A Wrinkle in Time

Madeleine L'Engle

Square Fish (May 1, 2007)

Summary:

Madeleine L'Engle's ground-breaking science fiction and fantasy classic, now a major motion picture. It was a dark and stormy night; Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger."Wild nights are my glory." the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract."A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem. A Wrinkle in Time is the winner of the 1963 Newbery Medal. It is the first book in The Time Quintet, which consists of A Wrinkle in Time, A Wind in the Door, A Swiftly Tilting Planet, Many Waters, and An Acceptable Time. A Wrinkle in Time is now a movie from Disney, directed by Ava DuVernay, starring Storm Reid, Oprah Winfrey, Reese Witherspoon and Mindy Kaling. This title has Common Core connections.Praise for A Wrinkle in Time:"A Wrinkle in Time is one of my favorite books of all time. I've read it so often, I know it by heart. Meg Murry was my hero growing up. I wanted glasses and braces and my parents to stick me in an attic bedroom. And I so wanted to save Charles Wallace from IT." - Meg Cabot" A book that every young person should read, a book that provides a road map for seeking knowledge and compassion even at the worst of times, a book to make the world a better place." —Cory DoctorowBooks by Madeleine L'EngleA Wrinkle in Time QuintetA Wrinkle in TimeA Wind in the DoorA Swiftly Tilting PlanetMany WatersAn Acceptable TimeA Wrinkle in Time: The Graphic Novel by Madeleine L'Engle; adapted & illustrated by Hope Larson: A graphic novel adaptation of Madeleine L'Engle's ground-breaking science fiction and fantasy classic. Summary:

Ages 4 to 8 years. A sweet and humorous Thanksgiving tale from the beloved author of Little Women. When the Bassett parents are called away in the midst of busy preparations for Thanksgiving dinner, the children are left in the care of their eldest siblings. The spirited young Tilly and Eph, along with their merry band of siblings, decide to forge ahead with a Thanksgiving feast, despite their limited culinary skills. After a haphazard day full of the unintentional use of catnip, a run-in with a questionable bear, and other hijinks, the family is finally able to reunite for a truly old-fashioned good time. Lively watercolours add to the humour and delight of this tale of a Thanksgiving feast that almost wasn't. **Genre:** Juvenile Fiction

"Count on Us: A Tennessee Number Book" is the fitting follow-up title to the successful children's pictorial "V is for Volunteer: A Tennessee Alphabet." Numbers throughout the book are explained with a simple rhyme for younger children and are accompanied by detailed expository text for older learners. Michael Shoulders of Clarksville, Tennessee is a Federal Programs Supervisor and has worked for the Clarksville-Montgomery County School System for 28 years. His "Story Time" column appears every week in the Clarksville-Leaf Chronicle. Michael enjoys traveling to schools to speak to educators and children about writing and books. Oh, the Places You'll Go!

Dr. Seuss

Random House (1990)

Summary:

All journeys face perils, whether from indecision, from loneliness, or worst of all, from too much waiting. Seuss' familiar pajama-clad hero is up to the challenge, and his odyssey is captured vividly in busy two-page spreads evoking both the good times (grinning purple elephants, floating golden castles) and the bad (deep blue wells of confusion). Seuss' message is simple but never sappy: life may be a 'Great Balancing Act, ' but through it all 'There's fun to be done."--(starred) "Booklist.

Her mommy tries to teach her patience through growing a sunflower from a little seed. This book is intended to support parents who are having a hard time explaining the COVID-19 pandemic and social distancing to their small children. My daughter enjoyed this little book very much - I hope your kids do, too! All proceeds will be donated to charities supporting people affected by COVID-19. (Disclaimer: This book is printed on demand, which is why the price might be comparatively high. I wanted to offer a printed version for parents who prefer to read a printed book to their children.)

Purple, Green and Yellow

Robert N. Munsch

Annick Press (1992)

Summary:

This is a favorite from Bob Munsch's live storytelling sessions. Brigid is on the trail of the ultimate felt marker. At first, she's satisfied to be drawing wonderful pictures. But soon she must have the markers that wash off with water. Then she needs the markers that smell.But she's happiest when she gets the super-indelible-never-comes-off-till-you're-dead markers. She draws brighter-than-real lemons and roses and then goes too far: Brigid draws on herself. Nothing will remove the color, so Brigid reaches deep into the box of markers, finds the people-colored marker, and covers up all the other colors. She looks better than before, too good to be true.And Brigid is certain that no one will find out her secret. Especially since her father awakes from a nap and looks in the mirror. He looks a bit too good to be true too...

But all kidding aside, this family knows the bond that is created when reading aloud with someone you love. When Daddy closed the last page, he smiled at me for hours and said, 'Say Daddy! Say Daddy!' He hoped that would be my first word! But wait. Did we hear correctly? 'Book, ' I said. 'Book!' Educator Michael Shoulders, who has devoted his career and life to spreading the word that reading is magic, offers a gentle tale reinforcing the bonding power of a good book and the importance of developing lifelong reading skills. Having been involved in education in many different roles for more than years, Dr. Michael Shoulders travels extensively, visiting schools and speaking conferences across the country. He has written several books for Sleeping Press including D is for Drum: A Native American Alphabet. Mike lives Clarksville, Tennessee. Starry Messenger Galileo Galilei

Peter Sís

Square Fish (September 1, 2000)

Summary:

"If they had seen what we see, they would have judged as we judge." -- Galileo Galilei nevery age there are courageous people who break with tradition to explore new ideas and challenge accepted truths. Galileo Galilei was just such a man--a genius--and the first to turn the telescope to the skies to map the heavens. In doing so, he offered objective evidence that the earth was not the fixed center of the universe but that it and all the other planets revolved around the sun. Galileo kept careful notes and made beautiful drawings of all that he observed. Through his telescope he brought the starts down to earth for everyone to see.By changing the way people saw the galaxy, Galileo was also changing the way they saw themselves and their place in the universe. This was very exciting, but to some to some it was deeply disturbing. Galileo has upset the harmonious view of heaven and earth that had been accepted since ancient times. He had turned the world upside down.In this amazing new book, Peter Sís employs the artist's lens to give us an extraordinary view of the life of Galileo Galilei. Sís tells his story in language as simple as a fairy tale, in pictures as rich and tightly woven as a tapestry, and in Galileo's own words, written more than 350 years ago and still resonant with truth. This title has Common Core connections.Starry Messenger is a 1997 Caldecott Honor Book.

The Best Thanksgiving Ever!

Teddy Slater

Scholastic (2005)

Summary:

As November approaches, the thoughts of Americans everywhere begin to turn to the same essential holiday elements: home, family, coming together, love and the joy of giving thanks. Teddy Slater imagines these thoughts are shared by humans and no-so-humans. In fact, he imagines the holiday as it may be experienced by the central Thanksgiving feature: the turkey bird. With his wacky, rhyming text and Ethan Long's equally zany, cartoon-like illustrations, what a holiday it is! The Turkeys are hosting the feast, and their whole family is arriving from all over. The birds engage in the usual frenzy of cooking and cleaning, welcoming and visiting, hugging and kissing, thanking and singing and then feasting ... on what? The subtly-foreshadowed but thoroughly clever conclusion to this fun little story is simple, laugh-out-loud genius. Slater and Long remind us that the holiday does not need to be all pious pilgrims and cornucopias; this would be a good, irreverent addition to any Thanksgiving holiday collection.

The Kiss that Missed

David Melling

Barron's Educational Series (2007)

Summary:

It's bedtime, but the little prince's goodnight kiss from his dad, the king, has gone astray. It has missed the little prince's cheek, drifted out the window, and escaped into the forest. The brave and fearless knight is sent out on a mission to retrieve it. This whimsically funny picture storybook, originally published by Barron's several seasons ago in hardback, is more popular today than ever. Now it's available in a new paperback edition with every word of its original text and every one of the memorably funny color illustrations. Praise from the critics: "Readers will find both the text and the playful, color cartoon illustrations amusing. Melling captures great expressions in his caricatures of the bewildered prince, the terrified knight and horse, and the gleeful royal family when the kiss is returned. The tale is refreshingly original and relevant, showing a busy family full of love." --School Library Journal "The humorous narrative... delivers its message in a lighthearted way." --Horn Book Guide "The bold, bright illustrations make this a fun read any time, but the story is definitely bedtime material." --Santa Maria Sun (Santa Maria, CA) "... funny picture book for little princes everywhere.... This 'Kiss' doesn't miss a thing." --The Midwest Book Review

So begins this winter story, as each animal--from a mouse to a bear--tells us what it will do and where it will go when the snow starts to fall. Each takes cover in its own special home, except for one. Can you guess who? Phillis Gershator's chantalong verse encourages listener participation, and is best enjoyed when read aloud. The inquisitive text and dashing illustrations by Martin Matje make this a delightful picture book for reading under the covers when the weather gets chilly. Poetic and imaginative, When It Starts to Snow celebrates winter in all its cozy glory.

Words are Not for Hurting

Elizabeth Verdick

Free Spirit Pub. (2004)

Summary:

Some of your words are kind. But some of them are not. Words are not for hurting. What do hurtful words do?" Children are known for speaking their minds. We can't expect them to watch every word, but we can help them to understand that their words affect other people. We can gently guide them to choose words that are helpful instead of hurtful, and to say two very important words—"I'm sorry"—when hurtful words come out before they can stop them. Like Free Spirit's earlier board books Hands Are Not for Hitting and Teeth Are Not for Biting, Words Are Not for Hurting helps little ones learn big ideas: that they are responsible for what they do and say; that their actions and words affect others; and that they can make positive choices. Simple words and delightful full-color illustrations make it perfect for reading aloud one-on-one or in small groups. The book also includes helpful tips for parents and caregivers.
