

Due to Covid-19, the policies for sending children home have been enhanced. The list below are some of the reasons you may be called to pick up your child. We will be excluding from school the following:

- Those with fever of 100.0 degrees Fahrenheit or greater,
 - Coughing, (even in the absence of fever).
 - Sore throat, (even in the absence of fever).
 - Shortness of breath or difficulty breathing, low oxygen saturation (apply O₂), abnormal lung sounds, shortness of breath (call 911)
 - Chills or repeated shaking with chills
 - Muscle or body aches
 - Headache
 - New loss of taste or smell
 - Congestion or runny nose
 - Nausea or vomiting
 - Diarrhea
 - Fatigue (unusual tiredness)
- If your child or anyone in the same household is suspected or confirmed Positive for Covid-19, please notify the school for updated directions.

****Please do not administer Tylenol or Motrin prior to school as it masks a fever****

If your child/children exhibit any of these symptoms before school, keep them home from school and consult your physician.

Students/staff sent home with symptoms will be referred to their healthcare provider for evaluation and testing as needed. A Doctor's note clearing them to return to school will be required.
