MESSAGE FROM THE SUPERINTENDENT

As I begin my first year as Superintendent of Carroll County Public Schools, I am excited to welcome our students and staff to the 2022-2023 school year! A brand new year brings a fresh start and new opportunities for our students to continue to learn, grow, and succeed.

We are very proud of the tremendous strides our students have made in recovering academically from the pandemic. This could not have been accomplished without their hard work and the guidance and support of our dedicated teachers, administrators, and employees. The encouragement and involvement of parents and guardians were also vital to our recovery efforts. We look forward to focusing on academics and continuing our progress in the year ahead.

As parents and guardians, you play a critical role in our schools and our school system. One of the most important things you can do for your child is to take an active interest in their education. There are many ways to become involved, from being a volunteer at your child’s school to simply discussing class work at home. We encourage parents to partner with teachers and school administrators to ensure the success of their child.

In this Informational Calendar Student/Parent Handbook, you will find the resources you need throughout the school year. It includes useful information regarding all aspects of our school system, as well as the programs, policies, and procedures that help guide our day-to-day operations.

Best wishes for a wonderful school year!

Cynthia McCabe
Superintendent of Schools

NON-DISCRIMINATION STATEMENT
The Board of Education of Carroll County does not engage in discrimination that is unlawful or contrary to Maryland State Department of Education guidance on the basis of age, color, genetic information, marital status, mental or physical disability, ancestry or national origin, race, religion, sex, sexual orientation, gender identity, or gender expression.

The Board of Education of Carroll County is firmly committed to creating equal employment and educational opportunities for all persons by providing an environment that supports optimal academic achievement and productive work and is free from any form of unlawful discrimination, including access to school facilities, educational programs, and extracurricular activities.

The following person has been designated to handle inquiries regarding the non-discrimination policies: Director of Human Resources, 125 North Court Street, Westminster, Maryland 21157, (410) 751-3070.

TITLES VI AND VII OF THE CIVIL RIGHTS ACT OF 1964
Titles VI and VII of the Civil Rights Act of 1964 prohibit discrimination in the provision of programs and services (Title VI) and in employment practices (Title VII). All students and employees in the CCPS are covered by these laws. They require that the system must provide equal opportunity in admissions, athletics, counseling, access to courses, and employment policies regarding race, color, or national origin.

For questions or concerns regarding Titles VI and VII, please contact the Director of Student Services, (410) 751-3123, or the Director of Human Resources, (410) 751-3070, 125 North Court Street, Westminster, Maryland 21157.

TITLES I AND II OF THE AMERICANS WITH DISABILITIES ACT
The CCPS does not discriminate on the basis of disability in employment or provision of services, programs or activities. Persons needing auxiliary aids and services for communication should contact the Communications Office at 410-751-3020 or publicinfo@carrollk12.org, or write to Carroll County Public Schools, 125 North Court Street, Westminster, Maryland 21157. Persons who are deaf, hard of hearing, or have a speech disability, may use Relay or 7-1-1. Please contact the school system at least one (1) week in advance of the date the special accommodation is needed.

Information concerning the Americans with Disabilities Act is available from the Director of Facilities Management, (410) 751-3177, or the Communications Officer, (410) 751-3020, 125 North Court Street, Westminster, Maryland 21157.

SECTION 504 OF THE REHABILITATION ACT OF 1973
Section 504 of the Rehabilitation Act of 1973 prohibits discrimination based on disability. Inquiries regarding students’ rights related to Section 504 of the Rehabilitation Act of 1973 should be addressed to the CCPS 504 Coordinator. All other Section 504 related questions should be addressed to the CCPS Director of Human Resources at 410-751-3070.

TITLE IX OF THE EDUCATION AMENDMENTS OF 1972
Title IX is that portion of the Educational Amendments of 1972 which prohibits discrimination on the basis of sex in educational programs or activities receiving federal funds. All students and employees in Carroll County Public Schools are covered by this law. It requires that the system must provide equal opportunity in admissions, athletics, counseling, access to courses, employment policies regarding marital or parental status of students, and treatment of students.

The United States Department of Education (USDE) maintains that gender identity is covered under Title IX. CCPS shall adopt guidelines and practices to ensure compliance.

For questions or concerns regarding Title IX, please contact one of the Title IX Coordinators: the Equity and Inclusion Officer (410) 386-1680, or the Supervisor of Athletics, (410) 751-3059, 125 North Court Street, Westminster, Maryland 21157.
SERVICE ANIMALS IN SCHOOLS
The Carroll County Public Schools acknowledges its responsibility to permit students and/or adults with disabilities to be accompanied by a “service animal” in its school buildings, in classrooms, and at school functions, as required by the Americans with Disabilities Act, 28 CFR Part 35.

Procedures for service animals are available on the CCPS website or by calling the Supervisor of Student Services – Student Support, (410) 386-1822.

NON-DISCRIMINATION GRIEVANCE PROCEDURE
The CCPS has adopted an internal grievance procedure providing for prompt and equitable resolution of complaints alleging any discriminatory action prohibited by applicable laws. Any person who believes she or he has been subjected to discrimination on the basis of disability may file a grievance under this procedure. It is against the law for the CCPS or any of its employees to retaliate against anyone who files a grievance or cooperates in the investigation of a grievance.

Grievances or complaints related to allegations of discrimination should be addressed to the Director of Human Resources, 125 North Court Street, Westminster, Maryland 21157, (410) 751-3070.

Procedure:
• Grievances must be submitted to the Director of Human Resources within 20 calendar days of the date the person filing the grievance becomes aware of the alleged discriminatory action.
• A complaint must be in writing, containing the name and address of the person filing it. The complaint must state the problem or action alleged to be discriminatory and the remedy or relief sought.
• The Director of Human Resources (or her/his designee) shall conduct an investigation of the complaint. This investigation may be informal, but it must be thorough, affording all interested persons an opportunity to submit evidence relevant to the complaint. The Director of Human Resources will maintain the files and records for the CCPS relating to such grievances.
• The Director of Human Resources (or her/his designee) will issue a written decision on the grievance no later than 30 days after its filing.
• The person filing the grievance may appeal the decision of the Director of Human Resources (or her/his designee) by writing to the Superintendent of Schools within 15 days of receiving the written decision from the Director of Human Resources (or her/his designee). The Superintendent of Schools shall issue a written decision in response to the appeal no later than 30 days after its filing.

The availability and use of this grievance procedure does not prevent a person from filing a complaint of discrimination with the U. S. Department of Education, Office for Civil Rights, the Equal Employment Opportunity Commission, or the Maryland Commission on Human Relations. In addition, employees may submit a grievance in accordance with the terms of their negotiated collective bargaining agreements.

The CCPS will make appropriate arrangements to ensure that persons with disabilities are provided other accommodations, if needed, to participate in this grievance process. Such arrangements may include, but are not limited to, providing interpreters for the deaf, providing recording of materials for the blind, or assuring a barrier-free location for the proceedings. The Director of Human Resources will be responsible for such arrangements.

COMMUNICATIONS OFFICE
One of the primary roles of the Communications Office is to encourage and facilitate communication between the school system and the community. The office serves as a resource for parents/guardians, community members, businesses, and other individuals interested in the school system by providing information, answering questions, and addressing concerns.

The office is involved in numerous other activities, including SchoolMessenger, the school system website, social media, publications, and the Teacher of the Year Program. In addition, Carroll Educational Television Channel 21 is part of the Communications Office. The office also is responsible for inclement weather and emergency notifications and providing special accommodations to community members.

If you have questions about the school system or need additional information, please e-mail us at publicinfo@carrollk12.org or call 410-751-3020.

SCHOOLMESSENGER
Carroll County Public Schools uses SchoolMessenger to provide parents with information from their child’s school and the school system. This service enhances the ability of the schools to communicate with parents and members of the school community. It delivers both e-mail and phone alerts at no charge to parents. Parents may also opt in to receive text messages.

There is no need to sign up for this service. All information is taken from the emergency procedure cards. Parents/guardians are automatically enrolled in the system. If at any time you need to update your contact information, please call your child’s school office.

Messages and announcements sent through SchoolMessenger may include:
- closings due to inclement weather or other emergencies
- information from the Superintendent and Board of Education
- school newsletters
- attendance calls
- report card reminders
- parent organization updates
- notices of upcoming events
- cancellation notices
- calendar reminders.

CHANNEL 21
Carroll Educational Television – CETV Channel 21 is a part of the Communications Office and is one of the vital ways the school system communicates with the community. CETV can be seen on the local Comcast network on channel 21 and on the CMC HD channel on channel 1086 for CCPS special programs.

CETV serves cable subscribers with educational and school-based programs and offers a variety of programming including a video bulletin board, information regarding school closings related to inclement weather, emergency announcements, Board of Education meetings, graduations and programs of general educational interest to the community.

CETV Channel 21 is also streamed live on the school system’s website and produces video for the CETV YouTube channel. Many past programs are also available on the YouTube page. You can access the channel online by going to CETV - Carroll County Public School District (carrollk12.org).

For additional information about CETV Channel 21, please call 410-751-3493 or send an e-mail to channel21@carrollk12.org. For a programming schedule, please visit CETV-21 (carrollk12.org).

CONSENT AND RELEASE
Permission to Photograph, Videotape or Audiotape
Throughout the school year, the Carroll County Public School System frequently covers school activities and may use your child’s photograph, video image, or voice for educational, informational, or public relations purposes, with or without identification by name.

If you do not wish to have your child’s voice reproduced on tape or to have his/her image appear in such things as a video or a photograph, or on the school or school system website or social media, please notify the school principal in writing. It is assumed that parents and guardians consent to their children being audiotaped, photographed, videotaped, or having their image placed on a school website or social media by the school system unless such notification is received.

There are also occasions when the media cover certain school events (such as when a government leader visits a school). If you do not wish to have your child’s name or likeness published by the media, you should address your concerns directly to the school involved so that the media is so advised. Please be advised that the school system has no control over the media when they are covering activities such as sporting events and musical programs that are open to the public.

Use of Student Work on Websites or in Publications
There may be times throughout the year when the Carroll County Public School System wishes to display student work on school websites, social media, or in publications. If you do not wish to have your child’s art, poetry, writing, etc. appear on school websites, social media, or in publications, please notify the school principal in writing. It is assumed that parents and guardians consent to their child’s work being displayed on school websites, social media, or in publications unless such notification is received.
CONSTITUTIONALLY PROTECTED PRAYER
Prayer during noninstructional time
Students may pray when not engaged in instruction, as long as they do not cause a “material disruption.” Students may pray, alone or together, during noninstructional time, to the same extent that they may engage in nonreligious activities.

Organized prayer groups and activities
Students may organize prayer groups, religious clubs, and gatherings, to the same extent they are allowed to organize other noncurricular groups. Carroll County Public Schools must give religious groups the same access to school facilities as they give other non-curricular groups. If Carroll County Public Schools allows nonreligious groups to advertise or announce meetings using the school newspaper, the public address system, or leaflets, it must grant religious groups the same privileges. Carroll County Public Schools may disclaim sponsorship of non-curricular groups and events, if it does so in a manner that neither favors nor disfavors religious groups.

Teachers, administrators, and other school employees
School employees “in their official capacity” may not encourage or discourage prayer or actively participate in it with students. Teachers may participate in religious activities where the “overall context makes clear” they are not participating in “their official capacity.”

Moment of Silence
In accordance with Section 7-104 of the Education Article, Annotated Code of Maryland, all students may be required to “…participate in opening exercises on each morning of a school day and to meditate silently for approximately one minute.” It is the policy of the Board of Education of Carroll County that schools be required to have a moment of silence for approximately one minute each school day. During this moment of silence, the Carroll County Public Schools shall neither advance nor inhibit silent religious activity.

Accommodation of prayer during instructional time
Carroll County Public Schools may dismiss students for off-site religious instruction, as long as it does not encourage or discourage participation. Students may be excused from class for religious exercises, as long as this does not “materially burden” other students. If Carroll County Public Schools excuses students from class for nonreligious reasons, it may not treat religious requests less favorably.

Religious expression and prayer in class assignments
Students may express religious beliefs in oral and written class assignments. Such assignments should be judged by ordinary academic standards and legitimate pedagogical concerns.

Student assemblies and extracurricular events
Student speakers at assemblies and extracurricular events may not be selected on a basis that favors or disfavors religious speech. If student speakers are selected with “genuinely neutral, evenhanded criteria” and “retain primary control” over their expression, their speech is not attributable to the school and cannot be restricted because of a religious or anti-religious message. However, if district employees “determine or substantially control the content” of the speech, the speech is attributable to the school and may not contain a religious or anti-religious message.

To avoid being perceived as endorsing student speech, Carroll County Public Schools may make an “appropriate, neutral disclaimer” clarifying that it does not endorse the speech. But then it must also issue such disclaimers for nonreligious speech.

Prayer at graduation
Carroll County Public Schools may not mandate or organize prayer at graduation or select speakers in a way that favors religious speech. However, if speakers are selected on the basis of “genuinely neutral, evenhanded criteria” and “retain primary control” over their expression, the speech is not attributable to the school and may not be restricted because of religious or antireligious content.

To avoid being perceived as endorsing speech, Carroll County Public Schools may make an “appropriate, neutral disclaimer” clarifying that it does not endorse the speech. But then it must also issue such disclaimers for nonreligious speech.

Baccalaureate ceremonies
Carroll County Public Schools may not mandate or organize religious baccalaureate ceremonies. If Carroll County Public Schools makes its facilities and related services available to other private groups, it must make them available on the same terms for religious baccalaureate ceremonies.

Carroll County Public Schools may disclaim official endorsement of these events in a manner that does not favor or disfavor religious groups.
FRAUD HOTLINE
The Board of Education and the Superintendent encourage any concerned individual to report potential fraud, waste, or abuse. Citizens wishing to provide information may do so by calling 410-386-1668 or by submitting a form by mail, email, or in person by visiting the Office of Internal Audit website. Persons reporting may leave contact information or remain anonymous. To the extent allowed by law, the Board of Education will seek to maintain the confidentiality of such reports. Reports are given careful attention and handled promptly and discreetly. In accordance with Board Policy BHC, no retaliatory action will be taken against any employee reporting in good faith.

VOLUNTEER PROGRAM
Volunteers are dedicated individuals who are valued by Carroll County Public Schools. Volunteering is an excellent way for parents/guardians, families, community members, and business partners to build and strengthen ties with the school system.

Volunteers engage in activities that support meaningful student learning by encouraging them to reach their highest potential. Activities include, but are not limited to event ticket collection, concession stand operation, guest speaking, reading to students, helping in classrooms, tutoring, chaperoning, and mentoring students.

We invite you to invest in the success of Carroll County Public Schools students by donating your time and talents.

For more information regarding the Volunteer Program and how to become a volunteer, please click Operations on the CCPS website at www.carrollk12.org, click Human Resources, scroll down, click Volunteer Program, and then click Volunteer Training and complete the application in its entirety.

STUDENT ACCIDENT INSURANCE
Each year a student accident insurance policy is offered to the students of Carroll County at parent expense. It is designed to cover medical payments resulting from accidental bodily injuries received by a student while covered under the policy. The coverage is not intended to replace other insurance. It should be considered as a supplement to other health and accident insurance coverages.

FOOD SERVICES
A variety of breakfast and lunch choices are available daily. All students can purchase breakfast and lunch at school. Carroll County Public Schools’ participation in the Federal Child Nutrition Programs helps maintain reasonable meal pricing and provides some students with meals for free. Households can apply for meal benefits at www.myschoolapps.com. One application can be completed for the entire household when all members are listed. Parents may apply for benefits at any time during the school year. Eligibility for meal benefits may help families receive additional resources such as subsidized internet service, sports fee waivers and field trip fee waivers so it is important to apply if you meet eligibility guidelines.

Food choices offered to students include multiple entrees, fresh fruits and vegetables (purchased locally when available), whole grain breads and rolls, and flavored and unflavored milk. Although students select the foods that they want, they must take a minimum number of items for a breakfast and a lunch. At least one of their choices must be a fruit or vegetable. Menus, along with meal prices, are distributed or posted in each school and posted on the website. Meals are analyzed to meet federal nutritional requirements. Snacks that meet the Federal Smart Snacks in Schools regulations are also available for students to purchase to supplement school lunches and packed lunches.

Cafeterias have computerized cash registers. Students enter their Personal Identification Number (PIN) and proceed to the cashier. Students pay for purchases using cash or using money placed “on account.” Parents can deposit money on account by sending cash or a check to school with their child or by using an online payment service at www.myschoolbucks.com. Parents can contact the cafeteria manager to designate the money on account for meals and/or snack items. Putting money on account is a convenient way to ensure that money won’t be lost by the student or forgotten in the morning rush. Account money remains on your child’s account until they graduate or leave CCPS. Students can charge up to two days of breakfasts and lunches before receiving a sandwich meal.

Nutrition is an important part of children’s health and well-being and provides the fuel to learn, making them more responsive to classroom instruction. CCPS is committed to promoting student wellness and assuring that our school meals meet federal nutrition standards. Visit the website to learn more about our School Health Council and our Wellness Policy.

TRANSPORTATION SERVICES
Approximately 24,500 students are eligible to be transported to school each day. The 254 buses on which students ride travel in excess of 5,300,000 miles during a school year. The buses are thoroughly safety tested and inspected four times a year according to guidelines set by the Maryland Motor Vehicle Administration. All of the approximately 350 school bus drivers and 100 bus assistants undergo a comprehensive training program before they may drive or assist and must continue an in-service program of training during each school year. In addition, drivers are required to meet health and driving record standards.

Transportation is provided for all elementary students and for middle and high school students who live more than a mile from school. Exceptions are made only in cases where walking conditions are hazardous. Bus stops can be no closer than ¼ mile apart unless unusual circumstances exist.

Students are expected to be at the bus stop five minutes before the bus arrives and to wait in a reasonable and safe manner. Parents are urged to teach safe pedestrian habits to their children as well as to follow the School Bus Stop Law for loading and unloading buses.

It is the responsibility of the parent or guardian to provide supervision for their child(ren) while walking to, from, or waiting at the designated bus stop, or while walking to and from school if they reside in the designated non-transported area. A student may be denied the privilege of riding a bus when the behavior of the student is in violation of regulations or is such that it endangers the safety of other students on the bus.

Video/audio cameras are placed on school buses to protect students and staff and provide for a safe and orderly environment. The privacy of students and the recording are kept secure and are reviewed only by authorized Carroll County Public Schools personnel.

TECHNOLOGY SERVICES
Technology Services is a service-oriented department that provides support to operational, administrative, and instructional components of the school system. Effectiveness, efficiency, safety, and security are the guiding principles that govern all initiatives of the department.

The mission of the Technology Services Department is to provide a secure infrastructure and service-oriented environment in which student achievement is enhanced through a set of information age tools and skills accessible by all members of our interdependent, technology-linked learning community.

The primary functions of Technology Services are to:

- Enable the school system in functioning more effectively and efficiently in its daily operations.
- Support student success by:
  - Providing technology to enhance student instruction
  - Preparing students through the use of technology to successfully function and meet the challenges of a rapidly growing technological world.

**USE OF SCHOOL FACILITIES**

It is the intent of the Board of Education of Carroll County and school system personnel, and in compliance with Sections 7-108 and 7-110 of the Education Articles of the Annotated Code of Maryland, to provide for the use of school facilities for community purposes when such use does not interfere with the scheduled school program.

An online application, regulations and requirements for use may be found at: [https://events.dudesolutions.com/community/carrollk12](https://events.dudesolutions.com/community/carrollk12).

The Board of Education reserves the right to reject any application.

**ASBESTOS NOTICE**

The Asbestos Hazard Emergency Response Act (AHERA) requires all buildings owned or leased by the Board of Education of Carroll County to prepare, update and make available all asbestos management plans. The building asbestos management plans are available for review at the individual Carroll County school locations and at the Office of Facilities Operations, located at 191 Schaeffer Avenue, Westminster, MD 21157.

Asbestos management plans are required by the United States Environmental Protection Agency (EPA) and depict the location, amount, condition, and response action projected for any asbestos containing materials (ACM), if any are located in the school or building.

**INTEGRATED PEST MANAGEMENT**

The Integrated Pest Management (IPM) program employed by Carroll County Public Schools uses inspection, monitoring, employee education, and sanitation practices to minimize the use of pesticides in our schools. Pesticides are to be used as the last resort.

Maryland law requires that school staff and parents/guardians of all elementary school students be notified automatically prior to application of any pesticides. Parents/guardians of secondary students can request to be placed on a pesticide notification list by contacting the Facilities/Operations Office at 410-751-3470.

Carroll County Public Schools notifies all students and staff by posting a notice of a planned pesticide application 24 hours prior to scheduled applications of pesticides on school property. Parents/guardians of all elementary students are notified prior to the application of any pesticides. Secondary schools are notified prior to the application of any pesticides in the form of a posted notice at the area of pesticide application and in a central location accessible to parents, guardians, students, and staff. If an emergency pest control situation arises and a pesticide is used, notification will be made within 24 hours after a pesticide is applied, or on the next school day. Space spraying of a pesticide throughout an entire room or area by a fogger or aerosol device requires a one-week advance notice to each parent, guardian, and staff member. The written notice shall be sent home with students and provided to staff members. New students or staff arriving after the start of the school year will be provided with the CCPS IPM information upon admittance or hiring. The notification will provide the following information:

1. Common name of the pesticide applied
2. Location of the application
3. Date and time of application
4. The following language: “The Office of Pesticide Programs of the United States Environmental Protection Agency has stated: ‘Where possible, persons who potentially are more sensitive, such as pregnant women and infants (less than 2 years old), should avoid any unnecessary pesticide exposure.’”
5. A brief description approved by the Maryland Department of Agriculture, of potential adverse effects, based upon the material safety data sheet of the pesticide applied

INCLEMENT WEATHER SCHOOL CLOSING DECISIONS
Carroll County Public Schools understands that the decision to open or close schools in inclement weather has a big effect on families. We also understand that our students are better served, both academically and socially, by being in school. However, our top priority, as always, is the safety of our students.

Who makes the decision?
The Superintendent of Schools is responsible for the final decision, based on recommendations from the Director of Transportation Services.

How is the decision made?
When the school system is advised by the weather service that storm conditions exist, three or four Transportation officials are sent out at 3:00 a.m. to survey the roads. Each section of the county is driven to determine if the roads are, or will be, safe for children to travel on school buses. Transportation staff is in constant contact with weather stations, county and state government staff, police, transportation officials in other counties, and each other during the road and weather assessment.

While on the road, the following factors are used to develop the recommendation for closing school:
• Existing road conditions across the entire county. Remember, even if your street or road looks clear, travel elsewhere in the county may be dangerous.
• Amount of snow and ice that has accumulated and whether it will continue.
• Temperature, both air and road.
• Weather predictions – The school system prefers not making a decision based on weather predictions, which are not always accurate. However, weather predictions are considered in combination with existing conditions.
• School parking lots (both student and staff).
• Other traffic (other traffic can slide into buses or make waiting at bus stops dangerous).
• Other factors specific to the current weather pattern or conditions.

When is the decision made?
The decision will be made no later than 6:00 a.m. in order to notify radio and TV stations; send out an e-mail, phone alert, and text message on SchoolMessenger; and post the decision on the CCPS website, social media, and Channel 21.

How is the public notified?
Parents will receive a SchoolMessenger phone message and e-mail notifying them of a late opening, closing, or early dismissal. Parents may opt-in to receive text messages. In this calendar is a list that provides parents and students with the radio and TV stations that will have up-to-date information on school closings. You can also check the CCPS website at www.carrollk12.org or Carroll Educational Television - Channel 21.

Will we close school when weather conditions worsen?
Keep in mind that even if weather conditions change, a decision cannot be reversed during the morning run without affecting students and their parents and/or families.

Once the decision is made to open schools, many parents rely on this decision and leave for work. If it were decided to send students back home, many may return to unsupervised conditions. When weather conditions change during the school day, it may be necessary to have an early dismissal. The school system will strive to give adequate notice to parents first.

Two-hour delay with re-evaluation:
There may be times when the school system will announce a 2-hour delay with re-evaluation. A second announcement will be made by 7:15 a.m. as to whether schools will remain with a 2-hour delay or close.

Please discourage teenagers from driving to and from school in adverse weather conditions.
The Carroll County Public School System transports approximately 24,500 students to and from school every school day on a total of 254 buses. There is no perfect decision when deciding to close school, but the Superintendent will always make this decision with the safety of each student in mind.

It is our hope that this explanation helps everyone understand the process used to make the best possible decision concerning weather-related school closings.

VIRTUAL INSTRUCTION ON EMERGENCY CLOSING DAYS
Throughout the school year, there may be times when Carroll County Public Schools makes the decision to provide virtual instruction due to inclement weather or other unforeseen circumstances. When this occurs, parents and employees will receive system-wide notification and/or notification from your child’s school along with further instructions.

*Should a delay in opening be necessary, this day may be converted to a normal dismissal time in lieu of closing.
INCLEMENT WEATHER POLICY

When inclement weather conditions occur, the decision may be made to delay the opening of school by two hours, to close school, or to dismiss school early. An announcement will be made for delayed openings or closings by 6:00 a.m. Every effort will be made to make the announcement as early as possible.

There may be an announcement made to open schools 2 hours late with a “re-evaluation” period to possibly close schools. A follow-up announcement is made by 7:15 a.m. All weather-related announcements will be made through the Carroll County Public School System’s SchoolMessenger system, website, social media, and CETV - Channel 21, as well as through local and regional media. The official stations for carrying school closing announcements are listed in the chart on this page.

On days when schools are closed or there is an early dismissal because of inclement weather, school activities scheduled for that evening may be canceled. The school system and/or individual school administrators will make separate announcements regarding evening and weekend activities that may be canceled.

Any decision to close schools, delay opening, or dismiss schools early due to inclement weather is not made lightly. Every effort will be made to provide an instructional school day consistent with the published school calendar and with the foremost concern always being the safe travel of all Carroll County Public Schools students.

TORNADO WARNING PROTOCOL

Tornado Watch vs. Tornado Warning: A tornado “watch” means weather conditions exist that may develop/result in a tornado. A tornado “warning” means that a tornado or tornadic conditions have been spotted.

In the event of a tornado warning occurring during school hours, it is the procedure of Carroll County Public Schools to retain all students in school until the warning has been lifted. A tornado warning may apply to the entire county or may be localized to a specific section of the county. School administrators will follow their specific tornado warning procedures within each school building.

Tornado Warning Occurring at School Dismissal Time

Every effort will be made to dismiss students for schools in unaffected areas. However, depending on transportation routing issues, weather predictions, and other information, students will be held in school until it has been determined that it is safe to release students. All parents will be notified through a SchoolMessenger email and phone message when the National Weather Service has issued a tornado warning. Parents also will be notified through SchoolMessenger as the tornado warning time period expires.

Tornado Warning Occurring at School Take-In Time

Every effort will be made to notify parents within the affected area(s) of the tornado warning as soon as possible. Depending on the timing of the warning, students may be at bus stops and may have already boarded buses prior to knowledge of the warning. Buses will resume their normal bus routes once the warning has expired. Bus drivers have specific training on how to secure their bus and evacuate students in the event they are in an area being affected by a tornado. Students arriving to school during the warning period will be accepted at school and directed to the established tornado shelter area within each school.

As we have seen in past tornado events, the first warning expiration time may be extended. These extensions may be repeated several times. It is important for parents to pay close attention to local weather stations for the latest weather information.

ELEMENTARY SCHOOL
Grade level alignment for elementary schools in Carroll County is K-5 with the exception of Parr’s Ridge (K-2) and Mt. Airy Elementary (3-5). Many elementary schools also have half-day or full-day prekindergarten programs. In addition, several of the elementary schools include regional special education centers.

Chronological age determines when a child may start school. Most children begin school in kindergarten and complete one grade per year. Provision is made, however, for the child who may need more or less than six years to complete the elementary program. Students are assigned to a class at the appropriate grade level. The classroom teachers are responsible for most of the student’s instruction. Specialists provide and/or assist with programs for art, music, media, physical education, health, reading, math and special needs.

Children are grouped and regrouped flexibly according to their needs. Students may move to a specialist and/or other classes to receive appropriate instruction on his or her level.

Any time a parent has a question or concern about their child or their child’s progress, it is always best to talk with the child’s teacher. If after talking with the teacher the parent needs more information, they should contact the school principal or complete the Formal Concern Reporting Form found on the CCPS website.

MIDDLE SCHOOL
Middle schools provide all students in grades 6-8 a rigorous and relevant comprehensive instructional program that engages students in learning at high levels in every class. Middle schools sustain successful student learning by providing structured support for the rapidly changing social, emotional, and physical needs of each student. Middle schools also provide for students’ future learning and growth through curricular and extracurricular programs that promote 21st century skills and positive character traits.

HIGH SCHOOL
Students in grades 9-12 attend one of seven Carroll County high schools. A student must earn a minimum of 25 credits to graduate from high school. Specific requirements are listed under “Graduation Requirements.”

In addition to the required courses, many others are available in world languages, business education, fine arts, family and consumer science, and technology education. Numerous vocational programs for high school students are also available in each school and at the Carroll County Career and Technology Center. All high schools have an extensive extra-curricular and co-curricular program.

CAREER AND TECHNOLOGY CENTER
The Carroll County Career and Technology Center provides learning experiences that are directed toward preparing students for entering employment and continuing their education. Graduates who complete career and technology programs may go to work, enter apprenticeships, technical school, or college. The environment in which students are educated is similar to the environment in which they will subsequently work. Instruction is based on industry standards.

The Center offers opportunities to students from all high schools in Carroll County. Students must enroll in courses through their home schools. The Carroll County Career and Technology Center is located in Westminster, adjacent to Westminster High School.

Students are admitted to career and technology programs on the basis of their interests, their ability to profit from the course of study, and their probability of success in the selected programs. Most programs are two-semester programs with the eleventh grade as the initial year of instruction. Articulation agreements with colleges, state and national certifications, AP courses, and transcripted credits provide students with the opportunity to experience a value-added education in high school.

All career and technology programs are open to both male and female students.

A complete listing and description of courses offered may be obtained by calling your child’s counselor, the Carroll County Career and Technology Center at 410-751-3669 or by checking the Carroll County Public Schools website.

CAREER TECHNOLOGY SERVICES TEAM
The Career Technology Services Team (CTST) provides students with added support and reinforcement as needed to be successful participants in all career programs at the Career and Technology Center. The main purposes of the CTST include:

• To provide direct services to students as indicated in the student’s Individual Educational Plan or 504 Plan
• To act as a resource for students and educators
• To be an advocate in coordinating instruction and providing assistance
• To provide interventions for MCAP, MSA, and end-of-course tests.

REPORTING STUDENT ACHIEVEMENT

Student achievement is formally reported to parents four times a year. In addition, teachers communicate with parents by means of conferences, letters, e-mails, and telephone calls.

All parents of grade 3-12 students may login and view information pertaining to their students via the Home Access Center. For additional information, go to the CCPS website at www.carrollk12.org and click on the Home Access Center link.

Conference days between teachers and parents are scheduled by each school. These days are particularly helpful in allowing teachers and parents to cooperatively participate in the student’s education. Other conference times are available throughout the school year by contacting the school.

VISITING SCHOOLS

Parents and legal guardians are encouraged to visit schools to meet administrators and staff, to view the facilities, to gain knowledge of the instructional program, to volunteer, and to attend special events and celebrations. Visitors should arrange their visit in advance with the teacher and/or school administration to ensure that the time is appropriate and does not interfere with planned activities or instruction.

All visitors should report to the school office on arrival at the school and follow our visitor protocols, which were established to maintain a safe and orderly environment. Visitors will be required to present a government issued photo identification that includes a date of birth (i.e. driver’s license, U.S. Passport, etc.). Individuals who enter the school grounds or buildings and cause a disturbance or disrupt the school program are in violation of Public School Laws and will be dealt with accordingly. School administrators may terminate a visit when a visitor interrupts instruction, distracts students or staff, or interferes with other students’ right to privacy.

FOOD/FOOD ALLERGIES

Because of the increase in food allergies and sensitivities that have serious health implications, parent(s)/legal guardian(s) and students are prohibited from sharing food items with other students. Families and other school visitors are only permitted to bring in or purchase on-site food for their individual student(s) for health and safety reasons.

CLASS GROUPS AND STUDENT ORGANIZATIONS

All student organizations desiring to conduct activities in school buildings and on school grounds shall be permitted to conduct these activities if authorized to do so by the principal. All meetings and activities will be subject to the supervision of the administration and faculty of the school. All school groups and organizations are either curriculum-related or non-curriculum related groups and are subject to the Federal Equal Access Act and regulations included in COMAR 13A.08.01.09 (“Student Organizations”). Questions related to starting a new club or student organization, or membership in an existing club, should be directed to the principal.

ELIGIBILITY FOR EXTRACURRICULAR ACTIVITIES

Students eligible to participate in high school athletics and other extracurricular activities at the high school level may lose their eligibility if found to be in violation of the policies and administrative regulations of Carroll County Public Schools. Students who represent Carroll County Public Schools through involvement or performance in an extracurricular activity are held to high standards in three areas: Academics, Attendance, and Conduct.

The eligibility regulations are included in detail on the Carroll County Public Schools website at www.carrollk12.org.

ATHLETIC FEES

A per activity fee will be charged to each student involved in an interscholastic activity. Each student will be responsible for paying a non-refundable $105 fee for each athletic activity. Families who have more than one child participating in any one season, or a child participating in more than one sport per season, will pay a maximum $150 fee for that season.

Students who participate in a corollary athletic activity are required to pay a non-refundable fee of $50 per activity. The same limit of $150 for one season for multiple children in activities exists.

The interscholastic and corollary athletic fee will be waived for students enrolled in the Free and Reduced Meal Program.

OUTDOOR EDUCATION
The Carroll County Outdoor School program, located at the Hashawha Environmental Center, is an integral part of the middle school course of studies. The program is designed to address the unique abilities and needs of early adolescent students.

The Outdoor School curriculum is aligned to the Maryland Environmental Literacy Standards, CCPS science curriculum and benchmarks, as well as the North American Association of Environmental Education’s “Best Practices.”

The instructional methodology employed is “Environmental Issue Investigation.” This methodology is supported by the educational research as the most effective strategy for environmental concept formation and then moving the students from knowledge to positive action.

All Carroll County sixth graders have the opportunity to attend this week-long residential environmental education program.

The mission of the Outdoor School is to assist students in:
- Acquiring and accessing relevant environmental information;
- Developing effective decision-making strategies; and
- Applying their knowledge and skills by providing positive environmental models and opportunities for action.

During the course of the week, students will collect, organize, and analyze data leading to sound conclusions regarding positive environmental action. They will investigate a number of areas including: the environmental history of our region, the Chesapeake Bay watershed, the local impact on the Bay’s health, stream ecology, wildlife habitats, native plants and animals, wetlands, group problem-solving strategies, and wildlife simulations related to population dynamics and human impact. Students will also be engaged in a number of environmental action projects while at Hashawha. Students will reflect on and apply their knowledge related to environmental issues they have investigated throughout the week.

Through this integration of service-learning into our curriculum, students earn 10 service hours. Following their Outdoor School experience, students also have the opportunity to earn an additional 10 service-learning hours by completing an environmental project at home or at their school.

SELECTION, EVALUATION, AND RECONSIDERATION OF INSTRUCTIONAL MATERIALS
The following are the general criteria used in selecting and evaluating instructional materials including textbooks, and supplemental materials including library media materials:
- aligned to the curriculum and the objectives of the instructional program;
- appropriate for recommended age/grade levels;
- accurate in terms of content;
- reflective of the pluralistic nature of American society;
- representative of differing viewpoints;
- appropriate format for the subject matter;
- recent copyright date as appropriate to the subject;
- acceptable literary style and technical quality;
- cost effective in terms of use.

A citizen may question the use of an instructional or supplementary material. Procedures for requesting reconsideration of a material are in place for any citizen, parent, student, teacher, or school administrator. The Request for Reconsideration of Instructional Materials form may be obtained by contacting the school’s principal or library media specialist.

USE OF ANIMALS IN INSTRUCTION
Carroll County Public Schools encourages opportunities for students to observe living organisms in their natural settings and for teachers to emphasize the characteristics of living things. Animal dissection contributes to learning and the understanding of living processes. However, the use of animals in the classroom must include a concern for the humane and proper treatment and use of these animals. Animal dissections are a part of the anatomy and life science curricula.

In some instances, students may find dissections objectionable. Students wishing to be excused from the dissection activities on ethical or moral grounds must make their request known to their teacher in advance and will not be required to participate in dissection activities. Teachers are asked to work with students to identify alternative assignments, such as viewing digital resources or computer simulations about dissection, or using diagrams or models of animal anatomy. These assignments should be agreed upon early enough to allow sufficient time for proper planning and completion. Students exercising alternative assignments shall not be penalized in any way.

PATHWAYS TO CAREERS –
A SYSTEM FOR CHANGE

It is the vision of the Carroll County Public Schools for all students to graduate prepared for further education, employment, and lifelong learning.

Pathways to Careers, the delivery system for career development and the Career Connections initiative in Carroll County, is a response to this need. It recognizes that rapid technological advances and global economic competition demand increased levels of skill preparation and readiness from young adults entering the workforce.

Pathways to Careers is a vital part of the comprehensive career development plan. It serves to identify a sequential course of study related to a student’s career goals in the public schools, post-secondary institutions, and beyond. This contributes to a student’s ability to leave the school system with enhanced skills for employability and further educational opportunities.

The Pathways to Careers model shows course sequences and suggests career-related electives within six different clusters. Information is available on the Carroll County Public Schools website and in the High School Program of Studies for the following clusters:

• Business Contact
• Business Operations
• Technical
• Science
• Arts
• Social Services.

Within each cluster, relevant programs in specified career areas are identified and developed.

Thirty-eight (38) different Completer programs, which map out a series of courses to be taken in a specialized career area, are noted:

- Academy of Health Professions
- Accounting
- Administrative Services
- CASE Agricultural Sciences – Animal
- CASE Agricultural Sciences – Plant
- CASE Natural Resources
- Applied Mechanical Engineering
- Auto Service Technology (NATEF)
- Biomedical Sciences (Project Lead the Way)
- Building Maintenance
- Business Administration and Management
- Carpentry
- Cisco Networking Academy: Cyber Operations
- Cisco Networking Academy: Network Security
- Collision Repair Technology (NATEF)
- Computer Science
- Cosmetology
- Culinary Arts: Professional Cooking
- Culinary Arts: Baking & Pastry
- Digital Fabrication and Manufacturing
- Drafting
- Early Childhood Education
- Education Academy (Teacher Academy of Maryland)
- Electrical Construction
- Engineering Technology (Project Lead the Way)
- Financial Services (Academy of Finance)
- Food Service and Hospitality Management (ProStart)
- Heating, Ventilation, Air Conditioning (HVAC)
- Heavy Equipment and Truck Technology
- Homeland Security: Criminal Justice/Law Enforcement
- Homeland Security: Geographic Information Systems
- Interactive Media Production
- Junior Reserve Officer Training Corps (JROTC)
- Marketing
- Masonry
- Print Production (Print Ed)
- Textiles and Fashion Careers
- Video Production
- Welding Technology

Students who successfully fulfill the requirements of one of these programs are able to obtain certifications, apprenticeships, or advanced standing and credits at participating postsecondary schools upon graduation.

Complementing the Completer programs are twenty-nine (29) career-oriented course sequences called Career Majors. These sequences, which are available at most of the county high schools, enable students to focus on a career area not addressed by a Completer program.

Students select a cluster based upon their interest and aptitude in a career area. With the assistance of parents, teachers, advisors, and school counselors, the student can choose a specific career pathway that will specify courses relating to career interests and educational goals. Course work goes from general to very specialized, and work-based learning experiences are available to all qualifying students. Relating the work of school to the career world helps to prepare youth for future education and employment.

GRADING AND HOMEWORK

Grading Policy
Report card grades shall be as pure a measure as possible of student achievement in mastering content standards and course outcomes.

Grading Guidelines
- There shall be four marking periods during each school year. Report cards are issued at the end of each marking period. Marking period grades are calculated solely on work done during that marking period.
- Grades reported on report cards shall be derived from work that measures student learning of the knowledge, skills, and competency profiles outlined in the course curriculum.
- When calculating student grades, more weight shall be given to summative assignments (assignments designed to evaluate student learning) than to formative assignments (assignments designed to provide practice and guide next-step instruction). Curriculum supervisors shall provide target formative and summative weights for each course.
- All courses offered for high school credit shall administer a final assessment. The final assessment shall be comprehensive and measure student learning of the content standards and outcomes presented during the course. The final assessment grade shall be reported to parents and carry a weight of 10% of the final grade.
- Teachers are encouraged to provide second-chance learning opportunities for all students. Second-chance learning may include reteaching, extra practice, and the opportunity to demonstrate learning on another assessment. Second chance learning opportunities are appropriate for any student regardless of their achievement level.
- Extra credit shall be given judiciously. If awarded, it shall be awarded only as an extension of student learning of course outcomes and not as a substitute for missed learning or as a way to accumulate points for activities not related to course outcomes.
- Teachers shall not assign group grades. Teachers shall assess the work and contributions of each individual student when grading collaborative assignments.
- Attendance, effort, volunteering in class, lateness to class, and other student compliance behaviors or disciplinary action shall not be considered when calculating student grades, unless those behaviors are specifically outlined in a student’s Individualized Education Plan (IEP) or are part of the essential course outcomes stated in approved Carroll County Public Schools curriculum guides or competency profiles of Career and Technology Education programs. Student behaviors shall be reflected in the comments that teachers make on the report card; communicated to parents via phone calls, conferences, or written communications; or handled through the school’s discipline procedures.
- Teachers shall return students’ assessed work in a timely manner in order to facilitate next-step learning.

Homework Policy
Homework assignments shall be meaningful; that is, they shall be related to course outcomes, rigorous and relevant to students, and differentiated, as appropriate, to account for individual differences among students.

Homework Guidelines
- At the beginning of each course, teachers shall communicate to students and parents an overview of the course, teacher expectations, and the procedures and criteria for determining grades.
- Teachers shall assist students in understanding the grading process and in using assessment data, grades, and feedback to improve their levels of achievement and performance.
- Different courses will undoubtedly demand varied amounts of homework. Homework shall be assigned on an as needed basis as determined by the teacher.
- The amount of homework shall be appropriate to the student’s needs and abilities; moreover, the total amount of homework from all the student’s teachers shall be reasonable. One guideline found in the educational research that helps to clarify “a reasonable amount” of homework is the Ten-Minute Rule (Cooper, 2006). This guideline suggests that if assigned, students should have a total amount of...
homework of about ten minutes per grade level. For example, a first-grade student should have no more than a total of 10 minutes of homework, a fifth-grade student 50 minutes of homework, a ninth-grade student 90 minutes of homework, etc. Because of individual student differences, and because homework shall only be assigned on an as needed basis, the Ten-Minute Rule is only intended to be a guideline and should not be interpreted as policy.

- Assigning collaborative or group projects for homework can be problematic for students. Teachers who assign collaborative or group projects for homework shall do so with discretion and the knowledge of the inherent obstacles that such homework can present for students and families. Teachers shall adjust their expectations accordingly to reflect the best interests of all students involved.
- Students should be able to complete homework assignments independently. Parents should monitor student homework and encourage student efforts to complete assignments.
- Teachers shall provide feedback to students on all homework assignments. This feedback can be a verbal check, written comments, or a grade.

**Missed Work**
- At the secondary level, it is the individual student’s responsibility to request missed assignments upon returning to school. At the elementary level, teachers will work with students upon their return from an absence to address missed assignments.
- For an extended student absence of three or more school days, parents are encouraged to contact the appropriate school personnel to request assignments.
- Students shall have the number of days equal to the number of days absent to turn in completed make-up work, unless a greater extension is granted by the teacher.

PRE-KINDERGARTEN (PRE-K) PROGRAM
The Carroll County Public Schools Pre-Kindergarten Program is available for children who turn 4 years old on or before September 1 of the year in which the child applies and who meet additional eligibility requirements. The main goal of the Pre-Kindergarten program is to provide learning experiences to support the development of young children so they may be fully ready to learn when they enter Kindergarten. These experiences focus on personal and social development, language and literacy, scientific thinking, mathematical thinking, social studies, fine arts, physical development, and health education.

A Fact Sheet for Families is located on the CCPS website and applications are available at all elementary schools. For more information call 410-751-3101 or contact your child’s elementary school.

ADVANCED ACADEMICS (G/T) EDUCATION PROGRAM
In Carroll County Public Schools, there is a continuum of services provided to our most highly able students. CCPS is currently engaged in actively improving our advanced academics services to be able to assist more students in meeting their full potential.

In the elementary schools, advanced academics specialists, who are often gifted and talented certified resource teachers, provide instruction to identified students in grades 3-5 in subjects of integrated Language Arts and Mathematics. Differentiated services include, but are not limited to, the use of accelerated curriculum resources in direct instruction of curricular extension activities, enrichment projects, and student interest-based investigations. In collaboration with classroom teachers in primary grades (PK-2), Advanced Academics staff offer Primary Thinking Skills lessons designed to assist in promoting higher order thinking and identifying students in need of advanced instruction. Each advanced academics specialist serves two schools as a resource to support the general classroom teachers with implementing curricular extensions for their most able students.

At the middle school level, honors level courses are offered that require students to use higher level thinking skills and be more independent, creative, and analytical in their consideration of topics and understanding of concepts. Differentiation is achieved by modifying the content selected, the process emphasized, and the student product developed. The honors level courses differ from on grade-level courses in at least three ways: rate of instruction, complexity of concepts, and methodology. Just like in the elementary schools, an advanced academics specialist supports two middle schools to work collaboratively with teachers to identify students in need of advanced instruction and provide direct curricular extension to those students. Identified students, who wish to participate, may also engage in curriculum-based, high interest enrichment projects.

Entering high school, the most highly able students continue with honors level course work and begin to take Advanced Placement (AP) courses which contain content equal in complexity to that of beginning level college curriculums. As early as grade 9, students can begin taking rigorous courses in areas of strength and interest. By grade 11, students may participate in AP Capstone courses which can qualify them to apply for AP Diploma status, indicating they are a top student by a nationally recognized standard as they apply for post-secondary study. Students also have dual-enrollment options where they may begin to take college courses while enrolled as a high school student. Students who select various “completer” programs will take complex courses that have articulated college credit or even industry-based certifications, such as Academy of Finance, Computer Science or several programs found at the CC Career and Technology Center. Additional extra-curricular opportunities in areas of interest are available in high school, including but not limited to student government, fine arts (music, art, and dance), foreign language clubs, honor societies, and internships within the community.

**Independence Day**
THE JUDITH P. HOYER CENTER EARLY LEARNING HUB – CARROLL COUNTY “JUDY CENTERS”
The Carroll County Judy Center Early Learning Hub is a state and locally funded program that prepares children for success in school and in life.

Carroll County “Judy Centers” provide services for young children, birth through age 5, and their families who live in the Elmer Wolfe, Robert Moton, and Taneytown Elementary School districts. They employ a two-generational approach, which focuses on creating opportunities for and addressing the needs of children, parents and families.

Ensuring that children are ready for kindergarten requires a coordinated effort among parents, providers, teachers, school districts, local and state government, non-profits, business, and other community partners. Judy Center Early Learning Hubs provide comprehensive early care and education services for young children and their families to promote continuous improvement toward school readiness.

Through a dedicated staff of early learning professionals, Judy Center Early Learning Hubs focus on preventative measures, early identification, and intervention services for families with young children. They ensure seamless coordination by working with a variety of partners to offer the following services and more:

- Family Engagement Activities
- Parenting Classes
- Play Groups
- Adult Education
- Case Management
- Developmental and Health Screenings
- Child Care Assistance
- Mental Health Consultation
- Home Visitation

Families are offered opportunities to assist their children to enter school “Ready to Learn” by participating in the Parents as Teachers (PAT) program utilizing a research-based national curriculum for children birth to age 5.

For further information on these and other services, contact the Judy Center administrative office at 410-751-3613 or visit the CCPS website.

SERVICE-LEARNING

The Maryland State Board of Education passed a seventy-five hours of service-learning graduation requirement in July of 1992. Carroll County students may begin earning service-learning hours in the summer after fifth grade and must accumulate a minimum of fifty-five hours by the end of their junior year to gain senior status.

All students must complete seventy-five hours of service-learning by the end of the senior year to qualify for graduation. Those who complete a minimum of 300 service-learning hours by May 1st of their senior year will earn the Exemplary Service Award. A record of service-learning hours appears on each report card.

Students may earn service-learning hours through clubs such as 4-H, Boy Scouts, and Girl Scouts, and through non-profit agencies, such as Habitat for Humanity and the Boys and Girls Club of Westminster. Course-related service-learning hours opportunities are outlined in the Carroll County Service-Learning Guidelines* and the High School Program of Studies.**

For more information about the service-learning graduation requirement, visit the CCPS website or contact your school’s service-learning coordinator.

FIELD TRIPS

Field trips are an important aspect of the curriculum. All field trips are approved by the principal in advance, and written permission to take the trip must be secured from the parent/guardian of each student. An adequate number of chaperones will be in attendance. Overnight field trips need the approval of the principal, the appropriate supervisor, Director of Transportation Services, School Director, Volunteer Program Coordinator, Supervisor of Health Services, and the Assistant Superintendent of Instruction. Overnight field trips are generally restricted to high school students.

Copies of the guidelines for instructional field trips are on file in each school.

MEDICATIONS FOR STUDENTS ON OVERNIGHT FIELD TRIPS

To accommodate the potential need for medication (prescription, over-the-counter, homeopathic, and herbal) during overnight field trips, the parent/guardian must provide a written authorized prescriber’s order and written parent/guardian consent. The parent must submit the medication order form no later than two weeks prior to the trip to allow the school nurse to review the orders. The parent/guardian must provide enough medication for the duration of the trip in a properly labeled prescription container. School personnel can administer oral medications, assist with inhalers, and administer auto-injector epinephrine if trained.

Only students already self-carrying and self-administering as noted on their medication order form can self-carry/administer medications on an overnight field trip. Decisions regarding the type of special education services to be provided and the educational placement for the provision of such services are based upon a student’s individual need. Students with disabilities are educated in the Least Restrictive Environment (LRE) as determined by the IEP team.

All decisions regarding the placement of a child with a disability in a special education service delivery model are made by the child’s IEP team in consultation with the parents or guardians of the child and consistent with the LRE requirements of the Individuals with Disabilities Education Act (IDEA). A variety of special education service delivery models are available beginning with full participation in the general education classroom to the extent possible – often with the provision of supplementary aids and supports – as determined by the Individualized Education Program (IEP) team.

Related services are support services that may be required to assist a student with a disability to benefit from his or her special education program. Related services may include counseling services, speech or language, hearing, transportation, assistive technology, and physical and occupational therapy. TRANSITION CONNECTIONS ACADEMY (TCA)
The Carroll County Public Schools (CCPS) Transition Connections Academy was designed to provide additional learning opportunities, more importantly, work-based learning experiences (WBLEs) beyond students’ four years in high school. The Academy is open to students with significant cognitive disabilities working toward a Maryland High School Certificate of Program Completion, ages 18 to 21. Academy placement is an IEP team decision based on each student’s educational needs and level of independence.

The Academy was designed in collaboration with a variety of community partners to provide the best possible learning opportunities for students. Our partners include Carroll Community College, Carroll Hospital, McDaniel College, Division of Rehabilitation Services, local community rehabilitation providers, members of the Carroll business community, as well as local government and law enforcement agencies. These partnerships...
have correlated to post-school success in the areas of independent living, community participation, and employment for students of CCPS.

The Academy is comprised of five seamless transition programs, aligned with evidence-based practices, and implemented to increase the number of youth actively engaged in post-secondary activities such as education, technical and career training, and employment after exiting CCPS. All programs focus heavily on enhancing independence and increasing students’ individual capacity in the areas of functional academics, independent living, self-determination/self-advocacy, career development and communication and social skills.

The use of technology, including a variety of light and high tech devices for communication, specialized software and apps for reading and written communication and using cell phones as tools, is integrated into each program to enable authentic communication and enhance independence. The anticipated outcome is competitive integrated employment for all students.

The Academy includes:

**Transition Opportunities for Personal Success (TOPS)**
TOPS provides students with WBLEs on the campus of Carroll Community College. Students experience WBLEs on a rotational basis to give exposure to a variety of work settings. This allows students to sharpen a variety of soft skills, as well as identify areas of possible career interests. WBLEs have been provided in areas such as continuing education, café, food service, environmental services, and campus security.

**Transition Education at Carroll Hospital (TE@CH)**
TE@CH provides students with WBLEs within Carroll Hospital. WBLEs are based on students’ interests and skills and have been provided in areas such as supply chain, respiratory therapy, family birth center, food service, environmental services, maintenance and dietary.

**Transition Education at McDaniel (TE@M)**
TE@M provides students with WBLEs on the campus of McDaniel College. WBLEs are based on students’ interests and skills and have been provided in areas such as conference services, risk management, food service, the post office, grounds keeping, the theatre, library and athletic facilities.

**CHILD FIND**
Child Find is a process for identifying and evaluating children ages 3 to 5 (prior to entrance to kindergarten) who are suspected of having a disability and may be eligible for special education and related services. Child Find provides free developmental screenings for children from three years of age until kindergarten. Any individual who is familiar with the child’s development may make a Child Find referral including parents/guardians, medical professionals, and family service professionals. If you have concerns about your child’s development and learning, you do not need to wait for a professional to suggest a referral.

After your child is referred, you will be contacted by a special educator/service provider from the Birth to Kindergarten Program to schedule a screening meeting. During the screening meeting the team will review all available information about the child. If the results of the screening meeting indicate that further evaluation is warranted, then the team will order relevant evaluations. The team will coordinate with you to evaluate your child in the identified areas. When evaluations are completed, the team will reconvene to review the results of evaluations and determine your child’s eligibility for special education and related services.

If your child is having difficulty developmentally or succeeding in school and you would like assistance, please call 410-876-4437 for children ages birth to kindergarten or your child’s school for students ages 6-21.

**INFANTS AND TODDLERS PROGRAM**

In 1986, Congress established Part C of the Individuals with Disabilities Education Act (IDEA) to reinforce the importance of early intervention services and supports available for infants and toddlers with disabilities, birth to age three, and their families. In Maryland, the Part C system of IDEA is called the Maryland Infants and Toddlers Program (MITP).

Early intervention services are available to all children under the age of three who may have a developmental delay, a disability, or a special health condition that is likely to lead to non-typical development. The Carroll County Public School System serves as the lead agency and cooperates with other agencies in the county to form the Carroll County Infants and Toddlers Program (CCITP). The CCITP can help address your concerns with a program specially designed to meet the unique needs of your child and family. All services are provided at no cost to your family.

The CCITP is an interagency program providing early intervention services to eligible children from birth to age 3 and their families. This program focuses on Early Childhood Outcomes:
• building positive social relationships
• acquiring and using knowledge and skills to participate in activities
• using appropriate behaviors to meet needs leading to increased independence.

A Service Coordinator works closely with the family to identify their concerns. A team of specialists completes a screening and/or an evaluation to determine if the child is eligible for services and to identify his/her strengths and needs. An Individualized Family Service Plan (IFSP) is then developed by the parents and service providers in order to meet the needs of the child and his/her family. Services are delivered using a parent coaching model.

Services are available to meet a variety of developmental needs including audiology, nursing, nutrition, occupational therapy, physical therapy, special instruction, and speech/language therapy. In addition, the Service Coordinator can work with the family to identify other resources in the community. For further information, call the Carroll County Infants and Toddlers Program at 410-876-4437, or the Department of Special Education at 410-751-3033.

EDUCATIONAL EQUITY
Carroll County Public Schools defines Educational Equity as an instructive approach that empowers all students to negotiate in our global society. Within this approach, individuals build supportive relationships that model respect, empathy, and self-awareness. Instruction is flexible enough to allow for diversity of learning styles and personal perspectives that enable our students to gain greater understandings and embrace differences within the learning community.

The concept of diversity encompasses acceptance and respect. It means understanding that each individual is unique and recognizing our individual differences. These can be along the dimensions of race, ethnicity, gender, gender identity/expression, sexual orientation, language, socio-economic status, age, physical disabilities, religious beliefs, political beliefs, or other ideologies. It is the exploration of these differences in a safe, positive, and nurturing environment. It is about understanding each other and moving beyond simple tolerance to embracing and celebrating the rich dimensions of diversity contained within each individual.

At the system level, the Council for Educational Equity assumes responsibility for collaborating with community organizations and individuals within our school system who have vested interests in promoting educational equity, understanding and appreciating diversity, and increasing the achievement of underserved students. In addition, the Council provides resources, support, and technical assistance to schools in implementing plans to move educational equity and achievement of our underserved students forward.

At the school level, a range of experiences that relate to educational equity are provided to students. A positive educational climate is developed using a wide variety of educational materials and resources which reflect diversity and by providing opportunities for students to learn about the importance of individuals and groups from a variety of cultures. Through an emphasis on multiculturalism, students become better prepared to be successful in a global society.

Each school has an Equity Teacher Liaison who is responsible for providing professional development in the areas of Educational Equity and Cultural Proficiency to the faculty and staff. The goal of this training is to meet the Maryland Bylaw (COMAR 13A.01.08) which requires the school system to include in staff development, cultural responsiveness in areas of pedagogy, instructional materials and assessment design.

Carroll County Public Schools also partners with other community organizations that foster the ideology of acceptance and respect for different cultures. Those organizations are the NAACP, Human Relations Commission, Carroll Citizens for Racial Equality, Common Ground on the Hill, and the Ira and Mary Zepp Center for Nonviolence and Peace Education.

For more information, contact the Office of Equity and Inclusion at 410-386-1680.

The students receive support from ESOL Resource Teachers, tutors and classroom teachers.

At the high school level, students are eligible to receive two world language or elective credits upon completion of the courses ESOL I and II. ESOL III and IV are offered as electives on an as needed basis. These courses are designed to meet the academic needs of secondary ELs. In addition, beginning and intermediate level students may receive ESOL support in content area classes.

CRITICAL INCIDENTS
Creating a safe and orderly learning environment is a top priority for Carroll County Public Schools. Administrators and staff receive a variety of training on how to respond to critical incidents. Staff also receive active assailant response training that is based on a proactive, options-based response of “Avoid, Deny, Defend.” Each school is required to perform a number of emergency drills each year, which include, but are not limited to: lockdown, evacuation, fire, and severe weather. Every Carroll County public school follows the Standard Response Protocol (SRP) developed by I Love U Guys. This SRP is used by schools nationwide and simplifies communication by using five core actions: Hold, Secure, Lockdown, Evacuate and Shelter.

Hold is a new term used to clear all hallways of students and staff in the event of a situation within the school such as a medical emergency or a hazmat spill. A hold may be localized to one area of the school, or it could be for the entire school.

Secure is replacing Lockout. This can be used when there is an external threat and/or police activity in the area of the school. No one will be allowed to enter or exit the building.

Lockdown is the typical command used for a threat that has gained access to the school, but does not preclude staff and students from evacuating if safe to do so.

Evacuate is used typically when there is a hazard inside the building such as a gas leak or broken water line and there is a need to move students outside the building for their safety.

Shelter will typically be used for severe weather such as a tornado, but can also be used for incidents such as a hazardous materials release outside the building.

Parents will receive a notification when such actions occur. Many times a school can be placed on lockdown or secure as a precautionary measure and a school will return to normal operation within a short period of time. It is critically important that parents do not respond directly to the school or call the school to ask for further clarification. Additional notifications will be made if it is necessary for parents to respond to a location to pick up their children. Responding to the school when not instructed during a critical incident will only cause distractions and may interfere with emergency responders.

The SRP parent handout has been placed on page 72 of this calendar for your reference. Additional information on the Standard Response Protocol can be found at: http://iloveuquys.org/srp.html.

VISITORS
All visitors to the schools are expected to utilize the main front entrance and use the school’s intercom to request access. Please expect to be asked the reason for your visit. Any visitor that will need to proceed beyond the main office will need to provide a valid form of government-issued picture identification. If a visitor is unable to provide such identification, they may not be permitted to go beyond the front office.

DETECTION DOGS
Detection dogs are used in Carroll County Public Schools to scan for the presence of illegal drugs. The dogs also serve as a deterrent to students bringing such substances into a school.

Upon mutual agreement by school and law enforcement officials, drug detection dogs will be used by the police to scan students cars in the school parking lots. Students will not be scanned. If a dog alerts on a vehicle, the student who operates the vehicle will be summoned to the location of the search. The search conducted by a police officer shall be in accordance with their established policies and procedures consistent with COMAR 13.A.08.01.14D. A reasonable attempt will be made, as soon as possible, to contact the parents of the student involved in the search to provide information related to the reason and outcome of the search.

Any discipline imposed by school officials will be separate and apart from action taken by law enforcement officers.

GANGS, GANG ACTIVITY, AND SIMILAR DESTRUCTIVE OR ILLEGAL GROUP BEHAVIOR
It is the policy of Carroll County Public Schools to prohibit gang activity and similar destructive or illegal group behavior on or near school property, buses, and at school-sponsored events. Further information may be obtained on the Student Services webpage and in the online policy book located at www.carrollk12.org.
PROTECTION OF PUPIL RIGHTS
The Protection of Pupil Rights Amendment (PPRA) gives parents and students who are 18 or older or emancipated minors (“eligible students”) certain rights regarding the Carroll County Public School System’s administration of surveys, collection and use of information for marketing purposes, and administration of certain physical exams. These include the right to:

1. Consent to federally funded surveys concerning “protected information.” If the U.S. Department of Education funds a survey in whole or in part, a student’s parents or an eligible student must consent in writing before the student may provide information relating to the following categories:
   • Political affiliations;
   • Mental or psychological problems of the student or student’s family;
   • Sexual behavior or attitudes;
   • Illegal, anti-social, self-incriminating, or demeaning behavior;
   • Critical appraisals of student’s family members;
   • Privileged or similar relationships recognized by law, such as with attorneys, doctors, and ministers;
   • Religious practices, affiliations, or beliefs of the student or student’s parents; or
   • Income other than that required by law to determine program eligibility.

A survey that concerns any of these points is called a “protected information survey.”

2. Opt out of certain surveys and exams. Parents and eligible students will receive notice of any of the following activities and will have the right to opt out of them:
   • Any protected information survey, regardless of funding; and
   • Any non-emergency, invasive physical exam or screening required as a condition of attendance;
   • Any protected information survey administered by the school or its agent and scheduled by the school; and not necessary to protect the immediate health and safety of a student or of another student, except for hearing or vision screenings or any physical exam or screening permitted or required under state law.
   • The Centers for Disease Control and Prevention Youth Risk Behavior Surveillance System (YRBSS) survey is a protected information confidential survey which identifies risk behaviors that may include safety behaviors such as use of helmets and seat belts, depression and mental health, use of tobacco, alcohol or other drugs, nutrition and physical activity, and sexual behavior. The answers will be kept private and the student’s name will not be required on the survey report sheet. Parents/legal guardians/eligible students may opt out of participation in the survey. An opportunity to opt out of the survey will be provided annually on the parent permission form which is sent via email to the primary guardian on file at the beginning of the year. Paper copies of the parent permission form are available at each school. Parents/legal guardians/eligible students can contact CCPS for further information regarding the survey, including obtaining a copy of the survey if requested.

3. Inspect certain material. Parents and eligible students have the right to inspect the following, upon request, before Carroll County Public Schools administers or uses them:
   • Protected information surveys of students (including any instructional materials used in connection with the survey);
   • Documents used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
   • Instructional materials used as part of the educational curriculum (except tests and assessments).

4. Report violations. Parents and eligible students who believe their rights have been violated may file a complaint with the Office of Academics, Equity, and Accountability.

THE ROLE OF THE SCHOOL COUNSELOR
School counselors are available in each elementary, middle, and high school in Carroll County. School counselors are certified educators who improve student success for ALL students by implementing a comprehensive school counseling program. The school counseling program in Carroll County is aligned with the American School Counselor Association (ASCA) national model. Each school counselor addresses the three domains of school counseling: academic development, career development, and social/emotional development. They directly impact student achievement by delivering comprehensive services that meet the needs of the 21st century school community.

Counselors address these goals through direct student services:
• School Counseling Classroom Instruction
• Appraisal/Advisement via Individual Student and Group Counseling
• Counseling for Responsive and Crisis Intervention.

School counselors strive to spend 80% of their time providing direct services to students. They also provide indirect student services to support student achievement. Indirect student services include referral, consultation, and collaboration to promote equity and access for all students.

Parents/guardians and students are urged to contact their student’s school counselor with questions and/or to discuss concerns. Questions or concerns regarding the school counseling program should be directed to the Supervisor of School Counseling at 410-751-3125.

The Health Department is also available for consultation and community case management when needed. The Carroll County Health Department also provides Immunization Clinics for uninsured or underinsured children to assist parents in obtaining the immunizations necessary for school admission. Parents may call the Health Department to determine if they qualify for this service.

Parents may call the school nurse, the Supervisor of Health Services (410-751-3124), or the Carroll County Health Department (410-876-4900) if they have questions regarding school health issues.

PROGRAMS FOR PREGNANT AND PARENTING STUDENTS
The Board of Education of Carroll County supports all students in the pursuit of an education. School staff shall refer a pregnant or parenting student to the school nurse or school counselor or notify the Pupil Personnel Worker to help assess for needs, make referrals, and provide resources and supports to the student. A student’s absence from school due to pregnancy or parenting is a lawful absence from school.

If the student is breast-feeding, the student will be permitted to leave class for nursing or to express breast milk. Each high school must designate a private lactation space that has at least one seat, a flat surface, and an electrical outlet. The student will be provided access to a refrigerator that is reasonably close to the private lactation space.

Please refer to the Student Services Manual for complete administrative regulations regarding programs for pregnant and parenting students.

CHARACTER DEVELOPMENT AND SOCIAL EMOTIONAL ACADEMIC LEARNING (S.E.A.L.)

Carroll County Public Schools is committed to the development of the whole child. As a core value, a safe and orderly environment is important in a rigorous learning environment. Through character development and social/emotional learning, schools provide a safe and orderly environment and prepare students to meet the challenges of the 21st century community. While recognizing that parents are the primary educators of children with regard to social/emotional learning, schools and classrooms share a significant role in helping children develop appropriate characteristics that support a democratic society.

Carroll County Public Schools has defined three broad character trait categories: Respect, Responsibility, and Resilience. Within each of these three areas, the school system intentionally teaches and encourages related character strengths such as self-confidence, service, justice/fairness, integrity, perseverance, cooperation, courtesy, self-discipline, patience, accountability, empathy, and commitment.

Each school has the flexibility to address the character development and the social/emotional needs of their student population.

To learn more about character development and social/emotional learning, visit the CCPS website at www.carrollk12.org.

PEER FACILITATORS continued

student conflicts. Peer facilitators are selected by an application process in each high school. They must exemplify, model, and maintain appropriate behavior and satisfactory academic achievement. Designated peer facilitators must meet acceptable standards agreed upon by the school administration and successfully complete a required training program.

EMERGENCY MEDICATIONS IN SCHOOLS

Carroll County Public Schools will stock auto-injectable Epinephrine in schools. This medication, when available, will be administered by trained staff, if they perceive a student is having a severe allergic reaction (anaphylaxis), regardless if they are known to have severe allergies or not. This emergency Epinephrine will be kept at the school and will not be available on field trips or at extracurricular activities. The availability of the emergency medication does not relieve the parents’ responsibility to provide their child’s personal medication to treat known allergies. Anyone who receives Epinephrine will be transported by EMS for continued evaluation and care.

Carroll County Public Schools will stock Naloxone in schools as required by the Start Talking Maryland Act. This medication will be administered to a student or other person located on school property who is reasonably believed to be experiencing an opioid overdose. Naloxone is a medication that reverses the effects of opioid overdose and restores breathing and consciousness. Anyone who receives Naloxone will be transported by EMS for continued medical evaluation and care.

MEDICATIONS FOR STUDENTS WHILE IN SCHOOL

Students are not allowed to transport medications to or from school. Medications must be brought to school by the parent/guardian. Depending on the circumstances, violations of the Medication Procedure could be considered a violation of the Carroll County Public Schools Drug and Alcohol Policies, and carry the same consequences as other drug violations.

Parents/guardians should make every effort to arrange for medicine to be taken outside of the school day. However, there are occasions when it is determined by a health care provider that a child must receive medication during the school day, either on a regular schedule or in the event of an emergency (such as severe allergies, asthma or diabetes). When these circumstances occur, the licensed authorized prescriber must give written approval and specific directions regarding administration. Forms for this purpose are available from schools, the Student Services Department, or online. These medication consent forms are to be used for both prescription and over-the-counter medications.

No medication will be administered by the school unless it is in the original container marked for the individual student, and accompanied by the appropriate written permission and directions.

ALTERNATIVE EDUCATION

CCPS is proud to offer a variety of programs that are designed to assist students who have not been successful in a traditional, comprehensive school setting. HOME AND HOSPITAL TEACHING

Home and Hospital Teaching is a short-term instructional service provided for those students who have a physical or emotional condition which prevents the student from attending school for an extended period of time. To receive this service, students must be anticipated to be absent 15 consecutive school days or longer. A physical condition must be certified by a licensed physician or Certified Nurse Practitioner (CNP) and an emotional condition by a licensed psychiatrist, licensed psychologist, or certified school psychologist. All applications will be reviewed for approval and/or renewal by the Student Services Department in order for services to be provided.

Home and Hospital Teaching may be provided for up to 60 calendar days. If services are needed for a longer period of time, verification of the need for Home and Hospital Teaching must be provided by medical personnel and approved by the Student Services Department.

To request Home and Hospital Teaching, the parent or guardian should contact the counseling office in the child’s school or the Student Services office at the Board of Education, 410-751-3120.

REGISTRATION/ENROLLMENT PROCEDURES continued

*Date on document must be within 60 days of enrollment.

It is the practice of Carroll County Public Schools to investigate claims of county residence when there is reason to believe a student may not be a bona fide resident and entitled to enrollment. A student who is not a bona fide resident will be immediately withdrawn from school. Individuals who make false claims of residence may be charged with felony theft and prosecuted. Complete restitution to Carroll County Public Schools will also be sought.

A complete immunization record showing that your child has had the proper immunizations as required by law. Additionally, Maryland law requires that all first-time enrollees into the Maryland Public School System have a physical examination no sooner than nine months before or no later than six months after entrance into school. Students entering Pre-K, kindergarten, and first grade need to present appropriate documentation regarding blood lead levels.

If you have any questions regarding these requirements, please contact a counselor or the principal of the school in which you plan to enroll your child, or the Pupil Personnel Worker assigned to the school.

Please call the school to schedule an appointment to register your child.

AGE REQUIREMENTS

The Public School Laws of Maryland state that individuals who are 5 years old or older, under age 21 and have not received a diploma or satisfied graduation requirements, shall be permitted to attend a public school free of charge. Attendance in a school program for children from age five to age eighteen is compulsory.

A kindergarten program is mandatory in Maryland. Children admitted to a kindergarten program shall be at least five years old on or before September 1.

The Board of Education shall permit a five year old child, upon the request of the parent, to be admitted to the first grade if the local Superintendent or designee determines that such child has demonstrated capabilities warranting early admission. Further information and guidelines for early admission may be obtained from any elementary school principal.

A student who becomes 21 years old prior to the opening day of any school year is not eligible to enroll in the Carroll County Public Schools.

ATTENDANCE

Carroll County Public Schools recognizes the relationship between good attendance and academic achievement. All students are expected to maintain a regular, daily attendance rate of at least 96 percent. When students are absent, arrive late, or leave school before the scheduled dismissal time, their parents are requested to provide an explanation to the school via a written note, fax, e-mail, or phone call. A parent/legal guardian must provide an explanation of the absence within 5 school days of the student’s return to school or the absence will be coded as unlawful.

Tardiness is treated in a similar manner as lawful or unlawful absences as it can be a serious disruption to a student’s educational progress.

Student attendance requirements are described in the Annotated Code of Maryland and Code of Maryland Regulations. These absences are considered lawful and therefore excused with a parent explanation of the absence:

- Death in the immediate family
- Illness of the child
- Court summons
- Observance of a religious holiday
- Suspension.

An absence for any portion of the day, for any reason other than lawful excuses or emergencies as determined by the Carroll County Public Schools Superintendent or designee, is presumed to be unlawful and may constitute truancy.

It is strongly recommended that parents plan vacations for times when school is not in regular session. It is recognized, however, that occasionally students are absent for necessary or important family activities. When this occurs, an excused absence may be requested in advance, through the school principal. Even though the absence may be excused, students are required to make up work missed during that time. It must be kept in mind that grades may be affected if students fail to follow through with make-up work. Some school work missed, such as class participation or laboratory experiments, does not lend itself to make-up. Missing such assignments may also affect a student’s grade.

Doctor’s notes may be required for absences when excessive or unlawful absences occur.

Students Scheduled for a Full Day

A student is counted present for a full day of school if the student is in attendance over 3 hours and 30 minutes of the school day. A student is counted present for 1/2 day if in attendance between 45 minutes and 3 hours and 30 minutes, but less than four hours. A student in attendance less than 2 hours of the school day is counted absent for the day.

Students Scheduled for an Individualized Modified Day

A student scheduled for less than a full day is to be counted present based on the amount of time he/she is scheduled. A student who is present 10-50% of the scheduled day is to be marked for a half a day. A student who is present over 50% of the scheduled day is to be marked present for the full day. A student present for less than 10% of the scheduled day is to be marked absent for the entire day.
ATTENDANCE continued

An example: A student who is scheduled to be present for a 2 hour block of time will be counted as present for the full day if the student is present for over 60 minutes of the time. A student who is present between 12 and 60 minutes will be considered present half a day. The student is considered absent the full day if there less than 12 minutes.

OUT-OF-DISTRICT

Students shall attend the school designated for the attendance areas in which they reside. In some circumstances, students may be considered for placement outside their designated attendance area. The Department of Student Services will receive and investigate requests for out-of-district placements. These written requests from parents or guardians may be granted if the school has adequate space and facilities to accommodate the pupil. Applications for out-of-district placement for the upcoming school year must be made by March 1 to be considered for potential enrollment. Additional information can be found on the CCPS website. A student will be approved for one out-of-district placement in a given school year.

If the out-of-district request is approved, transportation to and from the out-of-district school will be the responsibility of the parent(s) or guardian(s). All out-of-district approvals are subject to further and ongoing review and may be rescinded upon recommendation by the Pupil Personnel Worker if one of the following conditions exists:

- Child’s attendance, behavior, or grades are unsatisfactory;
- Child no longer meets out-of-district criteria;
- Any information provided on the application or supporting documentation is found to be false or misrepresented.

The residence of the pupil shall, in all cases, be considered the same as the primary residence of the parent or other legally appointed guardian. Purchasing a property, renting, moving into another family’s home, etc. while at the same time maintaining another residence in the county, will not constitute a reason for enrollment in the attendance area of the secondary residence.

KINSHIP CARE

A student living in an informal kinship care arrangement with a relative may be eligible to enroll in Carroll County Public Schools. The relative shall file a Kinship Care Affidavit and provide supporting documentation of the family situation to the Student Services Department for consideration for enrollment. Call 410-751-3120 for additional information.

HOMELESS CHILDREN AND YOUTH

The McKinney-Vento Homeless Assistance Act, amended and reauthorized by subsequent Acts, including the Every Student Succeeds Act of 2015, ensures that all homeless children and youth have equal access to free, appropriate public education, including public preschool, school meals, career and technology, athletics and extracurricular activities, gifted and talented, and special education programs. Children identified as living in homeless situations may also qualify for other services, including remaining in their school of origin for the remainder of the school year.

Parents who experience a loss of permanent housing and who believe their child may qualify for services as a homeless student should contact the pupil personnel worker assigned to the child’s school at 410-751-3120 or the homeless liaison at 410-386-1822.

ADMISSION OF FOREIGN EXCHANGE STUDENTS

7. Carroll County Public Schools will not accept mid-semester or mid-year placements created due to the initial school or family placement not being successful.
8. Students must meet Board of Education requirements with regard to school attendance areas.
9. All participants in a student foreign exchange program who complete at least one year of study shall be eligible to receive the Maryland International Student Certificate.

Applications for foreign student enrollment and administrative guidelines are available in each high school and from the Student Services Office at the Board of Education.

ADMISSION OF NONRESIDENT STUDENTS

The Board of Education recognizes as its first responsibility the education of school-age children who are bona fide residents of Carroll County. Only bona fide residents are eligible for free school privileges.

A child is a bona fide resident if that child actually lives within Carroll County with a parent or other person who has court-appointed legal custody or legal guardianship of the child. The determination whether a pupil is a bona fide resident shall be based on facts present in each individual situation and applicable state and local regulations. Should it be determined that a student who is not a bona fide resident attended CCPS, the student’s parents or guardians, or eligible student, if the student is 18 years of age or older, will be assessed tuition and/or withdrawn from Carroll County Public Schools. Further, the matter may be referred to the State’s Attorney for prosecution.

In specific and limited circumstances, a non-resident student may be considered for enrollment in Carroll County Public Schools if the student meets certain criteria. The applicant must submit supporting documentation along with a non-resident application form to the Student Services Department. Tuition charges may apply.

Questions regarding the nonresident policy should be referred to the Supervisor of Student Services/Pupil Services in the Student Services Department.

ALTERNATIVES TO FOUR-YEAR ENROLLMENT

Alternatives to four-year enrollment include:

• Early College Admission Program
• Early Admission to Approved Vocational, Technical or Other Post-Secondary School
• Alternatively Structured Programs
• Dual Enrollment
• 8th Semester Waiver.

Alternative programs must be developed with the school counselor. A written request should be made to the school principal by the student and parents/guardians stating in detail the reason for the request.

Alternatives to a four-year enrollment must be approved by the Superintendent of Schools or designee and must be in compliance with the Graduation Requirements for Public High Schools in Maryland and the standards established by the Board of Education of Carroll County. Additional information may be obtained from the school counselor.

DROPOUT AND RETURN TO SCHOOL

Carroll County Public Schools makes every effort to assist students in succeeding in school and obtaining their high school diploma.

When a student experiences academic difficulty, intervention by various school staff is available to help each student. Teachers and staff are available to help the student identify and use appropriate intervention strategies.

In the event a parent requests permission for a student to drop out of school, every effort will be made to keep the student enrolled. However, a parent has the right to decide to allow his/her child (18 years or older) to withdraw from Carroll County Public Schools. An Exit Interview will be held as part of the withdrawal process. Information about alternative programs and adult education programs shall be provided to the student.

If a student wishes to re-enroll in Carroll County Public Schools, he/she may be required to return through a probationary placement determined by the Student Services Department. By demonstrating regular attendance, appropriate behavior, and measured achievement during his/her probationary placement, a student may be permitted to return to a comprehensive high school.

DUAL ENROLLMENT

Dual enrollment provides high school juniors and seniors the opportunity to enroll in college level courses through local colleges while enrolled in a Carroll County public high school. Admission for 9th and 10th grade students will be considered on a case-by-case basis. Underclassmen will have the opportunity to take elective courses after normal school hours but will not be able to take courses required for graduation. Carroll County Public Schools has a partnership with Carroll Community College and is looking to expand options for students to gain opportunities to earn college credits, explore possible careers, and possibly earn an Associates Degree. Some dual enrollment courses are offered in many of our high schools, while others require the student to access the course on the campus of the college. Dually enrolled students may take college courses for which they have met the prerequisite requirements and for which they have received authorization by both a parent/guardian and a designated school official.

Approval for participation is dependent upon the student’s GPA, service learning hours, and attendance requirements. Courses may be selected from either the general education component or the career completer courses of CCPS state-approved programs offered at the college. Courses not eligible for the dual enrollment program include summer courses and non-credit bearing
Students must make an appointment with their school counselor and have a parent conference to review the educational plan, discuss course options at the college, fees, and obtain appropriate paperwork.

**WORK PERMITS**
The Maryland Department of Labor and Industry establishes regulations concerning employment of minors (persons under the age of 18). These regulations specify the conditions under which a minor may be employed, including that the student must be at least 14 years of age to obtain a work permit. Work permit applications are available online at www.dllr.state.md.us/labor/wages/empm.shtml.

**CUSTODY OF STUDENTS**
When parent(s)/legal guardian(s) are separated or divorced, either parent(s)/legal guardian(s), regardless of custodial status, may inspect and review his/her child’s school record unless there is a court order, or other legal document, which specifically denies such access by one of the parent(s)/legal guardian(s). Unless otherwise specified in a court order, the custodial parent/legal guardian shall make all educational and medical decisions for the child.

- The non-custodial parent may visit the school/observe instruction, attend conferences, view school records, and receive school communications.
- A non-custodial parent or step-parent may pick a child up from school with permission of the custodial parent.
- Persons sharing joint custody may both make educational and medical decisions. If parents disagree, the decision of the registered parent will be recognized and implemented, as appropriate. Consent/requests/decisions from either parent are sufficient.

Please refer to the Student Services Manual for complete administrative regulations pertaining to custody.

**REMOVAL OF A CHILD FROM SCHOOL**
A child may be removed from school by a custodial parent, a legal guardian, a primary care parent or a foster care parent unless a situation below applies. Other persons wishing to remove a child from school may do so only with the permission/consent of the child’s registered custodial parent, primary care parent, legal guardian, or agency assigned foster parents. Photo Identification may be required of anyone picking up a child from school.

If a custodial parent, primary care parent, legal guardian, or foster care parent desires for a child to be dismissed from school prior to the end of the school day, the custodial parent, primary care parent, legal guardian, or foster care parent must notify the school principal or designee.

A non-custodial parent/non-primary care parent may only pick up a child from school with the permission/consent of the custodial parent/primary care parent. If that parent does not give permission, the child shall not be released from school. It is the intention of the Carroll County Public Schools to remain neutral in matters concerning separation/divorce and child custody. However, school officials may intervene and make decisions in order to ensure the safety and welfare of the child as well as maintain order and decorum in the school.

In the case of joint physical custody, a student may only be removed from school with permission from the registered parent or the parent with arranged physical custody according to the documentation provided by the registered parent.

Parents may authorize individuals other than themselves to contact in case of an emergency, by including the individual’s/individuals’ name and phone number on the emergency procedure card. School volunteers and community members are to report as well. The name of the reporter is confidential, by law, and may not be disclosed.

The Board of Education policy on sexual harassment states:

The Board recognizes that harassment on the basis of sex is a violation of both federal and state employment discrimination laws and Board of Education policies. Further, the Board believes that sexual harassment is both morally wrong and offensive and will not tolerate such conduct on the part of any employee, supervisor, manager, administrator, student, or visitor. It is the Board’s intent to provide to all employees and students a work and learning environment free from sexual harassment.

Sexual harassment is defined as:

The principal will make an investigation and contact the parents of the students involved as soon as practicable or legally possible. Consequences of offenders may be a conference, a verbal or written reprimand, a suspension, or more severe discipline, depending on the nature of the incident.

If the person making the report of sexual harassment is not satisfied with the outcome, the Grievance Procedure listed in student handbooks and/or the Carroll County Student Services Handbook may be followed.

When reporting such incidents, the person with the complaint or concern will be given the opportunity to complete a Bullying/Harassment/Intimidation Report Form. This form can be found and submitted electronically from the CCPS website on the Student Services webpage and is also available in school offices, counseling offices, and health suites. Students have the right to report actions and misconduct addressed by this regulation without fear of reprisal or retaliation. Offenders need to be educated that retaliatory acts are strictly prohibited and that progressive consequences shall occur if the activity continues. An investigation of the incident will occur as outlined below.

Situations reported by students, parents, close adult relatives, or school staff members on the Bullying/Harassment/Intimidation Report Form are to be investigated and documented via the Bullying/Harassment/Intimidation School Investigation Form. Incidents reported, but not documented on the Harassment/Intimidation Report Form shall be investigated in a manner consistent with Carroll County Public Schools procedures. Should the incident be determined to be bullying, harassment, or intimidation, the incident will be entered into the electronic bullying reporting system.

The school administrator is responsible for investigating acts of bullying, harassment, intimidation, discrimination, and hazing. If it is determined that misconduct under this regulation has occurred, the administrator shall take immediate and appropriate steps to prevent recurrence and will determine the appropriate consequences for the behavior. These consequences may include but are not limited to: student/parent conference, verbal or written reprimand, mediation when appropriate, completion of assignments designed to promote student understanding or empathy, in or out of school suspension, referral for outside counseling, or extended suspension/expulsion.

In cases where the act is connected to membership of an organization or team, the student may be removed or suspended from that organization or team. In cases of pervasive violation by team or organization members, the group shall be dissolved or disbanded for a period of time. Parents of all students involved will be contacted by the administrator.

All staff are required to report observed or known acts of misconduct to the school administrator. Students are strongly encouraged to report any acts to school staff.

DISCIPLINE RECORDS

Records maintained for disciplinary purposes fall into two (2) categories:

**Suspension Notices** – includes information which supports or verifies in-school suspension, out-of-school suspension (for ½ or more days) or expulsion of a student; at a minimum this information must include a description of the student’s behavior that resulted in disciplinary action, and a copy of the correspondence sent to the parent(s) informing them of the student’s suspension or expulsion. (Note: “reportable offenses” are specifically excluded from being part of the student record.) Discipline information must include suspension and extended suspension and expulsion information.

Suspension Notices shall be maintained in the student’s cumulative folder.

Suspension Notices must be maintained until the student graduates or completes his/her education program or the student reaches 21 years of age.

Suspensions involving drug/alcohol violations and high risk threats, imminent threats, and violent acts are cumulative over a student’s school career beginning with the age of responsibility (seven [7] years of age).

This information may include: office referrals, detentions, etc.

Other disciplinary records, including electronic systems, will be maintained until the student graduates or completes his/her educational program, or the student reaches 21 years of age.

Suspension notices must be sent to other schools or other school systems when a student transfers. In addition, the student’s current discipline report in the electronic discipline system and the previous year’s report should be sent to the receiving school.

DRUG AND ALCOHOL PROGRAMS, POLICIES AND PROCEDURES

The Board of Education of Carroll County strongly supports substance abuse education programs and endorses aggressive disciplinary action for the use, possession, manufacture, solicitation, or distribution of controlled dangerous substances, drug paraphernalia, controlled paraphernalia, look-alike drugs, over-the-counter and prescription drugs/medications/inhalants, and alcohol by students. Violations of drug/alcohol regulations will be handled as illegal actions, as well as disciplinary infractions. School officials will involve appropriate law enforcement agencies when violations occur. Disciplinary measures, in response to violations of drug/alcohol regulations by students, may include actions ranging up to suspension and expulsion. In all cases of suspension or expulsion, a mandatory referral to an alcohol/drug education or treatment program will be made by school officials in order to help the student. The use of drug detection dogs and undercover police officers is authorized as a possible resource to assist school officials in drug investigations.

Students may not use, be in actual or constructive possession of, manufacture, solicit, distribute, or attempt to distribute any controlled dangerous substance, drug paraphernalia, controlled paraphernalia, look-alike drug, inhalant, alcohol (the possession, use, transfer, or sale of which is prohibited by law), prescription and/or over-the-counter drugs/medications, at any time, on school property, at school-sponsored or related functions, and on school-sponsored travel. Constructive possession is failure to remove oneself as quickly and safely as possible from a person or area where alcohol/drugs are known to be illegally present.

The Board of Education also believes that students need acceptable reasons to make the right decisions not to succumb to peer pressure to use drugs or alcohol.
Students in violation of drug/alcohol policies, at any time, on school property, school buses, or at school-sponsored activities, will be subject to disciplinary action under Carroll County Public Schools’ eligibility regulations.

Disciplinary Regulations
In addition to the infractions listed below, the Supervisor of School Security and Emergency Management and/or appropriate law enforcement agencies will be contacted. Students shall be required to complete a mandatory drug/alcohol assessment. In addition, students shall maintain participation and/or complete any education/treatment program recommended through the assessment process.

Possession/Use (or demonstrating effects of use) of a Student’s Own Prescription, Permissible Medical Cannabis, and/or Over-the-Counter Drugs/Medication (unless authorized to carry by a health care provider and school administrator) and Distribution of Over-the-Counter Drugs/Medication within Proper Dosage. Students May Not Self-Administer or Possess Medical Cannabis in Any Form.

First Offense – The Principal will determine appropriate action depending upon the severity of the offense. Examples include parent conference, in school suspension, and out of school suspension with the potential of a cumulative offense coding.

Second and Subsequent Offenses – Disciplinary action taken for the first offense shall inform the action to be taken for second and subsequent offenses.

Students Who Use (or demonstrate effects of use) Alcohol/Drugs or Inhalants and Students Who Manufacture or Possess Alcohol/Drugs, Inhalants, Drug Paraphernalia or Controlled Paraphernalia (including prescription drugs, permissible medical cannabis, or over-the-counter drugs/medication if not covered by previous section).

First Offense – May result in suspension from school for five (5) days.

Second Offense – Discipline as appropriate up to out of school suspension from school for up to ten (10) days and recommendation to the Superintendent for an extended suspension from the assigned school.

Third Offense – Discipline as appropriate up to suspension from school for ten (10) days and recommendation to the Superintendent from expulsion from school.

Students Who Attempt to Distribute or Distribute Alcohol/Drugs (including Over-the-Counter Drugs/Medication in Excess of the Recommended Dosage and Any Amount of Prescription Drugs or Permissible Medical Cannabis and Students Who Attempt to Distribute or Distribute Drug Paraphernalia, Controlled Paraphernalia, or Inhalants.

Third Offense – Discipline as appropriate up to suspension from school for ten (10) days and recommendation to the Superintendent from expulsion from school.

Note: Violations involving alcohol/drugs or inhalants may result in mandatory drug/alcohol education/treatment and are cumulative for a student’s entire school career; e.g., one offense in the eighth grade and a second offense in the eleventh grade equal two offenses, and the regulations for the second offense are applied in the eleventh grade.

Students Who Solicit the Purchase or Transfer of Drugs, Alcohol, Inhalants, or Paraphernalia
Contact Supervisor of School Security and Emergency Management
May result in non-cumulative suspension from school as appropriate up to three (3) days.

Note: Violations involving alcohol/drugs or inhalants may result in mandatory drug/alcohol education/treatment and are cumulative for a student’s entire school career; e.g., one offense in the eighth grade and a second offense in the eleventh grade equal two offenses, and the regulations for the second offense are applied in the eleventh grade.

Students Seeking Help
Students who want help to overcome a drug abuse problem are encouraged to talk to a teacher, counselor, school nurse, or administrator, or to contact the Carroll County Youth Service Bureau. No disciplinary action can result from what is said during such a conference and assistance will be given and/or arranged.
EXCLUSION, PHYSICAL RESTRAINT AND PROHIBITION OF SECLUSION

Use of Exclusion:
• School personnel may use exclusion to address a student's behavior:
  a) If the student's behavior unreasonably interferes with the student's learning or the learning of others;
  b) If the student's behavior constitutes an emergency and exclusion is necessary to protect a student or other person from imminent, serious, physical harm after other less intrusive, nonphysical interventions have failed or been determined inappropriate;
  c) If exclusion is requested by the student; or
  d) If supported by the student's behavior intervention plan.
• School personnel shall consider the need to initiate a referral to a Student Services or IEP Team if a nondisabled student has experienced excessive exclusion, to determine if the student has a disability that may require the provision of special education and related services.

Use of Seclusion:
• The use of seclusion is prohibited in CCPS.

Use of Physical Restraint:
• Neither a public agency nor a nonpublic school may use physical restraint on a student as a behavioral health intervention unless:
  ❍ Physical restraint is necessary to protect the student or another individual from imminent serious, physical harm; and
  ❍ Other, less intrusive, nonphysical interventions have failed or demonstrated to be inappropriate for the student.
• Once physical restraint has been used or school personnel have made a student-specific determination that it may need to be used, physical restraint may be included in a student's behavioral intervention plan or IEP to address the student's behavior in an emergency situation, provided that school personnel:
  a) Review available data to identify any contraindications to the use of physical restraint based on medical history or past trauma, including consultation with medical or mental health professionals as appropriate;
  b) Identify the less intrusive, nonphysical interventions that will be used to respond to the student's behavior until physical restraint is used in an emergency situation; and
  c) Obtain written consent from the parent.
• Physical restraint shall be applied only by school personnel who are trained in the appropriate use of physical restraint.
• In applying physical restraint, school personnel shall only use reasonable force as is necessary to protect a student or other person from imminent, serious, physical harm.
• Each time restraint is used, parents shall be provided oral or written notification within 24 hours.

NOTE: Physical restraint does not include:
  a) Briefly holding a student in order to calm or comfort the student
  b) Holding a student’s hand or arm to escort the student safely from one area to another
  c) Moving a disruptive student who is unwilling to leave the area when other methods such as counseling have been unsuccessful, or
  d) Breaking up a fight in the school building or on school grounds.

Referral to a Student Services or IEP Team
If restraint is used for a student who has not been identified as a student with a disability, the student shall immediately be referred to the school's student services team or IEP team.

If restraint is used for a student with a disability, and the student’s IEP or behavior intervention plan does not include the use of restraint, the IEP team shall meet within 10 business days of the incident to consider:
  a) The need for a functional behavioral assessment;
  b) Developing appropriate behavioral interventions; and
  c) Implementing a behavioral intervention plan.
If restraint is used for a student with a disability, and the IEP or behavior intervention plan includes the use of restraint, the student’s IEP or behavior intervention plan shall specify how often the IEP team shall meet to review or revise, as appropriate, the student’s IEP or behavior intervention plan.

Parental Consent
• The IEP team shall obtain the written consent of the parent if the team proposes to include restraint in the behavior intervention plan or IEP to address the student’s behavior.
• If the parent does not provide written consent, the IEP team shall send the parent written notice within 5 business days of the IEP team meeting that states:
  ❍ The parent has the right to either consent or refuse to consent to the use of restraint; and
  ❍ If the parent does not provide written consent or a written refusal within 15 business days of the IEP team meeting, the IEP team may implement the proposed use of restraint.
• If the parent provides written refusal, the IEP team may use the dispute resolution options listed in Education Article, §8-413, Annotated Code of Maryland, to resolve the matter.

GRIEVANCE AND APPEAL PROCEDURES
Grievance and appeal procedures exist to give students the opportunity to resolve a complaint regarding an alleged violation, misinterpretation, or inequitable application of an established school rule, regulation, policy, or administrative regulation. At any level of the grievance or appeal procedure, the student has the right to involve a representative (parent, guardian, etc.) on his/her behalf.

Students have the right to frankly discuss their problems and concerns with staff members without fear of retribution.

Grievance Procedure
The grievance procedure serves to resolve complaints regarding decisions made by school staff (e.g. classroom rules, team membership, grades). The student is encouraged to discuss the issue in question with the professional person (teacher, administrator, etc.) who originally made the decision in an effort to resolve the issue at the lowest level. If the issue has not been resolved at this level, it may then be grieved, in writing, to the principal within three (3) school days. The principal shall render a decision, in writing, to all parties involved within five (5) school days of the receipt of the written grievance.

If the student is not satisfied by the principal's decision, he or she may then file an appeal, in writing, to the Superintendent of Schools within five (5) school days of the principal's decision. The appeal will be processed according to the provisions of Section 4-205(c) of the Education Article. A decision shall be rendered by the Superintendent, or designee, within fifteen (15) school days of the receipt of the written grievance.

Grievance Procedure Steps
Student grieves to
▼ Professional Person Who Originally Made the Decision
▼ Principal
▼ Appeal to Superintendent of Schools

Note: In each high school, a trained peer facilitator will be available to assist a student in understanding and implementing the grievance procedure.

Appeal Procedure
The appeal procedure serves to resolve complaints regarding discipline of students enforced by administrators relating to established policy or administrative regulation (suspension, extended suspension, expulsion, etc.). An appeal does not stay the principal's decision on a suspension or other matter.

When a student is disciplined, the student will be given notice of the charge against him/her and the opportunity to explain the alleged incident. If the issue is not resolved at this level, it may then be appealed, in writing, to the principal within three (3) school days. The principal shall render a decision in writing to all parties involved within five (5) school days of such an appeal. If the student is not satisfied by the principal's decision, he or she may then appeal the decision, in writing, to the Superintendent of Schools within five (5) school days of the principal's decision. The appeal will be processed according to the provisions of Section 4-205(c) of the Education Article. A decision shall be rendered by the Superintendent, or designee, within fifteen (15) school days of such an appeal.

The decision of the Superintendent may be appealed to the Board of Education, if taken in writing within thirty (30) days after the decision of the Superintendent. The decision may be further appealed to the State Board if taken in writing within thirty (30) days after the decision of the County Board of Education.

Appeal Procedure Steps
Student appeals to
▼ Principal
▼ Superintendent of Schools
▼ Board of Education of Carroll County
▼ Maryland State Board of Education

Note: In the case of discipline situations which result in the principal recommending a suspension beyond 10 school days or an expulsion, the Superintendent, or designee, will schedule a conference with the student and parent(s)/guardian(s) within 10 school days of the date of the suspension notice. The student will be given notice of the charges against him/her and the opportunity to explain the alleged incident. The first appeal of a suspension for more than 10 days or an expulsion is to the county Board of Education under Section 7-305 of the Education Article.
**PLACEMENT, PROMOTION, INTERVENTION, RETENTION, AND ACCELERATION OF STUDENTS**

Administrative procedures have been established to guide the implementation of Board Policy IKE – Placement, Promotion, Intervention, Retention, and Acceleration of Students. The procedures dealing specifically with the promotion and retention of students are as follows:

The principal shall consider a student for retention when a student fails to meet grade-level standards. The principal may also consider for retention a student who is recommended by school staff or parents/guardians for other reasons. The principal must consider whether the needs of the student can be best met through retention and offer the parent/guardian an opportunity to be included in the process. The principal shall make the decision based on a number of factors including, but not limited to:

- Academic achievement data
- Response to academic interventions
- Age of the student
- Previous retention(s)
- Attendance record
- Parental concerns
- Developmental factors
- Health factors
- Emotional factors
- Report card
- IEP
- 504 Plan

**Kindergarten, Grades One and Two**

Students at these grade levels exhibit a wide range of cognitive, physical, social, and emotional developmental levels; therefore, promotion is expected.

Students who are not performing according to expectations shall be provided additional intervention prior to consideration for retention.

**Grades Three, Four and Five**

To be promoted to the next grade, students must pass English Language Arts (ELA) and mathematics.

- A student who fails ELA and/or mathematics for the year (as determined by the average of the grades over the four [4] marking periods) shall be considered for retention.
- A student who successfully participates in appropriate interventions, such as extra assistance, a pull-out program, extended day programs, extended year programs, etc., to address the ELA and/or mathematics deficiencies shall be promoted.

**Grades Six, Seven and Eight**

To be promoted to the next grade, students must pass all core academic subjects (mathematics, reading/language arts, science, and social studies).

- A student who fails any of the core subjects for the year shall be considered for retention.
- A student who successfully participates in appropriate interventions, such as extra assistance, a pull-out program, extended day programs, extended year programs, etc., to address the subject-area deficiencies shall be promoted.

**Grades Nine - Twelve**

To be promoted, a student in grades nine through twelve should meet the following requirements:

- **9th to 10th Grade** – Completion of a minimum of 6 credits
- **10th to 11th Grade** – Completion of a minimum of 12 credits
- **11th to 12th Grade** – Completion of a minimum of 18 credits and a minimum of 55 service learning hours

**For Graduation** – See Graduation Requirements.

The final responsibility for decisions on promotion of a student rests with the principal, except when decisions are made through the IEP process for students with documented special education needs. The principal is responsible for monitoring the decision. If the parent/guardian disagrees with the IEP Team decision, he or she has the right to appeal the decision according to legally mandated mediation/due process procedures.

**PORTABLE ELECTRONIC DEVICES AND CELL PHONES**

The Board of Education values instructional time and seeks to create a focused educational environment. To help keep the focus on academics and to reduce unnecessary distractions, the following regulations govern the possession and use of portable electronic devices, including cell phones, in Carroll County Public Schools.

**A. Families**

1. Whether or not a student has a personally owned device is a family decision. Students are not required or expected to bring their own device to school.
2. Students may bring their personally owned devices to school, as long as they abide by these regulations. Student misuse of his or her device shall result in disciplinary action.
3. Parents who need to make emergency contact with their child during the school day should contact the school’s main office.

**B. Students in Elementary Schools**

1. Devices must be silenced and stored (out of sight) upon entry to the school until exit from the school. It is highly recommended that elementary students not bring their devices to school or on the school bus.
2. No portable electronic device shall be used to record, store, or transmit any type of image, sound, or video except for approved projects with the express permission of school staff.
3. The audible notification sounds and volume of portable electronic devices shall be silenced or directed through headphones at school and on school buses.

4. Disciplinary action, as outlined in the Carroll County Public Schools Student Services Manual, shall be taken when a student fails to follow the directions of a staff member regarding portable electronic devices or if reasonable belief exists that the student has violated the terms of the acceptable use procedures and guidelines or other school policy.

D. Students in High Schools

1. Devices must be silenced and stored (out of sight) while in classrooms, the media center, the gymnasium, restrooms, and locker rooms for the entire school day.

2. Students may use their devices before school, after school, in the hallways during class changes, and during lunch in a non-disruptive manner, unless otherwise directed by a school administrator.

3. The audible notification sounds and volume of portable electronic devices shall be silenced or directed through headphones at school and on school buses.

4. Classroom teachers have the authority to make exceptions to allow students to use their devices for instructional purposes within the confines of the classroom.

5. No portable electronic device shall be used to record, store, or transmit any type of image, sound, or video except for approved projects with the express permission of school staff.

6. Disciplinary action, as outlined in the Carroll County Public Schools Student Services Manual, shall be taken when a student fails to follow the directions of a staff member regarding portable electronic devices or if reasonable belief exists that the student has violated the terms of the acceptable use procedures and guidelines or other school policy.

CCPS assumes no responsibility for the loss, damage, theft, or charging of personally owned portable electronic devices and/or related accessories brought to school or on the school buses. Students bring these devices to school at their own risk.

RELEASE OF STUDENT INFORMATION TO AN INSTITUTION OF HIGHER LEARNING

The Federal No Child Left Behind Act requires that schools shall provide access to student names, addresses, and telephone numbers upon request by an institution of higher education or for recruiting purposes. However, an eligible student or the student’s parent/legal guardian may request that the school not release the student’s information by opting out of the disclosure of directory information. A form for this purpose is sent electronically prior to the beginning of the school year. Paper forms are available at each school.

RELEASE OF STUDENT INFORMATION TO MILITARY PERSONNEL

The Federal No Child Left Behind Act requires that schools shall provide access to student names, addresses, and telephone numbers upon request by military recruiters for recruiting purposes. However, an eligible student or the student’s parent/guardian may request that the school not release the student’s information. An opportunity to opt out of the release of information to the military will be sent electronically prior to the beginning of the school year. Paper forms are available at each school.
SEARCH AND SEIZURE

A. Search

1. Searches of students at school: A principal, assistant principal, or the Supervisor of School Security and Emergency Management may conduct a search of a student and/or personal property on school premises or at school functions off school grounds if he/she has reasonable belief that the student has in his/her possession an item, the possession of which is illegal under the laws of this state or a violation of a policy or regulation of the Board of Education. Such a search must be justified at its inception by a reasonable suspicion and the scope of the search must be reasonably related to the circumstances which gave rise to it. The search must be made in the presence of an adult third party of the same gender as the person being searched and will avoid pat downs of intimate body parts.

2. Searches of personal electronic devices: A student’s personal electronic device(s) may be searched if a school official has a reasonable belief that the student has an item on the device which violates the law or rules of the school.

3. Searches of the school and school property: Every principal, assistant principal, or the Supervisor of School Security and Emergency Management may conduct a search of the physical plant of the school and every appurtenance thereof, including students’ lockers and school computers, with or without reasonable suspicion.

4. Searches on school-sponsored trips: On school-sponsored trips, a principal, assistant principal, the Supervisor of School Security and Emergency Management or trained, designated teacher may conduct a reasonable search under the conditions listed above.

5. Refusal of students to allow search: Any student who willfully refuses to cooperate with an authorized searcher is subject to disciplinary action and notification of parent(s)/legal guardian(s) and/or police if the student has been advised of such consequences.

6. Searches by police: Police officers shall conduct searches of students and the school premises in accordance with established policies and procedures consistent with COMAR 13A.08.01.14D. School officials should cooperate with police but not conduct searches themselves if directed by police officers. If an authorized searcher has a reasonable belief that a student has concealed an unlawful item in the student's automobile, the police will be contacted. If police are unavailable or the situation does not allow for police presence, an authorized searcher may search the student’s automobile only when the student or owner consents.

7. Parent notification: A reasonable attempt shall be made to contact a parent(s)/legal guardian(s) of the student searched to provide information related to the reason for the search and the outcome of the search as soon as possible.

B. Seizure

All items that are the object of a search and unlawful items found during the search will be seized by the authorized searcher. As required by law or school regulations, all items will be turned over to the police.

STATE SUPERVISED CARE

As required by law, Carroll County Public Schools will forward the records of students in State Supervised Care within three days of an official request to do so.

The requirements include, but are not limited to:

The Superintendent/designee may enforce additional restrictions in order to maintain a safe and orderly environment.

STUDENT RECORDS

Student records are made and maintained by teachers, counselors, administrators, and other school personnel in accordance with the Public School Laws of Maryland, the Rules and Regulations of the Maryland State Board of Education, the policies of the Board of Education of Carroll County, and the administrative regulations of Carroll County Public Schools.

Student records are confidential in nature with access to them granted only for legitimate and recognized educational ends. Individual student records, except those records that are designated as permanent, or otherwise excepted by law, are destroyed when they no longer serve a purpose.

There are three categories of student records:

Directory Information: The student's name, photograph, grade placement, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, diplomas and honors received, and the most previous educational agency or institution attended.

Directory Information is disclosed upon request. However, any parent, guardian or eligible student (18 years of age or older) who does not want the school to release those items listed as Directory Information must notify the school principal in writing of this request no later than September 30 of the current school year. This notification must be submitted each year. In addition, those students/parents who opt out of having directory information shared in their final year of attendance shall have that request honored from that year forward.

Limited Directory Information: The addresses, email addresses, phone numbers, and student identification numbers. Limited Directory Information may be provided to school parent organizations (such as the PTA and Booster groups) and organizations providing a service to students such as senior portraits, yearbooks, class rings, etc. when that group has a legitimate need for the information as determined by the principal in consultation with the Director of Student Services.

Personally Identifiable Information: Data or information, excluding directory information as listed above, including the name of a student, the name of the student's parent, guardian or other family member, the address of the student, the phone number of the student, a personal identifier such as the student's social security number or student number, a list of personal characteristics which would make it possible to identify the student with reasonable certainty, or other information which would make it possible to identify the student with reasonable certainty; or other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty.

Requests for the disclosure of Personally Identifiable Information are granted when authorized by the student's parent, legal guardian or the eligible student. However, Personally Identifiable Information is released without the written consent of the parent when the information is requested by school officials within Carroll County who have legitimate educational interests or to school officials of another school or another school system in which the student seeks or intends to enroll.

In the case of separated or divorced parents, either parent, regardless of custodial status, has the authority to inspect and review their child’s records unless there is a court order or other legal document which specifically denies access to records by one of the parents/guardians.

Parents and students who feel their rights have been violated may file a complaint with the Director of Student Services.

For further information regarding school records, contact your local principal or the Student Services Department.
STUDENTS WHO COMMIT REPORTABLE OFFENSES
The Safe Schools Act of 2010 requires the reporting of certain crimes committed in the community to the local Superintendent of Schools. Some of these crimes include but are not limited to: abduction; arson; kidnapping; manslaughter; murder; mayhem; maiming; rape; robbery; carjacking; sexual offenses in the first, second and third degrees; use of a handgun in the commission of a felony or other violent crimes; and offenses involving gang affiliation. A complete list of charges can be found in the Student Services Manual.

Upon notification from the police, school staff may convene a formal assessment team to develop an educational placement or program and related services for the student to maintain a safe and secure school environment for all students and school personnel. The student's parent/legal guardian will be invited to attend a portion of the assessment meeting to share pertinent information. They shall be excused from the meeting prior to a discussion and decision by the assessment team. If the plan results in a change to the student's educational placement or program, the Supervisor of School Security and Emergency Management will promptly notify the parent/legal guardian of the plan.

The school principal or designee and appropriate staff shall periodically hold meetings to review the plan and the student's status and make adjustments as appropriate.

While a student is incarcerated, Carroll County Public Schools will not provide an educational program.

SUSPENSION, EXTENDED SUSPENSION AND EXPULSION
Suspension:
The principal of each school, in accordance with the rules of the county Board of Education, has the right to suspend temporarily, for cause, any pupil in the school for a period of not more than ten (10) school days, provided, however, that the pupil, parent or guardian shall be given a conference promptly with the principal and appropriate personnel during the suspension period. (Section 7-305 Public School Laws of Maryland)

Students with qualified disabilities will be accorded all due process rights.

Due Process:
The following information regarding due process and suspension procedures in the Carroll County Public School System is presented for parents and students:

• The student must be given an oral or written notice of the charges and reasons for the suspension.
• If the student denies the charges, the student is entitled to an explanation of the evidence the authorities have and must be given an opportunity to explain his/her reason for denial.
• The student can be removed from the school prior to the notice and explanation of suspension if, in the opinion of the principal, the student's presence endangers persons or property or threatens disruption of the normal school process. The necessary notice and explanation must follow as soon as possible.
• School officials must promptly inform the parent or guardian of the suspension and its cause.
• The parent or guardian must be provided a prompt conference with the principal and appropriate personnel within ten (10) school days after the suspension is initiated in an effort to resolve the suspension.
• Upon suspension, the student/parent will be provided with a list of community agencies.

Extended Suspension and Expulsion:
At the request of a school principal, the Superintendent of Schools or designee may suspend a student for more than ten school days or expel that student. If a principal finds that a suspension of more than ten (10) days or expulsion is warranted, he or she shall report the matter in writing to the Superintendent.

The Superintendent or designee shall make a prompt, thorough investigation of the matter. If, after the investigation, the Superintendent finds that a longer suspension or expulsion is warranted, the Superintendent or designee shall arrange a conference with the student and the parent or guardian. If, after the conference, the Superintendent or designee finds that a suspension of more than ten (10) school days or expulsion is warranted, the suspension will be upheld. Alternatives for the student's education will be explored with the parent and conditions for the student's return to school will be determined.

The Student or Parent May:
• Appeal to the Board of Education of Carroll County within thirty (30) days after the determination
• Be heard before the Board of Education of Carroll County or its designated committee or hearing officer
• Bring counsel and witness to the hearing.

The appeal to the Board of Education of Carroll County does not stay the decision of the Superintendent. The decision of the Board of Education of Carroll County is final for appeals of extended suspension and expulsion. (Section 7-305 Public School Laws of Maryland)

A student on suspension or expulsion must remain off school property. When a student is suspended from a home school, that student is also suspended from all other programs where the student is enrolled.
TELECOMMUNICATIONS/INTERNET SAFETY

Carroll County Public Schools strives to communicate regularly with parent(s)/legal guardian(s) in a variety of ways. When communicating personally identifiable information regarding an individual student, Carroll County Public Schools shall communicate with parent(s)/legal guardian(s) via secure electronic mail (e-mail) if the parent(s)/legal guardian(s) provides an e-mail address. Permission to communicate via unsecure e-mail may be authorized by the parent(s)/legal guardian(s).

Unauthorized access to e-mail is always a possibility, regardless of the level of security of the e-mail system. Although Carroll County Public Schools endeavors to ensure the confidentiality of its e-mail system, Carroll County Public Schools cannot guarantee confidentiality or security of information communicated via e-mail.

The Internet and other instructional technologies are valuable tools for learning. The Carroll County Public School System recognizes the positive impact technology can have on education, while recognizing the challenges it also presents. It is to be used for educational purposes only. Students have no expectation of privacy for material stored or sent on school computers.

The use of technology is a privilege, not a right, and is to be used for educational purposes only.

Students are expected to:

✦ Use network and technology-related services for curriculum-related purposes
✦ Monitor time online in consideration of others and in a courteous manner
✦ Use appropriate language/behavior
✦ Observe copyright laws/property rights
✦ Practice responsible, ethical, and legal behavior.

Students may not:

✦ Use technology for financial gain or any illegal purpose
✦ Degrade or disrupt the technology system performance
✦ Access information inconsistent with curriculum-related purposes
✦ Reveal home telephone numbers, home addresses, or other personal information
✦ Attempt to access network and technology resources inconsistent with curriculum-related purposes
✦ Make any attempt to bypass security devices or CIPA (Children’s Internet Protection Act) required content filtering on the CCPS network or computers
✦ Install non-CCPS equipment or software on CCPS computers, networks, and/or other CCPS assets
✦ Violate the privacy of others, share passwords or computer accounts, or attempt to access others’ accounts
✦ Cyberbullying is strictly prohibited, as are other forms of computer misuse.

Failure to Follow Procedures

The consequences of unacceptable use are decided by the principal or designee and could result in cancellation of this privilege or other disciplinary action, up to and including suspension and/or expulsion. The consequences can be the result of actions taken by students at school or at home.

THREATS, VIOLENT ACTS, FIREARMS AND WEAPONS PROHIBITED

The Board of Education strives to ensure the safety of all students, employees, and visitors to Carroll County Public Schools. Therefore, threats, violent acts, and the possession of weapons (including look-alike weapons) are prohibited on school property, on school buses, and at school sponsored events. Also prohibited are threats, violent acts, or the use of a weapon against a Carroll County School employee by a student at any time and/or place. Threats of violence, violent acts, and use of a weapon directed against a student away from school are also prohibited when it is determined to impact the safety or the orderly operation of the school.

Threats made by any individual(s) will be taken seriously. The definition of a threat is an expression of an intent to cause physical harm to someone. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means; and is considered a threat regardless of whether it is observed by or communicated to a third party; and regardless of whether the target of the threat is aware of the threat. Threats may be direct or indirect and fall into four risk levels; low risk threat, moderate risk threat, high risk threat, and imminent. Violent acts include, but are not limited to, the use or attempted use of physical force against a person with the intent to cause significant injury. CCPS administrative regulations ADD: Threats, Violent Acts, Firearms, and Other Weapons Prohibited address the specifics on how these issues are addressed.

Violent acts include, but are not limited to, the use or attempted use of physical force against a person with the intent to cause significant injury. A behavioral threat assessment may be employed to assess the level of threat risk and to determine next steps. A behavioral threat assessment is a structured group process used to identify, assess, and manage the risk of threats of targeted violence posed by an individual or group. For high and imminent threats, the CCPS Threat Management Team (TMT) may be involved. The TMT is a multi-disciplinary team charged with oversight of the threat management process, conducting behavioral threat assessments, supporting school staff in mitigating threat risks, ensuring safety plans are followed, and connecting individuals with the appropriate mental and behavioral health supports they need in order to keep CCPS a safe place for students, employees, and visitors.

Student discipline records for high risk threats, imminent threats, and violent acts shall be cumulative over a student’s school career. For example, a student who commits a high risk threat and subsequently commits a violent act will be disciplined for a second offense. Records continued
The possession and/or use of tobacco, products containing nicotine, and nicotine replacement products by students on school premises, buses, or at school functions is prohibited. Any violations involving tobacco or products containing nicotine, and nicotine replacement products by students will be handled as school disciplinary infractions as well as student health concerns. The following disciplinary guidelines are recommended for secondary school administrators:

1st Offense
- Discipline as appropriate including an assignment to the first Tobacco Education Group (TEG) program (TEG 1).
- Failure to complete the TEG program assignment may result in a 3 day suspension.

2nd Offense
- Discipline as appropriate including an assignment to the TEG 1 program (if not completed on the first offense) or the TEG 2 program.
- Failure to complete the TEG program assignment may result in a 3 day suspension.
- File a letter of complaint with the Department of Juvenile Services.

3rd Offense
- Assign up to a 5 day suspension for tobacco violation.
- Assignment to the TEG 1 or TEG 2 program (if not completed on previous offenses).
- Notify the Pupil Personnel Worker.

4th Offense
- Contact the police to request a citation be issued (should the police elect not to issue the citation, the school administrator may file a complaint regarding the student with the Department of Juvenile Services.)
