# SM South Parent Pick-Up / Drop-Off Diagram

*New parents! Please note the proper traffic pattern for arrival and departure as noted below. Parents should use the west drive to enter/exit the property. Right turn only when exiting onto 107<sup>th</sup> is crucial to keep the traffic flow moving. The east drive is strictly for busses and special education access only. Any parent vehicles entering the bus loop will disrupt the process as well. This is the most-efficient way to expedite the process safely for everyone.*

# TECH TIPS

## CANVAS

### Observer Access

As we move into a new semester, you may find that you want more access to your student's Canvas. With parent/guardian access in Canvas, you act as an Observer. As an observer, you can:

- View student grades
- View the calendar
- View a list of assignments with due dates
- Read announcements
- Receive email or text notifications for announcements, assignments, and more

[READ MORE](#)

## Create the Account

When creating an account, you will need to have your child's "pairing" code.

1. Gather your student(s) "pair code" from Canvas. Please make sure to follow this guide with your student to generate that code.
  - a. Your child's teacher can generate the code and provide it to you.
  - b. Your child can log into his/her account and retrieve the pairing code.
2. Open the SMSD Canvas website:  
<https://smsd.instructure.com/login/canvas>
3. Click on the Parent of a Canvas User? Click Here For an Account link.
4. Enter your name, email address, and password. Enter your Student Pairing Code.

## How to Create a Pair Code

You will want to sit side-by-side with your student to create this code and link to their Canvas account. Here is how to create the "pair code:"

1. In Global Navigation, click on the Account link, then click the Settings link.
2. Click the Pair with Observer button.
  - a. If the Pair with Observer button doesn't display in your User Settings, please contact your teacher for help.
3. Copy the six-digit alphanumeric pairing code. You will need to share the code with the observer who will link to your account. The pairing code will expire after seven days or its first use.
