CLASS RANK

Rank-in-class for students at Brentwood High School is based upon a quality point system that awards points both on the grade earned in a course and the degree of difficulty of the subject. The quality point rank is based on grades in all subjects. The student's rank is his/her relative position in the entire class, not his/her rank among college-bound students only. Each course is assigned a specific level that relates to its degree of difficulty, ranging from a 1.2 for Advanced Placement, 1.1 for Honors-level, and 1.0 for Regents-level classes.

A student must complete a minimum of 15 credits in order to enter the senior class and thereby be included in the class rank. In addition, he/she must pass four of the five required Regents examinations for graduation. All credits earned by a student at Brentwood High School or another accredited institution (college or high school) from the time that the pupil enters eighth grade are included in the class rank process, provided an official transcript (including grades and credits earned) is received by the counseling center. The total quality points will be divided by the total number of credits to determine a student's class rank.

EXTRA-CURRICULAR ACTIVITIES

Brentwood High School is proud to offer numerous co-curricular clubs designed to make students' high school years most enjoyable, while promoting a sense of belonging, active leadership, and cultivating friendships. From Freshman Orientation to Senior Graduation, students have the opportunity to participate in a myriad of activities.
