

SAFESTOP APP GIVING YOU PEACE OF MIND

SAFE STOP

Where's the Bus? - SafeStop App has the answer!

WHY CHOOSE SAFESTOP?

SafeStop is a school bus tracking app that allows you to track your students' buses using a map that lets you see exactly where your bus is along its route. It also provides expected arrival times for each stop, making it easier for you to quickly check when the bus will arrive and monitor your child's route to and from school.

NOW AVAILABLE FOR

**KANSAS CITY
PUBLIC SCHOOLS**

GETTING STARTED

- Download the SafeStop app or visit www.safestopapp.com/#app
- Select "Create Account," Choose your state, then select your school or district name.

**YOUR SCHOOL
ACCESS CODE IS:
2022KCPS**

If you are asked to enter a Student ID, that will be your district-provided Student ID. If there are multiple Student ID boxes, simply enter each of the Student IDs for the children riding the bus. You are only required to provide one valid Student ID. You can also add Student IDs to your account later if you do not know all of them.

- Set your notification preferences and click SUBMIT to complete your secure registration.
