

Quick Start Guide | Parents' Guide to villa1929.org

Parent Portal

The Parent Portal is where you will find all of the information that you need to prepare for the school year! Login is not required to access the majority of the information in the Parent Portal. To locate the portal:

- Visit <https://www.villa1929.org>
- Select "Parents" above the campus video or login using the Community Login button in the top, righthand corner.

Our new families will not be able to log in through the portal until mid-July; so until then, just click on "Parents."

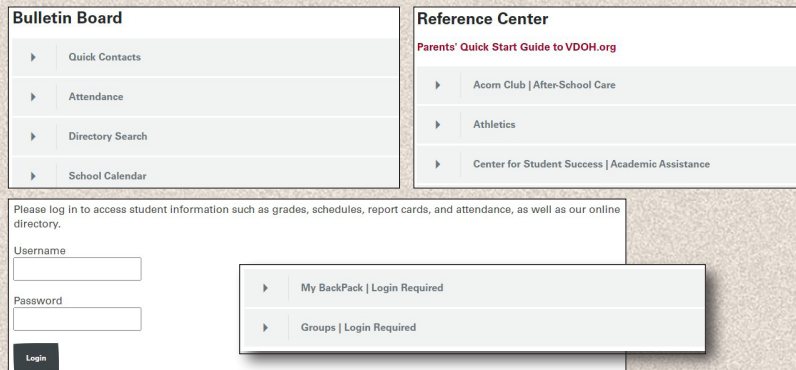

Understanding the Parent Portal..

Bulletin Board: These are things you are likely to use frequently like the school calendar and the school directory.

Reference Center: Start here if you have a question; there is so much helpful information.

Password-Protected Sections: Log in to see information that is specific to your student and family including Magnus Health, our web-based medical records system, and My Backpack for student grades and schedules.

Calendars

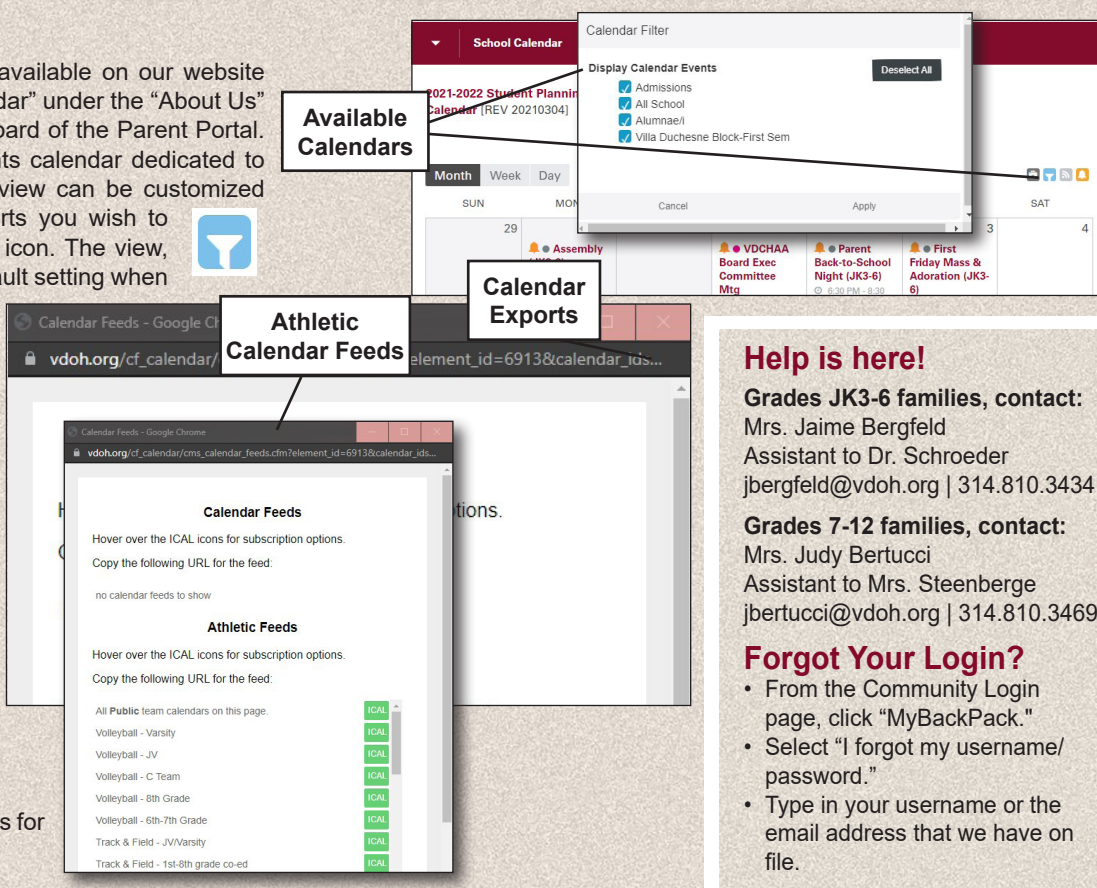

Our school calendars are available on our website by choosing "School Calendar" under the "About Us" section or in the Bulletin Board of the Parent Portal. We also have our Go Saints calendar dedicated to our sporting events. Your view can be customized by choosing the types/sports you wish to view by tapping the funnel icon. The view, however, reverts to the default setting when you close your browser.

iCal and RSS Feeds are available for our calendars and you can subscribe to alerts for any given sport.

To export or subscribe to a calendar feed, select the RSS icon and follow the instructions provided. Exports work best when using Chrome.

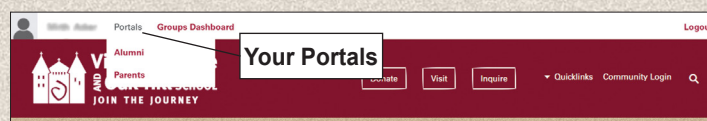

To subscribe to an event alert, select the Alert icon next to the event.

Login is required to set alerts for school and athletic events.

Changing Portals

If you have multiple roles in the school (i.e. parent, alumnae), you can switch between portals by selecting "Portals" at the top of the portal page. You must log in to see your roles.
