2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

The culturally and ethnically diverse Littlerock community is located in the high desert of Southern California, within the boundaries of Los Angeles County. Littlerock High School is part of the Antelope Valley Union High School District. The AVUHSD serves the communities of Lancaster, Palmdale, Quartz Hill, Littlerock, Pearblossom, and Lake Los Angeles. The District consists of eight comprehensive high schools, three continuation schools, and one community day school. Littlerock High School, established in 1989, places a strong emphasis on high achievement for students and preparation for productive citizenship and is committed to providing strong instructional programs for all students to ensure excellence in education and preparation for careers.

The Littlerock High School staff believes that through powerful teaching and differentiated instructional strategies, education becomes a lifelong learning process. This process empowers all students to meet challenging standards in personal, academic, vocational, social, technical, and communication areas. The Littlerock High School learning community advocates rigorous and relevant instruction with technology integration in a secure environment that encourages students' development as responsible and capable individuals and productive members of society.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

School facilities are sufficient to meet program needs and are designed within strict State standards for permanent high school construction. Restroom inspections are conducted regularly, facility repair requests are done electronically to expedite the process. School cleanliness and upkeep are of the highest priority and site inspections are conducted on a regular basis. Graffiti is recorded and suppressed immediately.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

2020-21 Career Technical Education Programs

Littlerock High School offers numerous opportunities for our students to prepare for college and careers through Career Technical Education (CTE). The course offerings in the Arts, Media and Entertainment, Agriculture and Natural Resources, Health Sciences, Information Technology, and Transportation industry sectors and the Junior ROTC program allow students to explore, develop and achieve proficiency in a chosen program of study.

The Biomedical Science Academy allows student grade level cohorts to learn content within a small learning community that applies real-world and career skills to their academic and technical coursework. Students interested in careers in the health science/medical area benefit from the knowledge and experiences in this class. They partake in a range of experiences including field trips to industry and higher education institutions.

Littlerock High School also offers a robust agriculture department that allows students to gain technical expertise through real-world experiences in plant growth and water management through crop box and greenhouse facilities. Our students have the opportunity to participate in career technical student organizations (CTSO), HOSA (Health Occupations Students of America), and FFA (Future Farmers of America), where they learn and apply leadership skills and compete in CTE areas to demonstrate knowledge and proficiency.

Our site receives support and works collaboratively with the CTE office to ensure that our programs address the quality indicators for CTE. Our teachers participate in district, state, and national professional development to ensure these courses address current and emerging workforce trends.

2020-21 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	850
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	54.3

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents and community members are encouraged to become involved in the educational programs at Littlerock High School. Staff members and parents participate on various committees that make decisions regarding the priorities and directions of the educational plan to ensure instructional programs are consistent with students' needs and comply with AVUHSD's Strategic Plan Goals.

The primary decision-making body at the school through which parents are formally involved is the School Site Council, a partnership among faculty, administrators, support staff, students, and parents. The School Site Council meets regularly to address programs and components that make up the school, to discuss the effectiveness of the various programs in relation to student achievement, and to act as a liaison between the community and the school.

Parents are encouraged to participate on one or more of the following committees or organizations:

- School Site Council
- Volunteering in or out of the classrooms
- English Learners Advisory Committee
- Back-To-School Night
- 9th Grade Orientation
- Extra-Curricular Events
- School Advisory Committee (SAC)
- Title I Advisory Committee
- Principal's Advisory Committee
- LCAP Community Forums

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions	8.11	0.19	7.95	0.07	3.47	0.20
Expulsions	0.12	0.00	0.24	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Ensuring the safe and secure operation of the school site is a constant priority for site administrators. Emphasis given to effective security operations includes a security staff of seven individuals under the direction of a Director of Security. In addition, a probation officer operates on the campus part-time. The AVUHSD Board of Trustees has adopted strict disciplinary codes that govern the conduct, dress, and posturing of students. These disciplinary codes provide site administrators guidelines to operate safe schools. Board policies also provide guidelines concerning appropriate mannerisms and/or dress-related gang affiliation/activity.

The Safe School Plan includes several components that address personal and social responsibility, conflict resolution, cultural diversity and social skills, site maintenance, disaster preparedness, and school culture and climate. In addition, a series of drills were conducted during the 2021-2022 school year. The current safety plan has been updated and reviewed in September of 2021. A complete copy of the School Safety Plans can be obtained in the Administration Office.

In addition to safety enhancements across the District (see below), Littlerock High School continues to emphasize the importance of connectedness between our staff and students and fostering the social/emotional well-being of students through programs like Capturing Kids' Hearts and the Student Support Center. Additional lockdown drills have been added, and large bags are subject to being searched.

District Statement:

In April and June 2018, the AVUHSD conducted safety reviews of its campuses that resulted in the implementation of enhanced safety measures. These measures vary by school and include enhanced fencing, additional security and counseling personnel, updated surveillance cameras, front entrance modifications, and door locking devices. The District also incorporated additional training with the Lancaster Sheriff's Station and revised student, staff, and visitor identification processes.

For more than 25 years, the AVUHSD has had a dedicated school deputy on campus each day. In addition to this, the District continues to focus on students' social-emotional needs through various programs and counseling outreach, provides safety training to students and staff, and underscores the importance of vigilance through "See Something, Say Something." Our district and site websites have links to confidential student referral forms, where students and parents are able to submit safety concerns for administration to address.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students

2020-21 Types of Services Funded

Categorical funds are an additional support provided to the schools with specific guidelines for their use. The bulk of categorical funds that LHS receives are through the Title I program and Targeted Funding. This additional money goes toward helping our students in the areas of Math and English supports, and extended learning opportunities. This money also provides additional counseling services, instructional aides, instructional coaching, learning center technicians, class sections and tutoring. Other Federal and State funds used to support the instructional program include Title I and Targeted Funds.

Professional Development

Littlerock High School offers a comprehensive Professional Development plan through categorical funding and targeted funds. The continuing focus is on teaching all students, building relational capacity between students and staff, school-wide strategies, grade-level proficiency, educational technology use, personalized learning, and academic rigor. Our annual teacher in-service days provide teachers with researched-based instructional strategies and best practices. In addition, weekly time continues to be allocated for teachers to collaborate regarding lessons and instructional strategies for all students as well as assessment data analysis to modify instruction to ensure all students progress to master the new Common Core State Standards as well as be proficient on the Smarter Balanced assessments.

In addition to site-based professional development, the District provides ongoing professional development for staff. Opportunities are posted via an online registration system.

This table displays the number of school days dedicated to staff development and continuous improvement.

Antelope Valley Union High School District 2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
