the complaint process authorized in section 8503.

(d) PUBLIC CONTROL OF FUNDS.—

(1) IN GENERAL.—The control of funds provided under this part, and title to materials, equipment, and property purchased with such funds, shall be in a public agency, and a public agency shall administer such funds, materials, equipment, and property.

(e) STANDARDS FOR A BYPASS.—If a local educational agency is prohibited by law from providing for the participation in programs on an equitable basis of eligible children enrolled in private elementary schools and secondary schools, or if the Secretary determines that a local educational agency has substantially failed or is unwilling, to provide for such participation, as required by this section, the Secretary shall—

(1) waive the requirements of this section for such local educational agency;

(2) arrange for the provision of services to such children through arrangements that shall be subject to the requirements of this section and sections 8503 and 8504; and

(3) in making the determination under this subsection, consider one or more factors, including the quality, size, scope, and location of the program and the opportunity of eligible children to participate.

SEC. 1118. [20 U.S.C. 6321] FISCAL REQUIREMENTS.

(4) INAPPLICABILITY.—This subsection shall not apply to a local educational agency that does not have more than one building for each grade span.

(5) COMPLIANCE.—For the purpose of determining compliance with paragraph (1), a local educational agency may exclude State and local funds expended for—

(A) language instruction educational programs; and

(B) the excess costs of providing services to children with disabilities as determined by the local educational agency.

(d) EXCLUSION OF FUNDS.—For the purpose of complying with subsections (b) and (c), a State educational agency or local educational agency may exclude supplemental State or local funds expended in any school attendance area or school for programs that meet the intent and purposes of this part.

SEC. 1119. [20 U.S.C. 6322] COORDINATION REQUIREMENTS.

(2) reserve 0.7 percent to provide assistance to the Secretary of the Interior in accordance with subsection (d).

(b) ASSISTANCE TO OUTLYING AREAS.—

(1) FUNDS RESERVED.—From the amount made available for any fiscal year under subsection (a)(1), the Secretary shall—

(A) first reserve \$1,000,000 for the Republic of Palau, until Palau enters into an agreement for extension of United States educational assistance under the Compact of Free Association, and subject to such terms and conditions as the Secretary may establish, except that Public Law 95–134, permitting the consolidation of grants, shall not apply; and

(B) use the remaining funds to award grants to the outlying areas in accordance with paragraphs (2) through (5).

(2) AMOUNT OF GRANTS.—The Secretary shall allocate the amount available under paragraph (1)(B) to the outlying areas in proportion to their relative numbers of children, aged 5 to 17, inclusive, from families below the poverty level, on the basis of the most recent satisfactory data available from the Department of Commerce.

(3) HOLD-HARMLESS AMOUNTS.—For each fiscal year, the amount made available to each outlying area under this subsection shall be—

(A) not less than 95 percent of the amount made available for the preceding fiscal year if the number of children counted under paragraph (2) is not less than 30 percent of the total number of children aged 5 to 17 years, inclusive, in the outlying area;

(B) not less than 90 percent of the amount made available for the preceding fiscal year if the percentage described in subparagraph (A) is between 15 percent and 30 percent; and

(C) not less than 85 percent of the amount made available for the preceding fiscal year if the percentage described in subparagraph (A) is below 15 percent.

(4) RATABLE REDUCTIONS.—If the amount made available under paragraph (1)(B) for any fiscal year is insufficient to pay the full amounts that the outlying areas are eligible to receive

under paragraphs (2) and (3) for that fiscal year, the Secretary shall ratably reduce those amounts.

(5) USES.—Grant funds awarded under paragraph (1)(A) may be used only—

(A) for programs described in this Act, including teacher training, curriculum development, instructional materials, or general school improvement and reform; and

(B) to provide direct educational services that assist all students with meeting the challenging State academic standards.

(c) DEFINITIONS.—For the purpose of this section, the term “outlying area” means the United States Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

(d) ALLOTMENT TO THE SECRETARY OF THE INTERIOR.—

(1) IN GENERAL.—The amount allotted for payments to the Secretary of the Interior under subsection (a)(2) for any fiscal year shall be used, in accordance with such criteria as the Secretary may establish, to meet the unique educational needs of—

(A) Indian children on reservations served by elementary schools and secondary schools for Indian children operated or supported by the Department of the Interior; and

(B) out-of-State Indian children in elementary schools and secondary schools in local educational agencies under special contracts with the Department of the Interior.

(2) PAYMENTS.—From the amount allotted for payments to the Secretary of the Interior under subsection (a)(2), the Secretary of the Interior shall make payments to local educational agencies, on such terms as the Secretary determines will best carry out the purposes of this part, with respect to out-of-State Indian children described in paragraph (1). The amount of such payment may not exceed, for each such child, the greater of—

(A) 40 percent of the average per-pupil expenditure in the State in which the agency is located; or

(B) 48 percent of such expenditure in the United States.

(e) LIMITATION ON APPLICABILITY.—If, by reason of the application of subsection (a) for any fiscal year, the total amount available for allocation to all States under this part would be less than the amount allocated to all States for fiscal year 2016 under this part, the Secretary shall provide assistance to the outlying areas and the Secretary of the Interior in accordance with this section, as in effect on the day before the date of enactment of the Every Student Succeeds Act.

SEC. 1122. [20 U.S.C. 6332] ALLOCATIONS TO STATES.

(a) ALLOCATION FORMULA.—Of the amount appropriated under section 1002(a) to carry out this part for each of fiscal years 2017–2020 (referred to in this subsection as the current fiscal year)—

(1) an amount equal to the amount made available to carry out section 1124 for fiscal year 2001 shall be allocated in accordance with section 1124;

(2) an amount equal to the amount made available to carry out section 1124A for fiscal year 2001 shall be allocated in accordance with section 1124A; and

(3) an amount equal to 100 percent of the amount, if any, by which the total amount made available under this subsection for the current fiscal year for which the determination is made exceeds the total amount available to carry out sections 1124 and 1124A for fiscal year 2001 shall be used to carry out sections 1125 and 1125A and such amount shall be divided equally between sections 1125 and 1125A.

(b) ADJUSTMENTS WHERE NECESSITATED BY APPROPRIATIONS.—

(1) IN GENERAL.—If the sums available under this subpart for any fiscal year are insufficient to pay the full amounts that all local educational agencies in States are eligible to receive under sections 1124, 1124A, and 1125 for such year, the Secretary shall ratably reduce the allocations to such local educational agencies, subject to subsections (c) and (d) of this section.

(2) ADDITIONAL FUNDS.—If additional funds become available for making payments under sections 1124, 1124A, and 1125 for such fiscal year, allocations that were reduced under paragraph (1) shall be increased on the same basis as they were reduced.

(c) HOLD-HARMLESS AMOUNTS.—

(1) AMOUNTS FOR SECTIONS 1124, 1124A, AND 1125.—For each fiscal year, the amount made available to each local educational agency under each of sections 1124, 1124A, and 1125 shall be—

(A) not less than 95 percent of the amount made available for the preceding fiscal year if the number of children counted for grants under section 1124 is not less than 30 percent of the total number of children aged 5 to 17 years, inclusive, in the local educational agency;

(B) not less than 90 percent of the amount made available for the preceding fiscal year if the percentage described in subparagraph (A) is between 15 percent and 30 percent; and

(C) not less than 85 percent of the amount made available for the preceding fiscal year if the percentage described in subparagraph (A) is below 15 percent.

(2) PAYMENTS.—If sufficient funds are appropriated, the amounts described in paragraph (1) shall be paid to all local educational agencies that received grants under section 1124A for the preceding fiscal year, regardless of whether the local educational agency meets the minimum eligibility criteria for that fiscal year described in section 1124A(a)(1)(A) except that a local educational agency that does not meet such minimum eligibility criteria for 4 consecutive years shall no longer be eligible to receive a hold harmless amount referred to in paragraph (1).

(3) APPLICABILITY.—Notwithstanding any other provision of law, the Secretary shall not take into consideration the hold-harmless provisions of this subsection for any fiscal year for purposes of calculating State or local allocations for the fiscal

year under any program administered by the Secretary other than a program authorized under this part.

(4) POPULATION DATA.—For any fiscal year for which the Secretary calculates grants on the basis of population data for counties, the Secretary shall apply the hold-harmless percentages in paragraphs (1) and (2) to counties and, if the Secretary's allocation for a county is not sufficient to meet the hold-harmless requirements of this subsection for every local educational agency within that county, the State educational agency shall reallocate funds proportionately from all other local educational agencies in the State that are receiving funds in excess of the hold-harmless amounts specified in this subsection.

(d) RATABLE REDUCTIONS.—

(1) IN GENERAL.—If the sums made available under this subpart for any fiscal year are insufficient to pay the full amounts that local educational agencies in all States are eligible to receive under subsection (c) for such year, the Secretary shall ratably reduce such amounts for such year.

(2) ADDITIONAL FUNDS.—If additional funds become available for making payments under subsection (c) for such fiscal year, amounts that were reduced under paragraph (1) shall be increased on the same basis as such amounts were reduced.

(e) DEFINITION.—For the purpose of this section and sections 1124, 1124A, 1125, and 1125A, the term "State" means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

SEC. 1124. [20 U.S.C. 6333] BASIC GRANTS TO LOCAL EDUCATIONAL AGENCIES.

(a) AMOUNT OF GRANTS.—

(1) GRANTS FOR LOCAL EDUCATIONAL AGENCIES AND PUERTO RICO.—Except as provided in paragraph (4) and in section 1126, the grant that a local educational agency is eligible to receive under this section for a fiscal year is the amount determined by multiplying—

(A) the number of children counted under subsection (c); and

(B) 40 percent of the average per-pupil expenditure in the State, except that the amount determined under this subparagraph shall not be less than 32 percent, or more than 48 percent, of the average per-pupil expenditure in the United States.

(2) CALCULATION OF GRANTS.—

(A) ALLOCATIONS TO LOCAL EDUCATIONAL AGENCIES.—The Secretary shall calculate grants under this section on the basis of the number of children counted under subsection (c) for local educational agencies, unless the Secretary and the Secretary of Commerce determine that some or all of those data are unreliable or that their use would be otherwise inappropriate, in which case—

(i) the two Secretaries shall publicly disclose the reasons for their determination in detail; and

(ii) paragraph (3) shall apply.

(B) ALLOCATIONS TO LARGE AND SMALL LOCAL EDUCATIONAL AGENCIES.—

(i) For any fiscal year to which this paragraph applies, the Secretary shall calculate grants under this section for each local educational agency.

(ii) The amount of a grant under this section for each large local educational agency shall be the amount determined under clause (i).

(iii) For small local educational agencies, the State educational agency may either—

(I) distribute grants under this section in amounts determined by the Secretary under clause (i); or

(II) use an alternative method approved by the Secretary to distribute the portion of the State's total grants under this section that is based on those small agencies.

(iv) An alternative method under clause (iii)(II) shall be based on population data that the State educational agency determines best reflect the current distribution of children in poor families among the State's small local educational agencies that meet the eligibility criteria of subsection (b).

(v) If a small local educational agency is dissatisfied with the determination of its grant by the State educational agency under clause (iii)(II), it may appeal that determination to the Secretary, who shall respond not later than 45 days after receipt of such appeal.

(vi) As used in this subparagraph—

(I) the term “large local educational agency” means a local educational agency serving an area with a total population of 20,000 or more; and

(II) the term “small local educational agency” means a local educational agency serving an area with a total population of less than 20,000.

(3) ALLOCATIONS TO COUNTIES.—

(A) CALCULATION.—For any fiscal year to which this paragraph applies, the Secretary shall calculate grants under this section on the basis of the number of children counted under subsection (c) for counties, and State educational agencies shall suballocate county amounts to local educational agencies, in accordance with regulations issued by the Secretary.

(B) DIRECT ALLOCATIONS.—In any State in which a large number of local educational agencies overlap county boundaries, or for which the State believes it has data that would better target funds than allocating them by county, the State educational agency may apply to the Secretary for authority to make the allocations under this subpart for a particular fiscal year directly to local educational agencies without regard to counties.

(C) ALLOCATIONS TO LOCAL EDUCATIONAL AGENCIES.—If the Secretary approves the State educational agency's application under subparagraph (B), the State educational

agency shall provide the Secretary an assurance that such allocations shall be made—

- (i) using precisely the same factors for determining a grant as are used under this subpart; or
- (ii) using data that the State educational agency submits to the Secretary for approval that more accurately target poverty.

(D) APPEAL.—The State educational agency shall provide the Secretary an assurance that it will establish a procedure through which a local educational agency that is dissatisfied with its determinations under subparagraph (B) may appeal directly to the Secretary for a final determination.

(4) PUERTO RICO.—

(A) IN GENERAL.—For each fiscal year, the grant that the Commonwealth of Puerto Rico shall be eligible to receive under this section shall be the amount determined by multiplying the number of children counted under subsection (c) for the Commonwealth of Puerto Rico by the product of—

- (i) subject to subparagraph (B), the percentage that the average per-pupil expenditure in the Commonwealth of Puerto Rico is of the lowest average per-pupil expenditure of any of the 50 States; and
- (ii) 32 percent of the average per-pupil expenditure in the United States.

(B) MINIMUM PERCENTAGE.—The percentage in subparagraph (A)(i) shall not be less than—

- (i) for fiscal year 2002, 77.5 percent;
- (ii) for fiscal year 2003, 80.0 percent;
- (iii) for fiscal year 2004, 82.5 percent;
- (iv) for fiscal year 2005, 85.0 percent;
- (v) for fiscal year 2006, 92.5 percent; and
- (vi) for fiscal year 2007 and succeeding fiscal years, 100.0 percent.

(C) LIMITATION.—If the application of subparagraph (B) would result in any of the 50 States or the District of Columbia receiving less under this subpart than it received under this subpart for the preceding fiscal year, the percentage in subparagraph (A) shall be the greater of—

- (i) the percentage in subparagraph (A)(i);
- (ii) the percentage specified in subparagraph (B) for the preceding fiscal year; or
- (iii) the percentage used for the preceding fiscal year.

(b) MINIMUM NUMBER OF CHILDREN TO QUALIFY.—A local educational agency is eligible for a basic grant under this section for any fiscal year only if the number of children counted under subsection (c) for that agency is both—

- (1) 10 or more; and
- (2) more than 2 percent of the total school-age population in the agency's jurisdiction.

(c) CHILDREN TO BE COUNTED.—

(1) CATEGORIES OF CHILDREN.—The number of children to be counted for purposes of this section is the aggregate of—

(A) the number of children aged 5 to 17, inclusive, in the school district of the local educational agency from families below the poverty level as determined under paragraph (2);

(B) the number of children (determined under paragraph (4) for either the preceding year as described in that paragraph, or for the second preceding year, as the Secretary finds appropriate) aged 5 to 17, inclusive, in the school district of such agency in institutions for neglected and delinquent children (other than such institutions operated by the United States), but not counted pursuant to subpart 1 of part D for the purposes of a grant to a State agency, or being supported in foster homes with public funds; and

(C) the number of children aged 5 to 17, inclusive, in the school district of such agency from families above the poverty level as determined under paragraph (4).

(2) DETERMINATION OF NUMBER OF CHILDREN.—For the purposes of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families below the poverty level on the basis of the most recent satisfactory data, described in paragraph (3), available from the Department of Commerce. The District of Columbia and the Commonwealth of Puerto Rico shall be treated as individual local educational agencies. If a local educational agency contains two or more counties in their entirety, then each county will be treated as if such county were a separate local educational agency for purposes of calculating grants under this part. The total of grants for such counties shall be allocated to such a local educational agency, which local educational agency shall distribute to schools in each county within such agency a share of the local educational agency's total grant that is no less than the county's share of the population counts used to calculate the local educational agency's grant.

(3) POPULATION UPDATES.—

(A) IN GENERAL.—In fiscal year 2002 and each subsequent fiscal year, the Secretary shall use updated data on the number of children, aged 5 to 17, inclusive, from families below the poverty level for counties or local educational agencies, published by the Department of Commerce, unless the Secretary and the Secretary of Commerce determine that the use of the updated population data would be inappropriate or unreliable. If appropriate and reliable data are not available annually, the Secretary shall use data which are updated every 2 years.

(B) INAPPROPRIATE OR UNRELIABLE DATA.—If the Secretary and the Secretary of Commerce determine that some or all of the data referred to in subparagraph (A) are inappropriate or unreliable, the Secretary and the Secretary of Commerce shall publicly disclose their reasons.

(C) CRITERIA OF POVERTY.—In determining the families that are below the poverty level, the Secretary shall

use the criteria of poverty used by the Bureau of the Census in compiling the most recent decennial census, as the criteria have been updated by increases in the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics.

(4) OTHER CHILDREN TO BE COUNTED.—

(A) For the purpose of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families above the poverty level on the basis of the number of such children from families receiving an annual income, in excess of the current criteria of poverty, from payments under a State program funded under part A of title IV of the Social Security Act; and in making such determinations, the Secretary shall use the criteria of poverty used by the Bureau of the Census in compiling the most recent decennial census for a family of four in such form as those criteria have been updated by increases in the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics.

(B) The Secretary shall determine the number of such children and the number of children aged 5 through 17 living in institutions for neglected or delinquent children, or being supported in foster homes with public funds, on the basis of the caseload data for the month of October of the preceding fiscal year (using, in the case of children described in the preceding sentence, the criteria of poverty and the form of such criteria required by such sentence which were determined for the calendar year preceding such month of October) or, to the extent that such data are not available to the Secretary before January of the calendar year in which the Secretary's determination is made, then on the basis of the most recent reliable data available to the Secretary at the time of such determination.

(C) Except for the data on children living in institutions for neglected or delinquent children, the Secretary of Health and Human Services shall collect and transmit the information required by this subparagraph to the Secretary not later than January 1 of each year.

(D) For the purpose of this section, the Secretary shall consider all children who are in correctional institutions to be living in institutions for delinquent children.

(5) ESTIMATE.—When requested by the Secretary, the Secretary of Commerce shall make a special updated estimate of the number of children of such ages who are from families below the poverty level (as determined under paragraph (1)(A)) in each school district, and the Secretary is authorized to pay (either in advance or by way of reimbursement) the Secretary of Commerce the cost of making this special estimate. The Secretary of Commerce shall give consideration to any request of the chief executive of a State for the collection of additional census information.

(d) STATE MINIMUM.—Notwithstanding section 1122, the aggregate amount allotted for all local educational agencies within a State may not be less than the lesser of—

(1) 0.25 percent of the total amount allocated to States under this section for fiscal year 2001, plus 0.35 percent of the total amount allocated to States under this section in excess of the amount allocated for fiscal year 2001; or

(2) the average of—

(A) the amount calculated in paragraph (1), above; and

(B) the number of children in such State counted under subsection (c) in the fiscal year multiplied by 150 percent of the national average per-pupil payment made with funds available under this section for that year.

SEC. 1124A. [20 U.S.C. 6334] CONCENTRATION GRANTS TO LOCAL EDUCATIONAL AGENCIES.

(a) ELIGIBILITY FOR AND AMOUNT OF GRANTS.—

(1) IN GENERAL.—(A) Except as otherwise provided in this paragraph, each local educational agency which is eligible for a grant under section 1124 for any fiscal year is eligible for an additional grant under this section for that fiscal year if the number of children counted under section 1124(c) in the agency exceeds either—

(i) 6,500; or

(ii) 15 percent of the total number of children aged 5 through 17 in the agency.

(B) Notwithstanding section 1122, no State shall receive less than the lesser of—

(i) 0.25 percent of the total amount allocated to States under this section for fiscal year 2001, plus 0.35 percent of the total amount allocated to States under this section in excess of the amount allocated for fiscal year 2001; or

(ii) the average of—

(I) the amount calculated under clause (i); and

(II) the greater of—

(aa) \$340,000; or

(bb) the number of children in such State counted for purposes of this section in that fiscal year multiplied by 150 percent of the national average per-pupil payment made with funds available under this section for that year.

(2) DETERMINATION.—For each county or local educational agency eligible to receive an additional grant under this section for any fiscal year, the Secretary shall determine the product of—
