SUPERINTENDENT’S REPORT AND RECOMMENDATIONS (PRINCIPALS’ UPDATES)

Mr. Knapp reported that things progressed well on the first day back to school. The new traffic pattern at the high school helped make the traffic flow smoothly. The elementary schools started fifteen minutes earlier than last year and this went well also. Thanks to the quality administrators and staff who care about each child in the district.

Magnets will be available in the buildings with the districts new phone number on them. Joyce Hopper put the magnets together. Within the next two weeks the website directory will be updated with the phone (voicemail) extensions for all certified staff.

The Board has completed interviewing and rating three architectural firms to design a new or renovated facility for the K-8 population of the district. Once the firm is selected, the process to put ideas together within the budget will begin. We will work with the County Auditor to determine the best way to finance the construction. Community involvement will be crucial as schools are a community center.

We have set up an alumni section on our website to provide Berkshire alumni a way to stay in touch. We have also enhanced the security systems at the high school and at the Burton campus.

OTHER BUSINESS

Architect Selection:

Mr. Knapp reported that we are following ORC for the proper procedures when considering a construction project.

- Advertise for architect firms.
- We interviewed three firms.
- Each firm was given an identical set of questions to respond to as developed by our construction counsel. The Board members then ranked the firms.
- The Superintendent and Treasurer will work with the construction counsel to negotiate a contract with the firm selected by the Board as #1. If a contract cannot be made with #1, we then got to #2 and negotiate a contract.
- All ranking and discussion will be included in the board minutes.

Mr. Imhof – All firms were quality firms, there were things we liked about all of them. They put a lot of work on their parts into their presentations.
Mr. Miller – All were professional and had good presentations. Ranked them based on what I felt. Some are more geographically located and have some workers in our district. All were good firms.

Mrs. Timmons – Based on the presentations and discussions ranking them is difficult. They all did a great job. I have ranked them 1 – Burt Hill, 2 – Eckles and 3 – BHSM. I think Burt Hill looked at the district’s needs, I liked their overall presentation and they looked closely at our budget.

Mr. Imhof and Mr. Miller agreed with Mrs. Timmons’ rankings.

Mr. Honkala – All things being equal it was very tough to choose between the top two firms – Burt Hill and Eckles.

Mr. Manfredi – I ranked Burt Hill as #1 and Eckles/MHSM tied for #2. Considering the proximity and history, Burt Hill seemed like the right choice.

Mrs. Timmons stated that this is only the first step. Mrs. Timmons requested that they make a motion to rank the firms as agreed.

Motion made by Mr. Manfredi, seconded by Mr. Honkala, to rank the architect firms as follows:

1 – Burt Hill
2 – Eckles
3 – BHSM

Roll Call: All Ayes. Motion carried.

Mr. Manfredi requested that they make a motion to offer a contract to Burt Hill.

Motion made by Mr. Imhof, seconded by Mr. Miller, to authorize the Superintendent and Treasurer to negotiate a contract with Burt Hill for architect services.

Roll Call: All Ayes. Motion carried.

Mr. Knapp said that we have an Eckles rep here tonight. I never heard of Eckles and they probably never heard of Berkshire before this project. They did a tremendous job in their presentation and we are sure there will be future opportunities for their services. Construction counsel stated that we should have a construction manager and if not, at least a scheduling consultant. We need a more thorough study plan to make sure the site is buildable. We do not want to find out later that the site is not buildable to our needs.
