Dear Inter-Lakes community members,

This notice serves to fulfill the annual notification requirements in accordance with section 763.93 of the *Asbestos Emergency Response Act (AHERA)*. AHERA requires that all school buildings be visually inspected by accredited inspectors to identify asbestos-containing building materials (ACBM) that may be present in the school environment. Facilities included under AHERA in our District are Inter-Lakes Middle High School, Sandwich Central School, Inter-Lakes Elementary School, and the Humiston Building/SAU Offices. The AMP (Asbestos Management Plan) is available for viewing during normal school hours excluding holiday or school closings, Monday through Friday. The Lawson Group has conducted the triennial AHERA re-inspection October 2020.

Periodic surveillance of known asbestos in all school buildings is performed every six months by a designated person to assess the condition of the ACBM. Six month assessment results are maintained and are also available for review in the AMP.

For additional information or to schedule viewing of the Asbestos Management Plans, please feel free to reach out to me at 603-279-5307, or [brian.swanker@interlakes.org](mailto:brian.swanker@interlakes.org).

Sincerely,

Brian Swanker
