

See if your dentist is in our network — or find a new one

You can locate a dentist through **our provider search tool**, which is updated six days a week. Please keep in mind that the availability of any particular dentist cannot be guaranteed.

Steps to locating a doctor

1. Log on to [aetna.com/dsepublic](https://www.aetna.com/dsepublic)
2. Enter your ZIP code or city/state and click search. This will allow you to search the entire directory or search for a specific dentist.

The screenshot shows two side-by-side panels. The left panel, titled "Already a member?", has a "Login to Secure Site" button and a "Register Now" button. Below, it asks "Not registered with Aetna yet?" and provides a "Why Register?" section explaining that members can find coverage information online. It also lists benefits: "Searching as a member is better" and "You Can:" followed by three icons: "Get results for your plan", "View cost estimates", and "Select a primary care doctor". The right panel, titled "Continue as a guest", asks for a "home location (zip, city, county or state)" with an input field. Below that is a "Traveling?" note and a "Look within" slider set to "25 Miles" between "0 Miles" and "100 Miles". A "Search" button is at the bottom.

3. Select a plan choice — “ex. Dental PPO/PDN with PPOII network” and click continue to search for dentist.

The screenshot shows the "Select a Plan to find providers in 60614 (Chicago, IL)" screen. It includes a "Skip plan selection" button and a "Continue" button. A "Why is choosing a plan so important?" section lists three points: "Pay less if you use a provider that accepts the plan", "Find the highest level of coverage from a provider under the plan", and "Confirm doctors are accepting the plan". A "Select a Plan" dropdown menu is open, showing a search bar and a list of plans. A red box labeled "DMO Network" points to the "DMO/DNO/Managed Dental" plan, and another red box labeled "PPO Network" points to the "Dental PPO/PDN with PPO II network" plan. Both plans have radio buttons next to them.
