

Who are the Outreach Facilitators?

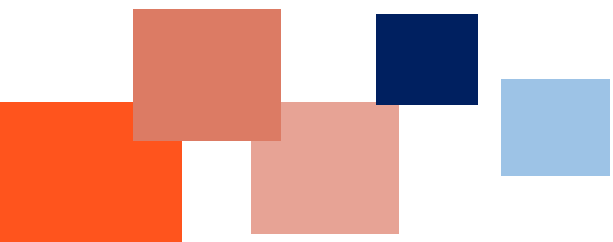

The MCS Outreach Facilitators are an outreach group with facilitators placed in every Monongalia County school. The Outreach Facilitators serve as the link between schools and the community by providing services to students, families, and school personnel to promote and support students' academic and social success.

What can your Outreach Facilitator do for you?

- Participate in IEP/SAT meetings
- Facilitate crisis interventions
- Assist instructors with student needs in academic settings
- Assist students and families with technology used in class instruction
- Build and maintain positive, cooperative, and effective relationships with students, families, community, and colleagues
- Make referrals to outside agencies such as:
 - Health (medical, optical, dental) & mental health services
 - Food assistance
 - Clothing assistance
 - Housing & utility assistance
 - Holiday assistance
 - DHHR Services – medical cards, SNAP benefits, utility services, etc.

Stay up to Date!

- Your child's school uses "**Remind**"
 - It is a parent-teacher communication app that we will use to send out reminders about upcoming community events, resources, activities etc.
- Each school has their own social media account on Twitter and Facebook. Information and resources are posted on those accounts periodically.
- Find your outreach workers name, schedule, and contact info on the back of this page!
