In this handbook, the word "parent" also means "guardian" unless otherwise stated. An administrator's title, such as superintendent or principal, also means that individual's designee unless otherwise stated. The term "school grounds" includes the school district facilities, school district property, property within the jurisdiction of the school district or school district premises, school-owned or school-operated buses or vehicles and chartered buses. The term "school facilities" includes school district buildings. Equal Educational Opportunity

The school district does not discriminate in its educational programs or educational activities on the basis of sex, race, religion, color, national origin, marital status, sexual orientation, gender identity, physical attributes or disability. Students are educated in programs which foster knowledge of, and respect and appreciation for, the historical and contemporary contributions of diverse cultural groups, as well as men and women, to society. Students who feel they have been discriminated against are encouraged to report it to the school district Equity Coordinator. The Equity Coordinator is Laurie Thies and she can be reached at 712-366-8311. Inquiries may also be directed in writing to the Director of the Region VII Office of Civil Rights, U.S. Department of Education, Kansas City, Missouri. or the Iowa Department of Education, Grimes State Office Building, Des Moines, IA, 50319-0146, (515) 281-5294, (Reference Board Policy 505.4).

Defined as a child or youth from the age of 3 years through 21 years who lacks a fixed, regular, and adequate nighttime residence and includes the following:

1. A child or youth who is sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; is living in a motel, hotel, trailer park, or camping grounds due to the lack of alternative adequate accommodations; is living in an emergency or transitional shelter; is abandoned in a hospital; or is awaiting foster care placement;

3. A child or youth who is living in a car, park, public space, abandoned building, substandard housing, bus or train station, or similar setting; or
4. A migratory child or youth who qualifies as homeless because the child or youth is living in circumstances described in paragraphs "1" through "3" above.

Grievance Procedure

It is the policy of the Lewis Central Community School District not to discriminate on the basis of race, color, national origin, sex, disability, religion, creed, age (for employment), marital status (for programs), sexual orientation, gender identity and socioeconomic status (for programs) in its educational programs and its employment practices. There is a grievance procedure for processing complaints of discrimination. If you have questions or a grievance related to this policy please contact Laurie Thies, 4121 Harry Langdon Blvd., Council Bluffs, IA 51503, 712-366-8311, lthies@lewiscentral.org.

Students, parents of students, employees, and applicants for employment in the school district have the right to file a formal complaint alleging discrimination. The district has policies and procedures in place to identify and investigate complaints alleging discrimination. If appropriate, the district will take steps to prevent the recurrence of discrimination and to correct its discriminatory effects on the Complainant and others.

A Complainant may attempt to resolve the problem informally by discussing the matter with a building principal or a direct supervisor. However, the Complainant has the right to end the informal process at any time and pursue the formal grievance procedures outlined below. Use of the informal or formal grievance procedure is not a prerequisite to the pursuit of other remedies. Please note that informal processes and procedures are not to be used in certain circumstances (e.g., sexual harassment and sexual assault).

Filing a Complaint

A Complainant who wishes to avail himself/herself of this grievance procedure may do so by filing a complaint with the equity coordinator(s). An alternate will be designated in the event it is claimed that the equity coordinator or

superintendent committed the alleged discrimination or some other conflict of interest exists. Complaints shall be filed within fifteen (15) of the event giving rise to the complaint or from the date the Complainant could reasonably become aware of such occurrence. The Complainant will state the nature of the complaint and the remedy requested. The equity coordinator(s) shall assist the Complainant as needed.

Investigation

Within five (5) working days, the equity coordinator will begin the investigation of the complaint or appoint a qualified person to undertake the investigation (hereinafter "equity coordinator"). If the Complainant is under 18 years of age, the equity coordinator shall notify his or her parent(s)/guardian(s) that they may attend investigatory meetings in which the Complainant is involved. The complaint and identity of the Complainant, Respondent, or witnesses will only be disclosed as reasonably necessary in connection with the investigation or as required by law or policy. The investigation may include, but is not limited to the following:

- A request for the Complainant to provide a written statement regarding the nature of the complaint;
- A request for the individual named in the complaint to provide a written statement;
- A request for witnesses identified during the course of the investigation to provide a written statement;
- Interviews of the Complainant, Respondent, or witnesses;
- An opportunity to present witnesses or other relevant information; and
- Review and collection of documentation or information deemed relevant to the investigation.

Within fifteen (15) working days, the equity coordinator shall complete the investigation and issue a report with respect to the findings.

The equity coordinator shall notify the Complainant and Respondent of the decision within five (5) working days of completing the written report. Notification shall be by U.S. mail, first class.

Decision and Appeal

The complaint is closed after the equity coordinator has issued the report, unless within ten (10) working days after receiving the decision, either party appeals the decision to the superintendent by making a written request detailing why he/she believes the decision should be reconsidered. The equity coordinator shall promptly forward all materials relative to the complaint and appeal to the superintendent. Within fifteen (15) working days, the superintendent shall affirm, reverse, amend the decision, or direct the equity coordinator to gather additional information. The superintendent shall notify the Complainant, Respondent, and the equity coordinator of the decision within five (5) working days of the decision. Notification shall be by U.S. mail, first class.

The decision of the superintendent shall be final.

The decision of the superintendent in no way prejudices a party from seeking redress through state or federal agencies as provided by law.

This policy and procedures are to be used for complaints of discrimination, in lieu of any other general complaint policies or procedures that may be available.

If any of the stated time frames cannot be met by the district, the district will notify the parties and pursue completion as promptly as possible.

Retaliation against any person, because the person has filed a complaint or assisted or participated in an investigation, is prohibited. Persons found to have engaged in retaliation shall be subject to discipline by appropriate measures.

CIVIL RIGHTS COMPLAINT PROCEDURE

Lewis Central Community School District students, parents of students, employees, applicants for employment and others having business or contact with the District who feel they have been subject to denial of rights in their dealings with or education by the District shall have the right to file a formal complaint alleging discrimination under federal and/or state regulations requiring non-discrimination in programs and employment.

Level One – Principal or Immediate Supervisor

(Informal and Optional – may be bypassed by the Complainant)

Employees who have a complaint of discrimination based upon their gender, race, national origin, religion, age, or disability are encouraged to first discuss the problem and/or the alleged discriminatory event with their principal or immediate supervisor, with the objective of resolving the matter informally.

A student, a parent of a student, an applicant for employment or others having business or contact with the District who have a complaint of discrimination based upon gender, race, national origin, religion, age, or disability are encouraged to discuss the problem and/or the alleged discriminatory event with the instructor, counselor, supervisor, building administrator, or program administrator directly involved, with the objective of resolving the matter informally.

Level Two – The Equity Coordinator

If the complaint is not resolved informally and the Complainant wishes to pursue the matter, a formal written complaint may be filed with the District's Equity Coordinator on a form provided by the Coordinator. An investigation of harassment or other discrimination may be initiated without a complaint by the Equity Coordinator, with the approval of the superintendent or the Board of Directors; the Superintendent; and/or the Board of Directors.

The written complaint shall include at least: (1) full name, address and telephone number of the complainant; (2) complainant's relationship to the District; (3) the nature of the complaint; (4) specifics about the incident(s) resulting in the complaint, (including date, time, place of occurrence, if known); (5) full name and other identifying information about the alleged violator; (6) names, addresses, telephone numbers of witnesses and (7) the remedy requested. The complaint may be accompanied by other relevant documents and/or evidence. (See Board Policy 104 for types of relevant evidence in a harassment complaint.)

The formal, written complaint must be filed with the office of the Equity Coordinator within fifteen (15) working days either from the date of the event giving rise to the complaint, or from the date the complainant could reasonably have become aware of such occurrence.

After, or as part of filing the complaint, the complainant may request that a meeting concerning the complaint be held with the Equity Coordinator. A complainant who is a minor student may be accompanied at any such meeting by a parent or guardian.

The Equity Coordinator shall be responsible for investigating the complaint. The investigation shall be confidential and include, but not be limited to: interviewing and/or obtaining written statements from the complainant, witnesses, and the alleged violator.

The investigation will be impartial and if requested every effort will be made to protect the parties' confidentiality.

A written, confidential Discrimination Complaint Report will be sent by certified mail or hand delivered to the complainant (or their parent), the alleged discriminator and the immediate supervisor, school principal or program administrator directly involved within ten {10} working days after receipt of the formal complaint. The Superintendent may approve a ten {10} day extension of time if circumstances justify the same.

This report shall include a statement of the findings of the investigation with a clear statement that, in the investigator's opinion, the complaint is founded, unfounded, or unclear. The Equity Coordinator shall determine the action to be taken, (discipline, further investigation, or dismissal of the complaint), and/or provide a statement of resolution of the complaint.

USDA Nondiscrimination Statement

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discrimination based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Jurisdictional Statement

This handbook is an extension of board policy and is a reflection of the goals and objectives of the board. The board, administration and employees expect students to conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others. Students are expected to treat teachers, other employees, students, visitors and guests with respect and courtesy. Students may not use abusive language, profanity or obscene gestures or language.

This handbook and school district policies, rules and regulations are in effect while students are on school grounds, school district property or on property within the jurisdiction of the school district; while on school-owned and/or school-operated buses or vehicles or chartered buses; while attending or engaged in school activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school district or involves students or staff. School district policies, rules and regulations are in effect 12 months a year. A violation of a school district policy, rule or regulation may result in disciplinary action and may affect a student's eligibility to participate in extracurricular activities whether the violation occurred while school was in session or while school was not in session.

Students are expected to comply with and abide by the school district's policies, rules and regulations. Students who fail to abide by the school district's policies, rules and regulations may be disciplined for conduct which disrupts or interferes with the educational program; conduct which disrupts the orderly and efficient operation of the school district or school activity; conduct which disrupts the rights of other students to obtain their education or to participate in school activities; or conduct which interrupts the maintenance of a disciplined atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, detention, suspension, probation and expulsion. Discipline can also include prohibition from participating in extracurricular activities, including athletics and study trips. The discipline imposed is based upon the facts and circumstances surrounding the incident and the student's record.

The school reserves and retains the right to modify, eliminate or establish school district policies, rules and regulations as circumstances warrant, including those contained in the handbook. Students are expected to know the contents of the handbook and comply with it. Students or parents with questions or concerns may contact the principal's office for information about the current enforcement of the policies, rules or regulations of the school district, (Reference Board Policy 502.1).

Positive Behavior Interventions and Supports (PBIS)

PBIS is a school-wide positive behavior program that is implemented at Kreft Primary and Titan Hill Intermediate School. Each school has three main expectations that are used throughout the school. At Kreft Primary, the three expectations are Be Respectful, Be Responsible, and Be Safe. At Titan Hill, the expectations are Be Respectful, Be Responsible, and Be Ready to Learn.

- ★ Expectations for all students, staff, and settings are in place to create consistency.
- ★ Expectations are displayed throughout the school and taught throughout the year.
- ★ Students and staff are able to state the expectations, creating consistency throughout the building.
- ★ Staff members model PBIS expectations for students.
- ★ Students are reinforced for displaying appropriate behavior in school.
- ★ The program is focused on acknowledging students for consistent positive behavior using Titan Tickets.

- ★ Direct instruction of expected behaviors will occur throughout the school year.
- ★ Problem behavior will be responded to with consistent consequences that are focused on reteaching the expected behaviors.

Student Code of Conduct

Appropriate behavior is expected during the entire school day as well as at all school activities. The following rules and policies have been approved by the Board of Directors of the Lewis Central Community School District and are supported by Section 282.4 of the Code of Iowa (Majority Vote - suspension), Section 282.5 of the Code of Iowa (Re-admission of Pupil), Section 502 of the Board Policy (Student Behavior and Discipline Suspension, Expulsion and other Disciplinary Measures). A student may be suspended or expelled from school for violation of the following school rules, or for violating the Iowa Code provision contained in Section 282.4.

RULES

1. Students are to be in attendance in all assigned classes and activities during the school day.
2. Students who skip school will not be permitted to re-enter school unless accompanied by his/her parents. No credit will be given for work missed when a student skips. The student may be required to make up the hours missed or may be suspended from school.
3. Any student who has to leave school because of illness or for another reason must check out through the principal's office. Leaving school without permission will be classified as truancy and dealt with accordingly.
4. Profanity is prohibited on school grounds, in any school building, and at any school function.
5. Students will be held responsible for any damage done to school equipment.
6. All students shall be expected to conduct themselves in an orderly and acceptable manner entering and leaving school, during assembly programs, and in the classroom.
7. All students shall respect the authority of school personnel assigned supervision duties.
8. In an elementary setting, most discipline concerns will be handled by the classroom teacher. However, some offenses are severe enough to merit referral to the building principal. Actions which must be reported to the principal include, but are not limited to the following:
 - a. The child willfully inflicts harm on another person.
 - b. The child willfully destroys or defaces property.
 - c. The child uses profane or abusive language.
 - d. The child overtly refuses to obey.
 - e. The child is absent from school without permission.
 - f. The child possesses or uses, distributes tobacco, alcohol, and/or illegal drugs.
 - g. The child possesses, uses, or transmits any instrument considered a weapon.

Items (a) through (g) are not intended to be all-inclusive, but merely offenses which will result in disciplinary action.

When a student is referred to the principal for serious disciplinary reasons, the parent/guardian will be contacted.

9. Due process - During all disciplinary proceedings, students will be accorded due process. (Reference School Board Policy 502).
10. The following matrix will be utilized for major/minor discipline referrals:

GOOD CONDUCT RULE

Participation in school activities is a privilege. School activities provide the benefits of promoting additional interests and abilities in the students during their school years and for their lifetimes.

Students who participate in extracurricular activities serve as ambassadors of the school district throughout the calendar year, whether away from school or at school. Students who wish to have the privilege of participating in extracurricular activities must conduct themselves in accordance with board policy and must refrain from activities which are illegal, immoral or unhealthy.

Students who fail to abide by this policy and the administrative regulations supporting it may be subject to disciplinary

measures. The principal will keep records of violations of the good conduct rule.

It is the responsibility of the superintendent to develop rules and regulations for school activities. Students wanting to participate in school activities must meet the requirements set out by the school district for participation in the activity.

SMOKING - DRINKING - DRUGS

The board prohibits the distribution, dispensing, manufacture, possession, use, or being under the influence of beer, wine, alcohol, tobacco, other controlled substances, or "look alike" substances that appear to be tobacco, beer, wine, alcohol or controlled substances by students while on school district property or on property within the jurisdiction of the school district; while on school owned and/or operated school or chartered vehicles; while attending or engaged in school activities; and while away from school grounds if the misconduct will directly affect the good order, efficient management and welfare of the school district.

The board believes such illegal, unauthorized or contraband materials generally cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees, or visitors.

Violation of this policy by students will result in disciplinary action including suspension or expulsion. Use, purchase or being in possession of cigarettes, tobacco or tobacco products for those under the age of eighteen, may be reported to the local law enforcement authorities. Possession, use or being under the influence of beer, wine, alcohol and/or of a controlled substance may also be reported to the local law enforcement authorities.

Students who violate the terms of this policy may be required to satisfactorily complete a substance abuse assistance or rehabilitation program approved by the school board. If such a student fails to satisfactorily complete such a program, the student may be subject to discipline including suspension or expulsion.

The board believes the substance abuse prevention program will include:

- Age-appropriate, developmentally-based drug and alcohol curriculum for students in grades kindergarten through twelve, which address the legal, social, and health consequences of tobacco, drug and alcohol use and which provide information about effective techniques for resisting peer pressure to use tobacco, drugs or alcohol;

- A statement to students that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and

harmful; Standards of conduct for students that clearly prohibit, at a minimum, the unlawful possession, use, being under the influence of or distribution of illicit drugs and alcohol by students on school premises or as part of any of its activities; A clear statement that disciplinary sanctions, up to and including suspension or expulsion and referral for prosecution, will be imposed on students who violate the policy and a description of those sanctions;

A statement that students may be required to successfully complete an appropriate rehabilitation program;
Information about drug and alcohol counseling and rehabilitation and re-entry programs available to students;
A requirement that parents and students be given a copy of the standards of conduct and the statement of disciplinary sanctions required; and,

Notification to parents and students that compliance with the standards of conduct is mandatory.

It is the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy.

EXPULSION

Only the board may remove a student from the school environment. The removal of a student from the school environment, which includes, but is not limited to, classes and activities, is an expulsion from school.

Students may be expelled for violations of board policy, school rules or the law. It is within the discretion of the board to discipline a student by using an expulsion for a single offense or for a series of offenses depending on the nature of the offense and the circumstances surrounding the offense.

It is within the discretion of the superintendent to recommend to the board the expulsion of a student for disciplinary purposes. Only the board may take action to expel a student and to readmit the student. The principal will keep records of expulsions in addition to the board's records.

When a student is recommended for expulsion by the board, the student is provided with:

1. Notice of the reasons for the proposed expulsion;
2. The names of the witnesses and an oral or written report on the facts to which each witness testifies unless the witnesses are students whose names may be released at the discretion of the superintendent;
3. An opportunity to present a defense against the charges and provide either oral testimony or written affidavits of witnesses on the student's behalf;
4. The right to be represented by counsel; and,
5. The results and finding of the board in writing open to the student's inspection.

In addition to these procedures, a special education student must be provided with additional procedures. A determination should be made of whether the student is actually guilty of the misconduct. A staffing team should determine whether the student's behavior is caused by the student's disability and whether the conduct is the result of inappropriate placement. Discussions and conclusions of this meeting should be recorded.

If the special education student's conduct is not caused by the disability, the student may be expelled or suspended for a long term period following written notice to the parent and pursuant to the school district's expulsion hearing procedures. If the misconduct is caused by the disability and a change in placement is recommended, the change must be made pursuant to the placement procedures used by the school district.

Student Search Rule

I. Searches, Students and Protected Student Areas

- A. All searches of students or protected student areas shall be reasonably related in scope to the circumstances which gave rise to the need for the search and be based upon consideration of relevant factors which include, but are not limited to, the following:
 - The nature of the violation for which the search is being instituted.
 - The age and gender of the student who may be searched pursuant to this rule.
 - The objectives to be accomplished by the search.
- B. A school official may search individual students and individual protected student areas if both of the following apply:
 - The official has reasonable grounds for suspecting that the search will produce evidence that a student has violated or is violating either the law or a school rule or regulation.

- The search is conducted in a manner which is reasonably related to the objectives of the search and which is not excessively intrusive in light of the age and gender of the student and the nature of the infraction.
- C. A search of a protected student area may be conducted without the student present; however, if a student is not or will not be present at the time a search of a protected student area is conducted, the student shall be informed of the search either prior to or as soon as is reasonably practical after the search is conducted.
- D. Any contraband discovered during searches of a student or a protected student area shall be confiscated by school officials and may be turned over to law enforcement officials.
- E. A school official shall not conduct a search that involves: a) a strip search; b) a body cavity search; c) the use of a drug sniffing animal to search a student's body; or d) a search of a student by a school official not of the same sex as the student.

A "protected student area" includes, but is not limited to: a) a student's body, b) clothing worn or carried by a student, c) a student's duffle bag, book bag, backpack, knapsack, or any other container used by a student for holding or carrying personal belongings of any kind and in the possession or immediate proximity of the student.

II. School Searches, Lockers, Desks, and Other Facilities or Spaces Owned by the School

- A. School officials may conduct periodic inspections of all, or a randomly selected number of, school lockers, desks and other facilities or spaces owned by the school and provided as a courtesy to the student. The furnishing of a school locker, desk or other facility or space owned by the school and provided as a courtesy to the student shall not create a protected student area and shall not give rise to an expectation of privacy on a student's part with respect to that locker, desk, facility or space. Allowing a student to use a separate lock on a locker, desk or other facility or space owned by the school and provided to the student shall also not give rise to an expectation of privacy on a student's part with respect to that locker, desk, facility or space.
- B. At the beginning of each school year, the District shall provide written notice to all students and the student's parent or legal custodians that school officials may conduct periodic inspections of school lockers, desks, and other facilities or spaces owned by the school and provided as a courtesy to a student without prior notice.
- C. Any contraband discovered during searches of school lockers, desks, and other facilities or spaces owned by the school and provided as a courtesy to a student shall be confiscated by school officials and may be turned over to law enforcement officials.
- D. An inspection of school lockers, desks or other facilities or spaces owned by the school and provided as a courtesy to a student may be accomplished by using such methods including, but not limited to, a visual search of lockers, desks or other facilities or spaces by school officials or the use by school officials or others hired at their discretion, or a drug sniffing animal.
- E. An inspection of school lockers, desks, or other facilities or spaces owned by the school and provided as a courtesy to a student shall either occur in the presence of the student whose locker is being inspected or shall be conducted in the presence of at least one other person.

School Fees

The school district charges fees for certain items and class materials. Parents who have concerns about the fees should contact the principal. Students are responsible for taking care of their textbooks. Students will be billed for lost or damaged textbooks.

An annual fee will be charged as follows:

K-5 Textbook	\$45.00
--------------	---------

Emergency Information

At the beginning of each school year, a parent must provide emergency information. This information should include emergency telephone numbers of the parent as well as alternate persons to contact in the event the school is unable to locate the parents. This emergency information should include a statement that **GIVES THE SCHOOL DISTRICT PERMISSION TO RELEASE THE STUDENT TO THE ALTERNATIVE PERSON IN THE EVENT THE PARENT CANNOT BE REACHED**. A parent needs to immediately notify the principal's office if this information changes during the school year.

STUDENT ATTENDANCE

Requirements

A child who has reached the age of five by September 15 and who is enrolled in a school district is of compulsory attendance age unless the child's parent or guardian provides written notice to the school district of the "intent to remove the child from enrollment in the school district." Iowa Code 299.1A(2)(2013) . Any child who fails to attend school as required, without reasonable excuse for the absence, shall be defined as truant.

Parents will receive an attendance letter after a student has accumulated four absences or tardies. Tardies are defined as arriving between 5 and 45 minutes before the start of the school day, or leaving between 5 and 45 minutes before the end of the school day. Parents may be contacted by school personnel after a student has accumulated eight absences or nine tardies and a second attendance letter will be sent.

At 12 absences or tardies, students will be red-flagged in the school information system (PowerSchool). An Attendance Cooperation Agreement(ACA) may be written when a student has accumulated 12 or more absences or tardies. The Attendance Cooperation Agreement is a collaborative plan between the school and the parent/guardian. School personnel may also choose to make contact with the County Attorney when a student has accumulated 12 or more absences or tardies to mediate a plan that will support in improving student attendance. The schools will work to support families with attendance. Prior to enacting an Attendance Cooperation Agreement, the school administration and/or staff may contact families, schedule collaboration meetings, conduct home visits, and/or connect families with additional resources.

It is important that families provide documentation of doctor visits when a child visits the doctor. You may still receive an attendance letter if doctor notes are provided as it is part of our protocol. However, we do consider these when determining how to best support families, and which cases to move to an ACA or County Attorney intervention.

It is the responsibility of the County Attorney to take appropriate legal action upon receipt of said notification.

If you have any questions regarding this policy, contact your child's school.

Daily Attendance

Students are expected to be in class and make attendance a top priority. Only through attendance and class participation do students achieve the benefits of the educational program. Participating in class discussion, developing an appreciation for the views and abilities of other students, and forming the habit of regular attendance are legitimate class objectives. Learning lost due to an absence can never be replaced. Regular attendance and being well prepared for class help students in school as well as prepare students for adulthood.

Parents who know their child will be absent must notify the office prior to the absence. If advance notification is not possible, parents must notify the school office on the day of the absence prior to 8:00 a.m. Failure to do so will result in an unexcused absence. If a student is absent due to illness or an appointment, parents should provide a physician's note upon return to school.

Students who need to leave school during the school day must be checked out in the office by a parent. Parents must sign students in for readmission to school. Students will not be released to anyone other than their parents unless the office has a note signed by the student's parents.

Students are responsible for arranging to make up schoolwork. Students have the same number of days they were absent plus one day to make up work. An extension of this policy may be requested in case of serious illness. Students are not allowed to make up schoolwork or to submit late school work due to an unexcused absence, (Reference Board Policy 501.1.501.14 and 501.15).

Tardy and Absent

The policy for tardiness and absences in our school is as follows:

TARDY- Arriving between 5 and 45 minutes after the start of the school day, or leaving between 5 and 45 minutes before the end of the school day.

Half Day Absence- Arriving between 46 minutes and 3 hours after the start of the school day, or leaving between 46 minutes and 3 hours before the end of the school day.

Full Day Absence- Absent is more than 3 hours of the school day.

Enrollment

The state law requires that a child be five on or before September 15 (Iowa Code Section 282.3).

All children who are eligible should enroll by the first week of school. It is a definite disadvantage for a child to enter school after the others are well-established. Birth certificates are required for incoming kindergarten students **and immunization records are required for all children entering our school system**, (Reference Board Policy 501.0). **These documents must be on file prior to the student starting classes.**

Inclement Weather

When school is canceled because of inclement weather prior to the start of the school day, students and parents are notified over **The River, KISS Country, KQKQ, KKAR, KOIL, FOX KCTY, KGOR, KXKT, KTMP, KFAB** radio and **KMTV, WOWT, KETV, and KPTM Channel 17** television stations and the Lewis Central Website. Families that would like to be notified directly when classes are canceled may sign up for GovDelivery – a free email notification service provided by the State of Iowa by going to the website: www.lewiscentral.org

The designation LEWIS CENTRAL COMMUNITY SCHOOLS includes Lewis Central High School, Lewis Central Middle School, Titan Hill and Kreft Primary Schools. It is our intent to have all information to these stations by 6:30 a.m. Council Bluffs Public School notices **DO NOT** include Lewis Central.

If school is dismissed because of inclement weather after the school day has begun, parents are notified by the same means. To prepare for early dismissal parents should have arrangements made with friends or neighbors to have children stay with them. Anyone picking up children will come to the principal's office or designated area.

Extracurricular activities or practices scheduled for the day or evening of a day when school is canceled or dismissed early are generally canceled and rescheduled. If the extracurricular activity is to be held, students and a parent are notified in the same manner as the notification that school was dismissed.

STUDENT HEALTH, WELL-BEING AND SAFETY

Student Arrival

Students are not to be dropped off on school grounds prior to the bell signaling the start of the school day. This is for the safety of all students as there is no supervision. Doors open at the following times:

Kreft Primary School- Doors open at 8:10 A.M.
Instruction begins at 8:30 A.M.
Students will be counted tardy starting at 8:35 A.M.

Titan Hill Intermediate-Doors open at 8:10 A.M.
Instruction begins at 8:35 AM
Students will be counted tardy starting at 8:40 A.M.

Permission to Leave the Building

Once students arrive at school, they are not to depart the school grounds until they are directly on their way home at the conclusion of the school day. Students who are authorized to leave the school premises for specific purposes shall follow the sign out procedure, (School Board Policy 505.3).

Health and Safety Policies & Procedures

Lewis Central Schools are committed to promoting wellness and to safeguard the health and safety of children and adults who participate in our school settings. In order to provide a safe and secure environment for every child and adult, we follow guidelines in accordance with IDPH and the American Academy of Pediatrics. Throughout the year, the school district sponsors health screening for vision, hearing, and dental. Students are automatically screened unless the parent

submits a note asking that the student be excused from the screening. The grade levels included in the vision screening are Preschool, kindergarten, 3rd grade, and any time a teacher makes a request.

Health Records and Immunization Certificates

Before a child begins the school year, health records that document the dates of service shall be submitted that show the child is current for routine screening tests and immunizations according to the schedule recommended and published by the Iowa Department of Public Health. All shot records must be up to date, or your child will not be permitted to attend school. A copy of immunization records will be kept on file by the health office. The exception to this guideline is if an IDPH approved medical or religious exemption is provided. (Reference Board Policy 504.1)

Illness and Exclusion Policy

Please call the attendance office to notify us if your child is ill. It is important for the office to have current phone numbers and emergency contacts in the event your child should get sick while at school. If your child is absent from school please provide a doctor's note. For the health and safety of all the children, it is mandatory that sick children not be brought to school. If your child has any of the following symptoms during the night, he or she will not be admitted the following morning for the safety of the other children.

- fever greater than 100.4 degrees F
- vomiting
- diarrhea
- pink eyes with drainage
- skin rashes

The established policy for an ill child's return:

- Fever free for 24 hours
- Chicken pox: one week after onset (or when lesions are crusted)
- Strep: 24 hours after initial medication
- Vomiting/Diarrhea: 24 hours after last episode
- Conjunctivitis: 24 hours after initial medication or when without drainage
- Skin Rashes: Doctor note stating non contagious

When a child develops signs of an illness during their school day, parents, legal guardians, or other person authorized by the parent will be notified immediately to pick up the child. For this reason, please be sure that we have current, accurate phone numbers for you, your authorized emergency contact person and your child's pediatrician. In the meantime, we will provide the child a place to rest until the parent, legal guardian or designated person arrives under the supervision of someone familiar with the child.

While the school district is not responsible for treating medical emergencies, employees may administer emergency or minor first aid if possible. The school contacts emergency medical personnel if necessary and attempts to notify the parent where the student has been transported for treatment, (Reference Board Policy 504.3).

Medication Policies and Procedures

Students may need to take prescription or non-prescription medication during school hours. The school must know the medication a student is taking in case the student has a reaction. Prescriptions must be in the original containers with the child's name and written instructions for administration of the medication. A physician and parent note are required for all prescription medications given at school. A parent note is required for over the counter medications such as Tylenol, cold medications, etc. Health

Policy for Administering Prescription Medication

The school will administer prescription medication with a written order from a health care provider and written permission from a parent. Whenever possible, medication should be administered at home before or after school hours. Medication must be in a clearly labeled prescription bottle with the child's name, name of drug, and direction for administration, prescriber information and the medication's expiration date.

Policy for administering Over the Counter Medication

Parents will provide the school with the over the counter medication to be given. The medication must be in the original manufacturer container with legible instructions for administration, dosing, and storage of the medication. Parents must provide written permission for school health staff to administer an over the counter medication. Medication that has expired will not be administered at school.

Procedure: The school nurse will coordinate medication administration in the school setting. Any person administering medication will have completed an approved medication administration course. The 5 rights of medication administration will be followed: 1) verification of the right child 2) the right medication 3) the right dose 4) at the right time 5) by the correct method of administration followed by documentation of the administration. Medication errors will be controlled by following the 5 rights each time a medication is administered. In the event a medication error occurs (any violation of the 5 rights) a medication incident report will be completed and kept on file in the health office. Any error will be reported to the district nurse, parent/guardian and the medical provider immediately.

Storage of Medication: Medications will be stored in the health office at the temperature recommended for each type of medication. All prescription medication will be stored in a locked cabinet at all times.

A medication log will be maintained by the school staff to record the instructions for giving the medication, consent obtained from the parent, amount, the time of administration, and the person who administered each dose of medication. Spills, reactions, and refusal to take medication will be noted on this log. (Reference Board Policy 504.10)

Head Lice

In accordance with the Iowa Department of Health recommendations, students will no longer be excluded from school for head lice. If head lice is detected on a student, health office personnel will make every effort to reach the parents or guardian to pick up their child and initiate the recommended treatment. If the infestation is severe, the health office may require the child to be rechecked before returning to class.

Administrative Procedure for Head Lice

1. Identification of students to be examined will be made based upon observable signs and symptoms by teacher, nurse, or at the request of parent or guardian.
2. Upon observation of signs and symptoms, trained school personnel will perform an exam on the student's hair.
3. Identification of live head lice or nits close to the scalp (less than ½") is necessary before treatment can be

recommended.

4. Effort will be made to contact parent or guardian for immediate notification of identified head lice.
5. If unable to locate the parent, the child will be allowed to continue schoolwork, but have a modified rest time and seating arrangement to prevent head-to-head contact.
6. Parent(s) or guardian(s) of affected students will be given printed instructions and specific instructions for treatment. If parents indicate unavailability of funds, school nurses will assist with referral to the County Public Health Department or the Department of Human Services. Recommendations will be given regarding treatment of family, home environment, and other persons who may have had recent exposure to the student or home.
7. If one case of head lice is found in a class, efforts will be made for the school nurse or other trained personnel to check classmates, and notes will be sent home to the parents.
8. Preventative information will be sent home to parents in the form of newsletters according to need as identified by the school nurse.
9. The student will be readmitted to school as soon as proof of treatment (i.e. box top of shampoo) is provided to school. The student will be checked upon return to school and again in 7-10 days by the school nurse or other trained school personnel. (Parents will be encouraged to remove all nits; however, if nit is found more than ½" from the scalp, it will be considered dead.)
10. In the event that 10% or more students in one building are identified to have head lice, a "no nit" procedure will be enforced until no new cases are determined for two full weeks.

Communicable Diseases

Students who have an infectious or communicable disease are allowed to attend school as long as they are able to do so and their presence does not pose an unreasonable risk of harm to themselves nor does it create a substantial risk of illness or transmission to other students or employees. If there is a question about whether a student should continue to attend classes, the student shall not attend class nor participate in school activities without his/her personal physician's approval. Infectious or communicable diseases include, but are not limited to, mumps, measles, ringworm, and chickenpox. A child with a rash is not allowed in school until a doctor's note is received or the rash is gone. (Reference Board Policy 504.2).

Staff and teachers provide information to families verbally and in writing about any unusual level or type of communicable disease to which their child was exposed, signs and symptoms of the disease, mode of transmission, period of communicability, and control measures that are being implemented at the program and that the families should implement at home. The program has documentation that it has cooperative arrangements with local health authorities and has, at least annually, made contact with those authorities to keep current on relevant health information and to arrange for obtaining advice when outbreaks of communicable disease occur.

Health and Safety Records (NAEYC 10.D.6)

Health and safety information collected from families will be maintained on file for each child in the school nurse's office. Files are kept current by updating as needed, but at least quarterly. Health records document the dates of routine screening tests and immunizations. The content of the file is confidential, but is immediately available to administrators or teaching staff who have consent from a parent or legal guardian for access to records; the child's parent or legal guardian; and regulatory authorities, upon request.

Child Health and Safety Records will include:

1. Current information about any health insurance coverage required for treatment in an emergency;

2. Results of health examination, showing up-to-date immunizations and screening tests with an indication of normal or abnormal results and any follow-up required for abnormal results; Families must provide current immunization records before entering the programs.
3. Current emergency contact information for each child, that is kept up to date by a specified method during the year;
4. Names of individuals authorized by the family to have access to health information about the child;
5. Instructions for any of the child's special health needs such as allergies or chronic illness (e.g., asthma, hearing or vision impairments, feeding needs, neuromuscular conditions, urinary or other ongoing health problems, seizures, diabetes);
6. Individual emergency care plans for children with known medical or developmental problems or other conditions that might require special care in an emergency (allergy, asthma, seizures, orthopedic or sensory problems, and other chronic conditions, conditions that require regular medication or technology support;
7. Supporting evidence for cases in which a child is under-immunized because of a medical condition (documented by a licensed health professional) or the family's beliefs. Staff implement a plan to exclude the child promptly if a vaccine-preventable disease to which children are susceptible occurs in the program.

Additional requirements

The Department of Public Health also requires a **blood lead, dental** and **vision screening** for all children entering kindergarten. A vision screening is also required for 3rd grade students. School records are audited annually for compliance.

Physical Examinations

Parents are encouraged to have their children receive periodic physical examinations.

Emergency Drills

Periodically the school holds practice emergency drills using the Standard Response Protocol. Teachers notify students of the procedures to follow in the event of a drill. Emergency procedures and proper exit areas are posted in all rooms.

Recess

Fresh air and exercise are beneficial for physical and mental health. The principal or designated representative has the option of indoor recess as weather and related conditions can be less than ideal. Consideration will be given to the following factors:

- Temperature and windchill
- Precipitation
- Safety (storm, lightning, ice, etc.)

Although outdoor recess decisions consider all factors listed above and may vary based on daily conditions, no one will go out if the temperature or windchill is below 10 degrees. A physician's note is required if indoor recess is requested for more than three consecutive days.

Physical Education (PE)

A parent note to have their child miss PE is acceptable. If the child will miss more than two consecutive days of PE, a doctor's excuse will be required. If a doctor's note has been received stating a child may not participate in PE, the child will not be able to resume PE class until doctor's clearance is on file.

ANTI-BULLYING/ANTI-HARASSMENT POLICY

The *Lewis Central District* is committed to providing all students, employees, and volunteers with a safe and civil school environment in which all members of the school community are treated with dignity and respect. Bullying and/or harassing behavior can seriously disrupt the ability of school employees to maintain a safe and civil environment, and the ability of students to learn and succeed.

Bullying and/or harassment of or by students, employees, and volunteers is against federal, state, and local policy and is not tolerated by the board.

STUDENT ACTIVITIES

Assemblies/Special Events

Throughout the year the school district sponsors school assemblies and special events. Attendance at these assemblies/special events is a privilege. Students must act in an orderly fashion and remain quiet on their way to an assembly/special event, during an assembly/special event, and on their way back to the classroom after an assembly/special event. Students attend assemblies/special events unless, for disciplinary reasons, the privilege is taken away. Students who are not attending assemblies/special events shall report to a designated area.

Study Trips

In certain classes, study trips are authorized and may be taken as an extension of the classroom to contribute to the achievement of the educational goals of the school district. If a study trip is required for a course, students are expected to attend the study trip and ride the bus to and from the school with the class.

Siblings of students, and other non-student children are not allowed to attend study trips. Absences in other classes or school activities due to attendance on study trips or excursions are considered excused absences. While on study trips students are guests and considered representatives of the school district. Students must treat employees, chaperones, and guides with respect and courtesy, (Reference Board Policy 603.2).

Chaperone Procedures and Responsibilities

Chaperones need to be identified two weeks prior to the study trip and a background check will be required. Chaperones must be willing to lead a group of students. Siblings of students, and other non-student children are not allowed to attend study trips.

Chaperones should arrive 10 minutes early for study trip instructions.

Chaperones should check in the school office upon arrival and pick up a study trip chaperone badge.

Chaperones will be asked to sign in when they go to their child's classroom after stopping at the office.

Each chaperone will be assigned to a group of students. A chaperone and his/her group of students will be teamed with another chaperone and group of students.

Fees associated with the study trip will be waived for chaperones.

Chaperones are welcome to ride the bus to the study trip destination.

Chaperoning will be open to parents and family members 21 years and older.

If you are a designated chaperone and need to change your plans, please call your child's teacher immediately.

If a chaperone cancels within the two days prior to the study trip, the teacher will find a suitable replacement.

School-Sponsored Student Organizations

School-sponsored student organizations are those which are recognized by the school district and board. Participation in school-sponsored student organizations is a privilege. Individual sponsors may impose rules in addition to those contained in this handbook. The privilege of participation may be suspended or canceled for violating an individual sponsor's rules, as well as for violation of school district policies, rules or regulations.

Student Funds and Fund Raising

Students may raise funds for school activities upon approval of the Board at least one trimester prior to the fund raising event or the start of a fundraising campaign. Classes who wish to donate a gift to the school district should discuss potential gifts with the principal prior to selecting a gift.

Students may not solicit funds from teachers, employees, or other students during the school day. Students who violate this rule are asked to stop. Violations of this rule may result in future fund raising activities being denied, (Reference Board Policy 1005.3).

Use of School District Facilities by Student Organizations

School district facilities are available during non-school hours to school-sponsored and non-school sponsored student organizations for the purpose of meetings or activities. School district policies, rules and regulations are in effect during these meetings, (Reference Board Policy 1004.13).

Students not wishing to purchase an activity ticket must pay regular prices to attend school district activities. Students who cannot afford a student activity ticket should contact the building principal.

STUDENT RECORDS

Educational Records

Student records containing personally identifiable information, except for directory information, are confidential. Only persons, including employees, who have a legitimate educational interest, are allowed to access a student's records without the parent's permission. Parents may access, request amendments to, and copy their child's records during regular office hours. Parents may also file a complaint with the United States Department of Education if they feel their rights regarding their child's records have been violated. For a complete copy of the school district's policy on student records or the procedure for filing a complaint, contact the board secretary, in the central administration office.

Student directory information is released without parental permission unless the parent asks the school district not to release it. Parents must notify the school district in writing at the beginning of the school year if they do not want the school district to release directory information. Directory information includes name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, degrees and awards received, most recent educational institution attended, year in school, dates of attendance, and heights and weights of athletes, (Reference Board Policy 505.1).

Procedures for Students who are Transferring to Another School or School District

The school district automatically transfers a student's records to a new school district upon receipt of a written request from the new school district for the student's records. Parents, notified that the student's records have been sent, are given an opportunity to view the student's records that were sent and a right to a hearing to challenge the content of the student's records that were sent. Parental consent is not necessary to forward a student's records to a student's new school district or for the school district to request them from a student's previous school district, (Reference Board Policy 501.13). When a new student transfers into the school district, the student's records are requested from the previous school district, (Reference Board Policy 501.10).

STUDENT RIGHTS AND RESPONSIBILITIES

Dress Code

The board believes inappropriate student appearance causes material and substantial disruption to the school environment or presents a threat to the health and safety of students, employees and visitors.

Students are expected to adhere to standards of cleanliness and dress that are compatible with the requirements of a good learning environment. The standards will be those generally acceptable to the community as appropriate in a school setting.

The board expects students to be clean and well-groomed and wear clothes in good repair and appropriate for the time, place and occasion. Clothing or other apparel promoting products illegal for use by minors and clothing displaying obscene material, profanity, or reference to prohibited conduct are disallowed. While the primary responsibility for appearance lies with the students and their parents, appearance disruptive to the education program will not be tolerated. When, in the judgment of a principal, a student's appearance or mode of dress disrupts the educational process or constitutes a threat to health or safety, the student may be required to make modifications.

It is the responsibility of the superintendent, in conjunction with the principals, to develop administrative regulations regarding this policy.

Care of School Property

Students will treat school district property with the care and the respect they would treat their own property. Students found to have destroyed or otherwise harmed school district property may be required to reimburse the school district. They may be subject to discipline under board policy and the school district rules and regulations. They may also be referred to local law enforcement authorities.

It is the responsibility of the superintendent, in conjunction with the principal, to develop administrative rules

Walking and Biking to School

Due to the safety of the children, students at Kreft will not be allowed to ride a bicycle to or from school. Students at Titan Hill will not be allowed to walk or ride a bicycle to or from school.

Illegal Items Found in School or in Students' Possession

Students are prohibited from distributing, dispensing, manufacturing, possessing, using, and being under the influence of alcohol, drugs or look-a-like substances, and possessing or using tobacco, tobacco products, electronic cigarettes or look-a-like substances. Weapons are not allowed on school grounds or at school activities with the exception of weapons in the control of law enforcement officials or those being used for educational purposes and approved by the principal. Parents of students found in violation of this policy may be contacted, and the students may be reported to law enforcement officials, (Reference Board Policies 502.8, 402.12 and 1006).

Weapons

The board believes weapons, other dangerous objects and look-alikes in school district facilities cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees and visitors on the school district premises or property within the jurisdiction of the school district.

School district facilities are not an appropriate place for weapons, dangerous objects and look-alikes. Weapons and other dangerous objects and look-alikes will be taken from students and others who bring them onto the school district property or onto property within the jurisdiction of the school district or from students who are within the control of the school district.

Parents of students found to possess weapons, dangerous objects or look-alikes on school property are notified of the incident. Possession or confiscation of weapons, dangerous objects or look-alikes will be reported to law enforcement officials, and students will be subject to disciplinary action including suspension or expulsion.

Students bringing firearms to school or knowingly possessing firearms at school will be expelled for not less than one year. The superintendent has the authority to recommend this expulsion requirement be modified for students on a case-by-case basis. For purposes of this portion of this policy, the term "firearm" includes, but is not limited to, any weapon which is designed to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, a muffler or silencer for such a weapon, any explosive, incendiary or poison gas, or otherwise defined by applicable law.

Weapons under the control of law enforcement officials or other individuals specifically authorized by the board are exempt from this policy. The superintendent may develop an administrative process or procedures to implement the policy.

NOTE: This is a mandatory policy.

NOTE: The board may specifically authorize individuals to be armed with, carry, or transport a firearm on school grounds under limited circumstances outlined in law. Reasons for this authorization may include, conducting instructional programs regarding firearms or for conducting an Iowa Department of Natural Resources approved hunter education course or shooting sports activities course on school property.

Visitors/Guests

We encourage parents to visit their child's classroom. You must call in advance to schedule a time convenient for both you and your child's teacher. Our buildings have a buzzer entry system. Guests will press the button outside of the main entrance for doors to be unlocked. All visitors must sign in and get a visitor badge in the main office. This badge should be worn by guests the entire time in the building. This is for the safety of your child.

If an adult family member would like to volunteer at Titan Hill, they may schedule a time with the classroom teacher. Volunteers must be with a staff member at all times and may not be alone with students other than their own, unless they have a background check. Volunteers with background checks may support or escort students without a staff member present. Please reach out to your child's classroom teacher if you are interested in volunteering.

No restaurant or fast food may be brought into the building by adults during the day.

Dismissal Time

Please check into the office to request your child. You must wait in the designated area. Your child will be called to the office. Teachers try to utilize every opportunity for instruction. Students are to be picked up within 20 min of dismissal time.

Legal Status of Students

If a student's legal status, such as the student's name or the student's custodial arrangement, should change during the school year, the parent or guardian must notify the school district with a legal document. The school district needs to know when these changes occur to ensure that the parents can be reached in emergency situations. If a child is restricted from going with a parent, a legal document must be on file.

Library

The library/media center is designed to facilitate student learning. The teacher is to provide instructional assistance. Students are expected to conduct themselves as if they were in class while in the library. Students may check out books from the library. Students are responsible for books borrowed from the library. The PTA works closely with the schools to form a partnership between the home and school.

Guidance

Guidance personnel provide individual, small group and classroom sessions at each of the elementary buildings. Parenting classes may be provided at different times throughout the school year.

Citizenship

Being a citizen of the United States, Iowa, and the school district community entitles students to special privileges and protections, as well as requiring the students to assume civic, economic and social responsibilities and to participate in their country, state, and school district community in a manner that entitles them to keep these rights and privileges.

As part of the educational program, students have an opportunity to learn about their rights, privileges and responsibilities as citizens of this country, state and school district community. As part of this learning opportunity, students are instructed in the elements of good citizenship and the role quality citizens play in their country, state and school district community.

Talents Program

The K-5 Talents Program includes three tiers: universal, supplemental, and intensive. Universal tier opportunities are open to all students. Participation is based on interest, initiative, and effort. Supplemental tier opportunities are based on performance on tests or try-outs and/or teacher recommendation. This includes Wordmasters, Math League, and Math Olympiad. The Intensive tier is based on exceptional academic performance and task commitment with an emphasis on mathematical problem-solving and literacy (higher level comprehension skills, genre study, and writing skills). The intensive tier may include direct studies with the TAG strategist in math, reading, or both. Process skills, critical, creative, and analytical thinking, problem-solving, communication, and research skills are emphasized through these three tiers.

Birthday celebrations will be limited to preserve instructional time. The school is unable to furnish class lists with telephone numbers and addresses for parents to address birthday invitations. Balloons and flower bouquets are not allowed.

Sharing Time

The schedule and guidelines for sharing time will be provided to parents by the individual classroom teachers. Parents must obtain prior approval from the principal before bringing a pet to school.

LEWIS CENTRAL NUTRITION SERVICES **MEAL CHARGES POLICY**

In accordance with state and federal law, Lewis Central Community Schools (LCCS) adopts the following policy to ensure school district employees, families, and students have a shared understanding of expectations regarding meal charges. Payment of Meals

All meal purchases are to be prepaid before meal service begins. Families have use of a meal account. Payment methods to the family meal account include the following:

1. Credit and debit card payments online. Go to www.lewiscentral.org, under Quick Links click on eFunds for Schools.
2. Credit and debit card payments over the phone at 712-366-8267 from 7:00 am – 3:00 pm.

When the account reaches the negative balance limit of -\$25.00, a student shall not be allowed to charge further meals or a la carte items until the negative account balance is paid. In the event when a family account has reached -\$25.00, students should eat breakfast at home and bring lunch until the account has returned to a positive status.

Students who qualify for free meals shall never be denied a reimbursable meal, even if they have accrued a negative balance from previous purchases. Students with outstanding meal charge debt shall be allowed to purchase a meal if the student pays cash for the meal when it is received.

Negative Account Balances

The school district will make reasonable efforts to notify families when meal account balances are low. Additionally, the school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. The school district will coordinate communications with families to resolve the matter of unpaid charges. All negative balances not paid prior to the end of the school year will be charged a \$20.00 service fee. Nutrition services will work with the superintendent or superintendent's designee for collection. Communication of the Policy

The policy and supporting information regarding meal charges shall be provided in writing to:

1. All households at or before the start of each school year;
2. Students and families who transfer into the district, at time of transfer.
3. All staff responsible for enforcing any aspect of the policy.

FREE AND REDUCED PRICED SCHOOL MEALS PROGRAM

Lewis Central Nutrition Services sends school meal applications to families before the start of each school year. However, you may apply for school meals any time during the school year by submitting an application directly to your school office or Nutrition Services office. If you're earning at or below current [Income Eligibility Guidelines](#), you are encouraged to contact your school to fill out a school meal application. Applications are reviewed by Nutrition Services officials before granting free or reduced price benefits. If you receive [Supplemental Nutrition Assistance Program \(SNAP\)](#) benefits, all of your children who attend school automatically qualify for free school meals. Participation in other Federal assistance programs, including [Temporary Assistance for Needy Families \(TANF\)](#) also provides automatic eligibility. Please contact the Nutrition Services office at 712-366-8267, from 7:00am – 3:00pm, to determine if you need to fill out an application.

All families who qualify for school meals must complete a new application each school year. If a new application is not completed by September 15th, the family will be removed from the program and charged full price for student school meals. Families are encouraged to submit their application for approval at registration. The school district will randomly select a percentage of families to verify income on an annual basis. Students who qualify for free and reduced school meals may have one breakfast and one lunch at the approved rate per day. All purchases of second entrees, side dishes, extra milk, and a la carte are full priced items.

LEWIS CENTRAL COMMUNITY SCHOOLS TRANSPORTATION RULES AND POLICIES

Safety is our top priority, therefore, it is imperative that all students conduct themselves in an appropriate manner at all times while on a school bus. While school transportation is provided as a service to students, it is important to know that riding a school bus is a privilege, not a right. Disruptions which lead to an injury of a student or which interfere with the driver's ability to concentrate on the task of operating the bus will not be tolerated.

The following rules and policies have been approved by the Board of Education. Discipline policies regarding in school conduct and activities shall supersede transportation policies. In the event a student is suspended or expelled from school, that student will also be excluded from all transportation services. Rules and policies pertaining to transportation services include, but are not limited to, 1-7 below. Such language prevents the claim from being made that 1-7 below is all inclusive.

1. THE SCHOOL BUS: The school bus is considered an extension of the classroom. The driver is in charge of the bus and passengers at all times. The driver has the right to give instructions to passengers, assign seats, etc. The driver is entitled to be treated with respect. Poor conduct and/or disrespectful language will not be tolerated.

2. ASSIGNED BUSES: Students will only be allowed to ride the bus to which they are assigned. This is to ensure all students have a seat on the bus. To obtain permission to ride a bus other than the one assigned, written requests must be submitted by the student’s parent or guardian to the building principal and the transportation coordinator prior to the change.

3. BUS STOPS: Students must be at their designated bus stop ten minutes prior to their assigned time. Students will not be allowed to board or exit the school bus from any stop other than their own unless a written request for a change is submitted to the transportation coordinator. Each request will be reviewed and approval may be granted or denied based on the circumstances of the request.

While waiting for the bus, students are asked to remain at the bus stop, be respectful of property, conduct themselves appropriately, and for safety reasons, stay at least ten feet from the roadway.

Students are expected to board the bus in a safe, orderly, and timely manner and seat themselves immediately. Students must then remain seated, behave themselves appropriately, and respect the authority of the driver. Students who do not behave appropriately will be disciplined.

4. CAMERAS: Our school buses may be monitored by on-board cameras. When available, videotaped documentation may be used to verify infractions of the bus rules.

5. DISCIPLINARY ACTIONS: Drivers will instruct students on the school bus safety rules. All students are expected to obey the safety rules. When a student chooses to behave inappropriately, disciplinary action will be taken. Actions may include, but not be limited to: in-school suspension, loss of riding bus, etc. During all disciplinary proceedings, students will be accorded the rights of due process. Depending on the severity of the infraction, drivers may verbally warn students. If after the driver has given a verbal warning, the student chooses again to behave inappropriately, a discipline referral will be issued by the driver and submitted to the proper school authorities.

6. STUDENT, PARENT CONCERNS: Students encountering problems on the bus should report the problem to the bus driver. If the student wishes not to report to the driver, they should report the problem to the building principal. A Parent who wishes to discuss a discipline issue or procedure should contact the transportation coordinator at 712-366-8207.

7. APPEAL PROCESS: In the case of issues that are not resolved to the satisfaction of all parties involved, appeals should be directed to the Hearing Panel at 712-366-8207. In the event the issue is still not satisfactorily resolved, appeals may then be made to the Superintendent of Schools at 712-366-8202.
