## What will the referendum include?

### HVAC Upgrades

- HVAC upgrades throughout district, including air conditioning
- Replacement of exhaust fans
- Upgrades to control systems
- Electrical service upgrades related to HVAC upgrades

### Roofing Replacements

- Complete roofing replacement at Samsel Upper Elementary
- Partial roofing replacement at Arleth Elementary, Middle School, High School
- Replacement of existing skylights at Wilson Elementary

### Window Replacements

- Complete replacements at Wilson and Samsel Upper Elementary
- Partial Replacements at Selover School, Truman, Middle School and High School

## EXPECTED 40% FUNDING FROM THE STATE

COOL THE SCHOOLS!

Everyone deserves to be COOL!!

The referendum includes the highest priority items for the district, and will keep our students and staff safe and comfortable. While the total cost is approximately \$97.4 Million, we have organized these projects into the referendum to achieve a minimal tax impact to all taxpayers. Partial funding will come from the DOE approval with up to 40% debt service aid. The initial estimated tax increase during Fiscal Year 2022 on the average home assessed at \$146,015 is approximately \$26\*/month. The tax impact declines every year thereafter as a result of the ongoing loan repayment. If the referendum doesn't pass, the District will not receive any debt service aid, and the entire cost of the projects will need to be passed on to the local taxpayers.

# Educating today's learners to be tomorrow's leaders!

Sayreville Borough is proud to be supporting our students, and we plan to do that with the best facilities. The windows, roofs and HVAC equipment in the schools are in need of repair. Updating these items will ensure better air quality and comfort for all of our students.
