

Board President's Report

June 13, 2022

Jacob Wyland

Just over a week ago, I had the honor of participating in the Class of 2022 Commencement ceremony. 434 students became alumni of Mt. Lebanon School District and they, along with their families, friends, and loved ones were able to celebrate a great achievement in their lives, with surely - many more to follow.

It was a beautiful evening for all that were able to attend. I would be remiss if I didn't thank our administration, faculty, and staff for their hard work and dedication to putting on a very memorable event for our graduating class and their families. Our staff was able to pivot when we were unfortunately unable to hold the ceremony on its originally scheduled date, and never missed a beat on the rain date.

The end of the school year is more than just a time to celebrate, it is also a time to recalibrate and get ready for the next year to come, in just a few short weeks. Our administrative team is starting with a fresh slate of ideas, plans, and goals in mind.

We are looking forward to welcoming each of our students back to school on August 29, but hope that in the meantime you are able to enjoy time with family and friends making memories.

If any community member needs assistance from the District over the summer, our offices remain open and a schedule for each one can be found on our District's website.

Lastly, I would like to take a moment to recognize the accomplishments of our varsity baseball team. They won the WPIAL championship and progressed through the first rounds of PIAA playoffs. We are very proud of the success of our baseball team and all of our sports teams this year. Congratulations on a job well done!
