## Arthur's Nose

Marc Tolon Brown

Little, Brown (1976)

### Summary:

After 25 years of Arthur adventures, enthusiastic readers still agree with the conclusion of the very first book about this Everychild aardvark: "There's a lot more to Arthur than his nose." This 25th anniversary edition includes, in addition to the original story, Arthur's Nose, a scrapbook of fun facts, photos, and letters all about the evolution of Arthur over the years. Readers can compare photos of author Marc Brown's family with pictures of Arthur and his family. (Note the spooky similarity between Brown's sister, Bonnie, and Arthur's sister, D.W.--Brown doesn't deny it!). In a letter to his fans, Brown describes how Arthur came to be, and how he has developed over the years. A special illustrated section demonstrates just how much this friendly fellow's nose has changed, from a long, droopy, aardvarky nose in 1976, gradually shortening over the years to his nearly nonexistent schnoz today. Arthur has also acquired glasses and a much sunnier disposition over the last quarter century. In Arthur's Nose, first grader Arthur decides that he doesn't like his nose. He goes to the rhinologist to change it, but ultimately decides, to the relief of his friends and family, "I'm just not me without my nose!" Luckily for readers today, Arthur is still Arthur, even without the original elongated proboscis. Fans of Arthur's First Kiss, Arthur Accused!, Arthur and the Crunch Cereal Contest, and the many other Arthur titles, will be thrilled to get a peek behind the scenes in this very special edition. Sixth-grader Nate Wright is known for many things: his knack for making mischief, his overstuffed locker that's half garbage dump, half treasure trove; and, of course, his unbreakable school record for detentions. Nate may be a chess phenom, but in the classroom, he's not so masterful--especially compared to Gina, the grade-grubbing brainiac who gives teacher's pets everywhere a bad name.

## Homes of the West

Bobbie Kalman

Crabtree Publishing Company (October 1, 1998)

### Summary:

Bobbie Kalman, author of the acclaimed Historic Communities and Early Settler Life series, explores the action and adventure that made the West famous. In the latter part of the 19th century, more than half a million pioneers headed west to carve out a future on an unknown frontier. Some were drawn by the offer of cheap land and the promise of religious freedom while others had high hopes of finding gold. Thrilling, authentic photos and full-color illustrations recreate what life was really like for these cowboys, adventurers, and immigrants in this rough-and-ready era in our history. Settlers built their homes using whatever materials they found in nature -- logs, grass, sod, or adobe. Homes of the West describes in detail such early western-style homes as the soddy, the dugout, the log cabin, and adobe homes as well as Native American dwellings, tipis, longhouses, and pueblos. Children will read about: -- building a log home step by step -- different furnishings for log houses and frame houses -- the buildings on a ranch -- the dangers from snakes, tarantulas, scorpions, and fire

## Imagine

Alison Lester

Houghton Mifflin Harcourt (September 1, 1993)

### Summary:

Poetry. Moving from the Enlightenment science of natural history to the contemporary science of global warming, LIGHT LIGHT is a provocative engagement with the technologies and languages that shape discourses of knowing. It bridges the histories of botany, empire, and mind to take up the claim of "objectivity" as the dissolution of a discrete self and thus explores the mind's movement toward and with the world. The poems in LIGHT LIGHT range from the epigrammatic to the experimental, from the narrative to the lyric, consistently exploring the way language captures the undulation of a mind's working, how that rhythm becomes the embodiment of thought, and how that embodiment forms a politics engaged with the environment and its increasing alterations."LIGHT LIGHT puts the hive back in the archive, the source in the resource. Through Joosten's miraculous mode of attending, through this mind that 'grounds sound to seed, ' we are elemented--'The mind is a mood of electricity, warmth, water, and wind.' We are given a mode of attending that is precarious, is an enactment of the precariousness we are and, with consequence, institute. Each thing this attention falls upon 'is a source of thought, not its object.' So everything is light once we learn to see by it. To honor the field we should 'leave the field, ' but this book we should never leave."--Jane Gregory"A concordance that emerges as material, thought, and material thought, Julie Joosten's LIGHT LIGHT is a most beautiful and rare breed: as if H.D.'s Sea Garden mated with Erasmus Darwins The Loves of the Plants. 'I was to guard the valley, name it, speak to it by name, ' Joosten writes. Hers is a haunting lament. It is what love is. What could be more necessary at this time on this planet?"--Cara Benson

## Lunch Money

Andrew Clements

Atheneum Books for Young Readers (July 1, 2005)

### Summary:

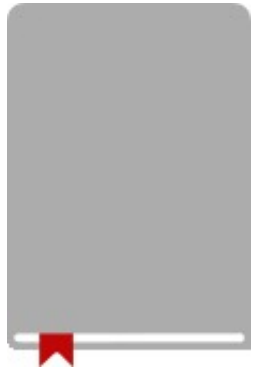

Greg Kenton has always had a natural talent for making money -- despite the annoying rivalry of his neighbor Maura Shaw. Then, just before sixth grade, Greg makes a discovery: Almost every kid at school has an extra quarter or two to spend almost every day. Multiply a few quarters by a few hundred kids, and for Greg, school suddenly looks like a giant piggy bank. All he needs is the right hammer to crack it open. Candy and gum? Little toys? Sure, kids would love to buy stuff like that at school. But would teachers and the principal permit it? Not likely. But how about comic books? Comic books might work. Especially the chunky little ones that Greg writes and illustrates himself. Because everybody knows that school always encourages reading and writing and creativity and individual initiative, right? In this funny and timely novel, Andrew Clements again holds up a mirror to real life, and invites young readers to think about money, school, friendship, and what it means to be a success.

♥ **Mayflower 1620**  
**A New Look at a Pilgrim Voyage**

Peter Arenstam, Catherine O'Neill Grace, Inc Plimoth Plantation, John Kemp, and Sisse Brimberg

National Geographic Books (September 1, 2007)

**Summary:**

Plimoth Plantation and the National Geographic Society come together to tell the true story behind the legendary voyage of the Mayflower. A meticulously researched work, *Mayflower 1620* offers children a compelling, fresh account of this much-told story. Vibrant photography of a rare reenactment using the Mayflower II leads readers imaginatively into the narrative. The vivid and informative text explores the story behind the exhibits at the living-history museum in Plymouth, Massachusetts. Primary sources record what the voyagers wore, what they ate, and telling details of their journey. First-person accounts reveal the hopes and dreams they carried. Readers share in the long hours at sea, and in the dangers faced after landfall. Extensive end notes, a map, a detailed chronology, and a bibliography round out the full story of the Mayflower. Readers experience a new look at this seminal historical event through the eyes of those who now regularly inhabit the world of the pilgrims—the actors who interpret the Pilgrim Voyage. This eye-opening book teaches children the value of closely reexamining everything we think we know.

## No Talking

Andrew Clements

Simon and Schuster (June 23, 2009)

### Summary:

"You have the right to remain silent." However... The fifth-grade girls and the fifth-grade boys at Laketon Elementary don't get along very well. But the real problem is that these kids are loud and disorderly. That's why the principal uses her red plastic bullhorn. A lot. Then one day Dave Packer, a certified loudmouth, bumps into an idea -- a big one that makes him try to keep quiet for a whole day. But what does Dave hear during lunch? A girl, Lynsey Burgess, jabbering away. So Dave breaks his silence and lobs an insult. And those words spark a contest: Which team can say the fewest words during two whole days? And it's the boys against the girls. How do the teachers react to the silence? What happens when the principal feels she's losing control? And will Dave and Lynsey plunge the whole school into chaos? This funny and surprising book is about language and thought, about words unspoken, words spoken in anger, and especially about the power of words spoken in kindness...with or without a bullhorn. It's Andrew Clements at his best -- thought-provoking, true-to-life, and very entertaining.

Patrick Jennings

Scholastic, Incorporated (May 1, 2006)

A funny, insightful, and poignant story about a Little League loser whose tyrant father is the team coach, by one of Scholastic Press's favorite talents. Ty has been named for baseball legend Ty Cobb, but the hero of Jennings' wonderful new novel isn't living up to his namesake's reputation when it comes to The Game. He loves baseball; he just isn't great at it, despite all the efforts of his coach and father, who himself once dreamed of playing in the majors. To complicate matters, Ty's older sister Daisy is a baseball whiz (as well as the school genius). In this sharply witty, deeply poignant all-American novel, Ty has to figure out just who he's trying to please -- his father, his teammates, or himself.

Robert N. Munsch

This is a favorite from Bob Munsch's live storytelling sessions. Brigid is on the trail of the ultimate felt marker. At first, she's satisfied to be drawing wonderful pictures. But soon she must have the markers that wash off with water. Then she needs the markers that smell. But she's happiest when she gets the super-indelible-never-comes-off-till-you're-dead markers. She draws brighter-than-real lemons and roses and then goes too far: Brigid draws on herself. Nothing will remove the color, so Brigid reaches deep into the box of markers, finds the people-colored marker, and covers up all the other colors. She looks better than before, too good to be true. And Brigid is certain that no one will find out her secret. Especially since her father awakes from a nap and looks in the mirror. He looks a bit too good to be true too...

## ♥ The Keeping Quilt

Patricia Polacco

Simon & Schuster Children's Publishing (August 1, 1998)

### Summary:

When Patricia's Great-Gramma Anna came to America as a child, the only things she brought along from Russia were her dress and the babushka she liked to throw up into the air when she was dancing. Soon enough, though, Anna outgrew the dress and her mother decided to incorporate it and the babushka into a quilt. "It will be like having a family in backhome Russia dance around us at night," she said. And so it was. Together with her Uncle Vladimir's shirt, Aunt Havalah's nightdress, and an apron of Aunt Natasha's, Anna's mother made a quilt that would be passed down through their family for almost a century. From one generation to the next, the quilt was used as a Sabbath tablecloth, a wedding canopy, and a blanket to welcome each new child into the world. The Keeping Quilt, Patricia Polacco's signature piece, was first published in 1988 and won the Sydney Taylor Book Award from the Association of Jewish Libraries. This edition has been expanded to include Patricia's two children, who have also been able to share in the family tradition by using the quilt for birthdays and for play. Now a new generation of readers will come to cherish this heartwarming story of one family's special symbol of enduring love and faith.

## The Stinky Cheese Man and Other Fairly Stupid Tales

Jon Scieszka

Scholastic (1992)

### Summary:

If geese had graves, Mother Goose would be rolling in hers. The Stinky Cheese Man and Other Fairly Stupid Tales retells - and wreaks havoc on - the allegories we all thought we knew by heart. In these irreverent variations on well-known themes, the ugly duckling grows up to be an ugly duck, and the princess who kisses the frog wins only a mouthful of amphibian slime. The Stinky Cheese Man deconstructs not only the tradition of the fairy tale but also the entire notion of a book. Our naughty narrator, Jack, makes a mockery of the title page, the table of contents, and even the endpaper by shuffling, scoffing, and generally paying no mind to structure. Characters slide in and out of tales; Cinderella rebuffs Rumpelstiltskin, and the Giant at the top of the beanstalk snack...
