Persons who know that they will be unable to attend Mass because of long-term illness or disability should contact [Maria Romero](mailto:maria.romero@olgcva.org), 703-896-7419 to arrange for a minister to visit with Holy Communion.

**SEASONED CITIZENS** – Mark your calendars for the first luncheon of the 2022/23 season, “Summer Harvest,” on Thursday, September 15. The doors to De Sales Hall will open at noon. For a very long time, this event has been an ongoing celebration of gratitude and respect for the senior members of Our Lady of Good Counsel. Volunteers plan and prepare the meal, set up the hall, serve and clean up. Occasionally the school children will entertain and Girl Scouts will create seasonal table centerpieces. If you’re a senior new to the parish, or a member and haven’t yet attended the luncheons, please join us next month. There is no charge.

The Book Swap Table will be up and running again. If you plan to bring books (nothing else, please), bring only a few and those should be relatively recent titles. Fewer leftovers make their disposition easier. Thank you! Watch for registration information in the next bulletin!

**HOME REPAIRS FOR THE ELDERLY** — The Home Repair for the Elderly Program provides minor home repairs and/or accessibility modifications to eligible low- and moderate-income elderly and individuals with disabilities for homes in which they are currently residing. These *minor* repairs can often make a *major* difference when it comes to protecting their investment and maintaining their independence. Fairfax County provides a crew to do up to one week’s worth of labor and up to \$1,000 in materials, all completely free of charge to eligible homeowners. For more information about the program and the kinds of improvements included, call 703-246-5179, TTY 711 or visit <https://www.FairfaxCounty.gov> and search for “Home Repair for the Elderly.”

**HELP FOR DISABLED DRIVERS** — There’s a new app that helps drivers with disabilities fill their gas tanks. For adults living with a disability, a simple task like filling your tank at a gas station can be a challenge. An app called fuelService is now available to help. Individuals can use the app to see find a gas station that can assist them, then fuelService tells the station when the individual has arrived, and lets the driver know the wait time for assistance. The fuelService app is free of charge for the user, both to download and use. All costs are paid by fuel companies, and proceeds benefit research into curing paralysis from spinal cord injuries. Visit <http://www.fuelService.org> or download the app from the Apple Store or Google Play.

**DID YOU KNOW?** – Here are some fun facts about aging so you can start learning why aging can be awesome. Believe it or not, there’s more to life for those over 65 than game nights and golf courses. You feel wiser. You know yourself better. And you also become part of a powerful demographic. To celebrate this special time in your life, here are some interesting facts for seniors that may surprise you.

**1 Age doesn’t determine success.** The founder of Kentucky Fried Chicken, Harlan Sanders (aka Col. Sanders) started KFC at the age of 65.

**2 We lose a few bones along the way.** We’re born with 350 bones in our skeleton. Over the course of time and during the aging process, our bones fuse together leaving us with 206 bones as adults.

**3 Seniors hold the most voting power.** When it comes to voting in the United States, those 60 and over cast more ballots than any other age group.

**4 Creativity doesn’t diminish with age.** Laura Ingalls Wilder didn’t publish “Little House in the Big Woods” until 65, and Millard Kaufman didn’t publish his first novel until 90!

**5 Seniors are living longer due to advancements in healthcare and technology.** By 2040, the population of seniors over 85 is expected to triple from 5.7 million to 14.1 million!

**6 ...and growing faster.** According to the U.S. Census, older adults make up the fastest growing age group within the US.

**7 You (mostly) have control over aging.** Studies argue that only 30% of the characteristics associated with aging are controlled by genetics. The remaining 70% is controlled by chosen lifestyle factors.

**8 There’s less stress after 65.** Despite citing other health and money concerns, those 65 and older experience less stress.

**9 Learning can save your brain.** In response to learning, senior citizens can grow new neurons over time which can help fight off dementia.

**10 Sleeping habits alter over time.** Our sleep patterns change as we age: we get tired earlier and wake up earlier.
