OUR GOAL FOR EVERY CHILD

SPRING BRANCH INDEPENDENT SCHOOL DISTRICT

The 4-E EXPERIENCE

EXPOSE Students need opportunities throughout their school experience to learn about different careers and educational opportunities

EXPLORE Students need to actively engage in opportunities to learn more about themselves, their interests, and passions. Then connect what they learn about themselves to planning for their future.

EXPERIENCE In high school, students need a variety of academic and career experiences to increase their understanding and commitment to their future options and plans.

EXECUTE Students need support in their last years of high school to ensure they are prepared to finalize their post-secondary plans. We want all seniors to graduate with clear goals, plans, and next steps.

Career Interest Profiler

START ASSESSMENT

The **Career Interest Profiler** captures your interests to help identify your personality traits and suggests careers based on the U.S. Department of Labor's data.

How it Works

Plan to spend at least 15 minutes on this assessment.

You'll answer 60 questions about your interests.

The **Career Interest Profiler** then maps your results to Holland's 6 personality traits.

Naviance then shows you careers that map to your traits and educational aspirations.

Sample Career Interest Profiler Results:

Be sure to **favorite careers** that interest you to save them for later.
