

2022-2023 Permission to Release Student at Bus Stop

Bus drivers are only authorized to release kindergarteners, special needs students and preschoolers at their designated bus stop to a parent or pre-authorized adult, otherwise, students will be returned to their school at the end of the route. Parents may hand the bus driver written permission if their student may be released to a sibling or another adult. It is recommended that younger students be supervised by an adult when walking to and from the bus stop or school. If there are individuals who are able to receive your student other than the parent/guardian please complete the following and return to your student’s bus driver. Any adult receiving the student needs to be at the bus stop at the time school is dismissed.
