JFCK PERSONAL COMMUNICATION DEVICES

Students may be allowed to use and possess personal communication devices on district property and at school-sponsored activities provided such devices are not used in any manner that may disrupt the learning environment, school-sponsored activities or violate Board policies, administrative regulations, school or classroom rules, state and federal law. As used in this policy, a “personal communication device” is a device that emits an audible signal, vibrates, displays a message or otherwise summons or delivers a communication to or from the possessor of the device.

Students are strongly advised to leave electronic sound and personal communication devices at home. The district will not be liable for electronic sound and personal communication devices brought to district property or school-sponsored activities.

The superintendent shall ensure that the Board’s policy and any subsequent school rules developed by building administrators are reviewed and approved in advance to ensure consistency with this policy and that pertinent provision of policy and rules are communicated to students and parents through student/parent handbooks and other means.
