

Dear IA Families,

On behalf of Bloomfield Hills school Nutrition Services, I would like to take this opportunity to welcome our students to the 2022 – 2023 school year! We hope you enjoyed your summer and are ready and excited to start school. We, as Aramark Student Nutrition, are pleased to be your school district's food service provider.

To help prepare for your child's return to school, we want to share important news that will affect many families: You may have heard that as of June 30, 2022, our district is no longer able to provide free meals to all students as we have during the past few years because of the COVID pandemic.

The cost of lunch for preschool students in the 2022-23 school year will be \$3. 90 unless your child is approved for free or reduced price meals (\$.40). All complete meals served in our program will include whole grains, protein, fruits, vegetables and milk. Please see our menus for detailed information as to what will be served daily.

As we reopen for the new school year, Aramark Student Nutrition is *Powering Potential* for students and faculty with innovations in our menus and enhancements to our overall dining operations. When your child chooses to eat school meals, rest assured that they will be delicious and nutritious!

We look forward to working for you to create a healthy learning environment for all students. To apply for free or reduced-price school meals, visit the foodservice page on the Bloomfield Hills website <https://www.bloomfield.org/departments/lunch> where you can find more information and applications for this program. You can also call our office (248)341-5671 or email us at foodservices@bloomfield.org.

Sincerely,

Marianne Romsek
Food Service Director
