

Dear Families, At GIS, we work with students to develop school-wide and classroom expectations in order to be SAFE, KIND & RESPONSIBLE learners every day. We encourage you to partner with us and use parallel language at home too! Work with your family and think about what it “looks” like to BE SAFE, BE KIND, BE RESPONSIBLE, and the skills and routines you will use at home to be successful. Make a poster of the expectations you will agree to use as a family and hang it in your home. ~GIS STAFF
