

Title 1 - Parent Involvement for the School Year 2020-2021

Since Kit Carson Elementary is a Title 1 school, all our students benefit from this federally funded program. Our title 1 parent involvement policy and it's accompanying compact were developed with input from parents and students at Kit Carson School. It is distributed to all the parents after being approved by the school-based decision making council. It is the intent of Kit Carson Elementary that parents are provided with frequent and convenient opportunities for full and ongoing participation in the planning of the Title 1 Program. This includes opportunities to suggest modifications due to changing needs of parents, students, and the school. The title 1 program will be designed to assist students in acquiring the capacities and achieving the goals established by law. These goals and standards will be shared with parents in a manner that will enable them the participate in decisions concerning their child's education. Kit Carson School, in cooperation with the district, will work to plan and implement effective parent involvement activities. These measures may include, but shall not be limited to, the following:

1. Informing parents about the Title 1 Program, the academic expectations, the school's educational plan, and ways in which they can be partners in their child's education
2. Work in cooperation with the Family Resource or Migrant staff to
 - a. Better communicate with parents by transporting them to meetings or making home visits
 - b. Make parents aware of resources, such as agencies, materials, and services, which may be helpful in meeting certain parenting needs.
 - c. Identify ways in which parents, as equal partners in their child's education, can be involved in decision-making and other activities of the school
 - d. Design activities and materials for parents with consideration given to reaching and involving those who may be economically disadvantaged or disable, have limited English proficiency or limited literacy or are of any racial or ethnic background.
3. Designing and conducting an effective annual evaluation process whereby parents can share their ideas about the content and effectiveness of this policy and the activities designed to implement it
4. Providing information about individual student assessment and progress to parents, with opportunities for consultation.

Please cut off the bottom portion and return to your child's teacher. Keep the top portion.
