TITLE IX

There will be no discrimination by sex in the choice of any courses of study or activities of any nature within Newton Municipal School District. We will encourage and actively recruit both male and female students to participate in all courses of study and fields of endeavor. In the case of contact sports, if sufficient interest is indicated, a separate but equal program will be established. The punishment for rules violation and flagrant disruption of educational activities will be the same for all students without considering the student's sex.

Students can report any issues of discrimination to a trusted adult (teachers, counselor, or administrator) who will report the information to the appropriate building or district administrator to conduct an inquiry following district policies and procedures.

EXPLANATION OF CONTENTS

The contents of this Student Handbook outline the minimum expectations of the student with respect to attendance, discipline, and procedural policy. The Newton Municipal School District Policy outlines the maximum procedural policies for all students and may override any policy or procedure contained in the student handbook, particularly in cases of acute importance or of severe nature. The policies and procedures outlined in this handbook are intended to create an educational environment conducive to learning for all students. Any complaint or grievance, including discrimination of any type, should first be reported orally to the head principal of the student's school. If a satisfactory resolution is not obtained, formal steps can be taken by presenting a written statement to the principal, appropriate district personnel, superintendent, and finally to the school board. The Administration of the Newton Municipal School District reserves the right to make alterations and changes in policy when deemed necessary, pending adequate notice to parents and students regarding these policy adjustments.

DR. NICKSON'S MESSAGE

Dear Parents and Students,

The Newton Municipal School District Board of Trustees, administration and faculty welcome you to the 2022 - 2023 school year. While we all faced unprecedented times and challenges during the last few years, we are ready to look ahead at a great school year and a bright future.

The Newton Municipal School District is proud of the active role played by supportive parents. Please spend time reviewing this handbook and discussing its critical policies, rules, academic requirements, student privileges, and responsibilities with our scholars. We hope you take advantage of all the resources and information provided to remain informed. Also, please check the district website and ActiveParent for announcements and information. ActiveParent contains immediate information on your child's academic progress and attendance as well.

Scholars, you continue to be the primary navigator in your educational journey. Make every effort to enjoy the quality learning experiences offered to you through academic and extracurricular opportunities. Our goal is to help you achieve your short and long-term individual goals. As your superintendent, I look forward to supporting you, your parents, principals, teachers, and the community as we continue to achieve and excel with tiger pride!!!

Have a great school year,

Dr. Glenda Nickson
Superintendent, Newton Municipal School District

SPECIAL NOTES

The Newton Municipal School District maintains a zero-tolerance policy for weapons and drugs on campus. (See policies JCBH, JCDAE (2), GBRL, JCDAC). This policy has been very effective in curtailing inappropriate behavior on campus and maintaining a safe atmosphere. In order that you may understand how serious the District is about this issue, this letter is provided to all parents/guardians to be discussed with their children. "Zero tolerance" means that any child with a weapon will be recommended for expulsion by the school administration for a period of up to one calendar year and/or referral for alternative placement. A weapon is any item which can inflict harm, no matter how minor. Therefore, it does not matter that the knife is small or that it can inflict harm only with force. The word weapon also includes fake guns or knives, because fear of injury in a school is simply unacceptable. Possession of a fake weapon may result in the same punishment as possession of a real weapon. "Zero tolerance" means that any child found to be in possession of an illegal substance, including alcohol or other drugs as outlined under the "Student Behavior" section of this handbook, will be recommended for expulsion by the school administration for a period of up to one calendar year and/or referral for alternative placement.

Zero tolerance applies to everyone. It is irrelevant that your child is in elementary school or has other special circumstances. It does not matter that the weapon was mistakenly brought to school or something the child found on the way to school. It does not matter that it was never intended to do harm. This policy is very important to your child's education. Therefore, if you suspect that your child is unable to understand this rule, and then you should check his/her book bags and pockets before he or she leaves for school.

The Newton Municipal School District (NMSD) is proud of its students and their behavior; however, NMSD believes that even one referral for a weapon is one too many. With your help, NMSD can continue to provide an excellent and safe environment for all children in this district.

PREVENTION OF SCHOOL VIOLENCE ACT - A copy of the Prevention of School Violence Act of 1994 is included in this handbook. The Act provides for penalties as specified related to weapons, assaults, drugs, and other matters of concern. Parents and students are responsible for compliance with the law and for familiarizing themselves with the consequences of violation of the law.

STUDENTS AND NEWS MEDIA - The school district will publish the name and/or picture of a student in school publications or school-related articles or include students in other school related news media programs unless prior requests have been made by a student's parent/guardian for exclusion of his/her child's name or picture from such publications or news media programs.

EMERGENCY ACTION BY SCHOOL STAFF

School staff members faced with an emergency affecting the health and welfare of a student will exercise their best judgments as to procedures for handling the emergency, following established policy and procedural guidelines in every case, in so far as possible. If the parent or guardian cannot be reached, the school officials will act to safeguard the student in every reasonable way.

EMERGENCY OPERATIONS

Parents/guardians and students need to be aware that announcements related to the dismissal or closing of the Newton Municipal Public Schools should not be confused with announcements related to the Newton County Schools, which are in a separate district. Parents/guardians should listen to the local radio or television stations for announcements from the superintendent's office.

DISTRICT POLICY AND GENERAL INFORMATION

ACCREDITATION

The schools within Newton Municipal School District are accredited by the Mississippi Department of Education and meet the prescribed standards for accreditation of public schools as governed by the Mississippi Commission on School Accreditation through the power and authority of the State Board of Education.

ADMISSION/ENROLLMENT

In order for a child to enroll in Newton Municipal School District, the student's parents/guardians must provide the information listed below. Upon receipt of this information, the school administration will make the appropriate classroom assignment.

- Two (2) proofs of the child's residence in accordance with the Student Verification of Residence Policy and state law.
- A CERTIFIED birth certificate for the child.
- A Certificate of Immunization Compliance Form 121 obtained from the MS Department of Health and signed by the District Health Officer, a health care provider, or a nurse. OR
- A Certificate of Medical Exemption Form 122 obtained from the MS Department of Health and signed by the District Health Officer.
 - Evidence of the student's social security number.
 - If you are a legal guardian of the student, you must also provide a copy of the court order appointing you as guardian. If the petition for guardianship has been filed and the decree is pending, you must provide a certified copy of the filed petition for guardianship.

NOTE: Any legal guardianship formed for the purpose of establishing residency for school district attendance purposes shall not be recognized by the school board. Legal reference, Miss. Code Ann. Section 37-15-31 (1989 Supp.) A student not living with a parent must present official documentation as to guardianship status. Failure to present the required documents at the time of registration will result in the student being denied enrollment.

- A child must have reached the age of five (5) on or before September 1 of the year of enrollment in order to enroll.
- A parent/child must indicate on the registration form in the child has been expelled from any other public or private school or is currently a party to an expulsion proceeding. Failure to indicate accurate information will result in withdrawal from school.
- A parent/child must notify the school of any pending disciplinary action that was assigned at a previous school (public or private).
- Any previously unfulfilled punishment (including, but not limited to, in-school suspension; out-of-school suspensions; or alternative school placements) will be carried out upon successful.

VERIFICATION OF RESIDENCY-REQUIREMENTS (JBC)

As a result of the Residency Verification Procedure adopted as a policy of the Mississippi Board of Education on April 20, 1990, each parent or legal guardian or other adult with whom a student lives must provide to the school administration the following documents:

1. A copy of two (2) of the following items of verification of residence. No post office box address will be acceptable. These items must reflect a street address or designated road address.

2. All documents must be for present residence only; documents for rental or other commercial property will not be acceptable.
3. Students will not be able to attend classes without proof of residency.
 - A. Filed Homestead Exemption Application form
 - B. Mortgage documents or property deed
 - C. Apartment or home lease
 - D. Utility bills
 - E. Voter precinct identification
 - F. Affidavit of Residency w/ a supporting document.
 - G. Any other documentation that in the determination of the School Board will objectively and unequivocally establish that the parent or guardian resides within the school district
4. The legal guardian of the student must also provide a copy of the court order signed by a judge appointing guardianship. NOTE: Any legal guardianship formed for the purpose of establishing residency for school district purposes shall not be recognized by the Board.
5. (Legal reference: MS Code Ann. Section 37-15-31, 1989 Supplement.)
6. If the necessary documentation fails to be provided, the child or children will not be allowed to attend schools in the Newton Municipal School District. No temporary enrollment will be processed.
7. If the Newton Municipal School District receives a complaint regarding the residence of a student, the district is required to take action to further verify the residence, including but not limited to follow-up visits to the resident's address by school officials.

ENROLLMENT INFORMATION

Students transferring from a non-accredited school or home-school environment must take a placement test to determine grade placement. Placement tests must be administered prior to official enrollment.

CUSTODIAL PARENTS (LB)

The Newton Municipal Schools will be responsible for issuing report cards, progress reports, and other necessary reports only to the custodial parent (defined as the parent with whom the student resides during the school year). Copies of report cards will be given to non-custodial parents upon written request to the principal.

CONTACTING PARENTS/GUARDIANS

It is the parent's/guardian's responsibility to provide accurate and current telephone numbers which will permit school personnel to reach a responsible adult at all times. The school must be informed of any changes in telephone numbers and addresses. **Parents/guardians are advised that if a responsible adult cannot be reached after good faith efforts by school personnel, Newton County Human Services and/or the Newton Police Department will be contacted.**

TRANSFERS/CHANGE OF ADDRESS (JBCD)

The principal will release Newton Municipal School student reports or records when an official written request is received from the school district to which the student is transferred.

A parent or legal guardian has the right to review his/her child's school records.

A student leaving the Newton Municipal School District system may obtain a record of the student's work to date for the current term. Reports may be held if the student has any indebtedness to the school (lunchroom, workbooks, library, textbooks, damages, etc.).

Any student who moves during the school year must record the change of address with the principal in the school office. Any change of telephone number must be corrected in the same manner. ***To be able to contact or locate parents/guardians in a timely manner, it is the responsibility of the parent/guardian to be sure that addresses and telephone numbers on student records are accurate and current.***

WITHDRAWALS

The parent or guardian should notify the school in writing or by phone when a child is being transferred to another school. The teacher will clear all textbooks, library books, and school-issued devices (Chromebooks, iPads, etc.) that the student has checked out and complete a withdrawal slip. However, the parent/guardian must come by the school and sign the withdrawal form. A copy will be given to the parent for admission into the new school.

HOME SCHOOLING (JBAB)

Students who have been home schooled and who seek placement in Newton Municipal School District will take the necessary term tests or placement tests in all appropriate subject areas to determine assignment to classes.

ATTENDANCE POLICY

Attendance has a vital bearing on educational progress; therefore, regular attendance should be encouraged. Not only does regular attendance contribute to student academic success, but state school funds are disbursed based on average daily attendance rather than actual enrollment. Absences from school will be classified as excused or unexcused. **To be marked present, students must attend at least 63 percent of the day. For the purposes of reward/incentive programs, perfect attendance requires a student be present 100% of the day (have no late arrivals or no early dismissals).**

COMPULSORY SCHOOL ATTENDANCE (JBA)

According to the laws of the State of Mississippi, all children between the ages of six (6) and seventeen (17), inclusive on or before September 1st of the calendar year, shall be required to attend a public or private school. Such child, hereinafter, shall be referred to as the "compulsory school-age child."

ATTENDANCE/ABSENCES (JBD)

Students should make every effort to be present every day and not be tardy to school or to class. Any questions related to absences or tardies should be referred to the principal immediately following enrollment. Excessive absences, tardies, and early check-outs will be reported to the school attendance officer for referral to Family Court.

If a compulsory-school-age child has not been enrolled in a school within fifteen (15) calendar days after the first day of the school year of the school which such child is eligible to attend or if a compulsory-school-age child has accumulated five (5) absences during the school year, the principal or superintendent is required to report such absences to the school attendance officer of the youth court or family court. A parent of any compulsory-school-age child who has accumulated twelve (12) unlawful absences during the school year is subject to prosecution under the Mississippi Compulsory School Attendance Law.

Upon the student's return to school, a written statement signed by the parent/guardian should be presented to the office within three days upon the student's return to school. The written parent statement should contain the specific reason for the absence, the date of the absence, and the parent's signature. After a student has been absent for more than five (5) school days in a nine- week period or a cumulative total of ten (10) school days per semester, written verification from a physician regarding an illness or injury or a substantiating statement regarding a death or other required written verification must be presented. Additional verification may be required if it is deemed appropriate.

After a student has been absent from school for ten (10) consecutive school days, the child may be dropped from the rolls unless the school has been notified by the parent or legal guardian as to the cause of absence. A student who arrives after the scheduled beginning time for class will be counted tardy. A student shall be subject to retention if he/she misses twenty (20) days or more during the school year.

When a student arrives after school begins, he/she must be accompanied by a parent, legal guardian, or parent's designee.

An OFFICIAL ABSENCE is a school related absence and does not count against perfect attendance. An EXCUSED ABSENCE must have written documentation as to the reason of the absence and may require administrative approval. An UNEXCUSED ABSENCE has no documentation of reason for being absent.

All students are expected to attend school regularly and to be on time for classes. This is necessary to get maximum benefit from school and to develop habits of punctuality, self-discipline, and responsibility. There is a direct relationship between poor attendance, class failure, and dropouts. Students having good attendance generally achieve higher grades, enjoy school more, and are much more employable after graduating from high school.

This policy designates nine (9) absences each semester as the maximum allowed for normal circumstances regarding school attendance. The nine days of absence are to accommodate:

- Personal illness
 - Professional appointments that could not be scheduled outside the regular school day
 - Serious personal or family problems
1. After the third absence from any class per semester, a letter indicating the dates of a student's absences will be mailed to the home. Students will also be notified and counseled concerning their absences following the third absence. A personal contact shall be made with parents following the third absence concerning absenteeism and school policy. Extenuating circumstances such as hospitalization will be cause for consideration in extending the limit of allowed absences.
 2. Students who are suspended from school for disciplinary reasons will have that number charged against the total of nine (9) days. In the event the suspension causes the student to exceed the 9-day limit, he/she may receive probationary status and be permitted to attend school. Any additional absences would result in the loss of credit.
 3. Due Process: Any student who exceeds the nine-day absence may appeal the loss of credit. This may be done by petitioning the School Board in writing. The superintendent and the School Board will review and act on requests for waiver of credit loss. Cases involving extenuating circumstances will be reviewed at this time, and these might consist of severe illness or hospitalization under a doctor's care, chronic illness, or unforeseeable family emergencies. A doctor's statement must support waiver requests based on severe or chronic illness. Parents and students should understand that normal illness and other absences must be handled through the

nine-day allotment that is extended to each student each semester. The waiver appeal process is designed for severe, unusual, and exceptional cases.

4. Seniors are allowed three (3) college visitation days during the school year. A note from a parent granting permission is required. When the student returns, he or she must present a note to the principal's office from the college indicating the student had visited the college. If properly verified, the absences do not count against the student. No college days will be allowed in the month of May.
5. Students, with excused absences, may make-up work with full credit. All work missed as a result of an absence must be made up within three (3) school days following the student's return to school. Makeup work must be completed at a time arranged in cooperation with the teacher. Students who have had extended absences must begin their make-up work within a three (3) day period following the last day of absence. A student will receive a failing grade on classroom work not made up. It is the student's responsibility to get all make up work.
6. School sponsored or sanctioned activities are exempt from the attendance policy. School work must be made up prior to leaving or arrangements made with teacher to get credit. Absences will be recorded by the school office as UNEXCUSED or EXCUSED.
7. All work missed because of an absence must be made up with 3 school days following the student's return to school. Make-up work must be completed at a time arranged in cooperation with the teacher. Students who have had extended absences must begin their make-up work within a 3-day period following the last day of absence. A student will receive a failing grade on classroom work not made up. It is the student's responsibility to get all make-up work.
8. Making up work missed during a prolonged absence due to illness may be handled on an individual basis between the teacher and the student.

STUDENT CHECK-OUT POLICY (JGFC)

When a student becomes ill or an emergency arises during the regular school day which may warrant early dismissal, the student must report to the principal's office. ***Before the student may be released from school, a parent/guardian or person authorized by a parent/guardian must come to the school office and sign the student out.*** A student will be released for a medical appointment or other just reason when the parent/guardian or person authorized by the parent/guardian comes to the school and signs the student out. No student will be allowed to check out after 2:00 PM.

EXCUSED ABSENCES

Excused absences are based on the honesty and integrity of the parents. An absence will be recorded UNEXCUSED until the parent or guardian contacts the school by a parent note or note from a doctor.

Following an absence, the student is to report to the office with a written parent statement which includes the student's name, the specific reason for the absence, the date of the absence, and the parent's signature. This is the responsibility of the student. Parents may excuse three (3) total absences per semester. ***All absences more than three (3) days/periods during any one semester shall be UNEXCUSED unless a doctor's note is provided, or the absence is EXCUSED by a principal for extenuating circumstances.*** Excused absences must have documentation within three days in which the student returns to school.

For any absence (except for school field trips/school activities) to be considered excused, a student must submit a note signed by his or her parent/guardian/custodian within 48 hours of return to school.

Notes must contain the information listed below. Notes may be faxed or emailed* to the student's school. Students in grades K – 8 are allowed a maximum of twelve parent-excused absences per year. Students in grades 9 – 12 are allowed a maximum of six (three for a 1/2 credit course) parent-excused absences per year per class. All other absences must be accompanied by official documentation (doctor's excuse, appropriate legal notice, principal's prior approval of absence). Principal or designee will decide if absences without official documentation and/or those exceeding the maximum number of parent-excused absences will be considered excused or unexcused. If a student checks-in or checks-out and the resulting attendance is less than 63 percent of the instructional day, the absence may be excused based on the check-in/check-out sheet containing signature of parent or designee, date (at the top of the sheet), time, and reason. Notes should contain the following information:

- Date of the note
- Reason for the absence
- Name of the student
- Date(s) of days the student was absent from school
- Parent signature

Excused absences include the following:

- Doctor's certified medical excuse
- Driver's license (1/2 day per occurrence)
- Military duty
- Illness of a family member requiring student's care
- Personal illness not requiring a doctor's care
- Death or serious illness in the family
- Court proceedings
- Medical or dental appointments
- School-related field trips or activities** (The principal may excuse absences for certain events such as State 4-H activities, travel for educational benefit (approved prior to departure), etc.)
- Official service as a page at Mississippi Capitol
- Religious holidays with permission of the principal (obtained in advance)
- Special permission of the principal (obtained in advance)

All excuses are subject to verification/approval by the principal or designee.

***Emailed notes should contain the reason for the absence, name of the student, date(s) the student was absent. **Attendance at organized activities must have appropriate documentation.**

UNEXCUSED ABSENCES

All absences not meeting the criteria set forth under Excused Absences will be deemed unexcused. If the absence is unexcused, the student is not eligible to make up the assignments/tests and will receive a zero (0) for work that was missed. If the student is absent due to disciplinary action, the work may be made up within the prescribed time frame.

TRUANCY - A student is considered truant when he/she is absent without the knowledge or consent of parents and school officials. All such absences are unexcused.

Once a student has accumulated FIVE (5) unexcused days of absence from school, the superintendent or his designee is, by law, required to report the student to the school attendance officers employed by MDE. Attendance officers will contact the student's parent, guardian, or custodian regarding non-compliance with law.

Once a student has accumulated TWELVE (12) unexcused days of absence from school, the school attendance officer will file a petition with the Youth Court of competent jurisdiction. Any parent, guardian, or custodian of such child is subject to a \$1,000.00 fine, up to one (1) year in jail, or both.

HOLIDAYS

The holidays are arranged to give us some leisure time away from our studies and to observe customary occasions. Invariably, some of our students want to begin the holiday season one or two days, sometimes more, prior to the beginning of the holiday season. Special permission will not be granted for the absences.

TARDY PROCEDURES

BEING TARDY: Is defined as not being in **one's desk** when the tardy bell rings.

Excessive absences, tardies, and early check-outs will be reported to the attendance officer for referral to Family Court.

PER SEMESTER:

Teachers will verbally warn and give a tardy slip to a student on the first tardy to class. From that point on, the teacher will send the student to the office with a discipline referral. Tardies will accumulate for all classes.

1st Offense – Verbal Warning

2nd Offense – Letter to Parent

3rd Offense – Parent Contact/Conference

4th Offense – In-School Suspension

5th Offense – Office Referral, 1 day of Suspension, and a MANDATORY Parent Conference

The student and parent are also reported to the appropriate authorities (School Attendance Officer, Youth Court personnel, and DHS)

DISMISSALS/CHECK-OUTS

STUDENT CHECK-OUTS

Parents or other pre-approved persons are required to present a driver's license or other approved form of identification when checking students out from school. Dismissals will not be granted after 2 PM. School dismissals are obtained through the front office. Dismissals are granted for emergencies, physicians' appointments, and sickness. When it becomes necessary for a student to leave school for any reason, a parent, legal guardian, or authorized person must physically come to the school to sign the student dismissal form.

Notes or phone dismissals will not be accepted. Changes in persons authorized to pick up a student must be made in person by parent/legal guardian. **Students must be in attendance 63 percent of the instructional school day in order to be counted present.**

EXTRACURRICULAR ACTIVITIES AND ATTENDANCE

A student will not be permitted to participate in any extracurricular activity if he/she is absent for three or more class periods that day (unless previously excused by a principal). **A student suspended from school is not allowed to attend any extracurricular activity during or after school for the duration of the suspension.**

LITERACY-BASED PROMOTION POLICY

In compliance with the "Literacy-Based Promotion Act," it is the intent of this school district to improve the reading skills of Kindergarten - Third Grade students so that every student completing the Third Grade is able to read at or above grade level. Each Kindergarten through Third Grade student's progression is determined, in part, upon the

- Student's proficiency in reading;
- The policies of local boards facilitate this proficiency; and
- Each student and the student's parents or legal guardian is informed of the student's academic progress

INTENSIVE READING INSTRUCTION AND INTERVENTION

Each student who exhibits a substantial deficiency in reading at any time, as demonstrated through performance on a reading screener approved or developed by the State Department of Education or through locally determined assessments and teacher observations conducted in Kindergarten and Grades 1 through 3 or through statewide end-of-year assessments or approved alternate yearly assessments in Grade 3, shall be given intensive reading instruction and intervention immediately following the identification of the reading deficiency.

The universal reading screener or locally determined reading assessment may be given in the first thirty (30) days of the school year and repeated if indicated at midyear and at the end of the school year to determine student progression in reading in Kindergarten through Third Grade. If it is determined that the student continues to have a reading deficiency, the student shall be provided with continued intensive reading instruction and intervention by the school district until the reading deficiency is remedied. A student exhibiting continued reading deficiency with continued intensive interventions should be considered for exceptional criteria evaluation.

A Kindergarten or First, Second or Third Grade student identified with a deficiency in reading shall be provided intensive interventions in reading to ameliorate the student's specific reading deficiency, as identified by a valid and reliable diagnostic assessment. The intensive intervention shall include effective instructional strategies, and appropriate teaching methodologies necessary to assist the student in becoming a successful reader, able to read at or above grade level, and ready for promotion to the next grade. A Kindergarten, First, Second or Third Grade student identified with a reading deficiency or not promoted may be placed in a transition class.

PARENT NOTIFICATION OF READING DEFICIENCY

Upon the determination of a reading deficiency, and subsequently with each quarterly progress report until the deficiency is remediated, the parent or legal guardian of a Kindergarten or First, Second or Third Grade student who exhibits a substantial deficiency in reading shall be notified in writing by the student's teacher of the following:

- That the student has been identified as having a substantial deficiency in reading;
- A description of the services that the school district currently is providing to the student;
- A description of the proposed supplemental instructional services and supports that are designed to remediate the identified area of reading deficiency which the school district plans to provide the student;
- That if the student's reading deficiency is not remediated before the end of the student's Third Grade year, the student will not be promoted to Fourth Grade unless a good cause exemption specified below is met;
- Strategies for parents and guardians to use in helping the student to succeed in reading proficiency; and

- That while the state annual accountability assessment for reading in Third Grade is the initial determinant, it is not the sole determiner of promotion and that approved alternative standardized assessments are available to assist the school district in knowing when a child is reading at or above grade level and ready for promotion to the next grade.

SOCIAL PROMOTION PROHIBITED

In compliance with the “Literacy-Based Promotion Act,” social promotion is prohibited in this school district. A student may not be assigned a grade level based solely on the student's age or any other factors that constitute social promotion.

If a student's reading deficiency is not remedied by the end of the student's Third Grade year, as demonstrated by the student scoring at the lowest achievement level in reading on the state annual accountability assessment or on an approved alternative standardized assessment for Third Grade, the student shall not be promoted to Fourth Grade.

GOOD CAUSE PROMOTION

A Third-Grade student who does not meet the academic requirements for promotion to the Fourth Grade may be promoted by the school district only for good cause. Good cause exemptions for promotion are limited to the following students:

- Limited English proficient students who have had less than two (2) years of instruction in an English Language Learner program;
- Students with disabilities whose individual education plan (IEP) indicates that participation in the statewide accountability assessment program is not appropriate, as authorized under state law;
- Students with a disability who participate in the state annual accountability assessment and who have an IEP or a Section 504 plan that reflects that the individual student has received intensive remediation in reading for more than two (2) years but still demonstrates a deficiency in reading and previously was retained in Kindergarten or First, Second or Third Grade;
- Students who demonstrate an acceptable level of reading proficiency on an alternative standardized assessment approved by the State Board of Education; and
- Students who have received intensive intervention in reading for two (2) or more years but still demonstrate a deficiency in reading and who previously were retained in Kindergarten or First, Second or Third Grade for a total of two (2) years and have not met exceptional education criteria. A student who is promoted to Fourth Grade with a good cause exemption shall be provided intensive reading instruction and intervention informed by specialized diagnostic information and delivered through specific reading strategies to meet the needs of each student so promoted. This school district shall assist schools and teachers in implementing reading strategies that research has shown to be successful in improving reading among students with persistent reading difficulties.

GOOD CAUSE REQUEST

A request for good cause exemptions for a Third-Grade student from the academic requirements established for promotion to Fourth Grade shall be made consistent with the following:

- Documentation shall be submitted from the student's teacher to the school principal which indicates that the promotion of the student is appropriate and is based upon the student's record. The documentation shall consist of the good cause exemption being requested and

shall clearly prove that the student is covered by one (1) of the good cause exemptions listed above.

- The principal shall review and discuss the recommendations with the teacher and parents and make a determination as to whether or not the student should be promoted based on requirements set forth by law. If the principal determines that the student should be promoted, based on the documentation provided, the principal shall make the recommendation in writing to the school district superintendent, who, in writing, may accept or reject the principal's recommendation.

The parents of any student promoted may choose that the student be retained for one (1) year, even if the principal and district superintendent determine otherwise.

RETAINED THIRD GRADE STUDENTS

This school district shall take the following actions for retained Third Grade students:

Provide Third Grade students who are not promoted with intensive instructional services, progress monitoring measures, and supports to remediate the identified areas of reading deficiency, including a minimum of ninety (90) minutes during regular school hours of daily, scientifically research-based reading instruction that includes phonemic awareness, phonics, fluency, vocabulary and comprehension, and other strategies prescribed by the school district, which may include, but are not limited to:

- Small group instruction;
- Reduced teacher - student ratios;
- Tutoring in scientifically research-based reading services in addition to the regular school day;
- The option of transition classes;
- Extended school day, week or year; and
- Summer reading camps.

Third Grade students who are retained shall be provided with a high-performing teacher, as determined by student performance data, particularly related to student growth in reading, above-satisfactory performance appraisals, and/or specific training relevant to literacy.

PARENT NOTIFICATION OF THIRD GRADE RETENTION

Written notification shall be provided the parent or legal guardian of any Third-Grade student who is retained that the student has not met the proficiency level required for promotion and the reasons the student is not eligible for a good cause exemption. The notification shall include a description of proposed interventions and supports that will be provided to the child to remediate the identified areas of reading deficiency. This notification shall be provided to the parent or legal guardian in writing, in a format adopted by the State Board of Education in addition to report cards given by the teacher.

ANNUAL REPORT

Within thirty (30) days of final State Board of Education approval of state accountability results, the school board of this school district shall publish, in a newspaper having a general circulation within the school district, and report to the State Board of Education and the Mississippi Reading Panel the following information relating to the preceding school year:

- Student progression and the school district's policies and procedures on student retention and promotion;
- By grade, the number and percentage of all students performing at each level of competency on the reading and math portion of the annual state accountability system

and the number and percentage of students given an approved alternative standardized reading assessment and the percentage of these students performing at each competency level on said alternative standardized assessment;

- By grade, the number and percentage of all students retained in Kindergarten through Grade 8;
- Information on the total number and percentage of students who were promoted for good cause, by each category of good cause described by law; and
- Any revisions to the school board's policy on student retention and promotion from the prior school year.

STUDENT HANDBOOK

Provisions required by the Literacy Promotion Act shall be provided as an addition to the district's published handbook of policy for employees and students. The superintendent or designee shall establish procedures to support this policy. (Legal Reference: Miss. Code Ann. § 37-117-1 (2014))

Tdap vaccine given on or after the 7th birthday meets the school requirement.

SCHOOL VISITORS, VOLUNTEERS, AND CHAPERONES (KJA)

All classroom visitors, volunteers, and event chaperones must present a government-issued identification (any state-issued driver's license or id card, military id, embassy id, or green card), to be processed through an electronic search system to screen against the federal and states' sex offender registry and against any private alert data entered by the schools related to custody issues and restraining orders.

SUBSTITUTE AND STUDENT TEACHERS

Substitute and student teachers are to be treated as professional guests in our building. Students found to be disrespectful, uncooperative, or disruptive in the presence of a substitute or student teacher will receive severe clause discipline procedures.

VISITING DURING SCHOOL HOURS

Parents are welcome to come to school for scheduled visits, conferences, programs, volunteering, lunch and other special events. Please come to the office, present a driver's license or other approved form of identification, sign in, and receive a visitor's pass. Classroom visits must be prescheduled with school administration. A school administrator will be present during the visit.

PARENT-TEACHER CONFERENCES

At various times during the school year, and for many reasons, teachers and parents should confer concerning students. These conferences may be arranged through the school office. Arrangements will be made for a specific time and day in accordance with the teacher's daily schedule and parent request. When a parent is contacted for a conference pertaining to academic concerns, it is the parent's responsibility to attend the conference in order to benefit the child's progress.

PREVENTION OF SCHOOL VIOLENCE ACT

Any principal, teacher or other school employee who has knowledge of any unlawful activity which occurred on educational property or during a school related activity or which may have occurred shall report such activity to the superintendent of the school district or his designee who shall notify the appropriate law enforcement officials. The superintendent or his designee will notify, in writing, the parent, guardian or custodian, the youth court and local law enforcement of any expulsion of a student for criminal activity as defined in Section 37-11-29. The superintendent or his designee will notify the

youth court and local law enforcement agencies, by affidavit, of the occurrence of any crime committed by a student or students upon school property or during any school-related activity, regardless of location and the identity of the student or students committing the crime. INAPPROPRIATE ITEMS AT SCHOOL

No toys, electronic games, or collectible cards should be brought to the school. Toy weapons will result in a suspension with the possibility of expulsion. Toys are to be left at home as these items could interfere with instruction and student learning. Gum is not allowed at school at any time. This causes problems when the gum is discarded improperly. Cell phones and handheld games will be taken up and returned only to the parent(s) for the first offense. On the second offense, the item will not be returned to the parent until the last day of school. At that time, the item may be picked up in the principal's office by the parent/guardian.

EXPULSION NOTICE/PENDING DISCIPLINARY ACTION

A child or parent must indicate on the registration form if the child has been expelled from any public or private school or is currently a party to an expulsion proceeding. Failure to indicate accurate information will result in withdrawal from school. A child or parent must also notify the school of any pending disciplinary action that was assigned at a previous school (public or private). Any previously unfulfilled punishment (including, but not limited to, in-school suspensions; out-of-school suspensions; or alternative school placements) will be carried out upon successful enrollment in the district.

Legal Reference: Miss. Code Ann. § 37-15-9

DENIAL OF ADMISSION

The district does not accept students who have been expelled from another school/school district until such time as the expulsion period assigned by the other school/district has ended. If the cumulative record or application shows that the child has been expelled, the district may deny admission until the superintendent or the designee has reviewed the record and determined that the child has participated in successful rehabilitative efforts including progress in an alternative or similar program.

If the child is a party to an expulsion proceeding for an act involving violence, weapons, alcohol, illegal drugs, or other activity that may result in expulsion, the district is not required to grant admission enrollment before one year after the expulsion.

Legal Reference: Miss. Code Ann. § 37-15-9

TEMPORARY ADMISSION

If the child is a party to an expulsion proceeding, the child may be admitted pending final disposition of that proceeding. If it results in expulsion, the school may revoke admission.

TRANSFERS

Students who transfer to NMSD are expected to meet NMSD'S requirements for promotion including but not limited to legal transfers upon mutual consent of the boards, children of certified employees, children of other employees per board discretion, children who meet the 30-mile rule, and prior transferees and their sibling.

ASSIGNMENT

The school board has authority and power to assign students qualified for admission to a particular school in the district.

DISCIPLINE AND CONDUCT (JD)

The basic objectives of maintaining effective discipline within the school may be described as three-fold:

1. To establish conditions under which no student will be permitted to prevent any teacher from teaching or any student from learning.
2. To establish and maintain study conditions that are conducive to learning.
3. To develop, on the part of each student, the habits, and skills necessary to be self-directed and responsible.

Conferences, reprimands, corporal punishment, detention, in-school or out-of-school suspension or expulsion may follow student failure to conform to accepted standards of behavior in the school. Repeated patterns of misbehavior may require counseling and parental involvement and assistance to the extent that the parent may be requested to come to school and attend classes with the student in order to identify and help to correct such behavioral patterns. (See NMSD District Policy Students' Rights-JC-JCA-JCAA.) NOTE: Disciplinary procedures for students determined to have a disability under the Individuals with Disabilities Education Act (IDEA) will be implemented as set forth in the IDEA regulations.

CORPORAL PUNISHMENT (JDB) is an option in the disciplinary program of the Newton Municipal School District and will be administered in accordance with the discipline policy of the district. The district has established procedures under which a parent/legal guardian at the beginning of the school year will indicate whether he/she gives permission for his/her child to receive corporal punishment as appropriate under the assertive discipline plan outlined in the student handbook and in accordance with district policy. Alternative disciplinary actions will be required for students whose parents/legal guardians have not checked and signed the required Corporal Punishment Permission statement. (See to Policies JDB and JD for additional information.)

Disciplinary action in lieu of or in addition to corporal punishment may include suspension from school, referral to social services officials, or other appropriate disciplinary measures. **Students with disabilities who have an IEP or 504 ruling must not be issued corporal punishment. (HB 1182)**

CLASSROOM ASSERTIVE DISCIPLINE PLAN – (JCD (2)) is the discipline program used in Newton Municipal School District classrooms. Teachers advise students of classroom rules and assertive discipline procedures. If a student reaches the last step in the classroom plan, the teacher will refer the student to the office. The student will enter the appropriate step of the administrative discipline plan. A teacher may refer a student to the office at any time for severe discipline problems.

IN SCHOOL SUSPENSION (ISS) requires that a student complete all assignments during the period of suspension. In all cases, parents must have a conference with the designated school administrator before the child will be allowed to return to classes. Telephone calls will not be acceptable. Additional time in ISS may be given for failure to complete assignments in the ISS program. A student who disrupts the ISS program will be referred to the appropriate building administrator and will complete the assigned suspension out-of-school. He/she will not be allowed to return to regular classes until suspension is completed in its entirety. Students assigned OSS/ISS will not be exempt from exams.

SUSPENSION – (JDD) (out-of-school suspension) is a forfeiture of participation in regularly scheduled school activities for the time designated during suspension. Graded work missed during the time of suspension may be made up at a time designated by school officials. Missed work, while it may be made up, will be worth only 75% of the original value of that work. In other words, if a student is sent home from school for a suspension (OSS), the highest grade that can be attained on that missed work will be a “75”.

EXPULSION – (JDE) is the total exclusion of the student from participation in *and/or* attendance at any school-related activity. A student who has been expelled from the Newton Municipal School District must apply in writing to the Board of Education for possible readmission.

CODE OF CONDUCT FOR STUDENTS (JCB)

In conformance with the Mississippi School Safety Law of 2001 (Section 37-11-55, MS Code of 1972, amended), this school Board shall adopt and make available to all teachers, school personnel, students and parents or guardians, at the beginning of each school year a code of student conduct developed in consultation with teachers, school personnel, students and parents or guardians. The code shall be based on the rules governing student conduct and discipline adopted by the school Board and shall be made available at the school level in the student handbook or similar publication. The code shall include, but not be limited to:

- Specific grounds for disciplinary action under the school district’s discipline plan; procedures to be followed for acts requiring discipline, including suspension and expulsion, which comply with due process requirements;
- An explanation of the responsibilities and rights of students with regard to attendance, respect for persons and property, knowledge and observation of rules of conduct, free speech and student publications, assembly, privacy and participation in school programs and activities;
- Policies and procedures recognizing the teacher as the authority in classroom matters, and supporting that teacher in any decision in compliance with the written discipline code of conduct; such recognition shall include the right of the teacher to remove from the classroom any student who, in the professional judgment of the teacher, is disrupting the learning environment, to the office of the principal or assistant principal. The principal or assistant principal shall determine the proper placement for the student, who may not be returned to the classroom until a conference of some kind has been held with the parent, guardian or custodian during which the disrupting behavior is discussed and agreements are reached that no further disruption will be tolerated. If the principal does not approve of the determination of the teacher to remove the student from the classroom, the student may not be removed

from the classroom, and the principal, upon request from the teacher, must provide justification for his/her disapproval.

- Policies and procedures for dealing with a student who causes a disruption in the classroom, on school property or vehicles, or at school-related activities;
- Procedures for the development of behavior modification plans by the school principal, counselor, and reporting teacher for a student who causes a disruption in the classroom, on school property or vehicles, or at school-related activities for a second time during the school year; and
- Policies and procedures specifically concerning gang-related activities in the school, on school property or vehicles, or at school-related activities.

STUDENT HANDBOOKS ARE REVISED ANNUALLY BY THE SCHOOL BOARD AND ADOPTED AS OFFICIAL STATEMENTS OF POLICY OF THE DISTRICT.

GANG ACTIVITY OR ASSOCIATION (JCBB)

Gangs which initiate, advocate, or promote activities which threaten the safety or well-being of persons or property on school grounds or which disrupt the school environment are harmful to the educational process. The use of hand signals, graffiti, or the presence of any apparel, jewelry, accessory, or manner of grooming which, by virtue of its color, arrangement, trademark, symbol, or any other attribute which indicates or implies membership or affiliation with such a group, presents a clear and present danger and is prohibited. This is contrary to the school environment and educational objectives and creates an atmosphere where unlawful acts or violations of school regulations may occur.

Incidents involving initiations, hazing, intimidation, and/or related activities or such group affiliations which are likely to cause bodily danger, physical harm, or personal degradation, or disgrace resulting in physical or mental harm to students are prohibited.

The School District shall enforce the preceding rule and attempt to ensure that any student wearing, carrying, or displaying gang paraphernalia or exhibiting behavior or gestures which symbolize gang membership and/or participating in activities which intimidate or affect the attendance of another student shall be subject to appropriate disciplinary action, in accordance with the disciplinary ladder.

OTHER PROHIBITED ORGANIZATIONS

No student shall actively participate or wear clothing or other indications of membership in an organization which advocates violence or hatred toward any group of students and other individuals, or an organization which either intends to or does disrupt the educational process through its purpose or actions.

FRATERNITIES, SECRET ORGANIZATIONS (JHCAA)

State laws specifically prohibit the existence of any sorority, fraternity, or secret society as a part of any high school in Mississippi. The Newton Municipal School District expressly prohibits use of Newton Municipal school names as a part of the name of any of these groups, raising funds in the name of Newton schools (including wearing of unusual dress, signs, and directions or instructions given to initiates by members), and the use of any school facility, grounds or buildings for the purpose of meeting or holding any type of program or exhibition. The above regulations are not inclusive; other conduct in connection with these groups is forbidden at or in the schools. Students who violate the position of the Newton Municipal School District in this matter will be subject to suspension, with a parental conference required before student reinstatement.

VANDALISM (JCBD)

The school district will not tolerate students writing on or otherwise defacing school buildings and other school property. Students guilty of this offense will be placed on the disciplinary ladder according to school policy, and restitution will be required from the student(s) and /or their parent(s)/guardians.

In-School Suspension Guidelines

1. Students must report to ISS when arriving to school.
2. Students may not leave ISS without permission.
3. Students will be given a twenty-five-minute lunch break.
4. Students will not sleep, put their heads down, or make unnecessary noises.
5. Students will follow all school rules.
6. Students who refuse or fail to report to ISS will face two days of OSS. Students must complete ISS assignment upon returning to school.
7. Students will receive a minimum 1 day OSS if any ISS rule is violated.

SCHOOL PROPERTY

Any student responsible for damage to school property will be liable for such damage and/or be suspended from school. This includes damage to the walls of the building, fixtures and furniture in the classrooms, library, cafeteria, gymnasium, and ISS rooms.

SIGNS AND POSTERS

Students will not post signs or posters anywhere on school property without permission from an administrator and a supervising teacher. Electrical tape, duct tape, or any adhesive that peels paint is not permitted. Individuals responsible for posting a sign must remove the sign within twenty-four hours of the conclusion of the event. Signs will be placed only on concrete block walls.

TOBACCO USE

The use of tobacco in the Newton Municipal School District will not be permitted. Likewise, students will not be permitted to have tobacco products in their possession on school property or during school-sponsored activities. Use or possession of tobacco includes electronic cigarettes [e-cigarettes], vapes, vaporizers, or any alternative nicotine product.

District Drug and Alcohol Policy— School Rules Apply to All School Activities

- A. If the principal or his/her designee determines a student has used, consumed, or possessed alcohol on school property, prior to or on the way to a school function or at a school function, the following steps will be taken, but not necessarily in this order:
 - a. The police will be summoned. The parents will be notified. The student will be suspended for a minimum of 5 days.For a student's first alcohol-related offense, other than distribution, the minimum penalty is six weeks in Alternative School. For a second offense, other than distribution, or for a first distribution offense, the penalty includes the possibility of expulsion.
- B. If the principal or his/her designee determines a student has used, consumed, or possessed an illegal, or controlled substance (drug), on school property, prior to or on the way to a school function or at a school function, the following steps will be taken, but not necessarily in this order:
 1. The police will be summoned.
 2. The parents will be notified.
 3. The student will be suspended for a minimum of 5 days.

For a student's first drug-related offense, other than distribution, the minimum penalty recommended is one (1) year in Alternative School. For a second offense other than distribution or for a first distribution offense, the penalty includes the possibility of expulsion.

Note: Distribution of drugs is considered a felony, and, as such, may result in expulsion for up to a calendar year. In addition, the student may be required to successfully complete a drug or alcohol treatment or counseling program prior to readmission to school.

Any student who by reasonable suspicion is believed to be under the influence or has possession of drugs/alcohol shall be subject to being tested at the expense of the parent/guardian. Reasonable suspicion may include, but not limited to, specific observations which are articulated concerning the appearance, behavior, speech, or body odors of the student. **Refusal: If a refusal occurs, it will be considered a positive test result.**

Note: Students assigned OSS will **not** be allowed on the campus.

Note: Alternative School students are prohibited from being on campus and participating in extracurricular activities.

The **one exception** to this policy will be transportation to and from school. Alternative School students will follow the discipline policies and procedures for all Newton High School students. While a student is on suspension (ISS and OSS), the student may NOT participate in any school extracurricular activities, practice, or school-sponsored events. The ISS teacher will print out a daily ISS roll for the Athletic Director and Coaches to be monitored.

Upon receiving a combination of 3 ISS or OSS, the student will be referred to the Teacher Support Team (TST) for a plan of intervention.

All regulations concerning Special Education students will be followed as mandated by federal or state laws.

STUDENTS' CONDUCT (JCA)

To ensure order and continuity in the educational program of the school district, it is essential that the rights and responsibilities of students be considered and protected.

It is the responsibility of every employee of the district to encourage and promote high standards of student conduct. Members of the school staffs have a responsibility for maintaining control of student behavior and a concurrent right to expect the support of the Board of Trustees in the acceptance of these responsibilities. The Board of Trustees desires to create a learning atmosphere in the schools which is free from disruption and disturbance. Parental support and assistance are necessary in the establishment of such an atmosphere. It is the intent of the Board of Trustees to seek the active involvement of parents, guardians, and when necessary, the courts in establishing an appropriate environment for learning.

DUE PROCESS (JCAA)

In meeting its responsibility to safeguard every student's right to an educational opportunity and to assure an atmosphere conducive to learning while protecting the individual rights of all students, the Board of Trustees has adopted a procedure for those cases in which the misconduct is of such a serious nature that it requires, or might result in, material and substantial disruption of normal functions. The Board of Trustees believes that the procedures adopted meet the standards of due process required by law and accepted standards of fundamental fairness. The procedure provides that in all disciplinary matters, a student will be afforded due process which provides for:

1. The right to appeal;
2. Adequate notice of the charge against the student and evidence to support the charge;
 - a. An opportunity for a hearing and to present evidence;
 - b. A decision supported by the evidence.

3. Thus, the Board of Trustees upholds the right of pupils to due process in all phases of pupil/school relationships. Guidelines to ensure due process for all students shall be developed by the Superintendent of Education.

DUE PROCESS PROCEDURE LEVELS

Due process shall be in the following order:

1. Students and parents or legal guardian;
2. Teacher (if applicable);
3. Building administrator;
4. District hearing committee;
5. Superintendent;
6. Board of Trustees

(See Policy JCA for additional information.)

1. If an appeal is made from any decision of the building administrator, a statement of the individual student's grievances shall be made in writing by the parent or student involved within two (2) school days after conferences with the teacher or the administrator regarding a specific grievance. Any notice of appeal may be filed with the building administrator of the school or in the central administration office at any level in the process of handling individual student grievances. The notice shall state the specific grounds for the appeal, together with the names of all witnesses and other matters, including evidence, supporting the appeal.
2. Within three (3) school days of receipt of the grievance by the building administrator, the written appeal shall be submitted to the District Hearing Committee designated by the Superintendent of Education to consider student grievances.
3. If submitted to the District Hearing Committee within five (5) school days following the filing of the written appeal, the District Hearing Committee shall consider the student grievance through either formal or informal means including, if the committee desires, meeting with the parties involved. If the District Hearing Committee is unable to resolve the problem satisfactorily, the student or parent may then file a written appeal to the Superintendent of Education.
4. A conference shall be granted by the Superintendent of Education after the grievance report is submitted by the district administrator or the District Hearing Committee. The conference should be held within five (5) school days after each submission, and a decision should be made by the Superintendent of Education concerning the student's grievance within five (5) school days after the conference with or review by the Superintendent of Education. The complainant must receive in writing a report of the
5. Superintendent of Education's decision concerning the grievance. The complainant shall have five (5) school days after the Superintendent's decision in which to appeal the decision to the Board of Trustees. (In the event that the Superintendent is absent from his/her office, the conference must be held within five (5) school days after the Superintendent's return to his/her office.)
6. Decisions resulting from the Superintendent of Education's conference or review may be appealed to the Board of Trustees if a written request is presented to the Superintendent no later than five (5) school days after the decision of the Superintendent has been given to the student and/or his/her parents. The Board of Trustees shall conduct its hearing as soon as practicable following written receipt of a request for such a hearing. Parties at the hearing may present testimony, evidence, and witnesses; however, the Board of Trustees has the authority to limit the

hearing as necessary, and formal rules of evidence will not be followed. Parties at the hearing may be represented by legal counsel and may cross-examine witnesses. Witnesses may also be represented by legal counsel. The decision of the Board of Trustees shall be rendered within five (5) school days after said hearing has been concluded in its entirety.

7. Hearings shall be recorded electronically, and/or a written summary may be made. Any request for electronic and/or written summaries of the hearing must be made in writing, and a fee will be charged for copies of such summaries, together with appropriate charges for employee time in compiling and preparing these materials. The school district will maintain a full record of individual student's grievances.

STUDENT DISCIPLINE

As per 37-9-71 of the Mississippi Code, ..."the principal of a school shall have the power to suspend a pupil for good cause, including misconduct in the school or on school property, as defined in Section 37-11-29, on the road to and from school, or at any school-related activity, or event, or for conduct occurring on property other than school property or other than at a school-related activity or event when such conduct by a pupil, in the determination of the superintendent or principal, renders that pupil's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole, or for any reason for which such pupil might be suspended, dismissed or expelled by the school board under state or federal law or any rule, regulation of policy of the local school district." The principal must follow normal due process rules.

ALTERNATIVE EDUCATION

Referral Determination—Regular Education Students

Students can be recommended for alternative school placement for multiple or serious infractions at the discretion of the principal or designee; provided space is available. Placement can occur at any point during the school year that is deemed appropriate by the principal or designee. The length of stay will be determined by the Disciplinary Hearing Committee.

Referral Determination—Special Education Students

Special education students can be recommended for alternative school placement for multiple or serious infractions at the discretion of the principal or designee; provided space is available. Placement can occur at any point during the school year that is deemed appropriate by the principal or designee. The length of stay will be determined by the Disciplinary Hearing Committee. Once the principal or designee determines that alternative school referral is recommended, the IEP committee will review the recommendation in relation to the student's IEP.

Change of Placement

After it has been determined that the appropriate placement for a student is at the alternative school, the local school Principal will:

- A. Contact the Alternative Education Center Principal to set the date for the student to report for the entrance conference.
- B. Inform the student's parents of the change in placement and date for the entrance conference via phone or in writing.

Re-assignment to Alternative School

Students who have exited the Alternative School can be considered for re-admittance to the facility if multiple infractions or a serious infraction are committed after re-entry at the home school.

SCHOOL SEARCHES (JCDA)

The Fourth Amendment to the United States Constitution and Article 3, Section 23 of the Mississippi Constitution provides all people with the right to be secure in their persons, houses, papers, and effects against unreasonable searches. However, circumstances will arise where searches of students' persons, possessions, lockers, desks and vehicles will be necessary. Administrators have the authority and obligation to exercise discretion in the implementation of this policy, balancing the District's responsibility to maintain discipline, order, and a safe environment conducive to education with the students' legitimate expectations of privacy.

REQUIREMENTS

All searches should be pre-approved by the administration, principal, or acting principal. Other District employees should not authorize a search except where an emergency situation exists.

At least two District employees should be present while a search is conducted. If, in the discretion of the administrator or employee conducting the search, the search is particularly intrusive, the person conducting the search and the witnesses, or at least one of them, should be the same sex as the student.

No student other than the student who is the subject of the search may be present during the search. All searches must be reasonable in scope.

SEARCHES PERMITTED

Searches are permitted as follows:

- A. **PERSON, POSSESSIONS, LOCKERS:** Searches of a student's person, possessions or lockers may be conducted if a District employee has prior individualized reasonable suspicion that a student has violated or is violating a District policy, school rules or regulations or the law and that the search will result in discovery of evidence of such violation.
- B. **DESKS, OTHER SCHOOL PROPERTY:** Searches of desks and other school property (except lockers) may be conducted at any time, with or without reasonable suspicion of a violation.
- C. **VEHICLES:** Searches of vehicles driven to school by or for students may be searched by visual inspection with or without reasonable suspicion of a violation. If a visual search results in individualized reasonable suspicion of a violation, a more intrusive search of the vehicle may be conducted at the direction of the school administration.
- D. **CANINE SEARCHES:** The District may at any time utilize canines to search vehicles, possessions not on the student's person, desks, lockers and other school property, with or without reasonable suspicion of a violation. A canine response indicating the presence of contraband constitutes reasonable suspicion and a more intrusive search may be conducted at the direction of the school administration.
- E. **GROUP SEARCHES:** Caution shall be exercised when a search involving a number of students is conducted. In most instances, in order to justify a search, the District's reasonable suspicion must be particularized to an individual student. Exceptions to this requirement are appropriate only where the intrusiveness of the search is minimal, such as canine searches of lockers, desks or book bags or automobile searches, etc.
- F. **STRIP SEARCHES:** No student shall be subjected to a strip search except where an emergency situation exists and with pre-approval by the school administration. No student shall be asked to remove any article of clothing in the presence of a member of the opposite sex or of other students.

DEFINITIONS

- A. "Reasonable in scope" means that the degree of the intrusion must be consistent with the objective of the search. Factors to be considered in whether the scope of a search is reasonable include, but are not limited to the following:
1. The student's age, maturity, and sex;
 2. The nature or level of seriousness of the suspected violation; and
 3. The intrusiveness of the search, e.g. a canine search is less intrusive than a locker search; a locker is less intrusive than a "pat down", etc.
- B. "Reasonable suspicion" refers to a flexible concept requiring the application of experience and common sense. Determinations of whether reasonable suspicion to support a search exists shall be made on a case-by-case basis with due consideration of all circumstances. In all cases, "reasonable suspicion" must be supported by articulable facts.

Factors to be considered in making this determination include, but are not limited to, the following:

- The reliability of the information indicating that evidence of a violation may be discovered.
- The existence of reasonable suspicion that such evidence will be discovered;
- The individualization of the suspicion toward the person to be the subject of the search;
- The prevalence or seriousness of the problem to which the search is directed;
- The exigency of the circumstances; and
- In some circumstances, the student's history and record in school.

An "emergency situation" exists if the destruction of evidence or use of contraband is an immediate possibility. In such a case, an administrator must be notified immediately. However, if an emergency situation does not exist, employees should take steps to prevent the possible destruction of evidence or use of contraband while securing approval for a search.

DISCIPLINARY ACTION

If a search reveals grounds for a reasonable belief that a violation of a district policy, school rules or regulations or the law, the student will be subject to disciplinary action as provided by District policy.

POLICE SEARCHES

School officials are obligated to cooperate with law enforcement authorities who are validly carrying out their official duties. In such cases involving a student, the District should make an attempt to notify the student's parent, guardian, or custodian. The principal or principal's designee shall attend the search if conducted on or about the school premises and shall take any disciplinary action necessary as a result of the search.

ADMINISTRATIVE ASSERTIVE DISCIPLINE PLAN (JCD)

The assertive discipline plan, which will govern student behavior, includes the following list of disruptions of the instructional program, together with the consequences which will follow. The student who engages in the type of misbehavior listed under disruptions will be placed on the appropriate step in the discipline ladder of said school, with the consequences clearly listed.

All disruptions/discipline problems and consequences shall be applicable to all students during all periods of time they are under and subject to the jurisdiction of the Board of Education of this school

district as defined by the laws of the State of Mississippi and/or while they are participating in or going to or from any activity sponsored by this school district and/or while under the supervision and direction of any teacher, principal, or other authority of this school district.

- A. Incentive is provided for the student to improve his/her behavior through provisions of a probationary period that allows a student to remove himself/herself from the Discipline Ladder by improved conduct.
- B. A parent/guardian conference with an administrator is required before a student can return to school after a suspension. (Steps 1-5)
- C. A student may enter the Discipline Ladder at any step, depending upon the nature of the offense.
- D. Failure to complete the punishment as designated will result in escalation to the next step in the ladder.
- E. Return to the office during the probationary period prescribed in the Discipline Step will result in escalation to the next step.
- F. Loss of all privileges means that during the time stated the student cannot participate in assemblies or any school function designated as an extra activity, including athletic events, dances, plays, extracurricular programs, field trips, school-sponsored activities, etc.
- G. A student may be suspended from riding to and from school on the school bus as a result of misbehavior on the bus.
- H. In all disciplinary matters, a student will be accorded due process under district policy JCAA governing student rights.
- I. All disciplinary actions are subject to administrative options as to placement on the disciplinary ladder in keeping with the severity of the student misbehavior.

In grades 7-12, the student must complete both semesters for a full-year (two-semester) course with a yearly passing average of **60** or higher in order to receive any credit for that course, subject to the following guidelines which indicate progress in the course(s) as shown by the second semester grade. The following guidelines are ones to which students must adhere:

1. If a student fails one semester but passes the other with a high enough grade to result in a yearly average of **60** or higher, he/she can pass the course.
2. If a student fails the one semester and passes the other but without a high enough average to result in a yearly average of **60** or higher, the student must retake the failed semester of the course in summer school or through correspondence.
3. After the student passes the failed semester, both passing semester grades will be averaged to compute the yearly average.
4. A semester of a different course cannot be substituted, whether through the regular program or through summer school or correspondence.
5. A student will not be eligible to receive a yearly average if either semester is failed due to excessive absences which are subject to administrative review.
6. No student may receive a score higher than 100 on his/her report card. Grades in accelerated and AP classes are weighted, and these calculated grades are taken into account for class rank purposes only.
7. A student who signs up for a course but does not complete a class in its entirety will receive a fifty (50) and will be noted as Incomplete.
8. Only one unit in correspondence work is allowed under state law.
9. Grades below 50 will be recorded as a 50 for **each nine-week's grading period**.

Transfer students who enroll in the Newton Municipal School District for less than twenty (20) school days must arrange for credit through their previous schools.

A student may not take a correspondence course for a class not first attempted during the regular school year. This would not apply to a class not offered in the district.

SUMMER SCHOOL

Courses offered in summer school will be determined by the student demand for each course. Students may enroll in summer school for only one unit. Dates, time, and cost will be determined at the end of each school year.

ACADEMIC CREDIT

1. A student withdrawing from school prior to the last day of the grading period will not receive a final grade but will receive grades in progress for that nine-week period.
2. Examinations will not be administered prior to the regularly scheduled time.
3. Nine-weeks examinations account for 1/4 (25%) of a student's nine-week grade.
4. In order for students to receive nine-week, semester, or yearly grades, all course or grade level requirements must be met.
5. Parents should be aware of dates when report cards will be issued. Parents should expect students to have their report cards on dates as noted in the school calendar.
6. Parents **may** pick up report cards from appropriate school(s) as scheduled on the school calendar.

REPORT CARDS(IHA)

Report cards will be issued following the end of each nine-week grading period. Grades will be awarded on the basis of student performance.

The Newton Municipal School District will accept transfer students and award credit for grades earned during the school year if the student is enrolled in the Newton Municipal School District for at least twenty (20) school days. Grades in progress will be averaged with grades received while in attendance in the Newton Municipal School District.

When course work is not completed due to absences, an incomplete grade will be recorded on the report card. Upon return to school, a student will have ten (10) school days to make up missed work. Work not completed within the specified time may be recorded as an "F".

Under extenuating circumstances, the time may be extended.

A student withdrawing from school prior to the last day of the grading period will not receive a final grade but will receive grades in progress for that term. (See "Withdrawals.")

Examinations will not be administered prior to the regularly scheduled time.

In order for students to receive nine-week term, semester, or yearly grades, all course or grade level requirements must be met.

IEP checklists will be used to record the progress of Special Education students.

Parents are required to pick up report cards from their children's schools for the first nine weeks' term. (See School Calendar.)

GRADING SCALE

90 - 100	A	Superior Work
80 - 89	B	Excellent Work
70 - 79	C	Average Work
60 - 69	D	Below Average work
0 - 59	F	Failing Work

Grades will be categorized as daily grades (25%), quizzes/projects (25%), and tests/special projects (50%).

HONORS

To recognize student achievement, two (2) honor groups will be named at the conclusion of each nine-week grading period. Students achieving either honor roll status will receive an invitation to an awards ceremony each nine-weeks

- **PRINCIPAL'S LIST** - To qualify for term, semester or yearly Principal's List, a student must have an "A" (90) or above average in each nine weeks and in all subjects.
- **HONOR ROLL** - To qualify for term, semester or yearly Honor Roll, a student must have a "B" (80) or above average in each nine weeks and in all subjects.

STUDENT PROGRESS REPORTS

At the midpoint of each nine-week grading period, progress reports will be given to each student. Progress reports are to be taken home by the student, signed by the parent/guardian, and returned to the teacher. If a parent/teacher conference is deemed necessary, the parent may arrange a conference by contacting the Counselor's Office.

HOMEWORK

The Board of Trustees recognizes the value of purposeful, well-planned, and properly motivated home assignments that are

- appropriate to the grade level, the age, and the abilities of the student;
- designed to stimulate initiative and independence or to reinforce and enrich classroom instruction;
- in complete accord with the goals established for the development of the school curriculum;
- carefully planned so that home assignments are not so lengthy as to be self-defeating nor so complicated as to require assistance or resource materials not available to the student; and
- an extension of classwork that has already been introduced.

As in the assignment of in-school work, homework assignments must be left to the sound professional judgment of the teacher, who will be expected to interpret the needs and assess the abilities and interests of each student.

All teachers in the Newton Municipal School District will be expected to follow the guidelines listed below in regard to their handling of homework assignments.

TIME ELEMENT OF HOMEWORK

The time necessary to complete a homework assignment should vary from first grade to twelfth grade. The maximum length of time which the school should expect an average student to devote to homework that is to be completed overnight is as follows: Grade K, maximum 20 minutes of practice; Grades 1-2, maximum 30-45 minutes of practice; Grades 3-6, maximum 45-60 minutes of practice; Grade 7-9, maximum 90 minutes all subjects combined; Grades 10-12, maximum 120 minutes all subjects combined. Times may vary.

AN OVERVIEW OF HOMEWORK/FAILURE TO COMPLETE ASSIGNMENTS

A student's failure to complete assigned homework may result in the student's being required to make up the homework assignment either before or after school, at the discretion of the teacher and/or building administrator. A student required to make up homework he/she failed to do or failed to complete must be informed at least one day in advance. The teacher and/or the building administrator shall have the authority to set the time for make-up work and the length of time required for the student to attend a make-up work session.

TEACHER SUPPORT TEAMS

Newton Municipal School District has developed standardized procedures for assisting students who perform significantly below grade level. Each school has a Teacher Support Team (TST) whose purpose is to assess student needs and design academic and/or behavioral interventions that address those

needs. Parents are included as active participants in the Multi-Tiered Systems of Support (MTSS) process.

Designated school personnel shall review the instructional program for any enrolled student who has (a) had repeated failures, (b) been suspended for more than 10 days during a school year, (c) been expelled, or (d) dropped out of school and has an apparent disability condition or is failing at least 2 subjects. Based on this review, appropriate referrals to the Teacher Support Team will be taken.

Parents, guardians, teachers, and administrators may make student referrals to the Teacher Support Team by contacting the school Principal.

In order to ensure appropriate consideration of any child who may be in need of academic or behavioral interventions, Newton Municipal School District personnel may conduct the following observations/screenings/assessments without obtaining parental permission when a student is not being successful in the regular education program:

- Hearing and/or vision screening
- Dyslexia screening
- Behavioral observations/checklists

DISASTER AND EMERGENCY PLAN

The safety of each child is a primary concern of the Newton Municipal School District. Our school district has spent considerable time and effort planning and practicing safety and security measures appropriate for dealing with major critical incidents. Every school has a school safety plan, which is part of the district’s comprehensive crisis management plan. Teachers, staff, and students participate in

appropriate training covering a variety of potential crises. The school district employs School Resource Officers who are assigned to the middle and high schools and who are available to assist at the elementary schools. The school district works closely with city and county law enforcement, the Emergency Management Agency, and other public safety departments.

We ask our families for support and assistance with our safety plan. At the beginning of the school year, review the student handbook with your children. Make sure they know the expectations the school has for their academic and social behavior. Talk to your children about the things they like at school, as well as the things that may cause them some concern. Talk to school personnel about these concerns so that they may be addressed. During the year you may hear your children discussing various drills that may occur on campus. We regularly participate in fire and weather drills, as well as lockdown and evacuation drills. It is important that you provide the school with up-to-date phone numbers and addresses, as well as vital medical information. In the event a crisis should occur at school, please be aware of the following procedures:

- Information is posted on district website (<http://www.nmsd.us>), ActiveParent, SchoolStatus, and social media platforms.
- Information is distributed through the district's automated communication system.
- It is important that you trust and work with your school and emergency personnel in the event of a crisis so that these individuals can accurately implement the procedures that they have trained on throughout the year.
- Please do not call the school. We will need to keep communication lines open for emergency responders.
- Please do not come to the school unless instructed to do so by the media. It is important to keep roadways clear for emergency responders.
- If the school is in a lockdown, students will stay on campus in secure areas. Teachers and school personnel have received extensive training in lockdown procedures. No one will be allowed to enter during lockdown.
- If the school must be evacuated, students will be evacuated to an alternate location, which will be released to you through media resources.
- No student will be released until everyone is accounted for and the superintendent's office authorizes the release.
- No student will be released until the authorized parent or legal guardian signs him or her out.

FIRE AND TORNADO DRILLS

Fire and emergency drills are required. Emergency and fire procedures for leaving the building will be posted in each room. Students should move orderly and quickly to provide for the safety of the entire group. Do not run or talk when leaving the building.

The signal to move to shelter for a tornado drill will be one long bell.

The signal to evacuate the building will be three short bells. The signal to return to your room will be one long bell.

INCLEMENT WEATHER

Newton Municipal School District is dedicated to providing students with the opportunity to attend school unless we are unable to meet due to inclement weather. The decision to cancel classes or delay start of school will be made by the superintendent. Once the decision has been made on how to proceed, information will be provided to local media outlets, posted on the district website (<http://www.nmsd.us>), in ActiveParent, and social media platforms, and sent through the district's

automated communication system. Days missed due to inclement weather may be made up at a later date.

If school is in session when the decision to cancel classes is made, students will be secured in the school until it is safe to release busses and cars.

STUDENT HEALTH

School health services will provide basic first-aid services. First-aid is immediate assistance provided by the best-qualified person at hand at the time of occurrence. The obligation of the personnel during the occurrence/emergency will continue until the student has been placed in the care of parent/guardian or more qualified medical personnel.

Parents/guardians must provide the school with needed emergency numbers and other pertinent information such as asthma, food allergies, diabetes, etc. In extreme emergencies, medical assistance will be sought through EMS/911, whether or not the parents/guardians can be contacted.

Parents/guardians will be responsible for any cost related to this action. All student health information will be kept confidential and only shared with school staff on a “need to know” basis.

FIRST AID (JGFG)

The school attempts to provide an environment in which the child will be safe from accidents. If a minor accident occurs, first aid will be administered.

No care beyond first aid, defined as the immediate, temporary care given in case of accidents or sudden illness, will be given.

Home telephone numbers, business telephone numbers, and emergency telephone numbers must be furnished to the school.

Trained faculty and the school nurse are available at each school.

INFECTION CONTROL

The most common method of transmitting disease is from germs on our hands. Proper hand washing is the single most important factor in preventing the spread of infections and disease. To stay healthy and prevent spread of disease and infection, students should wash their hands often with soap and water or an alcohol-based hand sanitizer, especially after coughing, sneezing, going to the bathroom, and prior to eating.

The Centers for Disease Control states we should also cover our nose and mouth with a tissue when we cough or sneeze and throw the tissue in the trash OR cough into your elbow. Avoid touching your eyes, nose or mouth (germs spread that way). Any intentional exchange of body fluids will result in disciplinary action.

BLOOD & BODY FLUID PRECAUTIONS (JGCC)

Routine and standard procedures will be used to clean up after a child has an accident or injury at school. Blood or other body fluids emanating from any student will be treated cautiously.

Gloves will be worn when cleaning up blood spills. These “spills” will be disinfected with 1part bleach to 10 parts water, and persons coming in contact with them will wash their hands afterward. The bleach solution must be mixed daily to retain the disinfectant properties. The full-strength original Clorox bottle must be labeled with the date it is opened and it must be discarded after 3 months. Blood-soaked items will be placed in leak proof bags for washing or further disposition. The same procedures shall be followed in dealing with vomitus, fecal matter, urinary incontinence, and other body fluids.

Materials such as gloves, bleach, and leak proof bags will be readily available. Staff who may have contact with body fluids will be knowledgeable about what to do if “spills” occur. Hand washing after contact with a child is routinely recommended and mandatory if physical contact has been made with the child’s blood or body fluids, including saliva.

ILLNESS

Students should miss as few days as possible, but for their health as well as the health of others, they **SHOULD NOT** attend school if they have any of the following: fever 100° or greater

- chills
- severe sore throat, earache or headache
- contagious rash
- nausea with vomiting
- pink eye
- diarrhea
- persistent cough

Students should be free of symptoms for 24 hours without medication before returning to school. Any draining wound or sore must be covered with a bandage so that it does not seep through.

PERSONAL HYGIENE

Personal hygiene is a very important part of a person’s well-being and a habit that should be taught and implemented very early in life. Because the students come in very close contact with one another as well as teachers and staff, **EVERYONE** is expected to practice good personal hygiene at all times. This includes a daily routine of bathing, clean clothes, hair care, and teeth care. However, NO perfumes, body sprays or aerosols should be sprayed or applied at school.

IMMUNIZATIONS & VACCINATIONS (JBC/JGCC)

It is unlawful for any child to attend school without first being vaccinated with at least one dose of diphtheria, whooping cough, tetanus, red measles, rubella, and polio vaccine and completing the entire series within ninety (90) days. Every student in kindergarten through grade 12 must present a certificate of immunization compliance from his/her doctor or from the health department. This certificate of compliance must be presented in order to attend school, even though all shot records are current on school records.

In order to secure this certificate of compliance, it will be necessary for the student to go to the Newton County Health Department or the office of his/her family physician, taking with him/her all official shot records. Before a child can register, the **CERTIFICATE OF COMPLIANCE** must be presented. The validation of this certificate will become a permanent part of the student’s records and will be valid through grade 12.

REMEMBER: No student may register or attend school until the school has received this certificate of compliance. If the doctor signs the certificate indicating that other doses are necessary, the student will be given ninety (90) days to complete the required immunizations; if they are not completed at the end of ninety (90) days, the child, by law, must be suspended until compliance is achieved (suspension will begin immediately after the 90-day period).

NOTE: The principal may require a written note from the student’s family doctor or public health department for a student returning to school after having a communicable or infectious disease.

DISEASE	EXCLUSION FROM SCHOOL
Chicken Pox	7 days after eruption appears or until vesicle becomes dry
German Measles	4 days after onset of rash
Red Measles	7 to 10 days after onset of rash

Mumps	9 days after glands swell
Hepatitis	Clearance by Physician
Mononucleosis	Clearance by Physician
Conjunctivitis (Pink Eye)	Until under proper treatment
Impetigo	Until under proper treatment
Pediculosis (Lice)	Until under proper treatment
Scabies	Until under proper treatment

ASTHMA MEDICATIONS (JGCDA) (MAY 2018)

The safety and well-being of students is of utmost importance to the district's school board, administration, personnel and staff.

REQUIRED AUTHORIZATION

This school board shall permit the self-administration of medications by a student if the student's parent or guardian:

- A. Provides written authorization for self-administration to the school; **and**
- B. Provides a written statement from the student's health care practitioner that the student has asthma and has been instructed in self-administration of asthma medications. The statement shall also contain the following information:
 - The name and purpose of the medications;
 - The prescribed dosage;
 - The time or times the medications are to be regularly administered and under what additional special circumstances the medications are to be administered; and
 - The length of time for which the medications are prescribed.

RECORD KEEPING

The statements required as listed above shall be kept in on file in the office of the school nurse or school administrator.

INDEMNIFICATION

This school district shall inform the parent or legal guardian of the student that the school and its employees and agents shall incur no liability because of any injury sustained by the student from the self-administration of asthma medications. The parent or guardian of the student shall sign a statement acknowledging that the school shall incur no liability and the parent or guardian shall indemnify and hold harmless the school and its employees against any claims relating to the self-administration of asthma medications.

YEARLY RENEWAL

The permission for self-administration of medications shall be effective for the school year in which it is granted and shall be renewed each following school year upon fulfilling the requirements as stated in this policy.

SUPERVISED USE OF ASTHMA MEDICATIONS

Upon fulfilling the requirements as stated in this policy, a student with asthma may possess and use asthma medications when at school, at a school-sponsored activity, under the supervision of school personnel or before and after normal school activities while on school properties including school-sponsored child-care or after-school programs.

LEGAL REF.: House Bill 1072, 2003 Mississippi Legislative Session

MEDICATION (JGCD)

No student will be allowed to bring medicine to school.

Emergency standby prescription medication provided by parents/guardians will be administered to students with chronic asthma, diabetes, epilepsy, or violent allergy reactions and to students for hyperactivity, provided that all cases are approved by the school nurse before medication can be administered. All medications must be prescribed by a licensed physician. (No medication will be administered for such illnesses as colds, coughs, viruses, etc. If the student is still taking medication for an illness, he/she should remain at home, or the parent may come to the school to give the medication.) The preference of Newton Municipal School District is never to administer a prescription medication to a student, but we understand that at times there are emergencies that justify school personnel's dispensing prescription drugs.

When a doctor prescribes a medication, the parent must arrange with a doctor for the child to receive the medication at times other than during school hours. If the doctor states it is absolutely necessary for the medication to be administered during the hours the child is at school, the parent must adhere to this procedure:

The parent must call the nurse/principal to discuss the situation regarding the medication needs of the child.

The parent must bring the medication to the school in the original prescription bottle, which must be properly labeled as prescribed by law. Only prescription medicine, according to the NMSD medication policy as written above, will be dispensed at school. A child may not bring medicine to school or take medicine home from school even if sent by parent.

The written consent form must be signed by the parent and returned to the school nurse for approval before any medication will be dispensed to the child.

NOTE: Medications must be kept in an area that prevents student access and all dispensing must be done by informed school personnel. It is the responsibility of the student taking medication to keep up with his/her medication time.

In the event of anaphylaxis, an allergic reaction that may be triggered by asthma, an insect bite, a drug allergy, or a food allergy, the Epi-Pen will be used for students enrolled in grades kindergarten through twelve. The procedure should be administered by a school nurse or designated non-professional first-aid provider as approved by school policy.

FIELD TRIP MEDICATION PROCEDURE

If a student is attending a field trip away from school during his or her scheduled medication time, a teacher will be designated to administer the medication.

1. The teacher will notify the school nurse of scheduled field trip one week in advance. Teachers to be administering field trip medication will be in serviced with documentation by the school nurse on appropriate procedure.
2. The parent/school nurse will prepare the dose(s) of medication to be taken on the field trip. Each medication will be labeled with the student's name, name of medication, dosage, time to be given, and route if other than oral. A copy of the student's medication record will be made.
3. The designated teacher will pick up the field trip medication file and medication. It will be the responsibility of the designated teacher to keep the medication on his/her person.

4. The teacher will document the time and initial in the appropriate date after administration on the copy of the student's medication record. Initials are to be identified by their signature on the back of the medication sheet.
5. Health personnel will document "FT" (field trip) on the original medication sheet.
6. Upon return from the field trip, the field trip medication file and any medication not given must be returned by the teacher and checked in with the school nurse or principal to be locked in the medication cabinet.

The field trip medication documentation will be on file with the nurse.

LIABILITY

The school, school nurse or trained school staff shall not be liable for any civil damages to a student injured as a result of emergency treatment provided; including CPR, the use of an automated external defibrillator (AED), administration of auto-injectable epinephrine (epipen) for anaphylactic reactions for known and unknown allergies, administration of asthma medications and the student's self-administrations of prescribed or emergency medications. Such staff shall be immune that provided this treatment in good faith and in the exercise of reasonable care.

TELEPHONE

School telephones are for school business only, and students will not be permitted to use school telephones except in cases of illness or emergency

LOCAL SCHOOL WELLNESS POLICY (JG)

To help combat childhood obesity and improve children's health, the Child Nutrition and WIC Reauthorization Act of 2004 (PL # 108-265) requires each local educational agency that receives funding for U.S. Department of Agriculture (USDA) Child Nutrition Programs to establish a local school wellness policy by the beginning of 2006-2007 school year.

With this new requirement, the U.S. Congress recognizes that schools play a critical role in creating a healthy environment for the prevention of childhood obesity and for combating problems, like Type 2 diabetes, that are associated with poor nutrition and physical inactivity. This law places the responsibility of developing a school wellness policy at the local level, so the individual needs of each school can be addressed most effectively.

The following minimum requirements are established by the federal legislation. Schools may choose to include additional features or to integrate a school wellness policy with other ongoing programs. The legislation requires:

1. Goals for nutrition education, physical activity, and other school-based activities that are designed to promote student wellness in a manner that the local education agency determines is appropriate;
2. Nutrition guidelines selected by the local educational agency for all foods available on each school campus under the local educational agency during the school day with the objectives of promotion student health and reducing childhood obesity;
3. Assurances that guidelines for reimbursable school meals are not less restrictive than the regulations issued by the USDA;
4. Ways of measuring how well the school wellness policy is being implemented, including designation of one or more persons at each school with operational responsibility for ensuring that the school is meeting the policy;

5. Involvement of parents, students, representatives of the school food authority, the school board and school administrators, and the public, in developing the wellness policy.

To assist Mississippi schools in complying with these new requirements, the Mississippi Department of Education (MDE) has identified a three-step approach to developing an effective local school wellness policy, along with sample language for a policy. The Local School Wellness Policy Guide for Development includes all the minimum requirements necessary to comply with the federal law, as well as existing Mississippi statutes and standards. It also offers additional policy options that schools are encouraged to utilize in developing their specific goals. A copy of this plan is available for perusal at each school office. Parents will be notified on the progress of the wellness policy within the Newton Municipal School District throughout the school year.

CHILD NUTRITION

The ultimate goal of the Child Nutrition Program is to provide nutritious meals to all students daily at an economical price. The Newton Municipal School District participates in the National School Lunch/Breakfast Program and, therefore, must meet USDA federal and state requirements. A variety of food choices is offered to meet the meal pattern requirements.

FOOD SERVICE (JGHR)

Breakfasts and lunches are served each day in all Newton Municipal Schools. The Newton Municipal School District Child Nutrition Department participates in the Community Eligibility Provision (CEP) sponsored by USDA. Schools operating CEP do not collect household applications to determine free and reduced-price meal eligibility since all students receive meals at no cost. All students within the district are eligible to receive breakfast and lunch daily.

OUTSIDE FOODS

Foods eaten in the cafeteria but not purchased in the cafeteria should include only meals brought from home. **Fast food, canned or bottled soft drinks, etc., are considered competitive foods and are not allowed.**

State, federal, and local competitive guidelines include:

- Prohibits the sale or delivery on campus of any food including snacks for one (1) hour prior to or during the regular school meal schedule. This includes sales by clubs or organizations on campus.
- With the exception of bottled water and milk products (milk and ice cream), a student may purchase individual components of the meal or extra foods only if a meal tray is being purchased.
- Students who bring lunch from home may purchase bottled water and milk products (milk and ice cream) only

CAFETERIA BEHAVIOR

All students must respect the rights of others in the cafeteria line. Students are to return trays so that the tables will be clear for those students following. Students must sit in assigned areas and behave properly at all times. Pushing, shoving, or “breaking” the lunch line is not permitted. Disrespect for cafeteria workers will not be tolerated. Students who misbehave in the cafeteria are subject to disciplinary action by the administration and/or faculty.

IN THE CAFETERIA

In the cafeteria, students should be courteous and display good behavior at all times. The following rules are to be observed.

1. Bring money or lunch; know your lunch number and assigned table.
2. Form a single line and wait your turn.
3. Speak quietly, and be polite to cafeteria staff.
4. Eat only items you have purchased or brought.
5. Remain in your assigned seat, and keep food and drink on your tray.

LIBRARY

All NMSD Libraries follow policies and guidelines as set forth by the Mississippi Department of Education in the Mississippi School Library Guide and the American Library Association. Each library contains many suitable books for reading and reference work.

The basic policy for checking out books is as follows:

1. Books may be checked out for a period of two weeks.
2. Scholars may check out books based on various factors (needs, grade-level, assignment types, interests)
3. Fees for lost or damaged books must be paid by the borrower who checked out the book before additional books may be checked out.

TEXTBOOKS (ICFA)

Textbooks are provided free of charge for students through taxpayers of the state of Mississippi. The issuance of textbooks to students implies that the student will properly care for the textbooks while assigned to them. No writing or marking of any kind is permitted on textbooks and such misuse of books will result in a book fine for that student. Books that are lost, stolen, damaged beyond use, or

destroyed will be assessed the value of the book at its replacement cost. Payment will be required. No additional books will be issued to the student until the fine is paid. If the student is a senior, the fine must be paid before the student receives his/her diploma. In addition, Mississippi statute allows the district to collect damages to school property through the court system if necessary, for willful and malicious damage to school property.

Each parent/guardian will accept the responsibility for the textbooks and any other books issued to their child during the current school year. If available, a parent can check out a textbook from the office.

Textbooks represent a significant cost to the district as well as taxpayers and we want to be able to provide the most up-to-date materials, but students and parents must help in keeping expenditures down by encouraging students to develop the self-respect and self-discipline that insures students are responsible young adults in addressing their obligations as citizens. The following is a list of fines and damage replacement schedule:

Damage	Fine
Writing/drawing, etc....	\$1.00 per page
Excess wear/damage but usable	10% of cost of book
Cover of book damage	25% of cost of book
Spine damage	25% of cost of book
Water damage	25% of cost of book
Non-returned book, obscene writing/drawing, pages missing, water damage, any other damage that renders book unusable	Cost of book

BULLYING POLICY (JDDA)

The Newton Municipal School District does not condone and will not tolerate bullying or harassing behavior. Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance opportunities or benefits. A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The Newton Municipal School District will make every reasonable effort to ensure that no student or school employee is subjected to bullying or harassing behavior by other school employees or students. Likewise, the District will make every reasonable effort to ensure that no person engages in any act of reprisal or retaliation against a victim, witness or a person with reliable information about an act of bullying or harassing behavior. The District encourages anyone who has witnessed or has reliable information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official and/or visit www.nmsd.us for additional information.

The School Board directs the superintendent or designee to design and implement procedures for reporting, investigating, and addressing bullying and harassing behaviors. The procedures should be appropriately placed in District personnel policy handbooks, school handbooks that include discipline policies and procedures, and any other policy or procedure that deals with student or employee behavior. The discipline policies and procedures must recognize the fundamental right of every student to take "reasonable actions" as may be necessary to defend himself or herself from an attack by another student who has evidenced menacing or threatening behavior through bullying or harassing. Furthermore, the NMSD defines "reasonable action" as promptly reporting the behavior to a teacher, principal, counselor, or other school employee when subjected to bullying or harassing behavior.

STUDENT COMPLAINTS OF BULLYING OR HARASSING BEHAVIOR (JDDA-P)

BULLYING PROCEDURES

Students and employees in the Newton Municipal School District are protected from bullying or harassing behavior by other students or employees. It is the intent of the Board and the administration to maintain an environment free from bullying and harassing behavior. This complaint procedure provides a process for filing, processing and resolving complaints of such conduct. Adherence to these procedures is mandatory. The failure of any person to follow these procedures will constitute a waiver of the right to pursue a complaint at any level, including review by the Board.

I. DEFINITIONS

Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits.

A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior.

Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

II. PROCEDURES FOR PROCESSING A COMPLAINT

Any student, school employee or volunteer who feels he/she has been a victim of bullying or harassing behavior, or has witnessed or who has reliable information that a student, school employee

or volunteer has been subject to bullying or harassing behavior shall report such conduct to a teacher, principal, counselor or other school official. The report shall be made promptly but no later than five (5) calendar days after the alleged act or acts occurred. The school official shall complete a "Bullying/Harassing Behavior" complaint form which shall include the name of the reporting person, the specific nature and date of the misconduct, the names of the victim of the misconduct, the names of any witnesses and any other information that would assist in the investigation of the complaint. The report shall be given promptly to the principal or superintendent who shall institute an immediate investigation. Complaints against the principal shall be made to the superintendent and complaints against the superintendent shall be made to the Board chairman.

The complaint shall be investigated promptly. Parents will be notified of the nature of any complaint involving their student. The District official will arrange such meetings as may be necessary with all concerned parties within five (5) working days after initial receipt of the complaint by the District. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The District official conducting the investigation shall notify the victim and parents as appropriate when the investigation is completed and a decision regarding disciplinary action, as warranted, is determined.

If the victim is not satisfied with the decision of the District official, he/she may submit a written appeal to the superintendent. Such appeal shall be filed within ten (10) working days after receipt of the results of the initial decision. The superintendent will arrange such meetings with the victim and other affected parties as deemed necessary to discuss the appeal. The superintendent shall provide a written decision to the victim's appeal within ten (10) working days.

If the victim is not satisfied with the decision of the superintendent, a written appeal may be filed with the Board. Such appeal shall be filed within ten (10) working days after receipt of the decision of the superintendent. The Board shall, within twenty (20) working days, allow the victim and parents as appropriate to appear before the Board to present reasons for dissatisfaction with the decision of the superintendent. The Board shall provide a written decision within ten (10) working days following the victim's appearance before the Board.

SEXUAL HARASSMENT & VIOLENCE POLICY (JB)

I. GENERAL POLICY

Sexual harassment is a form of discrimination prohibited by Title VII of the Civil Right Act of 1964 and Title IX of the Education Amendments of 1972. Sexual harassment is any unwanted attention of a sexual nature. Sexual violence is a physical act of aggression that includes a sexual act or sexual purpose.

Newton Municipal School District is committed to maintaining a learning environment that is free from sexual harassment and sexual violence, where all employees and students can work and study together comfortably and productively. The school district prohibits any form of sexual harassment or sexual violence.

It shall be a violation of this policy for any student or employee of Newton Municipal School District to harass a student or an employee through conduct or communication of a sexual nature as defined by this policy. It shall be a violation of this policy for any student or employee of Newton Municipal School District to be sexually violent to a student or employee.

The school district will act to investigate all complaints, either formal or informal, verbal or written, of sexual harassment or sexual violence and to discipline any student or employee who sexually harasses or is sexually violent to a student or employee of the School District.

II. DEFINITION OF SEXUAL HARASSMENT AND SEXUAL VIOLENCE

Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, or of obtaining an education; or
2. Submission to or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's employment or education; or
3. The conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's work employment or education, or creating an intimidating, hostile, or offensive employment or education environment.

Examples of prohibited behavior that is sexual in nature and is unsolicited and unwelcome include:

Written Contact—sexually suggestive or obscene letters, notes, invitations, drawings. This also includes electronic messages of a sexual nature.

Verbal Contact—sexually suggestive or obscene comments, threats, jokes (including jokes about racial and gender-specific traits), any sexual propositions, comments about an employee's/student's body or sexual characteristics that are used in a negative or embarrassing way.

Physical Contact—any intentional pat, squeezes, touching, pinching, repeatedly brushing up against another's body, assault, blocking movement, or coercing sexual intercourse.

Visual Contact—suggestive looks, leering, or staring at another's body, gesturing, displaying suggestive objects or pictures, cartoons, posters or magazines.

Sexual Blackmail—sexual behavior to control another employee's work environment is also prohibited—this includes salary, promotions, evaluations and/or better job assignments or grades.

Every effort will be made to eliminate sexual harassment by non-employees including parents, suppliers, and other visitors to Newton Municipal School District.

III. REPORTING PROCEDURES

Any person who believes he or she has been the victim of sexual harassment by a student or an employee of the school district, or any person with knowledge or belief of conduct which may constitute sexual harassment or sexual violence, should report the alleged acts immediately to an appropriate school district official as designated by this policy. The school district encourages the reporting party or complainant to make his or her report in writing.

1. In each school building: The building principal is the person responsible for receiving oral or written reports of sexual harassment or sexual violence at the building level. Upon receipt of a report, the principal must notify the superintendent immediately without screening or investigating the report. A written report will
2. be forwarded simultaneously to the superintendent. If the report is given verbally, the principal shall reduce it to written form within twenty-four (24) and forward it to the superintendent. Failure to forward any sexual harassment or sexual violence report or

complaint as provided herein will result in disciplinary action. If the complaint involves the building principal, the complaint shall be filed directly with the superintendent.

3. District-Wide: The School Board hereby designated the superintendent to receive reports or complaints of sexual harassment and sexual violence from any individual, employee or victim of sexual harassment or sexual violence and also from the building principal as outlined above. If the complaint involves the superintendent, the complaint shall be filed directly with the President of the School Board. The school district shall conspicuously post the name of the superintendent, including a mailing address and telephone number.
4. Submission of a complaint or report of sexual harassment or sexual violence will not affect the individual's future employment, grades, or work assignments.

Use of written complaints is not mandatory. The school district will respect the confidentiality of the complainant and the individual(s) against whom the complaint is filed, as much as possible, consistent with the school district's legal obligations and the necessity to investigate allegations of sexual harassment and sexual violence and take disciplinary action when the conduct has occurred.

IV. INVESTIGATION AND RECOMMENDATION

By authority of the school district, the superintendent, upon receipt of a report or complaint alleging sexual harassment or sexual violence, shall immediately authorize an investigation. This investigation may be conducted by school district officials or by a third party designated by the school district. The investigating party shall provide a written report of the status of the investigation within 10 working days to the superintendent. In determining whether the alleged conduct constitutes sexual harassment or sexual violence, the school district should consider the surrounding circumstance, the nature of the sexual advances, relationships between parties involved, and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes sexual harassment or sexual violence depends on the circumstances. The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigator.

In addition, the school district may take immediate steps at its discretion, to protect the complainant, students, and employees pending the completion of an investigation of alleged sexual harassment or sexual violence.

The superintendent shall make a report to the School Board President upon the completion of the investigation.

V. SCHOOL DISTRICT ACTION

- A. Upon receipt of a recommendation that the complaint is valid, the district will take such action, as appropriate, based on the results of the investigation.
- B. The result of the investigation of each complaint filed under these procedures will be reported in writing to the complainant by the school district. The report will document any disciplinary action taken as a result of the complaint.

VI. REPRISAL

The school district will discipline any individual who retaliates against any person who reports alleged sexual harassment or sexual violence or retaliates against any person who testifies, assists, or participates in an investigation proceeding or hearing relating to a sexual harassment or sexual

violence complaint. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

VII. RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES

These procedures do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the State Department of Human Rights, initiating civil action, or seeking redress under state criminal statutes and or federal law.

VIII. SEXUAL HARASSMENT OR SEXUAL VIOLENCE AS SEXUAL ABUSE

Any school district action taken pursuant to this policy will be consistent with requirements of applicable collective bargaining agreements, state and district policies. The school district will take such disciplinary action it deems necessary and appropriate, including warning, suspension or immediate discharge, or expulsion, in the case of a student, to end sexual harassment and sexual violence and prevent its recurrence.

IX. TRAINING

Training is the key in establishing a prevention plan for sexual harassment. Yearly training sessions for all employees and students concerning rights and legal options will be established. New employee orientation sessions will include training in sexual harassment. Administrators and teachers will be trained in how to keep the school free from sexual harassment and how to handle sexual harassment complaints.

TITLE I

Title I is a federally-funded program. Each school designs its program to meet the needs of their students. For more information, contact the Federal Programs Director at 601-683-2451.

PARENTAL INVOLVEMENT POLICY (LA)

The Newton Municipal School District shall be in full compliance with Title I regulations requiring parental involvement in the school system's planning and implementation of the Title I compensatory education programs which **effect** children enrolled in the Newton Municipal School District.

Such parental involvement shall include, but is not limited to, conferences between parents and teachers and assisting parents in home training and direct work with their children. A public meeting of the parents involved in Title I shall be held annually and shall meet federal regulations affecting parent participation. In addition, the school shall provide proper information to parents concerning their children and shall keep these parents adequately informed of their children's progress, needs, and individual objectives. (See Policy IDD for additional information.)

NOTICE OF TESTING TRANSPARENCY

The Newton Municipal School District receives federal funds for education programs that are part of the Elementary and Secondary Education Act (ESEA), as amended (2015). The law requires that all States adopt challenging academic standards and assessments based on those standards. This includes tests in mathematics, reading/language arts, science, and any other subject chosen by the State.

These academic tests provide important information that help teachers, schools, school districts and states identify students' strengths and weaknesses. The academic tests results are used to further improve instruction to meet the individualize needs of all students.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

Newton Municipal School District Notification of Rights Under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student’s education records that the parent or eligible student believes is inaccurate. Parents or eligible students may ask the school to amend a record that they believe is inaccurate. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Newton Municipal School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.¹

SPECIAL EDUCATION PROGRAMS AND SERVICES (IDDF)

SPECIAL EDUCATION FOR CHILDREN WITH DISABILITIES

A variety of programs in special education may be offered based on identified and approved student needs. Classes are provided for children with disabilities who have been evaluated and determined

eligible for placement in a program. These classes are provided in the Newton Municipal School District under the direction of trained and certified teachers of exceptional children. Services are provided to eligible individuals beginning at age three (3) through age twenty-one (21). Telephone 601-683-3275 for further information. (See Policy IDDH for additional information)

SECTION 504

The NMSD does not discriminate on the basis of disability with regard to admission, access to services, treatment, educational opportunity, or participation in its programs or activities. Section 504 of the Rehabilitation Act of 1973 prohibits discrimination against individuals with disabilities in any program receiving federal financial assistance. The definition of a person with a disability is a person who has a mental or physical impairment that substantially limits one or more major life activities (such as seeing, hearing, speaking, breathing, learning, or working) or has a record of or is regarded as having such impairment.

The District will evaluate, identify, and provide a free appropriate public education to all students who are individuals with disabilities under Section 504. Parent of these students are entitled to procedural safeguards, including individual notice and an impartial hearing.

The District will provide reasonable accommodation to students who are eligible under Section 504, unless doing so would impose an undue hardship on the operation of the program. Additionally, District programs will be readily accessible to individuals with disabilities. The district has a grievance procedure for disability discrimination complaints. For a description of the procedure, contact the Section 504 Coordinator.

SECTION 504 REGULATION

Section 504 of the 1973 Rehabilitation Act and the Title II of the 1990 Americans with Disabilities Act prohibits discrimination based on disabilities for eligible students. Under the terms of these laws, implementing regulations, and the Newton Municipal School District Board of Education policy, the Newton Municipal School District shall make programs and activities accessible for qualified students with disabilities. To ensure equal education opportunities are available to eligible students with disabilities, school personnel will take on-going child-find steps. We take seriously our obligations to ensure equitable educational opportunities are provided to eligible students with disabilities.

To provide Newton Municipal School students with an avenue for review of a grievance. A Section 504 coordinator has been designated as follows:

Cassandra Hardaway
Section 504 Coordinator
203 West First Street Newton, MS 39345
601-683-2451

Section 504/ADA prohibits discrimination against students with a disability in any program receiving federal financial assistance. No discrimination against any student with a disability will knowingly be permitted in any of the programs and activities of the school district. To ensure the District's compliance with Section 504/ADA as it applies to students with disabilities, the following procedures have been adopted:

1. If a student claims that he/she has been subjected to discrimination on the basis of his/her disability, in violation of Section 504/ADA, or if the District has reason to believe that a student has a disability requiring special instruction or related services, a team of people who are knowledgeable of the student's educational needs shall be convened to review and consider all pertinent information related to the suspected disability. This team should be a multi-disciplinary team including, where possible, the student's teachers, parents, principal or

designee, and someone qualified to interpret test scores. Information such as grades, classroom documentation, comprehensive assessment data, and other relevant information should be examined. This meeting shall be convened within ten (10) calendar days after the District receives a written statement describing the specific discriminatory conduct or the date when the District becomes aware of the student's disability requiring special instruction or related services.

2. The team described in Paragraph 1 above shall determine: (i) whether the student is disabled under Section 504k; and (ii) whether the student, because of the disability, requires special instruction or related services. If the student meets both criteria, the team must determine what accommodations are required to allow the student an equal opportunity to participate in school and school-related activities.
3. If the student's parents disagree with the District's conclusion and recommendations, the parents shall be informed of their right to ask for an impartial hearing to decide the matter. Hearing requests shall be made in writing to the Superintendent within ten (10) calendar days of the District's conclusion and recommendations regarding accommodations. The request shall give specific reasons describing the discriminatory actions by the District and why the District's accommodations are not appropriate. The hearing request shall include a list of accommodations requested by the parents and an explanation of why such accommodations are appropriate along with copies of any documents upon which the parents rely for support.
4. An impartial hearing shall be held within ten (10) calendar days of receipt of the written request. The District shall obtain as a hearing officer an individual who is not an employee of the District and who is knowledgeable of Section 504/ADA. The parent and student may take part in the hearing and have an attorney represent them at their own expense. The District also may be represented by counsel.
5. The hearing officer shall conduct the hearing so as to give the parents an opportunity to present evidence supporting their claim that their child has been subjected to discriminatory treatment in violation of Section 504/ADA. The District shall be given the opportunity to present evidence supporting its position with respect to the student. A tape recording of the hearing will be made by the District, and a copy of the tape recording will be provided to the parents.
6. The impartial hearing will be conducted in an informal manner with the hearing officer directing the meeting and presentation of evidence.
7. The hearing officer shall make a decision within ten (10) calendar days after the conclusion of the hearing. The decision shall be given in writing to the District's 504/ADA Coordinator and the parents.
8. Any party aggrieved by the hearing officer's decision may file a civil action in a court of appropriate jurisdiction.
9. The District shall publish its policy of nondiscrimination against persons with disabilities and shall inform parents of their rights under Section 504/ADA, including the right to examine records relevant to their child, the right to an impartial hearing with representation by counsel, and the District's review procedure.
10. These procedural safeguards should be provided to parents any time the District takes action with regard to the identification, evaluation, or educational placement of a student with a disability.
11. The Section 504/ADA Coordinator for the District may be contacted by calling the central office of the Newton Municipal Schools.

CHILD FIND

Child Find is a process required by the Individuals with Disabilities Education Act (IDEA) to identify, locate, and evaluate all children from birth through twenty-one (21) years of age who may have disabilities and may need early intervention or special education services. It is an ongoing process of public awareness activities and evaluations to ensure children with special needs can receive the help they need to succeed as early as possible. (See Appendix III – Child Find)

COUNSELING SERVICES

Guidance services are available to all students. The counselors are ready to give personal, educational, and vocational counseling and guidance whenever it is needed. The scope of the services provided includes orientation, career inventories and interpretation, individual and group counseling, placement and scheduling, college admission information to include financial aid and scholarships, parent consultations, and referrals to outside agencies. Parents are encouraged to call the counselors for information or assistance on any matter concerning their child.

SCHOOL NURSE

Assigned to all schools on a less than full-time basis, offering health information and special health services for students.

CAREER AND TECHNICAL PROGRAMS

Offered through Newton Career Center on the high school campus are programs allowing students to explore careers through technology, to develop occupation skills, and to utilize testing and counseling services.

GIFTED EDUCATION (IDE)

The gifted education program is for intellectually gifted students in grades 2-6. In accordance with Mississippi State Department regulations, identified gifted children receive gifted program services for a minimum of five (5) hours per week. Students who qualify are pulled from their regular classes to participate in the program.

The program is not a privilege or reward, nor is removal from it to be used as a means of discipline. No child who qualifies for services may be denied access to the service at the daily discretion of a teacher. General education teachers are not to withhold students from the program for disciplinary reasons, including failure to do homework/class work. (This does not apply to students in ISS, who are not allowed to attend any classes.) Likewise, gifted education teachers are not to return students to the general education classroom for disciplinary reasons. Students may not be required to make-up class work missed when they are scheduled to be in the gifted classroom. Gifted students shall be held accountable for demonstrating mastery of concepts and information on regularly scheduled tests. Tests in the general program of instruction should not be scheduled during the time that gifted students are scheduled to attend the gifted education class.

Intellectually gifted children can and do exhibit a wide variety of attitudes and interests and quite often do not fit into the anticipated “gifted child” stereotype. They are not always well behaved, do not always do their homework, and are not gifted in all areas. It should be noted that some gifted students will not be high academic achievers and it is not reasonable to expect intellectually gifted students to make all A’s and B’s.

In order to provide appropriate instruction for intellectually gifted children in all settings, gifted education teachers are encouraged to collaborate with general education teachers. Students will be reassessed at the end of the year to ensure that progress is being made in the gifted classroom at the discretion of the gifted teacher and the principal at each school campus. A parent may consent to have child withdrawn from the gifted program. A variety of stakeholders including local businesses and/or community leaders may be called upon to assist the gifted teacher in the curriculum process.

The gifted teacher's plans and yearly gifted evaluation may be viewed during the gifted teacher's planning time at the elementary campus.

Referrals: A student may be referred by a parent, teacher, counselor, administrator, peer, self, or anyone else having reason to believe that the student might be intellectually gifted. Referral packets are available on request at each campus. The person initiating the referral shall sign and date the referral form. For additional information visit <https://www.nmsd.us/departments-services/special-services>.

The **Newton Municipal School District** believes that every student has the right to accurate information concerning the prevention of pregnancy and sexually transmitted infections. The School Board is committed to fostering community partnerships that educate both students and parents about this important topic.

The **Newton Municipal School District** seeks to affirm its commitment to creating healthy and responsible teens in the **Newton Municipal School District** by fully complying with the Mississippi Code of 1972, Annotated, Section 37-13-171, and by:

- Adopting educational programs designed to help students and parents take action to reduce rates of teen births and sexually transmitted infections and integrating such programs into already established classes, and
- Establishing principles, guidelines, and strategies for implementing effective sex education programs, referred to in state law as "Abstinence-Plus" education programs. The district shall utilize an age-appropriate, evidenced based, medically accurate, Abstinence-Plus, curriculum from the list of curricula approved and recommended by the Mississippi
- Department of Education (MDE), including as one choice the curricula of Abstinence-Plus developed by the Mississippi Department of Human Services and the Mississippi Department of Health, if such curricula are on the MDE's approved curriculum list.

Abstinence-Plus Sex Education

The **Newton Municipal School Board** adopts a Mississippi Department of Education approved "Abstinence-Plus Education Curriculum" and requires the implementation of such program and curriculum in the **Newton Municipal School District** effective at the beginning of the 2012-2013 school year.

Furthermore, the **Newton Municipal School Board**:

- Prohibits any teaching that abortion can be used to prevent the birth of a baby;
- Requires boys and girls to be separated into different classes when sex-related education is discussed or taught;
- Prohibits instruction and demonstrations on the application and use of condoms; and
- Requires the school nurse employed by the school district to carry out the functions of those strategies to promote consistency in the administration of the program if the district adopts the program developed by the Mississippi Department of Health.

DEFINITION

Abstinence-Plus education is a grade and age appropriate school curriculum that includes every component of the following, plus any other programmatic or instructional components approved by the MDE:

- the social, psychological, and health gains to be realized by abstaining from sexual activity, and the likely negative psychological and physical effects of not abstaining;
- the harmful consequences to the child, the child's parents and society that bearing children out of wedlock is likely to produce, including the health, educational, financial and other difficulties the child and his or her parents are likely to face, as well as the inappropriateness of the social and economic burden placed on others;
- that unwanted sexual advances are irresponsible and teaches how to reject sexual advances and how alcohol and drug use increases vulnerability to sexual advances;
- that abstinence from sexual activity before marriage, and fidelity within marriage, is the only certain way to avoid out-of-wedlock pregnancy, sexually-transmitted diseases and related health problems;
- the current state law related to sexual conduct, including forcible rape, statutory rape, paternity establishment, child support and homosexual activity; and
- that a mutually faithful, monogamous relationship in the context of marriage is the only appropriate setting for sexual intercourse.
- any other age and grade appropriate material such as contraceptives (excluding instruction and demonstrations on the application and use of condoms), the nature, cause and effects of sexually transmitted diseases, including HIV/AIDS, along with a factual presentation of the risks and failure rates.

PARENT'S RIGHTS

Each school providing instruction or any other presentation on human sexuality in the classroom, assembly or other official setting shall be required to provide no less than one (1) week's written notice thereof to the parents of children in such programs of instruction. The written notice must inform the parents of their right to request the inclusion of their child for such instruction or presentation. The notice must also inform the parents of the right, and the appropriate process, to review the curriculum and all materials to be used in the lesson or presentation. Upon the request of any parent, the school shall excuse the parent's child from such instruction or presentation, without detriment to the student.

PROCEDURES

The superintendent, or his/her designee, shall establish procedures to support this policy. The Superintendent will provide the **Newton Municipal School District** with an annual report on the outcomes of the Abstinence-Plus education program. If funding is available, this report shall include quantitative as well as qualitative analysis of the program and shall include the perspective of students, teachers, and parents/guardians.

REVIEW OF POLICY

The above policy will be reviewed on an on-going basis in accordance with the Board's policy review process. This policy shall comply with all applicable provisions of the Mississippi Code of 1972, Annotated, including but not limited to code sections 37-13-171, 37-13-173, 37-13-175, as amended and with all other applicable federal and state laws.

AHERA COMPLIANCE NOTIFICATION

In accordance with Asbestos Hazard Emergency Response Act (AHERA) regulations, school districts are required to perform several activities with regard to Asbestos in schools. These activities include an initial asbestos inspection and the development of a Management Plan. The Management Plan addresses how identified asbestos-containing materials will be handled (abated or managed in place).

As a part of the Management Plan, schools are also required to provide notification to all parents, teachers, and employees of our ongoing management of ACM's.

To provide continuing management of asbestos in our schools, all asbestos-containing materials (ACM) are inspected every six months. A copy of this surveillance report, along with a copy of the Management Plan, and all supplementary information is located in the principal's office of each school. In addition, a copy of all Management Plans for all district schools is maintained in the NMSD office located at 205 School Street, Newton, MS 39345. These documents are available for review at either of these locations.

ACCEPTABLE USE OF NMSD COMPUTER, NETWORK RESOURCES AND INTERNET (IJB)

INTERNET ACCESS

Newton Municipal School District (NMSD) provides the privilege of Internet access to district faculty, staff, students, and occasionally guests. Each user, as well as a minor's parent or guardian, voluntarily agrees to release, hold harmless, defend, and indemnify, Newton Municipal School District, its officers, board members, employees, and agents, for and against all claims, actions, charges, losses or damages which arise out of the user's use of the NMSD network, but not limited to negligence, personal injury, wrongful death, property loss or damage, delays, non-deliveries, miss-deliveries of data, or service interruptions. NMSD will fully cooperate with local, state, or federal officials in any investigation related to illegal activities conducted through the user's Internet account.

Access will be restricted as required to comply with the Children's Internet Protection Act. Web browsing may be monitored and records retained to ensure compliance.

Users are expected to respect the web filter and shall not attempt to circumvent the filter when browsing the Internet. The determination of whether material is appropriate or inappropriate is based solely on the content of the material and the intended use of the material, not on whether a website has been blocked or not. If a user believes a site is unnecessarily blocked, the user should submit a technology work order to review the site. Each user acknowledges that the information available from other websites may not be accurate. Use of any of the information obtained via the Internet is at the user's own risk. Newton Municipal School District makes no warranty of any kind, either expressed or implied, regarding the quality, accuracy or validity of the data on the Internet.

NMSD NETWORK RULES

- The person to whom a NMSD network account is issued is responsible at all times for its proper use.
- Any inappropriate use may result in the cancellation of the privilege of use, and/or disciplinary action. Consequences for any user who fails to comply with NMSD and school guidelines may include paying for damages, denial of access to technology, detention, suspension, expulsion or other remedies applicable under the school disciplinary policy, and state or federal law.
- Any district employee who uses the NMSD network inappropriately is subject to disciplinary action, including dismissal.

- Under no conditions should a NMSD network user give their password information to another user nor allow another user to utilize their account unless speaking directly to a technology department employee who is assisting them.
- Students are granted appropriate accounts, upon enrollment, and ending after graduation or upon separation from the district. Those students who withdraw from Newton Municipal School District will also be removed from any network systems at that time.
- Schools may supplement any provisions of the District AUP (Acceptable Use Policy), and may require additional parent releases and approvals, but in no case will such documents replace the District AUP.
- Users will immediately report to District authorities any attempt by other network users to engage in inappropriate conversations or personal contact.
- Any non-standard software that is needed to perform a specific job function will need to be brought to the attention of the Technology Department. Those applications shall be the sole responsibility of that office and if the application interferes with any required programs, applications, and utilities, it should not be used and if in use, it may be disabled.

ACCEPTABLE USES OF TECHNOLOGY (NOT ALL INCLUSIVE)

A responsible user of the technology will:

- Use school technologies for school-related activities.
- Follow the same guidelines for respectful, responsible behavior online that they are expected to follow offline.
- Treat school resources carefully and alert staff if there is any problem with their operation.
- Encourage positive, constructive discussion if allowed to use communicative or collaborative technologies.
- Alert a teacher, administrator, or other staff member if they see threatening, inappropriate, or harmful content (images, messages, and posts) online.
- Use District technologies at appropriate times, in approved places, for educational pursuits.

This is not intended to be an exhaustive list. Users should use their own good judgment when using NMSD technology.

UNACCEPTABLE USES OF THE TECHNOLOGY (NOT ALL INCLUSIVE)

A responsible user of the technology will not:

- Violating any state and/or federal law (i.e., copyright laws).

- Student information shall be posted only with written parent/guardian permission.
- Forwarding personal communication without the author's prior consent.
- Using the Internet for commercial purposes, financial gain, personal business, producing advertisement, business service endorsement, or religious or political lobbying is prohibited.
- Destroying or altering the files of another user.

- Viewing or taking the files of another user.

Use of Outside Email Clients & Stipulations for Using District Email Client as District Representative (Students, Teachers, Administrators, Managers, etc.)

Use of “Internet mail” by students, staff, and faculty such as Yahoo mail, Gmail, and POP3 accounts provided by their “home” Internet service providers is allowed at this time.

The District does not block use of Internet mail accounts, but any “OFFICIAL” communications, e.g., Teacher to Parent, Teacher to Student, Staff to Staff, must be via the district's e-mail system. This includes, but is not limited to, teachers who guide extracurricular activities such as clubs, choirs, bands, athletics, and the like.

FILTERING

An Internet filter is in place for Newton Municipal School District. This filter is a critical component of the NMSD network as well as Children’s Internet Protection Act (CIPA) compliant since it allows valuable online Internet access while restricting access to specific unwanted material in the following categories:

- | | |
|------------------------|-------------------------------|
| • Pornography | • Hate Speech |
| • Gambling | • Criminal Skills |
| • Illegal Drugs | • Alternative Journals |
| • Online Merchandising | • Other Undesirable Materials |

This filter is updated on a continual basis in order to restrict access to the above items. Filtering is not a 100% foolproof way of limiting access to appropriate sites. Inappropriate sites are added to the Internet daily. Students will be supervised at all times by a teacher while using the Internet. All inappropriate hits are logged along with the date/time and the IP address of the workstation making the request.

Attempts to bypass the school Internet filters is in violation of this acceptable use policy and will be subject to disciplinary action that may include denial of access to technology, detention, suspension, expulsion, termination of employment or other remedies applicable under the school disciplinary policy, and state or federal law.

District-owned devices are also filtered while offsite. Attempts to bypass or circumvent this filtering are prohibited and logged.

WORKSTATION MONITORING

All data transferred and/or transmitted over the NMSD network can be monitored and recorded at any time. All data transferred or transmitted over the network can be tracked and identified, and originating users can be held liable if their use of the network violates any established policy, regulation, or law. Any data stored on district-owned equipment may be archived and preserved by the District for an indefinite period. Such data includes, but is not limited to email, text documents, digital photographs, music, and other digital or electronic files. If a particular workstation continues to try to connect to an inappropriate site, that workstation will be remotely monitored, and the individual using that workstation will be reported to the Principal of the school and the NMSD Central Office. **The NMSD Technology Department may randomly select machines or users to audit for compliance with NMSD policies.**

The Acceptable Use Policy applies to both district-owned technology equipment utilizing the

Thus, the AUP also applies to privately owned devices accessing the NMSD network, the NMSD Internet connection, and/or private networks/Internet connections while on school property or participating in school functions or events off campus. COMPUTER NETWORK AND INTERNET USE RULES

Students and school personnel are responsible for good behavior on the school computer networks just as they are in a classroom or in a school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply. Within reason, freedom of speech and access to information will be honored.

In compliance with CIPA 2008 updates, all students (K-12) will be educated about appropriate online behavior, including interacting with other individuals on social networking websites, in chat rooms and in cyberbullying awareness and response. When using the Internet, all students will be closely monitored to prevent students from accidentally or otherwise accessing inappropriate material.

Computer access is a privilege, not a right, and is provided for students and staff to conduct research, fulfill course requirements, and communicate with others when appropriate or authorized. Access to network services is given to students and staff who agree to act in a considerate and responsible manner. Signed parental permission is required for all students. All faculty and staff using the district's Internet access must sign a written contract.

Network administrators may review network storage files and communications to maintain system integrity and ensure that users are using the system responsibly. While user files will not be examined

without good cause, users should not expect that files stored on school computers will always be private. Newton Municipal School District will fully cooperate with local, state or federal officials in any investigation related to illegal activities.

EMAIL

Employee and student NMSD email is the property of NMSD. NMSD does not archive employee or student email. It is the responsibility of the employee and student to maintain this email account appropriately.

Email is not guaranteed to be private and may be monitored for appropriate use. Personal information, including but not limited to financial account information, social security number, or logon information should not be transmitted via email.

Users will be trained on identifying EMAIL threats. Threat simulations may be used to routinely train users.

NMSD staff from any department—including Technology, Business Office, Personnel, or other Administrators--will NEVER request your password, social security number, or other personal details via email or by asking you to click a link.

NETWORK SECURITY – CIPA COMPLIANCE

Users have the responsibility to use computer and network resources for academic purposes only. Therefore, as mandated by CIPA, filtering and monitoring will be utilized on all computers accessing the Internet.

Activities using the computer network in violation of Local, State, Federal or Newton Municipal School District policies are strictly forbidden.

Students will not respond to unsolicited online contacts or reveal personal identifiable information over the network unless it meets District-approval (examples: ACT Registration, Scholarships or College Applications). This includes information about themselves as well as information about anyone else.

Newton Municipal School District staff is prohibited from disclosing personal information about students on websites. Although teachers and other district personnel may reveal personal information about themselves over the network, they are strictly forbidden to disseminate any student information electronically to any source that has not met district approval. Information that is considered personal includes but is not limited to the following: student's full name, home address, Social Security number, personal telephone numbers, and any information relating to their health.

Because there are additional prohibitions with which users must comply, non-compliance with these regulations will result in disciplinary and/or legal actions taken by the Newton Municipal School District authorities if deemed necessary.

There is absolutely no expectation of privacy on the Newton Municipal School District network. Activities at any workstation or transmission and receipt of data can be monitored at any time both electronically or by staff members. This includes the transmission and receipt of email, email attachments, Web browsing and any other use of the network.

CONSEQUENCES OF POLICY NON-COMPLIANCE

Violation of this AUP (Acceptable Use Policy) may result in the denial, suspension or cancellation of the users' privileges as well as other disciplinary and/or legal action deemed appropriate and imposed by the school administration, district administration and/or local, state or federal law enforcement officials. Other action not specified above may include but are not limited to monetary restitution, school suspension or expulsion, detention or any other action deemed appropriate by the administrative authorities.

In grades K-12, students in computer-based classes may be removed from the course for the duration of the semester or school year if found by administration to be intentionally in violation of the Acceptable Use Policy. Reinstatement procedures will be individually addressed.

Any disciplinary action that is a result of an alleged violation of this policy can be appealed through the normal channels provided by the disciplinary policy of the Newton Municipal School District.

Signatures on Acceptable Use Computer Network Policy Contracts are legally binding and indicate the parties who have signed have read the terms and conditions carefully and understand their significance.

TERMS AND CONDITIONS FOR USE OF THE NEWTON MUNICIPAL SCHOOL DISTRICT NETWORK.

All users of Newton Municipal School District's network and Internet access are required to adhere to the district's Internet Acceptable Use Policy (AUP). The policy describes in detail the purpose of the district's network and the rules governing its use.

All users and the parents of all student users are required by the Newton Municipal School District AUP to sign a contract stating that they will abide by the policy while using the district's computer network resources.

All users, including faculty and staff, must be aware that misuse of the network facilities could result in disciplinary action by the Newton Municipal School District officials including termination of employment or legal action by local, state and/or federal law enforcement officials.

It is, therefore, incumbent upon all who sign the Internet Use Contract to carefully read the district AUP and understand what is expected and the penalty for non-compliance. **All users of the Newton Municipal School District's network services are responsible for adhering to the Newton Municipal School District's Internet Acceptable Use Policy.**

Introduction

It is the policy of Newton Municipal School District (NMSD) to: (a) prevent user access over its computer network to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) prevent unauthorized access and other unlawful online activity; (c) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; and (d) comply with the Children's Internet Protection Act [Pub. L. No. 106-554 and 47 USC 254(h)].

Definitions

Key terms are as defined in the Children's Internet Protection Act.

Access to Inappropriate Material

To the extent practical, technology protection measures (or "Internet filters") shall be used to block or filter Internet, or other forms of electronic communications, access to inappropriate information.

Specifically, as required by the Children's Internet Protection Act, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors.

Subject to staff supervision, technology protection measures may be disabled for adults or, in the case of minors, minimized only for bona fide research or other lawful purposes.

Inappropriate Network Usage

To the extent practical, steps shall be taken to promote the safety and security of users of the NMSD online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications.

Specifically, as required by the Children's Internet Protection Act, prevention of inappropriate network usage includes: (a) unauthorized access, including so-called 'hacking,' and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors.

Education, Supervision and Monitoring

It shall be the responsibility of all members of the NMSD staff to educate, supervise and monitor appropriate usage of the online computer network and access to the Internet in accordance with this policy, the Children's Internet Protection Act, the Neighborhood Children's Internet Protection Act, and the Protecting Children in the 21st Century Act.

Adoption

This Internet Safety Policy was adopted by the Board of the Newton Municipal School District at a public meeting, following normal public notice, on June 11, 2012.

Online Etiquette

Users should always use the Internet, network resources, and online sites in a courteous and respectful manner.

Users should recognize that among the valuable content online there is also unverified, incorrect, or inappropriate content. Users should only use known or trusted sources when conducting research via the Internet.

Users should remember not to post anything online that they would not want students, parents, teachers, or future colleges or employers to see. Once something is online, it cannot be completely retracted and can sometimes be shared and spread in ways the user never intended.

PLAGIARISM

Users should not plagiarize (or use as their own, without citing the original creator) content, including words or images, from the Internet. Users should not take credit for things they did not create themselves, or misrepresent themselves as an author or creator of something found online.

Information obtained via the Internet should be appropriately cited, giving credit to the original author.

PERSONAL SAFETY

Users should never share personal information, including phone number, address, social security number, birthday, or financial information, over the Internet without adult permission. Users should recognize that communicating over the Internet brings anonymity and associated risks and should carefully safeguard the personal information of themselves and others. Users should never agree to meet in person someone they meet online without parental permission.

If users see a message, comment, image, or anything else online that makes them concerned for their personal safety or the safety of someone else, they should immediately bring it to the attention of an adult (teacher or administrator if at school, parent if using the device at home).

CYBER BULLYING

Cyber bullying including, but not limited to, harassing, flaming, denigrating, impersonating, outing, tricking, excluding, and cyber stalking will not be tolerated. Users should not send emails or post comments with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted individual and create for the targeted individual a hostile school environment. Engaging in these behaviors or in any online activities intended to harm (physically or emotionally) another person, will result in disciplinary action. In some cases, cyber bullying can be a crime. Users should remember that online activities might be monitored.

All students will be educated about appropriate online behavior, including interacting with other persons on social networking websites and in chat rooms, and cyber bullying awareness and response.

SOCIAL MEDIA

The District has a policy that addresses Social Media, which applies to all employees and students. By signing the Acceptable Use Policy, users are acknowledging they have read and agree to abide by the Social Media guidelines.

Users shall not create any social media page or group related to any school, sports team, or club without the expressed consent of the District. Those granted this right must add the district Communications and Information Director to their page with a minimum of "Editor" permissions. Those who create these pages without consent may face disciplinary action.

LIMITATION OF LIABILITY

NMSD will not be responsible for damage or harm to persons, files, data, or hardware.

While NMSD employs filtering and other safety and security mechanisms and attempts to ensure their proper function, it makes no guarantees as to their effectiveness.

NMSD will not be responsible or liable for, financially or otherwise, unauthorized transactions conducted over the NMSD network.

Violations of this policy may have disciplinary consequences, including:

- Suspension of network, technology, or computer privileges;
- Notification of parents;
- Detention or suspension from school and school-related activities;
- Employment disciplinary action up to and including termination of employment;

STUDENT CONDUCT ON VIRTUAL MEETINGS

Newton Municipal School District recognizes that distance learning methods may have to be instituted or other virtual meetings may have to take place at different times during the school year. During these periods of virtual interaction, students and staff shall abide by the guidelines set forth in this and other relevant board policy. Access to virtual meetings must be used in a responsible, safe, ethical, and legal manner. Failure to adhere to board policy shall result in disciplinary action.

For the purpose of this policy, a virtual meeting is defined as any live interaction among two or more individuals for conducting the business of the district or school, including teaching and learning activities. Such activities include, but are not limited to, the following:

- Meetings
- Conferences
- Group Collaborations
- Live Class Instruction

VIRTUAL PLATFORM USAGE

Staff members shall only use board-approved methods of conducting virtual meetings. Available platforms will need to be screened for security and approved ahead of time before any staff member may use a platform to conduct virtual meetings involving school business. A staff member shall seek approval from the Superintendent before using any method of virtual meeting that has not been board approved.

All board policies and procedures shall be followed at all times during virtual meetings.

Virtual meetings are intended for teachers to deliver instruction to the students. The teacher and the students are the only people who should talk/ask questions at this time. Parents should not engage with students or the teacher during WebEx class meetings.

No person shall enter, or attempt to enter, a virtual session fraudulently using the name or likeness of another student, faculty, or staff member.

As expected of any class interaction, participants in a virtual meeting are expected to treat each other with courtesy and respect. Abuse in the form of intimidation, harassment, or threatening behavior directed towards any teacher, student, or administrative staff will not be tolerated.

Students should treat virtual meetings as if they were going to school.

- Students are expected to follow the district dress code.
- Students should use school-appropriate language that demonstrates respect for everyone.
- Appropriate participation from the students at all times during virtual meetings is expected.
- Students should not eat or drink during virtual meetings.
- Students must follow all instructions/rules established by the teacher, including processes for utilizing the features of the virtual platform.
- Students should set up an appropriate study space to log in for virtual meetings.
- Students should never log in to a virtual meeting from a bedroom or other private place.

- Students should set up in a space with no distractions. Places where the TV, radio, or video game system can be seen or heard should be avoided during WebEx class meetings.
- Students should set up so that their backs are against a solid surface like a wall, so that no one can walk behind them and be seen on the camera.
- It is the responsibility of the parent/guardian to ensure an appropriate learning environment.
- Parents are asked to monitor the noise and language that can be heard during virtual meetings to help ensure an appropriate learning environment.
- Other family members should be discouraged from being near the student during a virtual meeting.

NMSD Board Policy JCAE

NMSD DISTRICT-PROVIDED LAPTOP, TABLET, OR OTHER COMPUTING DEVICE POLICY - STUDENTS

As part of the District's efforts to provide the tools and resources students need to be successful in today's digital age, the District makes access to computing devices (iPads, computers, laptops, etc.) available to all students as necessary for instruction.

PK – 5TH GRADE

Students in pre-kindergarten through fifth grade will be issued devices at school. A record will be kept that details what specific device is used by each student. In the event that a device is damaged (i.e., cracked screen, broken keyboard, etc.), the parent/guardian of the student assigned to that device will be responsible for repair/replacement costs. If a student repeatedly damages any NMSD computing device, disciplinary action may be taken.

6TH GRADE – 12TH GRADE

As part of the District's efforts to provide the tools and resources students need to be successful in today's digital age, students in grades 6-12 will be issued district-provided computing devices. The details set forth below are intended to apply to these students and these devices.

TERMS OF AGREEMENT

All users of district-provided laptops, tablets, or other personal computing devices will comply at all times with Newton Municipal School District (NMSD) Technology policies. Any failure to comply may result in termination of user rights of possession effective immediately, and the District may repossess the device. Any lost, stolen, or damaged devices must be reported to school authorities immediately.

The user's right to use and possession of the device terminates no later than the last day of enrollment, unless terminated earlier by NMSD or upon withdrawal from NMSD. Students who leave the district during the school year must return all devices and additional accessories to the school administrator.

TITLE

The District has legal title to the property at all times. The user's right of possession and use is limited to and conditioned upon full and complete compliance with this policies and all other District policies and procedures.

EQUIPMENT

When a device is issued to a student, an equipment check-out form listing all equipment will be completed. Students will be responsible for all equipment on the form.

LOSS, THEFT, OR FULL DAMAGE

The loss, theft, or damage of a device should be reported to a district or school administrator immediately. If a device is lost or damaged as a result of irresponsible behavior, the parent/guardian may be responsible in accordance with board policy.

If a device is stolen, the parent/guardian should immediately notify the school administration. At that time, the user or the parent/guardian will be required to file a police report. If the stolen device is not reported within three calendar days to a district or school administrator, the parent/guardian may be responsible in accordance with board policy.

Once a police report has been filed, the District, in conjunction with the local law enforcement agency, may deploy locating software to aid authorities in recovering the device. The District may disable the device remotely to protect the device and/or data on the device.

REPOSSESSION

If the user does not fully comply with all terms of this policy and any other related NMSD policy, the District shall be entitled to declare the user in default and come to the user's place of residence, or other location of the property, to take possession of the device.

UNLAWFUL APPROPRIATION

Failure to return the device in a timely manner and the continued use of it for non-school purposes without the District's consent may be considered unlawful appropriation of the District's property.

DAILY EXPECTATION

Students in grades 6-12 are expected to have their devices with them at school daily. Students who leave their devices at home may face disciplinary actions. Students who habitually leave their devices at home may lose privileges of being able to take the device home.

HANDLING AND CARE

- Always keep the device in the district-issued or approved sleeve and case.
- Keep the device and case/sleeve free of any writing, drawing, stickers, or labels that are not applied by NMSD.
- Use the device on a flat, stable surface.
- Do not place books on the device.
- Do not have food or drinks around the device.
- Wipe surfaces with a clean, dry soft cloth.
- Avoid touching the screen with pens or pencils.
- Do not leave the device exposed to direct sunlight or near any heat or moisture sources for extended periods of time.
- Do not leave the device in a vehicle for extended periods of time or overnight.
- Do not leave the device in visible sight when left in a vehicle.

POWER MANAGEMENT

- It is the user's responsibility to recharge the device's battery so that it is fully charged by the start of each school day.
- Devices with no battery life must be charged in the classroom. The student may be required to forfeit use of the device for the entire time it takes to charge it.
- All class work missed because of uncharged batteries must be made up on a student's own time.

MONITORING AND SUPERVISION

- Students are responsible for the safety and security of the device and any activity on the device.
- Any attempt to "jailbreak" or remove the NMSD profile may result in disciplinary action, including suspension.
- Do not leave the device unattended in an unlocked classroom or unattended during an extracurricular activity.
- Do not lend the device to a classmate, friend, or family member. If any person damages the device, it will be the user's (parent/guardian in the case of a student) responsibility in accordance with board policy.

USER DATA

All users are responsible for keeping backups of important data. If a device must be repaired, there may be a need to reset it to the original settings. The NMSD Technology Department will not be responsible for any user data that might be lost as a part of this process. Users shall save all data to their OneDrive storage.

HELP AND SUPPORT

Faculty and staff will be the only individuals to submit NMSD technology work orders or call the NMSD Technology Help Desk. Students will seek assistance from their classroom teacher as a first level of support. If the student needs additional assistance, he/she will visit the designated technology support area at school. An authorized individual will contact the NMSD Technology Department for additional assistance as needed. Students may be issued a temporary device while theirs is repaired.

USE OF PERSONAL LAPTOPS AND TABLETS

In grades where students are issued a laptop or tablet by the district, students will not be allowed to use their personal laptops or tablets in place of a district device. The goal of the 1:1 initiative is to provide every student with the same device. If a parent refuses a device for home use, the student will be required to check out a device at school for use each day in class. The District is not able to provide

support or install software on personal devices; therefore, the use of personal devices is not a viable alternative to a district-provided device.

ALTERNATIVE SCHOOL

In the case of a student being assigned to an alternative school, the student device will be returned to the school. Upon the student's return to their regular schedule, the device will be reissued to that student.

FLORAL DELIVERIES/GIFTS/ETC

If floral arrangements, balloons, or other gifts are delivered to the school, all items will be kept in the office until the end of the day, when students will be called to pick up gifts. Any gifts brought in by students for other students will be sent to the office until the end of the day. NMSD is not responsible for lost or damaged gift items. Parents of students who ride the bus must pick up students who receive balloons/flowers/gifts or pick up the balloons/flowers/gifts as these cannot be transported home by bus. **No Valentine Day Deliveries.**

OFFICE WORKERS

Because of the need for additional help, some students are asked to assist in the office during the school year. In order for a student to help in the office, the student must have good attendance, be courteous, and maintain a "B" average.

A student may be dismissed as an office worker upon being referred to the administration for discipline. Also, any unauthorized admit slip, excuse, or other office document removed by an office worker will result in immediate dismissal as an office worker and referral to OSS.

ACTIVITY SCHEDULE

On designated school days the school will operate an activity period schedule. The activity period will be used for club, class, and homeroom meetings and for assemblies. Announcement of meetings will be made in advance.

ATHLETICS/ACTIVITIES

All students participating in athletics will be required to have on file written parent consent, proof of insurance, liability waiver, and medical screening by a licensed physician.

ELIGIBILITY

Eligibility for competitive activities is determined according to the rules of the Mississippi High School Activities Association. Students must meet all requirements established by the MHSAA. Among the requirements are the following:

1. To meet all residency verification requirements as established by the MHSAA.
2. To acquire credits in major courses during the year prior to participation in accordance with MHSAA requirements.
3. To be under 19 years of age prior to September 1.
4. To be limited to 6 consecutive years of competitive athletics from the time the student enters the seventh grade.

To be eligible for athletics and activities, beginning with the freshman class of 2005-2006, student must pass five credits toward graduation with one year of six credits. The 5 1/2 units will be averaged

as a whole, and the overall average must be 70 or higher in order to maintain eligibility. This will be done on a yearly basis.

A student athlete may become eligible only once during his/her high school career if he/she fails the last semester of the previous year, by passing 5 1/2 units with a 70 average the first semester of the following year. This will be done in order to keep the student on track for graduation.

For a student to be eligible for any extracurricular activity for the first semester, he/she must pass the previous grade level with at least a 2.0 grade point average (GPA) (70 or higher) in any four courses. Additionally, a student must submit to the school a current health certificate for the year of extracurricular participation. First-year athletes must present their coach with a certified copy of their birth certificate. To be eligible for participation in any extracurricular activity during the second semester, a student must possess at least a 2.0 GPA (70 or higher) in 4 courses at the end of the first semester.

Age Limits: A 7th grader must not have reached 14 years of age prior to August 1 of the current school year, and an 8th grader must not have reached 15 years of age prior to August 1 of the current school year.

When required, students participating in extra and co-curricular activities must have on file at the school written parent/guardian consent and liability waiver forms.

INSURANCE (EGB)

All students participating in athletics or enrolled in construction technology and chemistry are required to have proof of insurance. Failure to provide proof of insurance or failure to sign the waiver form will require the removal of the student from the program or activity. The school district, by law, cannot assume any responsibility for costs in connection with student accident or injury. Parents are encouraged to have or purchase student insurance. Students should not be allowed to participate in school-sponsored activities where there is a responsible risk of injury or death without a parent or guardian providing a signed statement certifying that health/accident coverage exists on such a student.

ACTIVITIES/SPORTS ABSENCES

The Mississippi Department of Education Commission on School Accreditation mandates that a school district may not allow a student to miss more than twenty (20) class periods for school related activities in courses for which grades and/or units of credit are issued during the school year, and students may not have more than five (5) absences in the same class period for school related activities in courses for which grades and/or units of credit are issued during the school year. In compliance with this standard, the Newton Municipal School District will not grant permission for any student to participate in any school related activity which would require an absence that would exceed five (5) per class and/or twenty (20) total class periods during the school year.

When required, students participating in extra and co-curricular activities must have on file at the school written parent consent and liability waiver forms. In order to participate in any extra or co-curricular activity, the student must attend school for at least four class periods on the day of the scheduled activity.

In determining eligibility for tryouts and participation in student activities requiring at least minimum grade averages for semesters and terms, grades will be weighted in accordance with the formula explained under "Class Rankings."

No student in the Newton Municipal School District shall be retained at any grade level for the purpose of extending eligibility for participating in athletics or any other school activity.

REGULATIONS REGARDING SCHOOL-SPONSORED TRIPS

In cases where students are provided bus transportation for an activity, they will ride the bus to and from the activity unless their parent or guardian has made other written arrangements with the sponsor of the activity.

FUNDRAISING (JK)

An organization must receive prior approval from the principal, the school board, and the superintendent before beginning any fund-raising project. No student representing groups outside the school will be permitted to conduct fund raising activities in the school. Students possessing candy or other items at school for sale other than for school-sponsored and approved activities, will be subject to placement on the discipline ladder.

A system of merits/demerits will be used to determine discipline and reward. Five demerits will result in dismissal from the Beta Club. Once inducted, merits will be given based upon attendance of meetings and involvement in service projects. The number of merits awarded will be based on the predetermined number of merits based on the individual projects and meetings. These merits will be used to determine those who may run for office and participate in club-sponsored activities.

Officers and representatives will be elected at the beginning of each school year. Only those students who receive 10 or more merits will be eligible to run for office the following year.

GRADUATION CEREMONY

To be eligible for participation in the Newton High School graduation ceremony, seniors may have no more than 10 unexcused days absent during a ½ Carnegie unit course and no more than 20 unexcused days absent during a 1 Carnegie unit course. Students must be in attendance 63 percent of the instructional school day in order to be counted present. Prior to the graduation ceremony, students who exceed these limits will be notified by the attendance committee and be offered the opportunity to request an attendance hearing. Also, seniors must clear all records and pay all fees before they shall be allowed to participate in commencement exercises.

CREDIT RECOVERY

The goal of the credit recovery program is to prevent students from dropping out of high school. The following guidelines have been established.

1. No student may enroll in a credit recovery course that requires earning a passing score on a subject area test for graduation eligibility until the student has passed the subject area test.
2. Counselors and administrators shall identify students appropriate for participation in a credit recovery program offered at Newton High School. Students must obtain both principal and parental consent to enroll in credit recovery.
3. The content and curriculum of each credit recovery course will be aligned to the curriculum guidelines of the respective Mississippi course as approved by the Mississippi Department of Education.
4. The method of instruction will be determined by the principal based on available resources and can include the use of a teacher delivery system or an online computer-based program. All testing

will occur in the presence of designated school personnel. Training for teachers and facilitators involved in the credit recovery program will be provided.

5. The student will be assigned a Mississippi-certified teacher and/or a facilitator to monitor student progress and offer instructional support as needed. Training for teachers and facilitators involved in the credit recovery program will be provided.
6. There is no fee for credit recovery that occurs during the school day, during the standard school year. At the principal's discretion, credit recovery courses may be completed outside of regular school hours or during the summer. A fee for these courses may be required.
7. Course work must be completed within one semester. Seniors must successfully complete spring semester courses and receive a grade by the second Wednesday in May in order to participate in graduation exercises.
8. Upon mastery of the objectives, the student shall receive credit for the course, and the minimum passing grade as listed in the student handbook will be recorded on the student's permanent record and calculated in his/her cumulative grade point average. All final grades earned for a course will be recorded on the student's permanent record, with grades earned during a credit recovery course appropriately identified as such.

SCHEDULE CHANGES

All schedule changes will be made during the first 2 weeks of a semester and require the principal's approval. Proper forms must be filled out and approved. Schedules will only be changed for graduation purposes and those students repeating a course. Students and parents are encouraged to take pre-registration during the spring semester very seriously. At this time classes for the following year will be requested.

DROPPING A COURSE

All requests for dropping a course or changing a schedule must be submitted to and approved by the principal.

EARLY RELEASE/SENIOR LEAVE

Graduating seniors must meet the following MDE guidelines to be granted early release:

- For early release, students must have met MS IHL and Community College readiness benchmarks (ACT sub scores of a 17 in English and 19 in Math) or earned a Silver level on ACT Work Keys.
- If the student does not meet above criteria they may alternately meet ALL of the following: 2.5 GPA, passed MAAP assessment requirements for graduation, on track to meet diploma requirements, and enroll in the Essentials for College Math and/or Essentials for College Literacy courses.
- If the senior meets the above MDE criteria, he/she may have one leave period each day.

EARLY GRADUATION (IFG)

Early graduation involves the completion of all high school academic requirements in less than a traditional four-year program. Any high school student who will complete the number of Carnegie units and other existing standards required by both the state and the district prior to completing eight (8) semesters of high school work

may petition to graduate early. The student must submit the early graduation request to the principal at least one (1) semester in advance of the beginning of the school year in which the student wishes to graduate.

CLASS RANKINGS GRADES 9-12 (IHEA)

Class rankings for candidates for graduation will be determined by averaging the final grades in Carnegie unit-bearing courses (including any Carnegie units earned in middle school) attempted through the end of the Third Nine Weeks of the senior year. Rank will be computed to the hundredth of a percent except when necessary to break a tie, in which case thousandths of a percent will be used. Averages will be obtained by adding numerical grades using the scale approved in Policy IHA Grading System.

When transcripts of transfer students show grades without numerical or letter grades equivalent to that used in the district, such grades will not be counted in ascertaining class rank. If the grade on a transcript is a letter grade with no numeric correspondent, the following scale shall be used:

A+=100	B+=89	C+=79	D+=69	F=59
A=95	B=85	C=75	D=65	
A-=90	B-=80	C-=70	D-=60	

Class rankings are to be utilized when naming the Valedictorian and Salutatorian. To be eligible for Valedictorian and Salutatorian, students must be enrolled in Newton High School for four years.

VALEDICTORIAN AND SALUTATORIAN CRITERIA

1. Must be enrolled at Newton High School for his or her entire senior year.
2. Valedictorian – senior with highest ranking
3. Salutatorian – senior with second highest ranking
4. Valedictorian and Salutatorian will be announced ten (10) business days after the end of the third nine-week period of the senior year

Highest Honors/Honors

Seniors having an overall numerical GPA of 3.0 or higher from credited classes through the end of the Third Nine Weeks grading period of the senior year shall be considered as highest honors or honors.

Students with a GPA of a 3.5 or higher, without rounding, are to be considered highest honor graduates.

Students with a GPA of a 3.0 — 3.49, without rounding, are to be considered honor graduates.

Grade Point Average/Reporting

Newton Municipal School District uses two scales for reporting grades. The numerical grading scale is described in Board Policy IHA. All adjustments made to a student's numerical grade as a result of participation in Advanced Placement and accelerated courses are reflected on the report card. Teachers of the advanced courses include the calculation in the grade that is entered into the computer system. Valedictorian and Salutatorian decisions are made based on the numeric scale.

GPA will determine class rank. The GPA for each student is a numerical average computed by using each term grade for all Carnegie credit classes from the time a student enters middle school through the 3rd Nine Weeks of their senior year. The average is not rounded up and is expressed to at least the fourth decimal (if needed). This is the only form of GPA that will be given to students.

Weight is used in calculating the numerical average. Weight will be awarded to a class only if the student earns a passing grade. Honors weight is calculated by multiplying the term grade by 1.05 and AP weight is calculated by multiplying the term grade by 1.1. These numbers are only used for GPA calculation and class rank.

The Quality Point Average (QPA) is calculated on a weighted scale. Grades for AP, honors, accelerated and special classes used in the calculation are weighted using the guidelines mentioned above and the scale shown below.

GPA 4-Point Scale	Accelerated/Honors	Dual Credit/AP Classes
4.0 = 90 - 100	4.2 = 90 - 100	4.4 = 90 - 100
3.0 = 89 - 80	3.1 = 89 - 80	3.3 = 89 - 80
2.0 = 79 - 70	2.1 = 79 - 70	2.2 = 79 - 70
1.0 = 69 - 60	1.05 = 69 - 60	1.1 = 69 - 60

NOTE: Each college and university recalculates GPA when making determination for scholarships based on the standards set by that institution

DUAL CREDIT PROGRAM (IDAG)

Dual credit courses are offered to qualified juniors and seniors in order to earn high school credit as well as college credit for selected courses taught at NHS.

Note: If a student withdraws or stops attending classes after the final withdrawal date, set by the community college, he/she must pay a reimbursement tuition fee of \$50 to the Newton Municipal School District.

DUAL ENROLLMENT PROGRAM (IDAG)

High school junior and senior students may be granted admission status at ECCC or William Carey in Dual Credit courses while concurrently enrolled in high school if they meet the following admission requirements:

- Have completed a minimum of fourteen (14) core high school units (students who do not have fourteen (14) core high school units but who have a composite score of thirty (30) on the ACT assessment may be considered for enrollment).
- Have a minimum 3.0 cumulative GPA on a 4.0 scale for high school work completed; and
- Have the unconditional recommendation of their high school principal or guidance counselor.

NOTES - William Carey ACT and GPA requirements may be waived at the discretion of the Principal and/or Counselor. If you are attending a different college after graduation, you must request a transcript to be sent from the community college to your college of choice.

GENERAL POLICIES FOR SELECTION OF SUBJECTS

The policies listed below will be followed by students, parents, and counselors in setting up the students' programs:

1. A student can complete the full two-year vocational course beginning in the tenth grade.
2. A maximum of one (1) unit may be earned during one (1) summer session. A student must first attempt the course during the regular school year.
3. A student and his/her parent/guardian are required to meet individually with a guidance counselor/advisor to set up his/her program of studies and sign the Newton Municipal School scheduling form.
4. It is the intent of the Newton Municipal School District that students will be assisted prior to entering the ninth grade in making choices that will best meet the student's needs, interests, and abilities in college preparatory or technical preparatory programs. This will be accomplished through focused counseling by placing a student in the program considered most appropriate for him/her, with parents being given an opportunity to request adjustments in the scheduling.

MISSISSIPPI ACADEMIC ASSESSMENT PROGRAM

Students must successfully complete state and district course requirements to receive a diploma. If a student meets the state scale score on the Mississippi Academic Assessment Program (MAAP) assessment but does not pass the district's 60% mastery level for the coursework, the student will re-enroll in the course for the semester failed or for the entire year. If a student passes the district's 60% mastery level but fails to meet the state's scale score, the student must retake and pass the MAAP assessment. Students are highly encouraged to be at school, participate in class, and study the necessary skills in order to be successful in their participation in the Mississippi Academic Assessment Program.

Remediation will take place at the discretion of the student. However, at the discretion of the principal, remediation classes may be scheduled. *Please refer to your School Guidance Counselor for MAAP assessment passing scores or alternatives.

STATE ASSESSMENT REQUIREMENTS FOR GRADUATION

- Students must pass the MAAP assessments in U. S. History from 1877, English II, Biology I, and Algebra I. This group of students must pass all four (4) MAAP assessments even if they take the course(s) prior to their 9th grade year.
- Students entering a Mississippi public school will not be required to pass any end-of-course (EOC) MAAP assessment in a course for which the school accepts Carnegie units earned by the student in a public school of another state as fulfilling the requirements for a Mississippi high school diploma.
- Students entering a Mississippi public school will not be required to pass any EOC MAAP assessment in a course for which the school accepts Carnegie units earned by the student in a private school as fulfilling the requirements for a Mississippi high school diploma, provided the private school is accredited regionally or by the state of Mississippi.
- Students entered a Mississippi public school will be required to pass any EOC MAAP test in a course for which the school accepts Carnegie units earned by the student through home-schooling or a non-accredited private school as fulfilling the requirements for a Mississippi high school diploma.
- Any Mississippi public school student who fails to pass a required MAAP test will be offered a chance to retake the applicable test based on the number of retest opportunities provided by the Mississippi Department of Education until minimum graduation assessment requirements have been met. Also, other options outlined in State Board of Education Policy 36.4 (such as concordance, composite, etc.) will be evaluated on an individual student basis.

ADDITIONAL ASSESSMENTS OPTIONS FOR MEETING END-OF-COURSE SUBJECT AREA TEST GRADUATION

Specifically, students may meet the graduation requirements outlined in State Board Policy 3803 by attaining any one of the measures below for each of the subject areas listed. In addition, students may meet SATP graduation requirements using the SATP concordance table.

CLUSTERS OF STUDY FOR COURSE SELECTION

A list of specific course offerings is provided to each student at the time of course registration. Teacher-advisors as well as counselors are available to answer questions and assist with course selection. Although every effort is made to give students the courses chosen, at times, scheduling conflicts prevent doing so.

At the beginning of the ninth year, students are to choose a cluster of study based on a career goal and follow the chart provided for selection of courses. The chart presents a detailed plan for all four years of high school. Although students may change clusters if they change career goals, they are encouraged to set a career goal and complete a course of study. Having a career goal based on identified interests is important. Career goals may be broad but should focus on one of the identified career clusters.

East Central Community College offers college credit for some courses at Newton Career Center which have an identified articulation plan. Natural resources, building construction trades, and business computer technology offer this option. Information about procedures to receive credit may be obtained from the vocational counselor at Newton Career Center.

SENIOR GRADE POINT AVERAGE

Senior grade point averages will be calculated from grades that are recorded on the Official Transcript. After a course has been passed, no future grade earned in the same course is to be used to determine class ranking. A student's rank in class will be announced ten (10) business days after third nine-week period of the senior year has ended to determine Valedictorian, Salutatorian, and other academic achievements. In order to determine final class rank, senior exams must be completed within five (5) days of the scheduled exam or the student may be given a zero. All grades are averaged and carried out to the third decimal place (Ex. 86.001)

EXAM EXEMPTIONS

Exemption is a privilege, not a right. As an incentive for good attendance for all students, those students who meet the following requirements may be exempt

- Cumulative yearly average of **90** or above and not more than two unexcused absences/tardies for the semester.
- Cumulative yearly average of **80** or above and not more than one unexcused absence/tardies for the semester.

Any student who has been in OSS/ISS will not be exempt from exams. There are no exam exemptions for CTE programs.

An **unexcused** absence is defined as any absence **not official or excused**. Each exemption will be determined on an individual class basis. Students who are exempt may choose to take their test if

they desire to attempt to improve a grade. Students who have been suspended are not eligible for exemption. To be exempt, a student must not owe any money to the school or a school-related group. All students not exempt will be required to take the semester exam. No nine-week tests will be given early without administrative approval in writing.

AUTOMOBILE USE (JGFF)

All students must park in the designated place areas. Students are to vacate vehicles and parking lots immediately upon arrival at school. Students need to vacate the parking lot by 3:10 unless **participating** in extracurricular activities. **Students are not permitted to go to their vehicle unless accompanied by an administrator.**

Students must have a school parking decal for student parking. Decals require a valid driver's license and proof of insurance.

PARKING PERMITS - Prior to driving a car to school, a student must present a valid driver license, proof of insurance, and parent consent form in order to obtain a parking permit. Parking permits may be obtained from the Main Office for \$10.00. No student will be allowed to park a motor vehicle on campus without a parking permit.

PARKING (PROCEDURE)

Students who provide their own transportation to and from school must observe the same regulations as students who ride a bus. Bringing an automobile to campus is a privilege that may be revoked. Students who bring a vehicle to school must adhere to these regulations:

1. The driver must have a valid driver's license.
2. The driver is required to purchase a parking decal from the school. Failure to purchase a parking decal will allow forfeiting the student's privilege to park and drive on campus.
3. The driver must enroll in the student drug-testing program.
4. The driver must observe all safety rules on campus, including the 15 MPH speed limit in school zones and on campus.

Quick starts and/or speeding will not be tolerated in school zones or school parking areas. Violations of these regulations may result in severe disciplinary action and possible loss of privileges to drive a motor vehicle to school.

CLUBS & ORGANIZATIONS

Every student is encouraged to participate in at least one school club. School clubs will meet at assigned activity periods, breaks, before school in the morning, or after school in the evening, with the club sponsor.

AWARDS PROGRAM/SENIOR RECOGNITION

Highest academic achievement in departments and/or courses will be recognized in an awards program for students in grades 9-12. The comprehensive awards program in all grades recognizes outstanding academic work or other student achievement and includes, but is not limited to, academic awards for classroom excellence. Seniors will be recognized for accomplishments such as scholarships and awards. The class gift is presented to the school and any trophies or awards won for the school are given.

All interested students should investigate the many scholarships that are available through the guidance office.

Projected honor graduates will be announced at the awards program. Honor cords are presented at graduation practice to students officially graduating with honors and highest honors.

Each department selects the most outstanding student in the department to receive an award and/or special recognition. The Newton High School Band Medal is presented annually to the most outstanding senior in band. Other band awards are given. Many students may enter local, state, and national essay contests and are recognized as winners.

Awards are presented to seniors by a number of civic and professional organizations. Vocational medals are awarded in each vocational area.

Numerous scholarships are offered for academic excellence, athletics, and other achievements by civic clubs, community organizations, professional groups, and colleges.
