A. DISSEMINATION

To promote compliance with this policy, students, staff and the public shall be notified of the school district's tobacco-free schools policies and regulations. Notification procedures shall include, but are not limited to:

1. Summaries of this policy and relevant regulations shall be placed in the student and staff handbooks.
2. Sufficient signage shall be placed in appropriate locations throughout the district's buildings and grounds.
3. Event programs and similar documents that are often viewed by visitors shall contain a notification of the policy.
4. When appropriate, announcements about the school's policy will be made prior to or during school events.

B. ENFORCEMENT

The success of this policy will depend upon the thoughtfulness, consideration, and cooperation of tobacco users and non-tobacco users. All individuals on school premises share in the responsibility for adhering to and enforcing this policy.

Tobacco-free policy enforcement is designed to educate students, staff and others about the health risks associated with tobacco. Punitive measures, in accordance with district policy, will be used for repeat offenders.

1. **Students.** Any student found in violation of this policy will be disciplined as stated in the district's progressive discipline plan. This can include, but is not limited to, parent notification, counselor referral, ISS/OSS up to 5 days, and the ability to reduce suspension with full participation in a cessation program. Restitution and police referral will take place as needed.
2. **Employees.** Any district employee found in violation of this policy may be provided with tobacco cessation information and will be encouraged to participate in a tobacco cessation program. Employees found to repeatedly violate this policy shall be subject to disciplinary action pursuant to district policy.
3. **Visitors.** Other adults observed to be in violation of this policy shall be asked to refrain from the behavior. Repeated violations of this policy will be handled on a case-by-case basis by an authorized district official and may result in a directive to leave school property.

C. DEFINITIONS

For the purposes of this policy, tobacco means any substance or item, in any form, containing tobacco. The administration will treat the use, possession or promotion of all forms of nicotine-containing products or nicotine delivery devices (whether or not the device is being utilized for that purpose), which may or may not include actual tobacco, as a violation of this policy, provided the product or device is not part of an individual's cessation program.
