Mr. Edward Sobnosky  
Treasurer

Dear Parent(s)/Guardian(s),

The Springfield Local School District is pleased to announce a new partnership with Alta Behavioral Health Care. Alta Behavioral Healthcare can offer school-based consultation services to all students. Meeting with an Alta trained professional is confidential, and it can provide our students advice or insights into feelings or experiences that are confusing or causing stress. If you are interested in allowing your child to access behavioral consultation services if it may be needed throughout the school year, please review and sign the enclosed form and return it to your child's school. The form can also be signed electronically within the One View portal.

Alta may also provide direct, ongoing therapy services to identified students in the school setting with parent permission. An intake meeting would be required. If you are interested in these specific school-based services or if your child previously received school-based services through Youth Intensive Services and would like more information about transitioning to Alta Behavioral Health Care, please contact Laura McBride, Director of Special Services, at [lmcbride@springfieldlocal.us](mailto:lmcbride@springfieldlocal.us) or 330-542-2929 x 203 for more information.

Sincerely,

Springfield Local Administration
