Commitments and Strategies

After completing the Student Interviews, discussing the Equity Self-Reflection, and reviewing recent data, including survey data, school teams should discuss what was learned and review the document “[How Learning Happens](#),” particularly page 3. Then the team should ask, “**What should we prioritize to support our students and work toward the school we wish to be?**”

The team should take the answers to this question and identify 2 to 4 commitments for the 2022-23 school year. For each commitment, the team will identify strategies that will advance these commitments.

School teams have a lot of flexibility when selecting the commitments that are identified. There is no requirement that commitments must align with specific subject areas, as was required in the past. Any of the full statements that appear on page 3 of the [How Learning Happens](#) framework, such as “*Every child can see themselves reflected in teachers, leaders, curriculum, and learning materials*” could serve as a commitment. To be meaningful, it is important that the commitments be informed by the Student Interviews, Equity Self-Reflection, and review of recent data, and the commitments should connect to the school’s values and aspirations.

After school teams identify their commitments, they should consider strategies that will allow the school to advance that commitment. School teams will need to identify how they will gauge success with this strategy, what the strategy entails, and any resources that are necessary to implement that strategy.

COMMITMENT I

Our Commitment

<p>What is one commitment we will promote for 2022-23?</p>	<p>We commit to creating a “What I Need” period. Using the “Success for All” model. We commit to extending opportunities for all students at different educational levels, which include opportunities for enrichment as well as remediation.</p>
<p>Why are we making this commitment? <i>Things to potentially take into consideration when crafting this response:</i></p> <ul style="list-style-type: none"> • <i>How does this commitment fit into the school’s vision?</i> • <i>Why did this emerge as something to commit to?</i> • <i>In what ways is this commitment influenced by the “How Learning Happens” document? The Equity Self-Reflection? Student Interviews?</i> • <i>What makes this the right commitment to pursue?</i> • <i>How does this fit into other commitments and the school’s long-term plans?</i> 	<p>Based on feedback from the 2021 DTSDE review, although 80% of our students are performing below or significantly below grade level expectations, there is a cohort of students that are meeting or exceeding expectations. Developing a “W.I.N.” period would allow opportunities for both Enrichment as well as remediation. Increasing student mastery of core content areas while considering student interest.</p> <p>“Our Vision at Edward Williams is to inspire young learners to in a safe and nurturing learning environment so students can strive to their fullest potential.”</p> <p>For our children to strive to their fullest potential, we must allow them opportunities to continue to grow. We want them to feel as though they are good at something, and here at Edward Williams, we push our young learners to master that content area and have opportunities where they feel a level of confidence and mastery.</p>

End-of-the-Year Desired Outcomes

School teams are invited to consider if the belief statements shared below connect to this commitment. Since each commitment is unique, school teams should decide how progress about this commitment might be noted. If the team's answer to a "we believe" prompt is no, that section should be left blank.

We believe these survey responses will give us good feedback about our progress with this commitment:

	Survey Question(s) or Statement(s)	Desired response (e.g. % agree or strongly agree)
Student Survey	I feel challenged at school. (64% said agree or strongly agree)	75%
Staff Survey	The variety of activities and courses offered in my school keeps students engaged in learning. (63% said agree or strongly agree)	75%
	The curriculum in my grade/subject area is aligned to support student learning. (74% said agree or strongly agree)	85%
Family Survey	My child's schoolwork is challenging. (70% said agree or strongly agree)	85%
	The school offers my child a variety of extracurricular activities. (51% said agree or strongly agree)	75%

Commitment 1

We believe having the following occur will give us good feedback about our progress with this commitment:

Quantitative data and/or qualitative descriptions of where we strive to be at the end of the 2022-23 school year.

At the end of the 2022-23 school year, we strive to increase the ELA i-Ready scores to 25% at above grade level.

At the end of the 2022-23 school year, we strive to increase the Math i-Ready scores to 20% at or above grade level.

COMMITMENT 2

Our Commitment

<p>What is one commitment we will promote for 2022-23?</p>	<p>We commit to creating opportunities to develop teachers’ knowledge base of strategies to improve student’s literacy and numeracy skills.</p>
<p>Why are we making this commitment? <i>Things to potentially take into consideration when crafting this response:</i></p> <ul style="list-style-type: none"> • <i>How does this commitment fit into the school’s vision?</i> • <i>Why did this emerge as something to commit to?</i> • <i>In what ways is this commitment influenced by the “How Learning Happens” document? The Equity Self-Reflection? Student Interviews?</i> • <i>What makes this the right commitment to pursue?</i> • <i>How does this fit into other commitments and the school’s long-term plans?</i> 	<p>Based on feedback from the 2021 DTSDE review, students were observed demonstrating the ability to move beyond the planned lessons, but teachers stifled the students’ opportunities to move beyond the activities.</p> <p>Teachers would benefit from improving their instructional practices through ongoing, targeted professional learning opportunities. Effective teachers implement a range of creative and innovative teaching strategies to meet students’ individual needs.</p> <p>We want to build teachers’ instructional toolboxes so they can successfully meet all learning styles and the development needs of all learners. “Our Vision at Edward Williams is to inspire young learners in a safe and nurturing learning environment...” -Vision Statement. Inspiring students to learn means creating opportunities for them to be successful. Teachers need to utilize a variety of strategies, methods, and resources to engage students in the learning process. This commitment is also influenced by the “How Learning Happens” document as every child is engaged in meaningful learning that is relevant to them.</p>

Teachers have also emphasized the importance of Social Emotional Learning as it contributes to overall academic success in the classroom.</p> <p>“Our Vision at Edward Williams is to inspire young learners in a safe and nurturing learning environment...” -Vision Statement.</p> <p>This commitment is also deeply rooted with the “How Learning Happens” document as “Learning is social...Emotions are essential to learning...Learning is cognitive. When the social, emotional, and cognitive dimensions of learning work together, young people are more likely to achieve academic success.” In providing students with SEL opportunities through a “restorative justice approach,” they can build stronger connections with one another, and foster relationships. SEL also provides students with the appropriate language and terminology needed to express themselves effectively.</p> <p>“Help us recover with what happened over the year. Have people talk to us about our feelings and letting us know there is help.”- Anonymous Student Interview</p> <p>“In the morning check in with the teachers to make sure you are ok daily.”- Anonymous Student Interview</p>

At the end of the 2022-23 school year, we strive to decrease the overall referral and disciplinary rate by 30%.

Evidence-Based Intervention

All CSI and TSI schools must implement at least one evidence-based intervention as part of its SCEP. The intervention identified must meet the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. More information can be found at:

<http://www.nysed.gov/accountability/evidence-based-interventions>

Schools may choose **one of three options** for identifying their evidence-based intervention:

Option 1: Selecting a strategy from the **State-Supported Evidence Based Strategies** located at: <http://www.nysed.gov/accountability/state-supported-evidence-based-strategies>

Option 2: Selecting an evidence-based intervention **identified in one of three clearinghouses:** What Works Clearinghouse, Social Programs That Work, or Blueprints for Healthy Youth Development

Option 3: Reviewing research to identify its own evidence-based intervention that meets the criteria for ESSA evidence-based intervention Tier 1, Tier 2, or Tier 3 found at: <http://www.nysed.gov/accountability/evidence-based-interventions>

Directions: Place an "X" in the box next to the path the school has chosen for identifying its evidence-based intervention and follow the corresponding directions for that path.

Our Team's Process

Background

NYSED requires that the SCEP is developed in consultation with parents and school staff, and in accordance with §100.11 of Commissioner's Regulations. All schools are expected to follow the guidelines outlined in the document "Requirements for Meaningful Stakeholder Participation" found at: <http://www.nysed.gov/common/nysed/files/programs/accountability/scep-requirements-stakeholder-participation.pdf> This section outlines how we worked together to develop our plan.

Team Members

Use the space below to identify the members of the SCEP team and their role (e.g. teacher, assistant principal, parent).

Name	Role
Dr. Crystan Waterman	School Principal
Mrs. Monica De Oliveira	5 th Grade Teacher
Ms. Ericka Suqui	ENL Teacher
Ms. Jessica Baruffo	Resource Room Specialist
Mr. Derrick Thompson	Crisis Intervention Specialist
Ms. Tashi Campbell-Tulloch	3 rd Grade Teacher
Dr. Adrian Tovar	School Psychologist
Mrs. Wandiza Johnson	Parent

Our Team's Steps

Our plan is the result of collaborating to complete several distinct steps:

1. Interviewing Students
2. Completing the Equity Self-Reflection for Identified Schools
3. Reviewing Multiple Sources of Data and Feedback
4. Clarifying Priorities and Considering How They Connect to School Values
5. Writing the Plan
6. Completing the "Leveraging Resources" document

Meeting Dates

We completed the steps above across multiple meetings. Below is a list of dates we met as a team and what occurred during those meetings.

Meeting Date	Interviewing Students	Completing the Equity Self-Reflection for Identified Schools	Reviewing Multiple Sources of Data and Feedback	Clarifying Priorities and Considering How They Connect to School Values	Writing the Plan	Completing the "Leveraging Resources" document
5/24/2022			X		X	
5/25/2022			X	X	X	
5/26/2022			X	X	X	
5/31/2022			X	X	X	
6/1/2022	X					
6/2/2022					X	

Learning As A Team

Directions

After completing the previous sections, the team should complete the reflective prompts below.

Student Interviews

Describe how the Student Interview process informed the team's plan

The student interviews gave the Leadership Team insight on their needs both academically and socioemotionally. This allowed the team to create appropriate opportunities/intervention strategies to meet the social/emotional needs of the student.

Equity Self-Reflection

Describe how the Equity Self-Reflection informed the team's plan

The Equity Self-Reflection helped with the team's decision-making process. The school community shared their opinions and assisted the team in determining and solidifying the commitments for the 2022-23 school year.

Submission Assurances, Instructions and Next Steps

Submission Assurances

Directions: Place an "X" in the box next to each item prior to submission.

1. The SCEP has been developed in consultation with parents, school staff, and others in accordance with [the NYSED Requirements for Meaningful Stakeholder Participation](#) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
2. The SCEP will be implemented no later than the beginning of the first day of regular student attendance.
3. Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Submission Instructions

CSI Schools: When your plan is ready for review, please share the plan with your NYSED liaison. Plans should be shared before July 30, 2021.

TSI Schools: When your plan is ready for review, please share the plan with your District, which will approve your plan. Plans will need to be approved before the first day of the 2021-22 school year.

Next Steps

1. In addition to having their plan approved by NYSED, CSI Schools will need to make sure that their plan has been approved by the Superintendent and the Board of Education (in New York City, the Chancellor or the Chancellor's designee) before the first day of the 2022-23 school year.
2. The approved CSI and TSI plans will need to be posted on the District's website.
3. Both CSI and TSI schools will need to complete the ***Leveraging Resources to Support the SCEP*** document and provide the document to their District. This document will be incorporated into the District's DCIP Planning Document, which will inform the 2022-23 DCIP.
4. Schools should plan to begin implementing their plan by the first day of the 2022-23 school year. Schools should continually monitor their implementation and make adjustment to their plans when appropriate.
