COMPREHENSIVE SCHOOL SAFETY PLAN

SECTION ONE

This section details our systematic planning process, procedures for complying with safety laws, and safety goals for the upcoming school year.

COMPREHENSIVE SCHOOL SAFETY PLAN

“Safety” is a Process!”

The Law

California Ed Codes 32280-32289.5, require every school in a district with more than 2501 average daily attendance to develop and maintain plans designed to address campus risks. The law also requires designated stakeholders at each school, along with local law enforcement, fire department, and other first responder agencies, to annually engage in a systematic planning process for the purpose of developing strategies to prevent and respond to potential incidents involving crimes and violence on campus.

Ed Code 32280

A “safety plan” means a plan to develop strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on the

The Template

This template was created by the Campus Safety Group on behalf of the Los Angeles County Office of Education, the California Department of Education, and the California Department of Justice.

Planning Due Dates

There are two mandatory due dates in Education Code:

- March 1 - The School must have “adopted” their school safety plan by March 1, and have forwarded it to the District for “approval.”
- October 15 – The District must approve the school’s plan by October 15. The District is required to report to CDE any individual schools that do not have approved plans by October 15. Non-compliance must be indicated on that school’s SARC.

Planning Timeline

Schools should create a timeline to ensure compliance with the March 1, adoption date. An example of a compliance timeline:

- September/October
 - Step 1 - Identify Collaborative Comprehensive Safe School Planning Committee.
 - Step 2 - Create a vision of school as a safe place to learn.
 - Step 3 - Gather and assess school related crime and safety data.
- November/December
 - Step 4 – Identify data driven areas for desired change.
 - Step 5 – Select and implement strategies for safe and orderly environment.
- January/February
 - Step 6 – Share and then adopt the plan. Forward the adopted plan to the District.
- March/June
 - Step 7 – Implement the plan by achieving your data driven safety goals.

Section 3.20 – Existing Resources

Assessment performed by The listed name must be the person who does the assessment. This can be a group project.	Date
Loriann Leota	2/25/2022

The law requires safety goals that are specific to the “needs and resources” of that school. This form helps stakeholders accomplish this expectation by establishing a realistic understanding of resources before goals are developed.

Keep in mind “resources” include, but are not limited to funding, volunteerism, and technical support. One of your goals may be to ask parent groups and other partners to set aside funds to accomplish goals. Another goal might be to establish a list of volunteers, including volunteers with specific skill sets, and partners that might be able to furnish the supplies or non-monetary resources. Use a second or third form if needed.

In the “Type” column, “funding” means the group can provide money. “Time” means the group/person can provide time that might be needed for safety projects/programs. An example of “Time” would be parent or other volunteers who agree to walk the exterior of the school from time to time to assure gates and exterior doors are shut and locked.

Child abuse or neglect includes the following: (Penal Code 11165.5, 11165.6)

1. A physical injury or death inflicted by other than accidental means on a child by another person
2. Sexual abuse of a child including sexual assault or sexual exploitation, as defined in Penal Code 11165.1
3. Neglect as defined in Penal Code 11165.2
4. Willful harming or injuring of a child or the endangering of the person or health of a child as defined in Penal Code 11165.3
5. Unlawful corporal punishment or injury as defined in Penal Code 11165.4

Child abuse or neglect does not include:

1. A mutual affray between minors (Penal Code 11165.6)
2. An injury caused by reasonable and necessary force used by a peace officer acting within the course and scope of his/her employment (Penal Code 11165.6)

(cf. 3515.3 - District Police/Security Department)

3. An injury resulting from the exercise by a teacher, vice principal, principal, or other certificated employee of the same degree of physical control over a student that a parent/guardian would be privileged to exercise, not exceeding the amount of physical control reasonably necessary to maintain order, protect property, protect the health and safety of students, or maintain proper and appropriate conditions conducive to learning (Education Code 44807)

(cf. 5144 - Discipline)

4. An injury caused by a school employee's use of force that is reasonable and necessary to quell a disturbance threatening physical injury to persons or damage to property, to protect himself/herself, or to obtain weapons or other dangerous objects within the control of the student (Education Code 49001)
5. Physical pain or discomfort caused by athletic competition or other such recreational activity voluntarily engaged in by the student (Education Code 49001)

Mandated reporters include but are not limited to teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; administrators and employees of a licensed day care facility; Head Start teachers; district police or security officers; and administrators, presenters, or counselors of a child abuse prevention program. (Penal Code 11165.7)

Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

6. Homelessness or classification as an unaccompanied minor (Penal Code 11165.15)

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; athletic coaches, administrators, and directors; administrators and employees of a licensed child day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program. (Penal Code 11165.7)

Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

Reportable Offenses

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

Any mandated reporter who has knowledge of or who reasonably suspects that a child is suffering serious emotional damage or is at a substantial risk of suffering serious emotional damage based on evidence of severe anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, may make a report to the appropriate agency. (Penal Code 11166.05)

Any person shall notify a peace officer if he/she reasonably believes that he/she has observed the commission of a murder, rape, or lewd or lascivious act by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury, where the victim is a child under age 14. (Penal Code 152.3, 288)

Responsibility for Reporting

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code 11166)

When two or more mandated reporters jointly have knowledge of a known or suspected instance of child abuse or neglect, and when there is agreement among them, the report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report. (Penal Code 11166)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

Any person not identified as a mandated reporter who has knowledge of or observes a child whom he/she knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to the appropriate agency. (Penal Code 11166)

Reporting Procedures

1. Initial Telephone Report

Immediately or as soon as practicably possible after knowing or observing suspected child abuse or neglect, a mandated reporter shall make a report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. (Penal Code 11166)

(Name of Appropriate Agency)

(Address and Phone Number)

When the telephone report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

2. Written Report

Within 36 hours of receiving the information concerning the incident, the mandated reporter shall prepare and send to the appropriate agency a written report which includes a completed Department of Justice form. (Penal Code 11166, 11168)

Mandated reporters may obtain copies of the above form from either the district or the appropriate agency.

Reports of suspected child abuse or neglect shall include, if known: (Penal Code 11167)

- a. The name, business address, and telephone number of the person making the report and the capacity that makes the person a mandated reporter
- b. The child's name and address, present location and, where applicable, school, grade, and class
- c. The names, addresses, and telephone numbers of the child's parents/guardians
- d. The information that gave rise to the reasonable suspicion of child abuse or neglect and the source(s) of that information
- e. The name, address, telephone number, and other relevant personal information about the person(s) who might have abused or neglected the child

The mandated reporter shall make a report even if some of this information is not known or is uncertain to him/her. (Penal Code 11167)

Information relevant to the incident of child abuse or neglect including serious emotional damage may also be given to an investigator from an agency that is investigating the case. (Penal Code 11167)

3. Internal Reporting

Employees reporting child abuse or neglect to the appropriate agency are encouraged, but not required, to notify the principal or designee as soon as possible after the initial telephone report to the appropriate agency. When so notified, the principal shall inform the Superintendent.

The principal or designee so notified shall provide the mandated reporter with any assistance necessary to ensure that reporting procedures are carried out in accordance with law, Board policy and administrative regulation. At the mandated reporter's request, the principal may assist in completing and filing the necessary forms.

The mandated reporter shall not be required to disclose his/her identity to the principal. (Penal Code 11166)

He/she may provide or mail a copy of the written report to the principal, Superintendent without his/her signature or name.

Reporting the information to an employer, supervisor, school principal, school counselor, co-worker, or other person shall not be a substitute for making a mandated report to the appropriate agency. (Penal Code 11166)

Training

Training of mandated reporters shall include child abuse identification and reporting. (Penal Code 11165.7)

Training shall also include guidance in the appropriate discipline of students, physical contact with students, and maintenance of ethical relationships with students to avoid actions that may be misinterpreted as child abuse.

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

(cf. 5145.7 - Sexual Harassment)

Victim Interviews

Whenever a representative of the Department of Social Services investigating suspected child abuse or neglect deems it necessary, a suspected victim may be interviewed during school hours, on school premises, concerning a report of suspected child abuse or neglect that occurred within the child's home or out-of-home care facility. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

Release of Child to Peace Officer

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the Superintendent and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

Peace officers shall be asked to sign an appropriate release or acceptance of responsibility form.

(cf. 5145.11 - Questioning and Apprehension)

Parent/Guardian Complaints

Upon request, the Superintendent shall provide parents/guardians with procedures that describe how to report suspected child abuse occurring at a school site to appropriate agencies. For parents/guardians whose primary language is other than English, such procedures shall be in the primary language of the parent/guardian and, when communicating orally regarding those procedures, an interpreter shall be provided.

To file a complaint against a district employee or other person suspected of child abuse or neglect at a school site, parents/guardians may file a report by telephone, in person or in writing with any appropriate agency identified above under "Reporting Procedures." If a parent/guardian makes a complaint to any district employee, that employee shall notify the parent/guardian of procedures for filing a complaint with the appropriate agency. The employee also is obligated pursuant to Penal Code 11166 to file a report himself/herself using the procedures described above for mandated reporters.

(cf. 1312.1 - Complaints Concerning District Employees)

In addition, if the child is enrolled in special education, a separate complaint may be filed with the California Department of Education pursuant to 5 CCR 4650.

(cf. 1312.3 - Uniform Complaint Procedures)

Notifications

The Superintendent shall provide all new employees who are mandated reporters a statement that informs them that they are mandated reporters, of their reporting obligations under Penal Code 11166, and of their confidentiality rights under Penal Code 11167. The district shall also provide these new employees with a copy of Penal Code 11165.7, 11166, and 11167. (Penal Code 11165.7, 11166.5)

Before beginning employment, employees shall sign the statement indicating that they have knowledge of the reporting obligations under Penal Code 11166 and that they will comply with those provisions. The signed statements shall be retained by the Superintendent. (Penal Code 11166.5)

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)

Employees who work with dependent adults shall be notified of legal responsibilities and reporting procedures pursuant to Welfare and Institutions Code 15630-15637.

The Superintendent shall also notify all employees that:

1. A mandated reporter who reports a known or suspected instance of child abuse or neglect shall not be held civilly or criminally liable for making a report and this immunity shall apply even if the mandated reporter acquired the knowledge or reasonable suspicion of child abuse or neglect outside of his/her professional capacity or outside the scope of his/her employment. Any other person making a report shall not incur civil or criminal liability unless it can be proven that he/she knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report. (Penal Code 11172)
2. If a mandated reporter fails to report an incident of known or reasonably suspected child abuse or neglect, he/she is guilty of a misdemeanor punishable by a fine and/or imprisonment. (Penal Code 11166)
3. No employee shall be subject to any sanction by the district for making a report. (Penal Code 11166)

>> Policy 0450: Comprehensive Safety Plan

Status: ADOPTED

Original Adopted Date: 05/14/2001 | Last Revised Date: 02/14/2017

[see more](#)

The Governing Board recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Governing Board is fully committed to maximizing school safety and to creating a positive learning environment that teaches strategies for violence prevention and emphasizes high expectations for student conduct, responsible behavior and respect for others.

(cf. 5131 - Conduct)

The school site council at each district school shall develop a comprehensive school safety plan relevant to the needs and resources of that particular school. The plan shall take into account the school's staff, available resources and building design, as well as other factors unique to the site. (Education Code 32281)

In addition, the Superintendent shall ensure the development of a site-level plan aligned with the district plan and tailored to the specific concerns of each school.

(cf. 0420 - School Plans/Site Councils)

(cf. 1220 - Citizen Advisory Committees)

The comprehensive safety plan(s) shall be reviewed and updated by March 1 of each year and forwarded to the Governing Board for approval. (Education Code 32286, 32288)

The Governing Board shall review the comprehensive safety plan(s) in order to ensure compliance with state law, Board policy, and administrative regulation and shall approve the plan(s) at a regularly scheduled meeting.

(cf. 0500 - Accountability)

(cf. 9320 - Meetings and Notices)

By October 15 of each year, the Superintendent shall notify the California Department of Education of any schools that have not complied with the requirements of Education Code 32281. (Education Code 32288)

Notwithstanding the process described above, any portion of a comprehensive safety plan that includes tactical responses to criminal incidents that may result in death or serious bodily injury at the school site, including steps to be taken to safeguard students and staff, secure the affected school premises, and apprehend the criminal perpetrator(s), may be developed by district administrators in accordance with Education Code 32281. In developing such strategies, district administrators shall consult with law enforcement officials and with a representative of an employee bargaining unit, if he/she chooses to participate.

(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)

(cf. 9011 - Disclosure of Confidential/Privileged Information)

(cf. 9321 - Closed Session Purposes and Agendas)

(cf. 9321.1 - Closed Session Actions and Reports)

The principal shall ensure that an updated file of all safety-related plans and materials is readily available for inspection by the public. (Education Code 32282) However, the Governing Board may choose to prohibit public disclosure of those portions of the comprehensive safety plan that include tactical responses to criminal incidents.

(cf. 1340 - Access to District Records)

Site-Level Rules

Rules for student discipline shall be developed at each school site. In developing these rules, each school shall solicit the participation, views and advice of one representative selected by each of the following groups: (Education Code 35291.5)

1. Parents/guardians
2. Teachers
3. School administrators
4. School security personnel, if any
5. For junior high and high schools, students enrolled in the school

Each school shall review its site-level discipline rules at least every four years.

It shall be the duty of each employee of the school to enforce the school rules on student discipline. (Education Code 35291)

Disciplinary Strategies

To the extent possible, staff shall use disciplinary strategies that keep students in school and participating in the instructional program. Disciplinary strategies may include, but are not limited to:

1. Discussion or conference between school staff and the student and his/her parents/guardians
(cf. 5020 - Parent Rights and Responsibilities)
(cf. 6020 - Parent Involvement)
2. Referral of the student to the school counselor or other school support service personnel for case management and counseling
(cf. 5138 - Conflict Resolution/Peer Mediation)
(cf. 6164.2 - Guidance/Counseling Services)
3. Convening of a study, guidance, resource panel, or other intervention-related team to assess the behavior and develop and implement an individual plan to address the behavior in partnership with the student and his/her parents/guardians
(cf. 6164.5 - Student Success Teams)
4. When applicable, referral for a comprehensive psychosocial or psychoeducational assessment, including for purposes of creating an individualized education program or a Section 504 plan
(cf. 6159 - Individualized Education Program)
(cf. 6164.6 - Identification and Education under Section 504)
5. Enrollment in a program for teacher prosocial behavior or anger management
6. Participation in a restorative justice program
7. A positive behavior support approach with tiered interventions that occur during the school day on campus
8. After-school programs that address specific behavioral issues or expose students to positive activities and behaviors, including, but not limited to, those operated in collaboration with local parent and community groups
(cf. 5148.2 - Before/After School Programs)
9. Recess restriction as provided in the section below entitled "Recess Restriction"
10. Detention during and after school hours as provided in the section below entitled "Detention After School"
11. Community service as provided in the section below entitled "Community Service"
12. In accordance with Board policy and administrative regulation, restriction or disqualification from participation in extracurricular activities

(cf. 6145 - Extracurricular/Cocurricular Activities)

13. Reassignment to an alternative educational environment

(cf. 6158 - Independent Study)

(cf. 6181 - Alternative Schools/Programs of Choice)

(cf. 6184 - Continuation Education)

(cf. 6185 - Community Day School)

14. Suspension and expulsion in accordance with law, Board policy, and administrative regulation

(cf. 5144.1 - Suspension and Expulsion/Due Process)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

Recess Restriction

A teacher may restrict a student's recess time when he/she believes that this action is the most effective way to bring about improved behavior. When restriction may involve the withholding of physical activity from a student, the teacher shall try other disciplinary measures before imposing the restriction. Recess restriction shall be subject to the following conditions:

1. The student shall be given adequate time to use the restroom and get a drink or eat lunch, as appropriate.
2. The student shall remain under a certificated employee's supervision during the period of restriction.
3. Teachers shall inform the principal of any recess restrictions they impose.

(cf. 5030 - Student Wellness)

(cf. 6142.7 - Physical Education and Activity)

Detention After School

Students may be detained for disciplinary reasons up to one hour after the close of the maximum school day. (5 CCR 353)

If a student will miss his/her school bus on account of being detained after school, or if the student is not transported by school bus, the principal shall notify parents/guardians of the detention at least one day in advance so that alternative transportation arrangements may be made. The student shall not be detained unless the principal speaks to the parent/guardian.

In cases where the school bus departs more than one hour after the end of the school day, students may be detained until the bus departs. (5 CCR 307, 353)

Students shall remain under the supervision of a certificated employee during the period of detention.

Students may be offered the choice of serving their detention on Saturday rather than after school.

(cf. 6176 - Weekend/Saturday Classes)

Community Service

As part of or instead of disciplinary action, the Superintendent, principal or principal's designee, at his/her discretion, may require a student to perform community service on school grounds during nonschool hours or, with written permission of the student's parent/guardian, off school grounds. Such service may include, but is not limited to, outdoor beautification, campus betterment, and teacher or peer assistance programs. (Education Code 48900.6)

This community service option is not available for a student who has been suspended, pending expulsion, pursuant to Education Code 48915. However, if the recommended expulsion is not implemented or the expulsion itself is suspended, then a student may be required to perform community service for the resulting suspension. (Education Code 48900.6)

Notice to Parents/Guardians and Students

At the beginning of the school year, the Superintendent shall notify parents/guardians, in writing, about the availability of district rules related to discipline. (Education Code 35291, 48980)

(cf. 5145.6 - Parental Notifications)

The Superintendent shall also provide written notice of the rules related to discipline to transfer students at the time of their enrollment in the district.

Site-Level Rules

Rules for student discipline shall be developed at each school site. In developing these rules, each school shall solicit the participation, views and advice of one representative selected by each of the following groups: (Education Code 35291.5)

1. Parents/guardians
2. Teachers
3. School administrators
4. School security personnel, if any
5. For junior high and high schools, students enrolled in the school

Each school shall review its site-level discipline rules at least every four years.

It shall be the duty of each employee of the school to enforce the school rules on student discipline. (Education Code 35291)

Disciplinary Strategies

To the extent possible, staff shall use disciplinary strategies that keep students in school and participating in the instructional program. Disciplinary strategies may include, but are not limited to:

1. Discussion or conference between school staff and the student and his/her parents/guardians
(cf. 5020 - Parent Rights and Responsibilities)
(cf. 6020 - Parent Involvement)
2. Referral of the student to the school counselor or other school support service personnel for case management and counseling
(cf. 5138 - Conflict Resolution/Peer Mediation)
(cf. 6164.2 - Guidance/Counseling Services)
3. Convening of a study, guidance, resource panel, or other intervention-related team to assess the behavior and develop and implement an individual plan to address the behavior in partnership with the student and his/her parents/guardians
(cf. 6164.5 - Student Success Teams)
4. When applicable, referral for a comprehensive psychosocial or psychoeducational assessment, including for purposes of creating an individualized education program or a Section 504 plan
(cf. 6159 - Individualized Education Program)
(cf. 6164.6 - Identification and Education under Section 504)
5. Enrollment in a program for teacher prosocial behavior or anger management
6. Participation in a restorative justice program
7. A positive behavior support approach with tiered interventions that occur during the school day on campus
8. After-school programs that address specific behavioral issues or expose students to positive activities and behaviors, including, but not limited to, those operated in collaboration with local parent and community groups
(cf. 5148.2 - Before/After School Programs)
9. Recess restriction as provided in the section below entitled "Recess Restriction"
10. Detention during and after school hours as provided in the section below entitled "Detention After School"
11. Community service as provided in the section below entitled "Community Service"
12. In accordance with Board policy and administrative regulation, restriction or disqualification from participation in extracurricular activities

(cf. 6145 - Extracurricular/Cocurricular Activities)

13. Reassignment to an alternative educational environment

(cf. 6158 - Independent Study)

(cf. 6181 - Alternative Schools/Programs of Choice)

(cf. 6184 - Continuation Education)

(cf. 6185 - Community Day School)

14. Suspension and expulsion in accordance with law, Board policy, and administrative regulation

(cf. 5144.1 - Suspension and Expulsion/Due Process)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

Recess Restriction

A teacher may restrict a student's recess time when he/she believes that this action is the most effective way to bring about improved behavior. When restriction may involve the withholding of physical activity from a student, the teacher shall try other disciplinary measures before imposing the restriction. Recess restriction shall be subject to the following conditions:

1. The student shall be given adequate time to use the restroom and get a drink or eat lunch, as appropriate.
2. The student shall remain under a certificated employee's supervision during the period of restriction.
3. Teachers shall inform the principal of any recess restrictions they impose.

(cf. 5030 - Student Wellness)

(cf. 6142.7 - Physical Education and Activity)

Detention After School

Students may be detained for disciplinary reasons up to one hour after the close of the maximum school day. (5 CCR 353)

If a student will miss his/her school bus on account of being detained after school, or if the student is not transported by school bus, the principal shall notify parents/guardians of the detention at least one day in advance so that alternative transportation arrangements may be made. The student shall not be detained unless the principal speaks to the parent/guardian.

In cases where the school bus departs more than one hour after the end of the school day, students may be detained until the bus departs. (5 CCR 307, 353)

Students shall remain under the supervision of a certificated employee during the period of detention.

Students may be offered the choice of serving their detention on Saturday rather than after school.

(cf. 6176 - Weekend/Saturday Classes)

Community Service

As part of or instead of disciplinary action, the Superintendent, principal or principal's designee, at his/her discretion, may require a student to perform community service on school grounds during nonschool hours or, with written permission of the student's parent/guardian, off school grounds. Such service may include, but is not limited to, outdoor beautification, campus betterment, and teacher or peer assistance programs. (Education Code 48900.6)

This community service option is not available for a student who has been suspended, pending expulsion, pursuant to Education Code 48915. However, if the recommended expulsion is not implemented or the expulsion itself is suspended, then a student may be required to perform community service for the resulting suspension. (Education Code 48900.6)

Notice to Parents/Guardians and Students

At the beginning of the school year, the Superintendent shall notify parents/guardians, in writing, about the availability of district rules related to discipline. (Education Code 35291, 48980)

(cf. 5145.6 - Parental Notifications)

The Superintendent shall also provide written notice of the rules related to discipline to transfer students at the time of their enrollment in the district.

Status: ADOPTED

Original Adopted Date: 09/19/2019 | **Last Revised Date:** 08/10/2020 | **Last Reviewed Date:** 08/10/2020

The purpose of student dress and grooming regulations is to encourage students to dress appropriately and to come to school properly prepared for participation in the educational process. The Buena Park School District believes that when students are neatly attired and when they take pride in their appearance, good behavior and better learning result. Appropriate dress not only promotes positive attitudes and behavior among students, it ensures a safe and orderly school environment for all students by helping keep the school free from threats or harmful influences of any group or gang.

The Buena Park School District will not allow apparel that:

1. Creates a safety hazard for students, or
2. Constitutes a serious distraction to the learning process, or
3. Conflicts with the district's philosophy and goals on the prevention of substance abuse and gang activity.

The principal of each school will establish guidelines and regulations consistent with this policy through cooperative planning with the staff, students, and parents. Parents have the primary responsibility to see that their children are properly attired for school. The following guidelines must be adhered to:

1. Each school shall allow students to wear sun-protective clothing, including but not limited to hats, for outdoor use during the school day. (Education Code 35183.5)
2. Clothing, jewelry, or accessories which pose a threat to the physical well-being and safety of the student or others or are disruptive to the educational process may not be worn.
3. Clothing (including jackets, jewelry, and shoes) with writing, logos, or insignias considered as being gang related may not be worn. This includes but is not limited to oversized clothing, hanging belts, suspenders, off-the-shoulders, gang or tagging-related initials on belt buckles, etc.
4. Attire which is sexually suggestive or extremely brief (such as lowcut garments, strapless or off-the-shoulder tops, tank tops or muscles shirts, undershirts, fishnet tops, short shorts or skirts exposing posteriors or that do not cover undergarments) is not allowed.
5. Attire that advocates or advertises any type of alcohol, drugs, or acts which are illegal, violent, obscene, or hazardous to one's health is not allowed.
6. Shoes must be worn at all times. "Flip-flop" sandals, socks, or sock-like footwear and slippers are not safe or appropriate for school and are not allowed.

These guidelines shall be in effect at all school-related activities except where modified by the site administrator for specific extra-curricular activities or for specific cases.

In case of questionable dress and/or grooming not covered by these and the school guidelines, the site administrator or his designee will determine the appropriateness and make the final decision.

The dress code shall not be enforced in a manner that discriminates against a particular viewpoint or results in a disproportionate application of the dress code based on students' gender, sexual orientation, race, ethnicity, religion, household income, or body type or size. In addition, the dress code shall not discriminate against students based on hair texture and protective hairstyles, including, but not limited to, braids, locks, and twists. (Education Code 212.1)

Each year, parents and students will be made aware of the district and school dress code policies.

Repeated violations of the district and school dress policies will result in disciplinary action which may include but not be limited to a verbal warning, parent notification of incident, parent conference, and suspension of the student. When practical, students shall not be directed to correct a dress code violation during instructional time or in front of other students.

In order to promote student safety and discourage theft, peer rivalry and/or gang activity, the principal, staff and parents/guardians at a school may establish a reasonable dress code requiring students to wear uniforms. Such a dress code may be included as part of the school safety plan and must be presented to the Governing Board for approval. The Governing Board shall approve the plan upon determining that it is necessary to protect the health and safety of school's students.

If a school's plan to require uniforms is adopted, the Superintendent shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. Students shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardians so decide. (Education Code 35183)

The Superintendent shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms

Status: ADOPTED

Original Adopted Date: 05/14/2001 | **Last Revised Date:** 04/10/2017**Earthquake Preparedness**

The Superintendent shall establish an emergency procedure system to be followed in case of earthquakes.

Earthquake emergency procedures shall be aligned with the Standardized Emergency Management System and the National Incident Management System. (Government Code 8607; 19 CCR 2400-2450)

(cf. 3516 - Emergencies and Disaster Preparedness Plans)

An earthquake emergency procedure system shall be established in every school building having an occupant capacity of 50 or more students, or more than one classroom. (Education Code 32282)

Earthquake emergency procedures shall be incorporated into the comprehensive safety plan. The procedures shall include, but not be limited to, all of the following: (Education Code 32282)

1. A school building disaster plan, ready for implementation at any time, for maintaining the safety and care of students and staff
2. A DROP procedure in which students and staff members:
 - a. Take cover under a table or desk
 - b. Drop to their knees
- Drop procedures shall be practiced at least once each school quarter in elementary schools and at least once each semester in secondary schools.
- c. Protect their head with their arms
- d. Hold on to table or desk
- e. Place their back to the windows
3. Protective measures to be taken before, during and after an earthquake
4. A program to ensure that all students and staff are aware of, and properly trained in, the earthquake emergency procedure system

(cf.4131 - Staff Development)

(cf.4231 - Staff Development)

(cf.4331 - Staff Development)

DROP procedures may be expanded to ensure that students get under stationary desks or tables where available, or otherwise get next to an inside wall or under an inside doorway. Students should stay in the drop position until the emergency is over or until further instructions are given.

The Superintendent may work with the California Governor's Office of Emergency Services and the Seismic Safety Commission to develop and establish the earthquake emergency procedures. (Education Code 32282)

Earthquake emergency procedures shall identify and address potential earthquake hazards in classrooms and other district facilities. Equipment and furniture, such as bookshelves, cabinets, computers, and laboratory equipment, shall be secured to the extent possible, and heavy objects moved from high shelves, in order to minimize hazards in the event of an earthquake.

Earthquake emergency procedures also shall outline roles and responsibilities of students and staff during and after an earthquake.

Staff and students shall be informed of the dangers to expect in an earthquake and procedures to be followed. Students shall be instructed to remain silent and follow directions given by staff in such an emergency. Staff and students also shall be taught safety precautions to take if they are in the open or on the way to or from school when an earthquake occurs.

Earthquake emergency procedures shall designate outside areas and alternative areas, which may include areas off campus if necessary, in which students will assemble following evacuation. In designating such areas, the Superintendent shall consider potential post-earthquake hazards outside school buildings including, but not limited to, power lines, trees, covered walkways, chain link fences that may be a electric shock hazard, and areas near buildings that may have debris.

Earthquake emergency procedures shall designate evacuation routes and alternative routes that avoid areas with potential hazards to the extent possible. The needs of students with disabilities shall be considered when planning evacuation routes.

The Superintendent shall consider the danger of a post-earthquake tsunami when developing evacuation routes and locations, including the need to evacuate to higher ground.

The Superintendent shall identify at least one individual within each building to determine if an evacuation is necessary, the best evacuation location, and the best route to that location when an earthquake occurs.

The Superintendent shall identify potential earthquake hazards in classrooms and other district facilities. Potential hazards may include, but are not limited to, areas where the main gas supply or electric current enters the building, suspended ceilings, pendant light fixtures, large windows, stairwells, science laboratories, storage areas for hazardous materials, shop areas, and unsecured furniture and equipment. To the extent possible, such shall be minimized by securing equipment and furnishings and removing heavy objects from high shelves.

Earthquake While Indoors at School

When an earthquake occurs, the following actions shall be taken inside buildings and classrooms:

1. Staff shall have students perform the drop procedure. Students should stay in the drop position until the emergency is over or until further instructions are given.
2. In laboratories, burners should be extinguished if possible before taking cover.
3. As soon as possible, teachers shall move the students away from windows, shelves, and heavy objects and furniture that may fall.
4. After the earthquake, the principal shall determine whether planned evacuation routes and assembly areas are safe and shall communicate with teachers and other staff.
5. When directed by the principal to evacuate, or if classrooms or other facilities present dangerous hazards that require immediate evacuation, staff shall account for all students under their supervision and have the students evacuate the building in an orderly manner.

Earthquake While Outdoors on School Grounds

When an earthquake occurs, the following actions shall be taken by staff or other persons in authority who are on school grounds:

1. Staff shall direct students to walk away from buildings, trees, overhead power lines poles or exposed wires.
2. Staff shall have students perform the DROP procedure, covering as much skin surface as possible, closing eyes and covering ears.
3. Staff and students shall stay in the open until the earthquake is over or until further directions are given.

Earthquake While on the Bus

When students are on the school bus and an earthquake occurs, the following actions shall be taken:

1. The bus driver shall pull to the side of the road away from any buildings, poles, wires, overhead structures or bridges, if possible, and have students perform the DROP procedure.
2. The driver shall set the brakes, turn off the ignition, and wait until the earthquake is over before proceeding on the route.
3. As soon as possible, the driver shall contact the director of transportation for instructions.

Subsequent Emergency Procedures

After the earthquake has subsided, the following actions shall be taken:

1. Small fires shall be extinguished if possible.
2. Staff shall provide assistance to any injured students, teachers shall take roll and report missing students to the Principal.
3. The Principal shall request assistance as needed from the county or city civil defense office or fire and police departments. He/she shall consider the possibility of aftershocks and shall determine the advisability of closing the school, with the direction of the Superintendent.
4. The Principal shall post staff at a safe distance from all building entrances to see that no one reenters until the buildings are declared safe. Monitors may be custodians, teachers or students.
5. Following the earthquake, the Principal and custodian shall inspect all buildings for water and gas leaks, electrical breakages and large cracks or earth slippage affecting buildings. The Principal shall notify utility companies of any break or suspected break in lines which may present an additional hazard. If damage has occurred, the custodian shall shut off all utilities at the main valve. The principal is to notify the Superintendent of actions taken.
6. Staff or students shall not light any stoves or burners after the earthquake until the area is declared safe.
7. If the Principal believes the school is damaged sufficiently to be a hazard, he/she shall notify the Superintendent and ask that the District inspector check for structural failure and equipment adequacy. Until this is done, the building shall not be occupied.

Components of the Plan

Routine and emergency disaster procedures shall be included in the comprehensive school safety plan in accordance with Education Code 32282.

(cf. 0450 - Comprehensive Safety Plan)

The District disaster preparedness plan shall be available to staff, students and the public in the office of the Superintendent and in the office of each principal. Individual school site disaster plans shall be provided to each teacher and shall be available for public inspection at the Principal's office. The Principal shall make certain that students and staff are familiar with their site plan.

In addition, the Superintendent shall ensure that district and school site procedures address, at a minimum, the following types of emergencies and disasters:

1. Fire on or off school grounds which endangers students and staff

(cf. 3516.1 - Fire Drills and Fires)

2. Earthquake or other natural disasters

(cf. 3516.3 - Earthquake Emergency Procedure System)

3. Environmental hazards

(cf. 3514 - Environmental Safety)

(cf. 3514.2 - Integrated Pest Management)

4. Attack or disturbance, or threat of attack or disturbance, by an individual or group

(cf. 3515 - Campus Security)

(cf. 3515.2 - Disruptions)

(cf. 5131.4 - Campus Disturbances)

5. Bomb threat or actual detonation

(cf. 3516.2 - Bomb Threats)

6. Biological, radiological, chemical and other terrorist activities, or heightened warning of such activities

7. Medical emergencies and quarantines, such as a pandemic influenza outbreak

(cf. 5141.22 - Infectious Diseases)

The Superintendent shall also ensure that the district's procedures include strategies and actions for prevention/mitigation, preparedness, response, and recovery, including, but not limited to the following:

1. Regular inspection of school facilities and equipment and identification of risks

(cf. 3530 - Risk Management/Insurance)

2. Instruction and practice for students and employees regarding emergency plans

3. The roles and responsibilities of staff during a disaster or other emergency

4. Personal safety and security, including the supervision, evacuation, and release of students, the administration of first aid, and the closure of the school if necessary

5. Communications among staff parents/guardians, the Governing board, other governmental agencies, and the media during an emergency

(cf. 1112 - Media Relations)

7. Steps to be taken following the disaster or emergency, including inspection of school facilities and provision of mental health services for students and staff as needed

(cf. 6164.2 - Guidance/Counseling Staff)

The Superintendent shall use state-approved Standardized Emergency Management System guidelines when updating district and site-level emergency and disaster preparedness plans.

The Superintendent may provide a plan which allows bus seating capacity limits to be exceeded when a disaster or hazard requires students to be moved immediately to ensure their safety. (Education Code 39834)

(cf. 3543 - Transportation Safety and Emergencies)

School Response to an Emergency

Students may be released to the custody of a parent/guardian or other adult in accordance with Board policy and administrative regulation. When reference to the emergency card is impossible, individual students shall be released to parents/guardians, persons authorized by the parents/guardians, or authorized persons representing public agencies that may take responsibility, when necessary, for the safety of the student. All such persons shall present identification before a student is released to their custody.

(cf. 5142 - Safety)

The Board shall grant the use of school buildings, grounds and equipment to public agencies, including the American Red Cross, for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The Board shall cooperated with such agencies in furnishing and maintaining whatever services they deem necessary to meet the community's needs. (Education Code 32282)

(cf. 1330 - Use of School Facilities)

The Board encourages all employees to become proficient in first aid and cardiopulmonary resuscitation (CPR). The Superintendent shall ascertain that at least one staff member at each school holds a valid certificate in these areas. The Superintendent shall provide for CPR inservice training to be offered at least once a year for district staff.

All staff, students, and parents/guardians shall receive information about district and school site procedures to be followed in the event of an emergency. Procedures shall be regularly reviewed and practiced. Evacuation routes shall be posted in classrooms, multipurpose rooms, and other school facilities as appropriate.

[» Policy 5136: Gangs](#)

Status: ADOPTED

Original Adopted Date: 03/09/2009 | Last Revised Date: 08/24/2020 | Last Reviewed Date: 08/24/2020

The Governing Board strives to keep district schools free from the threats or harmful influence of any groups or gangs which exhibit drug use, violence or disruptive behavior. The Superintendent shall take steps to deter gang intimidation of students and staff and confrontations between members of different gangs. He/she shall exchange information and establish mutually supportive efforts with local law enforcement authorities.

The Superintendent shall provide inservice training which helps staff to identify gangs and gang symbols, recognize early manifestations of disruptive activities, and respond appropriately to gang behavior. Staff shall be informed about conflict management techniques and alerted to intervention measures and community resources.

The Governing Board realizes that students become involved in gangs for many reasons, such as peer pressure, the need for a sense of belonging, and lack of refusal skills. Age-appropriate gang violence prevention education shall start with students in the early elementary grades and may start in kindergarten.

Prevention and Intervention Measures

In order to discourage the influence of gangs, the Superintendent shall ensure school staff shall take the following measures:

1. School rules of conduct and any school dress code prohibiting gang-related apparel are enforced consistently.
2. Any student displaying behavior, gestures, apparel or paraphernalia indicative of gang affiliation shall be referred to the principal or designee.

a. The student's parent/guardian shall be contacted and may be asked to meet with school staff.

b. The student may be sent home to change clothes if necessary.
3. Staff members may be provided with the names of known gang members.
4. Students who seek help in rejecting gang associations may be referred to community-based gang suppression and prevention organizations.
5. Any gang graffiti on school premises shall be removed, washed down or painted over as soon as discovered.

Status: ADOPTED

Original Adopted Date: 05/14/2001 | **Last Revised Date:** 08/24/2020 | **Last Reviewed Date:** 08/24/2020[see more](#)

The Governing Board desires to provide a safe school environment that allows all students equal access to opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Governing Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual race, color, ancestry, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, medical condition, sex, sexual orientation, gender, gender identity, or gender expression; the perception of one or more of such characteristics.

This policy shall apply to all acts constituting unlawful discrimination or harassment related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also occurs when prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Governing Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. In addition, the Superintendent or designee shall post the district's policies prohibiting discrimination, harassment, intimidation, and bullying and other required information on the district's web site in a manner that is easily accessible to parents/guardians and students, in accordance with law and the accompanying administrative regulation.

The Superintendent or designee shall provide training and/or information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. The Superintendent or designee shall report the findings and recommendations to the Governing Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

Record-Keeping

The Superintendent shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools.

The Governing Board desires to provide District employees with a working environment that is free from harassment. In order to achieve this end, the Governing Board prohibits sexual harassment of District employees by anyone, in any manner, and shall not tolerate retaliatory action or behavior against a District employee or other person who complains, testifies or otherwise participates in the complaint process pursuant to Governing Board policy and administrative regulations.

For the purposes of this policy, District employees shall include applicants for employment in the District.

Any District employee who permits, engages in or participates in sexual harassment of another District employee or student shall be in violation of this policy and is subject to disciplinary action, up to and including dismissal. An employee shall be deemed to have permitted sexual harassment where he/she has knowledge that a student or an employee has engaged in sexual harassment and fails to report such student or employee to the appropriate authorities, whether or not the victim makes a complaint.

An employee may bypass his/her supervisor in filing a complaint where the supervisor is the subject of the complaint.

All complaints and allegations of sexual harassment shall be kept confidential to the extent necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

A supervisor, principal or District administrator other than the Superintendent who receives a harassment complaint shall promptly notify the Superintendent.

(cf. 4030 - Nondiscrimination in Employment)

(cf. 4117.4 - Dismissal)

(cf. 4118 - Suspension/Disciplinary Action)

(cf. 4218 - Dismissal/Suspension/Disciplinary Action)

(cf. 4318 - Suspension/Disciplinary Action)

Any District employee who feels that he/she has been sexually harassed or who has knowledge of any instance of sexual harassment by another employee or a student, shall immediately contact his/her supervisor, principal, Superintendent, or other District administrator, to obtain procedures for reporting a complaint. However, an employee may bypass his/her supervisor in registering a complaint where the supervisor is the alleged perpetrator of the sexual harassment.

Complaints of sexual harassment shall be filed in accordance with AR 4030 - Nondiscrimination in Employment. An employee may bypass his/her supervisor in filing a complaint where the supervisor is the subject of the complaint.

The Superintendent shall take all actions necessary to ensure the prevention, investigation and correction of sexual harassment, including but not limited to:

1. Providing periodic training to all staff regarding the District's sexual harassment policy, particularly the procedures for registering complaints and employees' duty in availing themselves of the complaint procedure in order to avoid harm
- (cf. 4131 - Staff Development)
- (cf. 4231 - Staff Development)
- (cf. 4331 - Staff Development)
2. Publicizing and disseminating the District's sexual harassment policy to staff
- (cf. 4112.9/4212.9/4312.9 - Employee Notifications)
3. Ensuring prompt, thorough and fair investigation of complaints in a way that respects the privacy of all parties concerned, to the extent necessary
4. Taking timely and appropriate corrective/remedial actions after completion of investigation. This may require subsequent monitoring of developments.

The district designates the following individual(s) as the responsible employee(s) to coordinate its efforts to comply with Title IX of the Education Amendments of 1972, as well as to investigate and resolve sexual harassment complaints under AR 4030 - Nondiscrimination in Employment. The Title IX Coordinator(s) may be contacted at:

The district shall notify employees, bargaining units, and applicants for employment of the name or title, office address, email address, and telephone number of the district's Title IX Coordinator. (34 CFR 106.8)

Prohibited Conduct

Prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, unwanted requests for sexual favors, or other unwanted verbal, visual, or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire. Conduct is considered to be sexual harassment when made against another person of the same or opposite sex in the work or educational setting under any of the following conditions: (Education Code 212.5; Government Code 12940; 2 CCR 11034)

1. Submission to the conduct is made explicitly or implicitly a term or condition of the individual's employment.
2. Submission to or rejection of the conduct is used as the basis for an employment decision affecting the individual.
3. The conduct has the purpose or effect of having a negative impact upon the individual's work performance or of creating an intimidating, hostile, or offensive work environment.
4. Submission to or rejection of the conduct is used as the basis for any decision affecting the individual regarding benefits, services, honors, programs, or activities available at or through the district.

Examples of actions that might constitute sexual harassment in the work or educational setting, whether committed by a supervisor, a co-worker, or a non-employee, include, but are not limited to:

1. Unwelcome verbal conduct such as sexual flirtations or propositions; graphic comments about an individual's body; overly personal conversations or pressure for sexual activity; sexual jokes or stories; unwelcome sexual slurs, epithets, threats, innuendoes, derogatory comments, sexually degrading descriptions, or the spreading of sexual rumors
2. Unwelcome visual conduct such as drawings, pictures, graffiti, or gestures; sexually explicit emails; displaying sexually suggestive objects
3. Unwelcome physical conduct such as massaging, grabbing, fondling, stroking, or brushing the body; touching an individual's body or clothes in a sexual way; cornering, blocking, learning, or impeding normal movements

Training

Every two years, the Superintendent or designee shall ensure that supervisory employees receive at least two hours, and nonsupervisory employees receive at least one hour, of classroom or other effective interactive training and education regarding sexual harassment. All newly hired employees and employees promoted to a supervisory position shall receive training within six months of their assumption of the new position. (Government Code 12950.1)

A supervisory employee is any employee having the authority, in the interest of the district, to hire, transfer, suspend, lay off, promote, discharge, assign, reward, or discipline other employees, or the responsibility to direct them, adjust their grievances, or effectively recommend such action, when the exercise of the authority is not of a merely routine or clerical nature, but requires the use of independent judgment. (Government Code 12926)

Such training may be completed by employees individually or as part of a group presentation, may be completed in shorter segments as long as the applicable hourly requirement is met, and may be provided in conjunction with other training provided to the employees. The training shall be presented by trainers or educators with knowledge and expertise in the prevention of harassment, discrimination, and retaliation. (Government Code 12950.1)

The district's sexual harassment training and education program shall include, but is not limited to the following: (Government Code 12950.1; 2 CCR 11024)

1. Information and practical guidance regarding federal and state laws concerning the prohibition, prevention, and correction of sexual harassment
2. The types of conduct that constitute sexual harassment
3. Remedies available for victims in civil actions, and potential employer/individual exposure/liability
4. Strategies to prevent harassment in the workplace
5. Supervisors' obligation to report sexual harassment, discrimination, and retaliation of which they become aware
6. Practical examples which illustrate sexual harassment, discrimination, and retaliation using training modalities such as role plays, case studies, and group discussions, based on factual scenarios taken from case law, news and media accounts, and hypotheticals based on workplace situations and other sources
7. The limited confidentiality of the complaint process
8. Resources for victims of unlawful harassment, such as to whom they should report any alleged harassment
9. Steps necessary to take appropriate remedial measures to correct harassing behavior, which includes the district's obligation to conduct an effective workplace investigation of a harassment complaint
10. What to do if the supervisor is personally accused of harassment
11. The essential elements of the district's anti-harassment policy, and how to use the policy if a harassment complaint is filed

Employees shall receive a copy of the district's sexual harassment policy and administrative regulations, which they shall read and acknowledge that they have received.

12. Information, including practical examples, of harassment based on gender identity, gender expression, and sexual orientation
13. Prevention of abusive conduct, including a review of the definition and elements of abusive conduct pursuant to Government Code 12950.1, the negative effects that abusive conduct has on the victim and other in the workplace, the detrimental consequences of this conduct on employee productivity and morale, and that a single act does not constitute abusive conduct unless the act is severe or egregious

The Superintendent or designee shall retain for at least two years the records of any training provided to supervisory employees. Such records shall include the names of trained employees, date of the training, the type of training, and the name of the training provider. (2 CCR 11024)

Notifications

The Superintendent or designee shall notify employees that the district does not discriminate on the basis of sex as required by Title IX, that the Title IX nondiscrimination requirement extends to employment, and that inquiries about the application of Title IX to the district may be referred to the district's Title IX Coordinator and/or to the Assistant Secretary for Civil Rights, U.S. Department of Education. (34 CFR 106.8)

A copy of the Governing Board's policy and this administrative regulation shall: (Education Code 231.5)

3. Appear in any school or district publication that sets forth the school's or district's comprehensive rules, regulations, procedures, and standards of conduct

All employees shall receive either a copy of information sheets prepared by the California Department of Fair Employment and Housing (DFEH) or a copy of district information sheets that contain, at a minimum, components on: (Government Code 12950)

1. The illegality of sexual harassment
2. The definition of sexual harassment under applicable state and federal law
3. A description of sexual harassment, with examples
4. The district's complaint process available to the employee
5. The legal remedies and complaint process available through the DFEH and the Equal Opportunity Commission (EEOC)
6. Directions on how to contact the DFEH and the EEOC
7. The protection against retaliation provided by 2 CCR 11021 for opposing harassment prohibited by law or for filing a complaint with, or otherwise participating in an investigation, proceeding or hearing conducted by DFEH and EEOC.

Hazing does not include athletic events or school-sanctioned events. (Education Code 48900(q))

18. Engaged in an act of bullying (Education Code 48900(r))

Bullying means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, directed toward one or more students that has or can reasonably be predicted to have the effect of placing a reasonable student in fear of harm to himself/herself or his/her property; cause the student to experience a substantially detrimental effect on his/her physical or mental health; or cause the student to experience substantial interferences with his/her academic performance or ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying shall include any act of sexual harassment, hate violence, or harassment, threat, or intimidation, as defined in Education Code 48900.2, 48900.3, or 48900.4 (items #20-22 below), that has any of the effects described above on a reasonable student.

A post on a social network Internet web site shall include, but is not limited to, the posting or creation of a burn page or the creation of a credible impersonation or false profile for the purpose of causing a reasonable student any of the effects of bullying described above.

Reasonable students means a student, including, but not limited to, a student who has been identified as a student with a disability, who exercises average care, skill, and judgment in conduct for a person of his/her age, or for a person of his/her age with his/her disability. (Education Code 48900(r))

(cf. 1114 - District-Sponsored Social Media)

(cf. 5131.2 - Bullying)

(cf. 6164.4 - Identification and Evaluation of Individuals for Special Education)

19. Made terrorist threats against school officials and/or school property. (Education Code 48900.7)

A terrorist threat includes any written or oral statement by a person who willfully threatens to commit a crime which will result in death or great bodily injury to another person, or property damage in excess of \$1,000, with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out. (Education Code 48900.7)

A student in grades 4 through 12 is also subject to suspension or recommendation for expulsion when it is determined that he/she:

1. Committed sexual harassment as defined in Education Code 212.5 (Education Code 48900.2)

Sexual harassment means that conduct, when considered from the perspective of a reasonable person of the same gender as the victim, is sufficiently severe or pervasive as to have a negative impact upon the victim's academic performance or to create an intimidating, hostile, or offensive educational environment. (Education Code 212.5, 48900.2)

(cf. 5145.7 - Sexual Harassment)

2. Caused, attempted to cause, threatened to cause, or participated in an act of hate violence as defined in Education Code 233 (Education Code 48900.3)

Hate violence means any act punishable under Penal Code 422.6, 422.7, or 422.75. Such acts include injuring or intimidating a victim, interfering with the exercise of a victim's civil rights, or damaging a victim's property because of the victim's race, ethnicity, religion, nationality, disability, gender, gender identity, gender expression, or sexual orientation; a perception of the presence of any of those characteristics in the victim; or the victim's association with a person or group with one or more of those actual or perceived characteristics. (Education Code 233; Penal Code 422.55)

(cf. 5145.9 - Hate-Motivated Behavior)

3. Intentionally engaged in harassment, threats or intimidation against district personnel or students that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of school personnel or students by creating an intimidating or hostile educational environment (Education Code 48900.4)

(cf. 5145.3 - Nondiscrimination/Harassment)

A student may be suspended or expelled for any of the acts listed above if the act is related to school activity or school attendance occurring at any District school or within any other school District, at any time, including but not limited to the following: (Education Code 48900)

1. While on school grounds
2. While going to or coming from school

(cf. 5131.1 - Bus Conduct)

3. During the lunch period, whether on or off the school campus

(cf. 5112.5 - Open/Closed Campus)

Removal from Class by a Teacher and Parental Attendance

A teacher may suspend any student from his/her class for the remainder of the day and the following day for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

A teacher also may refer a student to the principal or designee for consideration of suspension from school. (Education Code 48910)

When removing a student from his/her class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If that action requires the continuing presence of the student at school, he/she shall be appropriately supervised during the class periods from which he/she has been removed. (Education Code 48910)

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if either the parent/guardian or teacher so requests. (Education Code 48910)

A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal or principal designee. (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was removed. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Pursuant to Governing Board policy, a teacher may require the parent/guardian of a student whom the teacher has removed attend a portion of a school day in his/her child's classroom. When a teacher makes this request, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is requested pursuant to law. (Education Code 48900.1)

The notice shall specify that the attendance may be on either the date the student scheduled to return to class or within one week thereafter.

This notice shall also:

1. Inform the parent/guardian when his/her presence is expected and by what means he/she may arrange an alternate date
2. State that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student
3. Ask the parent/guardian to meet with the principal after the visit and before leaving school, as required by Education Code 48900.1

Suspension by Superintendent, Principal or Principal's Designee

The Superintendent, principal, or designee may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above. A student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct in the student. (Education Code 48900.5)

When other means of correcting a student's behavior are implemented prior to imposing suspension upon the student, including supervised suspension, the Superintendent, principal, or designee shall document the other means of correction used and retain them in the student's record. (Education Code 48900.5)

(cf. 5125 - Student Records)

However, the Superintendent, principal, or designee may impose a suspension upon a first offense if he/she determines that the student violated any of items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons. (Education Code 48900.5)

In addition, the Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a District employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal's or designee's concurrence
2. Brandishing a knife, as defined in Education Code 48915(g),

3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault as defined in Penal Code 261, 266c, 286, 288, 288a, or 289, or committing a sexual battery as Penal Code 243.4
5. Possession of an explosive as defined in 18 USC 921

Explosive means a destructive device and includes, but is not limited to, any explosive, incendiary, or poison gas bomb, grenade, rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine, or similar device. A destructive device includes any other type of weapon (except a shotgun or shotgun shell recognized by the United States Secretary of Army as suitable for sporting purposes) which might be converted to project an explosive. (18 USC 921)

The Superintendent, principal, or designee may suspend a student from school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment, the student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48911, 48912)

(cf. 6184 - Continuation Education)

The district may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903)

Suspensions shall be initiated according to the following procedures:

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the Superintendent, principal, or principal designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, presented with the evidence against him/her; and given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911)

This conference may be omitted if the Superintendent, principal, or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911)

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent. (Education Code 48911)

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8).

In addition, the notice may state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matter. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about his/her child's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the Governing Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent may, in writing, extend the suspension until such time as the Governing Board has made a decision. (Education Code 48911)

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

If the student involved is a foster youth, the Superintendent shall notify the district liaison for foster youth of the need to invite the student's attorney and a representative of the appropriate county child welfare agency to attend the meeting. (Education Code 48853.5, 48911, 48918.1)

(cf. 6173.1 - Education for Foster Youth)

In addition to suspending a student, the Superintendent, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct his/her behavior and keep him/her in school.

Suspension by the Board

The Governing Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Governing Board is considering a suspension, disciplinary action or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student's right to privacy under Education Code 49073-49079. (Education Code 35146, 48912)

(cf. 9321 - Closed Session Purposes and Agendas)

The Governing Board shall provide the student and his/her parent/guardian with written notice of the closed session by registered or certificated mail or personal service. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Governing Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code 35146, 48912)

Supervised Suspension Classroom

A student for whom an expulsion action has not been initiated and who pose no imminent danger or threat to the school, students, or staff may be assigned to a supervised suspension classroom, in a separate classroom, building, or site for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. The student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teachers shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

Authority to Expel

A student may be expelled only by the Governing Board (Education Code 48918(j)). The Governing Board shall expel, as required by law, any student found to have committed any offense listed below under "Mandatory Recommendation and Mandatory Expulsion." (Education Code 48915)

For all other grounds listed above under "Grounds for Suspension and Expulsion," the Governing Board shall order a student expelled upon the recommendation of the Superintendent, principal, or designee, only if the Governing Board makes a finding of either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

Mandatory Recommendation for Expulsion

Unless the principal or Superintendent determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct, the principal or Superintendent shall recommend a student's expulsion for any of the following acts: (Education Code 48915(a))

1. Causing serious physical injury to another person, except in self-defense
2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student
3. Unlawful possession of any controlled substance, as listed in Health and Safety Code 11053-11058, except for (a) the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis, or (b) the student's possession of over-the-counter medication for his/her use or other medication prescribed for him/her by a physician
4. Robbery or extortion
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee

In determining whether or not to recommend the expulsion of a student, the Superintendent, principal, or designee shall act as quickly as possible to ensure that the student does not lose instructional time. (Education Code 48915)

Mandatory Recommendation and Mandatory Expulsion

The principal or Superintendent shall recommend that the Governing Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a District employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal's or designee's concurrence

However, possession of an imitation firearm, as defined in Education Code 48900(m), shall not be regarded as an offense requiring mandatory recommendation for expulsion and mandatory expulsion.

2. Brandishing a knife as defined in Education Code 48915(g) at another person
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault as defined in Penal Code 261, 266c, 286, 288, 288a, or 289, or committing a sexual battery as defined in Penal Code 243.4
5. Possessing an explosive as defined in 18 USC 921

Upon finding that the student committed any of the above acts, the Governing Board shall expel the student. (Education Code 48915)

Student's Right to Expulsion Hearing

Any student recommended for expulsion shall be entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent determines the student has committed one of the acts listed above under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918(a))

The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Governing Board's discretion. (Education Code 48918(a))

If the Governing Board finds it impractical during the regular school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent may, for good cause, extend the time period by an additional five school days. Reasons for the

extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Governing Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Governing Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a)).

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the District's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

Written Notice of the Expulsion Hearing

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

1. The date and place of the hearing.
2. A statement of the specific facts, charges and offense upon which the proposed expulsion is based.
3. A copy of District disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the District to any other District in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in Education Code 48915(a) or (c).

(cf. 5119 - Students Expelled from Other Districts)

5. The opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a nonattorney advisor.

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California

Nonattorney advisor means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the student or student's parent/guardian to provide assistance at the hearing

6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

Additional Notice of Expulsion Hearing for Foster Youth

At least 10 days prior to a hearing to determine if a student who is a foster youth as defined under Education Code 48853.5 should be expelled for an offense not requiring a mandatory recommendation for expulsion, the Superintendent shall notify the student's attorney and a representative of an appropriate county child welfare agency. If the hearing is pursuant to an offense requiring a mandatory expulsion recommendation, the Superintendent may provide the same notification. The notice shall be provided by the most cost-effective method possible, including by email or a telephone call. (Education Code 48918.1)

Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Governing Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public unless another student's privacy rights would be violated. (Education Code 48918(c))

Whether the expulsion hearing is held in closed or public session, the Governing Board may meet in closed session to deliberate and determine whether or not the student should be expelled. If the Governing Board admits any other person to this closed session, the parent/guardian, the student, and the counsel of the student shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. (Education Code 48918(g))

3. Subpoenas: Before commencing a student expulsion hearing, the Governing Board may issue subpoenas, at the request of either the student or the Superintendent, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Governing Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20. (Education Code 48918(I))

Any objection raised by the student or the Superintendent to the issuance of subpoenas may be considered by the Governing Board in closed session, or in open session if so requested by the student, before the meeting. The Governing Board's decision in response to such an objection shall be final and binding. (Education Code 48918(I))

If the Governing Board determines, or if the hearing officer or administrative panel finds and submits to the Governing Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(I))

4. Presentation of Evidence: Technical rules of evidence shall not apply to expulsion hearings, but relevant evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Governing Board to expel shall be supported by substantial evidence that the student committed any of the acts pursuant to Education Code 48900 and listed in "Grounds for Suspension and Expulsion" above. (Education Code 48918(h))

Findings of fact shall be based solely on the evidence at the hearing. Although no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918(f))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918, 48918.5)

- a. Any complaining witness shall be given five days' notice before being called to testify.
- b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to, a parent/guardian or legal counsel, present during his/her testimony.
- c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
- d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
- e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
- f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.
- g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the District shall provide a nonthreatening environment.

(1) The District shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.

(2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.

(3) The person conducting the hearing may:

- (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness
- (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours
- (c) Permit one of the support persons to accompany the complaining witness to the witness stand

6. Decision: The Governing Board's decision as to whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Governing Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Governing Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Governing Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures applicable to a hearing conducted by the Governing Board as specified above in "Conduct of Expulsion Hearing," including the requirement to issue its decision within 40 school days of the student's removal from school, unless the student requests that the decision be postponed. (Education Code 48918(a) and (d))

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Governing Board. If expulsion is not recommended, the expulsion proceeding shall be terminated and the student shall be immediately reinstated. The Superintendent shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with District staff, including the student's teachers, and with the student's parent/guardian. The decision to not recommend expulsion shall be final. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Governing Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Governing Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Governing Board may order. (Education Code 48918(f))

In accordance with Governing Board policy, the hearing officer or administrative panel may recommend that the Governing Board suspend the enforcement of the expulsion for a period of one year. (Education Code 48917, 48918)

Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Governing Board, a hearing officer, or an administrative panel, the final action to expel shall be taken by the Governing Board at a public meeting. (Education Code 48918(j))

(cf. 9321.1 - Closed Session Actions and Reports)

If the Governing Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Governing Board shall set a date when the student shall be reviewed for readmission to a school within the District. For a student expelled for an act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Governing Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during the summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Governing Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review, as well as assessment of the student at the time of review, for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs

With parental consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel

The Superintendent shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed above under "Grounds for Suspension and Expulsion" (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Governing Board of Education (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion (Education Code 48918)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918)

Decision Not to Enforce Expulsion Order

In accordance with Governing Board policy, when deciding whether to suspend the enforcement of an expulsion, the Governing Board shall take into account the following criteria:

1. The student's pattern of behavior
2. The student's conduct and his/her willingness to follow a rehabilitation program

The suspension of the enforcement of an expulsion shall be governed by the following:

1. The Governing Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Governing Board's determination as to whether the student has satisfactorily completed the rehabilitation program. (Education Code 48917)
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status. (Education Code 48917)
3. The suspension of the enforcement of an expulsion order may be revoked by the Governing Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the District's rules and regulations governing student conduct. (Education Code 48917)
4. When the suspension of the enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order. (Education Code 48917)
5. Upon satisfactory completion of the rehabilitation assignment, the Governing Board shall reinstate the student in a District school. Upon reinstatement, the Governing Board may order the expunging of any or all records of the expulsion proceedings. (Education Code 48917)
6. The Superintendent shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Governing Board of Education, the alternative educational placement to be provided to the student during the time of expulsion, and the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1(b). (Education Code 48918(j)).
7. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Governing Board of Education. (Education Code 48917)

Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Governing Board's decision with the County Board of Education. The appeal must be filed within 30 days of the Governing Board's decision to expel, even if the expulsion order is suspended and the student is placed on probation. (Education Code 48919)

The student shall submit a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board of Education. The district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)

Notifications to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance. In addition, law enforcement authorities shall be notified regarding any acts by students regarding the possession, sale, or furnishment of firearms, explosives, or other dangerous weapons in violation of Education Code 48915(c)(1) or (5) or Penal Code 262.9 and 262.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900–© or (d), relating to the possession, use, offering or sale of controlled substances, alcohol or intoxicants of any kind. (Education Code 48902)

Post-Expulsion Placements

The Governing Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site
3. Not housed at the school site attended by the student at the time of suspension

(cf. 6158 - Independent Study)

(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6 through #13 and #20 through #22 under "Grounds for Suspension and Expulsion" above may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Readmission After Expulsion

Readmission procedures shall be as follows:

1. On the date set by the Governing Board when it ordered the expulsion, the District shall consider readmission of the student. (Education Code 48916)
2. The Superintendent shall hold a conference with the parent/guardian and the student. At the conference the student's rehabilitation plan shall be reviewed and the Superintendent shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
3. The Superintendent shall transmit to the Governing Board his/her recommendation regarding readmission. The Governing Board shall consider this recommendation in closed session if information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it shall be honored.
4. If the readmission is granted, the Superintendent shall notify the student and parent/guardian, by registered mail, of the Governing Board's decision regarding readmission.
5. The Governing Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other District students or employees. (Education Code 48916)
6. If the Governing Board denies the readmission of a student, the Governing Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
7. The Governing Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Governing Board's determination of the educational program which the Governing Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school District. (Education Code 48916)

Maintenance of Records

The Governing Board shall maintain a record of each suspension and expulsion, including the specific cause of the suspension and expulsion. The expulsion record shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls, upon receipt of a written request by the admitting school. (Education Code 48918(k))

The Superintendent shall, within five working days, honor any other District's request for information about an expulsion from this District. (Education Code 48915.1)

(cf. 5119 - Students Expelled from Other Districts)

Outcome Data

The Superintendent shall maintain the following data (Education Code 48900.8, 48916.1)

1. The number of students recommended for expulsion
2. The specific grounds for each recommended expulsion
3. Whether the student was subsequently expelled
4. Whether the expulsion order was suspended

5. The type of referral made after the expulsion
6. The disposition of the student after the end of the expulsion period

Status: ADOPTED

Original Adopted Date: 03/28/2016[see more](#)

The Superintendent or designee shall post at every entrance to each school and school grounds a notice describing registration requirements, school hours or hours during which registration is required, the registration location, the route to take to that location, and the penalties for violation of registration requirements. (Education Code 32211; Penal Code 627.6)

Unless otherwise directed by the principal or designee, a staff member shall accompany visitors/outsideers while they are on school grounds.

Outsider Registration

Outsiders shall register upon entering school premises during school hours. Any person other than the following is considered an outsider: (Evidence Code 1070; Penal Code 627.1, 627.2)

1. A student of the school, unless currently under suspension
2. A parent/guardian of a student of the school
3. A Governing Board member or district employee
4. A public employee whose employment requires being on school grounds, or any person who is on school grounds at the school's request
5. A representative of a school employee organization who is engaged in activities related to the representation of school employees
6. An elected public official
7. A publisher, editor, reporter, or other person currently employed by a newspaper, magazine, other periodical publication, press association or wire service, radio station, or television station

(cf. 1112 - Media Relations)

Registration Procedure

In order to register, an outsider shall, upon request, furnish the principal or designee with the following information: (Penal Code 627.3)

1. His/her name, address, and occupation
2. His/her age, if less than 21
3. His/her purpose for entering school grounds
4. Proof of identity
5. Other information consistent with the provisions of law

Principal's Registration Authority

The principal or designee may refuse to register any outsider if he/she reasonably concludes that the individual's presence or acts would disrupt the school, students, or employees; would result in damage to property; or would result in the distribution or use of a controlled substance. The principal or designee or school security officer may revoke any outsider's registration if he/she has a reasonable basis for concluding that the individual's presence on school grounds would interfere or is interfering with the peaceful conduct of school activities or would disrupt or is disrupting the school, students, or staff. (Penal Code 627.4)

(cf. 3515.2 - Disruptions)

(cf. 3515.3 - District Police/Security Department)

When an outsider fails to register, or when the principal or designee denies or revokes an outsider's registration privileges, the principal or designee may request that the individual promptly leave school grounds. When an outsider is directed to leave, the principal or designee shall inform him/her that if he/she reenters the school within seven days he/she may be guilty of a misdemeanor subject to a fine and/or imprisonment. (Penal Code 627.7)

Appeal Procedure

Any person who is denied registration or whose registration is revoked may appeal to the Superintendent or principal by submitting, within five days after the person's departure from school, a written request for a hearing. This request must state why he/she believes the denial or revocation was improper and must provide an address to which the hearing notice may be sent. Upon receipt of the request for a hearing, the Superintendent or principal shall promptly mail a notice of the hearing to the person requesting it. A hearing before the Superintendent or principal shall be held within seven days after receipt of the request. (Penal Code 627.5)

Status: ADOPTED

Original Adopted Date: 05/14/2001 | Last Revised Date: 08/13/2012

[see more](#)

The Governing Board believes that it is important for parents/guardians and community members to take an active interest in the issues affecting district schools and students. Therefore, the Board encourages interested parents/guardians and community members to visit the schools and participate in the educational program.

(cf. 1240 - Volunteer Assistance)

(cf. 5020 - Parent Rights and Responsibilities)

(cf. 6020 - Parent Involvement)

To ensure the safety of students and staff and minimize interruption of the instructional program, the Superintendent shall establish procedures which facilitate visits during regular school days. Visits during school hours should be first arranged with the teacher and Principal. If a conference is desired, an appointment should be set with the teacher during noninstructional time.

To ensure the safety of students and staff and avoid potential disruptions, all visitors shall register immediately upon entering any school building or grounds when school is in session.

(cf. 1112 - Media Relations)

(cf. 3515.2 - Disruptions)

For purposes of school safety and security, the Superintendent may design a visible means of identification for visitors while on school premises.

No electronic listening or recording device may be used by students or visitors in a classroom without the teacher and principal's permission. (Education Code 51512)

The Board encourages all individuals to assist in maintaining a safe and secure school environment by behaving in an orderly manner while on school grounds and by utilizing the district's complaint processes if they have concerns with any district program or employee. In accordance with Penal Code 626.7, the principal or designee may request that any individual who is causing a disruption, including exhibiting volatile, hostile, aggressive, or offensive behavior, immediately leave school grounds.

(cf. 1312.1 - Complaints Concerning District Employees)

(cf. 1312.2 - Complaints Concerning Instructional Materials)

(cf. 1312.3 - Uniform Complaint Procedures)

(cf. 1312.3 - Williams Uniform Complaint Procedures)

(cf. 3515.2 - Disruptions)

Presence of Sex Offender on Campus

Any person who is required to register as a sex offender pursuant to Penal Code 290, including a parent/guardian of a district student, shall request written permission from the principal before entering the school campus or grounds. As necessary, the principal shall consult with local law enforcement authorities before allowing the presence of any such person at school or other school activity. The principal also shall report to the Superintendent anytime he/she gives such written permission.

Status: ADOPTED

Original Adopted Date: 05/29/2001 | **Last Revised Date:** 10/25/2004[see more](#)

The Governing Board believes that the use of alcohol or other drugs adversely affects a student's ability to achieve academic success, is physically and emotionally harmful, and has serious social and legal consequences. The Board desires to keep district schools free of alcohol and other drugs and desires that every effort be made to prevent and eliminate student use of these substances. The Board perceives this effort as an important step towards preventing violence, promoting school safety and creating a disciplined environment conducive to learning.

The Superintendent shall develop, implement and evaluate a comprehensive prevention and intervention program that is coordinated with other school and community-based services and programs. The district's program shall be scientifically based and designed to prevent or reduce alcohol or other drug use and the possession and distribution of illegal drugs. It shall include primary prevention activities such as decision-making skills and conflict management, instruction, referral to a rehabilitation program, enforcement/disciplines, activities that promote the involvement of parents/guardians and coordination with appropriate community agencies and organizations.

(cf. 0450 - Comprehensive Safety Plan)

(cf. 1020 - Youth Services)

(cf. 4020 - Drug and Alcohol-Free Workplace)

(cf. 5138 - Conflict Resolution/Peer Mediation)

(cf. 6020 - Parent Involvement)

The Board and Superintendent shall agree upon performance measures that will be used to monitor and determine the effectiveness of the district's program in reducing drug and alcohol use. The Superintendent shall develop and implement an evaluation process that includes ongoing assessment and analysis of objective data regarding the incidence of drug and alcohol use among district students, including discipline problems, and the prevalence of risk factors.

The Superintendent shall consult with principals, teachers, other school personnel, students and parents/guardians when developing the district's program.

The Superintendent shall clearly communicate to all students, staff and parents/guardians the district's policies, and school rules related to the use of alcohol and other drugs on school campuses or at school activities. Information about program needs and goals shall be widely distributed in the community.

(cf. 1100 - Communication with the Public)

(cf. 5131.61 - Drug Testing)

(cf. 5131.62 - Tobacco)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

The Board expects staff to conduct themselves in accordance with the district's philosophy related to alcohol and other drugs. Staff should help students see themselves as responsible partners in efforts to maintain a safe, constructive school climate.

(cf. 5137 - Positive School Climate)

The Board also encourages the establishment of site-level advisory groups to assist in promoting alcohol- and drug-free schools.

(cf. 1220 - Citizen Advisory Committees)

Instruction

The district shall provide science-based preventative instruction which has been proven effective in helping students avoid the use of alcohol and other drugs. Comprehensive, age-appropriate K-12 instruction shall address the legal, social, personal and health consequences of drug and alcohol use, promote a sense of individual responsibility, and inform students about effective techniques for resisting peer pressure to use alcohol and other drugs.

All instruction and related materials shall consistently state that unlawful use of alcohol or other drugs is wrong and harmful. Instruction shall not include the concept of responsible use when such use is illegal.

Teachers shall be trained to answer students' questions related to alcohol and drugs and to help students obtain and use current and accurate information, develop and maintain a positive self-concept, take positive actions to cope with stress, and use appropriate social and personal skills to resist involvement with alcohol and other drugs.

(cf. 4131 - Staff Development)

(cf. 6142.2 - AIDS Prevention Instruction)

(cf. 6142.8 - Comprehensive Health Education)

(cf. 6143 - Courses of Study)

Intervention, Referral and Recovering Student Support

The Board believes that effective interventions should be available to assist students who use alcohol or other drugs. School staff, students and parents/guardians shall be informed about signs and symptoms which may indicate alcohol and other drug use and about appropriate agencies offering intervention programs, counseling and rehabilitation for students and their family members. The district shall help recovering students to avoid reinvolvement with alcohol and other drugs by providing school and/or community service activities designed to increase students' sense of community.

(cf. 6142.4 - Learning Through Community Service)

The Board strongly encourages any student who is using alcohol or drugs to discuss the matter with his/her parent/guardian or with any staff member. Students who disclose their use of alcohol or other drugs when seeking help from an intervention or recovery program shall not be disciplined for such use.

Enforcement/Discipline

The Superintendent shall take appropriate action to eliminate possession, use or sale of alcohol and other drugs and related paraphernalia on school grounds, at school events, or in any situation in which the school is responsible for the conduct and well-being of students. School authorities may search students and school properties for the possession of alcohol and other drugs in accordance with law, Board policy and administrative regulation.

(cf. 5145.11 - Questioning and Apprehension)

(cf. 5145.12 - Search and Seizure)

Students possessing, using or selling alcohol or other drugs or related paraphernalia at school or at a school event shall be subject to disciplinary procedures including suspension or expulsion in accordance with law, Board policy and administrative regulation. In addition, such students may be referred to an appropriate counseling program, transferred to an alternative placement, and/or restricted from extracurricular activities, including athletics.

(cf. 5144.1 - Suspension and Expulsion/Due Process)

[see more](#)**Instruction**

Students shall receive instruction by appropriately trained instructors about the nature and effects of alcohol and other drugs, including dangerous drugs defined by Health and Safety Code 11032. (Education Code 51260)

Site administrators shall determine that drug education instructors possess: (Education Code 51260)

1. The ability to interact with students in a positive way
2. Knowledge of the properties and effects of tobacco, alcohol, narcotics, dangerous drugs, and shared drug apparatus
3. Effective teaching skills and competency in helping students to express opinions responsibly and to become aware of their values as they affect drug-use decisions

At all grade levels, instruction shall include a study of the effects of alcohol and other drugs upon the human system, as determined by science. Instruction shall be sequential in nature and suited to meet the needs of students at their respective grade level. (Education Code 51203, 51260)

In grades 1 through 6, instruction in drug education should be given in health courses required by Education Code 51210. (Education Code 51260)

In grades 7 through 12, instruction in drug education shall be conducted in health courses and in any other appropriate area of study required by Education Code 51220. (Education Code 51260)

(cf. 6143 - Courses of Study)

The district drug education program shall augment county drug education services, if any. district staff shall take every opportunity to cooperate with county office of education staff in planning and implementing collaborative alcohol and drug prevention programs. (Education Code 51260, 51268)

Intervention

The staff shall intervene whenever students use alcohol or other illegal drugs while on school property or under school jurisdiction. Staff members who believe that a student may be under the influence of alcohol or drugs shall immediately notify the principal.

If the principal knows, observes or suspects that a student may be under the influence of alcohol or drugs, he/she may notify the parent/guardian. (Education Code 44049)

However, school staff shall not disclose confidential information provided during counseling by a student 12 years of age or older. School counselors may report such information to the principal or parent/guardian only when they believe that disclosure is necessary to avert a clear and present danger to the health, safety or welfare of the student or other persons living in the school community. They shall not disclose such information to the parent/guardian if they believe that the disclosure would result in a clear and present danger to the student's health, safety or welfare. (Education Code 44049, 49602)

(cf. 5145.1 - Privacy)

In cases of medical emergency, the principal is authorized to call an ambulance to remove the student to a hospital. Parents/guardians will be notified of this action and shall be responsible for the incurred expenses.

(cf. 5141 - Health Care and Emergencies)

Confiscation of Electronic Signaling Devices

Because electronic signaling devices (beepers, cellular telephones, etc.) are sometimes used to facilitate illegal drug transactions, the possession or use of such devices by students is prohibited on school premises, at all school-sponsored activities, and at any time while students are under the supervision and control of district employees. An exception shall be made only when the principal has determined that the device is essential for the student's health and then shall be used only for health purposes. (Education Code 48901.5)

The Superintendent shall confiscate these devices from students.

(cf. 5144 - Discipline)

Regulation 3516.2: Bomb Threats

Status: ADOPTED

Original Adopted Date: 05/14/2001

Receiving Threats

Any staff member receiving a telephoned bomb threat shall try to keep the caller on the line so as to gather information about the location and timing of the bomb and the person(s) responsible. He/she should also try to determine the caller's gender and age and should take note of any distinctive features of voice or speech and any background noises such as music, traffic, machinery or other voices.

Staff members who customarily receive telephone calls or handle packages shall receive training related to bomb threats.

Procedures

1. Any employee who receives a bomb threat shall immediately call 911 and report the threat to the Principal. If the threat is in writing, he/she shall place the message in an envelope and take note of where and by whom it was found.
2. Any student or employee seeing a suspicious package shall promptly notify the Principal.
3. The Principal shall immediately use fire drill signals and institute standard evacuation procedures as specified in the emergency plan.

(cf. 3516 - Emergency and Disaster Preparedness Plan)

(cf. 3516.1 - Fire Drills and Fires)

4. The Principal shall turn off any two-way radio equipment which is located in a threatened building.

Law enforcement and/or fire department staff shall conduct the bomb search. School staff shall not search for or handle any explosive or incendiary device.

Except for school police officers, no staff or students shall reenter the threatened building(s) until the law enforcement and/or fire department staff advises the Principal that reentry is safe.

Any student who makes a bomb threat shall be subject to disciplinary procedures.

(cf. 5144.1 - Suspension and Expulsion/Due Process)

The Governing Board is committed to providing a school environment that promotes the safety of students, staff, and visitors to school grounds. The Governing Board also recognizes the importance of protecting district property, facilities, and equipment from vandalism and theft.

The Superintendent or designee shall develop campus security procedures, which may be included in the district's comprehensive safety plan and/or site-level safety plans. Such procedures shall be regularly reviewed to reflect changed circumstances and to assess their effectiveness in achieving safe school objectives.

Surveillance Systems

In consultation with the district's safety planning committee, other relevant stakeholders, and staff, the Superintendent or designee shall identify appropriate locations for the placement of surveillance cameras. Cameras shall not be placed in areas where students, staff, or community members have a reasonable expectation of privacy. Any audio capability on the district's surveillance equipment shall be disabled so that sounds are not recorded.

Prior to the operation of the surveillance system, the Superintendent or designee shall ensure that signs are posted at conspicuous and targeted locations around school buildings and grounds. These signs shall state that the facility uses video surveillance equipment for security purposes and that the equipment may or may not be actively monitored at any time. The Superintendent or designee shall also provide prior written notice to students and parents/guardians about the district's surveillance system, including the locations where surveillance may occur and that the recordings may be used in disciplinary proceedings, and/or referred to local law enforcement, as appropriate.

To the extent that any images from the district's surveillance system create a student or personnel record, the Superintendent or designee shall ensure that the images are accessed, retained, and disclosed in accordance with law, Board policy, administrative regulation, and any applicable collective bargaining agreements.

(Penal Code 626.7, 636.85)

When directing such a person to leave, the principal or designee shall inform the person that he/she will be guilty of a crime if he/she:

Policy 3516.5: Emergency Schedules

Status: ADOPTED

Original Adopted Date: 05/14/2001 | Last Revised Date: 01/24/2011

In order to provide for the safety of students and staff, the Governing Board authorizes the Superintendent to close a school site, to change the regular school day schedule, or to take any necessary action when adverse weather conditions or other emergencies warrant.

(cf. 0450 - Comprehensive Safety Plan)

(cf. 4157/4257/4357 - Employee Safety)

(cf. 5142 - Safety)

(cf. 6112 - School Day)

The Superintendent shall establish a system for informing students and parents/guardians when school buses are not operating or when the school day schedule is changed or the school is closed.

(cf. 3542 - Schoolbus Drivers)

(cf. 3543 - Transportation Safety and Emergencies)

In the event that students arrive at school when the school day schedule changes or the schedule changes after school has begun, the Superintendent shall ensure that supervision is provided in accordance with the procedures specified in the district's emergency and disaster preparedness plan.

(cf. 3516 - Emergencies and Disaster Preparedness Plan)

(cf. 3516.1 - Fire Drills and Fires)

(cf. 3516.2 - Bomb Threats)

(cf. 3516.3 - Earthquake Emergency Procedure System)

The Superintendent may provide a means to compensate for lost instructional time later during the year. Students and parents/guardians shall receive timely advanced notice of any resulting changes in the school calendar or school day schedule.

When an emergency condition causes a school closure, reduction in attendance, or change in schedule pursuant to Education Code 41422 or 46392, thereby preventing the district from complying with the minimum number of instructional days or minutes required by law, the Superintendent shall complete and submit to the Superintendent of Public Instruction the necessary forms for obtaining approval of the days of the closure, reduction in attendance, or change in schedule. The Superintendent shall submit other relevant district records as may be required.

(cf. 3580 - District Records)

(cf. 6111 - School Calendar)

Status: **ADOPTED**

Original Adopted Date: 05/14/2001 | Last Revised Date: 10/28/2013

[see more](#)

The Governing Board desires to provide a safe, orderly working environment for all employees. As part of the district's comprehensive school safety plan, the Superintendent shall develop strategies for protecting employees from potentially dangerous persons and situations and for assisting them in the event of an emergency situation.

- (cf. 0450 - Comprehensive Safety Plan)
- (cf. 5131.4 - Campus Disturbances)

The Superintendent shall ensure that employees are informed, in accordance with law, regarding crimes and offenses by students who may pose a danger in the classroom.

Any employee against whom violence or any threat of violence has been directed in the workplace shall notify the Superintendent immediately. The Superintendent shall initiate legal and security measures to protect the employee and others in the workplace. In addition, the Superintendent may initiate legal proceedings against any individual to recover damages for injury caused by the willful misconduct of that individual to the person or property of an employee or another person on district premises.

- (cf. 3320 - Claims and Actions Against the District)
- (cf. 3515.4 - Recovery for Property Loss or Damage)

The Superintendent shall ensure that employees are trained in crisis prevention and intervention techniques in order to protect themselves and students. Staff development may include training in classroom management, effective communication techniques and crisis resolution, and protocols related to emergency scenarios including an active shooter or intruder scenario.

- (cf. 4131 - Staff Development)
- (cf. 4231 - Staff Development)
- (cf. 4331 - Staff Development)

The Governing Board recognizes that access to two-way communications devices allows employees to call for assistance from their supervisor or law enforcement in the event of a threat of violence or medical emergency. The district shall provide such communications devices in classrooms to the extent possible.

- (cf. 5141 - Health Care and Emergencies)

Reporting of Injurious Objects

The Governing Board requires employees to take immediate action upon being made aware that any person is in possession of an unauthorized injurious object on school grounds or at a school-related or school-sponsored activity. The employee shall use his/her own judgment

as to the potential danger involved and, based upon this analysis, shall do one of the following:

1. Confiscate the object and deliver it to the principal immediately
2. Immediately notify the principal, who shall take appropriate action
3. Immediately call 911 and the principal

- (cf. 5131.7 - Weapons and Dangerous Instruments)
- (cf. 5144 - Discipline)
- (cf. 5144.1 - Suspension and Expulsion/Due Process)
- (5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

Status: ADOPTED

Original Adopted Date: 09/19/2019

[see more](#)

An employee may use reasonable force when necessary to protect himself/herself from attack, to protect another person or property, to quell a disturbance threatening physical injury to others, or to obtain possession of weapons or other dangerous objects on or within the control of a student. (Education Code 44807, 49331)

(cf. 5131.7 - Weapons and Dangerous Instruments)

Employees shall promptly report to their principal or other immediate supervisor any attack, assault or physical threat made against them by a student.

Both the employee and the principal or other immediate supervisor shall promptly report such instances to the appropriate local law enforcement agency. (Education Code 44014)

In addition, employees shall promptly report to their principal or supervisor, and may report to law enforcement, any attack, assault or threat made against them on school grounds by any other individual.

(cf. 3515.2 - Disruptions)

Reports of attack, assault or threat also shall be forwarded immediately to the Superintendent.

An employee whose person or property is injured or damaged by willful misconduct of a student may ask the District to pursue legal action against the student or the student's parent/guardian. (Education Code 48905)

(cf. 3515.4 - Recovery for Property Loss or Damage)

Notice Regarding Student Offenses Committed While Under School Jurisdiction

The Superintendent shall inform the teacher of any student in his/her class who has engaged in, or is reasonably suspected of, any act during the previous three years which could constitute grounds for suspension or expulsion under Education Code 48900, with the exception of the possession or use of tobacco products. This information shall be based upon written District records or records received from a law enforcement agency. Teachers shall keep the information confidential. (Education Code 49079)

Notice Regarding Student Offenses Committed While Outside School Jurisdiction

When informed by the court that a minor student has committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Penal Code 290, assault or battery, larceny, vandalism or graffiti, the Superintendent shall so inform the school principal. The principal shall keep this information in a separate confidential file. The principal may inform any teacher or administrator he/she thinks may need the information so as to work with the student appropriately, avoid being needlessly vulnerable, or protect others from vulnerability. (Welfare and Institutions Code 827)

Any court-initiated information that a teacher, counselor or administrator receives shall be kept confidential and used only to rehabilitate the student and protect other students and staff. The information shall be further disseminated only when communication with the student, parent/guardian, law enforcement staff and probation officer is necessary to rehabilitate the student or to protect students and staff. (Welfare and Institutions Code 827)

When a student is removed from school as a result of his/her offense, the Superintendent shall hold the court's information in a separate confidential file until the student is returned to public school. If the student is returned to a different District, the Superintendent shall transmit the information provided by the student's parole or probation officer to the Superintendent of the new District of attendance. (Welfare and Institutions Code 827)

Any confidential file of court-initiated information shall be kept until the student becomes 18, graduates from high school, or is released from juvenile court jurisdiction, whichever occurs first; it shall then be destroyed. (Welfare and Institutions Code 827)

Procedures to Maintain Confidentiality of Student Offenses

In order to maintain confidentiality when providing information about student offenses to counselors and teachers of classes/programs to which a student is assigned, the Principal shall send the staff member a written notification requesting him/her to review a student's file in the school office. This notification shall not name or otherwise identify the student. The staff member shall be asked to initial the notification and return it to the Principal.

The staff member shall also initial the student's file when reviewing it in the school office. Once the District has made a good faith effort to comply with the notification requirement of Education Code 49079 and Welfare and Institutions Code 827, an employee's failure to review the file may be construed as a waiver of the District's liability.

Status: ADOPTED

Original Adopted Date: 05/14/2001 | **Last Revised Date:** 07/22/2019 | **Last Reviewed Date:** 07/22/2019[see more](#)

The Superintendent may designate one or more employees to oversee and coordinate the district's environmental safety program(s). The responsibilities of the coordinator(s) shall include, but not be limited to, overseeing assessments of district facilities, recommending strategies for the prevention and mitigation of environmental health risks, ensuring effective implementation of environmental safety strategies, and reporting to the Superintendent regarding the district's progress in addressing environmental safety concerns.

Indoor Air Quality

In order to provide proper ventilation, humidity, and temperature in school facilities and to reduce indoor air contaminants, the following strategies shall be implemented:

1. Mechanically driven heating, ventilation, and air conditioning systems shall be operated continuously during working hours except under the circumstances specified in 8 CCR 5142. The systems shall be inspected at least annually and problems corrected within a reasonable time. Where the air supply is filtered, the filters shall be replaced or cleaned regularly to prevent significant reductions in airflow. Documentation of inspections, tests of ventilation rates, and maintenance shall be retained for at least five years. (8 CCR 5142-5143)
- Staff shall not obstruct airflow by covering or blocking ventilators with posters, furniture, books, or other obstacles.
2. School buildings shall be regularly inspected for water damage, spills, leaks in plumbing and roofs, poor drainage, and improper ventilation so as to preclude the buildup of mold and mildew and prevent accidents due to unsafe conditions. Wet building materials and furnishings shall be dried within 48 hours if possible to prevent mold growth. When evidence of mold or mildew is found, maintenance staff shall locate and repair the source of water intrusion and remove or clean moldy materials.
3. Exterior wall and foundation cracks and openings shall be sealed as soon as possible to minimize seepage of radon into buildings from surrounding soils.
4. Least toxic pest management practices shall be used to control and manage pests at school sites. (Education Code 17608-17614; Food and Agriculture Code 13182)
5. A carbon monoxide detector or alarm shall be installed in all school building that contains a fuel-burning appliance, fireplace, or forced-air furnace, unless otherwise exempted by state law or regulations. The device or alarm shall be located in close proximity to the appliance in order to accurately detect and alert school personnel of any leakage of carbon monoxide. (24 CCR 915.1-915.7)
6. Schedules and practices for routine housekeeping shall be designed to effectively reduce levels of dust, dirt, and debris. Plain water, soap and water, or low-emission cleaning products shall be used whenever possible. Aerosols, including air fresheners and other products containing ozone, shall be avoided to the extent possible.
7. Painting of school facilities and maintenance or repair activities that require the use of potentially harmful substances shall be limited to those times when school is not in session. Following any such activity, the facility shall be properly ventilated with adequate time allowed prior to reopening for use by any person.
8. Paints, adhesives, and solvents shall be used and stored in well-ventilated areas. These items shall be purchased in small quantities to avoid storage exposure.
9. To the extent possible, printing and duplicating equipment that may generate indoor air pollutants, such as methyl alcohol or ammonia, shall be placed in locations that are well-ventilated and not frequented by students and staff.
10. The district's tobacco-free schools policy shall be consistently enforced in order to reduce the health risks caused by second-hand smoke.
11. Staff and students shall be asked to refrain from bringing common irritants into the classroom, such as, furred or feathered animals, stuffed toys that may collect dust mites, scented candles, incense, or air fresheners and from using perfume or cologne, scented lotion or hair spray, nail polish or nail polish remover, or other personal care products that are not fragrance-free in classrooms, school buses, or other enclosed areas of buildings.

Outdoor Air Quality

The Superintendent or designee may coordinate with the local air resources control board and monitor local health advisories and outdoor air quality alerts, to obtain forecasts of ozone levels, particle pollution, and/or ultraviolet radiation levels, and/or temperature and humidity.

Whenever a forecast indicates a significant health risk, the Superintendent or designee shall communicate with each principal so that outdoor activities, especially those requiring prolonged or heavy exertion, may be avoided, limited in duration, or modified as necessary for all persons or for persons who may be particularly susceptible to the health risk involved.

Reduction of Vehicle Emissions

In order to reduce public exposure to toxic air contaminants, school bus drivers and other drivers of commercial motor vehicles shall limit unnecessary idling of vehicles at or near schools in accordance with 13 CCR 2480. The Superintendent or designee may also request parents/guardians to turn off their vehicles when they are idling on school grounds and encourage students to walk and/or bicycle to school.

Any school bus that is diesel-fueled, dual-fueled, or alternative diesel-fueled and has a gross vehicle weight rating over 14,000 pounds shall be equipped with a particulate filter designed to reduce particulate matter emissions, oxides of nitrogen emissions, and other pollutants. (13 CCR 2025)

Drinking Water Safety

The quality and safety of the district's drinking water sources shall be regularly assessed, and drinking fountains shall be regularly cleaned and maintained, to ensure that drinking water consumed at school does not contain dirt, mold, lead, or other impurities or contaminants that may cause serious health concerns.

Whenever any contaminants in the drinking water are determined to be a concern, the Superintendent or designee shall take reasonable steps to identify the source and mitigate and potential problem to ensure the availability of safe drinking water. As needed, the Superintendent or designee shall provide alternative sources of drinking water, such as bottled water or on-site water filtration, to ensure students have access to fresh drinking water at mealtimes and at other times throughout the day.

Whenever testing of drinking water finds concentrations of lead that exceed federal and state standards, the Superintendent or designee shall notify parents/guardians and take immediate steps to shut down and make inoperable any fountains or faucets where excess lead levels may exist.

Prevention Lead Exposure

In addition to testing for the presence of lead in drinking water in school districts, the following steps shall be taken to minimize potential exposure to lead in school facilities:

1. School facilities shall be kept as dust-free and clean as possible.
2. Lead-based paint, lead plumbing and solders, or other potential sources of lead contamination shall not be used in the construction of any new school facility or the modernization or renovation of any existing school facility. (Education Code 32244)
3. Lead exposure hazards shall be evaluated before any renovation or remodeling is begun, and children shall not be allowed in or near buildings in which these activities may create lead dust. Contractors and workers shall comply with state and federal standards related to the handling and disposal of lead debris and the clean-up and containment of dust within the construction area.
4. Lead-based painted surfaces that are in good condition shall be kept intact. If lead-based paint is peeling, flaking, or chalking, contractors or workers shall follow state and federal standards for safe work practices to minimize contamination when removing the paint.
5. Soil with low lead content may be covered with grass, other plantings, concrete, or asphalt. For soil with high lead content, removal and abatement are required.

Any action to abate existing lead hazards, shall be taken only by contractors, inspectors, and workers certified by the California Department of Public Health in accordance with 17 CCR 35001-35099. (Education Code 32243)

The Superintendent or designee shall notify parent/guardians, teachers, and staff members if significant risk factors for lead exposure are found. (Education Code 33343)

Prevention of Mercury Exposure

The Superintendent or designee shall identify any mercury-containing products that are present in district facilities and, to the extent possible, shall replace them with mercury-free alternatives.

Staff shall receive information about proper procedures to follow in the event of a mercury spill. Clean-up instructions, a clearly labeled kit with necessary clean-up supplies, and a list of local resources shall be readily accessible.

In the event of a spill, staff shall evacuate all students from the immediate area of the spill, ensure that any clothing or other items with mercury on them remain in the room, open windows to the outside, and close doors to other parts of the school. Staff who are trained in proper clean-up procedures may carefully clean a small spill. As needed for larger or difficult-to-clean spills, the Superintendent or designee shall use an experienced professional referred by the local health department or environmental agency.

Any products containing mercury shall be properly disposed at an appropriate hazardous waste collection facility.

Asbestos Management

The Superintendent shall designate an employee who shall ensure that the district's responsibilities related to asbestos inspection and abatement are implemented in accordance with federal and state regulations. This employee shall receive adequate training to perform these duties, including, as necessary, basic knowledge of the health effects of asbestos; detection, identification, and assessment of asbestos-containing building materials; options for controlling asbestos-containing building materials; and relevant federal and state regulations. (40 CFR 763.84)

The designated employee shall ensure that the district complies with the following requirements:

1. School facilities shall be inspected for asbestos-containing building materials as necessary in accordance with the following:
 - a. Any school building that is leased or acquired by the district shall be inspected for asbestos-containing building materials prior to its use as a school building, unless exempted by federal regulations. (40 CFR 763.85, 763.99)
 - b. At least once every three years, the district shall conduct a re-inspection of all known or assumed asbestos-containing building materials in each school building. (40 CFR 763.85)
 - c. At least once every six months, the district shall conduct a periodic surveillance consisting of a visual inspection of each school building that contains or is assumed to

contain asbestos-containing building materials. (40 CFR 763.92)

2. Based on the results of the inspection, an appropriate response, which is sufficient to protect human health and the environment, shall be determined from among the options specified in 40 CFR 763.90. (40 CFR 763.90)

The district may select the least burdensome response, taking into consideration local circumstances, including occupancy and use patterns within the school building and economic concerns such as short-term and long-term costs. (40 CFR 763.90)

3. An asbestos management plan for each school site shall be maintained and regularly updated to keep it current with ongoing operations and maintenance, periodic surveillance, inspection, re-inspection, and response action activities. (15 USC 2643; 40 CFR 763.93)

The asbestos management plan shall be available for inspection in district and school offices during normal business hours and parent/guardian, teacher, and employee organizations are annually informed of the availability of these plans. (40 CFR 763.84)

4. Staff, students, and parents/guardians shall be informed at least once each school year about any inspections, response actions, and post-response actions, including periodic re-inspection and surveillance activities, that are planned or in progress. (40 CFR 763.84)
5. Inspections, re-inspections, periodic surveillance, and response actions, including operations and maintenance, shall be conducted in compliance with state and federal regulations for the protection and safety of workers and all other individuals. (40 CFR 763.84 763.90; Education Code 49410.5)

Asbestos inspection and abatement work and any maintenance activities that may disturb asbestos-containing building materials, except for emergency repairs or small-scale, short-duration maintenance activities, shall be completed by state-certified asbestos inspectors or contractors. (15 USC 2646; 40 CFR 763.84, 763.85, 763.91)

6. All custodial and maintenance employees shall be properly trained in accordance with applicable federal and/or state regulations. (40 CFR 763.84)

All district maintenance and custodial staff who may work in a building that contains asbestos-containing building materials, regardless of whether they are required to work with such materials, shall receive at least two hours of related asbestos awareness training. New maintenance and custodial staff shall receive such training within 60 days after beginning employment. Any maintenance or custodial staff who conduct activities that will disturb asbestos-containing building materials shall receive 14 hours of additional training. The trainings shall address the topics specified in 40 CFR 763.92. (15 USC 2655; 40 CFR 763.84, 763.92)

7. Short-term workers, such as telephone repair workers, utility workers, or exterminators, who may come in contact with asbestos in a school shall be provided information regarding the locations of known or suspected asbestos-containing building materials. (40 CFR 763.84)

8. Warning labels shall be posted immediately adjacent to any known or suspected asbestos-containing building material located in routine maintenance areas in accordance with 40 CFR 763.95. (40 CFR 763.84)

The district shall maintain, in both the district and school offices and for a period of three years, records pertaining to each preventive measure and response action taken; staff training; periodic surveillances conducted; cleaning, operations, and maintenance activities; and any fiber release episode. (40 CFR 763.94)

Policy 3517: Facilities Inspection

Status: ADOPTED

Original Adopted Date: 11/14/2005 | Last Revised Date: 07/24/2015

The Governing Board recognizes that the condition of school facilities has an impact on student achievement and employee morale and desires to provide school facilities that are safe, clean and functional, to meet and/or exceed requirements defined in Education Code 17002.

(cf. 0510 - School Accountability Report Card)

(cf. 1312.4 - Williams Uniform Complaint Procedures)

(cf. 3111 - Deferred Maintenance Funds)

The Superintendent shall develop a facilities inspection and maintenance program to ensure that district schools are maintained in good repair in accordance with law and at high standards for safety, cleanliness and functionality. At a minimum, the inspection program shall analyze those facility conditions specified on the facilities inspection tool developed by the Office of Public School Construction, including the following:

1. Gas Leaks: Gas systems and pipes appear safe, functional, and free of leaks.
2. Mechanical Systems: Heating, ventilation, and air conditioning systems as applicable are functional and unobstructed.
3. Windows/Doors/Gates/Fences (interior and exterior): Conditions that pose a safety and/or security risk are not evident.

9. Pest/Vermin Infestation: Pest or vermin infestation is not evident.
10. Drinking Fountains (inside and outside): Drinking fountains appear to be accessible and functioning as intended.
11. Restrooms: Restrooms appear to be accessible during school hours, are clean, functional, and in compliance with Education Code 35292.5 (operational and supplied).
12. Sewers: Sewer line stoppage is not evident.
13. Roofs (observed from the ground, inside/outside the building): Roof system appears to be functioning properly.
14. Playground/School Grounds: the playground equipment and school grounds appear to be clean, safe, and functional.
15. Overall Cleanliness: School grounds, buildings, common areas, and individual rooms are cleaned regularly, devoid of clutter, unhealthful, unsightly or hazardous conditions.
16. Any other conditions that otherwise detract from the goals of the Board to provide secure, clean, high functioning, efficient and a welcoming instructional and public environment.

The Superintendent shall ensure that any necessary repairs identified during the inspection are made in a timely and expeditious manner.

The Superintendent shall establish a process that under limited circumstances personal items shall be approved for instructional use and/or otherwise authorized to be on school property within the goals of the Board. Under no circumstances shall an employee bring personal items in their workspace that could pose a safety hazard and/or cannot be readily stored from view (e.g., furnishings, equipment, appliances) without the written consent of the site/department administrator.

The Superintendent shall provide the Board with regular reports regarding the status of district facilities as evidenced by the district's facility inspection program as well as updates as to the status of any visits by the County Superintendent of Schools to district schools.

Conflict resolution strategies shall be considered as part of each school's comprehensive safety plan and incorporated into other District discipline procedures as appropriate. Conflict resolution programs shall not supplant the authority of staff to take appropriate action as necessary to prevent violence, ensure student safety, maintain order in the school, and institute disciplinary measures.

Board Policy Manual

Policy 5145.11: Questioning And Apprehension By Law Enforcement

Status: ADOPTED

Original Adopted Date: 05/14/2001 | Last Revised Date: 03/12/2012

The Governing Board is committed to providing a safe learning environment and cooperating with law enforcement officials and peace officers as necessary to help ensure the safety of students, staff, and the community and in carrying out their official duties.

- (cf. 0450 - Comprehensive Safety Plan)
- (cf. 3515.3 - District Police/Security Department)
- (cf. 5141.4 - Child Abuse Prevention and Reporting)
- (cf. 5145.12 - Search and Seizure)

In accordance with standards specified in law and court decisions, law enforcement officers may interview and question students on school premises and may remove them when appropriate. The Superintendent shall collaborate with local law enforcement agencies to develop parameters under which law enforcement officers will interview students at school.

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)

When any law enforcement official requests an interview with a student, the principal shall request that the official provide verification of his/her identity and official capacity and certify the legal authority under which the interview is being conducted. If the officer refuses to provide certification of the legal authority for the interview, the principal shall document such refusal and should consult with district legal counsel, as appropriate, before allowing the interview to proceed. The principal shall maintain a record of all documentation relative to law enforcement interviews of students.

If the officer needs to interview or question the student immediately, the principal shall accommodate the process in a way that causes the least possible disruption for the student and school, gives the student appropriate privacy, and models exemplary cooperation with law enforcement authorities.

Except in cases of child abuse or neglect, the principal shall attempt to notify the student's parent/guardian as soon as practical after law enforcement has interviewed the student on school premises.

At law enforcement's discretion and with the student's approval, the principal may be present during the interview.

If a minor student is removed from school into the custody of law enforcement, the principal shall immediately notify the parent/guardian or responsible relative regarding the student's release and the place to which he/she is reportedly being taken, except when the minor has been taken into custody as a victim of suspected child abuse. (Education Code 48906)

Subpoenas

Although subpoenas may legally be served at school on students age 12 or older, the Board believes that serving officials should be strongly urged to serve subpoenas at the home of the student whenever possible. When served at school, the principal shall take all reasonable steps to ensure a minimum of embarrassment and loss of class time for the student.

Status: ADOPTED

Original Adopted Date: 01/28/2008 | **Last Revised Date:** 05/09/2011[see more](#)

Each principal or designee shall establish school rules for the safe and appropriate use of school equipment and materials and for student conduct consistent with law, Board policy, and administrative regulation. Copies of the rules shall be distributed to parents/guardians and shall be readily available at the school at all times.

(cf. 0450 - Comprehensive Safety Plan)

(cf. 5131 - Conduct)

(cf. 5144 - Discipline)

Release of Student to Adult

Students shall be released during the school day in the custody of an adult only if:

1. The adult is the student's parent/guardian with custody.

(cf. 5021 - Noncustodial Parents)

2. The adult has been authorized on the student's emergency card as someone to whom the student may be released when the parent/guardian cannot be reached, and the principal verifies the individual's identification.

(cf. 5141 - Health Care and Emergencies)

(cf. 5141.1 - Accidents)

3. The adult is a properly authorized law officer acting in accordance with law.

(cf. 5145.11 - Questioning and Apprehension)

4. The adult is taking the student to emergency medical care at the request of the principal.

(cf. 5141.4 - Child Abuse Reporting Procedures)

Supervision of Students

Teachers shall be present at their respective rooms and shall open them to admit students not less than 30 minutes before the time when school starts. (5 CCR 5570)

Every teacher shall hold students accountable for their conduct on the way to and from school, on the playgrounds and during recess. (Education Code 44807)

Where playground supervision is not otherwise provided, the principal of each school shall provide for certificated employees to supervise the conduct and safety, and direct the play, of students who are on school grounds before and after school and during recess and other intermissions. (5 CCR 5552)

The principal shall:

1. Clearly identify supervision zones on the playground and require that supervisors remain outside at a location from which they can observe their entire zone of supervision.
2. Require that all individuals supervising students remain alert in spotting dangerous conditions, promptly report any such conditions to the principal, and file a written report on such conditions, as appropriate.
3. Establish emergency procedures that ensure swift response to accidents, fighting and situations that could become dangerous, such as overcrowding or unusual gatherings of students.

When determining the ratio of playground supervisors to students, the Superintendent shall consider the size of the playground area, the number of spots that are not immediately visible, and the age of the students.

The Superintendent shall ensure that teachers, teacher aides, yard aides and volunteers who supervise students receive training in safety practices and in supervisory techniques that will help them to forestall problems and resolve conflicts. Supervisors' training shall be documented and kept on file.

Playground Safety

Any new playground or any replacement of equipment or modification of components inside an existing playground shall conform to standards set forth by the American Society for Testing and Materials and the guidelines set forth by the U.S. Consumer Product Safety Commission. (Health and Safety Code 115725)

Any playground installed between January 1, 1994, and December 31, 1999, shall conform to these standards not later than 15 years after the date of installation. (Health and Safety Code 115725)

Activities with Safety Risks

Because of concerns about the risk to student safety, the principal shall not permit the following activities on campus or during school-sponsored events unless the activity is properly supervised and each participant has insurance coverage:

1. Trampolining
2. Scuba diving
3. Skate boarding or use of nonmotorized scooters
4. Hang gliding
5. Sailing
6. Water skiing
7. Snow trips
8. Bicycling

10. Target shooting
11. Horseback riding
12. Rodeo
13. Backpacking
14. Breakdancing
15. Other activities determined by the school principal to have a high risk to student safety

The cost of insurance coverage for such activities shall be borne by the student and/or student body consistent with law and Governing Board policy.

Students who operate or ride as a passenger on a bicycle, nonmotorized scooter or skateboard upon a street, bikeway or any other public bicycle path or trail shall wear a properly fitted and fastened bicycle helmet that meets the standards of law. Students also shall be required to wear such helmets while wearing in-line or roller skates. (Vehicle code 21212)

(cf. 3260 - Fees and Charges)

(cf. 3530 - Risk Management/Insurance)

(cf. 5143 - Insurance)

(cf. 6145 - Extracurricular and Cocurricular Activities)

(cf. 6142.8 - Comprehensive Health Education)

Eye Safety Devices

The Superintendent shall provide schools with eye safety devices for use whenever students are engaged in or observing an activity or using hazardous substances likely to cause injury to the eyes. (Education Code 32030, 32031)

(cf. 4157/4257/4357 - Employee Safety)

Eye safety devices may be sold to students for an amount not to exceed their actual cost to the district. (Education Code 32033)

Sun Safety

Students shall be allowed to use sun screen during the school day without a physician's note or prescription. (Education code 35183.5)

The Superintendent or designee may incorporate sun safety into the curriculum in order to increase students' understanding of the health risks associated with overexposure to ultraviolet radiation and to encourage students to engage in preventative practices.

Protection Against Insect Bites

To help protect students against insect bites or stings that may spread disease or cause allergic reactions, students shall be allowed to apply insect repellent provided by their parents/guardians, under the supervision of school personnel, and in accordance with the manufacturer's directions, when engaging in outdoor activities.

Student Photographs

To ensure the safety of our students, photographs of students will be taken as soon as possible but no later than 4 weeks of a student being enrolled in our school district. This requirement however will not apply to students whose parent or guardian has issued a restriction on the release of directory information. Updated photographs will be taken at least once per year. Photographs will be uploaded and stored on the student information system.

Status: ADOPTED

Original Adopted Date: 05/14/2001 | **Last Revised Date:** 02/27/2017[see more](#)

The Superintendent shall develop a plan for receiving and communicating information about registered sex offenders residing within District boundaries. He/she shall ensure, at a minimum, that the following components are part of the plan:

1. The Superintendent shall appoint a staff member to serve as liaison with law enforcement regarding these matters.
2. The Superintendent shall, at the beginning of each school year, contact local law enforcement to coordinate the receipt of information. Law enforcement shall be informed that all notifications and correspondence should be directed to the District liaison as well as the individual school sites. A letter shall be sent annually to local law enforcement, identifying the name, phone number and address of the District liaison.
3. The Superintendent and the District liaison shall collaborate with law enforcement in order to alert children to the dangers of sex offenders, develop a system for distributing information about sex offenders, and train school staff and parents/guardians about the roles and responsibilities of both the District and law enforcement.
4. The Superintendent shall, at the beginning of each school year, notify parents/guardians of the District's willingness and intention to work with law enforcement on this matter and shall explain the appropriate roles and responsibilities of both the District and law enforcement.

This communication shall also explain:

- a. The reporting requirements pursuant to Penal Code 290 and 290.45, including the fact that law enforcement is the agency best able to assess the relative danger of an offender
 - b. The ability of the parents/guardians to contact law enforcement for additional information and to view the information on the Megan's Law Internet website
5. When law enforcement notifies the district of the residency or employment of a sex offender within district boundaries, the Superintendent shall consult with law enforcement about the appropriate scope of the disclosure. When authorized by law enforcement, the Superintendent may disclose information about a sex offender to the following staff:
- a. The principal of the school which is in the attendance area of the sex offender's residence or place of employment
 - b. Teachers and classified personnel at that school, including staff responsible for visitor registration
- (cf. 1250 - Visitors/Outsiders)
- c. Principals and staff at adjacent schools, as appropriate
 - d. Bus drivers
 - e. Yard supervisors
6. Any staff member who receives information directly from law enforcement regarding registered sex offenders shall immediately contact the Superintendent in order to help ensure that the District is able to respond appropriately.
7. If an identified sex offender is seen on or nearby school grounds or around any student, staff shall immediately contact the Superintendent. A staff member may also inform local law enforcement.

Notification to Parents/Guardians

When law enforcement has determined that parents/guardians should be notified regarding the presence of a sex offender in the community, the Superintendent shall collaborate with local law enforcement in order to determine an appropriate response. This response may include:

1. An article in a school or parent council newsletter notifying parents/guardians that law enforcement information about registered sex offenders is available at the local law enforcement agency headquarters and/or at the school office. This article shall encourage parents/guardians to contact local law enforcement and access the Department of Justice's Megan's Law Internet website for additional information.
2. A mailing, at law enforcement's expense, prepared by law enforcement, and printed on law enforcement letterhead and envelopes, notifying parents/guardians of the presence of registered sex offenders. This notification shall encourage parents/guardians to contact local law enforcement and access the Department of Justice's Megan's Law Internet website for additional information.

Whenever the principal has granted permission to a person who is required to register as a sex offender pursuant to Penal Code 290 to come into a school building or upon school grounds to volunteer at the school, he/she shall notify the parent/guardian of each student at that school, at least 14 days in advance using one of the methods specified in Education Code 48981, that a registered sex offender has been granted such permission, the date(s) and times for which permission has been granted, and the parent/guardian's right to obtain information regarding the person from a designated law enforcement agency. (Penal Code 626.81)

>> Policy 5141.52: Suicide Prevention

Status: ADOPTED

Original Adopted Date: 06/26/2017

[see more](#)

The Governing Board recognizes that suicide is a leading cause of death among youth and that school personnel who regularly interact with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. To attempt to reduce suicidal behavior and its impact on students and families, the Superintendent shall develop measures and strategies for suicide prevention, intervention, and postvention.

In developing measures and strategies for use by the district, the Superintendent may consult with school health professionals, school counselors, school psychologists, school social workers, administrators, other staff, parents/guardians, students, local health agencies, mental health professionals, and community organizations.

- (cf. 1020 - Youth Services)
- (cf. 1220 - Citizen Advisory Committees)
- (cf. 1400 - Relations Between Other Governmental Agencies and the Schools)

Such measures and strategies shall include, but are not limited to:

1. Staff development on suicide awareness and prevention for teachers, school counselors, and other district employees who interact with students in the secondary grades
- (cf. 4131/4231/4331 - Staff Development)
2. Instruction to students in problem-solving and coping skills to promote students' mental, emotional, and social health and well-being, as well as instruction in recognizing and appropriately responding to warning signs of suicidal intent in others
- (cf. 6142.8 - Comprehensive Health Education)
3. Methods for promoting a positive school climate that enhances students' feelings of connectedness with the school and that is characterized by caring staff and harmonious interrelationships among students
- (cf. 5131 - Conduct)
- (cf. 5131.2 - Bullying)
- (cf. 5137 - Positive School Climate)
- (cf. 5145.3 - Nondiscrimination/Harassment)
- (cf. 5145.7 - Sexual Harassment)
- (cf. 5145.9 - Hate-Motivated Behavior)
4. The provision of information to parents/guardians regarding risk factors and warning signs of suicide, the severity of the youth suicide problem, the district's suicide prevention curriculum, basic steps for helping suicidal youth, and/or school and community resources that can help youth in crisis
5. Encouragement for students to notify appropriate school personnel or other adults when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions
6. Crisis intervention procedures for addressing suicide threats or attempts
7. Counseling and other postvention strategies for helping students, staff, and others cope in the aftermath of a student's suicide
- As appropriate, these measures and strategies shall specifically address the needs of students who are at high risk of suicide, including, but not limited to, students who are bereaved by suicide; students with disabilities, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning youth. (Education Code 215)

7. District procedures for intervening when a student attempts, threatens, or discloses the desire to die by suicide

Instruction

The district's comprehensive health education program shall promote the healthy mental, emotional, and social development of students and shall be aligned with the state content standards and curriculum framework. Suicide prevention instruction shall be incorporated into the health education curriculum at appropriate secondary grades and shall be designed to help students:

1. Identify and analyze signs of depression and self-destructive behaviors and understand how feelings of depression, loss, isolation, inadequacy, and anxiety can lead to thoughts of suicide

2. Develop coping and resiliency skills and self-esteem

3. Learn to listen, be honest, share feelings, and get help when communicating with friends who show signs of suicidal intent

4. Identify trusted adults, school resources, and/or community crisis intervention resources where youth can get help and recognize that there is no stigma associated with seeking services for mental health, substance abuse, and/or suicide prevention

(cf. 1020 - Youth Services)

(cf. 5131.6 - Alcohol and Other Drugs)

(cf. 5141.6 - School Health Services)

(cf. 6142.8 - Comprehensive Health Education)

(cf. 6164.2 - Guidance/Counseling Services)

Intervention

Students shall be encouraged to notify a teacher, principal, counselor, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.

Every statement regarding suicidal intent shall be taken seriously. Whenever a staff member suspects or has knowledge of a student's suicidal intentions based on the student's verbalizations or act of self-harm, he/she shall promptly notify the principal or school counselor.

Although any personal information that a student discloses to a school counselor shall generally not be revealed, released, referenced, or discussed with third parties, the counselor may report to the principal or student's parents/guardians when he/she has reasonable cause to believe that disclosure is necessary to avert a clear and present danger to the health, safety, or welfare of the student. In addition, the counselor may disclose information of a personal nature to psychotherapists, other health care providers, or the school nurse for the sole purpose of referring the student for treatment. (Education Code 49602)

(cf. 5141 - Health Care and Emergencies)

A school employee shall act only within the authorization and scope of his/her credential or license. An employee is not authorized to diagnose or treat mental illness unless he/she is specifically licensed and employed to do so. (Education Code 215)

Whenever schools establish a peer counseling system to provide support for students, peer counselors shall receive training that includes identification of the warning signs of suicidal behavior and referral of a suicidal student to appropriate adults.

(cf. 5138 - Conflict Resolution/Peer Mediation)

When a suicide attempt or threat is reported, the principal or designee shall ensure student safety by taking the following actions:

1. Immediately securing medical treatment and/or mental health services as necessary
2. Notifying law enforcement and/or other emergency assistance if a suicidal act is being actively threatened
3. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene
4. Removing other students from the immediate area as soon as possible

(cf. 0450 - Comprehensive Safety Plan)

(cf. 5141 - Health Care and Emergencies)

The principal or designee shall document the incident in writing, including the steps that the school took in response to the suicide attempt or threat.

(cf. 5125 - Student Records)

The Superintendent shall follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed. If the parent/guardian does not access treatment for the student, the Superintendent may meet with the parent/guardian to identify barriers to treatment and assist the family in providing follow-up care for the student. If follow-up care is still not provided, the Superintendent or designee shall consider whether he/she is required, pursuant to laws for mandated reporters of child neglect, to refer the matter to the local child protective services agency.

(cf. 5141.4 - Child Abuse Prevention and Reporting)

For any student returning to school after a mental health crisis, the principal or designee and/or school counselor may meet with the parents/guardians and, if appropriate, with the student to discuss re-entry and appropriate next steps to ensure the student's readiness for return to school.

Postvention

In the event that a student dies by suicide, the Superintendent shall communicate with the student's parents/guardians to offer condolences, assistance, and resources. In accordance with the laws governing confidentiality of student record information, the Superintendent shall consult with the parents/guardians regarding facts that may be divulged to other students, parents/guardians, and staff.

The Superintendent shall implement procedures to address students' and staff's grief and to minimize the risk of imitative suicide or suicide contagion. He/she shall provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. School staff may receive assistance from school counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

Any response to media inquiries shall be handled by the district-designated spokesperson who shall not divulge confidential information. The district's response shall not sensationalize suicide and shall focus on the district's postvention plan and available resources.

(cf. 1112 - Media Relations)

After any suicide or attempted suicide by a student, the Superintendent shall provide an opportunity for all staff who responded to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

The student's parent/guardian shall provide written permission explaining the planned use of the weapon and the duration. The student shall also submit a written explanation from the staff person responsible for the school-sponsored activity or class.

On a case-by-case basis, the principal shall determine whether to grant permission for such possession when necessary for a school-sponsored activity or class or as part of the educational program. Factors that shall be considered include, but are not limited to, the planned use of the weapon, the duration and location of the planned use, whether an audience is expected, and any perceived adverse effects to the safety and well-being of students or staff. If the principal grants such permission, he/she shall provide the student and staff person with a written explanation regarding any limitations and the permissible duration of the student's possession.

When the principal grants permission, he/she shall take all necessary precautions to ensure the safety of all persons on school grounds, including, but not limited to, inspecting a firearm to verify that no live ammunition is present. Any weapon allowed shall be stored in a locked vehicle or in an appropriate, locked container before and after its authorized use.

A student granted permission to possess a weapon may be suspended and/or expelled if he/she possesses or uses the weapon inappropriately.

Possession of Pepper Spray

To prevent potential misuse that may harm students or staff, students are prohibited from carrying tear gas or tear gas weapons such as pepper spray on campus or at school activities.

Reporting of Dangerous Objects

The Board encourages students to promptly report the presence of weapons, (injurious objects or other suspicious activity to school authorities. The identity of a student who reports such activity shall remain confidential to the extent permitted by law.

(cf. 5125 - Student Records)

The Superintendent shall develop strategies designed to facilitate student reporting of the presence of injurious objects on school grounds, such as tip hotlines, electronic

transmissions, or other methods that preserve the student's anonymity. Incident reports and records shall not identify the student who reported the possession. The Superintendent also shall inform staff, students and parents/guardians that students who report the presence of injurious objects on school campuses are to be protected and their identity shielded.
