

Dear Families,

It is our pleasure to welcome you and your child to Seedlings Early Learning Program. Our staff is well prepared for another exciting year. We are excited to get back to in person services in all areas of the program this year.

The Family Handbook you have received was prepared to ensure that you and your child have the information needed to have a successful experience in the program.

There are some basic things we want you to remember as your child begins his/her educational experience.

- School attendance, punctuality, and a good night sleep are all basic fundamentals for children's success.
- Collaborative partnerships that involve parents, families, and staff are the most beneficial to the successful educational experience of the child;
- Parent involvement is fundamental to your child's overall success.

If at any time you have questions about the program, feel free to contact your child's teacher or the Center Manager of the site where your child attends class. Their contact information is located on page three (3) in this handbook.

Once again, welcome and thank you for allowing us the privilege of being a part of the early education of your child.

Respectfully,

The Seedlings Program Staff

Hatch Tablet Agreement

Dear Families:

Your child has the opportunity to receive a Hatch Tablet and needs your permission to do so. Among other advantages, your child will be able to build their skills in all learning areas needed for kinder readiness. The Hatch tablet will allow for staff to monitor the child's progress and print out reports showing the child's growth. This is a significant learning opportunity to prepare your child for the future. With this educational opportunity also comes responsibility.

It is important that you understand the enclosed Agreement to Return and Care for Company Equipment Form. It is extremely important that the rules are followed and you understand the Hatch Tablet must be returned at the end of the program year. Inappropriate use may result in the loss of the privilege to use this educational tool.

Parents, remember that you are legally responsible for your child's actions. Please stress to your child the importance of using only his or her device. Your child should never let anyone else use his/her device. Your child is responsible for any activity that happens in his/her Hatch Tablet. We have established procedures and rules regulating the materials that students may search for on the network, but please be aware that there is unacceptable and controversial material and communications on the internet that your child could access. It is not possible for us to provide direct supervision of all students. We cannot filter material posted on network-connected computers all over the world; we encourage you to consider the potential of your child being exposed to inappropriate material in your decision of whether or not to sign the informed consent form.

If you have any questions, please contact me at _____ (telephone number). If you want your child to have the opportunity to receive a Hatch Tablet, the Agreement to Return and Care for Company Equipment must be completed.

Sincerely,

Seedlings Center for Early Learning Staff
