Commitments and Strategies

After completing the Student Interviews, discussing the Equity Self-Reflection, and reviewing recent data, including survey data, school teams should discuss what was learned and review the document “[How Learning Happens](#),” particularly page 3. Then the team should ask, “**What should we prioritize to support our students and work toward the school we wish to be?**”

The team should take the answers to this question and identify 2 to 4 commitments for the 2022-23 school year. For each commitment, the team will identify strategies that will advance these commitments.

School teams have a lot of flexibility when selecting the commitments that are identified. There is no requirement that commitments must align with specific subject areas, as was required in the past. Any of the full statements that appear on page 3 of the [How Learning Happens](#) framework, such as “*Every child can see themselves reflected in teachers, leaders, curriculum, and learning materials*” could serve as a commitment. To be meaningful, it is important that the commitments be informed by the Student Interviews, Equity Self-Reflection, and review of recent data, and the commitments should connect to the school’s values and aspirations.

After school teams identify their commitments, they should consider strategies that will allow the school to advance that commitment. School teams will need to identify how they will gauge success with this strategy, what the strategy entails, and any resources that are necessary to implement that strategy.

End-of-the-Year Desired Outcomes

School teams are invited to consider if the belief statements shared below connect to this commitment. Since each commitment is unique, school teams should decide how progress about this commitment might be noted. If the team’s answer to a “we believe” prompt is no, that section should be left blank.

- Decrease of student tardiness (as compared to the previous year 2021-2022).
- Decrease in suspension rate.
- Increase in parental involvement (as compared to the previous year 2021-2022).

COMMITMENT 2

Our Commitment

<p>What is one commitment we will promote for 2022-23?</p>	<p>We commit to improving connections among students, staff, school, and the community.</p>
<p>Why are we making this commitment? <i>Things to potentially take into consideration when crafting this response:</i></p> <ul style="list-style-type: none"> • <i>How does this commitment fit into the school's vision?</i> • <i>Why did this emerge as something to commit to?</i> • <i>In what ways is this commitment influenced by the "How Learning Happens" document? The Equity Self-Reflection? Student Interviews?</i> • <i>What makes this the right commitment to pursue?</i> • <i>How does this fit into other commitments and the school's long-term plans?</i> 	<p>Our school community collectively believes in our shared responsibility to support our students in developing their innate care for others and the community. This commitment aligns with our school's vision of preparing all students for global citizenship by giving them hands-on experience working in their community.</p> <p>Scholars shared in their interviews that they are concerned about several issues that are typical of their community and the world at large. They are concerned about safety, poverty, and the welfare of Mt. Vernon, global warming, wildlife conservation, and other environmental issues. We collectively agree that we need to provide opportunities for our students to engage with the community to understand and help in addressing the problems that they are concerned about.</p> <p>The "How Learning Happens" document influenced our thinking in that we began to consider the notion that learning happens inside and outside of school. We agreed that connecting with the community is an excellent way to provide experiential learning opportunities for our scholars and address the issues that they care about.</p> <p>Community service is the right commitment to pursue because it will enhance life skills such as teamwork and empathy both inside and outside the classroom, help deepen the students' commitment to Mt. Vernon, and will increase their ability to see themselves as agents of change in their community.</p>

Evidence-Based Intervention

All CSI and TSI schools must implement at least one evidence-based intervention as part of its SCEP. The intervention identified must meet the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. More information can be found at:

<http://www.nysed.gov/accountability/evidence-based-interventions>

Schools may choose **one of three options** for identifying their evidence-based intervention:

Option 1: Selecting a strategy from the **State-Supported Evidence Based Strategies** located at: <http://www.nysed.gov/accountability/state-supported-evidence-based-strategies>

Option 2: Selecting an evidence-based intervention **identified in one of three clearinghouses:** What Works Clearinghouse, Social Programs That Work, or Blueprints for Healthy Youth Development

Option 3: Reviewing research to identify its own evidence-based intervention that meets the criteria for ESSA evidence-based intervention Tier 1, Tier 2, or Tier 3 found at: <http://www.nysed.gov/accountability/evidence-based-interventions>

Directions: Place an "X" in the box next to the path the school has chosen for identifying its evidence-based intervention and follow the corresponding directions for that path.

Our Team’s Process

Background

NYSED requires that the SCEP is developed in consultation with parents and school staff, and in accordance with §100.11 of Commissioner’s Regulations. All schools are expected to follow the guidelines outlined in the document "Requirements for Meaningful Stakeholder Participation" found at: <http://www.nysed.gov/common/nysed/files/programs/accountability/scep-requirements-stakeholder-participation.pdf> This section outlines how we worked together to develop our plan.

Team Members

Use the space below to identify the members of the SCEP team and their role (e.g. teacher, assistant principal, parent).

Name	Role
Dr. Pauline Pearce	Principal
Mrs. Nadine Jefferson	General Education Teacher
Mr. Alex Campbell	Student
Mr. Rolfe Burgess	Parent
Mrs. Donna Smith	School Counselor
Mr. Michael Allen	ENL Teacher
Mr. Matthew Wilbekin	Special Education Teacher
Ms. Marie Ferguson	Teacher Assistant

Our Team's Process

Our Team's Steps

Our plan is the result of collaborating to complete several distinct steps:

Learning As A Team

Directions

After completing the previous sections, the team should complete the reflective prompts below.

Student Interviews

Describe how the Student Interview process informed the team's plan

We used the information that we learned from the students' perspectives to decide on our top commitments for next year. Most of our student responses point to the need to be intentional around the school environment and how our procedures and practices impact their social and emotional development. Given that we serve a middle school aged population, we collectively agreed that this must be addressed before any other commitments.

Equity Self-Reflection

Describe how the Equity Self-Reflection informed the team's plan

Student and staff interview questions included aspects of the Equity Self-Reflection. We committed to two of the four core principles, Welcoming and Affirming Environment and High Expectations and Rigorous instruction, as they are explicitly stated in the school's vision and mission statements. Our self-reflection results indicated that we are emerging in these areas. Our goal is to integrate and sustain an exemplary level of practice given the age group of our student population and what we learned from the student interviews.

Submission Instructions

CSI Schools: When your plan is ready for review, please share the plan with your NYSED liaison. Plans should be shared before July 30, 2022.

TSI Schools: When your plan is ready for review, please share the plan with your District, which will approve your plan. Plans will need to be approved before the first day of the 2022-23 school year.

Next Steps

1. In addition to having their plan approved by NYSED, CSI Schools will need to make sure that their plan has been approved by the Superintendent and the Board of Education (in New York City, the Chancellor or the Chancellor's designee) before the first day of the 2022-23 school year.
2. The approved CSI and TSI plans will need to be posted on the District's website.
3. Both CSI and TSI schools will need to complete the ***Leveraging Resources to Support the SCEP*** document and provide the document to their District. This document will be incorporated into the District's DCIP Planning Document, which will inform the 2022-23 DCIP.
4. Schools should plan to begin implementing their plan by the first day of the 2022-23 school year. Schools should continually monitor their implementation and make adjustments to their plans when appropriate.
