

2022-23 WCSD COVID-19 PROTOCOL

MASKS:

Masks are optional in Westlake City School buildings and on school grounds.

IF YOU TEST POSITIVE:

Stay home and isolate for at least five days.

CLUSTER TRACING:

The school district will continue to utilize cluster tracing to detect spread within our school environment.

A cluster is considered three or more positive cases that are considered close contacts in a school setting over a 14-day period.

If a cluster occurs, close contacts will be notified and masks will be strongly recommended for those close contacts for a 10-day period.

AFTER ISOLATION, IF SYMPTOMS ARE IMPROVING:

If fever-free and symptoms are improving, you can return to school. Masks should be worn for five (5) days upon return to school, or after two negative tests 48 hours apart.

For further guidance, contact your school nurse.

Classes will be held in person for all grade levels.

** Weekly dashboards will not be posted for the 2022-23 school year.*

*All information is subject to change based on CDC and local health guidelines.
