## Appearance Standards (All Divisions)

In recognition of the connection between standards of dress and performance, and in the spirit of professionalism, Oak Hall School has established guidelines for school dress and personal appearance. As Oak Hall students representing our values of scholarship, leadership, and service, and in respect of the educational process, students are expected to maintain a neat and orderly appearance.

Appearance standard violations may result in disciplinary action at the discretion of the Division Director. Requests for deviation from the uniform policy or appearance standards should be made to the Division Director and will be decided on a case-by-case basis. While these guidelines attempt to address most issues, it is not an exclusive list, and students are expected to adhere to the spirit and intent of the appearance standards.
