SCHOOL MISSION STATEMENT

“Cooper Cougars Lead The Way”

VISION

Inspire a positive school culture that is safe, fun, holistically inspirational to student growth, and fosters trust toward the families of the community we serve.

HISTORY

Kenneth Cooper Middle School was opened in August of 1993. The school is named after Dr. Kenneth H. Cooper, a 1949 graduate of Putnam City High School. Dr. Cooper is recognized for his writing and research regarding the benefits of exercise. Dr. Cooper has been credited as the founder of “Aerobics”.

PRINCIPAL'S MESSAGE

Dear Cooper Cougar Student and parent,

My name is Jason Burkhart and I want to tell you that I am honored and excited to be serving your child and our community as Principal of Kenneth Cooper Middle School!

Cooper Middle School is a great place to grow and learn. We have some of the most outstanding teachers in the state working to provide academic and social growth for your child. I would like you all to know I am here for you. I respect you all as parents and I am here to serve your child, and ensure they are safe, they are academically challenged to succeed, that they are supported with the changes that happen when students grow as middle schoolers and transition into high schoolers. The Cooper family embraces each student with love and respect for the uniqueness of who they are, where they come from, and the heights they will achieve.

I would encourage every one of our Cooper Cougars to get involved in some sort of school activity. KCMS has a lot to offer when it comes to sports, fine arts, clubs, tech, and leadership.

I am so very excited to welcome you to Kenneth Cooper Middle School! It's a great day to be a Cooper Cougar!!

Sincerely,

Jason Burkhart

MIDDLE SCHOOL HANDBOOK

MIDDLE SCHOOL PHILOSOPHY

We, the staff, students, parents, and community are committed to creating middle schools that provide for the unique physical, social, emotional, and intellectual needs of early adolescents. We believe that a student's self-esteem and academic growth can best be developed in a challenging, productive, purposeful environment. Working cooperatively with warmth, care, and respect, we will prepare students to be productive in an ever-changing world.

PARENTS RIGHT TO KNOW

As a parent of a student in Putnam City Schools, you have the right to know the professional qualifications of the classroom teachers who instruct your child. Federal law allows you to ask for certain information about your child's teacher(s) and requires us to give you this information in a timely manner if you ask for it. In addition, per federal law, you will be notified if your child is taught for four (4) or more weeks by a teacher who is not deemed highly qualified by federal standards.

ACADEMICS

The academic success of each student is of utmost importance to the staff at Cooper. We are committed to providing the necessary support to students in order for them to be successful. Academic progress is based on achievement in classes, mastery of essential skills, and results of OCCT tests and other assessments. Students who are not progressing academically will receive additional support during the school day. These academic interventions may affect the student's involvement in school activities or their placement in some elective classes until the student has met their academic expectations.

ACTIVITIES:

We encourage all students to become involved in school activities. All of our competitive activities are governed by the Oklahoma Secondary Schools Activity Association guidelines.

ASBESTOS

Each school completed an asbestos inspection of the building according to the guidelines set forth by the Environmental Protection Agency. A copy of the management plan is on file in the school, and the master plan is at the District Maintenance Building.

ASSEMBLIES

Assemblies at Cooper are considered to be a privilege. We want all of our students to have the opportunity to attend. However, we believe it necessary that students be in good standing on their team and in the school in order to attend assemblies. Each student must be passing all classes and have displayed proper citizenship to be able to attend assemblies. The criteria for being able to attend assemblies will be determined by the team.

Assembly Etiquette

Students are expected to enter and exit assemblies in an orderly manner and to be cooperative with the assembly program. This means listening when appropriate and participating when appropriate. We want our guests to remember Cooper as a courteous and respectful school. Disruptive students will be removed from the assembly and may lose the privilege of attending future assemblies. At the conclusion of each assembly, the students will be dismissed by their teachers from the top row down.

ATHLETICS/CONDUCT CODE FOR SPECTATORS

The following conduct code for spectators was drafted by the Oklahoma Secondary School Activities Association and should serve as a model for sports fans at all high school athletic events. Also, see *Event Expectations*.

BELIEVING THAT sportsmanship is a by-product of a spirit of tolerance and good will, and the centering of attention on the good qualities involved; and

BELIEVING THAT conduct is an important part of the school's athletic program, I pledge to act in accordance with these principles.

As An Athletic Spectator, I will:

- 1.Exemplify the highest moral character, behavior, and leadership so as to be a worthy example.
- 2.Maintain and exhibit poise, self-discipline, and restraint during and after the contest.
- 3.Conduct myself in such a manner that attention is drawn not to me, but to the participants playing the game.
- 4.Regulate my action at all times so that I will be a credit to the team I support, knowing the school gets the praise or blame for my conduct, since I represent the school the same as does the athlete.
- 5.Support all reasonable moves to improve good sportsmanship.
- 6.Treat the visiting team and spectators as guests, being courteous and fair.
- 7.Avoid actions which will offend the individual athlete.
- 8.Accept the judgment of the coach.
- 9.Honor the rights of visitors in a manner in which I would expect to be treated.
- 10.Respect the property of the school.
- 11.Display good sportsmanship by being modest in victory and gracious in defeat.
- 12.Pay respect to both teams as they enter for competition.
- 13.Appreciate the good plays by both teams.
- 14.Show sympathy for an injured player.
- 15.Regard the officials as guests, and treat them as such.
- 16.Direct my energies to encouraging my team rather than booing the officials.
- 17.Believe that the officials are fair, and accept their decisions as final.

18. Learn the rules of the game in order to be a more intelligent fan.
19. Consider it a privilege and duty to encourage everyone to live up to the spirit of the rules of fair play and sportsmanship.
20. Realize that privileges are invariably associated with great responsibilities, and that spectators have great responsibilities.
21. Obscene cheers, littering of basketball courts, the throwing of objects, and verbal indignities directed toward visiting athletes, spectators or referees have no place in high school athletics.

ATTENDANCE

General: Every student shall attend school regularly. Regular attendance at school is necessary for students to fully benefit from the educational experience, teaches students the necessity of regular attendance in preparation for work, and teaches students to be personally responsible. The Administration shall notify a student's parent or guardian regarding the student's absences and tardies as set forth in Administrative Regulations.

In the event a student is going to be out for more than three days, a parent or guardian should contact one of our school counselors for assistance with getting assignments together. It is the responsibility of the student to obtain, complete, and submit for grading any assignments missed while absent.

Student Absences: Excused absences are those due to illness or personal injury, medical and dental appointments, court appearances, religious holidays, and family emergencies. No student shall receive an excused absence without proper documentation. Written or verbal communication from the parent or guardian may be considered acceptable by the principal for the first five (5) excused absences during a semester. Additional absences will be considered unexcused unless official written documentation is submitted (ex: doctor's note, verification of a court appearance, memorial service folder, etc.). The Administration may provide appropriate consequences for unexcused absences.

Students may be dropped from enrollment for being absent 10 consecutive days or 15 parts of days without proper documentation for being out of school during a semester.

Middle and High School Tardiness: Tardy is defined for middle and high school students as arriving after the start of each class period. Tardies are excused for illness or personal injury, medical and dental appointments, court appearances, or religious holidays, and require written documentation.

Early Dismissal: A student shall not be excused and dismissed from school before the end of the school day without an approved written request for early dismissal from the student's parent or guardian or the approval of an administrator. Telephone requests for early dismissal of a student will only be honored if the caller can be positively identified as the student's parent or guardian. Additional precautions regarding excusing students from school may be taken as appropriate to the age of the student and/or as circumstances warrant.

Appeal of Attendance Record: Appeals dealing with attendances and tardies must be made to a principal-appointed committee consisting of at least three members. A request for an appeal must be made in writing and submitted to the principal within ten (10) days of receipt of the notification that attendance requirements have not been met. The committee will determine if there are extenuating circumstances for the student's failure to meet attendance requirements and determine if absences/tardies may be excused.

Make-Up Work: A student shall have the same amount of time to make-up any missed assignments equivalent to the amount of class time that they missed for any excused or school activity related absence. This work may be completed and graded for full credit. In the event that a student is aware of dates that they will be absent from school, they are encouraged to obtain their assignments early.

Truancy: The District may take reasonable measures to enforce the provisions of the compulsory attendance laws to ensure that all students attend school on a consistent basis. During the times when school is in session, any Police Officer may detain and assume temporary custody of any student enrolled in the District who is subject to the compulsory attendance laws, who is found away from home and who is absent from school without excuse. Any student located in an area of the school other than the assigned classroom may also be considered truant.

Chronic Absenteeism: Chronic absenteeism occurs when a student is absent from school at least ten percent (10%) of the time that school is in session and the student is included in membership, eighteen (18) or more days on a one hundred and eighty (180) day school calendar or ten percent (10%) or more of school days on a one thousand and eighty hour (1,080) hour school calendar. The district recognizes that medical exemptions from chronic absenteeism may be appropriate. Student absences which are due to a significant medical condition may be exempt from inclusion in the school site's chronic absenteeism indicator upon determination of eligibility by district's medical exemption review committee. District's medical exemption review committee consists of:
A significant medical condition, for the purposes of this policy, means a severe, chronic, or life threatening physical or mental illness, infection, injury, disease, or emotional trauma that meets the following criteria:

A. The condition affects the student so severely that it incapacitates the student from attending school for an identifiable time period or number of school days, or for which the student must receive regular medical care that requires him or her to be absent from school;

B. The student is unable to receive instruction through homebound education services for an identifiable time period or number of school days due to the medical condition or treatment of the medical condition, or homebound education is not appropriate due to brief recurring absences for treatment purposes;

C. The school or school district has been provided with written documentation of the condition that has been verified in writing by a physician licensed to practice in Oklahoma, or by a physician licensed to practice in another state if the treatment is in another state. A copy of the documentation verifying the student's condition shall be filed in the student's educational record. For qualifying circumstances, such as sexual assault or other events of a traumatic nature, that may not include official documentation, a letter from a school counselor or administrator explaining the student's qualifying circumstance may qualify as documentation. District's medical exemption review committee shall respect and protect the privacy of students and others in its review of medical exemption requests.

D. Examples of significant medical conditions may include, but are not limited to:

- a. Student has a terminal disease or degenerative illness, or has been placed in hospice care;
- b. Student is comatose;
- c. Student has a serious chronic medical condition (lasting 3 months or more) and is absent for the purpose of receiving condition-related treatment (ie. chemotherapy, dialysis);
- d. Death or life-threatening injury of an immediate family member of the student (ie. parent/guardian, sibling, child, or another member of the household); or

- e. Student has sustained serious medical or physical injury as a result of a catastrophic event, such as:
 - i. A natural disaster or other event;
 - ii. An act of violence (ie. physical assault, sexual assault, kidnapping, homicide, torture, or terrorism);
 - iii. Drowning;
 - iv. Poisoning, fall ,or a traumatic brain injury; or
 - v. Fire or explosion in student's home.
- E. Absent another qualifying condition, a significant medical condition does not include:
 - a. Minor illness or injury that does not incapacitate the student or require recurring treatment;
 - b. Short-term illness or injury resulting in absences of ten (10) or fewer consecutive instructional days, including those that require short-term hospitalization of ten (10) or fewer consecutive instructional days;
 - c. Pregnancy, unless complications of the pregnancy otherwise meet the requirements of this policy; or
 - d. Refusal of a parent/guardian to permit the student to attend school or receive homebound service due to illness, injury or trauma.

Student absences that are classified as "excused" under Oklahoma law and/or district policies should be classified as "excused" in the student information system and do not automatically qualify for a medical exemption for purposes of the chronic absenteeism indicator. In order to qualify for consideration under a chronic absenteeism medical exemption, an absence must fall under the definition of a "significant medical condition". Furthermore, if a student has been determined to have a significant medical condition under the terms of this policy, only absences that are related to the student's identified condition(s) or qualifying circumstances may be exempted from inclusion in the chronic absenteeism indicator.

District shall report any absences determined to be medically exempt to the Oklahoma State Department of Education (OSDE) Office of Accountability. All documentation considered during the medical exemption review committee's consideration of potentially eligible absences shall be maintained by the district.

Attendance for Distance Learning or Putnam City School at Home (PCSAH): When the District declares the need to implement its Distance Learning instructional model, and for those students enrolled in the PCSAH program, the following will apply to student attendance. The first date of attendance for a student beginning Distance Learning or PCSAH with the District shall be the first date the student completes an instructional activity. "Instructional activities" include instructional meetings and/or completed assignments/activities that are used to record a grade. A student shall be considered in attendance or present when the student has completed the majority of instructional activities assigned for the distance learning days. Attendance will be recorded for the previous week by the student's teacher(s) on Monday. Students will have one day for every virtual day to turn in assignments before they will be counted late. Reports will be made available to parents and students that reflect attendance/participation, progress and grades.

The recording of attendance bears no reflection on the grades earned during the week, only that the student was completing work over the course of the previous week.

BEFORE AND AFTER SCHOOL

The official school day is from 7:40 a.m. until 2:35 p.m. Students should not arrive at school before 7:10 because there are no staff members on duty to supervise students. Students will not

be allowed to enter the school building until 7:10 a.m. At 7:10, students will enter the gym lobby door and sit in their assigned area in the large gym.

Students will be dismissed to report to their first period class around 7:30 a.m.

If students need to be in the hallway before this time, they will need to obtain permission from a teacher or principal.

After School: all students should be picked up by 2:50 p.m. After this time, there are no teachers on duty for supervision. **All students waiting for rides will be required to wait outside in front of the main entrance.** Only those students in a supervised activity should be on the school grounds after 2:50 p.m. The main office closes at 3:30 p.m.

BICYCLES AND MOTORCYCLE

These are to be parked in the designated areas and should be chained to the rack. The school is not responsible for damage or theft.

BULLYING

Students are prohibited from bullying, harassing (sexual &/or verbal), threatening, or intimidating other students or school personnel. "Bullying" means any behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or education of any student. With respect to electronic communications, students are specifically prohibited from bullying, harassing, threatening, or intimidating other students or school personnel whether or not the electronic communications originated at school or with school equipment.

It is important to know that bullying and conflict are not the same thing. Bullying is an imbalanced relationship between a person and another person or group of people with repeated actions over time that make one feel humiliated. Conflict is a disagreement between two or more people with both sides saying and doing inappropriate things to one another. Sometimes conflict is mistaken as bullying but when both sides are acting aggressively towards each other it is no longer an imbalanced relationship but one of conflict. All students found to be acting aggressively towards one another could receive disciplinary consequences.

The following steps shall apply to the investigation of reported incidents of harassment, intimidation, bullying, or threatening behavior:

1. If any person is aware of, observes, or is a victim of bullying, harassing, threatening, or intimidating behavior or communications from a student, such person must report the behavior or communication to the principal of the school on the appropriate form.
2. The principal will gather the information the principal deems necessary and evaluate the incident to determine the severity of the incident and the potential for future violence.
3. After completing any necessary investigation, the principal shall determine if the student accused of bullying, harassing, threatening, or intimidating behavior or communications engaged in prohibited conduct and, if so, shall determine the appropriate discipline.

4. During the pendency of the investigation, the principal may take appropriate action to ensure the safety of all students or school personnel involved.
5. If warranted, the principal shall notify law enforcement of the reported incident and cooperate with any law enforcement investigation.
6. If the student's actions are determined to constitute prohibited harassing, intimidating, threatening, hazing, or bullying behavior or communications, the principal may, as a condition and part of any disciplinary action that is taken, recommend that available community mental health care options be provided to the student.
7. The principal may further require the student (if 18 or over) or the parent or guardian of the student to allow the mental health care provided to disclose any information concerning the student who has received mental health care for conduct which indicates an explicit threat to the safety of students or school personnel as a condition of being allowed to return to school.
8. The principal may also require that the student and the student's parent or guardian meet with the principal, a school counselor, and other appropriate school personnel before being allowed to return to school.

CAFETERIA

The Cooper cafeteria is excellent! The students are provided a variety of food options. Free breakfast and lunch is available to all enrolled students regardless of financial condition. Students can purchase food items with cash or they may establish an account with the cafeteria manager. Lunch accounts can be prepaid with checks or cash through the first Friday in May. Questions regarding the cafeteria should be directed to Mrs. Shadoan, our cafeteria manager at 720-9887.

Students may be in the cafeteria in the morning if they purchase a school breakfast and are eating in the cafeteria. Students will remain seated in the cafeteria until dismissed by the staff member on duty.

At lunch, all food and drink items should be purchased before students enter the seating area. Once food items have been purchased, students are to have a seat inside the eating area. Students are not to leave this area without permission from a staff member on duty.

We expect students to display appropriate and orderly behavior and to speak with quiet voices in the cafeteria. Students who cut in line will be required to go to the back of the line.

It is the responsibility of each student to throw away their trash after eating and to leave their spot clean for the next student. Our cafeteria staff works extremely hard in serving our students and maintaining a clean environment. We expect our students to respect this and to do their part in helping to maintain this environment.

Use of the vending machines at any time other than breakfast & lunch is prohibited. Students will lose their items if purchased at inappropriate times. **Food and drinks (opened or unopened) may not be taken outside of the cafeteria area.**

CAMERA SURVEILLANCE

Surveillance Videos: The District utilizes video cameras to enhance its security operations. Video cameras may be placed in buses, hallways, parking lots, common areas, cafeterias, stadiums, auditoriums, and any other except locker rooms and bathrooms. These video cameras are monitored and are under the control of the District's Campus Police Department. The District's Campus Police Department is responsible for the creation and maintenance of any surveillance videos. Building principals may request copies of any recording made by any surveillance video cameras from the Campus Police Department.

Surveillance videos are NOT considered to be educational records of students, unless used for disciplinary action on a student, which are protected by FERPA.(not subject to Open Records Act) but are considered to be records of a law enforcement unit. As records of a law enforcement unit such records are not subject to the right of inspection by subject to disclosure under the Oklahoma Open Records Act. Surveillance videos may be used in disciplinary actions against students and employees and may be publicly disclosed during such disciplinary proceedings. Videos will not be retained unless the District's Campus Police Department determines that a video is needed. Any requests from the media for copies of videos are to be handled by the Communications Director. All other requests for copies of videos should be submitted to the Campus Police Department. The District shall have discretion as to the release of surveillance videos.

CELL PHONES& HEADPHONES (EAR BUDS)

Students are allowed to use their cell phones before and after school. **During class time cell phones and ear phones (ear buds) are expected to be kept in their backpacks.**

The use of cell phones during lunch time may be allowed as a reward for positive behavior. This would be the only time personal device use may be permitted during the school day. It is viewed as a privilege not a right. (For further explanation regarding this, please refer to the section four (discipline and consequences), as well as the district policy regarding personally owned devices)

CHANGE OF TELEPHONE AND/OR ADDRESS MUST BE DONE AT THE DISTRICT ENROLLMENT OFFICE

CHECK ACCEPTANCE POLICY

All checks should be made payable to Kenneth Cooper Middle School or KCMS. All checks must have two phone numbers, the student name in the memo, and no temporary checks can be used (checks must be pre-printed). Any checks returned from the bank for non-payment will be charged a service fee of \$25.00 and ***check writing 6 privileges may be suspended.*** Checks will not be accepted as payment for any school purpose after the first Friday in April. Cash (exact amount), money order, or cashier's check will be the only accepted form of payment at that time.

CHECKING IN AND OUT

Students arriving after 7:40 a.m. are considered tardy and must be signed in through the office. Tardies are **excused** for illness or personal injury, medical and dental appointments, court appearances, or religious holidays, and **require written documentation**. Tardies for any other reason, or without the required written documentation, will be considered **unexcused**. **Unexcused tardies will be dealt with at the discretion of school personnel and in accordance with district policy and state law.**

Because student safety is of the utmost concern, only a parent or legal guardian may check out their child. In emergency situations, students being checked out by someone other than a parent must be verified. When checking out, the parent or guardian must sign the student checkout sheet in the main office and show proof of identification. If a student leaves school without checking out, he/she will be considered truant. Students returning to school on the same day after checking out need to report to the main office to check back in before returning to class. **Phone check outs will not be allowed for safety purposes of our students.**

CHILD NUTRITION PROGRAM

The Child Nutrition Department provides meal service at all Putnam City Schools. All meals served follow the guidelines of the National School Lunch and the National School Breakfast Programs. Due to HHFKA guidelines, all students will be required to take a serving of fruit or vegetable with all meals.

A computerized cashiering system is used for all students in the cafeteria. Students will enter their student I.D. number assigned by the school district to purchase meals or any food items.

The following information has been compiled to answer some of your food service questions. Please feel free to contact your school cafeteria manager or the Child Nutrition office at (405) 495-0184 to address any other questions.

How do I qualify for Free or Reduced-Price Meal Benefits? Free and reduced price meal applications are sent home at the beginning of the school year and are available to all students throughout the year. Parents may resubmit applications if family circumstances change during the school year. Once an application has been approved it is valid for the current school year only. Applications can be obtained from the cafeteria manager, at the Child Nutrition Office or

<https://www.myschoolapps.com>. Please contact the Child Nutrition Office at (405) 495-0184 if you have additional questions.

- Applications must be processed, eligibility determined and approval notification made before students receive free or reduced price meals. This process may take up to 10 business days. Students are responsible for paying full price for all meals received prior to application approval.
- You may charge up to \$10.00 and no more.

Account Prepayments: Two payment methods are available:

- An on-line payment option is available at www.myschoolbucks.com. You will need your student's ID number to set up an account.
- Students or parents may also bring checks/cash to the cafeteria manager before classes any school day. Writing the student's name and/or I.D. number on your check will assist the cashiers in crediting the proper account. Please make checks payable to the school cafeteria.
- Money credited to the student's account may be used to purchase lunches, breakfasts, and Ala Carte items. If you prefer to restrict the purchase of Ala Carte items, please note MEALS ONLY in the memo section when making payments to the student accounts.

CLASSROOM/SCHOOL BEHAVIOR

All Kenneth Cooper Middle School students are expected accept responsibility of self-discipline and display appropriate behavior at all times and with all school personnel. Students will conduct themselves in a manner that enhances the learning process. Students who act in a manner that violates these expectations will be dealt with at the discretion of the teachers and administrators and may be subject to disciplinary consequences. (Refer to section four for explanation of specific rule violations, discipline and consequences)

CONCERNS OF STUDENTS/PARENTS

A student or parent who has a concern should first bring the matter to the appropriate teacher or coach. If the outcome is not satisfactory, a call should next be made to a building administrator or athletic director. A conference can be scheduled if necessary. If the outcome of the conference with the principal is not satisfactory, the next step would be to contact the Executive Director of Secondary Education.

DELIVERIES

We appreciate the desire to celebrate student birthdays and other activities. However, the delivery of flowers, balloon bouquets, mobile food orders etc. are not permitted because students are not allowed (due to safety issues and distractions) to carry on the bus or have in the classrooms. DISCIPLINE

All Cooper Cougars are expected to follow expectations of behavior socially, and academically, as set forth by teachers, principals, and staff of Kenneth Cooper Middle School. These behavioral expectations are aligned and supported by district policies of Putnam City Public Schools.

Students who act in a manner that violates these expectations will be dealt with at the discretion of the teachers and administrators and may be subject to disciplinary consequences.

Students should know what is expected of them in terms of behavior and in terms of education. Students should be treated fairly and with proper due process, but there should be no question that the teacher is in charge in the classroom, and the principal is in charge of the school.

While the school should make every effort to help students with problems, those problems can never be allowed to interfere with the education of the rest of the students.

Putnam City has one basic rule of conduct. We desire that all students accept the responsibility of "self-discipline." Students are to conduct themselves as young ladies and gentlemen at all times.

When a student demonstrates that he/she cannot conduct himself/herself in a positive manner, and infringes upon the rights of others to enjoy the freedom of self-discipline, he/she must face the consequences of disciplinary action.

These behavioral expectations are aligned and supported by district policies of Putnam City Public Schools.

WHY do we have discipline and consequences?

- Every student that attends school at Kenneth Cooper Middle School should feel safe and have a sense that they belong to the Cooper Cougar Family.
- The use of disciplinary consequences is to change negative behavior.
- Positive behavior enhances learning.
- Leaders practice self-discipline, kindness, and inspire others to do the same.

Disciplinary Consequences:

Responsible behavior carries with it many privileges in and around Kenneth Cooper Middle School. Each Cooper Cougar has rules to allow each individual to exercise individual rights and responsibilities. Failure to comply with those rules is irresponsible behavior. The natural consequences of irresponsible behavior may mean a loss of certain privileges at school as well as other types of disciplinary assignments. Repeated irresponsibility may result in a parent conference and/or consequences assigned by building administration.

Below is a list of disciplinary consequences:

- Parent/Team Conference
- Detention
- Loss of privileges (good standing)
- In school restriction (ISR)
- Evening (ISR)
- Short term suspension
- Long term suspension
- Alternative placement

Parent/Team Conferences

Parents: Student behavior issues will always result in parent contact from the student's teacher, team, or Assistant Principal. This contact will be made typically within twenty four hours following the incident.

The contact will be made by phone, or email depending on the parent's preference of contact and the severity of the incident.

When contacted the parent will be informed of the behavior issue as well as the how this issue was resolved. In cases requiring more severe disciplinary consequences such as in school restriction or out of school suspension the parent will be contacted by the school administrator, such as a principal or assistant principal.

PARENTS WHO NEED TO CONFERENCE WITH ADMINISTRATION IN PERSON MUST SCHEDULE THIS WITH THE APPROPRIATE ADMINISTRATOR IN ADVANCE. IF A PARENT SHOWS UP WITHOUT AN APPOINTMENT THEY WILL NEED TO EITHER WAIT UNTIL AN ADMINISTRATOR IS AVAILABLE OR SCHEDULE AN APPOINTMENT FOR A LATER TIME.

Team Conferences: At times it might be necessary to address behavioral issues across the team. Our teacher teams meet multiple times weekly, during some of those meetings it might be necessary to speak to a student about their behavior or even mediate situations between students. During these meetings the student is reminded of the expectation and given the opportunity to correct the behavior. Prior and or following these team meetings parent contact will be made to inform them of the issue and how it was resolved.

Detention: Morning or lunch detention maybe assigned by teachers, teams, or administration for minor behavior issues. However, repeated minor issues could be seen as open defiance or failure to comply with instructions and could result in more severe consequences to be given, such as in school or out of school suspension.

Loss of good Standing (LOGS LIST) A student who has repeated discipline issues, or attendance issues such as:

- Excessive referrals/detentions
- Suspension (In or Out of school)
- Tardy more than ten times.
- Excessive unverified absences (8)
- Has been dropped for excessive absences (10 consecutive or 15 parts of days)

Students who have situations like these occur will be placed on a loss of good standing list (LOGS LIST) for the semester. Once a student is on the LOGS List they will not be able to attend dances, assemblies, games or events with other schools.

STUDENTS ATHLETES WILL STILL BE ABLE TO PLAY THE SPORT THEY PARTICIPATE IN, THEY JUST MAY NOT BE A SPECTATOR AT ANY EVENT THEY DON'T PARTICIPATE IN AS LONG AS THEY ARE ON THE LOGS LIST.

A student who is on the LOGS LIST may be removed from it if they appeal their situation with their team and or their Assistant Principal.

In School Restrictions (ISR):

- This consequence is suspension while in school.
- ISR will be assigned by a principal or assistant principal.
- The assignments for students in ISR will be provided by the regular classroom teacher. Substitute assignments may be given by the ISR staff.
- Students in ISR will be separated from their peers during lunch.
- Students in ISR will be placed on the LOGS List and will not be allowed to attend school events during or after school during the time they are assigned ISR and as long as they remain on the LOGS LIST. The length of time they are placed on the LOGS list could be the balance of the semester unless the student appeals to their team.
- THE ONLY EXCEPTION TO THIS RULE WOULD ALLOW STUDENTS TO ATTEND AND PARTICIPATE IN PRACTICES CONDUCTED AFTER SCHOOL HOURS.
- Rules of behavior will be provided, and full compliance is expected by each student assigned to ISR.
- JUST LIKE THE CELL PHONE POLICY, There are no electronics of any kind permitted in ISR, with the exception of classwork being done on the student's IPAD.
- STUDENTS WHO RECEIVE ADDITIONAL REFERRALS WHILE IN ISR WILL BE OUT OF SCHOOL SUSPENDED.

DISTANCE LEARNING

The District may provide for virtual instruction or distance learning program on dates to be determined by the Superintendent or their designee. Such dates shall be provided to parents and students on the school website with as much advance notice as possible under the circumstances.

Students and staff will be expected to participate, and attendance shall be taken in accordance with district attendance policies and procedures for students and employees. The school district will provide resources to ensure that all student have access to virtual or distance learning programs. All instruction will be provided in compliance with Oklahoma's Academic Standards. Grades will be assigned which will reflect the progress of the student with regard to assignments and/or tests provided. Students will be allowed to participate in extracurricular activities in accordance with requirements set by the school district.

In the event of an emergency declared by a federal or state government entity that impacts the operation of public schools in Oklahoma, or upon an action taken by the State Board of Education declaring such an emergency that leads to the temporary emergency closure of school campus or otherwise significantly impairs the operation of public schools in Oklahoma, the school district may implement distancing learning plans which provide for distance learning that is accessible to all students.

The district may provide for short-term implementation of a distance learning plan due to a localized emergency such as a weather-related school closure or a localized public health emergency. The school calendar may include one or more emergency closure "makeup days" to be delivered through the distance learning plan.

As a last resort, the school may provide an appropriate clothing item in exchange for the original clothing (if the school has something available). The student can redeem their original clothing item when they return the school's appropriate clothes at the end of the school day. Failure to comply after a student has been asked to make corrections will result in disciplinary action.

If a student violates the dress code, a contract can be used as an agreement. Failure to uphold the agreement will result in an appropriate consequence.

ELIGIBILITY FOR ACTIVITIES

The maximum number of absences for activities, whether sponsored by the school or an outside agency/organization, which removes the student from the classroom shall be ten (10) for any one-class period of each school year. Excluded from this number are state and national levels of school sponsored contests. State and national contests are those for which a student must earn the right to compete.

Scholastic Eligibility: OSSAA scholastic eligibility standards are required of all students engaging in co-curricular activity programs. Local school boards may make exception for only those students participating in non-competitive activities.

Section 1. Semester Grades

- a. A student must have received a passing grade in any five subjects to be counted for graduation that he/she was enrolled in during the last semester he/she attended fifteen or more days. (This requirement would also be five school subjects for the 7th and 8th grade students.) For block schedules that offer 8 or more credits during an 18- week grading period, a student must earn 6 credits counted toward graduation during that 18-week grading period. (1 credit = 1/2 Carnegie Unit)
- b. If a student does not meet the minimum scholastic standard he/she will not be eligible to participate during the first six weeks of the next 18-week grading period they attend.
- c. A student who does not meet the above minimum scholastic standard may regain his/her eligibility by achieving passing grades in all subjects he/she is enrolled in at the end of a six-week period.
- d. Pupils enrolled for the first time must comply with the same requirements of scholastic eligibility. The passing grades required for the preceding 18-week grading period should be obtained from the records in the school last attended.
- e. A non-senior student who drops a class after the first three weeks of the semester shall be ineligible for at least a three-week period. To regain eligibility after three weeks, the student must be enrolled in the minimum number of classes required for eligibility, and be passing all classes in which the student is enrolled. A senior student may drop a class at any time and maintain eligibility, provided that the dropped class is not required for graduation, and the student is still enrolled in the minimum number of classes required for eligibility and has passing grades in those classes.

An exception also is allowed for a student dropping an AP or honors-level course after the first three weeks of the semester. The student may maintain continued eligibility provided that (i) the student had a passing grade in the AP or honors-level course at the time of withdrawal; and (ii) the student enrolls in a non-AP or honors-level course in the same subject.

Section 2. Student Eligibility During a Semester

- a. Scholastic eligibility for students will be checked after three weeks (during the fourth week) of a semester and each succeeding week thereafter. School may choose to run eligibility checks on any day of the week. The period of probation and ineligibility will always begin the Monday following the day eligibility is checked. Methods should be devised to check weekly grades of career tech students and all concurrently enrolled students. Schools may choose to run eligibility checks on any day of the week. The period of probation and ineligibility will always begin the Monday following the day eligibility is checked.
- b. A student must be passing in all subjects he/she is enrolled in during a semester. If a student is not passing all subjects enrolled in on the day of the grade check, he/she will be placed on probation for the next one-week period. If a student is still failing one or more classes during the next week on the grade check day, he/she will be ineligible to participate during the next one-week period. The ineligibility periods will begin on Monday and end on Sunday.
- c. A student who has lost eligibility under this provision must be passing all subjects in order to regain eligibility. A student regains eligibility under Rule 3 with the first class of the new one-week period (Monday through Sunday).
- d. "Passing grade" means work of such character that credit would be entered on the records were the semester to close at that time.

Parents or eligible students may ask the District to amend a record that they believe is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

Notice to Parents and Students Regarding Directory Information

Note to Parents:

Please read carefully this notification of rights concerning the privacy of student information. If you wish to restrict the release of information about your child, please notify your child's school principal in writing.

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that the Putnam City Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records.

However, Putnam City Schools may disclose appropriately designated "directory information" without your written consent, unless you advise the district to the contrary. The primary purpose of directory information is to allow Putnam City Schools to use this type of information from your child's education records in certain school publications or media stories. Examples of these uses include:

- ◆ Honor roll or other recognition lists
- ◆ Graduation programs
- ◆ School directories
- ◆ Sports programs, such as for football, showing weight and height of team members
- ◆ A program showing student roles in plays or other fine arts programs
- ◆ Stories written or taped by newspaper, television, radio or Internet media

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to:

- ◆ Companies that manufacture class rings
- ◆ Companies that publish yearbooks
- ◆ Companies that provide tutoring

Putnam City has designated the following information as directory information:

- ◆ Student's name

- ◆ Parent's or guardian's name
- ◆ Address
- ◆ Telephone number
- ◆ Date and place of birth
- ◆ Weight and height
- ◆ Grade level
- ◆ Dates of enrollment
- ◆ Honors and awards received
- ◆ Most recent previous school attended
- ◆ Student statements/quotes
- ◆ Photographs
- ◆ Audio or video tapes or files which identify the student's participation in and/or achievements earned in enrolled courses or recognized activities and sports.

The district will be free to release or use directory information as appropriate without prior consent, unless parents notify the school principal in writing within 10 days of the date of receiving this handbook that the above information should not be released without consent. Parents/guardians may write a letter or use a form available in the school counseling office.

FIELD TRIPS

We want every student to have the opportunity to participate and attend field trips. Each group will set the criteria that must be met in order to participate in each field trip. The criteria will be based on grades, behavior, and attendance.

FUNDRAISING

Students in various programs may have the opportunity to participate in fund raising. However, we encourage any student participating to only approach people they know such as relatives and next door neighbors. Students are responsible for turning in all money and/or unsold items when the fundraiser is over. Students who have outstanding money from a previous fundraiser may not be allowed to participate in additional fundraising activities.

All money raised through fundraisers will go to support our school programs and special activities. Students or outside organizations are not permitted to sell anything during school hours unless they are under the supervision of a teacher and have been approved by the principal.

GRADING SYSTEM

Printed grade reports are received by each student at the end of each nine-week period. These are for the parents' records, and do not have to be returned to the school. Besides the letter grade, each card contains a citizenship grade and the attendance record.

The Putnam City grading scale is:

- A - 90 - 100 percent
- B - 80 - 89 percent
- C - 70 - 79 percent
- D - 60 - 69 percent
- F - 50 - 59 percent
- I - Incomplete
- N - No Credit

Citizenship marks are: O=Outstanding, S=Satisfactory, N=Needs Improvement, U=Unsatisfactory. Good citizenship is necessary for academic progress and participation in assemblies, field trips, and other extracurricular activities. This mark shall be based on cooperation, respect, and following the school rules and procedures. If your child receives an "N" or "U", we encourage you to contact the teacher to discuss the situation.

Grades are available through PowerSchool. PowerSchool Parent Portal is an online method for parents to keep track of student grades. Please contact the school office to sign up. If you would like an additional grade check during the year, or have questions concerning progress reports or grades, please contact your child's counselor or team leader at 720-9887.

Progress Reports Report cards are issued to the students at the end of each semester. A quarterly progress report will be sent to parents/guardians at the end of each nine-week period. Parents of students who are making a D or below shall be notified as soon as possible throughout the school year.

GUIDANCE SERVICES

The counseling center offers many services for students and parents concerning personal and academic needs.

Counselors are Jared Hinkle and Amy Stark

GUM, CANDY, and OTHER VENDING ITEMS

Gum, candy, and other vending machine items are considered to be a privilege. Individual teachers will determine if and when it is appropriate in their classroom. **Hall passes will not be used to go to the vending machine.** Food and drink items are not allowed in the hallways.

HALLWAYS

Hall Passes: Our belief at Cooper is that active involvement in instructional activities in the classroom is most beneficial for all students. Time away from the classroom limits the student's participation in the learning environment.

Students in the hall during class must have the appropriate colored pass. Failure to have a pass will result in the student being sent back to class or other disciplinary actions.

Hallway Behavior: Our hallway procedures ensure that the halls are safe and orderly whether passing from morning seating (breakfast), going to electives, lunch, assemblies, or simply passing between classes in grade level halls, all Cooper students are expected to keep to the right side of the hallways and display proper manners while in the hallways. Kicking, hitting, tripping, or horse playing is not acceptable.

Hallway Traffic Flow: When traveling throughout the building all students are to walk on the right side of the hall, in order to maintain a safe and effective flow of traffic.

Students may not gather in groups in the hallway.

Hallway Noise: Student voices are quiet in the hallways so that classes are not disrupted. Failure to comply with the hallway expectations and procedures may result in disciplinary consequences.

HATCH AMENDMENT

Putnam City Schools is committed to enforcing the Protection of Pupil Rights Amendment (PPRA), 20 U.S.C. 1232h included in the goals 2000 Educate America Act of 1994, PPRA applies to all funding provided by the United States Department of Education and seeks to protect the rights of parents to inspect surveys or instructional materials if these materials or surveys are funded by the United States Department of Education. With respect to survey activities, survey materials used by students and funded by the United States Department of Education, the school district will:

1. Make such materials available for inspection by parents
2. Obtain written parental consent if students are required to participate in a survey analysis or evaluation that reveals such information as:
 - Political affiliations
 - Mental and psychological problems potentially embarrassing to the student and his/her family
 - Sexual behavior or attitudes
 - Illegal or self-incriminating behavior (such as use of tobacco, alcohol, or other drugs)
 - Critical appraisals of these individuals with whom the respondents have close family relationships
 - Legally recognized privileged or analogous relationships, such as those of lawyers, doctors, and ministers
 - Income (other than that required by law to determine eligibility for participants in a program of for receiving financial assistance under such programs)

HEALTH SERVICES

Cooper has a full-time registered nurse. The clinic is located in the main office area. If a student becomes ill during the day, they should obtain a clinic pass from their teacher and report to the nurse's office. If it is necessary to go home, the nurse will inform the parents and the student will check out through the main office. Parents are encouraged to determine if their child should stay home if they are ill. However, students will not be allowed to attend classes with a fever of 100 degrees or more.

Your child should be fever free for 24 hours without the use of temperature-lowering medicine before returning to school.

If possible, parents are advised to try to give medication at home on a schedule other than during school hours. It is the responsibility of the parent to inform appropriate school personnel of medical conditions of the student and medications that the student is taking that may have an effect on their child's educational success, even if the medications are not taken at school. This information will be kept in confidential health records.

All medication taken at school must be kept in the clinic and administered by the nurse. The medication should be in the original prescription container and the student should bring a note from a parent requesting administration of the medicine. Over-the-counter medicines must be in the original, sealed container and have written parental permission. There is a special release form that parents and the physician must sign in order for a student to carry their inhaler with them at school.

A confidential health record is kept in the clinic for every student. Information in the health record includes immunizations, any health screening done at school, a health history, and current phone numbers of parents and emergency contacts. It is very important that the nurse has current health information and phone numbers in case of illness or injury at school.

Beginning in 7th grade, students are required by state law to have T-DAP shots along with their other childhood immunizations. In accordance with Oklahoma's School Immunization Law, students will be excluded from school if the required immunizations are not completed according to the student's health care provider's recommended schedule.

It is important that any student needing to take medicine keep it in the clinic. Under no circumstance should a student keep medicine with them during the school day without the permission of the nurse.

If you have any questions in regard to health issues, please contact Diane Barnard, the school nurse, at 720-9887.

Administration of Medicine

A school nurse, or in the absence of such nurse, an administrator or designated school employees, may administer medicine(s) to students when authorized in writing by the student's parent or guardian as provided by law.

1. General procedures for the administration of medicine:

- Written authorization must be on file in the school clinic or office before the school nurse or designated school employees may administer any medication to a student. The parent(s) or

the person having legal custody or the legal guardian of a minor may sign the authorization form.

- Each school in which any medicine is given shall keep a record of the name of the student to whom the medicine was administered; the date the medicine was administered, the name of the person who administered the medicine and the type or name of the medicine which was administered.

- Medicine to be administered shall be kept in the school clinic or office, properly stored and not readily accessible to persons other than the persons who will administer the medication.

- For incidents of major concern, or questions regarding the administration of any medication, every effort will be made to contact the parent or guardian. The nurse's professional discretion will be used to determine if the administration is in keeping with the health and well being of the student and sound medical practice.

2. **Specific procedures for the administration of medicine:**

- It is the responsibility of the parent/guardian having legal custody of the child to provide any medication to be given at school.

- No controlled substances (such as hydrocodone, percocet, tylenol #3) will be given at school without a specific doctor's order stating the med must be given during school hours.

- Prescription medicines must be brought to school in the original prescription container labeled with: the date, name of the prescriber, the name of the student, the name and dosage of the medication, directions for administration and the name and phone number of the pharmacy.

- Sample drugs must be accompanied by a physician's written order, specifying the dosage, the frequency and directions for administration.

- Non-prescription medicines must be brought to school in an unopened, original manufacturer's container with the original label intact, which supplies the following information: ingredients, expiration date, dosage and frequency, route of administration, i.e. oral, nasal, side effects/contraindications and other directions as appropriate. The medicine must be age and dose appropriate.

- A new authorization form must be completed for any change in medication.

- All medication to be given at school must be kept in the school clinic or office, regardless of the student's age. Exceptions are made for asthma inhalers or medication for life-threatening conditions, which may be carried by a student **after** the school receives a letter from the parent/guardian and the physician stating that it is necessary for the medicine to remain with the student. Authorization must include that the student has been trained and is proficient in self-administration of the prescribed medication. School personnel shall not be responsible for any adverse reaction suffered by the student as a result of self-medication.

- Non-prescription inhalers for asthma will **not** be given at school.

- Non-prescription medication that needs to be given daily or longer than the manufacturer's recommendation for use must be accompanied by a physician's written order.

- Requests from parents/guardians to increase the dosage of any medication beyond that listed on the label will **not** be honored without written confirmation from the physician.

- Because of the potential for harm to children or teenagers who are suffering from viral illnesses such as influenza, chicken pox or colds – no aspirin or aspirin-type products will be given at school. *

- In the absence of **either** the written authorization from the parent/guardian, **or** medication in the properly labeled container, no medication will be administered. Every effort will be made to notify the parent/guardian

Use of Crutches and Knee Scooters in School

Due to the danger of using mobility aids in school, if it is necessary that your child use them at school, please inform the school nurse. Your child will need to check in with the school nurse so that accommodations can be made for the safety of your child while using a mobility aid at school.

These accommodations may include an early release pass for leaving class early (5 min.) to avoid crowds in the hallways, elevator keys, and any other accommodation that is necessary. The school does not provide crutches, knee scooters, etc. to students.

Health Screenings

Each year, various health screenings may be done at school. While each school is different in the screenings they do, the following health screenings **may** be done on the students at your child's school: height, weight, BMI, blood pressure, vision, hearing, and/or dental. If you do **not** want your child screened, please call your child's school and specify which screenings you do not want done on your child. If you **do** want a specific screening done on your child, please call the school and request this.

Immunizations

Title 70, Section 1210.191, Oklahoma Statutes, 1970 requires that parents or guardians of all minor children in grades kindergarten through 12th for all public, parochial, or private schools in the State of Oklahoma, present a certified copy of required immunizations upon school entry.

Guide to Immunization Requirements in Oklahoma

If the 4th dose of DTP/DTaP is administered on or after the child's 4th birthday, then the 5th dose of DTP/DTaP is not required.

The number of doses of PCV and/or Hib may range from 1 to 4 depending on the age of the child when the first dose was given.

◀ If the 3rd dose of IPV/OPV is administered on or after the child's 4th birthday, then the 4th dose of IPV/OPV is not required.

Children may be complete with 3 or 4 doses of Hib vaccine depending on the brand of vaccine used.

Students 11 through 15 years of age who have not received HepB vaccine may receive a 2 dose series of Merck® Adult Hepatitis B vaccine to comply with this requirement. All other children (younger or older) must receive 3 doses of pediatric hepatitis B vaccine.

- The table above lists the vaccines that are required for children to attend childcare, preschool, and kindergarten through twelfth grade in Oklahoma. Additional vaccines may be recommended, but are not required. For example, a 2nd dose of varicella vaccine is recommended before entering kindergarten, but not required by Oklahoma law.

- **Children attending licensed childcare facilities must be up-to-date for their age for the vaccines listed in the “Childcare” column.** Refer to this web page for information on when doses are due for children attending childcare:

- http://www.ok.gov/health/Disease_Prevention_Preparedness/Immunizations/Vaccines_for_Childcare/index.html.

- **Hib and PCV vaccines are not required for students in pre-school, pre-kindergarten, or kindergarten programs operated by schools unless the facility is a licensed child care facility. They are required for children attending licensed child care facilities.**

- Doses administered 4 days or less, before the minimum intervals or ages, are counted as valid doses.

- The first doses of measles, mumps and rubella (MMR), varicella, and hepatitis A vaccines must be administered on or after the child's first birthday (or within 4 days before the birthday) or they must be repeated.

- For doses given on or after Jan. 1, 2003, the 5th dose of DTaP must be given on or after the 4th birthday (or within 4 days before the 4th birthday). This rule does not apply to doses given before 2003.

- If a parent reports that their child had chickenpox disease, the child is not required to receive varicella vaccine.

- It is not necessary to restart the series of any vaccine if a dose was given late or if a dose is past due because longer than recommended intervals between doses do not affect final immunity.

- **Children may be allowed to attend school and childcare if they have received at least one dose of all the required vaccines due for their age and the next doses are not yet due, but they must complete the remaining doses of vaccine on schedule. These children are “in the process” of receiving immunizations.**

What is meningitis?

Meningitis is an infection of the tissue lining and fluid that surround the spinal cord and the brain. Meningitis is usually caused by a virus or a bacterium. Meningitis caused by a virus is usually less severe and goes away without any special treatment, while meningitis caused by bacteria can be severe and may cause:

- Brain damage,
- Hearing loss,
- Amputation of arms or legs,
- Learning disabilities, or
- Death.

What types of bacteria cause meningitis?

There are several types of bacteria that may cause meningitis, including:

- Neisseria meningitidis
- Streptococcus pneumoniae,
- Group B streptococcal disease, and
- Haemophilus influenzae type B (Hib).

This information sheet will focus on the disease caused by Neisseria meningitidis (Nay-sear-e-a men-in-git-itdis), which is rare but especially risky for people of certain ages. Disease caused by Neisseria meningitidis is usually referred to as “meningococcal disease” (men-INjo-kok-ul disease). Many persons are exposed to Neisseria meningitidis and carry the bacteria in their nose and throat for weeks or months and spread the bacteria to others, but do not become sick themselves. If the meningococcal bacteria invade the body, they may cause a rapidly spreading infection of the blood, lung infection, or meningitis. More information about the other kinds of bacteria that cause meningitis can be found at the web sites listed in the box at the end of this information sheet.

Who is at risk from meningococcal disease?

Babies less than a year old have the highest risk for meningococcal disease, but no vaccine is available for babies. The risk of meningococcal disease increases for teenagers and young adults 15 through age 21 years of age, because of behaviors that spread the disease. On average, two or three people in this age group get meningococcal disease every year in Oklahoma. More than half of these could be prevented by vaccine.

College students, military personnel, and other people living in close quarters or dormitory-style housing have a greater chance of contracting the disease than other persons their age. Other persons at increased risk include smokers or persons frequently exposed to second-hand smoke, those with immune system problems, those without a spleen, or international travelers going to countries where the disease is more common.

How is the disease spread?

The disease is spread by respiratory droplets produced by a person harboring the bacteria and expelled a short distance by laughing, singing, coughing, or sneezing. The bacteria may also be spread by direct contact with the respiratory fluids of someone who is infected. That includes kissing, or sharing a water bottle, food item, cigarettes, lipstick, lip balm, mouth guard or anything an infected person touches with his or her nose or mouth.

Why is meningococcal disease dangerous?

Meningococcal disease is relatively uncommon with about 2,500 people affected every year in the United States. However, the infection can spread very quickly and 300 of those people die in spite of treatment with antibiotics. Of those who live, about 400 a year lose their arms or legs, become deaf, have problems with their nervous systems, become mentally retarded, or suffer seizures or strokes.

For this reason, it is best to prevent the disease from occurring. Signs and symptoms of meningococcal disease may be confused with other infectious diseases. If your child has symptoms of meningococcal disease, contact your healthcare provider immediately.

Signs and Symptoms of Meningitis

Headache
Fever
Chills
Stiff neck
Extreme tiredness
Vomiting
Sensitivity to light
Rash of purplish black-red dots or
splotches
Confusion
Seizures

How can meningococcal disease be prevented?

Vaccines can prevent approximately two-thirds of the meningococcal disease cases. There are two types of meningococcal vaccine available in the United States (MCV4 and MPSV4) that protect against four of the five most common disease-causing strains of the meningococcal bacteria.

MCV4 stands for meningococcal conjugate vaccine and MPSV4 stands for meningococcal polysaccharide vaccine. Two doses of MCV4 are recommended for:

- All adolescents 11-18 years of age, and
- Other people at high risk 2 through 55 years of age.

MCV4 should be given to all adolescents at age 11 or 12 years, unless they have received it before. A booster dose is due at age 16 years. For adolescents who receive the first dose at age 13 through 15 years, a onetime booster dose should be given at age 16 through 18 years.

Children 2 years of age and older and adults who are at high risk for meningococcal disease should receive 2 doses spaced 2 months apart. People at high risk include individuals who:

- Do not have a spleen,
- Have terminal complement deficiencies,
- HIV infection, or
- Will be traveling to countries with high rates of meningococcal disease.

Teens and young adults age 16 through 21 years who receive(d) their first dose of MCV at 16 years of age or older do not need a booster dose. MPSV4 protects against the same types of meningococcal bacteria as MCV4 and is indicated for use in adults over 55 years of age who are at risk for meningococcal disease. Teenagers and young adults can also reduce their risk by taking good care of themselves, by eating a balanced diet, getting enough sleep and exercise, as well as avoiding cigarettes and alcohol.

Is this vaccine required to attend school in Oklahoma?

Meningococcal vaccine is required for students who are enrolling for the first time in colleges and post-high school educational programs and who will live in dormitories or on-campus student housing. This vaccine is not required for children in elementary or high school in Oklahoma, even though it is recommended for all adolescents 11 years and older.

Is the meningococcal vaccine safe?

Yes, both types of vaccine are safe; however, there are small risks associated with any vaccine. About half of the people who receive a meningococcal vaccine will have pain and redness where the shot was given, but because the vaccine is not made from the whole bacteria, it cannot cause bloodstream infections or meningitis. A small percentage of people who get the vaccine develop a fever. Vaccines, like all medicines, carry a risk of an allergic reaction, but this risk is very small.

A few cases of Guillain-Barré Syndrome (GBS), a serious nervous system disorder, have been reported among people who received MCV4. However, GBS is such a rare disease that it is not possible right now to tell if the vaccine is a part of the cause or simply due to chance alone because a number of cases of GBS will occur every year even without the use of MCV4 vaccine.

Does the meningococcal vaccine work?

Yes. A single dose of MCV4 meningococcal vaccine protects about 90 percent of the people who are immunized against meningococcal disease caused by types A, C, Y, and W-135. These types cause almost two-thirds of all meningococcal disease among teenagers in the United States. It does not prevent type B, which causes about one third of the cases in teenagers.

Does the meningococcal vaccine prevent all cases of meningitis?

No, it cannot provide protection against other causes of bacterial meningitis or type B meningococcal disease. Scientists have not been able to make a vaccine that will protect against type B.

Where can I get the vaccine for my son or daughter?

If your child has health insurance, you can obtain the meningococcal vaccine from your regular healthcare provider. All county health departments in Oklahoma have the vaccine available at no charge for children 11 through 18 years of age who:

- Have no health insurance,
- Are Medicaid eligible,
- Are Native American, or
- Have health insurance that does not pay for vaccines or does not pay for meningococcal vaccine; and for children 2 through 18 years of age who are at high risk from meningococcal disease.

Where can I find more information?

CONCUSSION FACT SHEET FOR PARENTS

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury. Concussions are caused by a bump or blow to the head. Even a “ding,” “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious. You can't see a concussion. Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If your child reports any symptoms of concussion, or if you notice the symptoms yourself, seek medical attention right away.

WHAT ARE THE SIGNS AND SYMPTOMS OF CONCUSSION?

If your child has experienced a bump or blow to the head during a game or practice, look for any of the following signs of a concussion: SYMPTOMS REPORTED BY ATHLETE: • Headache or “pressure” in head • Nausea or vomiting • Balance problems or dizziness • Double or blurry vision • Sensitivity to light • Sensitivity to noise • Feeling sluggish, hazy, foggy, or groggy • Concentration or memory problems • Confusion • Just not “feeling right” or is “feeling down” SIGNS OBSERVED BY PARENTS/ GUARDIANS: • Appears dazed or stunned • Is confused about assignment or position • Forgets an instruction • Is unsure of game, score, or opponent • Moves clumsily • Answers questions slowly • Loses consciousness (even briefly) • Shows mood, behavior, or personality changes

DANGER SIGNS

Be alert for symptoms that worsen over time. Your child or teen should be seen in an emergency department right away if s/he has: • One pupil (the black part in the middle of the eye) larger than the other • Drowsiness or cannot be awakened • A headache that gets worse and does not go away • Weakness, numbness, or decreased coordination • Repeated vomiting or nausea • Slurred speech • Convulsions or seizures • Difficulty recognizing people or places • Increasing confusion, restlessness, or agitation • Unusual behavior • Loss of consciousness (even a brief loss of consciousness should be taken seriously)

WHAT SHOULD YOU DO IF YOU THINK YOUR CHILD HAS A CONCUSSION?

1. SEEK MEDICAL ATTENTION RIGHT AWAY A health care professional will be able to decide how serious the concussion is and when it is safe for your child to return to regular activities, including sports. **2. KEEP YOUR CHILD OUT OF PLAY.** Concussions take time to heal. Don't let your child return to play the day of the injury and until a health care professional says it's OK. Children who return to play too soon - while the brain is still healing - risk a greater chance of having a second concussion. Repeat or later concussions can be very serious. They can cause permanent brain damage, affecting your child for a lifetime. **3. TELL YOUR CHILD'S COACH ABOUT ANY PREVIOUS CONCUSSION.** Coaches should know if your child had a previous concussion. Your child's coach may not know about a concussion your child received in another sport or activity unless you tell the coach.

HOW CAN YOU HELP YOUR CHILD PREVENT A CONCUSSION OR OTHER SERIOUS BRAIN INJURY?

- Ensure that they follow their coach's rules for safety and the rules of the sport.
- Encourage them to practice good sportsmanship at all times.
- Make sure they wear the right protective equipment for their activity. Protective equipment should fit properly and be well maintained.
- Wearing a helmet is a must to reduce the risk of a serious brain injury or skull fracture.
- However, helmets are not designed to prevent concussions. There is no "concussion-proof" helmet. So, even with a helmet, it is important for kids and teens to avoid hits to the head.

HOW CAN I HELP MY CHILD RETURN TO SCHOOL SAFELY AFTER A CONCUSSION?

Children and teens who return to school after a concussion may need to:

- Take rest breaks as needed
- Spend fewer hours at school
- Be given more time to take tests or complete assignments
- Receive help with schoolwork
- Reduce time spent reading, writing, or on the computer

Talk with your child's teachers, school nurse, coach, speech-language pathologist, or counselor about your child's concussion and symptoms. As your child's symptoms decrease, the extra help or support can be removed gradually.

grades 3-12 can also view student assignments and grades. In addition, the site provides an easy way to trade e-mails with teachers, and parents can choose to receive automatic e-mail updates on unexplained absences, missing homework, poor grades and more. For more information, call 720-9887 or e-mail skenyon@putnamcityschools.org

PUBLIC DISPLAY OF AFFECTION (PDA)

We want our students to show care for each other in a manner that is decent and appropriate in the middle school setting. PDA will not be allowed while students are under school jurisdiction/supervision. Students who do not comply with this policy will be referred to the office and subject to disciplinary actions.

PUTNAM CITY CAMPUS POLICE DEPARTMENT

The Putnam City Schools Campus Police Department is authorized by State Statutes (70 OS 360.16) and Board Policy (ECAA). The statute allows local boards of education to appoint officers to be designated Campus Police pursuant to board policy. Those officers appointed to Campus Police have the same powers vested as peace officers. They must receive C.L.E.E.T. certification because of the peace officers status.

Oklahoma State law provides for Campus Police Officers to enjoy the same powers, liabilities, and immunities with regard to criminal matters and enforcement of the law of the state and the city in which the institution is situated as sheriff and police officers. Jurisdiction includes all campuses and district properties.

Security officers are hired at some of the secondary schools during the school year, and they report to the Chief Operations Officer.

The Campus Police Department is located at 5604 NW 40th, and is open 24 hours a day, year round. Dispatchers answer emergency telephones around the clock. The telephone number is 787-3621. Patrol units are radio dispatched to respond to routine or emergency calls for service at the school sites. Campus Police provide safety and security, crime prevention, patrol, and traffic control on all district property.

Students will be expected to follow all instructions, guidelines and procedures at all times during a safety drill and/or in the event of an actual emergency. SCHEDULE CHANGES

Elective changes may be requested during the first week of each quarter for the following reasons: computer error, misplacement, or inadequate background.

Team assignments are made by the computer. Team assignments are changed only for unusual circumstances, such as for students with special educational needs. We will not change teams for students to be with friends. Should you have a concern please contact the teachers or a counselor and schedule a conference.

SCHOOL PROVIDED DEVICES

Students are being issued an iPad for their educational use in school.

Students will use the same device every day. It will be assigned to them for the duration of their enrollment at this school. Students are responsible to maintain their device by making sure it is secure throughout the day, turned in at the end of the school day, kept in the district-approved case at all times, not loaned to another student and reports any damage immediately. If a student is found to have misused or intentionally damaged their iPad, they could face disciplinary action, be given alternative assignments while their iPad is being repaired and parents will be contacted.

Students are expected to bring the charged device to school each day.

Misuse will be handled as a discipline issue in accordance to the Student Code of Conduct.

Transporting iPads: In order to prevent damage to the IPADS, students will be required to carry their IPADS with both hands “hugging” the IPAD to their chest when moving to different classes and throughout the building. By carrying the IPAD this way it will prevent them from being dropped.

STUDENT ATTENDANCE AT ASSEMBLIES, DAY AND NIGHT ACTIVITIES

We want all of our students to attend and support our activities (such as our sporting events, music performances, drama productions, etc.) However, our primary focus at Cooper is academics. Therefore, we feel it is important that all students, whether playing or observing as a fan, be passing all of their classes.

Students who are not passing all classes or are on the (LOGS) loss of good standing list should not be in attendance at our day or evening activities. With academics being of utmost importance, students should be doing extra work at home until they are passing all classes and removed from the weekly eligibility list.

School and district rules, including dress code, are in effect at day and evening activities as they are during the school day. We expect our students to display appropriate behavior and good sportsmanship at our activities. Students who choose to behave in a manner that is inappropriate may lose the privilege of attending after-school activities.

It is important that students are picked up from after-school activities in a timely manner. A 15-minute rule will be in effect for these activities. **Students who have not been picked up with 15 minutes of the end of the activity may lose the privilege of attending other after-school activities.** Rides should be arranged prior to attending an activity.

STUDENT SEARCHES

As allowed by law, school officials have the right to question, detain, search or authorize the search of a student. A search will only be conducted if it is connected to a legitimate educational interest and is based on reasonable suspicion. In addition, any police officer in possession of a valid warrant or with probable cause may search a student's locker or vehicle.

Searches may include a student's person (emptying of pant pockets, checking of shoes/socks/coats/hoodies), property (back pack, gym bag, purse, car, cell phone, etc.), or school property assigned to the student (locker, desk, textbooks, athletic bags, etc.). All searches of a student's person will be conducted by persons of the same sex and under no circumstances will a strip search be conducted. Factors to be considered in making this determination include, but are not limited to: the age of the student, the nature of the alleged misconduct, the likelihood of truthfulness by the student, the credibility of the information leading to the questioning or search of the student, the role of the student, the urgency of the situation, and the seriousness of the offense.

Students shall not have any reasonable expectation of privacy in the contents of school lockers, desks, or other District property — without notice or reason. District personnel shall have access to lockers, desks, and other District property and shall not be required to have any reasonable suspicion to search lockers, desks, and other District property. In addition, all student vehicles in any District parking lot shall be subject to search at any time. Students are personally responsible for any items found in their lockers, desks, vehicles, book bags, or on their person. If a student is searched and found to be in possession of any dangerous weapons, controlled dangerous substances, intoxicating beverages, low-point beer, wireless communication devices, or missing or stolen property, such items may be taken from the student and preserved, and the student in possession of such items may be disciplined according to applicable law, District Policy, and Administrative Regulation.

In conducting any search authorized by this policy, the District may utilize trained dogs to detect prohibited items. If a dog alerts to a student's locker or vehicle or to a classroom or common area, the area may be searched. If a dog alerts to a locked student vehicle, the student shall be requested to unlock the vehicle's doors and trunk. If the student refuses, the student's parent or guardian shall be notified and requested to unlock the vehicle. If the student's parent or guardian refuses to unlock the vehicle, the District may contact appropriate law enforcement personnel to respond to the issue. The same procedure shall be utilized for searching a student's luggage to be taken on a District-sponsored trip departing from District property.

Parents or guardians will be notified immediately if a search is conducted and if any questioning leads to confirmation that a policy, rule, regulation or law was violated by the student.

SUBSTANCE USE BY STUDENTS
For purposes of this regulation, "semester" is defined as one-half of the school year. At the high school level, this time period is also referred to as a "term". Whenever a student is suspected of using, consuming, possession, or being under the influence of drugs or alcohol, the principal shall verify such suspicion by observation and/or documentation.

Use, Possession, or Being Under the Influence of Drugs or Alcohol/Distribution of Non-Controlled prohibited Substances: The following discipline shall be imposed on students who violate the provisions of Policy EH R-2 relating to (a) the use, consumption, possession, or

being under the influence of any alcoholic beverage, low-point beer, marijuana, narcotic drug, stimulant, barbiturate, depressant, hallucinogen, opiate, inhalant, counterfeit drug, any controlled dangerous substance, or drug paraphernalia, or (b) the sale, transfer, distribution, or exchange of any over-the-counter medication, counterfeit drugs, alcoholic beverages, or low-point beer:

1. **1st Offense:** Upon verification of a first offense, an administrator shall notify the student's parent or guardian and may contact the Putnam City Campus Police Department. An administrator shall suspend the student found to have violated these provisions for a minimum of 10 days. An administrator may modify the suspension with proof of student compliance in the Student Assistance Program as recommended by counselor(s). Furthermore, the principal may assign a long-term suspension up to the remainder of the semester/term depending on circumstances of violation and/or lack of compliance with Student Assistance Program.

2. **Subsequent Offenses:** Upon verification of a subsequent offense, an administrator shall notify the student's parent or guardian and shall contact the Putnam City Campus Police Department. An administrator may assign a long-term suspension for the remainder of the current semester/term and succeeding semester/term. Students and parent or guardian may be required to complete the recommendation(s) of the Student Assistance Program before returning to school.

Sale, Transfer, or Distribution of Drugs: The following discipline shall be imposed on students who violate the provisions of Policy EH relating to the sale, transfer, distribution, barter, or exchange of any narcotic drug, stimulant, barbiturate, depressant, hallucinogen, opiate, inhalant, counterfeit drug, controlled dangerous substance, or controlled dangerous substance without a valid prescription.

The principal shall immediately notify the Putnam City Campus Police Department and the student's parent or guardian. The principal may recommend a long-term suspension for the remainder of the current semester/term and the succeeding semester/term. Students and parent or guardian may be required to complete the recommendation(s) of the Student Assistance Program before returning to school.

Medical Emergency: If a student is exhibiting signs of acute intoxication, incapacitation, or drug overdose, a student's parent or guardian shall be contacted immediately to obtain medical services. If a student's parent or guardian cannot be reached, emergency procedures may be initiated as deemed necessary for the student's safety.

Verification of Substances: If verification of a substance seized from a student is necessary, a field test shall be conducted in the presence of a Putnam City Campus Police Department officer. The Putnam City Campus Police Department officer shall take possession of the substance, and at the direction of an administrator, may transport the substance to the Oklahoma City Police Department for a complete lab test. The results of the lab test conducted by the Oklahoma City Police Department may be used by the District in applying its policies and Administrative Regulations.

SUBSTITUTE TEACHERS

Substitute teachers are guests in our building and are appreciated when a regular classroom teacher is absent. Substitutes can either take a positive or negative impression of our school with them when they leave. We would like our substitutes to WANT to come back to Cooper. Our students are expected to display the utmost respect and cooperation with substitute teachers. Students whose names are left by a substitute, or who have to be removed from a substitute's class will be referred to the office. The expected consequence for misbehavior with a substitute will be determined by administration based on the severity of the incident.

TARDINESS

Punctuality is an important aspect of success in school, as well as in life. We expect students to be on time to every class every day. District policy states that tardies are excused for illness or personal injury, medical and dental appointments, court appearance, or religious holidays, and require written documentation.

Tardies without written documentation will be considered unexcused and will be dealt with at the discretion of the teachers or administrators.

TRANSPORTATION:

Bus Safety Guidelines for Students: School bus transportation is the safest means of over the road transportation in America. Putnam City Schools take pride in their safety record and in the service it provides. Buses are provided for those students who because of distance from the school or health make the service essential. Students and parents should read and understand the following guidelines.

1. All Putnam City District Policies apply to passengers boarding, riding, and departing from Putnam City School buses. Students using or possessing tobacco products, electronic cigarettes, vapes, alcohol, drugs, lasers, and/or weapons will be disciplined according to the District policies.
2. All students must sit properly and safely while on the bus. Students should be sitting on their bottom in the seat facing forward. Students should NEVER be sitting on their knees, turned around facing backward, standing or walking in the aisle, standing on a seat, climbing over or crawling under seats while the bus is moving. Students who cannot follow these safety guidelines create a danger to themselves and will be subject to bus suspension.
3. A parent/guardian should call the Putnam City Transportation Department at 789-3244 when asking for their student to ride another bus to and from school. The parent should call before 1:00 p.m. on the day of the request. Some requests may be denied due to rider capacity of buses. Please do not call the school or write a note for the student to give to the driver when requesting a change in riding procedures.
4. Students are required to use the bus stop nearest their home. Students must be at their bus stop five (5) minutes prior to the scheduled time ready to board. Any student failing to be on time will be responsible for their own transportation to school. Buses cannot return for late students due to time restrictions.
5. Students shall remain back from the roadway while awaiting the arrival of the bus. They should refrain from throwing things or playing at a bus stop.
6. Students shall enter the bus in an orderly fashion and go directly to a seat and remain seated until the destination is reached.
7. Students must keep their hands, arms, and heads inside the bus at all times.
8. Students must keep their hands to themselves and use an inside spoken voice.
9. Bus riders are expected to be courteous to fellow students and the bus driver. **THE BUS DRIVER MUST BE TREATED WITH RESPECT LIKE ANY SCHOOL EMPLOYEE.**
10. Students should never throw any type of object while inside the bus. **IT IS AGAINST THE LAW TO THROW ANY OBJECT FROM A BUS WINDOW.**
11. All articles such as athletic equipment, books, musical instruments, coats, backpacks, etc., must be kept out of the aisle. These items should be held on the student's lap or

- placed on the floor between the student's feet. Students are NOT TO SIT on back packs or musical instrument cases.
12. Students are not to be eating or drinking while riding a bus. Eating and/or drinking while on the bus may result in choking, spilled food, sticky seats and floors, and health violations. PLEASE WAIT UNTIL YOU ARE OFF THE BUS TO OPEN AND EAT FOOD ITEMS.
 13. Students are not to write on seats, poke holes in seats, spit on the floor, or damage any bus equipment.
 14. Students should always check their seating area for books, lunches, phones, purses and other articles that have fallen out on the route. Articles left on the bus will remain on the bus until the next route occurs. A parent may call the Transportation office to see if property was found on the bus by the driver.
 15. Students should do everything to avoid a FIGHT while on the bus. A fight may cause injury to those fighting and endanger the entire bus by distracting the driver. A student should stay on the bus if he/she feels that a fight will occur once they get off at their stop. The driver will keep the student on the bus until it is safe for departure.
 16. The emergency door and window latches are for emergency use only. Students must not touch safety equipment on the bus unless there is an emergency.
 17. Students must remain on the bus when there is a road emergency. Students must remain on a bus involved in a wreck until released by the nurse and local police.
 18. Students who must cross the street at a bus stop shall not do so until they receive a signal from the bus driver. When crossing a street is necessary, it shall always be done in front of the bus, far enough ahead of the bus so that the bus driver may adequately observe them. This means that the student should be able to see the face of the bus driver. The driver shall hold his bus with warning lights flashing until the crossing has been completed.
 19. All directions given by the bus driver are to be followed.
 20. Flowers, balloons and other party favors are not permitted on the bus because they create vision problems for the driver. Animals such as turtles, lizards, snakes, etc., or insects are not allowed on the bus as they may create a danger for other riders and distractions that may occur.
 21. It is against federal regulations for a bus driver to alter their route. Therefore, all students must board and unload at designated stops. Any alternate stops must be approved in advance with the Transportation Office.
 22. A regular route driver will make his/her first stop at the designated time as listed on the Putnam City web site under Transportation. All other stops will be made according to route assignments. Bus stop arrival times may be affected by weather, traffic congestion, and/or student discipline problems.
 23. We ask that each bus rider sign and return a "Parent/Student Application Form for Transportation Service." This information allows the driver to know who is riding as well as notifying the parent/guardian of all bus policies. The form is handed out at the beginning of each school year by the driver and returned to the driver upon completion.
 24. The Putnam City School District operates buses for transportation of its student body based upon the following guidelines:

ELEMENTARY and MIDDLE school students that live farther than one (1) mile from their school are eligible for bus service.

HIGH SCHOOL students that live farther than 1 ½ miles from their school are eligible for bus service.

Students that live within the walk boundary distance are not eligible for bus service.

Violation of bus safety guidelines may result in a student losing his/her privilege to ride ANY school bus. Loss of privileges to ride may include, yet not be limited to, one (1) day, multiple days, or the remaining days of the school year. Safety infractions may also result in other disciplinary action deemed necessary by school officials.

Responsibilities of Parents and Drivers

1. The school bus is considered an extension of the classroom. The Transportation Department has the authority and responsibility for the discipline of all children riding buses.
2. It is the parent's responsibility to discuss with the child the bus safety guidelines and cooperate with district administration. These guidelines should be kept by the parent/guardian for reference during the school year.
3. It is the responsibility of the driver to provide the student with orientation regarding bus safety.
4. Drivers have the authority to enforce all bus rules. Any student refusing to obey these rules may be reported to transportation authorities and may lose bus-riding privileges.
5. If the behavior of the child riding the bus results in a bus suspension, it is the responsibility of the parent/guardian to arrange transportation to and from school until privileges are reinstated.

Bus Discipline Action Plan: The discipline steps listed below are the ones normally followed to correct inappropriate behavior. However, steps may be altered if the behavior requires a more severe disciplinary action.

DRIVER ACTIONS: For minor disruptive misbehavior such as safety violations, name-calling, eating/drinking on the bus, noise distractions, or other inappropriate behavior, the driver/district staff will do the following:

1st Offense: Provide verbal warning by the driver.

2nd Offense: The driver may reassign the student to an assigned seat. Student will be informed how long they will be in the assigned seat. A parent contact form may be filled out by the driver and given to the student for a parent/guardian to sign and return.

3rd Offense: **The Transportation Office will call the parent/guardian, conference with the student at school or by phone, conference with the Principal or other School Staff, review the bus video, or a combination of the above. Disciplinary actions may include bus suspension or other appropriate disciplinary actions. Parent/guardian will be notified of all bus suspensions.**

4th Offense: The above procedures will be followed with disciplinary actions that may include a five day or longer bus suspension. Parent/guardian contact will be made.

5th Offense: A recommendation for the termination of bus-riding privileges may be made to the parent/guardian and school.

MAJOR BEHAVIOR PROBLEMS: BEHAVIORS INCLUDING, YET NOT LIMITED TO FIGHTING, VANDALISM, THROWING OBJECTS IN THE BUS OR OUT BUS WINDOWS, PROFANITY OR OBSCENE GESTURES, DISRESPECT TOWARD THE DRIVER OR OTHER STUDENTS, AND ANY OTHER DISTRACTIONS OR DISRUPTIONS TO A DRIVER CAN AFFECT STUDENT SAFETY AND BYPASS THE STEPS LISTED ABOVE AND RESULT IN BUS SUSPENSION OR TERMINATION.

The Putnam City Transportation Department is located at 7111 N.W. 42nd. Office hours are 6:00 a.m. until 5:00 p.m. The phone number is 789-3244.

TRUANCY:

Putnam City's District Attendance Office works with all schools to ensure that all students attend school on a consistent basis. School and District Administrators may take reasonable measures to enforce the provisions of the State of Oklahoma's Compulsory School Attendance Laws. These measures may include school, district, and legal consequences. Putnam City's District Attendance Office works in conjunction with each school's Administration, and Law Enforcement Agencies from Bethany, Oklahoma City, and Warr Acres, depending on where a particular school is located, to enforce our District Attendance Policy, as well as Municipal Ordinances that pertain to school attendance. During the times when school is in session, any Police Officer may detain and assume temporary custody of any student enrolled in the District who is subject to these Compulsory School Attendance Laws, who is found away from home, and who is absent from school without excuse. Any student located in an area of the school other than the assigned classroom may also be considered truant.

LOSS OF GOOD STANDING (LOGS LIST)

Students who accumulate 15 tardies, have been dropped for having 10 consecutive

unexcused/unverified absences, or have been dropped for accumulating 15 unexcused/unverified absences for parts of days will be placed on the LOGS list for the semester. Once a student is placed on the LOGS list they will be unable to attend school events during the day or evening. A student may be removed from the LOGS list by writing a formal appeal to the administrator and their grade level team as well as having two weeks of perfect attendance after the appeal is filed. The removal from the LOGS list will be determined at the administrator and grade level team discretion.

TRUANCY LETTERS

Truancy letters will be sent home when a student has accumulated:

5 unexcused/unverified absences

10 unexcused/unverified absences (Student will be dropped if absences are consecutive)

UNWRITTEN REGULATIONS

Occasionally, there are trends, fads, and other issues that may not be addressed specifically in our handbook, nor covered by school or district regulations. These situations will be addressed and handled at the discretion of the administrators and/or teachers.

VISITORS

Parents, grandparents and other relatives are welcome to visit Cooper. **All visitors must first check in at the main office and obtain a visitor badge.** It is important for the safety of our students and staff that this procedure is followed. **Classroom visits must be arranged ahead of time with the classroom teacher or counselor.** While we appreciate students wanting to have friends or relatives visit the school, we cannot allow them to attend classes. Any visitor under the age of 18 must be accompanied by a parent or guardian.

WEAPONS

Possession or Use

Possession or use of any type of weapon, facsimile or counterfeit weapon by a student is detrimental to the welfare and safety of students and school personnel. Student use and possession of weapons are becoming increasing hazards. Therefore, the possession or use of these weapons on school property, at a school function, in a locker, on a school bus, in a personal vehicle, or in transit to or from school or any District function is expressly prohibited.

A weapon under the regulation includes, but is not limited to, guns, rifles, pistols, shotguns, any device which throws, discharges or fires objects, bullets or shells, knives, explosive or incendiary devices, hand chains, metal knuckles, or any other object that can reasonably be considered a weapon or dangerous instrument, or any object that is used as a weapon or dangerous instrument. Included in this prohibition is any facsimile or counterfeit weapon resembling a weapon.

Exempt under this regulation are any instruments and devices that may be considered a weapon under this regulation, but are specifically authorized by District personnel for use in an approved curricula or extra-curricular activity, and are used in the appropriate manner.

Any student, who knowingly aids, accompanies, and/or assists in the violation of this regulation shall also be deemed in violation of this regulation and shall be subject to discipline in the same manner as any student who directly violated this regulation.

Possession of a firearm shall result in a one-year suspension. For possession of other weapons under this regulation, a suspension for not less than the balance of the term in which the infraction occurred could be assigned. If the remainder of the term is less than forty-five school days, the suspension shall be for the balance of the term and the next term.

When a student is suspected of violating this regulation, the following procedure shall be followed:

The school principal or his designee shall contact the Putnam City Campus Police Department to have an officer present, if possible, when confronting the suspected student.

The police officer shall take custody of all weapons confiscated from a student's possession.

The officer shall mark any weapon to ensure the chain of custody of the evidence to be exhibited at an administrative hearing and/or criminal action.

At the conclusion of any and all administrative hearings, appeals, and appropriate criminal actions, the Campus Police Chief shall legally and properly dispose of the seized property.

Written evidence that parents and students have been notified of this policy should be on file at the school site for each student enrolled.

WIRELESS TELECOMMUNICATION & PERSONALLY OWNED DEVICES

Purpose: The District has determined that disruptions can come in a number of forms. Ringing cell phones or the receipt of text messages can disrupt classes and distract students who should be paying attention to instruction. Personally owned devices could be used to send messages and/or e-mails which could be used to facilitate cheating. Personally owned devices with cameras could be used to take photos of exams and/or tests or to take pictures of students changing clothes in gym locker areas. Personally owned devices with Internet access can be used to look up answers to test questions. Personally owned devices could also have valuable instruction uses that support student learning. Therefore, the District encourages the authorized use of personally owned devices but prohibits unauthorized use of these devices during the instructional day. Administrators and teachers may specify times appropriate for use.

Definitions:

1. Personally owned devices include, but are not limited to, a cellular or digital telephones, two-way radios, tablets, laptops, smartphones and devices capable of listening to school radio and telecommunication transmissions.

2. Instructional day shall be defined by each school site but shall, at a minimum, include any and all times when classes are being conducted. The instructional day shall not include those times when students are on campus before or after school or on weekends for extra-curricular activities.

3. Authorized use of personally owned devices: Use directed by or facilitated by a teacher or administrator tied to learning standards.

Discipline for Misuse of a Personally owned device:

Whenever a student is suspected of unauthorized use of a personally owned device, a principal, an assistant principal or a teacher shall verify such suspicion by observation and/or

documentation. The following discipline shall be imposed on students who violate the provision of EH relating to unauthorized use of a personally owned device.

First Offense: The student shall receive a verbal warning, and a written notice shall be sent with the student to the student's parent describing what will occur if there are subsequent offenses.

Subsequent Offenses: For subsequent violations during a school year regarding unauthorized use of a personally owned device during the instructional day, the device will be taken from the student and secured in the office, then returned to the student at the end of the day.

A student with repeated offenses may be asked to check their device into the office at the beginning of each day for a period of time.

Search for and of Personally owned device: Whenever school personnel have a reasonable suspicion that a student is misusing a device during regular school hours, school personnel have the authority to search the student and remove the device from the student's possession. School personnel must have a reasonable suspicion, based on objective and articulated facts, that the search of the device will provide evidence that the student used the device to violate some other provision of the Student Conduct Code or the law. Such a search may include, but not be limited to, searching text messages, photos, phone numbers, and e-mails stored in the device. The scope of such a search must be reasonably related to the objectives of the search and not excessively intrusive in light of the nature of the infraction.

Responsibility for device: The District is not responsible for lost and/or stolen personally owned devices.
