Welcome to the Dwight D. Eisenhower Middle School

General Overview

The Dwight D. Eisenhower Middle School proudly serves approximately 270 students in grades 5 – 8. All grade levels are departmentalized with highly qualified teachers who each are content area specialists. All students participate in 30-day cycles of 40-minute, special area classes – art, health & physical education (2 cycles), music, technology and Spanish. Our progressive academic curriculum is balanced with advancements in technology applications (including 1:1 designation of Chromebooks), research-based learning projects, differentiated instruction and targeted intervention instructional services for students. We offer several programs for students with special needs. In addition students are given the opportunity to participate in extracurricular activities such as chorus and band; and in grades 6 - 8, sports and the Student Government Association. Students who meet eligibility criteria in grades 6, 7 & 8 may apply for membership in the National Junior Honor Society. Our full-time school counselor collaborates closely with staff and parents to secure a safe learning environment for all students. To maximize student safety, students in lower and upper grade levels are housed in separate wings of the school. Students have designated entrance and exit locations to the school and restrooms.

Students in grades 5 & 6 receive 80 minutes of instruction in English Language Arts and Math daily and 80 minutes of daily instruction in science or social studies, alternating units of study. Students in grades 7 & 8 receive one hour of instruction daily in each core subject - English Language Arts, Math, Science and Social Studies. Students in 8th grade may be eligible for high school Algebra I credits at DDE. A student is assigned to an adviser and advisory class. The adviser will oversee the student's development and success while at DDE. These relationships are built and fostered through daily, active participation in advisory classes.

The DDE staff welcomes the collaborative efforts of the families of the students. The staff embraces the proven fact that students have a much better chance of success when their parents are involved in the educational process. We encourage our parents to maintain open and frequent communication with their children's teachers. Students and parents should review this informational handbook in order to gain a deeper understanding of DDE. **Please read page 4 of this handbook and electronically sign the form indicating that you agree to form a partnership with DDE Middle School for the benefit of your child's education.**

Note: All of the policies referenced in this handbook are located on the Berlin Township Schools district website.

Advisory Classes

Advisory is a class of one teacher with a group of students who meet together daily to:

- Help get the students organized for the school day
- Discuss key topics related to middle school students and childhood and adolescent behavior
- Teach students social skills related to the school's behavior expectations
- Give students a sense of belonging to a group and to foster student leadership and independence
- Model and reinforce social skills development for adolescent children

The advisory teacher strives to know and understand each student in their advisory class. Occasionally, as needed, students may participate in short-term, targeted focus groups during the advisory period to meet their specific needs. These groups will be flexible to accommodate students' social-emotional and behavioral needs and to provide academic support.

Arrival and Dismissal Berlin Township Board of Education Regulation 5113

With the exception of students enrolled in the breakfast program, all students will enter school at 8:10am. Unless there are previous arrangements made between a student and his/her parent and a

teacher, students are not permitted to enter the school prior to 8:10am. **There is no school staff supervision provided prior to 8:00 am.** Students who enter school at 8:15am or later are tardy. All tardy students must check in the office to obtain a pass prior to proceeding to class. High frequency of tardy arrival to school may result in disciplinary actions and/or disqualification from extra-curricular activities and may affect eligibility for the National Junior Honor Society and Student Government Association. .

All students are dismissed at 2:40pm. Students who remain in school for after school activities will be dismissed at 3:40pm or 4:15pm.

Students who are dismissed from school as “walkers” **must leave school property immediately upon dismissal and walk directly home.** Students who are transported to and from school by a parent/family vehicle must be picked up from school at dismissal time (2:40pm, 3:40pm or 4:15pm). Students who are not picked up in a timely manner will be placed in the after school (CARE) program at the parent’s expense.

Students who walk to JFK Elementary to meet siblings will do so following the path between the rear exits of the two schools.

Attendance and Tardiness – Berlin Township Board of Education Policy 5113

Inconsistent school attendance can cause dire consequences in a student’s academic performance and social development. Missing instruction can frustrate a student’s efforts in grasping important skills and cause a negative attitude toward school. Students should be encouraged to attend school daily.

Please contact the school each morning a student is absent (856-767-9480 ext. 1211 or email rschaffer@btwpschools.org). Your communication will guarantee that all students are safe. Upon returning to school the student must bring a note explaining the reason for the absence. If a student is absent for five consecutive days or more, a doctor’s note must accompany the student’s return to school. Students who are absent due to a fever, must be free of a fever for 24 hours prior to returning to school. Excessive absences and/or excessive tardiness may result in retention in the present grade level and/or a petition for the student and parent to appear in municipal court for truancy. Also, high frequency of tardy arrival to school may result in disciplinary actions and/or disqualification from extra-curricular activities.

District policy requires that any student who is absent, submit an excuse note upon returning to school. The school secretary will keep the note on file. If the reason for the absence is for a medical reason a copy of the note will be sent to the school nurse. Please include the following information on the excuse note:

- Student’s full name
- Reason for the absence
- Date(s) of the absence
- Parent/Guardian signature

An unexcused absence is a student’s absence for all or part of a school day for any reason other than those explicitly listed in Regulation 5113. Absence is expressly not excused for any of the following reasons (this list is intended to be illustrative, not inclusive):

- Family travel
- Performance of household or babysitting duties
- Other daytime activities unrelated to the school program
- Leaving school without permission when school is still in session
- Leaving class because of illness and not reporting to the school nurse as directed
- Being present in school but absent from class without approval (“class cut”)

Following an excused absence, the student will be allowed to make up all work and/or tests that were missed due to the absence. The time allowance for taking tests or turning in assignments shall be equal to the number of class meetings due to the absence. A teacher may extend the time allowance if

the specific circumstances of the situation merit such action. It is the responsibility of the student to initiate make-up work and turn in assignments. Students who are absent from school may not participate in after school activities on the same day as the absence except with the explicit consent of the School Principal.

Back to School Night

Back to School Night will be held in person on September 13, 2022 at 6:00 pm - 8:00 pm. For families who are unable to attend, Back to School Night presentations will be recorded and shared with families.

Band - Berlin Township Board of Education Policy 6131

Students in grades 5 – 8 have the opportunity to participate in the band program. If a student is not financially able to purchase or rent an instrument of choice, the district will, if available, loan an instrument for the student’s use during the school year. Parents/guardians are responsible for taking care of the instrument and for any cost related to repairs or replacement of the instrument. See Extra Curricular Activities below for eligibility criteria for participation in band.

Band may be suspended during the pandemic/COVID 19 health crisis.

Bicycles – Berlin Township Board of Education Policy 5131.3

Berlin Township Schools will not be responsible for any bicycle that is lost, stolen or damaged.

Students may use book bags and backpacks to carry their materials to and from school, but in school they must be stored in their homeroom classroom or locker (grades 7 & 8). Students may carry a purse/handbag or sling backpack (nylon or plastic) during the school day. **During the COVID-19 pandemic health crisis access to lockers may be modified and/or prohibited.**

- Students who violate bus behavior expectations may be subject to suspension of bus riding privileges including field trips.
- **If your child is not eligible for bus transportation, he/she may not ride the school bus.** If your child wants to go home with another student, the parent/guardian must provide transportation. **Your child’s homeroom teacher and the main office will need a note from each parent/guardian to change normal dismissal procedures for your children who wish to go home together.**
- Students who miss the bus in the morning must be transported to school by their parent/guardian. Students who miss the bus at dismissal may call their parent/guardian for transportation or wait for a late bus, if available.

Cell Phones and Electronic Devices - Berlin Township Board of Education Regulation 5131

The DDE Middle School understands the need for students to possess cell phones. However, the school also recognizes the common misuse of cell phones in school and the disruption they bring to a typical school day. In order to balance the importance of cell phone possession by students and the need to maintain order in school the cell phone policy has been established and will be enforced. Cell phones are not to be seen or heard in the school during the instructional school day. For the purpose of this policy the instructional school day is defined as the second a student enters the school until the second they are dismissed from school. All cell phones must be completely powered off while in school. Violation of the cell phone policy will result in the following consequences:

- 1st offense: Phone confiscated and brought to the office where the student may retrieve the phone at the end of the school day. Principal-student conference.
- 2nd offense: Phone confiscated and brought to the office where the phone will be secured until an adult parent/guardian comes to the school to retrieve the phone. Disciplinary referral will be noted on the student's record.
- 3rd offense: Phone confiscated and brought to the office where the phone will be secured until a meeting is held with the parent, student and principal. Disciplinary referral will be noted on the student's record.
- 4th offense: The student will not be permitted to bring the cell phone onto school property. If there is an absolute essential reason why a student may need to bring his/her cell phone to school, upon arrival at school each day, the phone will be secured in the office and returned to the student at the end of the school day.

Since students are not permitted to use cell phones in school, parents may not communicate with their children via cell phone during the instructional school day. Any communication during the school day between parent and student via the student's personal device is a violation of this rule. On occasion teachers may permit students to use their personal device during the school day as a learning tool, an extension of learning or as a reward or privilege. Permission will be granted for a specified period of time and after the permissible time expires, students must revert to this rule. Students must not audio or video record other students or staff.

Clubs (see Extracurricular Activities) Due to the COVID-19 pandemic, clubs and extracurricular activities will be thoroughly evaluated for safety and may be temporarily suspended.

Code of Conduct – Berlin Township Board of Education Policy 5131

In order to develop an environment that encourages and supports pro-social student behavior at the school, classroom and individual student levels, DDE practices and enforces Positive Behavior Supports. Positive Behavior Supports (PBS) is a research-based process that uses a collaborative and consistent teaming approach to generate and define behavior expectations for all students in all areas of school. Students are taught and expected to be safe, respectful and responsible at all times. Safe, respectful and responsible behavior is clearly defined for each area of the school. (See the PBS matrix below.) Students who do not comply with the school-wide expectations may be placed on a Tier II or III group or individualized behavior intervention program until their behavior is corrected.

Expectations: All students are expected to abide by the following:

- Be respectful to others
- Be responsible for oneself
- Be safe at all times

These expectations and guidelines apply to students during their travel to and from school, during school and at all school functions in all areas of the school. Students who do not meet these expectations will be assigned corrective and/or disciplinary consequences of various levels to encourage correct behavior.

All parents/guardians must acknowledge receipt of the Code of Conduct Policy via either an electronic or live signature.

Students who are sent home for violation of this rule and do not return to school will be marked for an unexcused absence.

Discipline – Berlin Township Board of Education Policy 5131 and Policy 6164, Disruptive Students

Our goal is to develop students that exhibit self-control and self-discipline. This in turn will help ensure an effective and productive learning environment. We promote collaborative work and social interaction among the students. The school expectations – be safe, respectful and responsible - help to promote the social interactions of students with peers and adults and to ensure a standard of conduct in the school community. School expectations come from many sources, including New Jersey State Law, Berlin Township Board of Education policies, national and state educational associations and other sources. The main goal of discipline is to teach appropriate and acceptable behavior. While some behaviors do come with disciplinary consequences, DDE Middle School staff will always strive to bring about corrective action plans that support student learning of appropriate behavior.

Parents must remember the importance of reinforcing school expectations with their child. If a parent has a question or concern about the reason for a discipline referral, please feel free to discuss it directly with the staff member that issued the discipline in order to gain a more complete understanding of the situation. Referrals are written with the intent of addressing a behavior concern, not to punish the student. Everyone makes mistakes; a discipline referral is intended as a learning experience for the student.

Parental support is essential to shaping appropriate student behavior. When discipline is handled in school and reinforced at home, the behavior will generally not be repeated. However, a cycle of behavior difficulties can start if the parent "takes the student's side" by not supporting the discipline policy and reinforcing the proper standards of behavior, giving the student the perception that he/she is "above the rules."

Consequences represent discipline options available to staff members. Staff members may consider the behavior as well as whether or not it is chronic in nature in order to determine the appropriate consequence(s). Staff members may choose a combination of consequences (i. e., corrective behavior plus parent contact). Involvement of support staff (counselor, social worker, school psychologist) is also available when necessary, to develop a plan of improvement (see Code of Conduct above). The consequence for copying work, cheating on major assignments, tests or projects or inconsistent completion of homework is a negative impact on the student’s grades and parental contact . .

The Code of Conduct and Discipline Protocols are in effect in the remote classroom setting.

In addition to the criteria set forth in Extracurricular Activities (above) students who participate in sports activities must meet the following eligibility criteria and must maintain this criteria during the time they are active in sports:

- A school suspension during the season of any sport will result in an automatic probationary status during the remainder of the sport season. In certain extenuating circumstances a suspension from school may result in an automatic removal from the team for the remainder of the sport season. In addition to suspension from school during the probationary period, students may be suspended from sports games/events and/or practices.
- Fall soccer – students must maintain academic standing from the beginning of the school year through the soccer season.
- Winter basketball – academic eligibility will be determined by the grades earned on the first interim report card.
- Spring baseball, softball and track – academic eligibility will be determined by the grades earned during the fourth interim report card.

Students who are found without a pass in any area other than their assigned classroom may be subject to disciplinary action. (See Discipline.)

Substitute Teachers

Substitute teachers are considered guest teachers and have the same authority as the regular classroom teacher. All students are required to demonstrate respect and cooperation with substitute teachers.
