

Welcome to Fifth Grade

Dear Fifth grader,

Welcome back to Jackson!! This promises to be a very exciting year full of fun, friendship and learning. We will dive into the depths of the ocean, and explore rocks and minerals. Our class will also investigate the mysteries of DNA and genetics in our science curriculum. Another adventure will be studying culture and exploring Canada and Latin America. Studying maps and documents will also be part of our social studies curriculum. Our class will also read wonderful stories and write about many different subjects.

As you know fifth grade has many wonderful trips such as the DNA lab, and the Norwalk trip just to name a few. We also have many exciting events such as circus week and graduation. Hopefully you all received your supply list at the end of school last year and can arrive with all your supplies on the first day of school, if possible.

I hope you had all had a wonderful summer, and I look forward to seeing each of you on the first day of school!

Your teacher,

Mrs. Salzman
