

Students' Academic Goals for the 2022-2023 School Year

This is an optional resource to help guide your student's academic SMART Goals.

Goals are **S.M.A.R.T** they are:

Specific: What exactly will you accomplish?

Measurable: How will you know when you have reached the goal?

Attainable: Is achieving this goal realistic with effort and commitment, do you have the resources needed?

Relevant: Why is the goal significant to learning?

Time-Bound: When will you achieve the goal?

Examples of **SMART** Goals:

I will increase my overall Math grade by 5%

I will learn my 1-5 times tables by the end of the first semester.

I will learn about all 50 states and their capitals by the end of the second semester.

I will attend my live class sessions 100%.
