## **509 ENROLLMENT OF NONRESIDENT STUDENTS**

### **I. PURPOSE**

The Pillager School District desires to participate in the Enrollment Options Program established by Minn. Stat. 124D.03. The purpose of this policy is to set forth the application and exclusion procedures used by the school district in making said determination.

### **II. GENERAL STATEMENT OF POLICY**

A. Eligibility. Applications for enrollment under the Enrollment Options (Open Enrollment) Law will be approved provided that acceptance of the application will not exceed the capacity of a program, excluding special education services; class; grade level; or school building as established by school board resolution and provided that:

1. Space is available for the applicant under enrollment cap standards established by school board policy or other directive; and
2. in considering the capacity of a grade level, the school district may only limit the enrollment of nonresident students to a number not less than the lesser of: (a) one percent of the total enrollment at each grade level in the school district; or (b) the number of school district resident students at that grade level enrollment in a nonresident school district in accordance with Minn. Stat. 124D.03.
3. the applicant is not otherwise excluded by action of the school district because of previous conduct in another school district.

B. Standards that may be used for rejection of application. In addition to the provisions of Paragraph II.A., the school district may refuse to allow a pupil who is expelled under Minn. Stat. § 121A.45 to enroll during the term of the expulsion if the student was expelled for:

1. possessing a dangerous weapon, including a weapon, device, instruments, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, with the exception of a pocket knife with a blade less than two and one-half inches in length, at school or a school function;
  2. possessing or using an illegal drug at school or a school function;
  3. selling or soliciting the sale of a controlled substance while at school or a school function; or
  4. committing a third-degree assault involving assaulting another and inflicting substantial bodily harm.
- C. Standards that may not be used for rejection of application. The school district may not use the following standards in determining whether to accept or reject an application for open enrollment;
1. previous academic achievement of a student;
  2. athletic or extracurricular ability of a student;
  3. disabling conditions of a student;
  4. a student's proficiency in the English language;
  5. the student's district of residence except where the district of residence is directly included in an enrollment options strategy included in an approved achievement and integration program; or
  6. previous disciplinary proceedings involving the student. This shall not preclude the school district from proceeding with exclusion as set out in Section F. of this policy.
- D. Application. The student and parent or guardian must complete a School District Enrollment Options Program application development by the Minnesota Department of Education and available on their website ([education.mn.gov](http://education.mn.gov)). Go to "Students and Families." then under "School Choice," select "Open Enrollment." The form is entitled, "General Statewide Enrollment Options Application for K-12 and Early Childhood Special Education."
- E. Lotteries. If a school district has more applications than available seats at a specific grade level, it must hold an impartial lottery following the January 15 deadline to determine which students will receive seats. The district must give priority to enrolling siblings of currently enrolled students, students whose applications are related to an approved integration and achievement plan, children of the school district's staff, and student residing in that part of a municipality (a statutory or home rule charter city or town) where:

1. the student's resident district does not operate a school building;
2. the municipality is located partially or fully within the boundaries of at least five school districts;
3. the nonresident district in which the student seeks to enroll operates one or more school buildings within the municipality; and
4. no other nonresident, independent, special, or common school district operates a school building within the municipality.

The process for the school district lottery must be established by school board policy and posted on the school district's website.

Siblings of currently enrolled students and children of district employees who are Minnesota residents will receive priority in the lottery. The school district priority lottery will randomly select applications first until all priority applications or available seats are exhausted. If seats at a specific grade level still remain, application not eligible for priority will be selected in a general lottery until all applications or available seats are exhausted. Applications not select will be place on a waiting list for consideration should any seats at a specific grade level become available.

F. Exclusion.

1. Administrator's initial determination. If a school district administrator knows or has reason to believe that an applicant has engaged in conduct that has subjected or could subject the applicant to expulsion or exclusion under law or school district policy, the administrator will transmit the application to the superintendent with a recommendation of whether exclusion proceedings should be initiated.
2. Superintendent's review. The superintendent may make further inquiries. If the superintendent determines that the applicant should be admitted, he or she will notify the applicant and the school board chair. If the superintendent determines that the applicant should be excluded, the superintendent will notify the applicant and determine whether the applicant wishes to continue the application process. Although an application may not be rejected based on previous disciplinary proceedings, the school district reserves the right to initiate exclusion procedures pursuant to the Minnesota Pupil Fair Dismissal Act as warranted on a case-by-case basis.

G. Termination of Enrollment

1. The school district may terminate the enrollment of a nonresident student enrolled under an enrollment options program pursuant to Minn. Stat. 124D.03 or 124D.08 at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy under Minn. Ch. 260A, and the student's case has

been referred to juvenile court. A “habitual truant” is a child under 17 years of age who is absent from attendance at school without lawful excuse for seven school days in a school year if the child is in elementary school or for one or more class periods on seven school days in a school year if the child is in middle school, junior high school or high school, or a child who is 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days in a school year and who has not lawfully withdrawn from school under Minn. Stat. 120A.22, Subd. 8.

2. The school district may also terminate the enrollment of a nonresident student over 17 years of age if the student is absent without lawful excuse for one or more periods on 15 school days and has not lawfully withdrawn from school under Minn. Stat. § 120A.22, Subd. 8.
  3. A student who has not applied for and been accepted for open enrollment pursuant to this policy and does not otherwise meet the residency requirements for enrollment may be terminated from enrollment and removed from school. Prior to removal from school, the school district will send to the student’s parents a written notice of the school district’s belief that the student is not a resident of the school district. The notice shall include the facts upon which the belief is based and notice to the parents of their opportunity to provide documentary evidence, in person or in writing, of residency to the superintendent or the superintendent’s designee. The superintendent or the superintendent’s designee will make the final determination as to the residency status of the student.
- H. Notwithstanding the requirement that an application must be approved by the board of the nonresident district, a student who has been enrollment in a district, who is identified as homeless, and whose parent or legal guardian moves to another district, or who is placed in foster care in another school district, may continue to enroll in the nonresident district without the approval of the board the nonresident district. The approval of the board of the student’s resident district is not required.

I. Open Enrollment Limitations

1. The State of Minnesota has established an open enrollment program permitting students to attend nonresident district pursuant to the limitations of Minnesota Statutes § 124D.03, and has also established criteria for school districts to limit open enrollment applications based on district-wide grade level capacity, class, program, and school building capacity.
2. The school district may determine that additional development and anticipated enrollment increases at Pillager Public Schools has resulted in lack of space availability, and/or cause an increase in education expenses, the school board may choose to close open enrollment based on the recommendation of the administration:

3. Grades K – 12 capped at 105 per grade level.

The grade level cap may be adjusted by the school board with the recommendation from the Administration due to lack of space availability, teacher availability, and/or if an increase or decrease will occur in education expenses.

4. If an enrollment cap has been reached and enrollment has been closed, a sibling of a student who is currently enrolled at Pillager Public School will be allowed to open enroll into the district regardless of the cap being reached.
